Lily: I agree Luan. It was perfect.

Me: How would you like to join us at our Christmas Party Ghost Writer.

He was taken aback by this offer.

Ghost Writer: You're inviting me to your Christmas party? After what I caused today?

Danny (smiles): You only did that because you were lonely. Besides, you taught me a lesson about Christmas before. If it makes you feel better, I'm sorry that we didn't visit you when we were facing off against my enemies.

Ghost Writer: I did and that's okay Danny. But thanks guys. I'm there.

We cheered. We explained to the guys everything and they were shocked but they accepted it.

Theresa Cook: Nigel, I want to apologize for thinking that you were a bad influence on my daughter. There's still a small part of me that doesn't think highly of you. But if Taranee's happy with you, then I'm happy.

Nigel: It's fine, Mrs. Cook. I'm just sorry that I wasn't there to see Uriah get arrested!

Me: No worries man.

Tom Lair: You better treat my daughter with respect, Martin! Otherwise, I'm coming after you.

Martin: Relax, sir! I won't do anything bad to Irma.

Chen Lin: Eric, if you break Hay Lin's heart, I'll let my mother have her way with you.

Yan Lin: And trust me, I'll make you feel a lot of pain!

Eric: Don't worry. I'm not gonna break Hay Lin's heart.

Me: We have something cool to show you all Mrs. Vandom.

We showed them all our trophies we collected from villains we killed over the course 2 years. It was an awesome collection. We even showed them the golden Saluk statue and all the names carved on a plaque of all the bad guys we killed. We then got ready for the Christmas dinner.

Yondu: I can't to see the Christmas food.

Kraglin: I hope that it's as good as that turkey we had for Thanksgiving.

And it was an awesome turkey. It was a huge turkey big enough to feed 300 people.

Me: WOW! What a bird!

Flint L.: You got that right J.D. We can't thank you enough for saving all of Swallow Falls.

Me: It was no problem Flint. Merry Christmas everyone.

Everyone: Merry Christmas!

Nico: Merry Christmas, May.

May: Merry Christmas Nico bear.

Yumi and Ulrich were walking to the table.

Me: Hey you two. Look what you are under.

They saw that they were under the Mistletoe.

Yumi: Oh well.

They kissed.

Yumi: Merry Christmas Ulrich.

Ulrich: You too Yumi.

Taranee: Merry Christmas big bro.

Peter: You too sis.

Chris: Merry Christmas big sis.

Irma: You too bro.

Lori saw Clyde come in and she caught him under the Mistletoe.

Lori: Clyde you are literally under the mistletoe again.

He saw this and was shaking nervously. Lori kissed him.

Lori: Merry Christmas Clyde.

Clyde was shocked and then he had hearts in his eyes.

Clyde: And to all a good night.

He faints.

FWOMP!

Me: (Chuckles) You made him really happy Lori. Merry Christmas.

Lori: Merry Christmas J.D.

Me: (To the Viewers) Merry Christmas everyone.

The screen had a wreath around the iris as it closed around my face and I winked at the viewers.

# Shop Girl

It was a day like any other in the estate, for Laney it was a perfect time to go out and spend time with her siblings. And in this case, Leni was taking Laney out for a shopping spree.

[In Leni's room. We see Laney and Leni getting ready to go out]

Laney: Thanks again for letting me come with you to the mall today, Leni.

Leni: Totes, Laney. I can't wait to pick out a new scarf for you.

Laney: [wears her beret] What's wrong with my old scarf?

Leni: It needs a new color. Red is so last season. [picks up her purse and looks for something] Hey guys, anyone seen my bus pass?

Lori: [offscreen] Did you check your purse? [Leni checks her purse]

Leni: Thanks, I got it. Did someone take the credit card?

Lola: [offscreen] Check your purse. [Leni looks in her purse again]

Leni: Oh, right. Wait, my shopping list. [Laney rolls her eyes]

Lisa: [offscreen] The purse, woman! [Leni checks her purse one last time]

[Leni and Laney walk downstairs]

Leni: [Walking in] Culottes, jeans, pom-pom sweater.

Lincoln: Going shopping, Leni?

Leni: Not just shopping. Reiningers is having a huge two day, 25% off blowout sale, and I made up a dream shopping list for it.

Laney: Leni's taking me there pick out new clothes for me.

Carol: Have fun guys.

Me: I wish I could go with but we have to be ready in case crime happens.

Laney: True

Leni: Yay, new wardrobes! [They Leave, as their siblings bid them ado.] Shoot, where did I put my purse?

Laney: Seriously?

Leni's Siblings: Check your arms.

[They return to their breakfast. A few hours later, they are in their regular clothes eating lunch.]

Leni: [Offscreen] We're back.

[The siblings look in shock to see that their sisters have been beaten up as they are with their messed up clothes and bruised everywhere]

Lana: Are you okay, guys? Did you wrestle a bear?

Nico: Yeah you look like you both were attacked by a pack of wolves.

Laney: Oh… I wish I was wrestling a bear or it was a pack of wolves! Because that would be less torturous then the massacre at Reiningers! [Grabs Lincoln] There were grabbing and pushing trampling! So much trampling! I tried to get some clothes but they just wanted it more!

Varie: Laney control yourself.

Lynn: Wait, you didn't get any stuff?

Leni: Well, you know how shoppers can be. Sometimes, they can be a little grabby and pushy. And clawy and shovey.

Laney: And tramply! [lies down]

Lola: Ah, wait, did you let a bunch of greedy bargain hunters take your stuff?!

Laney: Pretty much, yeah.

Aylene: Some people are that pushy.

Rachel: Yep. Whenever a bargain sale emerges people get crazy.

Leni: Don't worry Laney. I'll just make new clothes with my old ones. Yay! [goes upstairs]

Lori: [Takes out the remote] Poor Leni. This always happens. She's too nice for her own good.

Me: I know. It's gonna one day be the death of her. Even with her sword.

[Lola takes the remote from Lori and starts channel surfing.]

Laney: [gets up] Not her fault, you guys. Those shoppers back there are totally brutal! It's better just to let them have what they came for and not cross them.

Nico: You don't have to tell me twice Laney. But Black Friday shopping is a nightmare compared to bargain hunters.

Lana: And while we're on the subject, you can be a bit of a pushover too Laney.

Laney: What!?

Lori: It's literally true. You're even nicer then Leni.

Laney: So what, that doesn't make me a pushover.

Lori: Yes it does. Every time you wanted to read on the couch, one of us wants to use it and you just let us.

Laney: So? I was just being nice.

Me: Maybe so but I agree.

Lynn: Just like you were nice when you let someone cut in front of you in line every time you were waiting all those hours for the new John Ruby book to come out?

Laney: Those people were too excited. I can understand. John Ruby is a very popular book. And besides I still got the book… The next day when they restock.

Lola: That proves it, Laney! You're the biggest pushover in this family!

Lisa: Indeed, your submissive nature makes you easy prey. [Lucy takes the remote from Lola.] Much like the baby wildebeest of the serengeti.

Laney: Shut up! I can be as aggressive as any of you! Watch! [Laney takes the remote from Lucy and she hisses at her. She then gives the remote back to Lucy frightened]

Lana: See? You and Leni both need to how to be a little tougher.

Lola: A little meaner. [Gets into a fist fight with Lucy over the remote.]

Lynn: [Joining the fight] More aggressive.

Lola: [To Lucy] I WANT THE REMOTE!

[The other sisters, except Lily and Laney, join the fight.]

Lori: Give me that remote back!

Lincoln: [Who also wasn't in the fight, but manages to grab the remote anyway and use it.] More like us.

Laney: I'm not sure I'm gonna like where this is going…

Susan Vandom: Do you really think it's necessary for Leni to act this way?

Lincoln: She'll need to if she doesn't want to be taken advantage of.

Susan: But in my opinion, her being kind and generous is who she is. The lessons you're giving her might not be a good change for her. Spongebob once told me that Plankton made him assertive so he could be manipulated in one of his evil plans.

[Cuts to Leni sewing something in her room while her siblings come in pushing Laney]

Lincoln: Leni, how would you and Laney like to go back to that sale tomorrow, and get everything you wanted?

Leni: That's okay. I'm fine. [Shows what she's sewing] Look! I turned this nightgown into jeans! [realizes] Oh, wait. Now I don't have a nightgown. [Gets some other jeans] Ooooh, I can make one out of these other jeans! [The siblings shake their heads.]

Laney: Guys, this isn't necessary okay? I can be aggressive! I've been in this family for eight years and I've got around just fine.

Lisa: By not getting into any fights or quarrells and finding good compromises for them.

Luan: Yeah, you guys need to learn to stand up for yourselves. [sits Leni down]

Lana: Yeah, you don't wanna be wilted-beets in the spaghetti!

Lisa: Meh, close enough.

Lori: But don't worry, we're going to teach you how to become more assertive, decisive people!

Leni: Well, okay. If you guys want. I'm just happy when you're happy.

Lincoln: [facepalms; sighs] We have a lot of work to do.

Me: We sure do buddy.

Laney: Guys, for the last time, I am fine!

Lola: Uh, no you're not, Laney. You need to learn to stop letting people push you around! You need to be more aggressive!

Laney: [more aggressive] I am not a PUSHOVER!

Lola: [impressed] Yeah! Like that!

Laney: [sighs; more calm] Fine, I'll do it. But only so I can go back to that sale tomorrow with enough costumes both regular and pig sized.

Lincoln: Pig sized?

Laney: For Squeals. We're planning a little play together.

Luan: Oh, really? Are you guys doing Ham-let? [laughs] Get it?

Me: (Laughs) Good one Luan.

Laney: [groans] Let's just get this over with…

[Later, outside the bathroom.]

(Army music plays)

Lincoln: Tomorrow, you 2 are going back to that mall as a new Leni and a new Laney. And the new Leni, doesn't let people cut ahead of her in line. [Leni nods, and Lincoln calls out to everyone.] Ten, hut.

[The other sisters are lined up along the wall, Luan approaches Leni.]

Luan: Now, you're number one in the bathroom line. Don't let anyone make you number two. [Laughs] Get it?

Varie: (Laughs) That was a good one Luan.

Leni: I don't. But don't worry! No one's gonna cut!

Lori: Alright, Laney. This is your chance to get in that bathroom. You go in there and fight Leni for first in line!

Laney: But she has the bathroom first and I can-

Lori: You can nothing! The new Laney doesn't care who's first in line unless it's her! [pushes Laney] Now go!

Laney: Uh… [acting] Hey! I need that bathroom! I drank a jumbo Flippee and I gotta let it loose!

Leni: Oh, you poor thing! Go right ahead!

Laney: Oh, thank you.

[The other siblings groan.]

Lola: Alright. Step aside and watch a pro do it. Lori, your assistance.

Lori: [clears throat; acting] I'm in a hurry, Lola! Let me cut!

[Lola growls; Lori tries to cut, but Lola starts attacking her.]

Lori: Ow! How are you so freakishly strong?!

Lola: [pinning Lori down] I HOPE YOU LIKE THE TASTE OF FLOOR!

Nico: She is really strong for a 6-year-old girl.

Dexter: No kidding.

Me: Tell me about it guys.

Leni: [taking notes] Tackle, pin, catchphrase. Got it! [Laney looked on in concern]

[Cuts to out in the backyard. The kids, minus Leni, Laney, and Luna, pile some clothes on a table.]

Luna: Second lesson, the new Laney and Leni aren't afraid to go after what they want. [pointing to the table] There's some rockin' threads on that clearance table, but you got major peeps blockin' your way. What are you gonna do, dudes?

Laney: I'll tell you what I'm gonna do! I'm gonna go in there and get what I want!

Leni: Yeah!

[The two march up to the table with serious looks on her faces]

Laney: Hey, you! Get out of our way!

Lynn: [Glares at Laney; aggressively] Why don't you make me?!

Laney: [frightened] Oh! Uh, no thanks. I don't want any trouble… [walks away]

Luna: [groans] Let's see if Lens can do any better.

Leni: [Politely taps Lynn on the shoulder.] So sorry, would you mind moving? [Tries to find an opening] No? I can wait until your ready. [Walks away, as her siblings at the table sigh]

Luna: [Pushes Leni back. And to Lynn.] Yo, LJ, show her how it's done.

Lynn: With pleasure. [Runs off, and returns wearing her football helmet.] Hut, hut. [paints black lines on her face.] Take a hike! [Rampages her siblings like football, spins a sweater over her head to celebrate, and starts doing a victory dance on it, much to Lori's charging.]

Lori: Hey! Bobby gave me that sweater! [Shoots Lynn a dirty look.]

Leni: [Taking notes] Run, block, do a dance. Got it!

Girl Jordan: This is gonna be a rough one for them. I can tell.

Irma: Me too.

[Cuts to the kitchen.]

Lucy: Third lesson, protecting your property. [Hands Leni a phone charger, which Leni takes.] The new Leni doesn't let greedy shoppers steal her stuff.

Lincoln: And the new Laney takes what's hers.

Lana: That phone charger is the only working one in the house. Your goal is to hold onto it, no matter what.

Leni: [Still missing the point of these training sessions, gets up.] Oh, it's okay, [gives Lana the charger] I can use the land line.

Leni's Siblings (Minus Laney): [Annoyed] Leni, no! [put her back in the chair.]

Lana: Put yourself first!

Laney: That's not a good moral!

Lori: [Takes the charger, sighs, and goes to the other side of the kitchen.] I'll show you how it's done. I've been protecting my junk from you guys for seventeen years. [wraps the charger around her under arm.] The key is to use a good, firm armpit grip. [To Laney] Alright, come at me.

Laney: Listen! Enough is enough. All your doing is making us be as selfish and greedy as you guys! And I won't be a part of this anymore! I'm out of here! [she exits the kitchen]

Lori: Typical, Laney. Always chickening out when the going gets tough. [Laney stops mid exit and turns around]

OH SHE DID NOT JUST GO THERE!

Laney: What did you say…

Nico: Uh oh. Lori just pushed her buttons.

Me: Big time.

Lori: I'm saying you've gone soft, you're too nice and kind to ever get what you want.

Laney: [Slowly gets angry] I. Am. Not. A. Pushover!

Lola: Yes you are! You're nothing but a big nice softie.

Laney: [angry] No I'm not!

Lori: Yes you are!

Laney: Stop it!

Lori: But it's true!

Laney: [Angry] NO IT'S NOT!

Lori: Yes it is…

Vince: Here comes trouble.

[Laney growls and began to think back all of her sibling said to her previously]

Lola: You're the biggest pushover in this family…

Lisa: You're submersive nature make you easy prey…

Lori: Always chickening out…

Lola: You're nothing but a big nice softie…

[Laney couldn't take it anymore. She grew so angry she screamed at the top of her lungs and attacked Lori]

Laney: [furious] GIVE ME THAT CHARGER! [She brutally fought Lori for the charger as she protected what's hers.]

Leni: [Taking notes] Armpit tuck, fall on floor, protect vital organs. [Leaves without saying anything else.]

[The fight cloud then stops to see that Laney came out with the charger in her hand and Lori on the floor bruised and tattered. The other siblings applauded at Laney's performance]

Lincoln: Laney that was awesome!

Lana: I knew you had it in ya!

Lola: She gets that from me you know.

Lincoln: So how do you feel, sis?

Laney: I… feel great actually. Like I finally got what I wanted after all. Ha! I feel like I can take on all the shoppers! [Lori weakly got up]

Lori: That's the spirit! Ow. Got it yet, Leni? [The siblings notice that Leni wasn't around] Leni?

Me: Boy Laney did a number on you Lori.

Megan: No kidding. I think she might have broke something.

Me: Lets get you to the couch and have Dr. Lisa look you over.

Lori: Okay.

[The next day, Leni, Laney, and her siblings are waiting in the line at Reiningers.]

Leni: Thank you guys for all of your help. I'm so excited about the new Leni! Just one question: Where did the old Leni go?

[Just then, Miguel shoves in front of Leni and Laney like they're not even there. Her siblings are not happy.]

Luna: Hey dude! Bogus!

Me: You got a death wish buster!?

Laney: Hey! No one takes our spot and lives! [Leni and Laney attack him the same way Lola did to Lori the day before and pin him to the ground.]

Leni: I hope you like the taste of flan! [Turns to her astonished siblings.] Was it 'flan' or 'floor'? I heard flan.

Laney: I'm pretty sure it was 'floor'.

Lola: Doesn't matter. You're queens!

Me: It was floor. Great job guys.

[The guy runs away. Meanwhile, one of the store employees nervously opens the doors, and everyone starts rushing in. Leni and Laney look at each other with determination and rushes in. Leni makes her way to a swimsuit section, but sees a bunch of other woman taking the swimsuits.]

Leni: Hut, Hut. Take a hike!

[Leni shoves the women out of her way to reach the swimsuits. She gets one and starts doing a dance, with Lincoln and Lynn joining in.]

Lynn: Woo! All day long, baby!

Lightning: Lightning agrees baby!

[Meanwhile, Laney searches for costumes at a store and sees two girls going for it. Laney angrily charges at them]

Laney: Move it! [shoves the girls out of the way and and grabs the costumes] Yeah! [She then sees the crowd of angry kids in front of her] Y'all want some of this!? [The kids attack and Laney took on all of them]

Me: Yeah you better run!

[Meanwhile, Leni grabs a sweater of the rack, and some lady tries to steal it from her, but Leni grabs it.]

Leni: [Struggling] Hey! It's mine! Don't even think about it! [Hip checks the lady into a pile of clothes]

Tayuya: Back off (Censored)!

She tackles the girls and throws them off.

[Cuts to a montage of Leni and Laney grabbing clothes before others could get to them and puts them in her bag. The sibings watch Leni dragging two girls for a sweater, who also has a grip on it, but Leni takes it from them. The girls start attacking Leni, but she ends up winning and is twirling the sweater around.]

Leni and Laney's Siblings: Yaaaay!

Me: AWESOME!

[Leni and Laney are now at the check-out line. Her siblings walk over.]

Luna: You guys rocked!

Luan: Yay, Leni!

Lynn: Way to go, Laney!

Me: You guys ripped them apart!

Lana: You crushed it!

Laney: Thanks guys. Hard to believe I could get any of my shopping done without your help.

Me: No sweat guys.

Lynn: Ah, we gotta celebrate. Pretzels and sodas. On Lincoln.

Lincoln: Wait, why me?

Me: And it'll be my treat guys.

Leni: Thanks, Lincoln and J.D. Meet you guys at the food court.

Aylene: Okay.

Rachel: I'll stay with Leni and Laney to make sure things don't go south. But save some for me guys.

Me: Will do Rach.

[We all leave while a guy cuts in front of her, the obnoxious guy who cut in front of her earlier addresses this.]

Obnoxious Guy: I wouldn't do that. [points to Leni and Laney]

[The guy who just cut Leni turns around, sees Leni preparing to bull charge him, and makes a run for it, Leni smiles at this and high fives Laney, while the obnoxious guy just keeps to himself. Cut to the siblings at the food court.]

Luan: Wow. Leni and Laney really malled the competition.

Me: They sure did. They tore the store apart.

Lucy: People are going to think twice before crossing them.

Aylene: You know it Lucy.

Lola: We changed their lives. [raises her soda] To us!

Everyone: To us! [clink their sodas together]

[Cuts back to Leni and Laney.]

Laney: Oh, you're right Leni. [goes through her clothes] This blue scarf is perfect for me!

Leni: I know right! You look totes adorbs!

Rachel: Blue is a much beautiful color for you.

[Laney hears crying from the distance]

Laney: Huh? [She looks over and sees a little girl about her age crying with her mother there to comfort her]

Little Girl's Mother: I'm sorry you didn't get that dress you wanted, sweetie.

Little Girl: It's not just that! [sniffs] Some mean girl pushed me and called me a bozo!

[Laney started to look extremely guilty and regretted what she did]

Laney: Oh my goodness, what have I done? I've tried to be assertive and became a big bully. I have to make this right. Leni? Hold my place in line for me okay?

Leni: Okay, Laney.

[Laney leaves her spot in line with her bag and runs up to the little girl]

Little Girl: Ah! There she is! [hides behind her mother] Don't let her get me, mommy!

Laney: No wait! Let me explain!

Little Girl's Mother: Now you listen here! You have no right to push around my daughter like that!

Rachel had a sword at the woman's neck.

Rachel: You have no right to yell at Laney like that.

Laney: That won't be necessary Rachel. I know. And I'm really sorry! I didn't mean any harm. It's just that my siblings wanted to teach me how to be aggressive and I was completely out of control. [Laney goes into her bag and pulls out a dress] I believe this will make up for it.

Little Girl: [gasps] My dress! [takes it from Laney] Thank you!

Laney: You're welcome.

[Meanwhile, back at the line]

Leni: [going through her clothes] Hmm. [pulls out a top] This top is perfect for a cozy Saturday. [pulls out the sweater] And this sweater will look so good with my new nightgown jeans. [puts it back]

Mrs. Parker: Are you sure you don't have any more of those polka-dot swimsuits? [The clerk shakes her head.] That's all my granddaughter wants. Well, that and for me to live forever but I can't promise that.

Leni: [Seeing that she had one, calls to Mrs. Parker.] Here! [Mrs. Parker walks up to her, and Leni takes her suit out.] You should take mine.

Mrs. Parker: Oh! [Takes it] You angel. Amy will be so happy.

[Mrs. Parker walks off, and another woman walks past but notices Leni's sweater.]

Woman: [Admirers the sweater] That sweater is so cute, where'd you get it?

Leni: I think this was the last one.

Woman: [Disappointed] Oh, it's hard finding sweaters that won't give me what my doctor calls 'Category Five Rashes'. [Laughs] That's me, allergic to almost every fabric. [Starts off] Well, enjoy it.

Leni: Wait! I can't imagine how awful that would be, [offers her the sweater] here, take mine.

Woman: [Happy] Aw, that is so sweet. [Takes the sweater] Thank you.

[Just then a guy runs past and drops his credit card. Leni picks it up.]

Leni: [to the guy] Excuse me, is your name "American Bank"?

Tie Guy: [comes back] Oh my stars, I am so stressed about finding a tie for my anniversary, that I must've dropped it! [Leni gives it back to him.] 25 years, it's a big one.

Leni: You know, I'd be glad to help you.

Tie Guy: But you'd lose your place in line.

Leni: [grabs her bag and gets out of the line.] That's okay. This is more important.

[She and the guy leave to find a tie. Meanwhile back at the food court… ]

Lincoln: [drinking his soda] Yep. Today could be the start of a whole new life for Leni.

Me: You said it buddy.

[Starts fantasizing about Leni's future. Starting with her being the CEO of a major fashion corporation, and giving a presentation.]

Leni: The ABCs of being a CEO.

[Next, fantasy Leni is signing a books titled "Taste the Flan" written by herself. Then they fantasize Leni being on a talk show.]

Interviewer: Ms. Loud, you're the head of a fashion company, the best-selling author of 'Taste the Flan', and a role model for young women. To what do you attribute your success?

Leni: Well, I really owe it all to my siblings, see, there was this two-day blowout sale…

[End Fantasy]

Varie: Leni would be awesome as a Fashion CEO and an author.

Lola: And just imagine what Laney's future would look like…

[They then start to fantasize Laney's future. Where she has become a famous action movie star, leading in many action movies. In one movie adult Laney was seen shooting at aliens]

Laney: Smell you later. [throws a bomb at one of the aliens]

[Next, she is seen signing autographs outside the movie theater. Then they fantasize her in a talk show]

Talk Show Host: Laney Loud, you're the stunning actress of "Zombie Bugs from Mars" and "Aliens in the Resturant". And you're a role model for females everywhere. Tell us, what is the reason for all of your success?

Laney: Well I couldn't have been so famous without my siblings and best friends. You see there was this blowout sale at Reiningers…

[We all continue fantasizing, completely unaware of what Leni and Laney are doing back at Reiningers.]

Me: Boy Laney would be the next Queen of Action. She would be awesome.

Hercules: She sure would.

Zoe: Oh yeah. I would love to see that.

Back at Reiningers.

Leni: [Giving a dress to a teen girl] Problem solved, now you'll have something to wear to the dance. [They hug]

[Laney gives another girl her age a top hat]

Laney: There you go! You'll look so lovely in that hat.

[Next, Leni gives a woman a blouse.]

Leni: You came all the way from Cheboygan for a flutter sleeve blouse? You should have it.

Rachel: Agreed.

Laney: [Gives a girl a skirt] Don't worry, I have closet full of these.

Leni: [Giving some guy her culottes.] Please, there'll be other culottes.

Laney: [Gives a girl some leggings] I insist you take these leggings.

Leni: [Giving a lady some pants.] Send me a picture, I wanna see how those gaucho pants look in you.

[Leni and Laney finally get to the front of the line, and Leni puts the only thing she has left on the counter.]

Cashier: This is a great find. I wish I had time to browse the racks.

Leni: Oh, well, why don't you take it?

Cashier: Oh, oh, I couldn't do that, this is all you have and you've been waiting in line for so long.

Leni: It's okay, I wouldn't even be shopping here, if it weren't for people like you working so hard.

[Leaves, while the cashier smiles]

Laney: That was a good thing you did Leni.

Leni: Thanks, Laney. You want to go next?

Laney: No thanks. I already gave away all mine.

Rachel: You guys all did good.

[As the three leave, Leni gives the obnoxious guy who cut in front of her earlier a salute, he yelps and takes cover. Meanwhile, back at the food court… ]

Lola: No, the castle Leni's gonna live in, will have three swimming pools!

Lincoln: Oh, and a chocolate fountain!

Lana: A zoo!

Luna: And Laney's girl friend will be totally shredded!

Lola: [noticing Leni and Laney] There they are!

Leni: [as her siblings cheer] Hey, you guys!

Lincoln: [noticing something] Uh, guys, where are your bags?

Laney: Uh, yeah. About that.. We kinda gave away all our stuff.

Lynn: What?! After all our training?!

Me: Yeah! What happened?

Lincoln: What happened to the new Leni and Laney!?

Leni: She wasn't really me. I'm sorry, you guys. It did feel good to get what I wanted, but it felt even better to give other people what they wanted.

Laney: And to be honest the new Laney wasn't fitting well with me. I was so aggressive and mean I've became a complete jerk. I actually hurt a child today! Face it! It's just not me to be mean.

Me: Well you're right Laney. Except to criminals and bad guys.

Laney: True.

Luan: Guys, we're worried about you. How are you going to make it in life if you keep putting yourself last?

Lori: [holds up her phone; Bobby is on the other line.] Boo-Boo Bear and I cannot support you forever.

Laney: I don't think you guys understand but putting yourself last can actually be a good thing.

Lola: Oh yeah? And exactly how can it be a good thing?

Rachel: Many reasons. And here comes one now.

Mrs. Parker: [Walks up to Leni] Oh, there you are, dear! [holds up a present] I got you a little something to say thanks.

Leni: [takes the present] Awwww, you shouldn't have! I hope your granddaughter loves the suit. [Laney smirks and gestures how Leni was rewarded for her good deed]

Lola: Presents are nice, but you know what's nicer? All those clothes you guys gave away!

[Just then, the little girl from earlier in her dress came up to Laney]

Little Girl: Laney! Laney!

Laney: Aw! You look so good in that dress!

Rachel: It looks so cute on you.

Little Girl: Thank you! I want to give you something! [Gives Laney a blue scarf]

Laney: [gasps] For me? [The little girl nodded] Thank you!

Lynn: Yeah, yeah. The scarf was great. But it would've been better if you bought it!

[Just then, a waiter comes in with a cart of fries.]

Waiter: Excuse me, Miss, we have the number three combo, with fries, for everyone in your party, courtesy of that woman over there.

[The woman from before waves to Leni, and gestures to the sweater Leni gave her.]

Leni: [Applauding, while Lola takes the fries.] Yay! You look great! No rashes.

[Just then, the tie guy and his wife walk up to Leni.]

Tie Guy's Wife: Excuse me, Miss. [Her husband loves the tie] Thank you so much for helping my hubby, he has never looked so cute.

Tie Guy: [Pulls out a gift card] We got you a gift card to the fro-yo shop.

Leni: That's so sweet of you, that's my favorite place. [The lovely couple starts off.] Happy anniversary Mr. and Mrs. Bank.

[The couple has no clue what that means.]

Lori: Leni, it's great that all these people are doing nice things for you, but I still think it's more important that you-

Ms. Carmichael: [Walks up to Leni and shakes her hand.] Excuse me, I wanted to meet you. I'm Ms. Carmichael, I'm the manager of Reiningers, and I've been hearing such wonderful things about you. You know, we could use a sales employee with great customer service skills.

Leni: Great, let me think about it, and get back to you with some names. [Her siblings clear their throats and gesture to her, and Leni realizes.] Oh, you mean me.

Ms. Carmichael: Hours are flexible, and employees get a fifty percent discount on all merchandise.

Leni: [Touched] It's like there's a blowout sale happening in my heart.

Ms. Carmichael: I'll take that as a yes. [Leni's siblings smile] Stop by whenever to fill out paperwork.

Leni: [As she and Ms. Carmichael leave.] I'll see you back at home guys.

Laney: Now, do you get it?

Lincoln: We sure do. We were so wrong about you and Leni.

Lynn: [Eating her fries] Yeah, guess we don't have to worry about you guys after all.

Me: No we don't. But Leni got an awesome job as a result. She's gonna love working at the mall just as much as shopping here.

Nico: You said it.

Vince: This is gonna be perfect for her.

Lola: [Looking at her fries] Hmm, if being nice does that much for Leni and Laney, I wonder what it could do for me. [She gets up from her seat holding her fries and walks up to the obnoxious guy.] Hey, mister? How would you like my fries?

Obnoxious Guy: Oh, no thank you. I'm trying to watch my cholesterol.

Lola: Go ahead. Take them.

Obnoxious Guy: No, really. I'm good.

Lola: [Threateningly] TAKE THE FRIES!

Obnoxious Guy: [Screams] What is up with this mall?! [As he runs off in fear, Lola glares at him.]

Lincoln: Maybe stick to what you know, Lola.

Laney: One thing's for sure. Some people just never change.

Me: No they don't.

Shop Girl is one of my favorite episodes of the Loud House. We haven't done an episode of the Loud House in a while. NicoChan11 gave me the ideas for this one too. Thanks man as usual. I hope everyone had a great Christmas. Let me know what you all think.

See you all next time.

# Terror of The Lich

It starts at the estate. We were watching TV and playing card games.

Elyon: Thanks for giving Cornelia and the others good advice, Megan.

Megan: You're welcome Elyon.

Me: Her advice has really been helpful in our fight against the Shredder and the events leading up to the battle with Nerissa.

Cassidy: It sure has.

Megan: Oh yeah. I got to go ice skating with Cornelia.

Me: Have fun and be careful.

Megan: Okay.

She went with Cornelia to our indoor ice skating ring.

Poliwag (to Irma and Taranee): How are you girls enjoying Gotham Royal York?

Will: We're loving it here!

Irma: It's awesome!

Varie: I'm glad girls.

Me: I also heard that your dad is now working with Sheila, Irma.

Irma: He is and he loves it.

Will: I'm so happy for your father Irma.

Irma: Thanks Will.

Me: Elyon were you shocked when you found out that you were the Queen of Meridian?

Elyon: I sure was. I had no idea I was even part of royalty on another world.

Me: That would be a big shock.

Maria: Is it true that you're part of the swim team, Will?

Will: I sure am Maria.

Maria: That is so cool!

Me: You're more than welcome to use our indoor swimming pool to practice.

Will: Thanks J.D.

Hay Lin (wearing Firefly's helmet): Hey, guys. (Imitates Firefly's voice) I'm Firefly and I like burning stuff! (Pretends to fire heat lasers)

Francis: That's a nice Firefly impression, Hay Lin.

Hay Lin: Thanks Francis.

Me: (Laughs) That is a good impression.

---

In the training yard Jade and Yan Lin were practicing their moves and flying. They were being chased by robotic drones with lasers that Lisa built and they fired air blasts at them and they exploded.

Jade: That was awesome!

Yan Lin: It sure was.

Jade: How does it feel to be young, Yan Lin?

Yan Lin: It feels great Jade! It all came back to me. My strength, speed, agility, everything.

Jade: I'm glad Yan Lin.

---

In our indoor Ice Skating ring Cornelia was teaching Alexis and Megan how to ice skate.

Megan: Thanks for taking me ice skating, Cornelia.

Cornelia: You're welcome Megan.

Alexis (struggling to ice skate): Cornelia, can we please have a discussion about how you stand up on these things?

Cornelia: It takes a lot of balance Alexis. You have to stabilize yourself on the skates.

Nicole was doing all kinds of tricks and moves like an Olympic figure skater.

Nicole: It also takes skill and concentration.

Megan: It sure does.

Megan is starting to get the hang of it.

Nicole: That's it Megan! You got it.

Megan: Yeah!

Cornelia (to herself): Sorry, Lillian. But now isn't the right time for you to learn the truth about us.

Nicole: (In her head) I know Cornelia. But it'll be the right moment when the time comes.

Megan: I know it's wrong Cornelia but we had to do it. We had to erase her memories of her powers until the time comes.

Cornelia: I know. But we had to so we can have her have a normal childhood.

Megan: That's true.

In Gotham Royal York Park, Ben, Riley, Lightning and Lynn were having a lot of fun playing baseball and tennis.

Riley was doing a lot of awesome tennis moves.

Ben: Wow! I didn't know you were good at Tennis Riley.

Riley: It's a hidden talent Ben.

Ben: My friend Julie Yamamoto in my dimension we came from is a great tennis player.

Riley: I believe it.

Lightning pitched a baseball and Lynn hit it.

CRACK!

The ball was hit out of the park!

Lightning: Nice shot Lynn!

?: It was an awful shot!

They turned and saw BETSY DAVIS who had just gotten out of prison on parole.

Lynn: (With a Glare of Hatred) Betsy Davis!

Betsy: Lynn Loud Jr.

Lynn: I can tell that prison life hasn't been too kind on you.

Betsy: That's because it's all your fault!

Lynn: I'm not the one that hired the Black Daffodil Gang to try and kill us. That was all your choice. But I never got to thank you.

Betsy: Thank me? For what?

Lynn: It was because of you that I got my powers. You broke my leg

2 days before and it was because of the requirements of the Earthquake of Guabencex that you gave me my powers. Thanks to you I got my powers.

Betsy: I don't care Lynn! It's because of you that my life is ruined! I was disowned by my family and because of you I was sent to prison!

Lightning: You deserved it little lady!

Lynn: I agree. Lets do this!

Betsy went at Lynn and Lynn punched her in the face.

POW!

Ben: I think Rath would like to have a word with you Betsy.

Ben turned into Rath.

Ben: RATH!

Riley: She's in for it now.

Lynn kicked Betsy in the stomach and punched her in the mouth and knocked out some of her teeth.

Rath: LET ME TELL YA SOMETHING BETSY ANNA DAVIS! NO ONE HURTS MY FRIENDS ON MY WATCH WHILE I'M PRESENT!

Rath punched Betsy all of the place with indiscriminate fury and she was all mangled up. But Betsy was a strong girl and she got up.

Lynn: Let use our combo on her Rath!

Rath: You got it Lynn!

Lynn threw a huge wave of lava and Rath ran.

Lynn and Rath: VOLCANIC TIGER PULVERIZER!

Lynn's lava turned Rath into a huge tiger made of pure lava and it pulverized Betsy into pulp. When it was done Betsy was finished and she was rearrested for violating her parole and sent back to prison. This time she was sent to the Uranus Prison for life without parole.

Lynn: That's that.

Riley: You said it Lynn.

Lynn: I think that was enough fun here at the park.

Ben reverted back.

Ben: Yep. Lets head home.

They did so.

Back at home Natilee was watching TV when suddenly she heard Lana scream.

Lana: AAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHH!

Natilee: Uh oh!

Natilee went upstairs and she found Lana crying hard and covering her arm as it was bleeding and Lola was looking on in shock with a pair of scissors in her hands and there was blood on the blade.

Natilee: What happened?

Natilee comforted Lana.

Lola: (In fear) I… I don't know! I snapped!

Natilee: I had a feeling this happened. Hang on Lana!

Natilee picked Lana up and they went to the hospital. Lana was crying hard in pain.

Lana: (Crying Hard) It hurts so bad!

Natilee: I know Lana but you're gonna be all right.

At the Leaf Hospital they waited and Lola was hugging Natilee in sheer guilt and crying hard.

Natilee: Lola it's not your fault.

Lola: (Crying hard) Yes it is Natilee! I lost control of my temper! I'm so sorry!

Natilee: I know Lola.

Sakura came out.

Natilee: How is she Sakura?

Sakura: She was stabbed in the arm and she had to have stitches. Luckily it didn't cause any permanent damage. She's gonna be in a cast for a while.

Natilee: Thank goodness.

Lola then all of a sudden got a splitting headache and she was groaning in pain.

Natilee: What's wrong Lola?

Lola: I have a splitting headache!

Natilee: (Gasps) Uh oh! I know this feeling.

Natilee pulled out a radio and called me.

Natilee: Dad we have a Code Dark Side Separate!

Me: On our way Natilee!

Suddenly Lola was enveloped in a blob of pitch black darkness and it separated from her and Lola fainted. The darkness took form into another Lola and she had red eyes flooded with pure evil and was wearing red and black clothes. It was DARK LOLA!

Dark Lola: Free at last!

Natilee: So you are the cause of Lola's evil behavior!

Dark Lola: That's right. I am the embodiment of all the evil inside her heart and she may have had a change for the better, but it was Lana that set me free and now I'm here to make sure that you all suffer my wrath!

Lori: I think not you little twerp!

She saw us ready to fight.

Natilee: Wait. Lets head to a training ground to avoid having people get caught in the crossfire.

Lincoln: Good idea Natilee.

We did so. At Training Ground 7, Lori was facing Dark Lola. Lincoln was holding Lola who was unconscious and they were worried for Lori.

Shanan: Lori will be fine guys. If she can handle you guys for 17+ years then she can handle a 6-year-old girl.

Will: I have a feeling she can Shanan.

Laney: Me too.

Lori: You will pay for making Lola hurt Lana! I'm going to literally turn you into a human pretzel!

Dark Lola: I'd like to see you try you dumb blonde!

DARK LOLA JUST PUSHED LORI'S BUTTON **BIG TIME!**

Linka: She's in for it now. You call Lori a dumb blonde and she will pound you into oblivion.

Lincoln: (Gulps in fear) Yep.

Lynn: This is gonna get rough guys.

Me: Yep.

Lori: YOU ARE SO DEAD!

Lori spread her wings and went at Dark Lola and punched her in the face and fired a powerful blast of wind at her and sent her crashing into a training post and she was knocked out.

Bobby entombed Lola in solid pink quartz crystal and froze her in time completely.

Lori: Nice job Boo Boo Bear.

Bobby: Thanks babe.

Me: It's off to the Pluto Prison for this Dark Side.

Lincoln: You said it.

Lola was waking up and she saw Lincoln.

Lincoln: Hey Sleeping Beauty.

Lola: Linky. I'm sorry.

Lincoln: It's not your fault Lola. It's her that is to blame.

Lincoln showed Dark Lola frozen in Pink crystal and she was shocked at what she saw.

Me: This is the evil inside your heart that you were fighting to prevent from escaping.

Lola: And me stabbing Lana in the arm is what set her free. I'm glad she's gone forever.

Varie: We all are.

Me: Lets get this monster off our planet.

I beamed Dark Lola to the Pluto prison.

Lori: That takes care of that twerp. She literally needed to be sent away forever.

Leni: I totes agree.

Me: Me too.

In Lana's room we were talking to Lana.

Me: I'm sorry Lola stabbed you in the arm like that.

Lana: I know J.D. But the good news is that Lola's dark side is gone for good.

Me: Yep. Sakura says that you have to keep this cast on for 2 months.

Sakura: Yep. You're gonna be just fine Lana.

Me: But you can't play in the mud till then. Or else it'll get infected.

Lana: That stinks.

Me: Yeah. I told Mr. Lynn and Ms. Rita about it and they were shocked at first but they knew that Dark Lola drove her to do it. Lola got off by having to do your chores until you've healed up.

Lana: Well that's good.

Sakura: You have to rest that arm for a week before you can use it again Lana. So you'll be having it in a sling. Also you are cleared to leave the hospital.

Lana: Okay Sakura. Thank you.

---

Back at the estate Lola was working twice as hard on the chores and instead of wearing her pageant dress like always, she was wearing track clothes because she has to work twice as hard in the chores because of Lana having her arm in a sling. I was sitting with Lana as we were watching reruns of Total Drama Revenge of The Island.

Laney came in with a peanut butter and sauerkraut sandwich for Lana.

Laney: I'm sorry about your arm Lana.

Lana: It's all right Lanes. But I'm glad Lola is a changed girl because of it.

Me: Let me guess Lana. You wanted to cut one of Lola's dolls.

Lana: Yep.

Me: Old habits die hard as they say. Sign your cast?

Lana: Sure J.D.

I take a red marker and sign my name on it with a red flame next to my name.

Laney did the same and put a green flower by her name.

Me: Boy it's hard to imagine that we did it all on Total Drama. Me and Naruto were a force on that show.

Lana: You sure were J.D.

Me: And in March it'll be me, Naruto, Lincoln, Lynn and everyone on the Atomic Owls again.

Lana: It sure will.

Laney: I can't wait.

Me: But we may not be called the Atomic Owls. We may be called something else. But as long as we're on the same team we'll dominate it.

Lana: You sure will.

The alarm went off and the computer popped up and on a holographic globe of the Earth it showed right by west southwest South America 200 miles off the coast of Chile, was a continent in the shape of a bird. It was all too familiar.

Me: I know that continent. That's the Land of Ooo.

Lucy: Gasp! That's the continent from Adventure Time.

Rachel: Adventure Time? What's that show about?

Me: You would love it Rach. It's a great show. It's about this boy named Finn and his best friend Jake who is a dog. They live in a post-apocalyptic Earth on a land called Ooo. Here's what the world in Adventure time looks like.

I pull up the planet Earth in Adventure time and most of us gasped at what we saw. It was a planet Earth that had 15% of the planetary structure completely blown to space dust, most of North America was still intact, the North American east coast was broken away from the mainland, half of Asia was completely destroyed, Africa fused into Europe and Scandinavia broke away from the European mainland and South America and Australia fused into Antarctica. Most of the continental landmasses and islands were all underwater.

Lana: That is a horrible version of Earth. It's far worse than when we saw it when you guys did that adventure.

Lola: I remember.

Lily: Boy what caused planet Earth to become like this?

Me: It was a Nuclear Holocaust. 1,000 years before the events of the show a terrifying cataclysmic event called the Great Mushroom War destroyed the entire Human Race and forever changed the inhabitants of Earth.

Lynn: World War III.

Lisa: That was my first assumption when we saw this.

Me: And our scanners reveal that it's the same Land of Ooo where we killed Patience St. Pim and stopped her from changing the Land of Ooo into an elemental emotional nightmare.

Laney: I remember hearing about that. That land would've been based on the four key personality traits in Proto-Psychology.

Me: I remember that. That was very interesting to me. We better go check it out. Lets move!

We set out for the Land of Ooo.

* * *

We arrived and it was as beautiful as I remember.

Me: Wow. It's just as amazing as it was when we were here.

Lori: It's a paradise and it literally would make a great vacation spot.

Lincoln: It sure is. The Candy Kingdom is still as sweet as it was.

Matt: Hope you guys don't mind that I brought Huggles. His Khor form's gonna be very useful.

Me: I don't mind man.

Luan: It sure can make anyone Sweet. (Laughs to Rimshot) Get it?

Most of us laugh while everyone else groaned.

Me: (Laughs) That was a good one Luan.

Varie: That was funny.

Eddy: (Laughs) That was funny.

Irma: Good one Luan.

We went into the Candy Kingdom and we were greeted by Princess Bubblegum.

Princess Bubblegum: J.D.

Me: Princess Bubblegum!

We hugged.

Me: I see you have your kingdom back.

Princess Bubblegum: I sure do. It's thanks to Finn and Jake that I got it back and deposed my stupid successor the King of Ooo.

Me: And Simon the Ice King is doing well I see.

Simon is now Princess Bubblegum's royal advisor and second in command.

Princess Bubblegum: Yes and he gets a great pay.

Me: I can see that. Oh I'm sorry, you know some of us but you don't know the rest of us.

We introduced ourselves.

Princess Bubblegum: It's an honor to meet you all.

Luan: Same here Princess.

Luna: It's rockin' to meet you dude.

Sam S.L.: It sure is.

Princess Bubblegum: Yes. I was about to check on something. Would you like to come with me?

Me: Sure.

Princess Bubblegum: But I can only carry 2 of you.

Me: Okay. Lets have a vote.

We voted and me and Elyon went with her.

Princess Bubblegum took off her earrings and placed them on our heads and a magic bubble appeared and it vanished.

Princess Bubblegum: Stay close to me.

She clapped her hands in a rhythm and Peppermint Butler blew a bubble and we went into the heart of the tree in the kingdom.

Princess Bubblegum: At the heart of this tree lies an ancient evil, held in a prison of amber…

We got into the tree and we saw a malevolent undead creature with two big horns on his head. One of them was broken and he had glowing green eyes and the level of pure evil coming off of him was unbelievable. It was the land of Ooo's ultimate evil - THE LICH!

Princess Bubblegum: The Lich!

He was whispering in a pure malevolent and ominous voice.

Me: Whoa.

Elyon: This guy looks like he's bad news.

Me: His thoughts are pure evil.

I went into his mind and it revealed a horrific history of pure evil. His main goal is to destroy all life in the entire universe and he will not stop until he does so.

Me: This creature is the ultimate personification of pure evil amplified 10,000-fold. He's worse than Aku.

Princess Bubblegum: Yes. Beyond Iceberg Lake in the ruins of his tower, he was converting the planets life force into unholy power to destroy all of Ooo. But before he could, the Legendary Billy attacked him and pummeled him into the resin of this tree.

Me: Wow.

Elyon: That's amazing.

Me: We have to destroy this freak once and for all. We have to unite together and destroy him for good.

Elyon: How are we gonna do that?

Me: I have a plan and it's gonna be incredibly risky. Lets combine our Guardian Powers and that of the Princesses and all of us on Team Loud Phoenix Storm.

Elyon: That just might work. You'll have to become a Quinto-Guardian for that to work.

Me: Or in this case an Octo-Guardian. Okay.

We take the Amber holding the Lich out of the tree and take it to the Grass Kingdom by Finn and Jake's house and Marceline the Vampire Queen was with them.

Finn: Hey guys!

Me: Finn!

We fist bump!

Me: You guys are doing awesome!

Jake: We get that a lot.

Finn: How have you all been?

Me: We've been doing great Finn. We saw that the Land of Ooo was beamed here to our dimension and came to check it out.

Lincoln: Last time we were here we killed Patience St. Pim and stopped her from turning the Land of Ooo into an emotional elemental nightmare.

Finn: I remember that.

Marceline: That was an awesome adventure.

Me: It sure was Marceline. Now we're here to destroy the Lich once and for all. Princess Bubblegum set out to gather all the Princesses to help us unite against the Lich.

Finn: Guess what time it is.

Matt: Why don't you tell us, Finn?

Finn: IT'S ADVENTURE TIME!

Princess Bubblegum: And we're all here.

We did so.

Will: GUARDIANS UNITE!

We turned into our Guardian forms.

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Megan: Space!

Elyon: Time!

Me: Lets show the Lich what happens when you mess with our planet. Guardians lend me your powers.

Will: You got it J.D.

Will's mom called and Will told her what was going on.

Susan: Will?

Will: Yeah, Mom?

Susan: Kick that skeleton's butt!

Will: With pleasure.

They put the Aurameres onto me and their powers went into me and my power was unbelievably strong and my Super Angel 10,000 aura had water, fire, earth, wind, lightning, stars and clocks spiraling around me and pink energy was around me too.

Me: (Echoing voice) **Wow! Now this is awesome power.**

Goku: Wow! J.D. Your power is incredible!

Me: **It sure is Master Goku. I feel like I have the power of a God combined with my Super Angel 10,000 form. Now it's time to show the Lich who's power is greater.**

Vegeta cracked the Amber prison and released the Lich from his Prison.

Me: **Here it comes.**

(Gravity of Love by Enigma plays)

Lich: (Echoing) **Abandon all hope, ye who enter here.**

Cornelia (to Lich King): EW! Get a face!

Venom: Or better yet, let us eat it!

Finn: Your reign of terror ends here, Lich King!

Edzilla: ED SMASH SKELETON MAN!

Me: **Lets get him guys.**

Ace (communicates through telepathic link): Guys, I'm using my powers to send new Heartless that will recognize us as allies! Look for the ones with red eyes.

Me: **Good idea Ace. We'll keep an eye out.**

Ace created numerous Heartless but instead of Yellow Eyes they had Red Eyes and they were our allies.

Me: **It's all right guys. These Heartless are our friends and Ace made them to help us.**

Lincoln: That is so cool!

Laney: It sure is. We have Heartless that are friends instead of enemies.

The Lich was looking at Aquaman and Mickey.

Lich (to Aquaman and Mickey): **Look at us. Three kings.**

Aquaman: You're no king, Lich. You're pure evil.

Mickey: (to Lich) A true king serves his people. You only serve yourself.

Lich: **Be that as it may. I will be the only one who leaves here alive.**

Me: **Let us see about that Lich.**

Shocker (to the Lich): To quote a friend of mine: It's Hero Time!

Me: **Lets get him!**

We went at the Lich and the Battle that will decide the fate of the universe has begun. I punched the Lich in the face and fired a blast of wind at him and combined it with fire and lightning.

Me: **FIRESTORM TORNADO ONSLAUGHT!**

The Lightning, Wind and Fire turned into a powerful fiery tornado of incredible power and burned the Lich badly. Only his skeleton was left. The Lich fired a blast of evil green fire at me and I teleported and went invisible and kicked him in the back from behind him and fired a blast of water at him.

It pushed him into the air and I teleported and fired a blast of lightning at him and electrocuted him.

Nico went Super Saiyan 4.

Nico: I will never forgive you for everything you've done Lich. DRAGON THUNDERCLAP!

Nico fired a blast of lightning from his fingers and it hit the Lich and electrocuted him. Nico flew up to the Lich and punched him in the face.

Nico: MIGHTY HURRICANE FURY!

He spun the Lich around in a massive spiraling blast of wind. He flew over and grabbed the Lich and flared up his heat armor. He was in an incredible amount of heat that was hotter than the sun. The Lich bursted into flames.

The Lich fell to the ground and Breakfast Princess fired numerous eggs and fired numerous strips of bacon at him.

Luan: Lich you need more bacon in your diet. There's no porkin' out of this. (Laughs) Get it? Lets use our combo on him Breakfast Princess.

Breakfast Princess: You got it Luan.

Breakfast Princess fired numerous giant eggs at the Lich and Luan fired a blast of light.

Breakfast Princess: SUNNY SIDE UP DOWNPOUR!

The light combined with the eggs and turned them into glowing fried eggs and they rained onto the Lich and exploded on contact.

KABOOOM BOOM BOOM BOOM!

Luan: No yolks on him! (Laughs) Get it?

Breakfast Princess: Luan you are a funny girl.

Luan: I get that all the time Breakfast Princess.

Francis kicked the Lich in the face and fired a blast of fire at his face and burned him and Toast Princess fired lots of slices of golden brown toast at the Lich and buried him in bread.

Francis: Lets use our combo Toast Princess.

Toast Princess: You got it Francis.

Toast Princess fired numerous pieces of toast and Francis fired a huge blast of fire.

Toast Princess and Francis: BURNT TOAST DUSTSTORM!

The fired burnt the toast black and it turned it all hard as a rock and the burnt toast smashed into the Lich and hurt him bad.

Nothing is more disgusting at breakfast than burnt toast.

Green Lantern fired a blast of green energy at the Lich and it formed into a bulldozer and rammed him. Engagement Ring Princess fired a beam of light and it trapped the Lich in a giant gold ring.

Green Lantern (John): Lets use a combo on him Engagement Ring Princess.

Engagement Ring Princess: You got it John.

Green Lantern fired a blast of Green energy and Engagement Ring Princess fired a blast of light.

Green Lantern (John) and Engagement Ring Princess: WILL'S MARRIAGE OF POWER!

Engagement Ring Princess formed a ring and the green energy fired through the diamond in the ring and it was turned into a deadly laser and it burned the Lich's arm off.

Green Lantern (John): That must've hurt.

Tetrax fired numerous diamond shards at the Lich and they skewered him.

Emerald Princess fired lots of emerald gems at the Lich and they exploded on contact.

BOOM! BOOM! BOOOM!

Tetrax: Lets use our combo on him Emerald Princess.

Emerald Princess: You got it Tetrax.

Tetrax and Emerald Princess touched the ground.

Tetrax and Emerald Princess: COLOMBIAN EMERALD SPEARSKEWER!

Huge clusters of emerald crystals grew almost instantaneously and went at the Lich and they skewered him in numerous places.

Tetrax: Diamonds are a Girls Best Friend but to the Lich they are his worst enemy.

Emerald Princess: You said it.

Flame Princess fired a huge blast of fire at the Lich and burned him. She spread her wings of pure fire and flew at him. She and Lola kicked the Lich in the face and formed swords of pure fire and slashed him all over. Volcana fired a huge blast of fire at the Lich and burned him bad.

Volcana: Lets use our combo on him girls.

Lola: You got it Claire.

Flame Princess: This is gonna be awesome.

They fired huge blasts of fire.

Flame Princess, Lola and Volcana: KRAKATOA FIRESTORM PHOENIX!

The blasts of fire turned into a huge fiery phoenix and it had flames that packed the immensely destructive power of the Krakatoa eruption of 1883 and it hit the Lich and exploded with awesome power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Irma: Let us cool you down.

Irma fired a blast of water and Water Princess did the same.

Irma and Water Princess: MEGATSUNAMI MERMAID SLAM!

Another Fanfiction Complete

The Lich was the most evil and most dangerous enemy in the entirety of Adventure Time and he was by far the most evil enemy of them all. Ron Perlman did a great job voicing him and what the Lich was doing was by far the most evil of them all. He was pure evil in its purest form personified. I also got the idea for Lola stabbing Lana in the arm with a pair of scissors from JFMstudios picture on DeviantArt called Twin Trouble. That would hurt REALLY bad if that happened to me. Thanks for the idea and inspiration man. And I based the Light Princess off of AskAquaPrincess on DeviantArt's OC Light Princess. Thanks for the inspiration and idea. NicoChan11 gave me the ideas for this one. Thanks man as usual. Also this chapter was made to commemorate 10 awesome years of Adventure Time and a thanks to Pendleton Ward for making an incredible series and for giving us an awesome show. thank you Pendleton Ward and crew. Let me know what you all think.

See you all next time.

# No Mercy from The Green Goblin

It starts with me in the local grocery store. I was getting groceries of all kinds for the family.

I was parked in front of the cereal picking everyones favorite cereals.

Me: Okay Vampire-o's with bat shaped marshmallows that turn milk red. Lucy would love this. Sports cereals for Lynn and protein shake mix for her, lots of cereals they like. (To the Viewers) Oh hey guys. I'm here at the grocery store getting all the food and groceries we need. At the estate we have a TREMENDOUS number of mouths and stomachs to feed and a lot of money goes into the groceries. But when you're filthy rich you feel like you can buy anything. But money NEVER buys you things like power, love or friendship. This is the very same grocery store that we fought Abel Torres' evil twin brother Cain in and we blew it up as a result. Cain is now in the Antarctica Prison for the rest of his life and he deserves it. But we got the store fixed and we get a 75% discount on everything. Also Mr. Lynn is a great cook and he needs a lot of his "Lynn-gredients."

I walked down the isle and I got eggs and bananas and yogurt. I had two carts with me because of the huge amount of food needed in the estate. Then I suddenly got hit in the face with a banana cream pie.

SPLAT!

I slurp it off.

Me: (Slurp) Mmm Banana Cream. Who threw that!? I know it wasn't Luan because she's not with me.

?: (Like Nelson Muntz) Ha ha!

I saw a kid that was wearing the same clothes as Lincoln but he had blond hair and he had a white hat on.

Me: I know you. You were here when we fought Cain Torres.

Connor P.: That's right. My name is Connor Pingrey.

Me: (Gasps) Are you related by any chance to Carol?

Connor P.: She's my big sister.

Me: I didn't know Carol was your sister.

Mrs. Pingrey: Connor what.. Oh hello J.D.

Me: Hello Mrs. Pingrey. I didn't expect to run into you and Connor here.

Mrs. Pingrey: Small world huh?

Connor P.: I miss my sister.

Me: I know Connor.

Mrs. Pingrey: How is Carol doing?

Me: She's doing great Mrs. Pingrey. Does Connor know what happened to her?

Mrs. Pingrey: No he doesn't.

I looked into her eyes and I saw that Mrs. Pingrey was not in town when Carol was disowned. She was out of the state with Connor taking a break.

Me: Oh man.

Connor P.: Where is my sister?

I knelt down to him.

Me: Connor, your father disowned Carol because she had a Split Personality problem. She had this evil personality named Morgan inside her and it ruined her life and got her kicked out of the house.

Mrs. Pingrey: It's true son. After Carol was sent to a reform school she got into a nasty argument with your father and he kicked her out. J.D. and friends helped her and she has been living with him ever since.

Conner was shocked and he then developed an incredibly powerful hatred on his own father.

Connor P.: I HATE THAT MAN!

Me: I would hate my father too if he did the same thing to my sister.

Mrs. Pingrey: I will divorce that man and move in with you after we are done here J.D.

Me: Carol would love to see you both again.

She took off her wedding ring and gave it to me.

Me: What's this for?

Mrs. Pingrey: You can give that to Varie as her engagement ring.

Me: Thanks Mrs. Pingrey.

Mary P.: Please call me Mary. Luckily my soon-to-be ex-husband is out of town and won't be back for 2 more days. So we'll head home and pack our things.

Me: Okay. I'll pay for my groceries and we'll head over there and get you both out of there.

Mary P.: Thank you.

I payed for the groceries and loaded them into my car and we drove up to the Pingrey residence and Mary and Connor went into the house and packed. 30 minutes later we headed to the estate.

We arrived and I pressed the garage remote and I opened the trunk and deposited the groceries in a conveyer belt that had a sign on it that said "Place Groceries Here."

Me: (To the Viewers) Lisa invented this and she knows how to work the systems around.

We went into the house.

Me: Hey guys.

Lori: Hey J.D.

Lynn Sr.: (Offscreen) Thanks for the groceries J.D.

Me: You're welcome Mr. Lynn. Carol I believe you know these faces.

In came Mary and Connor.

Carol: (Gasp) Mom! Bro!

Connor P.: Big sis!

They were reunited and Connor was crying hard into her shoulder.

Connor P.: (Crying Hard) I missed you so much big sis!

Carol: I missed you too little bro.

Mary P.: Carol I heard so much about how you were helping out around the world.

Carol: Thanks mom. I'm so glad I can help out. I'm missed you so much.

Me: We have a lot to tell you.

We sat down at the dining room table and told Mary and Connor everything that's happened. Vince was with Carol.

Mary P.: So you guys gave Carol an awesome birthday and Vince is getting married to her?

Me: Yep. It was the happiest day of Carol's life.

Vince: You said it J.D. We are getting married in a few months. We haven't decided on how we're gonna plan the wedding.

Carol: Vince is the most amazing guy ever.

Mary P.: I'm so happy for the both of you!

Connor P.: Me too sis! I'm happy too bro.

Vince: Thanks little bud.

Me: I'm really excited for the wedding partner. We're counting down the days.

Vince: Thanks man.

Maria came in.

Maria: Hey guys. Mrs. Pingrey. It's great to see you again.

Mary P.: You to Maria. You've grown from that little girl I remember.

Maria: I sure have. Connor you were just a little guy when I saw you last.

Connor P.: Time sure has flown by huh?

Maria: Yeah.

Me: We have done a lot all over the planet and all over the galaxy. Not to brag but some of our adventures defy all description.

Connor P.: They sure do.

Lola: Yeah. I can't believe that Mr. Pingrey is that insensitive and he would disown Carol like that.

Lana: You're telling me sis. That guy is a monster.

Me: No kidding. How's your arm doing Lana?

Lana: Still sore but it's getting better.

Connor P.: What happened to her?

Me: It's a long story.

Suddenly the alarm went off.

Me: Uh oh.

We go to the computer and we saw that there was a nuclear bomb planted in the subways under the city and it was placed there by Norman Osborn A.K.A. the GREEN GOBLIN!

Me: There's a nuke in the subways! Wally, Pietro, go disarm the nuke and Master Goku and Kal go throw the bomb into space and detonate it out there!

Flash: You got it J.D.

Goku: We're on it!

They flew out and did so.

Me: We're gonna pay the Green Goblin a visit and make him pay for everything he has done.

Shocker: This is gonna be good.

Suddenly there was pounding on the door.

Mr. Pingrey: MARY! I KNOW YOU'RE IN THERE! YOU OPEN UP THIS DOOR!

Susan Vandom: Will, please take the others out of the room. I plan to do something very unpleasant to Carol's former father! (grabs kitchen knife)

Will: If you say so, Mom. (she and the others leave the room)

Me: Lets go guys!

We fly to the Oscorp building. With us was Norman's son Harry Osborn.

At the Oscorp Building in the middle of the city we stood in front of the Oscorp receptionist.

Oscorp Receptionist (sees us): Excuse me. But no one sees Mister Osborn without an appointment.

Rhino (towers over her): Make an exception.

Me: We didn't come here just to see him. We came here to kill him and make him pay for all the pain and suffering he has caused to our city.

We go into the elevators.

Green Goblin (aims pumpkin bomb at the wall): Spider-Man and his new friends are bound to burst in through the wall any minute now. But I'll take them by surprise. When they burst in here, I'll throw this pumpkin bomb at them to damage them greatly!

But then, he saw the elevator open to reveal us inside.

Green Goblin: What?! You all took the elevator?!

Nico: OF course we did. It actually does have some good elevator music.

Green Goblin: Before we fight, let me tell you about a little surprise.

Nico: And what would that be?

Green Goblin: I've planted a nuclear bomb somewhere in Royal York. And the best part? The detonator is wired to my heart! So if you all kill me, the bomb will explode and kill everyone near it! So you have a choice to make: kill me and doom your city. Or let me live so your city survives.

Me: We know about it and…

A massive blinding white flash of light exploded high in the sky and Norman saw that the flash was the bomb he planted detonating out in space.

Me: We stopped it from detonating here in the city. Now you will pay for hurting so many people.

Nico: We came to kill you.

Me: Lets get him guys!

We went at him and I kick him in the face and Harry punched him in the stomach and kicked him in the mouth.

Green Goblin: How dare you betray your own father, Harry!?

Harry: You were never my father! You and Mom may have given birth to me. But Lynn Loud Sr. was more of a parent then you ever were!

Nico: Norman Osborn, you have failed this city! (throws pumpkin bombs at Goblin)

Green Goblin (counters with his own pumpkin bombs): And you've failed in terms of strategy. Using Hobgoblin's bombs against me? Ha! I can use pumpkin bombs too, you know!

KABOOOM! KABOOOM!

Me: You are one seriously (Censored) up (Censored)!

Rhino charged and rammed him and Shocker fired lightning at him. Matt turned into Shagon and fired lasers at him and burned him.

Shocker: Lets use our combo on him Shagon.

Shagon: You got it Shocker.

Shocker fired lightning and Shagon fired lasers.

Shocker and Shagon: LIGHTNING OF HATRED!

The blasts combined and they hit the Green Goblin and burned his helmet off.

I punched him in the face and kicked him in the mouth and knock out some more teeth. Green Goblin punched at me and I dodged it and kicked him in the stomach and send him crashing through the wall. Nico kicked him in the stomach and Green Goblin belched up a huge amount of blood.

Stewie and Star Lord fired laser blasts at the Green Goblin.

Stewie and Star Lord: LASER STORM BLITZ!

The lasers hit him all over and burned him badly.

Spiderman: Now we end this Norman.

He used his final smash.

Spiderman: BLACK WIDOW VENOMSWARM!

Spiderman sent a huge swarm of black widow spiders at the Green Goblin and they exploded and burned him with corrosive venom.

Venom: We've had it with you Norman.

Venom used his Final Smash.

Venom: SYMBIOTE SWARM SLASH!

Venom formed miniature symbiotes and they slashed him all over the place.

Me: Norman Osborn you will now pay for everything you've done.

Green Goblin: I guess this is the part where you take me to jail, Spider Man.

Elyon: Are you kidding me?! What makes you think you're going to jail after everything you've done?!

Green Goblin (laughs): Oh please! I killed Gwen Stacy the first time, terrorized New York for so many years, busted out your brother Phobos, and nearly blew up the city just now and it's not even New Years! But so what? We all know that Spider-Man will just send me to prison in the end!

Unknown to us, Goblin's glider rose behind us.

Spidey (trying to decide what to do): Every action you've ever made ends in death and misery. People die. I stop you. You'll just break out and do it all over again.

Green Goblin: Just think of it as a running gag!

The glider went at Spidey but warned by his spider sense, Peter flips just as the Green Goblin's glider was about to impale him. As a result, Norman gets impaled by his own glider on the wall, and groans in pain and blood loss.

Irma: That was a close one!

Green Goblin (glares at Spidey): I hope you're happy now, Parker!

Spidey: You wanna know something funny? Even after everything you've done, I still would've sent you to prison.

Green Goblin (laughs weakly): Oh, Spider-Man. I have to admit. That actually is… pretty funny.

The Green Goblin starts laughing and coughing, then gasping for air and finally dies, smiling.

Harry: Goodbye "dad" and burn in Hell.

Me: You will never hurt anyone again you (Censored). Give the Devil our regards when you see him. For your crimes on this planet you are sure to be damned.

Tom Lair and Sheila arrived.

Tom Lair (sees us walking with Spidey, who's holding Goblin's corpse): Spider-Man, what happened?

Irma: Well, dad, Green Goblin got what he deserved.

Sheila: That's a relief. But why does Spider-Man look sad about it?

Elyon: Because even after all the crimes he committed, he was still Harry's father.

* * *

At the Gotham Royal York Cemetary we were looking at the Grave of Norman Osborn.

We just finished burying Norman Osborn's body next to the grave of Harry's mother.

Nico: This is how it happened. This is how the Goblin died.

Spidey: Harry, I'm sorry about your father.

Harry: No, Pete. That monster was never my father. My father died a long time ago. (smiles at us) But now, I have a new family.

We smile at this statement.

Harry (sheepishly): And I also have a company to run now that my so called dad's dead. Think Tony can help me out with that?

Me: He will be more than happy to give you some pointers Harry.

Harry: Thanks J.D.

Me: You're welcome.

Harry was checking on the lab and he destroyed all of his father's work. Stan Lee who is also an Oscorp employee was helping him.

Stan Lee: Your father was a monster Harry. But that freak got what was coming to him.

Harry: You know it Stan.

Stan Lee: I'm glad J.D. and team helped you.

He was proud too.

The Oscorp company was now working on ways to further benefit all of humanity. Thanks to all of the advise Tony Stark gave Harry the company was now a huge success and Stark Industries and Oscorp merged their businesses together and they are now full fledge partners. Carol's mom and little brother now live with us and as for Mr. Pingrey, he was now divorced, castrated, all of his assets were seized and given to Mrs. Pingrey and he was in the hospital with a huge diaper bandage on his waist.

The Green Goblin was Spiderman's first supervillain that Spiderman defeated in the movies. William DaFoe did a great job as the Green Goblin in the first Spiderman movie with Tobey Maguire. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# The Devil's New Years

DECEMBER 31ST, 2018 - 8:00 PM

---

In Gotham Royal York Square everyone in the city was gathered to witness the final hours of the final day of 2018 and the start of the first day of 2019. We were so excited and we couldn't wait for the new year to start.

We were cheering and we had glasses on in the shape of the year 2019. It was awesome.

Me: This is gonna be so awesome! (To the Viewers) Hey guys. Today is December 31st, 2018 - the final day of 2018 and we are 3 hours 55 minutes and 45 seconds away from the first day of 2019 - January 1st, 2019 A.K.A. New Years Day. Every year here in the United States, everyone goes crazy for the New Years Day celebration. We blast off fireworks and confetti flies everywhere. See that ball up there?

I point to the big lit ball on top of the Times Square building and the camera turns to it and shows it.

Me: When the clock is at 11:59 PM that ball will drop and count down to midnight and when midnight comes it starts 2019. [Shifts back to me] We have had an incredibly memorable 2018 and it was all awesome. Let me show you the times with " **Team Loud Phoenix Storm's Greatest Moments of 2018.** " This is gonna be a clip show of our greatest moments from 2016 to the present.

[A montage of our greatest adventures from 2016 to the present plays as the theme song from Benny Hill and various songs play as the clips proceed. It starts with me moving to Michigan and meeting the Loud's and our adventures went from there. We did all kinds of adventures and more. We also had some of the greatest battles of all time all over the planet and all over the galaxy.]

Me: And there you have it folks. We have done so much all over the planet and more. But there are more adventures to come. Now I know what you're thinking. You're thinking "J.D. can you handle everything before New Years?" I assure you all I can. Nico asked me the same thing at home.

---

Nico: You sure you're gonna be okay by yourself, buddy?

Me: I'll be fine, Nico. And don't worry. I'll be back in time for New Years'.

Nico: Okay. Be careful man.

FLASHBACK ENDS

Me: I have everything under control. (I sense something) Uh oh. And it looks like we have another adventure to come.

I fly and go into a church and I sense and incredibly evil force coming from it.

Me: This can't be right. This is a church and evil despises churches.

I go in and take off my coat and I saw a man dressed in a black suit with black hair and he had black eyes completely filled with pure evil and the level of pure evil I'm sensing off of him was unbelievable.

Man: J.D. Knudson. I knew you would come.

Me: Who are you?

Man: I know you and you know me. But let me refresh your memory. I'm Satan or you know me as Lucifer - the Devil.

I gasp and go Super Angel 10,000.

Me: You are not welcome here! You are supposed to be down in Hell!

Satan: Yes but I came to congratulate you. You survived another battle and here you are standing before me.

Me: So I see. You know I find this to be very awkward. You being in the one place you despise above all others, the Church of God.

Satan: That's right. I agree with you.

Me: You have caused many eons of pain and suffering with your evil and more. I don't understand you Lucifer. Why would you betray God like you did? Sure he may have created us in his image and we are a flawed creation but why do you hate us so much?

Satan: Because you all are the true demons and the true evil.

Me: I don't believe that at all Lucifer. You were once a great and loyal angel of God and you were a mighty warrior. But you let jealousy and powerlust consume you and you launched a rebellion against God that almost destroyed the entire universe.

Satan: That's true J.D. But God is the true evil and I was bound by God into the frozen pit of Hell. I swore to get revenge should I get a son or get free from Hell.

Me: The last part didn't work. I stopped you when me, Lincoln and Linka were there.

Satan: I remember.

Me: Are you enjoying your new play toys in Hell?

Satan: Yes thank you J.D. All the people you all killed have given me some amusement.

Me: Nice to know I can provide for you.

Satan: Yes.

He walked behind me and tried to tempt me with the promise of great power.

Satan: I can give you everything J.D.

Me: If you're trying to tempt me Lucifer it won't work. I know all your clever mind games. You want me to sell my soul to you for the power to get everything I want. I have everything I could ever need. So my answer is no. I know I was given great power and I use my power for all good. But the thing that fuels my power to far greater levels is the love and bonds I have with my friends, my family and the very planet we strive to protect from monsters like you.

Satan was weakened somewhat when he heard the word Love.

Then a woman came in. It was Christine.

Satan: Christine. I've come for you.

He walked to her.

Me: (In my head) He's going to use her to give birth to the Antichrist!

I ran and got in front of her and was ready to defend her with everything I got.

Me: It's all right Christine. I won't let this monster hurt you. Lucifer I won't let you get to Christine.

Christine: How do you know my name?

Me: I just do for some reason.

I unsheathe my sword and Lucifer hissed when he saw it.

Me: The Sword of Michael. You know this sword well.

Christine: He really is Satan.

Me: That's right. And you were chosen to be his woman to birth the Antichrist. You stay hidden. This fight is gonna be intense.

Christine hid somewhere and I slashed Satan and burned his chest.

Me: I won't let you give birth to the Antichrist.

Satan formed his own sword made of pure fire and we clashed. We had 10 minutes left until midnight and the fight with me and Satan was really heating up.

We looked at eachother as we were clashing our swords.

Me: You know it's just like old times Lucifer. You gave me an amazing fight.

Satan: Happy to provide.

We clashed some more and at 1 minute to midnight the ball dropped. I sensed it and we took the fight to in front of the altar. A man named Jericho came out and then Satan left the mans body he possessed and inhabited Jericho's.

Me: Oh no!

He was fully possessed by Satan.

Me: Let Jericho go you monster!

Jericho/Satan: He's mine now!

Me: No I can still sense him in there! Let him go!

I held up a cross to him and walk towards him. Jericho was clutching his head in pain as he was trying to regain control of his body. I was reciting the Lord's Prayer.

Me: Our Father who art in heaven, hallowed be thy name. Thy kingdom come. Thy will be done, on earth as it is in heaven. Give us this day our daily bread; and forgive us our trespasses, as we forgive those who trespass against us; and lead us not into temptation, but deliver us from evil. Amen!

Just as I finished the Lord's prayer the clock hit zero and 2019 had officially begun and a massive blast of fire exploded out of his body and crept across the floor. The fire was loaded with pure evil and it formed into a condensed ball on the wall and exploded outward and I saw SATAN IN HIS TRUE FORM! He was an ugly demonic creature and he roared at me with pure rage and evil and he swore to return in 1,000 years and I had a look on my face that said "I'll be waiting." The fire and Satan went back down into Hell never to be seen again for another 1,000 years.

Me: Go back to Hell and stay there.

I powered down and I heard a little girl's voice.

Girl: Daddy.

Jericho and me saw the spirits of his wife and daughter who were murdered in a contract killing and they were waiting for him in the afterlife.

I had tears flow down my face and I knew that they were at peace. I saw that Jericho was dead. The fight with Lucifer was too much for him to handle. One thing was for sure. This was a fight that I would never forget. I said a prayer for Jericho and he would rest in peace. Christine was forever grateful to me and Jericho for protecting her.

I fixed the church and went to enjoy the celebration. Confetti was flying everywhere and fireworks were shooting off all over the place. It was a joyous time.

At the estate Eddy and the Loud's were shooting off fireworks as well.

Manaphy, Poromon, and Poliwag: HAPPY NEW YEARS', EVERYBODY

---

The next morning I came home and I had confetti on me.

Me: Wow! What a celebration!

Nico: Did you have fun man?

Me: I sure did buddy. It was awesome! But let me tell you I had a powerful encounter and saved the world from the End of Days.

I revealed everything and everyone was shocked.

Lori: Are you literally serious J.D.!?

Me: I sure am Lori. I fought the Devil himself and won. It was a powerful fight in the House of God and it was unbelievable.

Lincoln: The last time you fought the Devil was back when we went into the Netherworld for that school project.

Me: I remember. I'll never forget that fight. It was the most brutal one we had but I triumphed.

Luna: That must've been an intense fight dude.

Sam S.L.: No kidding love. But J.D. won.

Me: Well I held him back until the clock struck midnight and it was a brutal fight.

Vince: I can tell man but great job.

Me: Thanks Partner.

We had breakfast.

Lynn Sr. I'm so glad that you think of me as a father, Harry!

Harry: Thanks, Mr. Loud. It's actually true. You actually have treated me like a son then my so called birth father ever did.

Lynn Sr.: I'm honored that you would think of me like so. You can call me dad if you want.

Harry. Thanks dad.

Maria: I can't believe how much I've grown. First, I was a metahuman criminal. Now I'm the second in command of the Redemption Squad.

Me: I know. Happy New Year everyone.

Everyone: Happy New Year J.D.

THE END

Another Fanfiction complete.

I wanted to base this one off of the 1999 movie End of Days. That movie was unbelievably intense. The Devil in that movie was one UGLY creature and he was scary as all get out. But the chant in that movie from that woman sure gave me the creeps. Every time I heard it, it would send shivers up my spine. But it was an awesome movie and Arnold Schwarzenegger did a great job in that movie and it was awesome. But Happy New Year everyone and I figured this would be a great chapter to finish 2018. The ultimate fight with the Devil would be the perfect way to finish 2018. But the celebration featured in this chapter was the celebration from the year 2000 celebration. That was a fireworks show we'll never forget and the fireworks all over the world were incredible in a myriad number of ways. I know it's 19 years later but I figured it would be perfect. NicoChan11 gave me the scene ideas for this one. Thanks man as usual. Let me know what you all think and have a great Happy New Year and a bright 2019 everyone and be sure to watch the Rose Bowl.

See you all next time.

End of Days is owned by Peter Hyams and Universal Pictures

# Closing St Olga's

It starts in the park. I am watching Lola, Lana and Lila playing on the playground and making sure that they don't get hurt. Lori, Earth, Laney, Lincoln, Carol, Vince and Bobby are watching too. Maria and Rhino were laying on the ground with a piece of straw in Rhino's mouth and they were watching the clouds. Francesca was on another bench and Courage was on her lap.

Lori: This is literally relaxing.

Bobby: It sure is babe.

Laney: There's nothing like relaxing in the park after having a great day fighting crime and saving the world.

Carol: You said it Laney.

Lana is going down the slide.

Lana: WEEEEEEE!

Lana made it to the bottom.

Me: You love the slide huh?

Lana: I sure do J.D.

Lola came down next.

Lola: That is awesome!

Me: It sure was.

Vince: Boy I miss those days.

Carol: I do too Vincey.

They heard some girls laughing and Lori recognized that laugh anywhere. It was from a girl she knows at school and she despises her with a terrible vengeance to the core. Her name is Chloe Delsantos. Chloe is a black hair oriental girl and she is one of the most popular girls in school and she comes from a very prominent rich family that is widely known throughout the city and she thinks that because she's worth a huge amount of money she can get anything she wants by buying it. She is a complete and total narcissistic prick and she is a heartless sociopath with a major league superiority complex as big as the star Betelgeuse and she claims to be so much better than everyone else that it consumed her to the point of no return. I've known her since she started school over a year ago. She hates mine and Lori's guts with a passion.

Me: Chloe.

Lori: Chloe.

Carol: Chloe.

Chloe: Well, well, well if it isn't the loser storm.

Me: You're looking well Chloe. Did you get new perfume samples that suit your ego?

Chloe: Nothing you losers would know.

Carol: You really disgust me Chloe. I can't believe I was like you.

Chloe: What happened to you Carol? You were my best friend and you loved being better than loser Lori.

Carol grabbed Chloe by her shirt.

Carol: Do you know the kind of pain that you caused me, Chloe?! You poisoned my mind with the ideas of popularity and superiority. If it weren't for you, Morgan wouldn't have been created in the first place. (smiles) But you know what? I should be thanking you. Your actions led me to becoming part of Lori's family, me getting powers, and me meeting my boyfriend Vince.

We gasped when we heard that.

Chloe (nervously): You're welcome. Does that mean you'll let me go?

Carol (smile becomes sadistic): No. But I'll let Maria and Rhino beat you up!

Maria: Hi, Chloe. I'm Maria. And that girl that you turned against Lori? I'm her little sister and best friend! I'm also the second in command of the Redemption Squad. And I don't like people who mess with my family and friends!

Rhino: Since we're in a generous mood, we're giving you 5 seconds to run. After that, we're coming after you!

Francesca (to Chloe): Compared to the fates of most of our enemies, you're getting off easy!

Francesca played a flute and Courage howled in fear.

Francesca: Upon your rich head, a curse. (Plays flute) Long as your soul lives in your purse. (Plays flute) And with your coins you cannot part, (Plays flute) Your sky shall be dark as your heart! (Plays final note)

Just like that a dark little storm cloud appeared above Chloe's head and rained big. Lightning struck around her and this curse will be with her for the rest of her miserable life and there's no way to remove it. Ever.

Courage: You've been learning magic from Shirley haven't you Francesca?

Francesca: I sure have Courage. It's come in handy.

Me: It sure has. I know this curse all too well. Belay that order guys. Beating her up won't be needed. That curse is more than enough. I hope she likes sleeping outside.

Maria: I'm sure she will not enjoy it.

Lola: It serves her right.

Lana: Yeah!

Laney: I've never liked that girl but she deserves it nonetheless.

Me: Yep. I think that's enough fun for the day.

Vince: Yep.

We went home.

---

Back at the estate we were watching TV, playing card games and reading books. I was playing card games with Marco and Star.

Me: Hey Marco can I ask you a question?

Marco: Sure J.D. What's up?

Me: Well I know Star is training to become the next Queen of Mewni but is there a place that all princesses fear above all others? You know. A place that terrifies them most.

Marco: I know what you're talking about J.D. and yes there is.

Star B.: It's a reform school that is widely feared all over the universe! It's called St. Olga's Reform School for Wayward Princesses! (SCREAMS)

Me: Whoa! It's REALLY feared!

Marco: It sure is.

Marco told me some stories about St. Olga's. He told me that it was a nasty school that completely brainwashes princesses and turns them into people that are not who they are.

We gasp in sheer horror.

Me: That is not a school. That is more like a Sanitarium from Hell.

Marco: It sure is.

Me: Okay we have to go and make sure that school never terrorizes the universe again. We're gonna blow up St. Olga's and destroy it

forever.

Everyone: YEAH!

Me: First would any of you guys like to join the Lantern Corps?

Team W.I.T.C.H. and the Redemption Squad raised their hands.

Me: Okay.

Irma: What is the Lantern Corps?

Me: I'll show you.

I pull out my Blue Lantern Ring, put it on my finger and say the oath.

Me: IN FEARFUL DAY, IN RAGING NIGHT;

WITH STRONG HEARTS FULL OUR SOULS IGNITE;

WHEN ALL SEEMS LOST IN THE WAR OF LIGHT,

LOOK TO THE STARS - FOR HOPE BURNS BRIGHT!

I become a Blue Lantern.

Me: This is my Blue Lantern Form. There's a long history behind them and it stretches back to the beginning of the universe's creation.

I revealed the history of the Lanterns and the powers they have.

Will: Wow! That's unbelievable.

Irma: John Stewart and Hal Jordan are Green Lanterns and I saw them on the news.

Me: That's right.

Cornelia: So the emotions the Lantern Corps govern are along a rainbow spectrum and you represent Hope?

Me: That's right Cornelia. Blue is Hope and the Blue Lantern Corps are stationed on the planet Odym. Every Lantern Corps has a home world.

I explained colors, the emotions and the home worlds as follows:

Red - Rage - Ysmault

Orange - Avarice - Okaara

Yellow - Fear - Qward

Green - Will - Oa

Blue - Hope - Odym

Indigo - Compassion - Nok

Violet - Love - Zamaron

Taranee: That's amazing. I never even knew that something like this even existed.

Lincoln: It's very shocking Taranee.

Brittney: That's right. After I killed the leader of the Red Lantern Corps, Atrocitus, I became their new leader.

Brittney shows her Red Lantern Ring.

Brittney: But Rage is a very dangerous and deadly emotion and if it's left unchecked it can have disastrous consequences.

Eion: Take it from me and mom. We're both Red Lanterns and we only use our powers as Red Lanterns when needed.

Brittney: Yep.

Bleez: Rage is a dangerous emotion.

Hay Lin: Okay lets do it guys.

Cassidy: This is gonna be awesome.

Me: Okay. I called the other Leaders of the Lantern Corps.

They came in. In came the Leaders as follows:

Larfleeze - Leader of Agent Orange

Sinestro - Leader of the Sinestro Corps

Hal Jordan - Leader of The Green Lantern Corps

Saint Walker - Leader of The Blue Lantern Corps

Indigo 1 - Leader of Indigo Tribe

and Carol Ferris - Leader of the Star Sapphire Corps

Me: Glad you all could make it.

Hal: Glad we could come.

Sinestro: Anything for a friend.

Saint Walker: It's good we came brother J.D.

Indigo 1: Nok. We had a feeling you were recruiting new members into the corps and we came as soon as we could.

Girl Jordan: Carol. I'm glad you're doing all right.

Carol F.: Thanks to you Girl Jordan. I'm leading the Star Sapphires on a much better path for good.

Larfleeze: As long as you don't touch my shiny.

Me: I'm glad Carol and calm down Larfleeze. I have no intentions of touching your shiny.

Brittney: Okay now lets get you some rings.

She held up her ring and said the Red Lantern Oath.

Brittney: WITH BLOOD AND RAGE OF CRIMSON RED;

WE FILL MENS SOULS WITH DARKEST DREAD;

AND TWIST YOUR MINDS WITH PAIN AND HATE;

WE'LL BURN YOU ALL, THAT IS YOUR FATE!

She turned into a Red Lantern.

Brittney: This is a Red Lantern guys.

Will: That is scary and cool at the same time.

Saint Walker: Okay J.D. begin the replication process.

Me: Yes brother Walker.

I form Rings for Fox, Kirby, Cassidy and Irma.

Indigo 1 formed rings for Bai Tza, Shego and Elyon.

Carol Ferris formed Violet Rings for Cornelia and Megan.

Sinestro formed Yellow Rings for Shocker, Harley Quinn and Falco

Larfleeze formed an Orange Ring for Taranee.

Hal formed green rings for Hay Lin and Will.

Brittney formed rings for Matt and Rhino. But she explained that they can be removed.

Me: You're all set guys. Now lets go destroy that school for good.

Marco took out his dimensional scissors and cut a hole that led to St. Olga's. We go in and we arrived ST. OLGA'S REFORM SCHOOL FOR WAYWARD PRINCESSES! (MALEVOLENT LAUGHTER)

Me: Wow. This place looks like a Victorian Era castle. But on the inside it's a sanitarium from Hell.

Taranee: It sure is.

Me: Yep. Lets go.

We fly over and blasted in through the front door in a huge fiery explosion.

KRABOOOM!

In the hall we saw the headmaster Meteora A.K.A. Ms. Heinous.

Me: Ms. Heinous I presume?

Ms. Heinous: That's right J.D. And you will be completely annihilated by the time I'm through with you.

Me: I don't think so.

I fired a blast and obliterated her assistant.

Me: You're next Heinous. Attack!

We went at her and I punched her in the face.

Star B.: Cupcake Blast!

She fired a stream of cupcakes from her hands and they hit her and she punched her and kicked her in the face.

Marco fired a blast of fire and burned her face.

Venom fired black webbing at her and wrapped her up.

Venom: Lets use our combo on him webs.

Spiderman: You got it Venom.

Venom and Spiderman fired black and white web at her.

Venom and Spiderman: BLACK WIDOW VENOM BITE!

The webs turned into a vicious black widow spider and it bit Ms. Heinous and she was paralyzed.

Yugi summoned Dark Magician.

Batman threw battarangs.

Yugi and Batman: DARK MAGIC BATTARANG ASSAULT!

The battarangs were energized with dark magic and they hit Ms. Heinous and exploded and burned her.

Luke Skywalker slashed her with his lightsaber and fired a force blast that sent her crashing into the wall.

Luke: You're gonna pay for all the torture and pain you've caused to innocent children.

Luke used his Final Smash.

Luke: FORCE LIGHTNING BARRAGE!

Luke fired an enormous blast of Force Lightning and electrocuted Ms. Heinous to an incredible level.

Harry Potter fired a lot of magic blasts at Ms. Heinous and burned her badly.

Harry P.: (British Accent) You are a monster Heinous and you don't deserve to be around children ever.

He used his final smash.

Harry P.: FIENDFYRE AVRACADAVRA!

He fired a huge blast of fire from his wand and burned her all over. Elyon fired a huge blast of time light from her hands.

Elyon: You give all teachers everywhere a really bad name Heinous. Your teaching license is hereby revoked.

She used her final smash.

Elyon: TIME AGE BLAST!

She fired a beam of light and it aged Ms. Heinous rapidly. It turned her into a 1,000-year-old woman.

Venom went up to her.

Venom had his hand on her shoulder.

Venom: **You are a bad teacher and you come in here again, in fact if you go anywhere in Mewni preying on innocent people and we will find you and eat both your arms and then both of your legs and then we will eat your face right off your head. Do you understand? Yes. So you will be this armless, legless, faceless thing won't you? Going down the streets like a turd in the wind. Do you feel we?**

Ms. Heinous: What the hell are you?

Venom revealed half of Eddie Brock's face.

Venom: **We are Venom.**

Venom covered his face.

Venom: **On second thought…**

Venom ripped her whole face right off her head and splattered her blood all over the place.

Venom got away.

Star B: NARWHAL BLAST!

She fired a Narwhal from her hands and smashed her.

Star B: You make me sick Heinous. I will finish you for good!

She used her final smash.

Star B.: BUTTERFLY WRATH!

She fired a huge swarm of flaming butterflies and burned her and Heinous was completely incinerated into dust. Killing her instantly.

Me: Burn in Hell Ms. Heinous.

Her spirit appeared and Nicole sealed her into the Book of Vile

Darkness.

Taranee: So, listen, we're gonna want to be leaving now.

Shego: Why?

Taranee: Because I just emptied a full tank of gasoline and lit a match. We've got about five seconds.

Me: Lets go!

We ran out of the building and the whole place exploded in a massive fireball.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM

The whole school was now a massive heap of flaming rubble. St. Olga's Reform School for Wayward Princesses was now completely destroyed.

Hay Lin (sees the remain of St. Olga's): Wasn't there an electrician in there today?

Irma: He left. Pretty sure he left.

Will (sees his truck) Isn't that his truck?

Cornalia: Well, guys, we're officially murderers. I just hope that electrician was a bad man..

Me: I have a feeling he was. Lets go home.

We did so and Star Butterfly and every Princess in the Universe was now free from the terror of St. Rita's Reform School for Wayward Princesses.

# Saiyan and Angel VS Android

## PART 1: REBELLION OF THE ASTRAL DROPS

---

It starts in the training yard. We were practicing our moves and strengthening our powers.

Me: KAAAA! MEEEE! HAAAA! MEEEE! HAAAAAAAAAAAAAAAAAAAA!

I fired a Kamehameha Wave at a training post that looked like an evil Sasuke and it exploded when it hit.

KRABBBOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMM!

Will: Wow! J.D. your powers are incredible.

Me: I've had years of experience Will. When you've trained and fought for as long as I have you learn things never thought possible.

Cornelia: That's true.

Elyon: Yep.

Suddenly without warning Irma, Taranee, Cornelia and Hay Lin were enveloped in auras of light and then the lights broke away and turned into copies of them.

Me: What the!?

Nico: What in the world are those things!?

Elyon: Those are called Astral Drops. Think of them like clones of you and you can now be in multiple places at once with them.

Me: Very clever.

Astral Taranee: You monsters!

Astral Hay Lin: You will pay for everything you've done to us.

Me: What in the world is going on? Are they rebelling?

Will: It would appear that way.

Irma: None of you are real. You're just parts of us!

Astral Irma (angry): Liars! (fires water at Irma, knocking her down)

Astral Taranee threw a fireball at Taranee, knocking her to the ground. Astral Cornelia tied up Cornelia with vines. Astral Hay Lin knocked Hay Lin into a wall with an air blast.

Astral Taranee: When are you going to get it through your thick skulls? We're not part of you 4.

Astral Cornelia: We're individuals with our own hearts and minds and will!

Astral Hay Lin: And we're sick of being stuck in the Heart of Kandrakar.

Me: Stop this now you four! This is madness!

Astral Taranee: I don't care!

Cornelia: Listen. Whatever's going on here, we didn't do it to you. We're the good guys, remember?

Astral Cornelia (tears in her eyes): GOOD GUYS?! You treat us like slaves!

Astral Hay Lin: All we want is a chance to live. But you slave drivers won't even give us that chance. Well, now it's time to pay for your sins!

I go Super Angel and Nico goes Super Saiyan 2.

Me: Not if we stop you first and get you to listen to reason! GUARDIANS UNITE!

I now have the power to turn all of Team WITCH into our Guardian forms.

Will: THE HEART!

Irma: WATER!

Taranee: FIRE!

Cornelia: EARTH!

Hay Lin: AIR!

Me: LIGHTNING!

Megan: SPACE!

Elyon: TIME!

Me: Lets go!

We went at the Astral Guardians and it was a brutal onslaught.

I grabbed Astral Irma by her arms.

Me: Listen to me! There is no need for us to fight with you.

Astral Irma: I must make that monster pay!

She fired a huge blast of water at me and I fired energy blasts at her and she flew as I fired energy blasts. They exploded all over as she flew.

Ben: Whoa! This reminds me of the time when I got trapped in the Ultimatrix and I was fighting my Ultimate Alien forms because they wanted to make me pay.

Riley: That must've been awful for you Ben.

Ben: It was Riley.

Gwen T.: It was a nightmare Ben never wants to have again.

Ben: We have to have a source to remind them.

Ben turned into Alien X.

Ben: **ALIEN X!**

Will: Wow!

Alien X: **Will I'm going to bring your Astral form back to life.**

Will: Can you do that Ben?

Alien X: **When I'm in this form I can do anything and I have the power of a god in this form.**

Gwen T.: It's true Will. Celestialsapiens are the creatures that are said to have created the entirety of the universe. They have the power to do anything.

Will: Wow! That is amazing!

Alien X: **It is. Now let me work my magic.**

Ben looked into Will and found an Astral form inside her as well and he used his powers over reality to bring her back to life.

Astral Will: I'm alive? But I thought you absorbed me into yourself.

Will: I did. But Ben used Alien X to bring you back to life. And right now, we need your help. Your fellow Astral Drops decided to follow in your footsteps.

Gwen T.: They went rogue and are trying to kill the other Guardians.

Alien X: **That's right. We have to try and reason with them. They think that their Guardian forms are slave drivers and they have let those thoughts cloud their judgements. We have to help stop them.**

Astral Will: I understand. I want to live a life too.

Will: I promise you'll all get that chance but we'll give you all different names to avoid confusion.

Astral Will: Good idea.

Alien X: **Lets go!**

The battle began.

---

Battle 1: Astral Irma.

---

Irma fired a blast of water at her Astral self and I fired lightning and the water hit first and the Lightning electrocuted her.

Rubberband Man punched her with a powerful punch.

POW!

Me: Listen to me Astral Irma. We would never treat you like a slave. It's not in our nature.

Astral Irma: You are a liar! You never knew what it was like! I was a slave to that witch!

Me: You are deluding yourself! I can't believe you would even think that.

Elyon: He's telling the truth! Like your real selves you are my best friends and we would never do that to you!

Star B.: But lets show you how wrong you are. NARWHAL BLAST!

Star fired a Narwhal and Elyon fired a blast of light.

Star and Elyon: NARWHAL LIGHT FLOP!

The light combined with the Narwhal and it formed over Astral Irma and squished her. She was in the ground groaning.

Laney: I can't believe that she would think that we would use them as slaves like that.

Me: I hope this isn't one of Nerissa's back up plans she made after we killed her.

Irma: I think it might be J.D. but we'll find out later.

Me: Yeah.

Laney tied up Astral Irma with her vines.

---

Battle 2: Astral Taranee

---

Carol fired Baragon's flame ray and Astral Taranee fired a blast of fire. The blasts collided and exploded with incredible power and turned most of the training field into a massive inferno. Taranee fired a blast of fire at her Astral self and it hit the ground by her and exploded.

Riku fired blasts of ice at Astral Taranee and froze her and William fired an ice blast at her.

Luke went at Astral Taranee and Harry Potter casted a spell.

Luke and Harry: GLACIUS SABER SLASH!

Harry fired a blast of ice from his wand and the spell merged with Luke's lightsaber and the blade became a glowing blue blade of pure ice and he slashed Taranee and froze her in a block of ice.

Laney thawed her out with a Flame Fu move and tied her up in vines.

---

Battle 3: Astral Cornelia

---

Megan fired a blast of space energy and stars at Astral Cornelia. She dodged it and threw flower shuriken at her.

Megan dodged them.

Megan: I can't believe that you would think we're treating you like slaves. We would never do such a thing to you! Like Cornelia you are also my best friend and I would never treat you like that!

Astral Cornelia: You make me sick just looking at you!

Cornelia: Don't you dare talk to Megan like that!

Elena fired a blast of lightning at her and electrocuted her. Stewie fired a blast of lightning from his lightning ray.

Elena: How can you even think that? You have to realize that you may have been born from Cornelia but you are human just like us.

Astral Cornelia: That's exactly right! I want to be treated like everyone else!

Laney tied her up in vines and neutralized her powers.

---

## Battle 4: Astral Hay Lin

---

Hay Lin and her Astral form were flying in the sky like dogfighting planes.

Hay Lin: Why would you think that I'm treating you like a slave?

Astral Hay Lin: Because that's all you are! You can never understand!

Xion: That's not true. You may have been created from Hay Lin but this is not right. You have to open your eyes and realize that slavery goes against everything we believe in. I don't know what caused you and the other Astral Forms to think this but I have a feeling that it was Nerissa that set this all up.

Hay Lin: You may be right Xion but this won't happen for long.

Captain America: I agree Hay Lin.

Captain America used his Final Smash.

Captain America: SHIELD KNOCKOUT!

He threw his shield and it hit Astral Hay Lin and sent her falling.

Batman swung in and used his Final Smash.

Batman: LIGHTNING BATTARANG BOMBARDMENT!

He threw numerous bat boomerangs flooded with lightning and they electrocuted her and stunned her.

Laney wrapped her in vines too.

Laney: Now they'll listen to reason.

---

We gathered them and Will and Astral Will told them that we would never treat them like that as they were led to believe. They were looking at us.

Will (to the other 4 Astral Drops): You probably won't believe this, but we never meant for you to suffer. Any of you. And we're sorry.

Me: It's true girls. Whether you choose to believe what we say or not is entirely up to you but it is the truth.

The four Astral Drops cried their eyes out hard. They now realize that we were right and that they were lied to and led down the wrong path.

Nicole then came and she found a disturbing revelation. The 4 Astral Drops appearing on their own and rebelling against Irma, Taranee, Cornelia and Hay Lin were indeed a back up plan formulated by Nerissa.

Me: (Growls) Nerissa! Even in death you still cause trouble,

Matt: No kidding. What a heartless witch.

Lincoln: Yeah.

We gave the Astral Drops human life and gave them name changes to avoid confusion and they are called M.A.Y.O.N. Mina, Aylene, Yen Sin, Ophelia and Naomi. We changed their hair colors to their respective colors of their elements and it was fitting. They now live in one of the guest houses and they are more Guardians as well. This time however M.A.Y.O.N has different elements and they are as follows:

Mina - Darkness

Aylene L. - Wood

Yen Sin - Light

Ophelia - Lava

Naomi - Metal

They told me that they always wanted twin sisters.

## Part 2: Saiyan and Angel VS The Ultimate Android.

In the Simulator Room me and Nico were doing an exercise where we face the Z-Fighters most dangerous enemy - Cell, the Android from the Future. Cell was created by Dr. Gero and his purpose was to not only fulfill Dr. Gero's dark dream of revenge but also destroy the entire universe. The Z-Fighters were in the control room and the rest of the Loud Kids, Vince, Carol, Varie and May were in there too.

Me: This is gonna be so awesome man.

Nico: You know it J.D. I can't wait to see how I measure up against Cell in his complete form.

Me: Me too. But with our combined strength Cell won't stand a chance against the both of us. But lets keep our true power hidden until Cell becomes complete.

Nico: Okay.

Me: Lets do it.

The simulator activated and we found ourselves on Earth by the island where they were fighting Cell. We saw Cell beginning to transform and we saw Vegeta watching Cell transforming.

Me: It's begun buddy.

Nico: It sure has.

We saw Cell enveloped in a ball of green energy and we watched in sheer amazement as his power was rising at an incredible level. Lightning was striking everywhere and the skies darkened and the water around the oceans roared and whipped around violently and it looked as if the entire planet was going to explode. We felt the enormous level of power coming from Cell while keeping our energy and true power levels hidden from detection. Krillin, Trunks and Android 16 looked on in sheer horror at the level of power coming off of Cell as he was transforming and Vegeta watched with an arrogant smirk on his face.

Me: Unbelievable!

Nico: Holy mackerel! I've never felt a power level that strong before.

Me: It's incredible. Now I can tell what Master Goku and Master Vegeta and the Z-Fighters were up against.

Then in a massive explosion of light, Cell's transformation was complete. The level of power coming off of him was incredible.

We both saw Cell's complete form and it was unbelievable.

Cell became much more humanoid in after absorbing Android 18, complete with both a fully-formed nose and mouth. His tail had retracted and is now used for the creation of Cell Jr's. He is also smaller than when he was in his previous form, being roughly about Piccolo's height. His wings have grown back and are now shaded black. His exoskeleton is now no longer emerald green and lime green with black spots from the last two forms, but they are now colored light-green with dark green spots and he has black plates located on his shoulders and chest, and the plates on his ankles as well as the previously orange section near his groin are now shaded black. He also retained his boot-like feet and the straight jutting sections of his head with the ball-like section between the two sections from his previous form. His skin is now white all in his face, neck and hands, he now has purple lines in both sides of his cheeks, similar to Frieza in his first three forms, and the orange line across his ears and chin is now changed into a yellow color. His eyes are now pink, and his blue veins are now purple.

Me: Wow. His power increased dramatically. I would say it's about 35 million now.

Nico: That's just what I was thinking J.D.

Me: And Vegeta let him absorb Android 18. He will pay dearly for this in Hell.

Nico: He sure will.

Me: Shall we kick this off man?

Nico: Be my guest.

Me: Lets start with killing Vegeta.

I fired a powerful energy blast right at Vegeta and he never even saw it coming and he was completely obliterated in an instant.

We teleported and landed in front of Cell.

Me: So you are Cell, I take it?

Cell: That's right and you are?

Me: My name is J.D. Knudson and I'm a Human turned into a powerful force.

Nico: And my name is Nicolas Chan. I'm a Saiyan and I was born on the planet Vegeta and raised on planet Earth.

Trunks: So you're a Saiyan too?

Nico: That's right Trunks and as you saw J.D. killed your father Vegeta.

Me: I'm sorry Trunks, but he brought it on himself. As you saw he let Cell become complete and he had to pay for that.

---

On the lookout Tien and Piccolo sensed the full extent of our incredible power that me and Nico have hidden and they gasped in sheer shock and amazement.

Bulma was holding a baby Trunks in her hands.

Bulma: What's going on guys?

Tien: I'm sensing an incredible power with Trunks, Krillin and Cell!

Piccolo: No there's two of them. They are equal in strength. And Vegeta's energy signal has disappeared. He's dead.

Bulma gasped in shock.

Bulma: Vegeta is dead!? How!?

Piccolo: This power killed him like he was absolutely nothing!

Tien: And the powers we're sensing make Cell's complete power feel like nothing!

Piccolo: It's… It's mind boggling! Their names are J.D. Knudson and Nicolas Chan. J.D. is a human and Nico is a Saiyan.

Tien: Whoa! How can they both have that much power!?

Bulma: They must have come to kill Cell.

---

Back on the island we stood ready and looked at Cell.

Me: This fight with Cell is now our job guys. You're more than welcome to watch the fireworks if you'd like.

Trunks: I have a feeling you can beat him guys.

Krillin: Get him guys.

Me: With pleasure. You better take Android 16 and get him some help.

Krillin: Right.

Me: And Krillin I know about your crush on Android 18 and I promise we will get her back for you. Love has a nasty way of causing people to do strange things.

Krillin gasped but he knew that I was right.

They left with Android 16 in tow.

Me: Okay Nico, I'll face him first and then you will have your shot at him.

Nico: Okay. Get him J.D.

Me: With pleasure.

I powered up my Super Angel 10,000 form and unleash the full extent of my power. The skies darkened and lightning was striking everywhere and the ground was shaking violently. The Z-Fighters could feel the unbelievable magnitude of my power and the entirety of the Lookout was shaking violently too.

Piccolo: It's unreal! How is J.D. generating that much power!?

Tien: Incredible!

Trunks: Unbelievable!

Krillin: His power is unreal!

My power was unleashed and Cell was still confident that he could win against me.

Me: There. I think you fighting me will give you a good warm up right Cell?

Cell: Yes it will. Destroying you will be a decent warm up.

Me: Happy to provide. Lets dance.

Cell: I won't disappoint you.

Me: I know you won't.

I dashed at Cell and we engaged in a powerful and ferocious fist fight. We punched and kicked eachother and exchanged numerous blows one after the other and it was a ferocious fight. Massive thunderous shockwaves from our punches and kicks echoed all over the sky and we were moving with such incredible speed that it was unbelievable.

---

I fired numerous energy blasts at Cell and they exploded on contact and burned him bad. And then I fired an energy blast and it blew his whole right arm off.

Cell: Impressive J.D. That was quite a little show.

Me: Glad you were entertained. But that must've hurt you bad.

Cell: It did. But Piccolo's regenerative cells are a part of me.

Me: I knew it wasn't gonna be easy from the start.

Cell regenerated his arm. But his energy drained somewhat.

Me: You have a lot of good qualities Cell and you are truly a worthy and formidable adversary.

Cell: Thank you. You are too kind.

Me: Only when I want to be. Vegeta wouldn't have given you much of a challenge anyway. His anger and pride blinds him to everything and it would've made your fight with him a complete and total waste of time.

Cell: That is true J.D. Shall we continue?

Me: Yes. Lets shall.

Cell went at me and he was trying to punch and kick at me and I was blocking all his attacks and moves with incredible speed and strength. Cell fired energy blasts at me and I dodged and evaded them and I fired my own energy blasts and they hit his and they exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

The explosion was so powerful that it blew apart some of the island.

Trunks: Wow! What power!

We went at eachother again and we were punching and kicking and the power of our attacks blew apart the rocks and mountains on the island and formed waves on the water. We stopped and stood apart.

Me: Wow! You are far more formidable than what I first thought. That was a good enough warm up.

Cell: Indeed.

Me: Now it's time for the main course. Time to go all out.

I punched Cell in the stomach with devastating force and dealt him a powerful uppercut to his chin and he went skidding and then he fell onto the ground as he tried to get up and he belched up a huge amount of blood.

Cell got up and he was shocked that I brought him to his knees.

Cell: This can't be!

Krillin: I have a feeling that J.D. just won it all you guys.

Trunks: Remember Krillin it's not over till it's over.

Nico: That's right.

Me: Nico! It's you're turn.

Nico: All right.

Nico then went Super Saiyan 4 and went in front of Cell.

Nico: It's my turn now Cell.

He dashed and punched Cell in the face and kicked him in the stomach and punched him in the chest and kneed him in the face.

Cell was completely enraged.

Cell: I will not be humiliated by a couple of children! This has gone long enough! I am tired of playing this games!

He flared up his aura to full power and he was enraged even more. He formed two Destructo-Disks.

Cell: Destructo-Disk!

He threw them and Nico caught the disks. He flared up his power and destroyed them.

Nico: My turn. AIR SHATTERING ENERGY BALLS!

He fired numerous energy balls of concentrated wind and air and they went at Cell and punched him all over as they exploded.

Nico: DRAGON THUNDERCLAP!

He fired a blast of lightning from his finger and it hit Cell and electrocuted him and exploded on contact. Nico teleported and kicked Cell in the face and send him crashing through a rock. He got up.

Cell: You little fool! I will show you what true power is!

He flared up his aura again.

Cell: Special Beam Cannon!

He fired his Special Beam Cannon at Nico and when it was close enough he deflected it up into the sky where it exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM

Nico formed a fire ball.

Nico: NUOVA STAR!

He threw the ball of fire and it hit Cell and exploded into a pillar of fire.

Cell was blown out of the fire pillar and he hit the ground. Cell got up and he was even more enraged.

Cell: Curse you!

He fired numerous blasts from his finger.

Cell: RAPID FIRE!

But Nico wasn't in the least bit affected by it.

Nico was walking up to him and Cell was completely afraid of him.

Nico: (to Cell) Android 17 might've been a jerk but he still had his own life ahead of him!

Cell was shaking in fear.

Nico: What are you so afraid of Cell? You got your warm up and now you are facing true power. Don't you see? This is the true power of the Saiyans and you are completely helpless against it. And now that you've seen it you are afraid. Because you know that me and J.D. are going to destroy you.

Cell gasped in horror and he flew into the sky and he cupped his hands to the side above him.

Cell: KAAAAAAAAAAAAAAAAAAAAAAAAA! MEEEEEEEEEEEEEEEEEEEEEEEEE! HAAAAAAAAAAAAAAAAAAA! MEEEEEEEEEEEEEEEEEEEEEE!

He charged up an incredibly masssive Kamehameha Wave and he was going to use it to destroy the planet.

Cell: (Laughs) Here you go! Lets see you try and stop this! I'm going to blow up the Earth and there's nothing you can do!

Nico stood ready for anything.

Cell: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Cell fired the massive energy blast and he was gonna destroy the entire planet.

Nico: I don't think so.

He held up his hand and his Dragonball bracelet glowed red and 7 red energy beams fired out of the bracelet and formed a massive energy ball of pure Negative Energy in the sky and he condensed it to the size of his body and made it more concentrated and more powerful.

Nico: NEGATIVE KARMA BALL!

He fired it and it collided with the Kamehameha Wave and it consumed it and turned red.

Cell: No! What have you done!?

The red ball of energy went up to Cell and he tried to stop it but it was far too powerful.

Cell: I can't stop it!

The blast consumed him and went out into space where it exploded with incredible power.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it possessed enough power to destroy 100,000 planets. When the smoke cleared Cell was only half the creature he was. Both his arms were completely blown off, his legs and lower torso, wings, and a chunk of his head were blown off too.

Me: Wow! Cell has been damaged big time. Now it's time for both of us to take him down together.

I went over to him.

Me: Lets take him down together man.

Nico: You got it J.D.

Cell regenerated himself and made himself whole. He looked at the both of us with incredible rage and fury.

Cell: I am whole. (Growls) You wretched children! How dare you!? (ENRAGED SCREAMING) HOW DARE YOOOOOOOOOOOOOOOOOOOOOUUUUUUUUUUUUU!?

He then bulked himself up to maximum power in an incredibly massive explosion of insane rage and fury! He was completely out of his mind with so much rage and fury that it was unbelievable! He flew down to us and he was raging mad with ballistic fury.

Cell: YOU WRETCHED BRATS! YOU WON'T DEFEAT ME! WORTHLESS KIDS LIKE YOU CAN'T COMPETE WITH ME! I AM INVINCIBLE! AND NOW I WILL MAKE YOU BOTH PAY!

He punched the ground and we dodged. He tried to attack us but because of his big bulky body his size was slowing him down and we both punched him in the face at the same time with incredible force.

Cell: (Groans) You aren't kids, you're monsters!

Me: We've heard that one before.

We went at him and kicked him in the stomach with devastating force. The kick was so strong that it had broken him bad.

Cell: What have you done to me?

He then looked like he was sick.

Krillin: Hey look!

Trunks: Looks like something is happening to Cell!

Android 16: His power is dropping fast and he's getting weaker.

Cell was puffing up and then he was throwing up. He puked a huge amount of white slime and in that slime was Android 18 and she was barely alive and was still conscious.

Nico: Oh that is disgusting!

Me: No kidding. But he threw up Android 18.

Krillin: He threw up 18!

Krillin came and picked her up bridal style and took her to with the other Z-Fighters.

Cell was still throwing up.

Cell: I'll get you both for this!

He then started to devolve. He reverted back to his Semi-Perfect form.

Trunks: Look! He has changed! He isn't in his final form anymore!

Krillin: Yes! They did it. Cell was no match for Nico and J.D.

At the Lookout, Tien and Piccolo felt it.

Piccolo: Cell's power decreased tremendously and they freed Android 18 from inside him.

Tien: Incredible!

Cell looked at the both of us with incredible rage.

Cell: BRAAAAAAAATTTTTSSS!

He stomped the ground and the dust blew all over and he broke the ground.

Cell: YOU LITTLE INSECTS! YOU MADE A FOOL OF ME!

Me: And I show no remorse in doing so.

Nico: Me neither!

He screamed in rage and he went at us and we dodged him. He tried to attack us but it was all for nothing and we punched him in the stomach and head and he was belching up blood like no tomorrow. We punched and kicked him with incredible force and we were mercilessly destroying him.

Me: Lets finish him with our combo man.

Nico: You got it man.

I charged up a Big Bang Kamehameha and Nico charged up a Negative Karma Ball.

Me: You are now gonna pay for your crimes Cell. X100 BIG BANG KAMEHAMEHA!

Nico: NEGATIVE KARMA BALL!

We fired our techniques right at Cell.

Me and Nico: NEGATIVE BIG BANG KAMEHAMEHA!

The blasts combined and turned into a purple Kamehameha Wave of Incredible power.

Me: The nightmare is over Cell! DIE!

The blast enveloped him and completely obliterated him in an instant and there was nothing left of Cell. Not one cell of him, not even an atom of him remained. The blast went all the way out into space and it dissipated harmlessly. We powered down and we weren't in the least bit exhausted.

Me: It's over guys. We won.

Nico: Yep. Cell's energy signal has completely disappeared. It's over.

Krillin: They did it! Cell is gone! It's all over!

Trunks: Yeah!

Me and Nico gave the Victory pose to Trunks, Krillin, 16 and 18 and they laughed and smiled.

In the control room everyone was cheering wildly.

Me: Enjoy the Hell For Infinite Losers, Cell. Because you're gonna be there for a long long time.

Nico: Yep.

We went back to the Lookout and we told everyone about our victory and just as we finished telling our story, we sensed Goku and Gohan's energy signals.

Me: Master Goku and Gohan are finished.

Tien: Yeah. I can feel their energy signals.

Me: They were training in the Hyperbolic Time Chamber to fight with Cell

Nico: Yeah but I'm afraid we killed him before they could get some shots in on him.

Trunks: Yeah but that's not even a year.

Piccolo: No it's not.

Goku and Gohan came and they were still in their Super Saiyan forms and their clothes and training armor was all shredded.

Me: Wow. You two have changed dramatically.

Goku: Yes. I can't sense Cell anymore.

Nico: That's because you're looking at his killers Kakarot.

Me: I'm sorry Master Goku. I'm J.D. Knudson and I'm a human with the powers of a god.

Nico: And I'm Nicolas Chan. But everyone calls me Nico. I'm a Saiyan too.

Goku and Gohan were shocked.

Gohan: You're a Saiyan too?

Nico: That's right. Born on Planet Vegeta but raised on Earth. My Saiyan name is Bokrua but everyone calls me Nico.

Goku: It's a pleasure to meet you Nico.

Me: We have quite a story to tell you, but I can tell you two must be hungry.

Goku: (Laughs) You read our minds J.D.

Tien: (Laughs) Well at least he hasn't changed at all.

Me: Allow me.

I snapped my fingers and a huge spread of food appeared on the floor and it was good food. We start eating and it was great food.

We finished a lot of plates of food.

Me: Master Goku, was there enough food inside the Time Chamber?

Goku had a mouthful of noodles.

Goku: (With his mouth full) Oh yeah there's lots of food. But me and Gohan don't know how to cook so its been a long time since we had a home cooked meal.

Piccolo: Okay Goku why don't you try saying that without your mouth full?

Me: He and Gohan don't know how to cook very well so they haven't had a home cooked meal in a while.

Goku slurped the noodles and swallowed them.

Piccolo: (Growls in disgust) Disgusting.

Me: I know but you get used to it after a while which is easier said than done.

Nico: I know.

Goku: That's right guys. Us not cooking is an understatement. There was this time when I asked Gohan to fire me up a roast beef, it completely disintegrated! You wouldn't believe it! (Laughs)

Me: I believe you Master Goku. I tried to do exactly the same thing with my powers but that didn't work at all. So I decided to take it slow and easy.

Gohan: That's true.

Goku: So tell us what's been going on Trunks.

Trunks: Sure okay.

Trunks told Goku and Gohan everything that went down and they were shocked.

Goku: What!? You're kidding!

Me: No he's not Master Goku. Because of Vegeta he let Cell become complete and I killed Vegeta. Me and Nico beat Cell easily and he was completely overwhelmed by our power. Lets show them.

Nico: Okay.

I went Super Angel 10,000 and Nico went Super Saiyan 4.

Me: This form is my Super Angel 10,000 form.

Nico: And I call this form Super Saiyan 4.

Goku: Whoa! Your power is absolutely incredible!

Gohan: It's unreal!

Piccolo: Incredible!.

Tien: How can they both generate that much power!?

Krillin: I was shocked at first but they beat Cell with ease.

Android 18: (Weakly) They sure have a powerful level of energy.

We both powered down.

Me: It took an incredible amount of training to get to where we are at and our drive to protect our love ones is what fuels our power. With great power comes a great responsibility and our true strength and power comes from protecting everyone and everything we consider precious to all of us including the ones we love and keep close to our hearts.

Goku: That's a very powerful drive.

Gohan: Yeah. You think we'll all get as strong as you guys?

Me: You can if you have a drive and love for everyone and you have a strive to help those in need.

We later merged the planet Earth with our Earth and we merged everyone with their counterparts. We paid our respects to Android 17. Nico was given a different version of weighted training clothes. (Pikkon's training clothes) We rested for a bit.

Another Fanfiction Complete.

The fight with Cell was awesome! NicoChan11 gave me the ideas for this one and I decided to make this chapter a 2 part chapter. Thanks for the ideas man as usual. Let me know what you all think and have a Happy New Years to you all.

See you all next time.

# Ghost of Comet Kohoutek

It starts at the estate. Hay Lin's room, Hay Lin was drawing a picture of Team W.I.T.C.H. and the Redemption Squad in a pose similar to that of the Ginyu Force.

Will: This is a great pose guys.

Irma: It sure is.

Me: I like this pose idea.

Vegeta: This pose was actually done by the Ginyu Force. They were Frieza's elite force handpicked by Frieza himself composed of the most elite and gifted warriors. When I worked for Frieza long ago they were my friends. The Ginyu Force can only be summoned in times of dire need.

Me: I didn't know that Master Vegeta and I didn't know they did poses like this.

Vegeta: Yeah Ginyu always came up with poses like this and it wasn't very befitting of a warrior.

Taranee: I can believe it.

Me: Yeah.

Ed was done.

Ed: I am done guys.

Ed drew a picture of Flip and behind him was an ugly lizard monster.

Hay Lin: Um, Ed. What did you just show me?

Ed: Flip's head is about to be crunched by a four-legged mutant bus driver!

Arpeggio: (British Accent) I honestly thought that you would've drawn Flip's head being eaten by Edzilla.

Eddy: That is funny and fitting for him. But Ed did this with a photo scam we did and Sarah got sick and he ruined it.

Ed: I remember that.

Me: Uh guys can we hurry along here? My arms are starting to get tired.

Irma: I'm getting a cramp here.

Rhino: Me too.

Me: And Hay Lin, I've been thinking.

Hay Lin: What's that J.D.?

Me: Because me, Elyon, Megan and Matt are part of the Guardians, we should change the name to Team W.I.T.C.H.J.E.M.M.

Will: Team W.I.T.C.H.J.E.M.M.?

Me: Our initials. Will, Irma, Taranee, Cornelia, Hay Lin, James, Elyon, Megan and Matt.

Giganta: That's a great idea J.D.

Cornelia: I agree and I like the name for the team.

Me: I couldn't use the letter G for my name because my name starts with the letter J. Plus it was the best I could come up with.

Taranee: That's alright J.D.

Hay Lin: All done guys.

Me: Okay.

We can move again and Hay Lin showed us a great picture of us in an awesome Ginyu Force pose.

Me: That's great Hay Lin.

Laney: That's an awesome picture! You have quite the talent.

Hay Lin: Thanks guys.

Cornelia: You're welcome.

Rhino: Boy that pose we are doing is awesome.

Shocker: It sure is.

Brittney came in and she was excited.

Brittney: Guys! You are not gonna believe this. We are going to be experiencing one of the rarest events in the history of the world. A comet is gonna come close to Earth and it's gonna be a great comet.

Nicole: It's true guys. Comet Kohoutek is gonna make it's first appearance and we will never see it again for another 150,000 years.

Everyone: Wow!

Me: This comet must be an incredibly long orbit comet if it only appears once in that amount of time.

Nicole: It is.

Lincoln: This is gonna be so cool!

Laney: I've never seen a comet before.

Lola: Me neither.

Lana: What is a comet?

Me: It's a space rock made of ice and when it goes around the Sun it has a tail made of ice, gas and dust. Think of it as a dirty snowball streaking through space.

Lily: That is so cool! But we'll never be able to see a comet like this because of the light from the city.

Lisa: Agreed. The light pollution from the city will completely obscure any and all views of the stars in the night sky.

Brittney: I know. That's why we're going to the one place that hardly has any city and it is always clear to see the stars: The forests of Saskatchewan, Canada.

Laney: This is gonna be awesome!

Brittney: Yep. We have 6 hours until the comet arrives. Lets move!

We set out for Saskatchewan, Canada.

* * *

In the forests of Saskatchewan we had our telescopes all set up and we had a great view of the stars and it was as clear as looking through a diamond.

Me: This is gonna be so awesome guys.

Brittney: I know dad. This is an extremely rare event for all of us and we'll never see a comet like this again for another 150,000 years.

Lincoln: This must be an extremely rare comet.

Brittney: It is. And the last time it appeared was back 150,000 years ago when man was in the Prehistoric era.

Lynn: That is a long time ago.

Me: It sure is.

Brittney: That's right. There's also a legend behind a comet like this.

Fu: What is the legend?

Brittney: The last Great Comet ever to appear like this was back in 2011. It was Comet Lovejoy. That was the comet that had the longest and most beautiful tail anyone has ever seen. But this comet is not the one associated with the legend. It was back in 1976 when Comet West appeared for the first time.

Lisa: I've seen pictures of Comet West and it was the most beautiful space object ever recorded.

Me: It sure was.

Brittney: It was back in 1976. When Comet West appeared for the first time a young girl no older than 16 years old was playing in a field of flowers in these forests. She chased after it thinking she could catch it. But when she went into these very forests, she was never heard from again.

Lucy: Gasp.

Raven: That is really sad.

Starfire: That sure is sad.

Lincoln: So that's why we came here. To do a seance and try to resurrect this girl.

Brittney: Bingo.

Cassidy: How ironic. You guys brought me back before. Now I'm helping you guys resurrect someone.

Me: It does feel ironic.

Taranee: Wouldn't it be easier to bring back this girl from the dead with your powers?

Lucy: Yes. But I prefer a seance.

Riku: Trust me, Taranee. Lucy prefers it this way.

Me: Yep. Lucy may be a vampire and a goth but she is almost known as our ghost whisperer.

Lucy: That's true.

Gwen T.: Will, I just realized something.

Will T.: What's that?

Gwen T.: You and I are similar in looks and powers.

Me: You two sure are similar.

Brian: My Green Lantern ring looks perfect on my tail.

Maria: I like my ring too. Blue is my favorite color.

Hulk: Hulk got Red Lantern. Hulk ready for fights.

---

We waited and 2 hours later the clouds parted and we saw Comet Kohoutek. It was a beautiful comet and it was glowing blue with ice and the tail was a short one.

Me: There it is! Comet Kohoutek, right on schedule.

Nicole: And it'll be up in the sky for 7 days and we will never see this comet again.

Lincoln: This is so amazing!

Laney: I can't believe that a comet like this could be so beautiful.

Me: Me too Laney. For centuries people believed comets to be known as Harbingers of Doom because you never know what could happen after a comet appears.

Lana: Why is it called Comet Kohoutek?

Nicole: It was named after Czech astronomer Luboš Kohoutek and he was the one that discovered it.

Me: That's right. Brittney, Lucy do your stuff.

Brittney: Okay dad.

We gathered in a circle and we had candles ready. We began our seance.

Brittney: Spirit of the Great Comet, we summon you. Let us help you.

The wind blew and the candles went out. A ghost appeared. She had long blonde hair that went down to her upper back, blue eyes like the ocean, denim clothes and brown leather boots.

Girl: (whispering) J.D. Knudson. (not whispering) It's an honor to meet you.

Cassidy (notices the situation familiar): Whoa. Deja Vu.

Me: It's a pleasure to meet you too.

William (to the girl): Do you have a name?

Gloria: My name is Gloria Nicoli.

Me: It's a pleasure to meet you Gloria.

Laney: We were told that you disappeared over 40 years ago.

Gloria: Yes. I was running in this field and I chased after that comet. But then I fell into a pit of quicksand and sank.

We gasped.

Will: That's horrible.

Me: Yeah. But we can give you a second chance at life again.

Gloria: How?

Me: I have the power to resurrect people.

I snap my fingers and Gloria was brought back to life in an instant.

Gloria: I'm back!

She hugged me.

Gloria: Thank you so much J.D.!

Me: You're welcome Gloria.

---

As we sat under the stars looking at the comet Gloria told us about how she wound up here.

Gloria: You see guys, I was playing in this field and I was looking for my sister Tara. Before the kingdom of Markovia was destroyed I was sent here to Saskatchewan for my protection and I was adopted into a loving family.

Lori: That's literally sad Gloria.

Leni: Yeah.

Luna: Dude but we're glad you're back.

Me: Tara is back at the Team Loud Phoenix Storm estate. I take it you've heard all about our adventures.

Gloria: I sure have J.D. You all have done so much.

Varie: Yeah and we don't like to brag.

Aylene C.: It's true.

Gloria: I'm so happy for my sister though and I'll be even more happier if I see my sister again.

Me: I think we can arrange that.

---

Back at the estate we got Gloria settled in and Cornelia was meeting Tara's kids for the first time. They look like they're 5 years old because they got accelerated aging because of the serum Beast Boy had that gave him his powers. They stopped aging at 5 years old.

Cornelia (sees Tara's kids): Aw! I knew I'd meet these cuties someday!

Selina (sees Cornelia): You remind me of Mommy.

Cornelia: I do look like your mom don't I?

Tara: You sure do Cornelia.

Me: Hey Tara. How are you feeling?

Tara: Great J.D. I heard you all got to see a comet.

Me: We sure did. And we'll never see a comet like that ever again. But we had a special surprise happen when we saw it.

Gloria came in and Tara gasped when she saw her.

Tara: G..Gloria? Is that really you?

Gloria N.M.: It is sis. Its been a long time earth angel.

When Tara heard that name she knew it was really her.

Tara: Gloria!

She got up and hugged her and was crying hard.

Tara: (Crying) Oh sis I missed you so much!

Gloria N.M.: I missed you too sis.

Selina: Aunt Gloria it's a pleasure.

Gloria N.M.: You too Selina. I have a lot of catching up to do.

Me: 43 years worth.

We found out that after the explosion that destroyed Tara's kingdom, Tara was frozen in a state of suspended animation in a crystal that kept her at 15 years old for 40 years. It was an amazing revelation. But Tara was finally reunited with her long lost sister after 43 years.

Another Fanfiction Complete

I got the idea for this chapter from one of my books I write at home.

Comet Kohoutek is a real comet and in real life it made its first appearance in the night sky in 1973. It's one of my favorite comets. We will never see Comet Kohoutek again in our life times because it only appears once every 150,000 years. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Let me know what you all think.

See you all next time.

# The Friendly Iron Giant

It starts in the small town of Rockwell, Maine. We were introduced to a young boy named Hogarth Hughes and he had an awesome new friend. It was a robot giant and he was an awesome robot. He was an incredible robot and he was learning so much about our world and more.

Caleb saw the robot and he was shocked.

Caleb: That's one big robot!

Me: He is huge but he is a kind hearted robot.

Blunk: Blunk think big robot has good robot heart.

But he was quite a handful as he loved to eat metal. But there was one person that got ahold of this info and he claims that the robot is out to kill everyone: Kent Mansley. He thinks that the robot is an evil menace. He was interrogating Hogarth.

Kent: You know, Hogarth, we live in a strange and wondrous time. The Atomic Age. But, there's a dark side to progress, Hogarth. Ever hear of Sputnik?

Hogarth: Yeah, it's the first satellite in space.

Kent: Foreign satellite, Hogarth, and all that that implies. Even now, it orbits overhead… (Boop! Boop!)… watching us. We can't see it, but it's there. Much like that giant thing in the woods. We don't know what it is or what it can do. I don't feel safe, Hogarth. Do you?

Hogarth: [puzzled] What are you talking about?

Kent: What am I talking about? [angrily] What am I TALKING ABOUT?! [everyone stares at Kent] I'm talking about your goldarned security, Hogarth! While you're snoozing in your little jammies, back in Washington, we're wide awake and worried. Why? Because everyone wants what we have, Hogarth; Everyone! You think this metal man is fun. But who built it? The Russians? The Chinese? The Martians? Canadians?! I DON'T CARE! And these new friends of yours? They all have powers no one has ever seen. Who's to say that they won't use those powers to conquer our world? Anyway, all I know is we didn't build that metal behamoth, and that's reason enough to assume the worst and blow it to kingdom come! Now, you are going to tell me about this thing, you are going to lead me to it, and we are going to destroy it before it destroys us! And then, you're going to lead me to your new friends so I can do the same to them! [suddenly, Kent's stomach begins to gurgle, causing his glare to fade away and his eyes to widen] Just hold that thought and stay right there! Uh-oh!

Kent rushes to the bathroom, and Hogarth takes his chance and escapes.

Hogarth warned us about what Kent was gonna do and we had to prepare.

Me: We have to hide him where he can't be judged as a threat.

We walked to the junkyard.

Hogarth: I know you feel bad about the deer, but it's not your fault. Things die. It's part of life. It's bad to kill. But it's not bad to die.

Giant: You… die?

Hogarth: Well… [walks onto the Giant's arm] yes. Someday.

Giant: I die?

Hogarth: I don't know. You're made of metal. But you have feelings. [sits down on its arm] And you think about things. And that means you have a soul. And souls don't die. [the Giant looks up in the sky]

Giant: Soul?

Hogarth: Mom says it's something inside of all good things. And that it goes on forever and ever.

Hogarth pats Giant's face and leaves. Giant lays back to look at the stars

Giant: Souls don't die.

Teresa: That's right, big guy. Only bad people deserve to die.

Me: That's right big fella.

We hid him in a shed and had him stay still as the army arrived.

Kent: All right, where is it?

Dean: What?

Kent: You know darn well what. The monster. The giant… thing. The… metal man.

Dean: Ahh, the metal man. [chuckles] Geez, you were scaring me there for a second. I thought I was under attack or something. He's in the back. Come on, I'll show you. [Dean holds up his keys] You guys got here just in time. This rich cat, you know, some industrialist, wants him for the lobby of his company. He whipped out his checkbook, right on the spot. I said, "Hey, you got him for the rest of your life." But, what? I gotta let go, the moment I give birth? I mean, come on. Give me some time to cut the umbilical, man. [Dean leads the army, Annie, and Hogarth inside showing Giant to the army] There he is. [Kent walks in and feels shocked as he sees Giant who is disguised as metal sculpture.] Anyway, I haven't sold him yet. So if you really want him and if, you know, you throw in a competitive bid.

Kent: [stammering] Sir, I- Sir, listen! Liste-

General Rogard: [flatly] Step outside, Mansley.

Kent: [dejected] Yes, sir. [sighs]

Kirby (giggles): Somebody's in trouble! (blows raspberry at Mansley)

Me: Yep.

Will (to Ed): Ed, do you think that the Iron Giant is scary on the outside but nice on the inside?

Ed (offers Will pickle): Pickle?

Eddy: Shut up Ed.

The General ranted all bloody verbal Hell on Kent and he was in a lot of hot water.

General Rogard: [to Kent; finishing his rant] You'll be Chief Inspector of Subway Toilets by the time I'm finished with you! Now pack up. I'll expect you back in Washington to clear out your office.

Kent: [defeated and softly] Yes, sir.

Matau (looks at Mansley): Something tells me that he's not done with us yet.

Me: I have that feeling too.

Dean: [to Giant] Okay. You can move now. [Giant moves] Nice job.

Cornelia: But next time, try to be more careful.

Irma: Ok. If Mansley doesn't stop with this obsession with the Giant, I'm gonna strangle him!

Me: Stay calm Irma. He'll get what's coming to him in time. Lets show everyone that you are a gentle giant.

Giant: (Nods)

We did so but then the army saw us with the giant and they immediately thought it was attacking.

Me: You see everyone. He means no harm. He's a gentle giant. He just wants to live with everyone else like some people we know.

Suddenly we heard missiles coming and Nico fired a blast of energy and blew the missiles up.

KRABOOOM!

We saw numerous jeeps armed with bazookas and rocket launchers and they were shooting at the robot. I fired lightning blasts and electrocuted the men.

**Dean** : Hey, stop! There's a kid in his hands! Stop shooting. [Kent walks up to Dean] You can't, he only reacts defensively. If you don't shoot, he's harmless. You gotta tell the general!

**Kent Mansley** : [Angry] This is all your fault. beatnik. If you-

**Dean** : [Annoyed] Would you shut up and listen! You gotta make them stop. The giant's got the kid with him.

**Kent Mansley** : I'll take care of him. [Dean rides away on his motorcycle. Kent speaks to General Rogard] He says the monster's killed a kid. Sir, we must stop it all costs.

**General Rogard** : [On walkie talkie] Go to code red. Repeat, code red!

She Hulk: Ok. It's official. Mansley is way more crazier then Ross was!

Me: Now it's war!

I fired an energy blast at a jeep and blew it apart.

Me: You will not hurt the giant Mansley! GUARDIANS UNITE!

We go Guardian.

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Elyon: Time!

Megan: Space!

Matt became Shagon!

Me: Lets get them guys!

[The army starts shooting at the robot.]

Hogarth: Lets show these clods no mercy.

[The robots eyes turn to red then he activated a gun and he shoots the combat vehicle. General Rogard and Kent are shocked to see what the robot did. His body activates more weapons. The army drives away as the robot comes after them continuing to shoot]

I fired a blast of lightning and it electrocuted the men and exploded their guns.

Matt fired a laser blast from his eyes and burned some men.

Nico: Kent Mansley, you have failed this city and our country! (Fires an electric blast from Tchang Zu)

Bai Tza: Nice job using my brothers lightning Nico.

Nico: Thanks Bai Tza.

Bai Tza fired a blast of water and froze the men in ice.

Mansley: You idiots! I want this done! Bring out the big guns!

Taranee: Big guns?

Vakama (sees tank with big weapons): I think he's talking about those big guns.

We saw huge rocket missile tanks and powerful tanks coming and they were firing at the giant and us.

Me: Lets blast those tanks!

Captain America: Those tanks won't hurt the giant!

Batman: Lets get em with our combo!

Batman threw bat bombs and Captain America threw his shield.

Batman and Captain America: SHIELD OF THE BATS!

The Bat Bombs got onto the shield and it hit the tanks and they all exploded and blew them apart in huge fiery explosions. The Giant was firing blasts of energy and ion laser blasts at the tanks and rocket tanks.

Irma fired water at the men and sent them crashing into a nearby lake and Bai Tza fired huge blasts of water.

Irma: Lets use our combo on them Bai Tza.

Bai Tza: You got it Irma.

They both fired huge blasts of water.

Irma and Bai Tza: MEGATSUNAMI SIREN SURF!

The blasts turned into a massive megatsunami and mermaids formed out of it and sang a divine melody and they ripped apart the men.

Taranee fired blasts of fire and the tanks exploded and Shego fired blasts of green fire and blew some of the men apart.

Taranee: Lets use our combo Shego.

Shego: You know it Taranee.

They fired their blasts of fire.

Taranee: ATOMIC FIRESTORM INCINERATOR!

The blasts combined and incinerated the men in a blast of green fire.

Cornelia wrapped the tanks in vines and slammed them into the ground and they exploded and Poison Ivy called a bunch of giant Venus Fly Traps and they ate the tanks and melted them with acid.

Cornelia: Shall we use our combo Pamela?

Poison Ivy: Like you even have to ask Cornelia.

Cornelia and Poison Ivy grew numerous bramble vines.

Cornelia and Poison Ivy: BRAMBLE SHREDDER GROVE!

The Bramble vines shredded the tanks apart.

General Rogard: [takes radio from a soldier frozen with fear] All battleships fire at the robot! Now! NOW, DAMN IT NOW!

The battleships offshore fire on the Giant, drawing its' attention away from the army.

Carol P.L.: I got this Giant!

He understood.

Carol fired Godzilla's atomic ray and blew the battleships.

General Rogard: Nothing can stop these guys! We've hit them with everything we've got.

Mansley: Not everything General - the bomb. [Rogard removes his glasses and stares in shock] The Nautilus has first-strike capability, and is not far offshore.

General Rogard: You scare me, Mansley. You want us to bomb ourselves in order to kill it?!

Mansley: General, they seem to attack whatever attacks it. We can lure them away from the town, then destroy them.

General Rogard: [to one of his soldiers] Radio the Nautilus. Tell them to target the robot and await my command.

Captain America (sees this): Not on our watch, you don't!

Bruce Banner: And here I thought General Ross was bad!

They attack the soldiers and the soldier does so.

**Nautilus Pilot** : This is Nautilus. What's the giant and the traitors positions?

**Soldier** : 67.71972 degrees west by 44.50177 degrees north.

**Nautilus Pilot** : Locked and loaded.

The missile was armed.

Hay Lin fired a blast of wind at the battleships and blew them away.

Hay Lin: Let use our combo Harley.

Harley Quinn: Lets do it Hay Lin.

Hay Lin fired a blast of wind and Harley Quinn threw her hammer.

Hay Lin and Harley Quinn: HURRICANE HAMMER SLAM!

The wind combined with the hammer and slammed into the battleships and sank it.

**General Rogard** : [On walkie talkie] This is General Rogard. Ready the attack and prepare to retreat to the fallback position.

Teresa: I don't think so!

She fired a massive sonic blast. And it hurt the mens ears.

Teresa: Lets see you deal with my final smash. HYPERSONIC BOOM!

Teresa fired a huge sonic blast and it moved incredibly fast and blew the men apart.

Taranee fired a blast of fire at the remaining ships and blew them apart and Tahu did the same.

Taranee: Lets blow them apart with our combo Tahu!

Tahu: You got it!

They both fired a powerful blast of fire at the ships.

Taranee and Tahu: VOLCANIC FIRESTORM INCINERATOR!

The blast of fire combined and hit the ships and incinerated them and blew them apart.

Me: That's it for them. Giant you can stop now.

He turned back to normal and we went back.

**Nautilus Captain** : Nautilus to Rogard. Missile armed and ready.

Dean is telling the General about what we learned about the robot and why.

**General Rogard** : [Shocked] What are you saying, he's friendly?

**Dean** : Yes, attacking him is triggering a defense mechanism.

**Varie:** That's right General. We want to give him a good home with everyone here on Earth.

**Kent Mansley** : Don't listen to them, General! Destroy the monster while we still have the chance! [The robot approaches in the mist as the soldiers hold out their guns.]

**Dean** : General, you shoot now and the whole thing starts all over.

**Kent Mansley** : Stop it now, General! Our future's at sake!

**Soldier** : Orders, sir?

**Dean** : Which is why you have got to stop, General.

**Me:** That's right. The giant is a kind and gentle robot.

**Soldier** : It's getting closer! Orders, sir?!

**Hogarth** : [in the robot's hand, emerging from the mist] Don't shoot! Don't shoot!

**Annie** : Hogarth!

**General Rogard** : Hold your fire! The boy's alive?

**Kent Mansley** : It's a trick! Launch the missile!

**General Rogard** : Are you mad, Mansley? [To Soldiers] All units, stand down! [On walkie talkie] Rogard to Nautilus. Come in, Nautilus. [Kent looks up to the robot and he glares down at him.]

**Nautilus Captain** : [On walkie talkie] This is Nautilus standing by. [Kent grabs the walkie talkie.]

**Kent Mansley** : [Screaming] LAUNCH THE MISSILE NOW!

[The captain pushed the red button, launching the missile up to the sky. Back in Rockwell, General Rogard confronts Kent.]

**General Rogard** : [Furiously, grabbing Kent by the coat] That missile is targeted to the giant's current position! Where's the giant Mansley?!

**Kent Mansley** : What? [Turns to see the robot holding Hogarth behind him glaring a him, then he turns back to Rogard] Oh, we can duck and cover. There's a fallout shelter right there.

**General Rogard** : There's no way to survive this, you idiot! [Rogard grabs hold of Kent again]

**Kent Mansley** : [Nervously] You mean, we're all going to-

**General Rogard** : To die, Mansley, for our country.

[He lets go of Kent, who stands around, shocked]

**Kent Mansley** : Screw our country! I want to live! [Throws the soldier out of the jeep and gets in.]

I kick him out of the Jeep and send him crashing to the ground.

Mansley: Why did you even stop me? That mechanical monster needs to be put down!

Batman (grabs Mansley by the throat): There's only one monster here.

Mansley: What are you doing? Put me down!

Tahu: All the Iron Giant wanted was to be among people. And you were trying to destroy it!

Mansley: I'm not begging forgiveness from you!

Batman: We don't forgive the likes of you. (headbutts Mansley, knocking him out)

Me: Nice shot Batman.

[The alarm goes off and the crowd gets worried and scared. The robot puts Hogarth down then he walks up to Annie and hugs her.]

Me: Uh oh.

**Hogarth** : [Shocked] Oh no. [He looks to where the missile is heading. The robot slowly walks briefly to get a closer look. Hogarth turns to the robot] It's a missile. When it comes down, everyone will die. [Annie placed her hand on Hogarth's shoulder.]

**Woman** : There it is! [The crowd sees the missile up in the sky as the robot looks at it then he looks to crowd knowing that the missile will kill everyone.]

Me: This is not good guys.

**Annie** : [Hugging Hogarth, to Dean] Shouldn't we get to a shelter?

**Dean** : [Shaking his head] It wouldn't matter.

Me: I have an idea.

I pull out my radio and call the Justice League Watchtower.

---

Me: Kal we need you to fire the Watchtower Laser at a missile that's going to destroy the town of Rockwell, Maine.

Superman: We see it J.D. Laser is all charged up, locked on target and ready to fire.

Me: Okay.

When the missile was at the right spot as it was coming down I gave the command.

Me: Fire!

The watchtower fired the laser and it hit the missile and it exploded with incredible power.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A blinding white flash of light as bright as 100 suns illuminated the night sky and the blast turned into a close white star in the upper atmosphere. Everyone cheered wildly for us all.

Me: That was a close one. General, I'm sorry we attacked your men.

General Rogard: I understand J.D. You were just doing what was right to protect the giant.

Me: I promise he will be treated as a citizen of Earth and he will be under the protection of Team Loud Phoenix Storm.

Aylene C.: And now everyone knows all about Kent Mansley's true colors.

Me: They sure do.

Lisa: When we get back home, I should analyze the Iron Giant's systems!

Me: Lisa, he's our friend but ask him permission first.

Lisa: Affirmative.

Will (looks at Mansley): There's something not right about that guy.

Me: No there isn't. He tried to kill the entire town because of his own paranoia.

Laney: Yep. He seems to be suffering from Paranoid Schizophrenia.

Me: I don't think he has that Laney, but we'll have to have the Saturn Doctors look at him before we send him to prison.

William: Hogarth, we're gonna put Mansley in one of our prisons.

Maria: But we'll let you pick where he's gonna end up.

Hogarth: Lets put him in the Neptune prison.

Me: Good idea. He is classified as a traitor for lying to the entirety of the army and trying to kill hundreds of people in the process.

Annie: But you were great today Hogarth.

Me: He's a true hero Mrs. Hughes.

Hay Lin (to Iron Giant): Hey, big guy. You want to come with us to our house?

The giant agreed. We beamed the town of Rockwell to Gotham Royal York and made it one of our most prominent fishing ports. We built a huge house for the Giant and he was happily at home with us. The doctors at the Saturn Insane Asylum found out that Kent Mansley does not have Schizophrenia but an unspecified type of Delusional Disorder and he was found criminally insane. He was sentenced to numerous life sentences without parole in the Neptune Prison for Traitors triple supermax security psychiatric prison unit.

Another Fanfiction complete.

The Iron Giant was an awesome movie. It was an awesome animation movie and the sad part about it is that it was a box office bomb. The reason for this is because of bad timing with different movies that were extremely popular back then. But the movie got a lot of great awards for it. Vin Diesel did a great job as the giant back then. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

The Iron Giant is owned by Brad Bird and the Warner Bros Studios.

# Angels and Plumbers VS Dinosaurs

It starts in the training yard. Me and Master Goku were sparring intensely and so was Nico and Vegeta. I was in my Super Angel 10,000 form and Goku was in his Super Saiyan 2 form. We were really going at each other and exchanging blow after blow. Lightning was streaming out from each blow after impact. Nico was in his Super Saiyan 2 form and Vegeta was in his Super Saiyan 2 form. We were really going at each other. The fight was so intense that it was shaking the area. We stopped 20 minutes later. I was sweating like a pig and panting like crazy.

Me: (Panting) Wow! What a workout.

Goku: Your power is incredible J.D.

Me: Thanks Master Goku. I always give my opponents what they want and that is a good fight.

Nico: We sure do. And I always work hard to push myself to the limit.

Vegeta: I'm glad you're amused Bokrua.

Nico: I know Vegeta.

Me: I just found out something weird from Shanan, Master Goku.

Goku: What's that?

Me: I found out that the planet Vegeta is not the true home planet of the Saiyans. Long ago the true home planet of the Saiyans was called Sadala. But the planet was destroyed ages ago.

Vegeta: Yes I remember my father told me about that but I forgot about that.

Me: That would be a shock huh.

Nico: I never knew about that. Let me show you guys something.

We went to Nico's house and we saw in the garage a strange spherical ship.

Me: Wow. What is this?

Nico: This is the spacepod I came in when I was a baby. It's only built for one person.

Me: Wow.

Vegeta: We Saiyans came in spacepods for our travels all over the galaxy.

Me: That's amazing Master Vegeta.

I turn on my computer vision and it analyzed the ship.

Me: Wow! Interesting form of transport. It can reach speeds of over 500 million miles per hour and it can get to planets really fast.

Nico: That is really fast.

Me: It sure is.

In the backyard Ed and Irma were doing an experiment.

Ed is seen blindfolded, standing in the backyard.

Irma: "I have a surprise just for you, Ed." [holds a Chunky Puff.]

Ed: [sniffing] "Fi fi fo fum, I smell Chunky Puffs!"

Irma: Exactly, Ed. And if you can solve your way through Double D's "Maze of Inevitable Despair", you'll win a full box of them. Part of a complete breakfast.

Ed: [ripping off the blindfold] I can do that, Irma!

Irma: [pulls out stopwatch] "That's the spirit, Ed! Now remember, solve the maze in the shortest amount of time and claim your Chunky Puffs. On your mark. Get set. Go!

Ed: Ha ha ha! Wait for me!

Ed takes off, plowing straight through the maze, completely wrecking it. Irma watches despondently, realizing she had not accounted for Ed's strategy.

Ed: [breaking through the final wall] I win I win! Chunky Puffs! [He crams the entire box into his mouth.]

Irma: Excuse me, Ed? Not that you'd understand the geometry involved in such an endeavor, but- [annoyed] -that isn't how you go through a maze!

At home we were playing video games. I was playing Super Mario Bros for Wii U with Lincoln, Paige and Samus.

Me: I got you now Bowser!

I had Mario bounce on Bowser's head.

Lincoln: Nice one J.D.!

Lily: Get him bro!

Lincoln was playing as Luigi. He had Luigi do the same.

Paige: I'll finish the job!

Paige played as Toad and she had him bounce on his head and Bowser fell off the ledge and into the lava.

Me: Yes! Even after 34 years, Bowser and his family and followers will never learn.

Paige: No he won't.

Samus: That was awesome!

Me: It sure was. Were you in the Super Smash Tournament with the Mario Brothers?

Samus: I sure was.

Fox: Those were good times.

Me: They sure sound like it.

Suddenly a pipe appeared and out came the Mario Brothers, Peach, Yoshi and Toad.

Me: Whoa! The Mario Brothers!

Lincoln: Princess Peach!

Paige: Yoshi and Toad!

Mario: (Italian accent) That's-a right J.D. It's an honor to meet-a you all.

Me: You too Mario.

Lincoln: Princess Peach it's an honor your highness.

Princess Peach: You too Lincoln. Your adventures have reached us in the Mushroom Kingdom.

Toad: We got word of them and they were awesome!

Mario: Kirby! Samus! It's good to see you, Fox, and Falco!

Samus: Same here, Mario.

Kirby: It's nice to see you, Luigi, Peach, and Yoshi as well.

Me: So what brings you all to our world Mario?

Mario: Bowser has taken over the Mushroom Kingdom and he-a must-a be stopped.

Me: You called the right people Mario. Lets go guys!

Everyone: YEAH!

We go down the pipe and it was like sliding down a pneumatic tube and we were cheering and hollering like no tomorrow.

## MUSHROOM KINGDOM

The tube appeared at the other end and we popped out and we were in the Mushroom Kingdom.

Me: Wow! So this is the world of Super Mario.

Samus: It's just as beautiful as I remember.

Kirby: It sure is.

Laney: It's beautiful. I can't believe it's just as beautiful as it is in the books.

Lily: I know.

Nicole: I've been playing Super Mario for a long time and it's been changing a lot over the years. It's amazing at how far it has evolved over the course of 38 years.

Me: Yeah.

Mario: Thank you so much for coming to help us-a J.D.

Me: It's our pleasure Mario.

Luigi: We-a have to stop Bowser for good.

Me: And we'll put him in the Mariana Trench prison on Earth.

Samus: I'll have to let Master Hand know that Bowser is no longer a part of the Tournament standings.

Me: Okay.

Princess Peach: I'll call Rosalina and my cousin Princess Daisy and the Sprixie Princesses.

Me: Okay your Highness.

Princess Peach: Please call me Peach, J.D. I don't like formalities.

Me: Sorry.

Princess Peach did so and we met Princess Daisy from Super Mario Land in 1989, Princess Rosalina from Super Mario Galaxy in 2007 and the Sprixie Princesses in 2013.

Me: Wow! It's an honor to meet you all.

Rosalina: Same here J.D.

Samus: It's good to see you again, Rosalina.

Rosalina: It's great to see you all as well, Samus.

Princess Daisy: We've heard so many good things about you.

Me: It's mutual. It's time for us to put an end to Bowser's terror on the Mushroom Kingdom and make sure he never comes after Princess Peach ever again.

Everyone: YEAH!

Me: Lets go!

Peach: I'm glad that I'm not kidnapped by Bowser this time.

Me: Yeah. No body's kidnapping you again on our watch. Lets go guys!

We set out on our adventure.

## World 1: Acorn Plains

We were walking through the Acorn Plains and we saw Koopa's coming and Numbuh 2 kicked one and it went out of the shell.

Numbuh Two: Check it out! When you make the Koopa Troopas retreat into their shells, you can throw them.

Me: And you can also ride on them like skateboards.

I jumped onto a shell and I was riding it and I held out my arms clotheslined all the Koopa Troopas and punched them all over the place.

POW! POW! POW!

Me: That was awesome!

Mario: It indeed-a was.

Me: Yeah!

We proceeded and we saw some strange mushroom-like creatures. The Goombas.

Sydney jumped on one and squished it flat as a pancake.

Sydney: One jump is all it takes to take these Goombas down?

Fox: Don't be fooled. They may look small. But they pack a punch.

Me: A punch can also take them down as well guys.

We proceeded on and we saw a huge floating ship.

Me: Wow! That's a huge ship!

Peach: It sure is. That's the ship of Larry Koopa.

Numbuh 1: Me and Will will take him on.

Will: Lets get him Nigel.

Numbuh 362: Where Numbuh 1 goes I go.

Will: Okay Rachel.

Me: Okay. Our powers are gonna be more than enough to take them

down.

Nico: But they're only kids and we can't kill kids.

Me: That's true. Lets go guys. Team W.I.T.C.H.J.E.M.M., GUARDIANS UNITE!

We turn into our Guardian forms.

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Elyon: Time!

Megan: Space!

Matt became Shagon.

We fly onto the boat and we faced Larry Koopa!

Me: Larry Koopa. After 30 years you and your siblings just won't take a hint.

Larry: Princess Peach will always be our mother! Papa Bowser will make sure that she is!

Will: Not while we're here he won't!

Mario: You just-a will never-a learn Cheatsa!

Larry: Stop calling me that faucethead!

Me: Sounds like you two have a lot of issues.

Will: Lets get him Nigel!

They went at Larry and Will kicked him and fired a blast of lightning and electrocuted him.

Larry: Now you listen to me! (rolls a bowling ball at Will)

Will (dodges the bowling ball): Alright. I'm listening.

Numbuh One: I'm used to throwing bowling balls, not the other way around!

Numbuh 1 and 362 fired lasers blasts at him and burned him.

Numbuh 1: Lets use our combo Will.

Will: You got it Nigel.

Will fired a blast of lightning and Nigel fired a laser blast from his S.C.A.M.P.P. blaster.

Will and Numbuh 1: LIGHTNING RAY BLAST!

The blasts combined into a powerful lightning ray and electrocuted Larry. Lori kicked the scepter Larry had out of his hand and kept it for herself.

Lori then punched him in the nose and Larry ran away.

Me: Get back here you coward!

Nico: We'll worry about him later. Lets move on.

Peach: Good idea.

Daisy: We'll face him and his siblings when the time comes.

Me: Okay.

Nicole: You know, Luigi. Maybe you can use the Poltergust 3000 to suck some of the spirits of the enemies we kill.

Luigi: That's a good idea. But I'll let you have a turn with imprisoning spirits in your book when I'm not around.

Nicole: Okay.

We continued on our journey.

## Part 2: Layer Cake Desert

We were now trekking through the baking hot Layer Cake Desert and boy was it HOT!

Me: Whew! This desert is really hot!

Lori: No kidding. What is the temperature here?

Lisa: By my calculations the temperature here in this sandy environment; Street name: Desert is at 42.3 degrees Celsius or 108.14 degrees Fahrenheit.

Me: Boy is it hot. It's as hot as Phoenix, Arizona is in the Summer here.

Lana: Is it my imagination or is that sun looking at us like it wants to kill us?

We saw the sun and it was REALLY ANGRY! It had a look of sheer blazing hatred directed at us and it went around in three loops and it swooped down right at us!

Me: Look out!

We jumped out of the way and saw the Angry Sun growl.

Me: Geez that is one Angry Sun!

Mario: That's exactly what it is.

Luigi: That sun is an Angry Sun.

It threw lots of fireballs at us and Lola and Yuko absorbed them.

Yuko fired a blast of fire at the Angry Sun and destroyed it.

Luigi sucked in its spirit.

Me: Thank goodness that wasn't the real sun or else we would all freeze.

Lori: Yeah.

We continued on through the Desert.

Lori: Hey J.D. can I ask you something?

Me: Sure Lori.

Lori: You said to Larry Koopa that he and his siblings haven't taken a hint over the course of 30 years. What did you mean by that?

Me: Well Lori the Koopalings were introduced into the Mario universe back in 1988. The Koopa family varied a lot over the course of 34 years. Bowser - the King of the Koopa's was introduced in 1985, the Koopalings - the seven siblings and leaders of the Koopa Troop were introduced in 1988, Kemek - the Mage of Bowser was introduced in 1993 and Bowser Jr. was introduced in 2002.

Lori: Oh I get it. And they were kidnapping Princess Peach for that long? That is literally the craziest thing ever.

Princess Peach: It's true Lori. Bowser wants me to marry him and it's a nightmare.

Mario: But in-a the end we always foil-a his plans.

Me: Yep.

Nicole: Bowser Jr. is still the newest one of them all and maybe we can convince him to join the side of good.

Me: That's a good idea Nicole.

Laney: I can do that.

Me: Okay Laney.

Lola: Bowser is pure evil and I know he and the Koopalings won't be redeemed.

Me: No they won't.

We came across another ship and we went on it. It was the ship of the MORTON KOOPA JR! He's the strongest of the 7 Koopalings.

Me: Morton Koopa Jr.

Morton: That's right and I'm gonna smash you good!

Mario: You are-a a Big Mouth Koopa.

Me: And I thought Chandler and the Evil Sasuke's we killed all had big mouths.

Irma: Yeah. Lets get him Danny.

Danny: You got it Irma. I'm going ghost!

Danny turned into Danny Phantom!

Luigi: Danny is a ghost!?

Me: Danny was in an accident that infused him with ghost energies and it turned him into Danny Phantom. He's half human and half ghost. He's the Superhero Ghost Boy that saved all of Amity Park from evil ghosts on several occasions.

Sam M.: It's true Luigi. It's awesome for him being this.

Danny P.: Yep. Lets get him

Morton slammed his hammer and out came a shockwave of energy and Danny fired an ecto-energy ray and Irma fired a blast of water. The ray blasted the magic scepter out of his hand and Luna grabbed it.

Luna: This wand doesn't deserve to be yours dude.

Irma: My thoughts exactly Luna.

Morton: I'm bad and strong! (rolls a spiked ball at Irma)

Irma (dodges the spiked ball): And apparently, not too bright.

Danny: I hope the prison that we throw you in has education lessons.

Irma: Lets blow him away with our combo Danny.

Danny P.: You got it Irma.

Irma fired a blast of water and Danny fired an ice blast.

Irma and Danny P.: SUBZERO ICICLE BLIZZARD!

The water and ice combined and a massive shower of icicle spears went at Morton and they blew him away and hurt him badly. We blew up the ship in a massive fiery explosion.

KRABOOOOOOOOOMMMMM!

Me: 2 down and 5 to go.

Mario: That's-a right.

Me: Yep. Lets move on.

We continued.

## Part 3: Sparkling Waters

We were in a beach and tropical environment. It looked like a beach paradise worthy of a vacation spot.

Me: Wow! This place is perfect for a vacation spot.

Cassidy: It sure is J.D.

Elyon: I would love going here for a vacation.

Lori: Me too Elyon. This spot is literally perfect.

Lincoln: And we love going to the beach by Lake Huron.

Princess Peach: I love going to the beach and it is a great spot.

Peachette: It sure is.

Lincoln: Hey J.D. I saw this crazy popular meme on the internet involving the Super Crown.

Me: I saw that too and I think it's an awesome series of ideas for the games.

Lily: I also saw Bowser's princess counterpart Bowsette.

Me: That was a cool one.

Varie: No kidding.

Aylene C.: Yeah.

Peachette: I think it's a cool one.

Nico: Me too.

We walked by the water and saw that the water was crystal clear. There were lots of beautiful coral and lots of fish. We then saw a nasty big red fish coming and it was going to eat us!

Me: Watch out!

We jumped out of the way and it nearly got us.

Me: Whoa!

Vince: That is a huge fish!

Lily: That fish is Boss Bass. But it is often called Big Bertha. And it is always hungry.

Nicole: It's a giant Cheep Cheep fish and it is an extremely voracious fish.

Me: I remember.

Lincoln: That is a really nasty fish.

Laney: No kidding.

Laney blasted it and Luigi sucked in its spirit.

We continued walking and we came across a terrifyingly haunted mansion.

Me: This Mansion give me the creeps.

Lincoln: I'm getting an ominous feeling from that house.

Varie: Me too.

We go in and it was loaded with supernatural and paranormal activity. We then saw white ball-shaped ghosts with ugly teeth and they were laughing mischievously.

Mario: It's the Boos.

Lucy: Wicked.

Me: These ghosts are not friendly. And I remember these ghosts all too well.

Lily: Me too.

Nicole: Yeah.

Lucy: Let me catch them and imprison them so it'll teach them a lesson.

Me: Go for it Lucy.

Lucy fired a storm of black lightning an entrapped all the Boos in the world of Mario and placed them in a giant bottle made completely out of Ectoranium.

Me: Wow! That's a lot of Boo's.

Luigi: It-a sure is. Here's a list-a of the names of the Boo's.

Luigi handed me a list of the Boo's names and they were the Boo's that he met during an incident he calls the Fake Mansion Contest Death Trap.

Me: Who said that?

?: Over here!

We turned and saw a Boo with a red jewel crown on his head. It was

KING BOO!

Luigi: King Boo?! Don't tell me that you're in cahoots with Bowser as well!

King Boo: The gold that he's offered me will make me rich! And as a bonus, I get to take down the one who's beaten me so many times!

Me: He must be the Head Honcho of the Boo's.

King Boo: That's right J.D.

Mario: He's also the one who-a trapped me in-a a painting during that incident.

Me: This guy must REALLY have a death wish.

Thor: Let us take down this monster.

Jaden: King Boo get your game on!

Then went at King Boo and Thor fired a blast of lightning and electrocuted him.

Jaden: Elemental HERO Necroshade lend me your power!

He got the powers of Elemental HERO Necroshade and he fired a blast of black wind at King Boo.

Thor: Let us use our combo on him Jaden.

Jaden: Lets throw down Thor.

Thor fired a blast of lightning and Jaden fired a blast of black wind.

Thor and Jaden: DARKBRIGHT LIGHTNING SHOT!

The blasts combined and turned into a blast of black lightning and electrocuted King Boo and knocked his crown off.

King Boo: You fools! I will destroy you all!

Me: Bring it on you overgrown marshmallow!

Then from out of nowhere a woman dressed in a beautiful white dress appeared and punched King Boo in the face and knocked out all his teeth.

Me: Whoa!

Boosette: Sorry about that. My name is Boosette.

Lola: It's a pleasure to meet you.

Lucy: You are a pretty ghost.

Boosette: Thank you Lucy. I'm fed up with my stupid husband for everything that he is. He should've stayed in his painting prison for all eternity.

Me: And we'll make sure he does after we beat him!

Yoshi threw eggs at him that explode on contact.

BOOM BOOM!

Yoshi: Lets see you survive my Final Smash!

We felt rumbling and saw a massive stampede of Yoshi's.

Yoshi: STAMPEDE!

King Boo was trampled by a massive heard of Yoshi's.

Luigi: Lets see you survive my Final Smash.

He fired a huge blast of suction wind from his new Poltergeist G-00.

Luigi: POLTERGUST 5000!

He sucked in the King Boo.

He was knocked down and Brittney used her magic and turned him into painting for all eternity.

Me: That takes care of that.

Jaden: It sure does.

Me: Great job guys.

Jaden: Yeah!

Me and Jaden High Five.

Alexis: You were awesome Jaden!

Alexis hugged him and kissed him.

Everyone: Aaaawwww!

Me: Lets get out of this ghost hole.

Boosette: Yeah.

Jaden gave King Boo's crown to her.

Lucy: What's this for Jaden?

Jaden: Thought you might like it as a trophy.

Lucy: Thanks Jaden.

Boosette decided to come with us and she was gonna help us take down Boswer and the Koopalings.

We continued walking and we ran into a Charging Chuck!

Lincoln: It's a Charging Chuck!

Me: These guys give sports lovers a really bad name.

Lynn: They sure do. Let me show this freak what a true lover of sports can do.

Lynn flew and kicked the Charging Chuck in the face and he got up and he was madder than a swarm of hornets.

Lynn: Lets see how you like a charge.

Lynn ran and the Charging Chuck charged too and then rammed into each other with incredible force.

CRAAAAAAAASSSSSSSHHHHHH!

Lynn overwhelmed the Charging Chuck and he was flatter than a pancake.

Lightning: WHOO! Nice job Lynn-sanity!

Lynn: Thanks Lightning.

Me: You crushed him Lynn! Well done.

Lynn: Thanks.

We continued on and we went into the boat by the castle and we faced LUDWIG VON KOOPA!

Me: Ludwig Von Koopa.

Ludwig: That's right.

Mario: Kooky Von Koopa is-a more like it.

Lisa: You are making a huge mockey of the classical music world!

Luna: You make me sick just looking at you!

Taranee: Let us face him.

Raven: Lets show this overzealous freak no mercy.

Me: Go get him.

They went up to Ludwig.

Ludwig: You think YOU'RE powerful, friend? (grabs a chain and swings it at Taranee)

Taranee (dodges the chain): Oh, we know we're powerful.

Raven: And you're not our friend!

Taranee fired a blast of fire and it hit Ludwig and burned him.

Raven fired a blast of dark magic and destroyed the chain. Taranee kicked his Magic Scepter out of his hands and Lisa grabbed it.

Lisa: This could be very useful to me in the future.

Taranee: Lets finish him with our combo.

Raven: You got it Taranee.

Taranee fired a blast of fire and Raven fired a blast of dark magic.

Taranee and Raven: FLAMING RAVEN INCINERATOR!

The blasts combined and turned into a flaming black raven and it went at Ludwig and it hit him and the entire boat exploded into a pile of flaming wood. Ludwig flew back to Bowser's castle with his butt completely on fire.

We got got out of the boat just in time.

Me: That takes care of that.

Lincoln: Yep.

Princess Peach: Another Koopa down.

Me: We're gonna throw them into our prison on the planet Venus.

Princess Daisy: That's a great place for them.

Green Sprixie: They deserve it.

Me: Yep. Lets continue on.

We continued on our journey.

## Part 4: Frosted Glacier

We had our warmest fur parkas on as we trekked through the frigid landscape of Frosted Glacier. It was a cold place and we saw lots of icy wonders and cold landscapes.

Me: Brr. This place is really cold.

Laney: It sure is.

Lisa: The temperature here in this frozen winter landscape is -42.6 degrees Celsius or -44.68 degrees Fahrenheit.

Me: It's like Antarctica here.

Lori: It sure is. It's literally the coldest I've ever felt.

Varie: No kidding.

Nico: No sweat guys.

Nico used Nuova Shenron's heat armor and we were instantly warmed up.

Me: Wow! Nico that is awesome!

May: Nuova Shenron's fire powers are awesome for you.

Nico: Thanks guys. As long as there's oxygen and energy from the Sun, I can have endless power.

Me: That's awesome. I didn't know you can use your Shadow Dragon powers when you're not in your Super Saiyan 4 form.

Nico: You would be amazed at what I can do.

Me: Whew! No kidding!

I take off my parka and steam came off of me as I was sweating waterfalls.

Eddy: Man I'm frying like an egg here!

Luan: No kidding!

Me: After this is over we need a nice long shower to wash the sweat off.

Nico had a temperature of 6,000 degrees Celsius or 10,832 degrees Fahrenheit. But luckily to keep the area from melting and flooding much of the world he kept the heat on us.

We then arrived at another boat. We flew in and we were facing WENDY O. KOOPA!

Me: Wendy O. Koopa.

Mario: Or as-a I like to call her Kootie Pie Koopa.

Me: Good name Mario.

Wendy: You've caused a lot of problems for our father.

Me: Tell us something that we don't know. 30 years worth. Even though most of us weren't born back then.

Wendy: True.

Cornelia: Me and Megan will face her.

Me: Get her girls.

Megan activated her battle armor.

Wendy: This is for messing up my makeup! (launches three magic rings at Cornelia)

Cornelia (dodges them): Am I really that obsessed with my looks?

Megan: That obsessions dwindled a bit.

Megan fired a blue Phazon beam and blew the rings out of her hands.

Cornelia tied her up in vines and slammed her around.

Cornelia: Lets use our combo Megan.

Megan: You got it Cornelia.

Cornelia grew numerous vines and they went towards Wendy and Megan fired a beam of Phazon energy.

Cornelia and Megan: PHAZON VINE ELECTROCUTION!

The blast combined with the vines turned into highly energized blue vines loaded with a lot of energy. They wrapped around Wendy and electrocuted her badly. We got out of the ship and it exploded.

KRABOOM!

Me: That takes care of that ship.

Mario: She-a will get what's coming to her.

Me: They all will and that's the darkness of a prison cell on Venus.

We continued on. Lynn now has Wendy's scepter.

## Part 5: Soda Jungle

We were trekking through a dense jungle. The Soda Jungle had lakes and rivers loaded with a purple liquid that was made of pure poison.

Me: So this is the Soda Jungle.

Lana: It sure is beautiful.

Laney: The plants are incredible.

Crysta: They sure are.

Riley: I would love building a treehouse in one of these trees.

Sam M.: That would be perfect Riley.

Me: I think that can be arranged.

I snap my fingers and beamed the largest tree into Lana's jungle greenhouse. Riley can build her treehouse in that.

Numbuh Three (picks up Bomb Omb): Hey, guys! I found a bomb.

Numbuh Four (scared): KUKI, THROW THAT BOMB AWAY RIGHT NOW!

I take the Bomb Omb and throw it and it exploded in a huge fiery explosion.

KRABOOM!

Me: Wow!

Mario: She found-a a Bomb Omb.

Me: Wow! I know those little guys all too well.

Lily: I do too. They are wind up bombs and they explode with incredible power.

Laney: It really IS true what they say. "Big Things come in Small Packages."

Princess Peach: That's right Laney.

Numbuh 1: We can use these to our advantage.

Me: Good idea Nigel.

I form a bunch of special belts with my powers and we all put some Bomb Ombs in them and we were armed and ready.

Nico: Good idea man.

Me: Thanks Nico.

We continued on and then a huge muscular Koopa came out.

Me: Wow! A Boom Boom!

Nico: I got this creep!

Nico went up to him and punched him in the face and Poison Ivy and Sydney helped him. Poison Ivy lashed him with vines and Sydney slashed him with her star sword.

Nico: Lets use our combo on him Pamela.

Poison Ivy: (Seductive Talk) Oh you know it big boy.

Nico used Undergrowth's powers and sent numerous vines and Poison Ivy threw vines as well.

Nico and Poison Ivy: VENOMOUS BRAMBLE MASSACRE!

The vines became vicious bramble vines with monstrous mouths and they bit the Boom Boom and it screamed in pain as acidic poison was burning him inside and out.

Sydney: Time to use the stars of my Final Smash on him.

She swung her Star Sword.

Sydney: CELESTIAL SLASHSTORM!

She swung her sword and sent numerous blades of nebulous energy at the Boom Boom and it cut him a lot.

Nico: Time for my Final Smash.

Nico formed a red energy ball and it had smaller energy balls that were shaped like the Dragonballs and it had pictures of the heads of the Shadow Dragons orbiting around it in an atomic formation.

Nico: SHADOW DRAGON UNITED DESTROYER!

He fired the energy ball and it hit the Boom Boom and completely obliterated him and it vanished harmlessly.

Me: That was awesome you two!

Varie: It sure was. Good show.

Me: Lets keep going guys.

We continued on and we arrived at the boat and we went on and faced IGGY KOOPA!

Me: Iggy Koopa.

Iggy: That's right.

Mario: Hop Koopa.

Hay Lin: You will never terrorize the land again.

Green Sprixie Princess: We want to help out as well!

Luan: Okay. Lets get him Hay Lin.

Eddy: Let me help.

Stewie: And me too.

Meg: Count me in too.

Me: Go get him guys!

Iggy: It doesn't mat…

Luan punched him in the face and Hay Lin fired a blast of wind at him and blew him around in a tornado and he spun around at an amazing speed.

The Sprixie Princesses fired blasts of light on each color of the rainbow at him.

When it faded Iggy was really green around the gills and he looked like he was gonna hurl. He was groaning and then he puked.

Iggy: (PROJECTILE VOMITING)

Luan: That is gross.

Iggy: Now you will know what I can REALLY do! (fires a bolt of lightning at Hay Lin)

Hay Lin (dodges it): Ok. I definitely know what you can do.

Luan: Now it's time for us to SHOCK you! Lets use our combo guys.

Meg: You know it Luan.

Eddy: This is gonna be awesome!

Surfin Bird by the Trashmen plays and they dance annoyingly around Iggy and he was screaming in pain as he was covering his ears in pain.

A-well-a ev'rybody's heard about the bird

B-b-b-bird, b-birdd's a word

A-well, a bird, bird, bird, bird is a word

A-well, a bird, bird, bird, well-a bird is a word

A-well, a bird, bird, bird, b-bird's a word

A-well, a bird, bird, bird, well-a bird is a word

Luan, Meg, Stewie and Eddy: SURFIN' BIRD ANNOYANCE!

They danced to Surfin' Bird and it drove Iggy completely crazy and he exploded out of the boat and we got off the boat as it exploded.

Me: That was awesome and funny.

Mario: It-a sure was.

Me: Lets keep going.

We walked through the forest and then out of the trees came BOWSER JR.!

Me: Bowser Jr.

Bowser Jr.: That's right. Nice to finally meet ya.

Laney: Bowser Jr. let me talk to you. Your father lied to you after all this time. Instead of telling you I'll show you through my mind. I may not have played video games but I have learned a lot from J.D., Lincoln and Lily through the way they played.

Laney's eyes glowed and she fired a blast of light that went into Bowser Jr.'s eyes and he saw everything and realized that everything he has learned from Bowser was all a lie.

Bowser Jr.: So everything that Papa told me… was all a lie?!

Peach: Not all of it. Bowser said that I was your mother. I can still be one to you if you want.

Bowser Jr.: You would do that for me mom? Even after everything I did to you?

Peach: Sure. You are in every way the son I've always wanted.

Bowser Jr.: Thanks mom.

They hugged.

Me: I'm glad Bowser Jr.

Bowser Jr.: Please. Just call me Jr.

Me: Sorry. Lets keep going.

We continued on. Laney managed to tame a Piranha Plant in the forest.

---

## Part 6: Rock-Candy Mines

---

We were trekking through the rocky terrain of the Rock-Candy Mines. It was a mountainous land and it was beautiful.

Me: These mountains are amazing.

Laney: They sure are.

Lincoln: Great job helping Jr. Laney.

Laney: Thanks Lincoln.

We trekked all across the mountains and we arrived at another ship. We went in and we faced the ball stander koopa LEMMY KOOPA!

Me: Lemmy Koopa.

Lemmy: That's right.

Mario: I call him Hip Koopa.

Elyon: Let me and Luna face him.

Me: Go get him.

Elyon and Luna stood ready.

Lemmy (creates a circus ball): Is this how all winners feel? (hops on circus ball and tries to trample Elyon)

Elyon (dodges circus ball): No. This isn't how winners feel.

Luna: It's how losers feel.

Elyon: And you are a loser.

Elyon fired a blast of light at Lemmy and Luna played a tune on her axe and it caused him to scream in agony.

Lemmy: Lets see you stop me with my ball!

Lemmy then rolled the ball towards Luna and we saw her jump onto the ball and she was running on it and rolling it like a circus star.

Lincoln: That is awesome!

Luan: Yay Luna!

Lori: That is literally awesome!

Luna: It's a hidden talent I have dudes.

She rolled over Lemmy and squished him as flat as a pancake.

Elyon: Lets hit him with our combo Luna.

Luna: You got it love!

Elyon fired a blast of light and Luna fired a blast of singing water.

Elyon and Luna: SIRENS TIME STORM!

The blasts combined and turned into a powerful blast and it hit Lemmy and he turned old. But the effects of the water would wear off shortly.

We got off the ship as it exploded.

Bowser Jr.: That was awesome!

Me: Thanks Jr. Lets keep going guys.

We continued on.

---

## Part 8: Meringue Clouds.

---

We were walking on a huge field of puffy clouds. The clouds were so soft and fluffy that it was like walking on a bunch of pillows.

Me: Wow!

Lori: These clouds are literally fluffy and soft.

Leni: They are totes perfect to sleep on.

Me: That's true. We could take a nap but not this time. Lets go.

We continued on and we saw a lot of magnificent cloud creatures. We then arrived at the final boat and we went in. We were facing ROY KOOPA!

Me: Roy Koopa.

Roy: That's right.

Mario: I call him Bully Koopa.

Me: He sure acts and looks like a bully that's for sure and I hate bullies with a vengeance.

Sidney: I do too.

Nico: Me and Cyborg got this creep.

Cyborg: Boo-yah!

Me: Go get them.

Nico and Cyborg walked up to him.

Roy: Feelin' scared yet?! (launches a projectile of magical purple fire at me)

Nico (dodges it): Oh, I'm not scared.

Cyborg: But you're gonna be!

Cyborg and Nico both fired energy blasts and one blasted his wand out of his hand and the other sent him crashing into the wall.

Nico: Lets use our combo Cyborg.

Cyborg: You got it.

Nico: RAINBOW GLISTENING SHOT!

Nico fired a rainbow energy blast and Cyborg fired his laser cannon.

Nico and Cyborg: RAINBOW SONIC SHREDDER LASER!

The blasts combined and went at Roy and blew him out of the boat and it exploded.

We landed on the ground and we set out for the final area.

---

## Part 9: Castle Bowser

---

We arrived at Princess Peach's castle but it was changed into Bowser's castle and it looked like a true fortress from the very darkness of Hell. It was surrounded by a moat of molten lava.

Me: Wow. This whole castle is a nightmare.

Mario: Yeah.

Luigi: Bowser will-a pay for this.

Me: He sure will. Lets power up!

Me, Varie, Vince, Carol, Lincoln, Laney, Lori, Yuko, and Lily went Super Angel and Nico, Goku, Vegeta, Trunks and Gohan went Super Saiyan.

In Bowser's castle he knew we were coming when suddenly a massive fiery explosion blasted a whole through the ceiling and we came in with our auras blazing.

Me: Bowser the King of the Koopas. After 34 years we finally meet.

Bowser: Yes we do. J.D. Knudson. I've heard so many big things about you and your friends.

Me: And now you will pay for everything you have done over the course of 34 years. Ever since 1985 you have caused nothing but trouble to the Mushroom Kingdom and everyone all over the place. No more!

?: You'll have to stop me too.

We saw a Koopa flying on a broomstick. It was KAMEK THE MAGE.

Me: Kamek the Mage.

Kamek: That's right.

I fired an energy blast and completely obliterated him. All that was left of him was her magic wand. Nicole sealed him into the Book of Vile Darkness.

Fox (to Bowser): No Dark Cannon and Shadow Bugs to help you this time, Bowser!

Bowser (sinisterly): Who says I need them to beat you up, Fox boy?

Me: Lets take him down!

We went at Bowser and savagely gave him the beatdown of 100 lifetimes. We ruthlessly pulverized him and mercilessly beat him senselessly.

We stopped 20 minutes later.

Me: It's over Bowser.

Kirby (Bowser is exhuasted from all the fighting): Just give up, Bowser. You never stood a chance against us in the Super Smash Bros. Tournaments. And you don't stand a chance against us now!

Bowser (in his head): Super Smash Bros Tournaments. That's it! Why didn't I think of it sooner?

Bowser begins to laugh.

Mario: What's so funny?

Bowser: I have to thank you and your friends, Mario. You just reminded me that I still have one ace up my sleeve!

That's when Bowser used his Final Smash. He then turned into a massive towering monstrosity and became a ginormous and massive version of himself. He was now known as GIGA-BOWSER! He was 250 feet tall and he had bigger horns and spikes all over his body and his head.

Me: Look at the size of him!

Lily: He's so huge!

Mario (dodges a punch from Giga Bowser): Great! I was hoping that he wouldn't try something like this. In this form, he's practically invincible!

Carol: He's not the only one that can grow tall.

Carol then snapped her fingers and she was over 300 feet tall and she had the powers of the Kaiju ready to fight.

Carol: You are finished Bowser.

Carol fired Godzilla's Orange Spiral Atomic Ray and Bowser fired a blast of fire from his mouth and Carol's ray overtook him and it hit him and exploded in his face.

KRABOOMM!

Me: After 34 years he still has the same bad breath.

Luan fired a huge blast of light and it hit Giga Bowser in the eye and blinded him.

Luan: Lets use our combo Hay Lin.

Hay Lin: You got it Luan.

Hay Lin fired a blast of wind and Luan fired a blast of red light.

Luan and Hay Lin: LIGHTNADO SPECTRAL STORM!

The light merged with the wind and turned into a rainbow tornado and it burned and blew Bowser around.

Mario: Lets-a see you like this!

He used his final smash.

Mario: MARIO FINALE!

Mario fired a massive vortex of pure fire at Bowser and it burned Bowser bad.

Bowser Jr.: Lets see you survive this Papa!

Bowser Jr. Used his Final Smash!

Bowser Jr.: SHADOW MARIO PAINT!

He turned into a black Mario and painted a hit box on the camera and Bowser was caught in the Hit Box and he was really getting hurt.

Princess Peach then grew to gargantuan size too and she kicked him in the face.

Demona punched him all over the place with incredible speed and strength.

Demona: You will never terrorize this world again!

Nico: Bowser Koopa, you have failed this Kingdom! (breathes Shendu's fire at him)

It burned him and he returned to his normal size and was knocked out.

Me: Now to finish Bowser off for good.

We walked slowly to Bowser but then the Koopalings got in the way.

Me: Koopalings. I see you're back for more.

Larry: That's right!

Roy: Don't let a single one get to Papa!

Larry: We'll each have to take out two heroes at a time.

Wendy: Stand your ground. We can do this!

Lemmy: Don't worry. I'm not scared of these jerks at all.

Morton: Yeah! I can't wait to crush some heroes!

Iggy (scared): We're all gonna die! I just know it!

Ludwig (comforts Iggy): Well, if we go down, we go down fighting!

Larry: KOOPALINGS FOREVER! (they all charge at us)

Me: Attack!

We went at them and punched the living daylights out of them.

Me: That's that.

After the fight was over we threw the Koopalings into the Venus Prison for life. Brittney used her magic and made a female version of Bowser called Bowsette.

Bowser was placed into the Mariana Trench Prison forever. After we saved all of the Mushroom Kingdom from Bowser and his reign of terror we had the kingdom moved to Gotham Royal York and it was placed into our protection.

---

At the Mariana Trench Prison we were talking to Bowser.

Bowser: I'm surprised you still decided to throw me in jail, Faucethead.

Mario: Just be glad that you're still alive, Bowser. After all, you did help us against Dimentio, Count Bleck, and Tabuu.

Bowser: I guess that's fair. (to Junior) Junior, I may have lied to you. But the love I felt for you was genuine.

Bowser Jr (solemnly): I know. That's what makes this painful for me.

Bowser: I know son. But I don't expect you to forgive me so easily.

Demona (in her human form): So this is what being good feels like.

Caleb: You'll get used to it. Another bad guy behind bars.

Nico (watches Junior talk to Bowser in his cell): Yep. So why do I feel so bad about it?

Me: Because even though Bowser is evil he still has love and compassion for his son.

Nico: Ah. That makes sense.

Bowser is now locked away forever. After 34 years he finally got justice brought to him. Princess Daisy, Rosalina, the Sprixie Princesses, Bowsette, Booette and Bowser Jr. now live with Princess Peach.

# Conjunction of The 3 Suns

It opens to a dark, stormy and foreboding landscape on another planet. It was a planet named Thra and it was in the grip of turmoil. A nasty storm was over a castle that looked like a true castle from the darkness of Hell in a malevolent wasteland.

Narrator: Another world. Another time. In the age of wonder. 1,000 years ago, this land was green and good until the Crystal cracked. For a single piece was lost. A shard of the Crystal. Then strife began and 2 new races appeared: The cruel Skeksis and the gentle Mystics.

THUNDERCLAP!

We see the camera zoom in on the castle.

Narrator: Here in the Castle of The Crystal, the Skeksis took control.

THUNDERCLAP!

Inside the castle we see the Skeksis in a chamber around a floating purple crystal. The Crystal was over a shaft of fire.

Narrator: Now the Skeksis gather in the sacred chamber where the Crystal hangs above a shaft of air and fire. The Skeksis with their hard and twisted bodies, their harsh and twisted wills. For a thousand years they have ruled. Yet now there are only 10. A dying race ruled by a dying emperor imprisoned within themselves in a dying land. Today once more they gather at the Crystal as the first sun climbs to its peak. For this is the way of the Skeksis as they ravage the land, so too they learn to draw new life from the sun. Today once more they will replenish themselves, cheat death again through the power of their source, their treasure, their fate: THE DARK CRYSTAL.

(THEME MUSIC PLAYS)

Narrator: Today the Ceremony of The Sun gives no comfort. Today an emperor lies dying. Today a new emperor must seize the throne.

The white sun peered out of the clouds and shined through the Triangle sky window and a beam of white light hit the Crystal and beams of purple light shined into the Skeksis eyes and they were being replenished. The ceremony was complete. In another part of the planet we saw that the planet had three suns. A White one like we just saw, a rosy pink one and a purple one.

Narrator: A thousand years ago, the Crystal cracked. And here far from the castle, the race of Mystics came to live in a dream of peace. Their ways were the gentle ways natural wizards. Yet now there are only 10. A dying race numbly rehearsing the ancient ways in a blur of forgetfulness. Yet today, the ritual gives no comfort. Today the wisest of the Mystics lies dying. Today they must summon the one who must save them.

The Mystics then started singing.

Flute playing was heard as we learn of the source it was coming from.

Narrator: In the Valley of The Mystics there lives a Gelfling, Jen. The Skeksis killed his family, destroyed his clan, only Jen survived to be raised by the wisest of the Mystics. But there is a prophecy. 1,000 years have passed and now once more the world must undergo a time of testing. Now it must be healed or pass forever into the rule of evil. At this time Jen is the chosen one. Today Jen's pipe gives no comfort for today his master lies dying and a journey must begin. This is where Jen and a race from another world come together in its time of need.

---

Out in space the U.S.S. Valor was heading towards the planet Thra. We were 400 light-years away from Earth.

Me: Captain's Log, Stardate 2553.7: We are en route to the planet Thra and our mission is to help fulfill the prophecy of the Gelflings.

Lori: So what is this prophecy of the Gelflings?

Me: It goes like this. "When Single Shines the Triple Sun, What was sundered and undone shall be whole, the Two Made one. By Gelfling hand or else by none."

Lincoln: That is a really unusual prophecy.

Me: It is.

Laney: What does it all mean?

Me: It centers around the planets Suns and the malevolent Skeksis and the pure Mystics. It's part of a Great Conjunction that only happens once every 1,000 years which is 20,000 years Earth time. The Great Conjunction is where the planets 3 suns align and it will decide the fate of the planet whether the Skeksis will rule it for all eternity or will be healed.

Lincoln: Wow.

Nico: Sounds very dangerous.

Me: It is.

Lola: So the Skeksis killed all the Gelflings to make sure the prophecy doesn't come true?

Me: That's right Lola. A lone Gelfling survived. This Gelfling was chosen to be the one to heal the Dark Crystal. The planets 3 suns are coming into alignment as we speak.

Nico: We have to hurry.

Vince: Yeah we should.

Me: Okay. We're gonna fly down and help the Gelfling out but we can't hurt or kill the Skeksis.

Luna: Why dude?

Me: Because the Skeksis and Mystics are linked. Their Life Forces are bonded together and if one dies they both suffer the same fate.

Linka: That's a grave risk.

Me: All right lets move!

We went down to the planet and we were flying over the wasteland of the Castle and we saw the planets 3 suns aligning.

Nico: The stars are aligning fast.

Me: We're running out of time. Lets go!

We flew fast and we entered the castle through the triangle skylight window.

Me: Wow.

Lola: So this is the Dark Crystal.

Laney: It sure is pretty.

Nico: I would not want to have this crystal control my fate.

Me: None of us would.

We then heard someone coming.

Me: Someone's coming. Hide!

We hid in the ceiling and we saw the Skeksis all come in to the Sacred Chamber.

Me: (Whispering) This is it. We attack when the right moment comes.

They couldn't see us. But they raised their arms up.

Ritual Master: The Great Conjunction comes. Now, we will live forever!

Skeksis: We will live forever! We will live forever!

But they saw Jen and Kira and they were clamoring.

Me: Now!

We jumped down and we grabbed onto them.

Me: We won't let you destroy this planet!

Skekung: Did you all really think that you could beat us by yourselves?!

Riku: We're not trying to beat you.

Luigi: We're just buying Jen some time.

Riku fired a blast of ice from his Keyblade and Luigi planted some seeds.

Riku and Luigi: ICE PIRANHA PLANT BLOCKADE!

Piranha Plants made of pure ice grew.

Nico: Lets use our combo May.

May: You got it Nico.

Me: Just don't kill them guys.

Nico: We won't.

Sydney: Let me help you and May with that job, Nico.

Nico: Okay.

Nico fired a blast of fire with Shendu's powers, May fired a blast of ice fire and Sydney fired a blast of space fire.

Nico, May and Sydney: ELEMENTAL FIRE BLOCKADE!

The fires combined and formed a huge wall of fire.

Nico: It's time!

Nico flew and grabbed Jen and when the 3 suns aligned a bright beam of light shined on the Crystal. Jen put the shard in a hole in the Crystal and it turned into a pure white Crystal and it was emitting a loud noise. The Crystal was fully restored! The Skeksis were beaten and the prophecy was coming true. The Garthim broke apart and the castle walls started to shed their dark coverings and revealed pure white glowing walls.

Rosalina: This whole place is being restored! Lets speed up the process.

She used her final smash.

Rosalina: GRAND STAR!

She formed a huge star and it fired smaller stars in all directions and they hit the walls and destroyed the dark coverings and revealed more glowing walls.

Princess Peach used her Final Smash as well.

Princess Peach: PEACH BLOSSOM!

She danced around and fired pink lasers and burned off more coverings.

The Mystics came in earlier and the fire vanished and the Skeksis watched in horror as the castle was being fully restored. The Podling slaves were free and they went back to their homes. The Castle was almost fully restored and then the Crystal fired beams of golden light at the Mystics and they fired white light from their eyes at the Skeksis and they were being pulled to the Mystics. When the castle was fully restored the Mystics and Skeksis fused back together and they were made whole once again after 1,000 years. They were now called the Urskeks.

Urskek: And now the prophecy is fulfilled. We are again one.

We all walked up to them.

Urskek: Many ages ago in our arrogance and delusion we shattered the Pure Crystal. And our world split apart. All your courage and sacrifice have made us whole as we are apart from each other.

Me: We had to do what we had to do to save this world from evil.

Varie: It's a powerful job but we had to help in any way we can.

Jen: Yes.

Kira: We can't thank you all enough for saving our world.

Urskek: Now we leave you 2 the Crystal of Truth. Make your world in its light.

The Urskeks then went to the afterlife and Jen and Kira were made King and Queen of the Castle. We were happy for them. We then went back home and Nico got to keep one of the swords from the trial by stone as a trophy and as his weapon of choice.

The Dark Crystal was a great movie made by Jim Henson in 1982. I've known that movie ever since I was a little kid and it was awesome! NicoChan11 gave me the ideas for this one. Thanks man as usual. # The Vain Roadhog

In the backyard the sound of a hammer smacked something and a kid with a really tough personality and superiority complex slammed into a Sequoia tree branch and he was hanging from said branch by his underwear and we were cheering.

Me: That was awesome!

Kevin: Sweet! Nice one Nazz.

Nazz: That was fun. Who's up next?

We cheered.

Jonny: It's our turn huh Plank? Yip yip yahoo!

Bully: No wai…

Jonny jumped onto a board and it launched the bully into the air and he hit the tree branch.

BLAM!

Me: That was awesome! (To the Viewers) You may be wondering what this is all about. Well this kid here is Nick Monroe and he is a nasty juvenile delinquent bully with a nasty and foul disposition. He was picking on Lincoln at school and Me, Varie and Will beat him up really bad and got him expelled. Also he was arrested for possessing a gun on school grounds and he was wanted for numerous crimes and sentenced to 6 months of our form of punishment. Eddy told me that this was the same punishment Ed and Double D used on him in Peach Creek. It was a scam they made and it's the best one they made. We call this scam Bell Game of Retribution On Enemies.

Lori: This is literally the most fun I've ever had.

Bobby: You said it babe.

Edd: Step right up Rolf. Only 25 cents.

Rolf: You must be pulling Rolf's leg. Rolf shall return!

He left.

Kevin: I'll just take your turn till you get back then.

Laney: Nothing is more satisfying than dishing out some justice on our enemies.

Bully: Don't do it…

BLAM!

Linka: You said it.

Ed: And I've got a jar on my buttocks.

Rolf came back and he had a ginormous bag of quarters in his hands.

Rolf: Rolf would like this many goes at the boy of menace.

He dropped the huge bag of quarters and crushed Ed.

Ed: Ow.

Me: Awesome Rolf!

Sarah: This is gonna be so fun!

Rolf: Stand back as Rolf has eaten mama's pickled cabbage! SIYARGH!

He slammed the hammer onto the board and sent him flying and he hit the tree several times.

Me: Serves that freak right. I have a feeling that after we're done with him he'll be like Aaron Hernandez.

Lisa: That's correct 2nd Elder Brother. Aaron Hernandez the convicted murderer football star for the New England Patriots had the worst case of Chronic Traumatic Encephalopathy anyone had ever known in the fields of medical science.

Me: I saw those pictures in the newspapers and on the internet. That was horrible. But after we're done with Nick he'll be a braindead vegetable.

Lincoln: Yep.

Lana came out.

Lana: Guys we got trouble!

Me: Uh oh!

We go into the mansion and on the TV we saw the news.

News Reporter: A man with a long mullet has just robbed the Gotham Royal York 1st National Bank and is now getting into his monster truck. It is armed with a prototype experimental Hypersonic Engine that was built by NASA and stolen by him and he is called Motor Ed.

Shego: Oh man! This guy is nothing but trouble.

Kim: He's also one of my enemies.

Me: What can you tell us about him Kim?

Kim: Well he's often called Motor Ed and he's the cousin of Drakken.

Motor Ed was a mechanical engineer, one of the best in the country, but conflicts with his more professional colleagues over his manner and style, especially his mullet, led to his going rogue at the government facility he worked with. He first encountered Kim, whom he consistently called "Red" because of her hair, Ron Stoppable and their new friend Felix Renton when he tried to steal parts for the ultimate fleet of custom wheels. He was foiled by a clever ruse centered around a fictional, but cool-sounding, part called the "Turbonic Charger Valve", playing on his love of car technology.

He later joined up with his cousin Dr. Drakken, and his sidekick, Shego, and used cyber-robotic technology reverse-engineered from Felix's wheelchair to enhance Drakken's Doomvee. They were foiled when the heroes exploited a known weakness in the source technology to take control of the Doomvee.

In the early part of Kim's Senior year, as she was having trouble relating to her car, Ed broke Shego out of jail to join him in an undisclosed scheme, snubbing his cousin on the way out. He stole an experimental spacecraft called the Kepler from the Middleton Space Center, and turned it into a hypersonic dragster. His goal was not to do anything specifically evil, but to simply cruise across the country with a hot babe at hypersonic speed; along with an Alaskan cruise, it was on the list of things he wished to do before he "croaked". Shego, enraged, blew him out of the cab, leaving the unmanned Kepler to be stopped by Kim. Both were subsequently captured.

Me: Whoa! This guy is really crazy. Lets get him guys!

Everyone: YEAH!

Nico: Let's use our vehicles to catch up to those guys!

May: Good idea. Let's fight cars with cars!

Me: Good idea.

We went to our garage and got in our cars.

Me: Lets ride.

Brittney: Horses for me.

Me: Your choice Brittney. Lets burn some rubber.

We press red buttons on our dashboards.

Singers: ROADSTER RACERS GOOOOO!

Our cars turned into super fast roadsters.

Me: Time to burn rubber!

Motor Ed drove passed us and we went after him.

Me: Target sighted guys. Ready weapon systems.

We did so. The Guardians were flying above the cars.

Me: Hey Ed! Your license has been revoked! Pull over!

Motor Ed: Come and get me you clods! Seriously!

He pulled a lever and he went at 10,000 miles per hour and he was going so fast that he was setting the whole road on fire.

Me: Whoa! He's not the only one that can go fast. Lets go!

We pull levers on our cars and we went at 10,100 miles per hour and we were setting the road on fire with different color flames.

Ron: Wow! We're really going fast!

Kim: We sure are!

Me: Ben, turn into XLR8 and get on his truck!

Ben: Okay!

Ben turned into XLR8.

Ben: XLR8!

We got close to the truck and Ben got on it punched Ed all over.

XLR8: I can't stop this thing while going this fast!

Me: We'll have to stop it our way.

I press a brown button and out of the sides of my car came out chainsaws and I slash the trucks tires and the prototype hypersonic engine overheated and exploded.

KRABOOOM!

The truck was slowing down and we did the same and XLR8 slammed on the breaks and we stopped.

Me: That was a wild ride!

Luan: It sure had us Making Tracks! (Laughs to Rimshot) Get it?

We laugh at Luan's joke.

Me: (Laughs) That was a good one.

Varie: It sure was.

XLR8 opened the car door and got out and Ed fell out of the truck and he was dizzy.

Me: Motor Ed you are under arrest.

Nico: That won't be needed J.D. He'll be in for a rude awakening later.

Me: Okay man.

Motor Ed got up and he saw Shego.

Motor Ed (to Shego): Are you still mad at me for that Hypersonic Dragster scheme I pulled off with you?

Shego: What do you think?! (throws green fire at him)

I kicked him in the face.

Me: You are by far the most disgusting freak ever.

Motor Ed: You're one to talk. Seriously.

Me: Your vocabulary is pathetic. Did you flunk english class?

Lisa: I agree. It's obvious that he did.

He saw Will.

Motor Ed (to Will): Hey, babe. Why don't you ditch these losers and join up with a real man?

Matt: Back off. She's my girlfriend!

Motor Ed: Seriously? I doubt that someone with flabby muscles like you has her as a girlfriend!

Matt (furious): FLABBY MUSCLES?! (tackles Motor Ed to the ground and and gets into a fist fight with him)

Me: Oh man! Lets get him guys! GUARDIANS UNITE!

We went Guardian.

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Elyon: Time!

Megan: Space!

I punched ed in the face and kick him in the stomach and fired a blast of lightning and electrocuted him.

XLR8: Lets use our combo on him Cornelia.

Cornelia: You got it.

XLR8 went fast at 500 miles per hour and Cornelia formed a massive storm of leaves.

XLR8 and Cornelia: SONIC LEAFSTORM HURRICANE!

The leaves blew around XLR8 and they slashed Ed with incredible speed and he was completely covered in numerous paper-cut slashes.

XLR8: Time for Rath to have some fun with you.

He pressed the Omnitrix symbol and turned into Rath.

Ben: RATH!

Me: He's in for it now.

Rath: LEMME TELL YOU SOMETHING, EDDIE LIPSKY, OTHERWISE KNOWN AS MOTOR ED! YOU WANNA PIECE OF RATH?! YOU GOT A PIECE! BUT YOU JUST BIT OFF AN EYE BIGGER THAN YOUR STOMACH CAN CHEW!

Motor Ed: Dude, that made no sense. Seriously!

Rath: I KNOW! (punches Motor Ed)

He was punching him all over the place and he was loaded with bleeding cuts and more.

Rosalina: Lets use our combo on him Peach.

Peach: You got it Rosalina.

Rosalina fired star crystals and Peach fired a blast of fire from her hands.

Rosalina and Peach: STAR FLAME COMETSTORM!

The blasts combined and turned into a shower of stars on fire and they pulverized and burned Motor Ed.

Me: Hey Motor Ed, has anyone ever told you that you sound just like our cheapskate con artist grocery store owner Flip?

I kick him in the face.

Me: Don't answer that.

Luan: Hey Ed. This will shock you.

She grabbed his hand and he was being shocked with a 20,000 volt joy buzzer. Luan was laughing hard and we were laughing too.

Lincoln and Linka had lightning in their hands and they grabbed him and electrocuted him much worse. Ed was screaming in pain and he was really getting shocked. When it stopped 2 minutes later he was a charred man.

Motor Ed: (In extreme pain) Ow.

Hay Lin: Let me cool you down!

Hay Lin used her Final Smash.

Hay Lin: HYPERCANE TORNADO SPIN!

Hay Lin formed a powerful blast of wind that spun him in a tornado at 500 Miles Per Hour.

Me: Wow! That is genius!

Lisa: Indeed. Using the power of Kerry Emanuel's hypothetical super weather storm is a stroke of genius.

Me: Yep.

Arpeggio: (British Accent) Lets see how you like my Final Smash.

Arpeggio used his final smash.

Arpeggio: RED FEATHER STORM!

He threw numerous feathers that were as sharp as razors and they hit Motor Ed and cut him all over.

Me: Ouch. That was clever.

Green Sprixie Princess: Lets use our final smash guys.

Red Sprixie Princess: You got it!

The used their Final Smash.

Sprixie Princesses: RAINBOW PRISM PETALSTORM!

They fired a huge blast of flower petals of each color of the rainbow and they covered him and buried him in petals

Kairi: Time for my Final Smash.

Kairi had her Keyblade ready and use her Final Smash.

Kairi: LIGHT PURITY FLASH!

She fired a ball of rainbow light and it hit Motor Ed and exploded.

KABOOM!

Me: That was awesome!

Nico: Edward Lipsky, you have failed this city! (fires Bowser's fire breath at Motor Ed)

Me: Wow! You have Bowser's hideously bad breath.

Nico: Yep.

Ed: I have something! J.D. I'm gonna need Double D's bunny slippers and a rug.

Me: Okay Ed.

I go and get said things and Ed put on Double D's bunny slippers.

Ed: Double D showed me all about this.

Ed was shuffling along the rug I brought and he was getting an incredible amount of electricity.

Gabrielle: (British Accent) Oh I see what he's gonna do. He's gonna shock Motor Ed with the most powerful static electricity shock ever.

Lincoln: This is gonna be so cool!

Linka: Lets help him.

Gabrielle, Lincoln and Linka channeled lightning into Ed and he got a massive electric charge and the charge was so strong that he had an incredibly powerful electromagnetic field.

Me: This is gonna be big guys!

Ed walked up to Motor Ed and held his finger out.

Ed: Zappity Zap Zap!

Ed touched him and it released a massive atomic explosion of lightning and electricity all over the place.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared Motor Ed was a charred and burned mess.

Ed: Tag! You're it.

Me: Wow! That is a static electricity shock on steroids!

We walked up to Motor Ed and he was on his last legs.

Me: It's over Motor Ed.

Motor Ed: That was seriously the most pain I've ever felt.

Me: Well it's just gonna get worse for you.

Mrs. Lipsky: EDWARD LIPSKY!

Motor Ed: Auntie?!

Nico: Yeah, I figured that since you're Drakken's cousin, I'd subject you to the same punishment as him.

Mrs. Lipsky: First, your cousin. And now you do this kind of thing again?! No more! You are grounded for 10 years for this! (grabs Motor Ed by the ear)

Motor Ed (cries hysterically): NO, AUNTIE! HAVE MERCY! I'LL DO ANYTHING!

Me: This is a worse punishment for you than prison.

Will went to Matt.

Will (tending to Matt's black eye): What were you thinking?! Taking on a grown man by yourself without going Shagon first?!

Matt: Well, when you're defending a girlfriend's honor, you tend to forget a lot of things.

Will: That's true.

Kim: Either way Motor Ed will never terrorize the roads ever again.

Ron: And he will never be trusted outside ever again.

Me: Yep. I have an idea for you Lynn.

Lynn: What is it J.D.?

Me: We can use Motor Ed's monster truck and have it modified for you and you can use it in the Demolition Derby.

Lynn: The Demolition Derby!? Awesome!

We got the truck back to our home and got to work on it. We modified it and called it the Lynn-Struction Machine.

Lynn: This is awesome!

Me: And just in time too because the Gotham Royal York demolition derby is here.

Lynn: Sign me up.

We were in the stadium and we saw Lynn crush and destroy numerous cars with weapons and her huge tires. Lynn won the competition with incredible ease and she was the champ. Motor Ed was now never allowed to leave his home ever again. He was however ordered to pay $400,000,000,000.00 in restitution for all the damages he caused.

THE END

Another Fanfiction Complete.

Motor Ed was one of the weirdest enemies of Kim Possible and he was a funny one too. He was always obsessed with that mullet of his. What a freak. NicoChan11 gave me the ideas for this one. Thanks man. Let me know what you all think.

See you all next time.

# The Curse of Imhotep

It opens in a flashback.

1290 B.C. - Ancient Egypt.

*Narrator:* Thebes, City of the Living. Crown jewel of Pharaoh Seti I. Home of Imhotep, Pharaoh's high priest, keeper of the dead; birthplace of Anck-Su-Namun, Pharaoh's mistress. No other man was allowed to touch her. But for their love, they were willing to risk life itself.

As the doors were closing Pharaoh Seti I came in and he saw Imhotep's priests.

Pharaoh: (In ancient Egyptian) What are you doing here?

He walked up to Anck-Su-Namun and saw a black spot on her arm.

Pharaoh: Who has touched you?

He turned and saw Imhotep as he unsheathed a sword.

Pharaoh: Imhotep! My priest.

Then Anck-Su-Namun stabbed him in the back and they butchered him.

Pounding on the door was heard.

Imhotep: (In ancient Ancient Egyptian) Pharaoh's Bodyguards.

Suddenly they bursted in.

Imhotep: *(in Ancient Egyptian to Anck-Su-Namun)* You shall live again! I will resurrect you!

They saw Anck-Su-Namun

Anck-Su-Namun: *(in Ancient Egyptian)* My body is no longer his temple! *(commits suicide)*

Narrator: To resurrect Anck-Su-Namun, Imhotep and his priests broke into her crypt and stole her body. They raced deep into the desert, taking Anck-Su-Namun's corpse to Hammunaptra, City of the Dead, ancient burial site for the sons of pharaohs, and resting place for the wealth of Egypt. For his love, Imhotep dared the gods' anger by going deep into the city, where he took the black Book of the Dead from its holy resting place. Anck-Su-Namun's soul had been sent to the dark Underworld, her vital organs removed and placed in five sacred canopic jars.

A black ghostly figure came out of a pool and went into Anck-Su-Namun's body.

Narrator: Anck-Su-Namun's soul had come back from the dead. But Pharaoh's bodyguards had followed Imhotep, and stopped him before the ritual could be completed. Imhotep's priests were condemned to be mummified alive. As for Imhotep, he was condemned to endure the Hom Dai, the worst of all ancient curses. One so horrible it had never before been bestowed.

They cut off Imhotep's tongue and he screamed. Then they wrapped him in bandages and put him in a coffin and then put flesh-eating scarabs on him and he screamed in pain as they put the sarcophagus lid on and locked it.

Narrator: He was to remain sealed inside his sarcophagus, the undead for all eternity. The Medjai would never allow him to be released. For he would arise a walking disease, a plague upon mankind, an unholy flesh-eater with the strength of the ages, power over the sands, and the glory of invincibility.

A timeline shows of everything that has happened over the course of 3,309 years in the ruined city of Hammunaptra.

Narrator: For 3,309 years men and armies fought over this city not knowing what evil lay beneath it; and for 3,309 years we, the Medjai, the descendants of Pharaoh's sacred bodyguards, kept watch.

Gotham Royal York - 2019

In the present day I woke up panting and I was covered in cold sweat.

Me: (Panting) Wow. That dream again. It looked and felt so real.

It was 8:00 AM and I got ready.

At breakfast I was telling everyone about my dream and they were shocked.

Lincoln: A dream about Ancient Egypt?

Me: Yeah. I had this dream for ten days straight. I think it's trying to tell me something.

Laney: What is it J.D.?

Me: I don't know Laney. I think it's a warning and a message that something is coming and it will spell disaster for the planet if we don't stop it. Also I saw Pharaoh Seti I of Egypt from 1290 B.C. My dream is somehow connected to him and the evil high priest Imhotep.

Lucy: Maybe I can help you figure that out.

Me: Thanks Lucy.

---

In Lucy's crypt room Lucy had me sit on the floor in a spell circle.

Lucy: Just relax J.D. This spell will tell you everything.

Me: Okay Lucy.

Lucy began the seance.

Lucy: Spirit of Pharaoh Seti I, please hear my call. My 2nd big brother J.D. Knudson is having a dream about you and he needs answers.

The wind blew and the candles went out and out of the floor came the spirit of Pharaoh Seti I of Egypt. I got up and knelt to him.

Me: Pharaoh Seti I, it's an honor to meet you your majesty.

Pharaoh: It's a pleasure to meet you too J.D. I heard you were having a dream about me.

Me: Yes and I've been having this dream for 10 days straight.

Pharaoh: I see. The reason for this is simple. You are me reincarnated.

I gasped.

Me: How can that be your majesty? I know that most of humanity originated in Africa because we came from the Cradle of Good Hope. But how is that possible?

Pharaoh: Yes we did come from the Cradle of Good Hope but it was the Fertile Crescent that set us up. For eons all of humankind has had ties to Egypt.

Me: That's true.

Pharaoh: Yes. I'm glad I came. The world is in great danger.

Me: How so your majesty?

Pharaoh: My traitorous high priest Imhotep is going to return and try to destroy the planet.

Me: (Gasp) But he can't be brought back or else it will bring death and destruction to the world.

Pharaoh: I know you and your friends can stop him if he returns.

Me: I know we can. I'll do it and make him pay for killing you. 3,309 years worth of pain and suffering will come to him.

Pharaoh: Be careful.

Me: I will.

I got everyone together and we were off to Egypt.

EGYPT - 2019

---

We were on a boat and we were on a boat and learning all about what a woman named Evelin Camahan told us. With us was Rick O'Connell.

Rick: (plonking his backpack in front of Evie, who is startled) Sorry. Didn't mean to scare ya.

Evie: The only thing that scares me, Mr. O'Connell, are your manners.

Rick: Ah, still angry about that kiss?

Evie: If you call that a kiss.

Wonder Woman: A kiss needs to be meaningful.

Me: We're going to Hammunaptra to kill Imhotep, the evil high priest of Pharaoh Seti I from 3,309 years ago.

Jessie K: And we're also going there to get the legendary Golden Book of Amun-Ra and the Black Book of the Dead.

Maria: Lady Tefnut told me about Imhotep. He killed Pharaoh Seti I all those years ago and now he's going to destroy all of us.

Me: Yeah.

A clatter was heard and Rick went over and pulled out his old friend Beni.

Rick: Well, if it ain't my little buddy Beni! I think I'll kill you. (readies gun)

Stewie (gets blaster out): I'll help you with that!

Me: Me too. (Readies 50 Caliber gun)

Beni: Think of my children!

Rick: You don't have any children.

Beni:… Some day I might.

Rick: Shut up! So you're the one who's leading the Americans. So what's the scam Beni? You take them out to the middle of the desert, and then you leave them to rot!?

Beni: Unfortunately, no. These Americans are smart. They pay me only half now, half when I get them back to Cairo. So this time I must go all the way.

Rick: Them's the breaks, huh? (holsters gun)

Beni: You never believed in Hamunaptra, O'Connell. Why are you going back?

Rick: (looking at Evie) See that girl. She saved my neck.

Spidey: And with great power comes great responsibility. Something you wouldn't understand!

Beni: You always did have more guts than brains. Same goes for your new friends. (laughs)

Rick (laughs along) Goodbye, Beni (throws him overboard)

Me: Little (Censored).

Suddenly gunfire was heard and we joined in a powerful fight as a vicious battle ensued with a terroristic cult gang. We were blowing them apart with blasts of fire and splattering their blood and guts all over the place.

Me: You (Censored) Terrorists make me sick!

I blew them apart and killed them.

Rick: Can any of you guys swim?

Maria: I can swim. And I can turn into water.

Evie: And I can swim if the occasion calls for it!

Rick: (Picks her up) Trust me, it calls for it! (throws her overboard)

Maria: Rick, I hope you know what you're doing! (swims after her)

We were blasting the cult men apart.

We then got off the boat and we had everyone safe.

Beni: Hey, O'Connell! It looks to me like I've got all the horses!

Rick: Hey, Beni! Looks to me like you're on the wrong side of the river!

Phage: And you're on the wrong side of the law!

Me: Stupid man.

We then got camels and horses and we were heading out towards Hamunaptra. We trekked into the desert and it was hot.

Odd: I can't believe how hot it is here!

Maria (chuckles): Relax, Odd. If you need water, I'll make some for you to drink.

Odd: Thanks Maria.

At sunrise we saw Beni and the others.

Beni: Good morning everyone.

Me: Beni.

Evie: You know, nasty little fellows such as yourself always get their comeuppance.

Beni: (scoffs, then serious) They do?

Evie: Oh, yes. Always.

Bloom: And we usually are the ones who make sure those nasty little fellows get what they deserve.

Me: Yep.

Jeri: You must be the nicest version of Mr. Burns we've ever met.

Burns: Thanks Jeri.

Me: Yeah the Mr. Burns we knew was a heartless selfish monster.

Henderson: I'm glad he got what he deserved.

Me: Yeah.

We saw the sun rise and the desert revealed Hamunaptra.

Me: There it is.

Henderson: Will you look at that.

Daniels: Can you believe it?

Burns: Hamunaptra.

Rick: Here we go again.

We rode and flew to the city and set up came.

Me: Okay from what I remember the Book of the Dead is in the Statue of Anubis.

Lincoln: How do you know that?

Me: I just know.

Evelyn: (Points to the statue) That's it right there.

Me: Yep. But half of it has been buried underground. And it's also where the key was found.

Evelyn: You told me you got it on a dig down in Thebes!

Jonathan: Yes, well, I was mistaken.

Evie: You lied to me!

Jonathan: I lie to everybody, what makes you so special?

Evelyn: I am your sister!

Jonathan: Yes, well, that just makes you more gullible.

Cornelia: I may be lying to my little sister about a secret but you're lying to your own sister because of your greed!

Me: All right you guys knock it off! We have work to do.

I use my powers and lift up the statue of Anubis and unearthed it and brought it onto the surface.

Me: There. Hold on though. It's too easy.

Lincoln: I know.

Lincoln fired a laser of lightning and there was a line along a secret compartment and I sensed something and formed a force field and a massive blast of salt acid fired from the opening and it dissolved at the force field.

Me: It's pressurized salt acid.

Rick: Some kind of ancient booby trap.

Me: Built 3,309 years ago.

Irma: Who do you think built it?

Nico: Good question.

Egyptologist: This is our dig sight!

Me: We got here first!

We had guns pointed at each other.

Daniels: This here is our statue friend.

Rick: I don't see your name written on it pal.

Beni: Yes, well there's only 7 of you and 15 of me. Your odds are not so great O'Connell.

Me: Check those numbers again (Censored).

All of Team Loud Phoenix Storm appeared.

Me: You want the statue then come and take it.

Varie: If you can.

They lowered their weapons knowing they can't take all of us on because of our power.

Me: Good. Now beat it.

Nico: Guys I see something by where we unearthed the statue.

Aylene C.: What is it?

Nico went down and lifted up a sarcophagus.

Evelyn: Oh my gosh it's a sarcophagus. Buried at the base of Anubis.

Cody: I wonder who this belongs to.

Me: Lets find out. Lana, Lisa, you keep digging the compartment.

Lisa: Affirmative.

Laney: This is gonna be interesting.

I dust off the top of the sarcophagus and it said an ominous phrase.

Me: "He Whom Shall not be Named." That is freaky.

Laney: Yeah. What do you think it means?

Me: Lets find out.

I take the key and open it and we opened the Sarcophagus and we pulled out another coffin.

Evie: Oh, I've dreamt about this since I was a little girl!

Rick: You dream about dead guys?

Scream: Not what she meant.

Jonathan unlocked the coffin and we opened it and it opened and out came a skeletal mummy that was weird and still juicy.

Evie: (Screams) Oh my gosh I hate it when these things do that!

Me: This mummy is weird.

Rick: Is he supposed to look like that?

Evie: No I've never seen a mummy like this before. He's still… Still…

Me, Rick and Jonathan: (In Unison) Juicy.

Me: He's still decomposing even after 3,309 years have passed. Lucy can you identify who this mummy is?

Lucy: I sure can J.D.

Lucy used her powers and she gasped in horror.

Lana: What's wrong Lucy?

Lucy: That mummy is Imhotep.

Me: So this is the fate you have suffered my high priest.

Evie: What?

Me: Guys I have something to tell you. I am Pharaoh Seti I reincarnated.

Laney: Whoa!

Riley: That's amazing J.D. I didn't know you were a Pharaoh of Egypt brought back to life as someone else.

Me: It sure is amazing. I was killed by Imhotep 3,309 years ago and I brought us all here to kill him and make sure that he stays dead for good.

Lincoln: That's amazing.

Clyde: It sure is.

Rachel: Reincarnation works in mysterious ways.

William: I didn't know you were a Pharaoh long ago J.D.

Me: Yes. It's a long story 3,309 years into the making.

Nico: We would like to hear it.

May: Yeah.

Lola: Hey look at these marks.

We saw marks on the back of the coffin cover.

Lily: What are these marks?

Evelyn: My gosh these marks were made with…

She saw that they were scratch marks.

Evelyn: Fingernails.

Me: These are scratch marks.

Evelyn: Imhotep was buried alive.

Me: Hey there's writing on here.

I read it and translate it.

Me: "Death is Only The Beginning." That is really ominous.

We looked at the mummy and we had no idea what kind of horrible pain he must've endured all those years ago while he was still alive.

Lana: We got the box out.

Me: Okay.

We go over and I looked it over.

Me: This chest is cursed.

Lola: It's cursed?

Laney: How is that?

Me: Lets see.

I read an Ancient Egyptian text on the top of the chest.

Me: "Death will come on swift wings to whomsoever opens this chest."

Linka: That is ominous.

Taranee: Yeah and it's scary.

Me: Yep. There's more. It says "There is one, the undead, who, if brought back to life, is bound by sacred law to consummate this curse. He will kill all who open this chest and assimilate their organs and fluids, and in so doing, he will regenerate and no longer be the undead, but a plague upon this Earth." Whoa. That is one stiff curse Imhotep put on this chest.

Lynn: It sure is. I think our powers will make sure he doesn't do so to us.

Me: Yes our powers will not let that happen. They have to be earned. Lets stand back. Mr. Burns, Daniels, Henderson, care to do the honors?

Burns: Sure.

Burns and Henderson opened the chest and a blast of white dust blew onto them and the Egyptologist.

Me: Wow.

I pull back some wrappings and in the chest was the Black Book of The Dead.

Me: The Black Book of The Dead.

Jessie K.: That's a very powerful artifact of Egyptian history.

Me: It sure is Jessie. This book holds the key to resurrection. Even though we have that kind of power.

Vince: It's still in good shape even after all this time.

Carol: Yeah.

Me: This is supposed to be where the Book of Amun-Ra was to be in. We must've mixed the books up. Lets me see.

I concentrated and found the Book of Amun-Ra.

Me: Aha! The Book of Amun-Ra is in the Statue of Horus. Let me work my magic.

I snap my fingers and the Statue of Horus - The God of Life appeared.

Me: There it is.

Lana and Lisa found the compartment and they pulled out a wooden box and I opened it. In wrappings was the Golden Book of Amun-Ra.

Me: There it is.

Evie: The Golden Book of Amun-Ra.

* * *

Later that night we were talking.

Burns: So you guys found both the Book of Amun-Ra and The Book of The Dead?

Me: We sure did. And we also found the mummy of my high priest Imhotep.

Henderson: That's amazing.

Evie: Hey guys. Look at this.

Lincoln: What did you find Ms. Evie?

Evie: Scarab skeletons. Flesh-eaters. I found them inside Imhotep's coffin. They can stay alive for years feasting on the flesh of a corpse. Unfortunately for him he was still alive when they started eating him.

Me: I'm not surprised. Imhotep was the most evil traitor in all of Egypt and he did kill me 3,309 years ago.

Jonathan: Well he certainly wasn't a popular fellow when they planted him, was he?

Lincoln: No he wasn't.

Cody: I've read all about Imhotep in my days as a drifter and he was the High Priest of Pharaoh Seti I all those years ago. He was also the keeper of the dead.

Rick: You know, he probably got a little too frisky with the Pharaoh's daughter.

Me: No it was worse than that Rick. He was having an affair with my mistress Anck-Su-Namun.

Lola: That dirtbag!

Me: My thoughts exactly Lola. Not only have we come here to get the artifacts of Hamunaptra and the treasure of Egypt and bring it all to museums around the world, but we're also going to avenge my past life and kill Imhotep for causing 3,309 years of pain and suffering.

Evie: Well, according to my readings, Imhotep suffered the Hom Dai, the worst of all Ancient Egyptian curses, one reserved only for the most evil of blasphemers.

Laney: That curse sounds scary.

Vince: I know that curse all too well. Me and Naruto performed it on an Evil Sasuke we killed.

Me: I remember seeing that partner.

Evie: In my research, I've never heard of this curse having actually been performed.

Rick: That bad huh?

Evie: Yes, well, they… They never used it because they feared it so. It's written that if a victim of the Hom Dai should ever arise, he will bring with him the 10 Plagues of Egypt.

Carol: The very same plagues Moses used through the power of God in the Bible?

Evie: That's them.

Me: Dangerous. And Pharaoh Rameses paid the ultimate price because of those plagues. It was because of his stubbornness and arrogance that he brought those plagues unto Egypt. But we didn't come here just to find Imhotep and look at him. We came to kill him.

Lincoln: Yep.

The next morning while Rick, Evie and Jonathan were in the ruins, I take the key and opened the Book of the Dead.

Me: Here we go.

I read in Ancient Egyptian from the Book and we saw the mummy become alive and it roared.

Me: This is it guys.

In the ruins some of us drink water and we spit it out as it tasted unpleasant.

Henderson: [wipes lips] Sweet cheese! It tasted just like-

Rick: [drops shot glass in shock; stands up] Blood!

Camera focuses on the water bucket Rick is seeing; the water is blood red.

Jonathan: [quoting from Bible] "And the rivers and waters of Egypt ran red, as we're as blood…"

Rick: [about Imhotep] He's here…

Sydney: And he's not happy!

I snap my fingers and Imhotep was back to what he was 3,309 years ago.

Me: Welcome back to the land of the living Imhotep.

Imhotep: (In Ancient Egyptian) So you are the one that brought me back.

Me: Yes my high priest. You killed me 3,309 years ago and now I am reborn and here to return the favor.

Imhotep was shocked when he heard me say that.

Imhotep: (In Ancient Egyptian) You can't be!

Me: Yes. I'm Pharaoh Seti I reincarnated. It's been a long time my high priest.

Sandman (summons a sand fist from the wall to hit Imhotep): You want to know what I like about Egypt? All the sand I can command here.

He punched Imhotep in the face and sent him crashing into the wall.

Me: You still have much to learn after all this years. You should've never touched my mistress!

I punched Imhotep in the face and he sent a massive swarm of flies at me and I blew them away with a blast of wind.

Nico: (fires Blight's radiation blasts at Imhotep) Imhotep, you have failed this country!

Imhotep screams as Nico hits him with a fireball from Pyro.

Nico: Oh, I'm sorry. I thought you liked being lit on fire? My bad!

Imhotep had the fire put out and he was standing.

Ron Stoppable (to Imhotep): For once, you're not saying any Egyptian gibberish towards us. Why don't we keep it that way?

Nico fired numerous feather projectiles at him.

Nico (to Imhotep): You like what I just attacked you with? It's technological made feathers from an old enemy of ours!

Then Imhotep disappeared into the sands.

Varie: Where did he go?

Me: He went into the ruins. Lets go!

Kim Possible: We're gonna keep chasing Imhotep everywhere he goes. Until there's nowhere left for him to run.

Luan: He'll be wanting his mummy! (Laughs) Get it?

Me: Love the jokes Luan but now is not the time.

We went after Imhotep.

In the ruins we ran and we saw Mr. Burns on the ground and he had his eyes and tongue ripped out! Evie was up against the wall and she was frightened.

Jeri: Oh my gosh!

Me: Geez!

We saw Imhotep.

Me: I'm not through with you yet Imhotep.

Rick: (finding Evie staring at the resurrected corpse of Imhotep) There you are! You've been playing hide and seek, now come on, let's get out of here! (sees Imhotep for the first time) WHOA!

Imhotep roars.

Rick: (roars back and shoots Imhotep with his shotgun) Move!

Lasher (all of us run): We need to get out of here!

Rick: Hey. Wait for me!

Me: This isn't over my high priest. We will return.

William: Maria, don't waste your breath trying to trash talk Imhotep.

Maria (smirks): Don't worry, William. I know Imhotep can't speak English. But I'll make sure to speak in a language that he can understand. (blasts water at Imhotep)

She sends him crashing into the walls.

We went back to Cairo.

---

In Cairo, Egypt we waited. We knew that Imhotep was gonna come after us. We were at the museum planning a strategy and we saw the caretaker of the museum and with him was the leader of the Medjai Ardeth Bay.

Curator: Ms. Carnahan, Ladies and gentlemen of Team Loud Phoenix Storm.

Me: Ardeth Bay. After 3,309 years it's good to see you again my friend.

Ardeth Bay: (Arabic Accent) It's good to see you again my Pharaoh.

Me: Yes.

Evie: How do you know him J.D.?

Me: Ardeth Bay is one of the descendants of my sacred bodyguards that have watched over me 3,309 years ago. They are the ones that caught Imhotep and got him cursed with the Hom-Dai.

Ardeth Bay: That's right.

Lincoln: We have come to kill Imhotep.

Me: Yes.

Curator: We are part of an ancient secret society. For over 3,300 years we have guarded the City of The Dead. We are sworn at manhood to do any and all in our part to stop the High Priest Imhotep from being reborn into this world.

Me: And I promise you he will be stopped.

Daniels: Yeah and you know how he gets his self fully regenerated?

Henderson: By killing everyone who opened that chest.

Daniels: And sucking them dry, that's how!

Me: I know. Also I know what he's gonna do. He wants to bring back Anck-Su-Namun.

Curator: It was because of his love for Anck-Su-Namun that he was cursed. Apparently even after 3,300 years.

Ardeth Bay: He is still in love with her.

Me: I have a strong feeling that he's here already.

---

Mr. Burns: I'm so pleased to meet you.

Beni grabs his hand.

Beni: Prince Imhotep does not like to be touched. A silly eastern superstition I'm afraid.

Mr. Burns: Please forgive me.

Beni: Mr. Burns, Prince Imhotep thanks you for your hospitality.

Mr. Burns: No.

Beni: And for your eyes, and for your tongue…

Mr. Burns: Wha…

Beni: But I'm afraid more is needed. The prince must finish the job and consummate the curse, which you and your friends have brought down upon yourselves!

Will: Not if we can help it, dirtbag!

Will swooped in and kicked him in the face and sent him crashing into a wall.

We showed up.

Me: I knew you were here my High Priest.

Cornelia then grabbed him in vines.

Cornelia (wraps Imhotep in vines): Sorry, buddy. But you got regenerated just so you could die! (about to make vines rip him apart)

He was ripped into pieces.

Me: Lets get him guys! Hit him with everything we got!

Imhotep pulled himself back together and I punched him in the face and kick him in the stomach and then I go Super Angel 3.

Me: I've had it with you Imhotep!

I put a force field over the city to protect everything and I kicked him in the face and sent him into the air.

Me: Lets get him. GUARDIANS UNITE!

We turned into our Guardians.

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Elyon: Time!

Megan: Space!

Matt became Shagon!

I flew up to Imhotep and kicked him and blasted him with Lightning.

Lynn fired a huge blast of lava and burned Imhotep and Sandman fired a huge blast of sand at him.

Lynn: Combo time Flint!

Sandman: You got it Lynn.

Lynn fired a blast of lava and Sandman fired a blast of sand.

Lynn and Sandman: VOLCANIC SANDSTORM HURRICANE!

The blasts combined and turned into a flaming sandstorm and burned Imhotep badly.

Lynn: Here's a taste of my Final Smash!

She used her Final Smash!

Lynn: TAMBORA ERUPTION!

Lynn fired a powerful blast of lava and fire that carried the explosive power of when Mount Tambora erupted in 1815 and it burned Imhotep really badly.

Sandman: Lets see how you like my Final Smash!

Sandman used his Final Smash.

Sandman: MARTIAN DUST HURRICANE!

He fired a massive blast of Mars red dust and it had winds at 175 miles per hour and blew him around in a powerful tornado.

Hay Lin: Combo time Arpeggio!

Arpeggio: (British Accent) Lets do it!

Hay Lin fired a tornadic blast of wind and Arpeggio fired numerous feathers.

Hay Lin and Arpeggio: HURRICANE RAZOR FEATHERSTORM!

The blasts combined and shredded at him and it was deadly.

I punched Imhotep all over the place.

Imhotep got up.

Imhotep: (In Ancient Egyptian) So you wish to kill me?

Me: I don't just plan to kill you my High Priest. I plan to send you to an even greater Hell than what you already went through.

We really went at each other and it was a massive and brutal fight. We were exchanging ultra powerful blows at each other that shook the entire planet to the core. Imhotep was punching, kicking and pulverizing me all over the place and then I belched up a huge amount of blood and it got onto his face and burned his eyes and he screamed in pain.

Me: Didn't expect that did you? My blood is a deadly super poison that can kill the mightiest of immortal beings.

Nico fired a blast of energy and burned Imhotep's leg off.

Nico: Combo time Diana!

Wonder Woman: Right!

Nico fired Vulture's feathers and Wonder Woman threw her tiara.

Nico and Wonder Woman: AMAZON FEATHER SHURIKEN!

The feathers and tiara hit him and skewered and hurt him bad.

We landed on the ground and I had blood dripping from my mouth and face. I had shredded clothes and bleeding cuts from my hands and arms and legs.

Me: You fought well my High Priest. But this is the end for you.

Imhotep: (In Ancient Egyptian) Not yet.

He then called his servants. We heard something approaching.

Cornelia (hears sounds approaching them): Uh oh. I think we're about to have visitors.

Me: I see them. It's his servants.

We saw multiple mummies coming.

Me: Lincoln, Linka, Gabrielle, destroy them!

Lincoln: Right!

I fired a blast of lightning at Imhotep and immobilized him.

Me: Time to finish this!

I take out the Book of Amun-Ra and open it.

Me: Lets see.

I scroll through the spells and I found one.

Me: Here we go! (Reads in Ancient Egyptian) Kadeesh mal! Kadeesh mal! Pared oos! PARED OOS!

The spirits of the Egyptian Gods came and rode through Imhotep and his powers and immortality and invincibility were stripped from him and he was made mortal.

Me: Now to finish you for good Imhotep!

I unsheathed my sword and stabbed him all the way through his chest and I fired a blast of fire at him and completely incinerated him into ashes in an instant. His spirit then appeared.

Nicole: After 3,309 years we have finally had enough of you freak!

She pulled out the Book of Vile Darkness.

Nicole: (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS NOR!

The spirit of Imhotep went into the Book and he was sealed into it for all eternity.

Me: That's that.

Nico: And stay down, scumbag!

After 3,309 years Imhotep, the ultimate enemy of Egypt and the world was defeated and sealed away for all eternity.

Sam S.L.: Good riddance. He needed to be destroyed no matter what.

My past life can now rest in peace after 3,309 years.

After we defeated Imhotep we hunted down all of his followers and killed them and sealed them into the Book of Vile Darkness. We then went back to Hamunaptra and collected all the treasure in it and after doing so, to make sure that Hamunaptra never terrorizes the world again we blew up the city and destroyed it completely. Erasing it from all existence forever.

We donated all the treasure to museums all over the world and we kept some of it and kept the Books of the Dead and the Living and built a special exhibit for them.

Carmen: Well, it wasn't exactly a day at the beach. But it was worth it.

Spidey: If you guys need me, I'll be getting all the sand out of my costume.

Sandman (laughs): Just be glad that none of the sand is me this time, Pete.

Me: Yeah.

Cornelia: (To the Viewers) This was an awesome adventure in Egypt. We're in for more later.

Irma: Sydney what was it like when you became Quarry?

Sydney: It felt like something was about to burst out of my body. My clothes were bursting at the seams and I was always trying to keep my mind.

Me: Ouch. But I'm glad we won against Imhotep.

Another Fanfiction Complete

The Mummy from 1999 was an awesome movie and Brendan Frazer, Arnold Vosloo, Rachel Weisz and Kevin J. O'Connor, John Hannah and Oded Fehr did a great job in the movies and the special effects were incredible in all 3 movies. Dwayne Johnson did a great job as The Scorpion King and Jet Li did a great job as the Dragon Emperor. NicoChan11 gave me the ideas for this one. Thanks man as usual. No everyone I am not a Pharaoh reincarnated in real life but a lot of people say that I look like Elvis Presley Reincarnated. But most of humanity did come from Egypt and southern Africa over the eons. The Cradle of Good Hope is where we all came from and

Egypt in the Fertile Crescent is where Egypt reached all of prosperity over the millennia and the Biblical Times and much of the Book of Genesis of the Bible was in Egypt. But mostly in the Book of Exodus. Let me know what you all think.

See you all next time.

# Eternia's Problems

It starts with the U.S.S. Valor flying through space.

Me: Captain's Log, Stardate 2562.3: The U.S.S. Valor is en route to the planet of Eternia. King Randor has called us to help put an end to the evil Skeletor and his malevolent horde.

Lincoln: I wonder what planet Eternia is gonna be like.

Starfire: I've heard legends about the planet Eternia. It is a magnificent planet home to so many things.

Me: It's gonna be fascinating. Nico can I ask you a question?

Nico: Sure.

Me: When you were born on the planet Vegeta what power level did they find on you?

Nico: Well every Saiyan Baby's strength is tested when we are babies. My power level was incredibly strong when I was a baby. I had a power level of 100,000 when I was a baby.

We were shocked.

Me: 100,000!?

Lincoln: That's incredibly powerful for a baby!

Goku: That's incredible!

Me: It sure is.

Nico: Yep. My power was incredible then as it is now. But my childhood on planet Vegeta was a nightmare. I don't remember it at all but it was horrible.

Laney: How so Nico?

Nico: Well. When my power level was tested the doctors quickly informed King Vegeta of my unusual power. He was afraid that I was gonna become a majorly great threat to him. My biological mother Sakima got me out of the nursery and put me in a space pod bound for Earth. But as fate would have it, Frieza destroyed the planet Vegeta the day I was heading for Earth.

Me: You dodged a huge bullet there.

Nico: I sure did.

Lisa: We have arrived at our destination.

We saw a beautiful Earth-like planet and it had two moons and one of the moons was its sister planet.

Me: Wow. It's just as beautiful as I remember it.

Varie: We're about 4,000 light-years away from Earth and it's beautiful.

Me: Yep. Lets head down there guys.

We flew down to the planet. We went to the castle of King Randor.

Me: Wow! Eternia. It's just as beautiful as I remember.

Lola: It sure is. This castle is amazing.

Lana: It sure is.

Caleb: This place actually reminds of Meridian.

Randor: (Offscreen) Glad you all came.

We saw King Randor.

Me: King Randor. It's good to see you again.

Randor: Same to you J.D. We've been hearing about your adventures and achievements all over the universe.

Me: So we have been told. We're here to destroy Skeletor and his forces.

Randor: Yes. He has caused numerous problems over the years for all of us all over Eternia. And we want it to stop now.

Me: You called the right people.

Aylene C: We're gonna make sure that Skeletor and his forces never terrorize this world again.

Varie: He will pay for everything he has done.

Me: But leave Skeletor for me. I want to be the one that destroys him.

Lincoln: Okay.

Me: Lets get him. GUARDIANS UNITE!

We turned into the Guardians of Candrakar.

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Elyon: Time!

Megan: Space!

Matt became Shagon.

Prince Adam went behind a wall and unsheathed his sword.

Prince Adam: BY THE POWER OF GRAYSKULL!

The sword opened and turned and a bolt of lightning struck him and he turned into HE-MAN! The most powerful man in the Universe!

He-Man: (ECHOING) I HAVE THE POWER!

Cringer, his green cat friend turned into Battlecat.

Me: Wow! He-Man it's an honor to meet you.

He-Man: Same to you J.D.

With him were the Masters of the Universe. We met Man-At-Arms, Teela, Mekaneck, Man-E-Faces, Stratos, Buzz-off, Mossman, Ram Man and Orko.

Me: Wow! The Masters of The Universe!

Teela: It's an honor to meet you J.D.

Me: Same here to you all. Lets head out!

We were off.

---

At Snake Mountain in the Dark Hemisphere, Skeletor and his forces have gathered.

Skeletor: Randor has summoned the most powerful force that the entire universe has ever seen to destroy all of us.

Evil-Lyn: So Team Loud Phoenix Storm has arrived to kill us.

Skeletor: Yes my dear Evil-Lyn. You are perceptive. J.D. and his forces are extremely formidable as they are indeed the ones that have killed the strongest evils in the universe. Go split up and take them down! I want none of those fools alive!

They left and knew that this fight was gonna be a tough one.

Tri Klops: Look, guys. I know that He-Man won't kill us. But if we die today, if this is the end of the Evil Warriors, then it's been an honor serving Skeletor with you all.

Trap Jaw (gives Tri Klops a noogie): Aw! Thanks, Tri Klops!

Stinkor (gets tears in his eyes): Aw! You're making Stinkor cry tears of joy!

Webstor: Don't get mushy on us now, Stinkor.

Whiplash: Well, see you on the other side, Clawful.

Clawful: You too, Whiplash.

Evil-Lyn: Well, Beast Man. I must admit. You're not so bad. For a hairy brute.

Beast Man: You're not so bad either. For a bossy know it all.

Tuvar: Well, me and Baddrah never had a close relationship with you all. But I must admit that I appreciate you all talking to me whenever I need to get something off my chest.

Baddrah: And Merman makes good tuna stew.

Mer-Man: Well, I'm just glad someone here appreciates my cooking.

There was a long pause after Merman said this.

King Hiss: Well, then. Shouldn't keep He Man and his friends waiting.

Evil Seed: At the very least, let's all go down fighting.

They all left.

The Battle that will Decide the Fate of Eternia is about to begin.

---

Battle 1: Stinkor. PLUG YOUR NOSES

---

In the grassy plains near the small village of Pelleezeea we were introduced to Teela's friends of the village and it was a beautiful and tranquil village that was peaceful. It was home to creatures called the Paleezeans.

Me: This is a peaceful village.

Teela: Yes. It's also home to the Paleezeans.

Lisa: It shares a very similar lifestyle to the Native American Indian tribes of Earth.

Me: Yeah.

Stinkor: That's not the least of your worries.

We saw Stinkor.

Me: Stinkor.

Lori: This guy literally smells so horrible!

Luan: He sure is a gas. (Laughs) Get it? But seriously, he really stinks.

Me: He sure does. He was once a Paleezean Thief named Odiphus and he was mutated in a chemical accident that changed him into this foul stench filled freak of nature.

Luna: Dude and I thought Lori's farts smelled terrible.

Me: Lets not get Lori riled up with that Luna.

Double D (to Stinkor): You let us clean you right now so we can fight you properly, mister!

Stinkor: Only if you take off stupid hat.

Double D: I will not take off this hat, you putrid polecat!

Stinkor: Stupid hat!

Double D: Odiferous feline!

Stinkor: Stupid hat!

Double D: Rancid Legion of Doom member!

Stinkor: Stupid hat!

Double D: Repungant Evil Warrior!

Stinkor: Oh, yeah? STUPID HAT!

William: Let's just fight him while he smells like this.

Me: Yeah.

Ed pulled out his wedge of stinky cheese named Sheldon Jr.

Ed: Sheldon Jr. it's always civil to your enemies.

I pulled out some nose plugs from my pocket.

Me: Here guys. Put these on.

Luan: Nose plugs. He nose what's coming! (Laughs) Get it?

Me: Love the jokes Luan but now is not the time. I never leave home without nose plugs.

We put on nose plugs.

Me: (Nasally) Lets get him guys! Linka, Teela, William, Stella, Luan, Shego, Lisa, have at him!

William: (Nasally) With pleasure!

They went at him and Teela bashed him in the face with her staff.

Stinkor fired a blast of stink gas and Lisa fired a blast of fire and it ignited the smell and it exploded with incredible power in a huge fiery explosion.

KRABOOOOOOOOOOOOOMMMMM!

Me: Wow!

The grassy lands were on fire.

Me: Wow! What power!

Lincoln: (Nasally) That was intense!

Lori: (Nasally) That was literally intense.

Laney: (Nasally) I didn't know that his stench was that flammable.

Me: Skunk spray and stench is highly flammable.

Aylene C.: (Nasally) That is unusual.

Me: No kidding.

Stinkor fired more of his stench.

Stinkor (spread his stench through the area): That's it. Smell Stinkor. Smell all of Stinkor!

Laney: You need to have your stink gland removed!

William fired a blast of water at Stinkor and kicked him in the face and Stella fired a blast of light at him.

William: Combo time Stella!

Stella: (Nasally) You got it William!

Stella fired a blast of light and William fired a blast of lava.

Stella and William: VOLCANIC LIGHT RAIN!

The blasts combined and turned into an incandescent lava rain and it rained on Stinkor and burned some of his fur off.

Shego fired a blast of green fire and burned Stinkor bad. Luan and Lensay fired blasts of red and green light. The blasts burned Stinkor badly.

Shego: Lets hit him with our combo.

Luan: You got it Shego.

Luan and Lensey fired a blast of blue light and Shego fired a blast of green fire.

Luan, Lensay and Shego: VOODOO LIGHT FIRESTORM!

The blasts combined and turned into a Skull and Crossbones made entirely of pure green fire and light and it exploded by him and sent him crashing into a rock.

Me: That takes care of him. Lucy can you use your magic to rid him of his stench?

Lucy: I can do that brother.

Lucy fired a blast of black lightning and it hit him and removed his stench and turned it into a smell that smells like a million flowers in the spring time. We removed our nose plugs.

Me: (Inhales) Much better. You will never terrorize Eternia again Stinkor.

I snap my fingers and beam him to the Titan Prison for Criminal Freaks.

Me: One down and 12 to go.

Nico: Yep.

Me: Nothing is better than the sweet stench of defeat. It smells like victory.

---

## Battle 2: Evil-Lyn

---

We were trekking through a geyser field. It was a creepy and dangerous place and it looked like a landscape from the darkness of Hell. Geysers were erupting everywhere and the steam was incredible.

Lucy: This place is wicked.

Me: It sure is. This is the geyser field.

Nico: It sure is amazing.

Lynn: J.D. can I ask you a question?

Me: Sure Lynn.

Lynn: You've been here before I managed to figure that out but do you have a history with Skeletor?

Me: You could say that Lynn, yes. It was back 5 years ago.

---

Me: (Narrating) **Sinestro was showing me the galaxy and we came across the planet Eternia. It was a beautiful paradise. But I sensed something wrong at the castle and we decided to help out in any way we can.**

Me and Sinestro went to the fight and he formed a sword of green energy and gave it to me.

Past Sinestro: This will help you J.D.

Past Me: Thanks Sinestro.

Me: **I was facing Keldor. A ruthless warlord and conqueror hellbent on conquering Eternia. That was his name before he became the evil Skeletor. He was a very formidable adversary and I had him beat by taking his swords away. Victory was almost at hand.**

Past Me: You're finished Keldor!

Keldor: It would appear so.

Me: **But he almost got the drop on me and he pulled out a container full of a powerful poison.**

Keldor: But appearances can be deceiving!

**Me: He threw the poison at me and Sinestro formed a green energy shield on my arm and I blocked the container and it shattered on the shield and the poison flew at Keldor and splashed all over his face and it burned him really bad. As a result it was killing him. I thought that I had killed Keldor and saved all of Eternia by letting the poison run its course. But I was dead wrong. I got word that Keldor was reborn more powerful than ever as Skeletor.**

FLASHBACK ENDS

Me: I vowed right then and there that I would one day return to Eternia and finish what I started when the time came. And now that time has come. I'm going to kill Skeletor and end him and his evil horde once and for all and rid Eternia of his evil.

Lori: That is literally a powerful vow.

Luna: Dude. You've been saving the universe before a lot of people.

Me: It's true. I have experiences. Keldor has gotten stronger when he became Skeletor. But so have I. My powers have evolved far beyond anything anyone can even fathom. In fact all of us have gotten stronger.

Man-At-Arms: Yes J.D. you have gotten stronger than you were before.

Me: Thanks Duncan. But I don't let my power go to my head. My power is so strong that I can destroy the entire universe in an instant. But with great power comes great responsibility.

Ram Man: You sure have changed when we saw you last J.D.

Me: I know Ram Man.

Evil-Lyn: It won't last for you all.

We saw Evil-Lyn.

Me: Evil-Lyn. You're looking well after all this time.

Evil-Lyn: So have you J.D. Too bad you won't be here long enough to see the next sunrise.

Me: We shall see. Lana, Killer Frost, Poison Ivy, Lucy, Brittney, Haiku, Bloom, Ram Man, go get her.

Lana: You got it.

Brittney: Lets dance Evil-Lyn.

They went at her and Evil-Lyn fired a blast of purple energy from her staff and they dodged it and Evil-Lyn jumped and grabbed Lucy.

Evil Lyn (attempts to suck out Lucy's powers with her magic): The other Deity powers made Aquamaria and Jade Chan more powerful. Let's see what this one does for me!

Brittney kicked her in the face and Lucy fired a blast of black lightning at Evil-Lyn and electrocuted her. Lana and Killer frost fired blasts of ice and froze her feet and they viciously punched and kicked her all over the place. He-Man did the same to her and kicked her staff out of her hands and Shannon grabbed it.

Shannon: I think this would be perfect for me.

Evil Lyn: I'm not afraid to kill you, He-Man. Especially since something seems to have snapped inside you and your friends. You were never so harsh on us before.

He-Man: That's because we have had it with Skeletor.

Killer Frost: Combo time!

Bloom: Lets get her!

Killer Frost fired a blast of Ice Lightning and Bloom fired a blast of Dragon Fire.

Killer Frost and Bloom: SUBZERO DRAGON BLIZZARD!

The blasts combined and turned into a huge dragon made of pure snow and ice and it froze half of Evil-Lyn.

Lana: Lets get her Poison Ivy!

Poison Ivy: You know it Lana!

Lana fired a blast of Ice Lightning and Poison Ivy sent a bunch of bramble vines.

Lana and Poison Ivy: ICE AGE BRAMBLE BLIZZARD!

The Ice Lightning combined with the bramble vines and they wrapped Evil-Lyn in ice and entombed her.

Lucy: (In her head) I sense that Ram Man had an encounter with Evil-Lyn as a siren. I think I'll make that siren a person of good with all of Evil-Lyn's powers. (Out Loud) Evil-Lyn you have abused all of dark magic for your own selfishness. But I know someone that will use your powers for light. (Chants an Incantation) GESTIGA MEXTORAIT XAITORM!

Lucy fired a blast of black lightning and it hit Evil-Lyn and a blob of light came out of her back and it became the form of Circe the Siren.

Circe (He-Man): I have been reborn.

Lucy: I brought you back Circe.

Circe (He-Man): Thank you Lucy. You saved me from an evil fate.

Lucy and Circe hugged.

Lucy: You're welcome Circe.

Brittney: Great job Lucy. I've known all about the legend of Circe the Siren for years.

Haiku: She is a true user of magic.

Lana: That's my big sis.

Me: We still have an evil sorceress to throw in prison. After the separation her powers were stripped from her.

Evil Lyn: Look, do whatever you want with the others. But show mercy to Clawful, alright? He's actually the only Evil Warrior that I like.

Me: Never knew you had a soft spot for Clawful. Very well.

I snap my fingers and beamed her to the Moon Prison.

Me: 2 down.

Circe (He-Man): I'm glad.

Me: Lets keep going.

We did.

## Battle 3: Tri Klops

We were in the Sands of Time by the Temple of The Sun.

Me: The Temple of The Sun.

Man-At-Arms: Yes.

Me: Duncan I have to talk to you in private.

Me and Man-At-Arms went to another room to talk.

Me: Duncan I know you're keeping Teela's mother a secret. But you have to tell her. She has a right to know and she needs her mother.

Man-At-Arms: Yes I know J.D. And I'm worried about how she will take it.

Me: I know. But I'll be with you.

Then something went at me and swiped one of my talismans from my belt.

Me: What the!?

I saw that the Pig Talisman was missing.

Me: The Pig Talisman is gone!

I heard a scream and a blast of light was seen and I saw Teela hurt bad.

Me: Teela!

Tri Klops: She's not the least of your worries!

We saw Tri Klops.

Me: Tri Klops.

Tri Klops: You remember me. I'm flattered J.D.

Me: You hurt Teela really bad you monster and you will pay for that! Irma, Lola, Ben, Sam, Maria, Bai Tza, Stratos, Luna, get him!

Bai Tza: You got it boss!

Tri Klops blasts an optic blast enhanced by the Pig Talisman at Maria but she dodges it.

Tri Klops: I should've gone after these Talismans sooner. First, I'll get rid of all of you. Then, I'll get rid of Skeletor and Grodd. I'll own this entire universe! Ready for a real fight, morons?!

Bai Tza: Mister, we were made for it.

Me: How do you know about Grodd?

Tri Klops: We're also members of the Legion of Doom and Grodd told us all that you were coming.

Me: So Grodd told you all about us. I anticipated this.

Bai Tza punched him in the mouth and knocked out some of his teeth and Maria fired a blast of water and it punched him in the chest. Sam S.L. unsheathed her sword and she and Tri Klops clashed.

Sam S.L.: You will pay for everything you've done Tri Klops!

They clashed and sparks were flying all over the place and it set most of the sands on fire.

Sam S.L. fired a blast of fire and Tri Klops fired a laser blast from his visor. The blasts collided and their powers were both equal.

Luna: Lets see how you like a blast of water of pain you wretched dude!

She fired a blast of singing water and it hit him and punched him in the face.

Ben became Gravattack.

Ben: GRAVATTACK!

Me: A Galilean from the planet Keplorr.

Gravattack: That's right J.D.

Gravattack used his gravity powers and it had Tri Klops float in mid air.

Me: That is so cool!

Luna: Combo time dudes.

Bai Tza: You got it Luns.

Luna and Bai Tza fired blasts of water.

Luna and Bai Tza: SIREN DRAGON TSUNAMI!

The blasts of water combined and turned into a singing dragon of water and it hit Tri Klops and broke his ribs bad.

Buzz Off flew at Tri Klops and punched him all over the place.

Lola fired a powerful blast of fire and burned Tri Klops in the arms and legs.

Lola: You really need to have some class you freak!

Maria: You said it Lola. Combo time!

Irma: You got it!

Maria and Irma fired a blast of water.

Maria and Irma: MEGATSUNAMI PUNCH FIST!

The blasts of water turned into a fist made of pure water and it slammed into Tri Klops with incredible force and it broke a lot of bones in him.

Irma kicked Tri Klops sword out of his hands and she was gonna use it as her weapon of choice.

He Man: You know, Tri Klops. Skeletor's not going to be happy when he finds out that you were planning to overthrow him.

Tri Klops: Of course he won't!

Stargirl: Good thing you're not gonna face his wrath.

Tri Klops: What're you talking about?

Those were Tri Klops' last words. Because the last thing he saw was Stargirl firing a beam of light through his chest.

Star Girl: You will never be welcome here in Eternia.

I take my Talisman back.

Me: I believe this is mine.

Tri Klops was dead.

Luigi used his Poltergust Machine on Tri-Klops and turned him into a portrait.

Me: Teela!

I went to Teela and she was hurt bad.

Man-E-Faces: (Robotic voice) She needs blood. Lots of it.

Me: Leave that to me.

I take my dagger and stab my right arm and Lisa handed me a blood transfusion tube and I put it into Teela and start pumping my blood into her.

Me: Hold on Teela.

Man-At-Arms: Are you sure you can help J.D.?

Me: I know I can Duncan. After all I did save Penny by giving her my heart. She was dying and I gave her my heart. My immortality allows me to regenerate my organs.

Penny M.: It's true.

She pulled down her shirt and revealed her chest scar.

Mekaneck: That's an incredibly selfless deed J.D.

Ram Man: It sure is.

Me: Thanks guys.

We went back to the palace and waited. The Sorceress of Castle Grayskull was with us.

Sorceress: How is she J.D.?

Me: She is fully healed but still exhausted. My blood did wonders for her.

Sorceress: I have a strong feeling she will get powers from your blood.

Me: Yes. My heart gave Penny her powers and it was helpful for her. It's an unpredictable effect.

Sorceress: Yes.

I go into her room and Teela was waking up. Man-At-Arms was by her bedside.

Me: How are you feeling Teela?

Teela: Still tired, but your blood helped me get better J.D. Thank you.

Me: You're welcome Teela.

Man-At-Arms: Teela I haven't been truthful to you for most of the time and for that I'm sorry.

Teela: What for father?

Me: It's about your mother Teela. You see, your father kept her hidden from you because he was trying to protect you because of her powerful job so to speak.

The Sorceress came in.

Sorceress: Hello my daughter.

Teela: Mother!

Me: You're still too weak from the transfusion Teela. I know you want to get up from bed and hug her. But she'll go to you.

The Sorceress came to her and she and Teela hugged for the first time in a while.

Man-At-Arms: I'm sorry I kept this hidden from you Teela. I promise I'll make it up to you somehow.

Suddenly Teela felt an incredible pain in her back.

Man-At-Arms: Teela!

Me: Duncan wait! This is one of the side effects of my blood. I did say there would be some benefits from it and one of them is winged flight.

Teela then sprouted phoenix wings from her back and the huge amount of life energy they were giving off was incredible.

Me: Wow! Phoenix Wings.

Man-At-Arms: Wow.

Teela: That hurt really bad.

Me: I know. But look at your back.

She saw the wings and gasped.

Me: It's a side effect of my blood I gave you and it's permanent. When I gave Penny my heart she got powers too.

Man-At-Arms: It's true Teela.

Me: You might say that this is a powerful gift to you. But with great power comes great responsibility.

Teela was forever changed as a result but she had so much to learn because of it. But we promised to help train her.

## Battle 4: Beast Man

We were in the training yard and we were helping Teela with her new abilities. Lola, Aylene, Taranee and Volcana are helping her.

Lori: This is literally a big change for her.

Laney: It sure is. But Teela is adjusting to her powers really fast.

Me: Yeah.

Buzz Off: So J.D. how did you get your powers if I may ask?

Me: I got my powers because of Cosmic Radiation, Radiation from the deepest reaches of space. It's power is infinitely strong and its effects are completely unpredictable. You never know what could happen.

Stratos: That's interesting.

Me: It is. I was mutated because of it and it gave me omnipotent powers and all the secrets of the universe. Throughout my life my powers have been evolving and it's been one event after another. But that's all right with me and everyone else.

Lincoln: And it's all an incredible thing.

I then sensed something.

Me: Uh oh! Something is coming this way. Moving fast!

Mekaneck stretched his neck and he saw in the forest a long serpentine dragon flying towards us and on it was BEAST MAN!

Mekaneck: It's Beast Man and he has a Serpintaur dragon with him!

Man-At-Arms: Battle positions!

Me: Lets go!

He landed.

Beast Man: J.D. Knudson. It's been a long time.

Me: That it has Beast Man.

Prince Adam went to the walls and he unsheathed his sword.

Prince Adam: BY THE POWER OF GRAYSKULL!

The sword opened and turned and a bolt of lightning struck him and he turned into He-Man!

He-Man: (Echoing) I HAVE THE POWER!

Teela however saw Prince Adam turn into He-Man and she was shocked.

Teela: Prince Adam is also He-Man!? How?

Ed became Edzilla.

Beast Man (grins evilly): That's a nice new pet you've got, He Man. Mind if I take him for a spin?

Beast Man then made a gesture and Edzilla stopped.

Double D: Ed? Are you alright?

Eddy: What are you waiting for, Lumpy? Smash him!

Edzilla (now controlled by Beast Man): ED SMASH PUNY HUMANS! (charges at Rhino)

Rhino stopped him.

Beast Man: Ed is under my control now!

Me: You will pay for this Beast Man!

Beast Man: With my new pet, I could even take out Skeletor. Forget top lieutenant. I could be my own boss!

But then Beast Man got a shock as Edzilla had punched him in the face.

Goku: I'll hold ed. You guys get Beast Man!

Me: Okay. Venom, Rhino, Laney, Lana, Stratos, you guys go take him down.

Laney: You got it.

Venom: It's him and us.

Lana punched Beast Man in the face.

Lana: You give all animal lovers everywhere a bad name you freak!

Flora: What she said.

Flora fired a petal blast storm.

Beast Man then called a huge sand worm.

Me: Wow! That is a huge Sand Worm!

Laney: I got this!

Laney flew up to it and put her hand on its head and she tamed it. She did the same to the Serpintaur dragon, a Gryphon, Serpos, and more.

Venom: Combo time!

Flora: Right!

Flora fired a blast of petals and Venom fired black webbing.

Venom and Flora: SPIDER FLOWER MASSACRE!

The blasts combined and turned into a massive spider made of flower petals and it fired a stream of venom that spaced Beast Man in the face and burned his eyes.

Laney: You want a real pet? Get yourself a dog or something.

Laney formed a sword of bramble vines and slashed hin in the chest and the acid from the sword burned him.

Laney: Lets get him Rhino!

Rhino: You got it Laney.

Laney fired a blast of vines and leaves and Rhino charged.

Laney and Rhino: PLANT RHINO STAMPEDE!

The vines covered Rhino and he turned into a huge Rhinoceros made of plants and it charged and hit Beast Man and he crashed into the wall and He-Man bashed him in the back and sent him crashing to the floor. Edzilla smashed him all over the place.

Beast Man: No! You're supposed to obey my orders!

Edzilla: NO ONE CONTROLS ED! (eats Beast Man alive)

All: EW!

Me: That's the end of him.

Luigi turned Beast Man into a portrait and he was gone for good.

Ed: I'm sorry I tried to kill you guys.

Eddy: It's fine, Lumpy. If anyone's to blame, it's Beast Man. How did he taste?

Ed: He tasted like chicken and ham.

We laughed.

## Battle 5: Mer-Man

We were by the seas and we were looking for the insidious Mer-Man.

Me: So Mer-Man is a fish humanoid.

Teela: That's right. And he's Skeletor's underwater sea man.

Me: Sound's like he's a dangerous guy.

Man-At-Arms: He is dangerous J.D. and he's a very formidable adversary when he's underwater.

Me: I believe it.

Teela: So you're really He-Man, huh?

Adam: I hope that won't be a problem, Teela

Teela (smiles): Of course not. If it's any consideration, I prefer both of your identities.

Me: Well I'm afraid the secret is out guys.

Man-At-Arms: Yes it is.

Sorceress: I had a feeling it would one day be revealed.

Me: Me too.

We waited on the cliffs by the ocean and we were getting antsy.

Me: He has to come up sometime. But I have a feeling he's biding his time just to make us impatient.

Ram Man: I have the same feeling too.

Circe (He-Man): Same here.

Adam: So J.D. why did you keep Tri Klops visor?

Me: Well whenever we kill a bad guy that deserves it we keep an item that they had as a trophy. To the victors go the spoils of war.

Teela: That's a good saying.

Me: Yes.

Buzz-Off: I heard you all killed an evil woman named Nerissa. She was threatening to destroy the entire universe.

Me: We sure did Buzz-Off and that was one of the most incredible battles we ever had. The fate of the entire universe hung in the balance and in the end she was no match for the sheer magnitude of our power. It took everything we had to kill her.

Sorceress: I told the masters all about that battle and it was immense for you.

Me: It sure was. Our adventures have had a profound impact on not just Earth but also on many planets across the Galaxy and in galaxies all over the entire universe.

Mekaneck: That is amazing.

Mossman: It sure is. It's hard to imagine that you all have done so much for countless people all over the universe.

Me: We don't let it go to our heads. We have to do what we have to do to save and protect the people we care about.

2 more hours passed.

Irma: Merman's gotta come up to hit us again sometime, right?

Lily: Let's use our powers to force him out!

Me: Good idea. Luna, Irma, Lily, do your stuff.

Irma: You got it.

They used their powers to split the waters away from the ocean and it revealed the surface and there was Mer-Man and he was watching us.

Me: There he is.

Adam: Mer-Man.

Lori: He is literally an ugly monstrosity.

Me: No kidding.

Mer-Man: Tell me something, Knudson. Who exactly is the villain now? Me? Or you and your friends?

Me: That's none of your business sushi-breath! Lola, Taranee, Francis, Lea, Irma, Lily, Circe, go get him!

Lola: You got it.

They went down and faced Merman.

Adam went behind a rock and unsheathed his sword.

Adam: BY THE POWER OF GRAYSKULL!

His sword opened and turned and a bolt of lightning hit him and he turned into He-Man!

He-Man: (Echoing) I HAVE THE POWER!

He went down to face Merman too.

Lola: You are seriously an ugly fish face.

Francis: I don't know about you guys but I have a sudden craving for sushi.

Taranee: Me too Francis.

Lea: Lets get this freakish gill man.

They went at him and viciously slashed, punched and beat him senselessly. They clashed their swords with his sword and trident and it was a vicious fight. Lily and Irma fired blasts of water at Merman and they hit him with the force of a powerful megatsunami.

He-Man punched Merman and slammed the ground and buried him in rocks. Mer-Man got up.

Circe then used her divine singing on him. Her enchanted singing entranced him and put Mer-Man under her control. Freezing him in place.

Circe: I am your master.

Francis: Wow! That is some amazing singing.

Lola: She has a magnificent voice.

He-Man: I remember that.

Taranee: From what I remember the legend of the Siren says that their voice is extremely powerful.

Lily: That's right Taranee.

Lola: Combo time.

Francis: You got it Lola.

Lola and Francis fired a blast of fire.

Lola and Francis: PHOENIX FIRESTORM BURN!

The blasts of fire combined and turned into a phoenix and it hit Mer-Man and burned him.

Lea: Our turn.

Lea and Taranee fired blasts of fire.

Lea and Taranee: FIRE CHAKRAM STORM!

The blasts of fire combined and turned into a shower of his old chakrams and they hit Mer-Man and burned him.

Me: Now for the grand finale for him.

I entrapped Mer-Man in a bubble of water and Francis was boiling him alive.

Mer-Man (Francis is boiling him alive): Now who's the villain, Team Loud Phoenix Storm? Now who's the villain?! (dies)

Me: You are.

We then decided to bury him.

Lea: Something's not right.

He-Man: What do you mean, Lea? [Mer-Man's head is out of the ground]

Maria: His head's sticking out!

Leni: [covers Mer-Man's head with more sand] Sorry, guys. I thought he might need some air.

Francis: He don't need air where he's going.

Me: Nope. He's going into the darkness of Hell for all of eternity.

Circe (He Man): Don't worry, Merman. I'll take good care of your trident. I'll even do a better job of it as well.

Nicole sealed his spirit into the Book of Vile Darkness and Circe kept his sword and Trident as trophies and made them her weapon of choice.

Me: Well, 5 down and 8 more to go.

Lincoln: Yep.

## Battle 6: Whiplash

We were trekking through the Sands of Fire. It was a volcano field. It was really a desert and a volcano field all in one. Fireballs and jets of fire erupted out of the mounds in the desert.

Me: Wow. This is the Sands of Fire. It's a dangerous volcano field.

Mekaneck: It sure is J.D.

Lori: So why are we here?

Me: We're here to get Count Marzo's Amulet for Lynn.

Adam: Count Marzo is incredibly dangerous and he had an endless powerlust as big as any enemy J.D. faced.

Me: I know. I figured that his amulet would be perfect for her. It uses fire magic and more and it would be fitting.

We arrived at a ridge with a cross-shaped hole in it and Mekaneck stretched his neck to a long way and he went into the ridge and he found the amulet and grabbed it with his teeth.

He came back out and he had the amulet. I take it.

Me: Fascinating amulet. Here Lynn.

I hand it to her.

Lynn: Thanks J.D.

?: Nice to know that you have my amulet.

We turned and saw COUNT MARZO!

Me: Count Marzo. You were turned into an old man I see.

Count Marzo: Yes and I want my amulet back so I can have my revenge!

Me: You're not getting it ever again.

I fired an energy blast and vaporized him in an instant.

Me: Nothing good can ever come from vengeance.

Nicole sealed him into the Book of Vile Darkness.

?: That was uncalled for.

We saw Whiplash.

Me: Whiplash. Nice of you to join us.

Whiplash: Yes now I can get revenge! (ROARS)

He jumped and pounced on Lola.

Whiplash (about to stomp on Lola's head): This is for all of the fellow villains that you and your friends killed!

I punched him in the face and knocked out a tooth.

Me: Nice tooth Whiplash. Rubberband Man, Inque, Lily, Layla, Lola, Xion, Maria, Teela, go get him.

Inque: With pleasure.

Adam went to a rock and unsheathed his sword.

Adam: BY THE POWER OF GRAYSKULL!

His sword opened and turned and a bolt of lightning hit him and he turned into He-Man!

He-Man: (Echoing) I HAVE THE POWER!

Lola fired a blast of fire and burned him and He-Man punched him in the face and Rubberband Man punched him in the face.

Whiplash (avoids Xion's Keyblade): Geez, you heroes have one run in with Joker and the Suicide Squad and you just decide to be harsh with guys like me.

Me: That's right. Evil will never learn and they deserve it.

Rubberband Man: Combo time.

Layla: You got it!

Layla fired a blast of water and Rubberband Man stretched his arms and turned them into spike maces.

Rubberband Man and Layla: MEGATSUNAMI MACE STRIKE!

The water formed around the spiked maces and punched him all over the place. Teela fired blasts of fire and burned Whiplash. Lily and Layla fired blasts of water and it hit him and knocked out another tooth. He-Man kicked and thrashed him all over the place.

Maria bashed Whiplash all over the place with her water and she was pounding him with the strength of a megatsunami.

Inque: Now it's my turn!

Lily: Lets do it!

Lily fired a blast of glowing water and Inque fired a blast of ink.

Lily and Inque: GLOW INK DELUGE!

The glowing water turned the ink into neon blue glowing ink and it drenched Whiplash in a huge amount of ink and I kicked him in the face and knocked him out.

Me: The only place you're going to is prison Whiplash.

I beamed him to the Titan prison.

Me: Another villainous scumbag done.

Nico: Yep.

Vince: Soon it'll be just us and Skeletor.

Me: Yep.

---

## Battle 7: Webstor

---

We were in the home of the Andreenids and they lived in a huge hive in a cave in the Mystic Mountains. We were in the kingdon of Andreenos. It was a beautiful place and we saw that the people of Andreenos had a very sophisticated and unique culture and caste system.

Me: Wow! So this is Andreenos.

Lori: It's literally an incredible place.

Lisa: It certainly is. It has a very sophisticated system and culture.

Buzz-Off: Yes. My people are a very prideful and stubborn race. We are a people that have looked after ourselves for eons. But after seeing the very threat that Skeletor posses to the entire planet we decided to put our culture and differences aside to make sure he is stopped.

Me: I'm glad you are working with the Avion people in this time of crisis Buzz-Off.

Buzz-Off: Yes. Thank you.

We were in another hive and we saw a bunch of honeycomb food items.

Me: What's all this?

Buzz-Off: This is a miracle food we make called Ambrosia. It's a special food and it enhances our strength and makes us stronger.

We normally don't show this to outsiders but in this time of crisis we're more than willing to make an exception.

Me: I can see.

Teela: Skeletor used this food against us a while back. But he had no idea that only the Andreenids can eat it without side effects.

Man-At-Arms: Yes. When anyone other than the Andreenids eat the ambrosia it quickly wears off and becomes toxic.

Me: Does it kill you?

Buzz-Off: No. It quickly reverts the user back to their pre-consumption state.

Me: Skeletor was not very smart wasn't he?

Stratos: No he wasn't.

Lincoln: It's good he learned that the hard way.

Linka: Usually evil always has to learn the hard way.

Then a figure jumped down and it was Webstor!

Webstor: Come into my parlor, said the Spider to the Flies.

Me: Webstor. A freak like you needs to be squished.

Leni: (FREAKS OUT) SPIDER!

She took Man-At-Arms mace hammer and went at Webstor and pounded the living daylights out of him.

Lincoln and Ed grabbed her and restrained her.

Lincoln: Leni calm down!

Webstor: OW! THAT REALLY HURT!

Teela: Why did Leni freak out like that?

Me: She has an extreme fear of spiders and whenever she see's one she freaks out and squishes them or blasts them with bug spray.

Ram Man: That's a nasty fear.

Webstor (to Leni): I wonder what made you all decide to be harsh on people like us. Maybe your parents got shot and sent to the hospital by a gang of thugs.

OH HE DID NOT JUST GO THERE!

Lola (angry): SHUT YOUR MOUTH, FREAKSHOW!

Webstor (smugly): Looks like I was right. Your parents actually did get shot after all. And you all decide to take it out on our fellow villains like Nerissa and Shriek.

Me: Shut up you freak! You are really stupid and saying stuff like that is really low even for you freak. Lucy, Riku, Demona, Leni, Buzz-Off, Zoe, Roxy, get him.

Lucy: With pleasure.

Demona went at Webstor and kicked him in the face and punched him in the stomach and Riku fired a blast of fire at him.

Buzz-Off bashed him with his spear.

Lucy fired a blast of black lightning at Webstor and he was electrocuted. Leni was bashing Webstor all over the place and more and Roxy used her magic on him.

Zoe: You really disgust me saying stuff like that Webstor.

Zoe fired a blast of black fire at him and burned him.

Lucy: Combo time.

Demona: This is gonna be good.

Lucy fired a blast of black lightning and Demon fired a stream of black fire.

Lucy and Demona: NIGHT FIRE BAT STORM!

The blasts of darkness combined and turned into a massive colony of bats made of pure black fire and they went at Webstor and burned him bad with millions of bats.

Riku fired a blast of light from his Keyblade and blew his extra arms off.

Riku: Combo time Roxy!

Roxy: You got it Riku!

Roxy fired an animal paw beam and Riku fired a blast of dark fire.

Riku and Roxy: DARK WOLF STORMFIRE!

The blasts combined and turned into a wolf made of lightning and fire and it hit Webstor and he bursted into flames and was reduced to ashes in an instant.

Me: Good riddance to bad rubbish. I think I know what Skeletor is trying to do. He's messing with our minds with reminding us of the deeds we have done and he wants us to feel guilty for killing bad guys.

Nico: That's just what I was thinking.

Lori: That is literally messed up.

Lana: It sure is.

Me: Yeah. But he and his cronies are gonna pay for everything they have done. Either in prison or in the darkness of Hell.

He-Man: That's right.

---

## Battle 8: Evil Seed

In the Evergreen Forest we saw lots of beautiful plants and animals.

Me: I have a feeling that this is where we'll find Evil Seed.

Mossman: Yes. Evil Seed is the enemy of all things healthy and balanced in nature. He has a strong hatred towards all humans for eating plants.

Laney: He gives all things related to nature a really bad name and he doesn't deserve to live any longer.

Me: Yep.

Jared: I may be a vegetarian but he'll be a pile of burning ashes by the time we're done with him.

Allenby: He sure will.

Evil Seed: Then you all will die!

We saw the living plant humanoid EVIL SEED!

Me: So you are Evil Seed!

Lori: He is literally the most disgusting vegetable I've ever seen.

Lana: And I always eat my vegetables.

Evil Seed: You humans are disgusting creatures! You are just a bunch of weeds!

Me: Yeah we've heard that one before!

Evil Seed: Did you know that Floyd Lawton had a daughter?

Lori: Of course we did!

Evil Seed: And yet, you still killed him anyway. I bet her daughter really hates you now for that.

Lori: No she doesn't. She hates her father for the monster he became and she literally despises him with a passion.

Me: That's right. Evil Seed you are gonna become a pile of ashes by the time we're through with you! Riley, Cornelia, Ben, Bobby, Lori, Hay Lin, Arpeggio, Mossman, Teresa, Laney, Sam, get him.

Lori: With pleasure.

They went at him and Ben turned into Shocksquatch.

Ben: SHOCKSQUATCH!

He fired a blast of lightning at him and burned his leg off. Evil Seed regenerated his leg and Cornelia entangled him in vines and the vines were burning him.

Me: Wow! The vines are full of good life and Evil Seed's vines are born from hatred and evil.

Lincoln: That's amazing!

Earth: It sure is.

Teresa fired a sonic blast and Evil Seed was screaming in pain.

Evil Seed: You are disgusting creatures!

He-Man punched him in the face and kicked him in the stomach.

Evil Seed then formed a Plant Tyrannosaurus.

Laney tamed it and made it a healthy creature and turned it against Evil Seed. It opened it's mouth and fired barbs from it and skewered him.

Evil Seed then formed a snake from a root and it shrieked and Laney, Riley and Sam M. tamed them.

Teresa: You are a total abomination to everything in nature.

Hay Lin: I was just gonna say that Teresa.

Teresa: Combo time Lori.

Lori: You literally got it Hay Lin.

Hay Lin and Lori both fired a massive blast of wind

Hay Lin and Lori: HYPERCANE WIND SHREDDER!

The blasts of wind combined and with the sheer force of 500 Mile Per Hour winds, it hit Evil Seed with devastating force.

Hay Lin: Lets get her Arpeggio!

Arpeggio: Lets dear Hay Lin!

Hay Lin fired a blast of wind and Arpeggio fired laser feathers.

Hay Lin and Arpeggio: HURRICANE FEATHER STORM!

The blasts combined and turned into a tornado of laser feathers and it burned and ripped apart Evil Seed.

Teresa: Combo time Arpeggio!

Arpeggio: (British Accent) You got it darling.

Teresa: Please don't call me that.

Teresa fired a sonic blast and Arpeggio fired laser feathers.

Teresa and Arpeggio: SONIC FEATHERSTORM SLASHER!

The sonic waves combined with the feathers and they slashed Evil Seed into mulch.

Teresa fired a blast of sonic waves and Lori fired a blast of wind.

Teresa and Lori: SONIC HURRICANE SLASHER!

The blasts combined and turned into a hurricane and it shredded Evil Seed more and Lola fired a blast of fire and the attacks incinerated him into ash.

Lola: That takes care of that freak of nature.

Lincoln: You said it Lola.

Me: Good job guys.

Evil Seed's spirit then appeared.

Evil Seed: I WILL GET MY REVENGE! I'M GOING TO MAKE YOU ALL DEAD!

He went at me and just as he was about to reach me he was sucked into the Book of Vile Darkness for all eternity.

Nicole: Never again mulch breath.

Me: Good job Nicole.

Nicole: Thanks dad.

---

## Battle 9: Trap Jaw

---

In the Avion kingdom we were walking around.

Me: Wow! So this is your home Stratos?

Stratos: It sure is J.D. These are my people and we live in the skies in the Mystic Mountains.

Me: Your kingdom is amazing Stratos. We love flying and you can get anywhere fast when doing it.

Stratos: (Laughs) That's true.

Laney: So who do we have left of Skeletor's forces to take down?

Mekaneck: We have Trap Jaw, King Hiss, Two Bad and Clawful.

Me: And lastly Skeletor himself and things have not been going his way huh.

Lincoln: No they haven't.

Me: Yep.

Maggie: I have a special surprise in store for Skeletor when we face him.

Me: I have a feeling I know what it is Maggie.

Trap Jaw: If you live long enough to use it!

We saw Trap Jaw.

Me: Trap Jaw. I see you got an upgrade after we fought the last time.

Trap Jaw: Yes I did J.D.

Lincoln: What do you mean by that?

Me: Well after I splashed that acid into Keldor's face and got him turned into Skeletor, I fired a blast of fire at Trap Jaw. But before he was Trap Jaw he was a criminal named Kronis. I blew his right arm and part of his jaw off.

Trap Jaw: That's right J.D.

Lori: You literally did a number on him.

Leni: It totes makes him look ugly.

Me: You're telling me. As much as I enjoy making fun of our enemies we have a job to do.

Trap Jaw: You heroes claim that we're the bad guys. But you all just kill whatever villain you hate without a second thought. Did it ever occur to you that you're all becoming bad guys as well?

This statement actually makes Lincoln and Laney look down in shame.

Trap Jaw: That's what I thought. Next time you want to accuse us of being evil, make sure your slates are clean.

Me: I must admit you definitely have a lot of guts standing up to us like that. But it won't work. We know what Skeletor is trying to do. He's trying to break us with guilt because of how we killed our enemies and threw them in prison. But they deserve it regardless. Stewie, Tecna, Bowser Jr., Lincoln, Luna, Circe, Lisa, Teela, get him.

Luna: You got it dude.

Lisa: Affirmative.

They went at him.

Lincoln fired a blast of lightning and electrocuted Trap Jaw.

Luna: Time to call in the special forces bro.

Lincoln: You got it Luna.

They pulled out their R rings and put them on.

Luna and Lincoln: IT'S RIPPING TIME!

A beam of blue light fired from them and a portal opened up and out came the Ripping Friends.

Rip: Hi guys!

Luna: Hey Rip.

Chunk: What's going on?

Lincoln: We could use your help guys to take down him.

Crag: You got it. Come on guys.

Luna, Lincoln and The Ripping Friends: IT'S RIPPING TIME!

They went at Trap Jaw and viciously pulverized and thrashed him. They brutally pulverized him all over the place and bashed his face into pulp.

Lisa and Stewie fired laser blasts and burned holes into Trap Jaw.

Stewie: Tecna, it's combo time!

Tecna: (British Accent) You got it Stewie!

Tecna fired a rainbow blast and Stewie fired a laser.

Stewie and Tecna: PRISM LASER FIRESTORM!

The blasts combined and turned into a deadly rainbow laser and blasted a hole into his chest.

Lisa: Lets finish him with our combined attack Bowser Jr.

Bowser Jr.: You got it L-dog!

Lisa fired a powerful laser blast and Bowser Jr. fired a blast of fire.

Lisa and Bowser Jr.: FLAMING LASER FLOWERSTORM!

The fire combined with the lasers and turned into laser petals and shredded Trap Jaw.

Chazz: Final Smash time.

He pulled out 5 Duel Monster Cards. It was Ojama Red, Blue, Black, Yellow and Green. He summoned said Ojama's and they went at Trap Jaw and used their Final Smash.

Chazz and the Ojama's: OJAMA DELTA HURRICANE!

They spun and became a powerful tornado of energy and blasted all the way through him and they killed him instantly.

Jaden: Way to go Chazz!

Me: Righteous dude! It's his turn to CHAZZ!

Jaden, Alexis, Syrus, Bastion and Blair: IT!

Chumley, Tyranno and Yubel: UP!

Chazz: Thanks guys. (To the viewers) This is my first ever Final Smash and it was awesome!

Chazz went over and he saw that he was dead.

Chazz (sees Trap Jaw's dead body): He's dead, alright. We're never gonna see him again.

Me: No we aren't. But you did great Chazz.

Chazz: Thanks man.

Adam: That was pretty cool!

Me: Yep.

## Battle 10: King Hiss

We were trekking through the Tar Swamp. It was a gross and smelly swamp.

Me: This swamp is revolting.

Luan: It sure Sticks to you. (Laughs) Get it?

Me: (Laughs) That is a good one Luan.

King Hiss: It was-s-s-s not funny.

We saw King Hiss.

Me: King Hiss. You would make a fine pet for Orochimaru in the darkness of Hell.

King Hiss: So you are the ones we knew were coming to kill Skeletor.

Me: That's right. You've tormented all of this planet for the last time. A nice dark prison cell would be nice for you. Nico, May, Laney, Leni, Karai, Xion, Rachel, Musa, Roboto, you're up.

Nico: You got it.

Nico went Super Saiyan 2 and they went at him. Nico punched King Hiss in the face and knocked out one of his teeth. Nico picked it up and put it in his pocket.

Leni and Karai slashed him and cut him up bad.

Leni: You would totes make the ugliest fashion accessory.

Karai: (Japanese Accent) You dishonor your people.

King Hiss: It's funny. I'm supposed to be the snake. But you all kill any villain that you deem guilty. I guess that makes you all no better then I am.

Me: We're monsters killing monsters. But only those that deserve it.

Leni: Lets use a combo Karai!

Karai: Okay.

They went at King Hiss with their swords ready.

Leni and Karai: 10,000 SWORD SLASH!

They slashed King Hiss in many places.

Roboto punched him and blasted him with a laser blast. Laney wrapped King Hiss in bramble vines.

Xion fired a blast of fire.

Xion slashed him and fired a blast of ice and froze him.

Xion: Combo time Musa!

Musa: You got it.

Musa fired a musical blast and Xion fired a blast of light.

Xion and Musa: RAINBOW SIREN SONG!

The light merged with the music notes and turned them into rainbow light notes and they hit him and knocked him out.

Me: That was a waste of time.

I snapped my fingers and stripped him of his powers and more. I beamed him into the Titan Prison.

Me: A prison is good for him.

## Battle 11: Clawful

We were by the ocean again and we were resting and enjoying the beauty of the Eternia sea.

Me: Whoo! We sure have been busy here.

Vince: We sure have.

Clawful: Don't celebrate just yet.

We saw Clawful.

Me: Clawful.

Cornelia: Good news, Clawful. Evil Lyn told us to go easy on you. So we've decided to throw you in the Moon Prison where you can eat all of that delicious Cajun Food.

Clawful: Oh thank goodness. I didn't like working for Skeletor. He was such a jerk.

Me: He's a jerk to everyone in Eternia and he will die a horrible and painful death at my hands.

Clawful: Good.

Lincoln: How do we know this isn't a trick?

Me: I sense a spark of good inside of him Lincoln. We did say to go easy on him.

Lincoln: True.

Irma: You know what, Cornelia? I'm starting to feel sorry for Clawful.

Cornelia: Why?

Irma: Because all his life, people looked down on him. Even Skeletor. Heck, his own species think of him as a weakling.

Cornelia: You're probably right. And Evil Lyn did say to go easy on him.

Me: Yeah.

Clawful then had an aura of darkness around him.

Me: Uh oh! Sandman, Clayface, Lynn, Cornelia, Lori, Teela, Ram Man, get him to calm down!

Ram Man: Right!

They went at him. Clayface wrapped him up in Clay and Teela bashed him all over his face and Ram Man rammed him.

Lori blew him around in a tornado of wind. Lynn tried out her amulet and fired a red fire laser at him and burned him.

Cornelia: Combo time Sandman!

Sandman: You got it Cornelia!

Cornelia sent numerous vines and Sandman fired a huge blast of sand.

Cornelia and Sandman: DESERT BLOOM PUNCH!

The vines had sand form into a fist and it punched Clawful.

Lynn: Lets get him Clayface!

Clayface: You got it Lynn!

Lynn sent a wave of lava and Clayface threw a mace ball.

Lynn and Clayface: VOLCANIC MACE POUNDER!

The lava coated the mace ball and it turned it into a mace ball of lava and it slammed into Clawful.

Clawful is knocked down.

I removed the darkness from him and Nicole sealed it into the Book of Vile Darkness.

Sora: Let me heal him.

He did so with his Keyblade.

Me: Good work guys.

Clawful got up and he was better than ever.

Clawful: Thank you so much guys!

Me: You're welcome Clawful. Sorry we roughed you up like that.

Clawful: No worries.

Me: Well we have 1 more member of Skeletor's forces to take down and then we go after him.

Nico: That's right.

I used my magic to make the snake fang from King Hiss into a necklace for Nico.

## Battle 12: Two Bad

We were heading for the Dark Hemisphere and we were not far from the border.

Me: We're getting close to the border of the Dark Hemisphere.

Adam: And Skeletor's fall.

Me: Yep.

Two Bad: We won't let you get to Skeletor!

We saw Two Bad.

Me: Two Bad.

Tuvar: That's right. I'm Tuvar.

Baddrah: And I'm Baddrah.

Me: Pleasure. I take it you two were fused together because of magic.

Tuvar: That's right.

Baddrah: I hate being stuck to him!

Me: Sheesh. Like a couple of two year old kids. No offense.

Lily: None taken.

Me: Carol, Lynn, Will, Lincoln, Elena, Man-E-Faces, Shocker, go get em.

Elena: With pleasure.

Elena fired a blast of lightning and electrocuted him and Man-E-Faces used his monster strength and punched him all over the place.

Lincoln fired a blast of lightning and burned him. Shocker did the same and Lynn fired a blast of lava. Carol used King Ghidorah's Gravity Lightning and it hit him and exploded.

Elena: Combo time!

Will: You got it!

Elena and Will fired a blast of lightning.

Elena and Will: LIGHTNING MAELSTROM!

The blasts of Lightning combined and turned into a massive whirlpool of lightning and it hit Two Bad and Electrocuted him.

Elena (to Two Bad as he gets back up): How pathetic. You didn't even see us coming.

Lisa: Skeletor made a horrible choice recruiting you two. Not just for your apparent lack of skills but also for your inability to work together. I mean, what kind of team argues with one another.

Tuvar: We're dysfunctional?! We're not the ones who got a brother killed with that stupid Sister Fight Protocol!

Me: For your information you dunderheads that is not what happened.

Man-E-Faces fired a laser blast.

Shocker: Combo time Lincoln!

Lincoln: You got it Herman!

Shocker and Lincoln fired huge blasts of lightning.

Shocker and Lincoln: LIGHTNING CLOUD BARRAGE!

Their lightning turned into a massive cloud and hit Two Bad with a huge number of lightning strikes.

Nico: I think it's time for you two to be separated.

Nico fired a blast of magic and it separated

Tuvar: We're seperated?

Nico: Yep. You sure are. (Tuvar hugs me)

Tuvar: Thank you so much! I've been looking for a way to get seperated from that idiot! How can I ever repay you?

Nico (weirded out): Um… turn yourself in?

Tuvar: Done! As long as I don't get put into the same prison as Baddrah.

Nico: Fine. FYI, we're sending Baddrah to the Moon Prison since he would definitely like Cajun Fox's food.

Baddrah: Fine with me. Anything to get away from this numbskull.

Me: Done.

I snap my fingers and beam them both to their prisons. I beamed Tuvar to the Titan Prison and Baddrah to the Moon Prison.

Me: That's that. Now it's just us and Skeletor.

Adam: It's time to end him once and for all.

Me: Yep. Get ready Skeletor. Your destruction is now at hand.

## Part 13: SKELETOR!

We arrived in the Dark Hemisphere and just a couple of miles ahead of us was Snake Mountain, Skeletor's base of operations and the hideout of ultimate evil. It was a snake-shape mountain and out of its mouth was a perpetual river of lava and it was surrounded by an immense lava field. It looked like it was a lair from the very darkness of Hell in its entirety.

Me: There it is guys. Snake Mountain, lair of Skeletor.

Vince: Yep. It's gonna be a rough battle.

Me: It sure is partner. But I'm ready for him. After 5 years I am ready. Time to also call in some friends.

I pulled out the Sword of Omens and I had my eyes in alignment with the hilt as the red gem glowed.

Me: THUNDER! THUNDER THUNDER THUNDERCATS HOOO!

The sword blade grew longer and the gem became a cat symbol and it shined into the sky and it emitted a really loud roar.

ROOOOOOOOOOAAAAAAARRRRR!

The symbol became a portal and the ThunderCats theme song played. The ThunderTank came out of the portal and it was coming towards us.

Singers: THUNDERCATS ARE ON THE MOVE! THUNDERCATS ARE LOOSE! FEEL THE MAGIC! HEAR THE ROAR! THUNDERCATS ARE LOOSE!

The ThunderCats arrived.

Lion-O: J.D. it's good to see you.

Me: You too Lion-O. Guys. I would like you all to meet the famous ThunderCats of The Planet Third Earth. After I burned Skeletor I helped the ThunderCats kill the ruthless and evil Mumm-Ra and they made me a member of the ThunderCats becoming the first ever Human to join them.

Lion-O: It's an honor to meet the famous Team Loud Phoenix Storm. I'm Lion-O, Leader of the ThunderCats.

Tygra: I'm Tygra, Architect of the ThunderCats.

Panthro: I'm Panthro, chief mechanic of the ThunderCats.

Cheetara: I'm Cheetara, the voice of reason for the ThunderCats.

WilyKit: I'm WilyKit.

WilyKat: And I'm WilyKat. We're the twins and we're called the ThunderKittens.

Lincoln: It's an honor to meet you all.

Lori: Same here.

We revealed what we're on Eternia for and more. We proceeded on and it was going to be a battle that will decide the Fate of Eternia.

---

Inside the mountain, Skeletor was waiting for everyone to come back.

Skeletor: What is taking them so long? They should've come back after dealing with J.D. Knudson and his friends.

Then a massive fiery explosion blew a hole in the wall of the mountain.

KRABOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

When the smoke cleared Skeletor saw all of us ready to fight.

Me: Hello Skeletor.

Skeletor: So the Famous J.D. Knudson and Team Loud Phoenix Storm and the Masters of The Universe have decided to launch an attack on me.

Me: That's right. And I have a score to settle with you.

Skeletor: What do you mean?

Me: You remember the fight that left you without your face? I was the one that took it from you. I was only 12 when I did it. Now I'm going to finish you off once and for all and kill you.

Skeletor: (MANIACAL LAUGHTER) That is amusing J.D. I would've remembered you doing that.

Me: That's because I didn't have this scar on my left cheek on my face back then. I am that kid. It's just that I have changed dramatically.

Skeletor then knew I was right and he got a good look at me and his eyes glowed red. Or his eye sockets for that matter.

Skeletor: YOU! You took my face from me!

Me: Now you remember. But I'm not the same as I was back then Skeletor. I'm now far more powerful than ever before and I'm going to destroy you once and for all.

Skeletor: I will destroy you first!

He then saw Clawful and Circe.

Skeletor (to Clawful and Circe): I let you two serve me. And this is the thanks I get?!

Circe (He-Man): Sorry, Skeletor. But you really were a terrible boss.

Clawful: And here's my resignation! (kicks Skeletor in the groin)

Me: Ohh! Nice shot. But he's mine guys.

I walk up to him as he got up.

Skeletor: Your powers interest me, Knudson. I'm going to enjoy sucking them out of you and making them my own.

Me: I'd like to see you try Skeletor and my power cannot be taken or stolen. It has to be earned or you have to be chosen to receive it. Now…

I start powering up.

(Gohan's Anger Theme Plays)

Me: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I flared up my full power and my Super Angel Aura and lightning was striking everywhere. The ground all over the area was shaking violently and more and lava was rising high into the sky. Then I unleashed my power.

Me:
HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

In a massive flash of golden yellow light my full power was unleashed. I was in my Super Angel 10,000 form and the level of power I had was incredible.

Will: Guys we have to give our powers to J.D. to help him.

Irma: Lets do it.

They put the Aurameres on me and the powers of the Guardians were all in me and my powers were enhanced dramatically. I had Lightning, Water, Fire, Leaves, Wind, Stars, Clocks and Pink Energy swirling around me.

Me: (Echoing Voice) **Skeletor, I will never forgive you for any of your crimes. You will now face the Divine Judgement of a god!**

Skeletor: Lets see you try my young friend.

Me: **Lets.**

I unsheathed my sword and Skeletor fired a blast of energy from his staff at me and it hit me and exploded. When the smoke cleared I was still standing but I was unfazed by his attack. There wasn't a scratch on me.

Me: **Your staff is broken!**

When I said that Skeletor's staff instantly exploded into fiery splinters. Destroying it.

Skeletor (to He Man): I knew that you were finally getting serious when you and your friends killed half of my Evil Warriors. Just as I knew that you would get tired fighting your way here. Leaving you open for me to deliver the coup de grace.

He-Man: Your reign of terror is over Skeletor. You will pay for everything you have done.

Me: **Lets dance.**

Skeletor: Lets.

(Forsaken by Within Temptation plays)

He unsheathed his sword and it was in two. We went at eachother and clashed and we were clashing with incredible skill, strength and power. Sparks and lightning were flying from our swords with each clash and they were blowing apart the entirety of Snake Mountain and setting most of the entire area on fire and it was burning in a massive and raging epic conflagration. I kicked Skeletor in the face and fired a powerful blast of fire and it hit him in the chest and exploded. When the smoke faded his chest had a huge hole blown into it and it completely exposed his black evil heart to the open.

Me: **Wow! And I thought Nerissa's heart was as black as the darkness.**

I kicked him in the face and we resumed our clash and massive thunderous shockwaves were being felt all over the area and blowing much of the landscape apart.

Suddenly explosions hit Skeletor and the source was Nico.

Nico: Skeletor, you have failed this kingdom! (fires Sixsix's missiles at him)

They hit him and blew his cloak apart.

Me: **Lets take him down together guys! I've had my fun.**

Nico: Lets do it!

Nico went Super Saiyan 4 and Lincoln, Lori, Linka, Laney, Yuko, Lily, Carol, Vince, Varie and Naruto went Super Angel 2. Goku, Vegeta, Trunks and Gohan went Super Saiyan 2 and Piccolo went Super Namek.

We all went at Skeletor and it was a savage and explosive fight of epic proportions. Massive explosions of fire and energy decimated the landscape and shook the very foundation of the entire planet to the very core. Massive thunderous shockwaves were blowing apart the landscape and more.

Trunks flailed his arms around and put them in a sign.

Trunks: BURNING ATTACK!

He fired a blast of energy and it hit by Skeletor and exploded.

KRABOOOOOOOOOOOOOOOOOOOOMMMMMMM!

Nico: I know what your plan was Skeletor. You were trying to get your Evil Warriors to break us emotionally by having them taunt us about all the villains that we killed.

Skeletor: Well, why don't you all admit it?! You all are no better then me! You might call yourselves heroes. But you're just as much of a monster as me! And so are your friends!

Nico: Well, if you think that, then I guess we're the monsters that hunt down other monsters!

Me: **That's right man. And I was the one that figured it out.**

Nico: Oh sorry.

Me: **No worries.**

I punched Skeletor in the face.

Maggie: I have an incredible surprise for you Skeletor.

Skeletor: And what might that be young one?

Maggie pulled out a Black Lantern Ring and put it on. She recited the oath of the Black Lantern Corps.

Maggie: THE BLACKEST NIGHT FALLS FROM THE SKIES;

THE DARKNESS GROWS AS ALL LIGHT DIES;

WE CRAVE YOUR HEARTS AND YOUR DEMISE;

BY MY BLACK HAND THE DEAD SHALL RISE!

Maggie became a Black Lantern and she had a scythe in her hands and a black sleeveless battle body suit and she had black long gloves.

Maggie: Lets see how you like seeing the dead.

Maggie opened her eyes and they were pitch black. She slashed the ground with her scythe and out of the ground arose zombie versions of Mer-Man, Evil Seed, Tri-Klops, Beast Man and Trap Jaw. They went at Skeletor and beat him really viciously and blasted him all over the place.

Luan: Way to go Maggie!

Maggie smiled at Luan and Haiku smiled at her sister.

Mario: (Italian Accent) Lets-a power up!

Luigi: You got it.

Mario and Luigi called out fire and Ice Flowers and they activated on Mario, Luigi, the Princesses, Bowser Jr. and Toad and they threw fire and ice balls at Skeletor.

Lion-O slashed Skeletor with his Sword of Omens.

Tygra lashed him with his whip.

Panthro hit him with his nunchucks

Cheetara used her incredible speed and bashed him all over the place with her staff.

The ThunderKittens swung on vines made by Laney and Riley and they threw bombs at him and they all exploded in his face.

Shagon fired lasers and Mr. Huggles the Doormouse turned into Khor the Destroyer and viciously pounded Skeletor with indescribable fury.

Me: **BLACK LIGHTNING** (Cups hands to the side) **KAAAAA! MEEEEE! HAAAAA! MEEEEE! HAAAAAAAAAAAAAAAAAAA!**

I fired a Kamehameha Wave made entirely of pure black lightning at Skeletor and he dodged it and it hit the walls of the mountain and exploded with incredible power.

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared Snake Mountain was now nothing more than a smoking crater and it filled up with lava. Skeletor was on a rock floating in the lake.

Lincoln fired a blast of lightning and electrocuted him.

Nico used Eis Shenron's ice ray and froze Skeletor's feet to the rock.

Nico: Now lets see how you like this.

He formed a magnifying glass lens.

Nico: NUOVA DEATH RAY!

He fired a focus fire laser and it hit by Skeletor's feet and blew him away in a fiery explosion. Sending him flying and he skidded on the lava and crashed into the side of the cliff.

Star Girl bashed Skeletor in the face with her staff.

Star Girl: Lets see how you like my Final Smash!

She used her Final Smash.

Star Girl: STAR BLAST METEOR SHOWER!

She fired a blast from her staff into the air and it rained down numerous energy blasts onto Skeletor that exploded on contact.

Tai: Lets get him Agumon!

Agumon: You got it Tai.

Agumon then Digivolved.

Agumon: AGUMON DIGIVOLVE TO…

He became Greymon.

Greymon: (Echoing) GREYMON!

Greymon charged and rammed Skeletor and sent him flying.

Greymon: (Echoing) NOVA BLAST!

He fired a huge fireball and it hit Skeletor and burned him bad.

Trunks: Lets use our combo on him Greymon!

Greymon: You got it Trunks.

Trunks put his hands in that sign.

Trunks: BURNING ATTACK!

He fired an energy blast.

Greymon: (Echoing) NOVA BLAST!

He fired a fireball.

Trunks and Greymon: BURNING NOVA ATTACK!

The blasts combined into a fiery energy blast and it hit Skeletor and exploded with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Skeletor was badly weakened from our fight and he was on his last legs. I took his swords.

Me: **Now to finish you off once and for all Skeletor. You have caused so much pain and suffering to this planet and you will now face punishment for your crimes. And that punishment is death! Trunks, lets get him.**

Trunks: Right.

We kicked Skeletor high into the air and we teleport up to him and I then stab him in his black heart and look into his eye sockets with glowing red eyes.

Me: **GO TO HELL AND TAKE YOUR FRIENDS WITH YOU!**

Then me and Trunks slashed him into a million pieces with our swords and fired a massive energy blast and completely vaporized

Skeletor in an instant and he was dead. Skeletor - the ultimate evil of Eternia and its most dangerous enemy was killed and defeated by us for good.

I powered down and all the powers of the Guardians returned and we all powered down and everyone cheered wildly.

Me: It's over guys. Skeletor is dead.

Nicole: And I sealed his spirit into the Book of Vile Darkness dad.

Me: Great job. You all did a great job. I'm proud of all of you.

Skeletor had now been silenced forever and Eternia can now be at peace knowing that Skeletor and his forces will never terrorize the lands ever again.

---

Back at the Palace we were given medals for our heroic deeds in putting an end to Skeletor. We had a huge victory feast to celebrate and we brought a lot of conflicts on Eternia to an end and peace now ruled. Clawful's kind formed an alliance with all the races of Eternia. We even set up a huge intergalactic trade route with Eternia and Earth. Even though our planets are 4,000 light-years apart from each other we built jump gates to get there. Clawful now works in Gotham Royal York at the newest fusion restaurant buffet that was built: The Orlean Calcutta Creole Curry Fusion Restaurant and he was a great cook in the creole food. I kept Skeletor's swords as a trophy.

Me: (To the Viewers) Remember this guys, even when some people say bad stuff about you, you shouldn't let that get to you. Always find a way to overcome those words and the challenges ahead.

THE END

Another Fanfiction Complete.

The 2002 version of He-Man and The Masters of The Universe was an awesome show and it was much better than the one from the 1980's and it was much more action packed. I never saw the version of He-Man from the 1980's because I wasn't born back then. I also wanted to include the ThunderCats from both 2011 and 1985. I liked both versions. I never saw the 2011 version but I heard it was cool. But it's the version from 1985 that I'm most familiar with. The 2002 version of He-Man however was left in a huge cliffhanger after the ending of Season 2 on January 10th, 2004. He-Man 2002 was a great show from August 16th, 2002 tp January 10th, 2004. So I figured me and NicoChan11 could create our own version of the shows ending and kill Skeletor for good. Thanks for the ideas man as usual. Let me know what you all think.

See you all next time.

He-Man and the Masters of The Universe 2002 is owned by Michael Halperin and Cartoon Network.

ThunderCats from 1985 and 2011 is owned by Leonard Starr, Warner Bros. and Cartoon Network.

Me: I know. Here goes.

I spun the wheel and it was spinning fast. I didn't use my super strength because that would not be good. I saw the wheel slow down and much to my shock it landed on the dollar.

Drew: Oh my gosh! $5,000,000.00!

I was cheering wildly!

Me: YES! YES YES!

Drew: What is up with this guy!? (Laughs) What is up with this guy!?

Drew reset the wheel to a nickel.

Me: Wow!

Drew: Go get that money J.D.

Me: Okay.

Drew: $50,000,000.00!

I couldn't believe it! I was on a Supernova-Hot Winning Spree.

---

I was in the showcases and It was gonna be awesome.

Drew: Welcome back everybody. Time for the Showcase Round. Whoever bids closest to the actual retail price of their own showcase without going over will get their showcase. And if you are within $1,000 of your showcase not only do you win both showcases but you also get $1,000,000,000.00.

Me: Wow! The stakes are really high.

Drew: They sure are. J.D. you ready to see your showcase.

Me: Always ready Drew.

Drew: Take it away George.

The first showcase began.

George Gray: J.D. this showcase is fit for an awesome superhero like you and lets go over some of your adventures. First you saved all of the world from the evil Nerissa.

Me: That was the most action packed battle we had.

George Gray: It sure was. Now you can relive the action and some of your favorite games with this new Video gaming package!

I saw the first item in my showcase.

Me: Nice! We would love that.

George Gray: This video gaming package comes with a Nintendo Switch, A Playstation 4, An Xbox One and a Nintendo 3DS and 40 games. 10 for each system. Next, J.D. you and everyone on Team Loud Phoenix Storm went on a huge global vacation almost a year ago right?

Me: We sure did and it was awesome! But we weren't called that back then.

George Gray: Well that's okay because now you can relive that vacation once again when you're on a beautiful Amazon Safari!

Me: That would be awesome!

George Gray: You and 9 guests will fly round trip from Los Angeles to Manaus, Brazil for a 10 day stay at the Hotel Novetel. It is home to the amenities and comforts of home and has daily breakfast. Then you'll embark on an Amazon Rainforest Safari and see the beauty of the most beautiful rainforest in the world.

Me: Wow!

George Gray: Now J.D. what was your most action packed adventure with Team Loud Phoenix Storm?

Me: Oh gosh that's a tough one. But I would say participating in the Gotham Royal York 500.

George Gray: Well you can relive those moments again when you are cruising down the roads in your brand new LAMBORGHINI!

I was flabbergasted. Never have I seen The Price is Right offer a Lamborghini car EVER. Ferrari yes but never Lamborghini. It was an awesome car. And not only that but it was one of the most expensive cars in the world.

George Gray: It's the 2019 Lamborghini Veneno, comes equipped with 7 speed automatic transmission, V12 engine, 710 horsepower, heated seats, and more. So it's a video game package, an Amazon Safari and a Lamborghini and this showcase will always be a super one for you if The Price is Right.

Drew: Wowy! J.D. that is an awesome showcase. You want to bid on that or pass it on?

Me: Oh gosh. This to good to pass up so I'll bid.

Drew: I would bid too.

Me: Let me think here.

I did some thinking and calculated it.

Me: $4,587,237.00

Drew: $4,587,237.00. Okay.

The next showcase had an awesome luxurious bedroom from Michael Amini Furniture and it was the Brittney collection and there was awesome Chateau Beauvais Living Room set and a Lavelle Dining Room. It was beautiful furniture and it would be perfect for our house. But to my mom however it was too gaudy. The dining room plates were from Fiesta dinnerware and they had lots of great colored dinnerware. Next was an awesome Omega Seamaster stainless steal watch. It was an awesome James Bond style watch. Lastly was an awesome car that was incredible. It was the most expensive car in the world: The Rolls Royce Sweptail. That was an awesome car! And never before have I seen the Price is Right ever offer a British car like a Rolls Royce. The other contestant bid $10,000,000.00 on the whole thing.

Me: Wow! That is an awesome showcase. They both were awesome!

Drew: They sure were.

---

Lastly was the results.

Drew: Welcome back everybody.

Me: This is gonna be awesome Drew.

Drew: It sure is. Lets start with you.

He went to the other contestant first.

Me: Wow!

Drew: I figured that out in my head.

Me: (Laughs) That is funny Drew.

Drew: Thanks J.D. You had a nice showcase too. You had video games, Amazon Safari for 10 for 10 days and a Lamborghini Veneno. Really nice car. You bid $4,587,237.00. Actual retail price: $4,587,239.00. Difference of $2.00! You win both showcases and $1,000,000,000.00!

I was the biggest winner of all time on any show.

---

Later I was driving home in my new motorhome and it was awesome. I drove up to the front of the house and honked the horn. It sounded like La Cucaracha.

Everyone came out and saw me by my new RV.

Me: Hey guys. I'm back and check out my new rides.

Everyone came to me.

Lori: Wow! J.D. this is literally the most awesome RV ever!

Lincoln: So you won on the Price is Right?

Me: I sure did and I became the biggest winner of them all. Over $2,000,000,000.00 in cash and prizes.

Everyone: WOW!

Laney: J.D. that is amazing!

Lily: It sure is.

Me: Yep. But I wasn't in it for the fame and fortune, I was in it for the

fun.

In the living room we were watching the Price is Right on TV and we all saw how I did and when it was done everyone was cheering wildly for me.

Luna: Dude you were rockin'!

Lynn: You dominated the whole show!

Me: I sure did. And Lori I won you and Bobby and your kids a nice vacation. If you want you can take Lincoln with you.

Lori: Thanks J.D. And you are right it would literally make a great honeymoon.

Me: I had a feeling.

Lincoln: Thanks for the new bedroom J.D.

Me: No problem Lincoln.

Lana: And the new living room set and dining room is awesome!

Lynn Sr.: I'll say. It's really luxurious and very stylish.

Rita: You have had a lot of fun on that show J.D.

Me: I sure did.

The Price Is Right was an awesome time for me.

THE END

Another Fanfiction Complete

The Price Is Right has always been my favorite game show ever since I was a little kid. My mom got me into it when I was 7 years old as I was recovering from my Hernia Surgery. Bob Barker did a great job as host of the show for 35 years and he was awesome. He also appeared on Happy Gilmore and kicked Adam Sandler's butt. Drew

Carey is doing a fantastic job and he is doing really well 12 years running from 2007. He's also the funniest guy we know and we get a really good laugh out of it. I had to do a lot of math in my head and more. The Price Is Right $1,000,000 Spectacular was awesome! And in 2008 we saw the Price Is Right give away $3,000,000 to three people in 3 months. Saving them 10,000 years worth of saving their money for that long. Which is time no one has. 2008 was known as the year of the $1,000,000 winners and there were a bunch of winners on different gameshows over the course of that year. We gave $9,000,000 on gameshows in just that year alone. But because of the Great Recession of 2009 to 2010 we stopped the Million Dollar Spectaculars. Let me know what you all think.

See you all next time.

# Adventures and More Adventures

## Part 1: The Killing Spree of Zsasz.

---

It starts with me looking up stuff on the computer.

Me: Hmm. This looks interesting. What is a Sibling Worth?

I saw that it was a story created on the internet and it was an interesting story. But as I kept reading I saw that it was the aftermath of the infamous events of the Bad Luck Karma Nightmare A.K.A. the N.S.L. Travesty.

Me: Whoa! Hey Lincoln, Lynn, take a look at this!

Lincoln and Lynn arrived.

Lynn: What's up?

Me: Look at this. This is a story someone created on the internet and it's the Aftermath of the Bad Luck Karma Nightmare.

Lincoln: This looks weird.

Lynn and Lincoln read the story and they gasped in shock.

Lincoln: Jeez! Lynn I would never bite you in the leg like that!

Lynn: And after everything that has happened with that nightmare I'm glad I don't think that way anymore.

Lincoln: And you saying that you wish I was never born would be the most horrible thing ever said.

Me: No kidding guys. Lets see what else he made.

I looked at more stories and I saw a strange one.

Me: This is a strange one. "Syngenesophobia."

Lincoln: What is that?

Me: It's the fear of relatives.

Lynn: That sounds very serious.

Me: It is.

Everyone gathered and we read the story and we were absolutely shocked at what we read.

Me: Jumping Flank steaks!

Lori: That story is literally the most scariest thing we've ever read.

Laney: I can't believe you all would savagely beat up Lincoln like that and scar him for life.

Lana: Jeez! No kidding.

Luan: The Sister Fight Protocal ruined everything for us.

Me: It sure did and in the end it made you all outcasts in Royal Woods.

Carol: That is awful.

Linka: No kidding. Everyone hates you now because of how you hurt Lincoln.

Lynn Sr.: I say! I would never hurt my own children with my own belt. That's child abuse.

Me: It sure is. But at least Clyde and Ronnie Anne are helping out in this.

Laney: They sure are.

Me: It just goes to show you all. When you express the terrible emotion of rage in a deadly way, there will be horrible consequences.

Luna: That's right dude.

The alarm sounded and Commissioner Jim Gordon was on the form.

Me: Commissioner Gordon, what can we do for you?

Commissioner Gordon: J.D. The ruthless Mister Zsasz has escaped from Arkham Asylum and is causing a lot of deaths all over Gotham Royal York. He has been killing numerous people left and right and he has been adding to his death count like crazy.

Me: (Gasp) That monster! He will die a thousand deaths for this. We're on our way.

He hung up.

Lincoln: Who is Mister Zsasz?

Me: His name is Victor Zsasz A.K.A. Mister Zsasz and he is a ruthless serial killer with absolutely no regard for the value of human life. This is what he looks like.

I pull up his picture and he was a bald headed man with an incredibly evil homicidal grin and he had numerous tally mark scars all over his body.

Lucy: Gasp!

Luan: Whoa! This guy looks evil to the core!

Laney: He has more scars than anyone!

Me: He does. Each tally mark scar on his body is the number of victims he killed.

Lola: This guy needs to die a horrible and agonizing death!

Me: My thoughts exactly. Come on guys!

We headed out to the city.

---

In the city, Zsasz had a drunk man named Randy Marsh cornered in an alleyway.

Randy (drunk): C'mon, man! What do ya want from me?

In a few seconds, he got stabbed through the chest.

Zsasz (to Randy's dead body): What I want is your life.

And he cut another part of his body and laughed like a crazed madman.

Zsasz was about to kill a woman named Sheila Broflovski.

Sheila Broflovski: You put that knife away before I call the police! (gets decapacitated)

Zsasz (Scowling): Am I really only killing dumb people today?

Then without warning I swooped in and punched him in the face and he crashed into the wall. He got up and saw us ready to fight him.

Me: Victor Zsasz A.K.A. Mister Zsasz.

Zsasz: That's right.

Varie: You are the most disgusting creature ever to walk this world.

Zsasz (gestures to his scars): You see these? Each scar is a life. You all have scars now, too. Don't you, Team Loud Phoenix Storm? Did you all like it? Did you all feel the release?

Me: We only kill those that only deserve it. You just kill people for the sheer thrill of it. You are nothing more than a homicidal maniac with absolute no regard for the value of human life and people like you only deserve one place and that is the darkness of Hell burning for all eternity.

Zsasz: I'll kill you all and take you all with me!

Me: Come and try it!

I go at him and punch him in the face and kick him in the stomach.

He went at me and punched at me and he slashed me in the face and I had a bleeding cut over my right eye.

Me: Just for that one I'll make sure your death is slow and extremely painful!

Batman then swooped in and kicked him in the face and sent him crashing into the wall again.

Zsasz (to Batman): C'mon, Batman! You wouldn't kill me, would you?

Batman: No. Even after all this time, I still won't kill. But I gave up on redeeming scum like you a long time ago after what Joker did to Jason Todd. I know that J.D. and the others would never force me to kill someone. But I will gladly let them kill villains like you if necessary. You better hope that your death is quick and painless!

Megan changed into her Dark Samus suit and fired a blue hyperbeam blast and Zsasz dodged it and it hit the building and exploded and blew him into the ground and Rhino bashed him in the stomach and sends him crashing into the wall.

Nico: Victor Zsasz, you have failed this city! (Fires Trap Jaw's blaster at him)

Me: He has failed every city.

Megan: Teresa lets use a combo on him.

Teresa: You got it.

Megan fired a blue hyperbeam blast and Teresa fired a sonic wave blast.

Megan and Teresa: SONIC PHAZON STREAM!

The sonic waves merged with the blue hyperbeam and it hit Zsasz and blew him away.

Batgirl: Time for a Final Smash!

Batgirl used her Final Smash.

Batgirl: BAT STORM DESTROYER!

She sent a huge colony of bats at Zsasz and they bit and scratched him all over the place.

Zsasz was bleeding profusely and Poison Ivy blew some pheromone dust onto him and she had complete control over him.

Poison Ivy: Zsasz, do me a favor. Get out your knife and slit your own throat!

He took his knife and slashed his own throat and he was almost fully decapitated.

Nico: Is he dead?

Megan kicked Zsasz's corpse in the ribs but got no response.

Megan: Oh yeah. Zsasz is officially dead.

Me: Good riddance to bad rubbish.

Nico: You know what? I think I should give Zsasz 9 points for at least trying to kill us. (gives his body a small scar with his own knife) One. (gives his body another scar) Two. (gives his body another scar) Three. (gives his body another scar) Four. (gives his body another scar) Five. (gives his body another scar) Six.

Teresa (turns green): Nico.

Nico: Yeah?

Teresa: Please stop doing that to Zsasz's corpse.

Me: I think we get it man.

Zsasz' spirit then appeared.

Nicole: You will never kill another soul again Zsasz! (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

His evil spirit went into the Book of Vile Darkness.

Me: Go to Hell and stay there Zsasz.

Lincoln: That guy was a monster.

Batman: He sure was Lincoln.

Lana: That guy deserved the most horrible and agonizing death anyone can ever imagine.

Me: My thoughts exactly Lana.

I looked over his body.

Me: Geez! Look at all these scars!

Lynn: How many people did this guy kill?

Luna: Too many from the looks of it dudes.

Nicole: It says here that he killed 350 people!

We gasped in sheer horror.

Me: 350 people!?

Laney: That would make him the most prolific serial killer in the history of the world!

Lori: This guy is literally a scumbag!

Me: My thoughts exactly Lori. Lola burn his body.

Lola: With pleasure J.D.

Lola fired a blast of fire and incinerated Zsasz into a pile of ashes.

BURN IN HELL VICTOR ZSASZ.

---

Part 2: Taste The Rainbow

Me, Lana and Lola were watching cartoons.

BONK!

We laughed at the show.

Me: That is always funny how the bad guy gets pounded.

Lana: It sure is.

Then a commercial came on and it was a farmer getting ready to plant something. He put Skittles candy in the ground and watered them and then a rainbow bursted out of the ground and rained Skittles candy.

Woman: Skittles. Taste the Rainbow.

Me: That is always so cool how they do that.

Lana: I love Skittles Candy.

Lola: Me too.

Me: So do I. I think that would be so cool to have it rain candy like that.

Lola: I know. Skittles is so yummy!

Me: Maybe we can try it out! See if we can do the same thing.

Laney: I don't know if that will work.

Me: We won't know until we try.

We go out into the backyard and Lana dug a small hole and I put in one of each flavor of Skittles and Lana covered it and watered them. We had baskets ready.

Me: Okay. Stand back.

Suddenly the ground shook and bursted open and out of the ground came out a beautiful rainbow and it was raining Skittles!

Me: It worked!

Laney: I don't believe it!

The baskets filled up and we had a lot of skittles.

Everyone came outside and we were dancing around and trying to catch them and eat them.

Lori: This is literally so amazing!

Leni: I totes love Skittles!

Lisa: This is all a magnificent scientific marvel!

Lily: I love Skittles! They are so good!

Lincoln: How did you do this J.D.!?

Me: You guys know those Skittles commercials?

Lori: Let me guess. You wanted to see if it worked?

Me: Bingo.

Lori: It literally does work now.

Me: Yep.

Bobby: Oh babe this is so awesome!

Roxanne: I literally love Skittles!

Lynda: This is awesome!

Ramon: I could eat all this!

Me: You would get cavities and diabetes if you did.

The rainbow stopped 10 minutes later and we had a lot of baskets full of Skittles candy.

Me: That oughta keep us fed with snacks for a while.

Lynn Sr.: Where did you get all these baskets of Skittles!?

Rita: Let me guess, you duplicated what you saw in a Skittles commercial.

Me: You hit the nail right on the head Ms. Rita.

Rita: I haven't had Skittles in a long time.

Rita took some and ate them and she tasted the fruitiness of the rainbow.

Rita: Mmm! Oh I missed the taste of the fruit rainbow!

Me: Don't eat all of them Ms. Rita. After all you are a dentist and you don't want to pull our teeth out because of cavities.

Rita: (Laughs) True.

Numbuh 1: That was a great job J.D.

Me: Thanks Nigel. I think this oughta keep some of the Kids Next Door happy for a while.

Numbuh 362: It sure will J.D.

We put the baskets of Skittles in the pantry and in the Kids Next Door candy vaults.

## Part 3: Yumi's Hiccups

It starts with us watching TV and reading books and playing card games when suddenly…

HIC!

We heard someone hiccup.

Me: Sounds like someone has the hiccups.

HIC!

We saw that it was Yumi and she has the hiccups.

Yumi: Sorry. HIC!

Me: Geez those are nasty hiccups.

Laney: No kidding.

Lily: What are hiccups?

Edd: Well they are caused by involuntary spasms of your diaphragm which causes your vocal cords to close suddenly.

Me: That's right and they are a complete and total nuisance. They drive people crazy.

Yumi: HIC! No kidding. How do I HIC! Get rid of them?

Me: Try holding your breath for 10 seconds.

Yumi did so and we timed it.

---

French Narrator: (French Accent) 10 seconds later.

---

Me: Okay Yumi.

Yumi let her breath go.

Yumi: I think it worked. HIC! Dang it.

Me: Hiccups can be really stubborn.

Laney came back with a glass of water.

Laney: Try sipping a little water.

Yumi: Okay. HIC!

Yumi did so.

Me: Did it work?

Yumi: I think s… HIC!

Me: Those are nasty hiccups.

Ed: I can scare her.

Yumi grabbed her and looked at her in the face.

Ed: (Threatening Voice) I AM A ZOMBIE AND I WILL MALICE YOU WITH A SHOEHORN!

Yumi: HIC! MALICE ME WITH A SHOEHORN!? HIC HIC!

Eddy: That didn't work at all Lumpy.

Maria, Alexis, May, Yolei, Tara, Jen, and Gwen T. each came up with ways to get rid of Yumi's hiccups and they are as follows:

MARIA - Put sugar under Yumi's tongue

ALEXIS - Held Yumi upside-down

YOLEI - Bag Pop

MAY - Freeze her in ice

TARA - Tickle

JEN - Shake her

GWEN T. - Magic.

Nothing worked.

Me: Let me try. Kate, I'm going to use what you saw in Antarctica to scare her.

Kate L: Thanks for the warning J.D.

Me: You're welcome.

Yumi (crying): IT'S NO USE! I'LL NEVER BE RID OF THESE STUPID HICCUPS!

Me: Let me work my magic.

I use my shapeshifting powers and I turn into the Sanders-Thing from 2011's The Thing and I scared the living daylights out of her and it was really bad that she fainted.

I reverted back and Laney used smelling salts on Yumi and she woke up.

Me: Did it work?

Yumi wasn't hiccuping.

Yumi: It worked!

Me: It sure did. Sorry I scared you like that and Kate, I'm sorry I scared you too.

Kate L.: No worries J.D,

Yumi: No worries. But that was really scary.

Me: Sorry about that Yumi.

Yumi: It's all right.

We resumed watching our shows.

## Part 4: The Bluffington Bully

In the Living Room we were watching TV. Then the alarm went off.

Me: Uh oh.

We went to the computer and we saw trouble in the city of Bluffington, Virginia. It was telling us that local bully Roger Klotz was causing trouble.

Nicole: Oh man. I hate this guy!

Me: Do you have a history with Roger Klotz?

Nicole: You could say that dad. Roger Klotz is one of the targets on my bounty hunting list. Here's his poster.

Nicole pulled out a wanted poster of Roger Klotz and it had a bounty of $500,000,000.00 on it.

Me: Wow! That's really good money. Anyway lets head out there!

We headed out to Bluffington, Virginia.

---

In Bluffington, Virginia Roger was waiting when Miranda appeared.

Roger: What do you want, Miranda?

Miranda: I came to check up on you and your Aggron's progress.

Roger: Well, so far, the two of us have only taken out dumb people. I haven't even run into Funnie or Team Loud Phoenix Storm yet.

Miranda: Well, Zsasz was also stuck with murdering dumb people before he died. But don't worry. I'll be sending a Stealth Sneak Heartless Robot to help you out when Team Loud Phoenix Storm gets here. (teleports out of the area)

Roger's Aggron just threw a kid named Eric Cartman into the center of the road.

Cartman (Crying hysterically): Meeeeeeeeeeeeeem! Meeeeeeeeeeeeeem! Meeeeeeeeeeeem! (gets run over by a car)

But just as he was about to get hit by the car, at the last possible second I appeared out of nowhere and stopped the car with my hands and saved Eric.

Me: That was a close one. Are you all right?

Eric nodded.

Me: Roger you have absolutely no shame for hurting people.

Kevin (to Roger): You're using a Pokemon to attack people?! You're even worse then I used to be!

Lucy: This is a whole new low, even for you. I may enjoy the darkness but your heart is blacker than mine.

Francis: Okay… let's, let's talk about this. Killing someone with a Pokemon? That's no fun!

With that, Aggron stops.

Francis (remembering what the Joker taught him once): The cold of their skin… The blankness of their eyes… The reveal, of who they really are… So much better when you savor all the little emotions…

Roger then walked up to Francis.

Francis:… right?

Roger: Right…

Roger grabs Francis by the collar and holds him by the neck to stare into his eyes.

Roger: I want to see you bleed… I want to watch you die…

Francis: Just… one more lesson, capiche? The best kind of punchline… (chuckles) is the one you don't see coming!

Francis kicked him in the face and Roger let him go.

Me: An Aggron. I already have one but you don't Nico.

Nico: I sure don't.

May: He would be perfect for you.

Me: He sure would but lets focus on the matter at hand.

Nico: Roger Klotz, you have failed this city! (fires Webstor's web into his eyes)

Roger: Oh yuck! You're not the only one that wants to pulverize you freak!

Suddenly Roger was being picked up by an invisible force.

Me: What the?

Nico: What is happening to him?

The force revealed itself and it was a chameleon Heartless called Stealth Sneak.

Me: A Stealth Sneak Heartless!

Lori: How did Roger literally get one of those?

Me: I don't know.

Then my computer vision turned on and it analyzed the creature and it was really a robot that looks like a Stealth Sneak.

Me: That's not a real Stealth Sneak. It's a robot that looks like a Stealth Sneak.

Laney: That is really unusual.

Chazz: We got this! Come on Star Girl!

Star Girl: You got it Chazz!

Star Girl fired a blast of light from her staff and Chazz summoned his Infernal Incinerator and it fired a huge blast of purple fire.

Chazz and Star Girl: FIRESTORM LIGHT INFERNO!

The blasts combined and turned into a solar flare blast and it hit the

Stealth Sneak and blew it apart. Laney used her magic to make the creature real and made it our ally without the Heartless parts.

Me: Nice job guys.

Rhino: Time for my Final Smash.

Rhino used his Final Smash!

Rhino: RHINO STAMPEDE CHARGE!

He charged and went at the Aggron and rammed it with the force of 100 rhinoceroses and knocked it out.

Me: It's all yours man!

Nico: Thanks! Pokeball go!

He threw a Pokeball at the Aggron and it went into the ball and the red light turned off and he caught it.

Me: Way to go Nico!

Nico: Thanks J.D.

Me: You're going to prison for a long time Roger. You and your principal Mr. Bone will be cell mates.

A girl named Patti Mayonnaise appeared and she gave Roger a nasty atomic wedgie causing him to scream like a little girl.

Patti: That's what you get for being a big dumb bully!

With her was Doug Funnie.

Doug: And this is for all the times you picked on me.

Doug punched Roger in the face so hard that he not only gave Roger a black eye but also knocked out a bunch of his teeth as well.

Lincoln: Wow! Nice shot.

Francis: He's actually the assistant principal.

Me: Oh. My bad.

We went into the school and we busted in to Mr. Lamar Bone's office.

Me: Lamar Bone, you are under arrest.

Nico: Lamar Bone, you have failed this city! (sprays Stinkor's stench at him)

FART!

The smell was so horrible that he couldn't breathe. Mr. Bone and Roger were both arrested and sentenced to life in prison without parole in the Jupiter Prison. Everyone was so glad to see them both go. Roger was the worst bully in the school and Mr. Bone was the meanest assistant principal in the city.

Back at headquarters we were glad that 2 more bullies were gone.

Rocky: You know Sydney and Nanette, my monster form is very similar to your Underground monster forms.

Sydney: They sure are.

Nanette: It is very similar.

Me: Yep. But we did help out Doug as well. He was given the $500,000,000.00 bounty and he and his family are now filthy rich.

Lincoln: They sure are. And Roger will never be welcome in Bluffington ever again.

Me: No they won't.

It was a good time for them.

Another fanfiction complete.

I wanted to make this chapter 4 parts. I got the idea for us looking at fanfics out of the blue and the two stories I picked are That Engineers 2 stories What is A Sibling Worth? and Syngenesophobia. I'm not criticizing them. They're great stories. The Skittles commercials were so cool and I liked a lot of them. Doug was a funny and great show back 25 years ago. It was first made by Nickelodeon until Disney bought it. NicoChan11 gave me the ideas for this one. Let me know what you all think.

See you all next time.

# Something Stinks!

It starts at the movie theater. Leni and Ed were on a date and they were heading to the snack bar.

Leni: I'm gonna head to the bathroom Ed.

Ed: Okay.

Leni did so. But just after Leni was finished in the bathroom, something got to her and she screamed in agony. She came out and she smelled horrible! But Leni thought it was nothing. What she didn't know however is that she had just been sprayed by a skunk.

Leni walks over to a line of three men waiting at movie theater

Leni: Hey, you guys want to hear a movie theater joke?

Leni's stench reaches the men and they make disgusted noises.

Man #1: You tryin' to kill us?!

The men walk out murmuring.

Ed: What's wrong Leni?

Leni: Everyone is running away from me. You think I'm ugly.

Ed: Leni no you are not ugly! You are the most beautiful girl I know.

Leni: Really?

Ed: You sure are.

Miranda: You're about to become an ugly girl!

Ed and Leni saw Miranda, Mark Mardon A.K.A. the Weather Wizard and Emil Blonsky A.K.A. The Abomination.

Weather Wizard: You are the ugliest girl ever.

But Ed got Angry and if there's one thing that Ed hates above all others it's having someone insult his girlfriend.

Ed (angry): What is wrong with you people?! Afraid to look ugliness in the face? [he picks up Leni] Well, here! Look at it! [the stench pours into the the three villains] It's ugly, isn't it?! [he points Leni at Miranda] You look at it!

Leni: Hello.

Miranda runs off. Ed points Leni at Weather Wizard.

Ed: You look at it!

Leni: Hi.

Weather Wizard runs off.

Ed: [points Leni at Abomination, who runs off] Look at it! [by now, all 3 villains have run off] Look at it! Look at it! Look at it! I want all of you to look at it!

Watching from afar was Mick Rory A.K.A Heat Wave and Leonard Snart A.K.A. Captain Cold.

Heat Wave (watches Leni from afar): Think we should take her out, Snart?

Captain Cold: No. She's already suffering enough. Besides, that stench is too much even for us.

Heat Wave: Lets go then.

They left.

Ed: Come on Leni lets go home.

Leni: I'm sorry I ruined our date.

Ed: Aw you didn't ruin our date Leni. No matter what happens we can always try again.

Leni: Aw thanks Ed.

---

At home Ed and Leni came in.

Me: Hey guys. (Sniffs) OH YUCK!

Toxin: Whoa! That's a strong stench!

Nico: What is that horrible smell!?

Me: Ed have you been rolling around in garbage?

Ed: No it's not me.

Billy: Ew! Who stepped on a duck?!

Me: Billy have you been rolling in raw sewage!?

Billy: No it's not me!

Me: Computer where is that smell coming from!?

Computer: Scanning.

It found the source.

Computer: Source of smell found. Leni has been sprayed by a skunk.

Me: A Skunk!?

Nico: That is the stinkiest animal in the world!

Lori: Leni you literally smell horrible!

Blunk: It's alright, Leni. Blunk smells bad too!

Donatello: I bet Grodd and his goons already heard about this. They're probably laughing at us too.

Me: I have a feeling they are.

Eddy: This reminds me of the time that a skunk sprayed me.

Me: That was during the Cursed Telephone Incident right?

Eddy: It was J.D.

Leni (to Clawful): You're not bothered by my stench?

Clawful: Of course not. I was teammates with Stinkor before you guys threw him in prison.

Leni (sadly): Don't worry about me, guys. I'm just going to live outside for the rest of my bad smelling life.

Leni went outside to the backyard.

Me: Poor Leni. Guys we have to get rid of that stench.

Lincoln: We're gonna have to use different methods to try and get her clean.

Lisa: I have one of those solutions. We can use our combo attacks on her to get her clean.

Me: If they can be good for combat they can be good for cleaning.

Ed: And I will do everything I can to help Leni!

Eddy (to Ed): You must really want to help Leni if you're willing to skip buttered toast and gravy.

Ed: Well, can you really blame me?

Kevin: Of course not.

Double D: But Ed, I think this job is more suited for your normal self and not Edzilla.

Me: Lets go help her!

We went out to the backyard and we saw Leni crying and she made a grab for one of Stewie's blasters! We knew what she was gonna do. Lori grabbed the blaster and gave it to me.

Lori had just stopped Leni from shooting herself with Stewie's blaster.

Lori: LENI, WHAT THE HECK WERE YOU TRYING TO DO?!

Leni: (Crying) I CAN'T GO ON LIKE THIS! LOOK AT ME! I SMELL HORRIBLE!

I got behind Leni and pinched her neck and she was knocked out.

Kevin: What did you do dude?

Me: I learned that on television. It's the Vulcan Nerve Pinch. It's a very clever method Spock did.

Laney: That's a genius method.

Lincoln: I saw that on Star Trek and that is a clever move.

Me: Yep. But Vulcan's are twice as strong as a human and they have to have incredible strength in order to perform it.

Edd: Very resourceful.

Me: Thanks Double D.

Irma: Lets tie her up to a chair so she can't do this again.

Me: Good idea Irma.

We did so and Leni woke up. We had nose plugs on.

Me: Good morning sleeping beauty.

Leni: What happened?

Laney: J.D. knocked you out with a move he saw on TV.

Me: Are you better now Leni?

Leni: I think so.

Taranee: We're not taking any chances.

Leni (tied up): This isn't necessary, guys. I told you I'm fine.

Irma: Well, excuse us if we don't believe you. We're not gonna risk you trying to commit suicide again!

Me: Right now we need to focus on getting rid of that skunk smell. The last thing we need is to have the whole house smell horrible.

Pepe Le Pew and Fifi Le Fume appeared and they were hugging Leni.

Pepe: (French Accent) Ah but I think you smell wonderful my darling.

Fifi: (French Accent) Oh yes madam. You smell like ze wonderful smell of victory.

Me: Pepe Le Pew and Fifi Le Fume.

Pepe: Ah ze famous Team Loud Phoenix Storm. It is an honor to meet ze most famous superhero crimefighting group in ze world.

Me: Pleasure too.

Kevin (to Pepe Le Pew): No offense, Pepe. But right now isn't the best time for you to hang out with us.

Me: Yeah. You didn't spray Leni did you?

Pepe: Oh goodness no. Zat was a skunk sent by ze evil villainous Captain Cold.

Me: Leonard Snart A.K.A. Captain Cold?

Lana: We can get him later. Lets just focus on getting Leni clean.

Me: Okay.

Ultra-Humanite: I think I might be able to help you all out.

We saw Ultra-Humanite.

William: So, after weeks of living by yourself, why decide to join the

Redemption Squad now?

Ultra Humanite: Let's just say that I could make a difference in helping people like Leni.

Flash: And he did betray Luthor and help me that one Christmas.

Me: That's true. All right lets get Leni cleaned up.

Buttercup: If we don't help Leni soon, she'll end up going to that island that I went to that one time I refused to take a bath!

Me: That is horrible.

Lincoln: It's time to put Operation: Get Leni Clean So We Won't Hurl Our Guts Out All Over The House And Make Her Smell Like Flowers And Also Think Of A Shorter Name For This Operation Into Action!

Me: How about Operation: Leni Fumigation?

Lincoln: Much better.

Me: Lets do it!

We put noseplugs on and we did everything we could think of to help Leni. We used Tomato Juice, Air Fresheners, Perfume, Vinegar, Soap and Water, nothing worked.

Ultra-Humanite used cleaning ray guns and chemicals but nothing worked.

Lisa: Perhaps our combo can work.

Stewie: Lets go Lisa!

Maria: Lets do it!

Stewie and Lisa fired a stream of soap and bubbles that smelled like watermelons and bubblegum and Maria fired a blast of water and liquid soap.

Lisa, Stewie and Maria: BUBBLE BATH SOAP STREAM!

The blasts combined and turned into a huge stream of Soap and it drenched Leni.

Laney: Did it work?

We smelled her and the smell was still there.

Me: Nope it's still there.

Muriel, Francesca and Courage tried their remedies for Skunk but none were successful.

Jonny: Plank and I came up with a story to cheer you up, Leni. It's called, 'The Ugly Rabbit.' [Leni listens attentively] Once there was an ugly rabbit. He was so ugly that everyone died! The end. [Jonny grins, oblivious to his story's bad message]

Leni (sobs): That didn't help at all.

Kevin: Jonny, we're supposed to help Leni, not make her feel worse!

Lana: I have an idea. J.D. I need a lift to Tanzania.

Me: You got it Lana!

I used Instant Transmission and we went to Tanzania and we found Timon and Pumbaa.

Lana: Timon, Pumbaa!

Pumbaa: Oh hey Lana!

Timon: What's going on guys?

Me: It's great to see you guys. But we have a huge emergency.

Lana: My big sister Leni has been sprayed by a skunk and we need a lot of stinkbugs to help remove the stench.

Me: I've heard of this method. It just might work.

Timon: Skunks are horrible beasts. You came to the right people Lana.

Pumbaa: Stinkbugs can get rid of the smell of skunks for good.

Lana: That's great.

We went around and found a lot of stinkbugs.

Me: These are perfect.

Lana: Thanks for your help Timon and Pumbaa.

Pumbaa: It was our pleasure guys.

Timon: Whoever threw that Skunk in with Leni is gonna get it big time. That stupid Mook.

Me: Hakuna Matata guys. The Legion Of Doom did this so they're gonna get it. See ya.

We teleported back and we had a bad full of stinkbugs.

Me: These just might work for Leni. It's our only chance.

Inque: Ok, if this doesn't cure Leni of her stench, nothing will.

Me: Don't worry. Lets do this.

We go up to Leni and I dumped the bag of Stinkbugs onto her and she was screaming in fear. But the Stinkbugs really worked and the stench crumbled off of Leni and she smelled like a million fresh roses.

Leni: (Sniffs) Finally, that stench is gone!

Me: It worked!

Lori: That literally did the trick!

Luna: It sure did dude.

Ed: Leni I'm glad you're unstinky.

Leni: Thanks to all of you guys and to you Ed.

Ed and Leni kissed.

Everyone: Awwww.

Me: We still have one loose end to tie up. Payback time.

Danny: I know just the ghost to call on.

Danny's eyes glowed green.

---

At the Legion of Doom headquarters someone knocked on their door and vanished. Grodd answered it and found a box. In the headquarters Grodd opened it and out came the Box Ghost.

Box Ghost: I am the Box Ghost and feel the stench of my skunks of despair!

Hundreds of skunks came out and they sprayed all of the members until they were drenched.

Grodd: Faust. I hope you have some cleaning spells.

Faust: Of course I do. Why?

Grodd: Because for the next few hours, you and Snart are going to work overtime cleaning this whole headquarters up!

DUDUN DUNDUN DUN DUN DUNN!

# Krabby Patty Creature Feature

It starts at the Krusty Krab's. Lily is flipping two Krabby Patties and they flop into her head. She takes a deep breath and cooks them in a thought cloud above her.]

**Lily:** Mm, ooh! [takes the patties out of the thought cloud] Order's up!

**Squidward:** Aah! [grumbles as Lily sets the two patties down] You uncultured simpleton.

**Lily:** Stupid Squidward. (To the Viewers) Mr. Krabs hired Squidward back. He's on a special work program and Mr. Krabs doesn't pay him a single penny because of his insanity. What a loser.

**Mr. Krabs:** [sighs] Another pair of perfect patties. Hand 'em over, Squidward.

**Lily:** One more thing Mr. Krabs. [puts a sesame seed on the bun] Tink. [the seed sparkles] Okay, now they're perfect. [laughs] [Lily and Mr. Krabs laugh and make various silly faces at the same time. Mr. Krabs stops laughing.]

**Mr. Krabs:** Okay. Enough. [takes the patties] Everybody gets it. Our patties are perfect. Keep them orders coming, mateys!

Lily: Aye aye sir!

Lily goes back to the grill.

Irma: Thanks for inviting us over for lunch Lily. Who knew that Krabby Patties would taste so delicious?

Lily: They got the best food here Irma.

Maria: I believe it too.

Varie: They are so delicious.

Mr. Krabs: [sings to himself as he delivers the food to two hipster fish] Orders up! Two Krabby Patties.

**Hipster fish #1:** Oh, uh, yeah. I don't know.

**Mr. Krabs:** Something wrong with the patties, sir? [chuckles]

**Hipster fish #1:** No. We just want something, like, different.

**Hipster fish #2:** Yeah. Something, like, new.

**Hipster fish #1 & #2:** New, new, new, new, new, new, new.

**Fred:** Hey, we want something new, too!

**Customers:** New! New! New!

Squidward: Maybe the nuthouse wasn't so bad after all.

Lana: Hey Krabby Patties are perfect just the way they are!

Squidward: No they aren't! They are the most disgusting food and they are the most stupidest food ever created! YOU PEOPLE ARE A BUNCH OF DIMWITTED MORONS!

Girl Jordan punched Squidward in the face and knocked out some of his teeth.

Lana: Nice shot G.J.

Girl Jordan: Thanks Lana. Squidward wouldn't know what great food is if it kicked him in the face.

Bai Tza: Nicely put.

**Mr. Krabs:** That Squidward is gonna be the death of me. But… [chuckles] New, huh? We've been waiting to test our, uh, our new menu! Uh, how'd you like to be the first to try it?

**Hipster fish #2:** Yeah. We like being first. [Mr. Krabs runs into the kitchen and opens the freezer door.

**Mr. Krabs:** Come with me, boyo Lily and you too girls. [grabs

SpongeBob and Lily and the girls and drags them into the freezer]

[The freezer closes its door and, like an elevator, it takes them downstairs into the basement where Mr. Krabs built a secret laboratory underneath his restaurant.]

**SpongeBob:** Whoa! What is this place?

**Lily:** I don't know Mr. Squarepants but this is an amazing Laboratory. My sister Lisa would love it.

Isaribi: She sure would.

Irma: I've never been a fan of high-tech science stuff but this is really cool.

Sailor Neptune: It sure is.

**Mr. Krabs:** It's me secret lab where I experiment on food.

**SpongeBob:** Oh, Mr. Krabs, this looks like madness.

Sailor Mercury: I think this is all playing with fire.

**Mr. Krabs:** You think this is mad? Ooh, wait 'till you see… [pulls a curtain and reveals a large magnifying glass with large eye looking through] this!

**SpongeBob:** Yipe! [The large eye turned out to be Sandy.]

**Sandy:** Howdy, SpongeBob! [pushes the magnifying glass up]

**Lily:** Oh. Howdy Sandy.

Varie: Hello Sandy.

**SpongeBob:** Sandy? What are you doing down here?

**Sandy:** I'm moonlighting as a molecular gastronomist.

**SpongeBob:** What? A maladowin-a-gas-a-whatalist?

**Sandy:** [pulls down a diagram of an algebraic expression that includes a burger, French fries, a double-helix, and the pi symbol] Eugene here is paying me to science up his menu.

**Mr. Krabs:** Look, I'm in a hurry. You have this special project.

**Sandy:** Well, it's a work in process. [Sandy grabs a pipette and squeezes a drop of a red liquid, into a container. Red liquid grows into a double-helix shape, and forms a red floating, glowing Krabby Patty.] There it is! Your new patty!

**Lily:** Oh that is so cool!

Girl Jordan: That is a neat patty.

Irma: Mr. Krabs, are you sure that these new patties will be safe?

**Mr. Krabs:** I'm sure that they are.

**SpongeBob:** Wait, no! You can't improve the Krabby Patty! It's perfect perfection that cannot be perfected upon! [puts normal Krabby Patty on top of red glowing Krabby Patty]

**Lily:** I agree with Mr. Squarepants. The Krabby Patty is perfect just the way it is. Besides you are really playing with fire.

Bai Tza: I agree.

**Mr. Krabs:** Yeah, right. Sensitive to time. [pushes the normal Krabby Patty in SpongeBob's head] Make me 200 of these, pronto! [The scene changes back into the dining room.] Here you go, gentlemen. Two brand new patties. [serves the hipster fish the Secret Patties]

**Hipster fish #1 & #2:** Hmm. Huh? [they eat the new Secret Patties]

**Sandy:** [comes out with a load of secret patties in a cart] Step right up and get your new, improved patties! [The customers pile up on top of Sandy and they each get the Secret Patty.]

Lily: Yikes

**Sandy:** [feels dizzy] Ah! Uh.

Lily: Wow! Those patties are a hit.

**French Narrator:** Many Secret Patties Later…

**Hipster fish #2:** [texting on his phone] I'm leaving a good review.

**Customer:** [full from eating the secret patties] So tasty.

**Lily:** I've got a really bad feeling about this.

Varie: Me too Lily.

**Mr. Krabs:** [eats the Secret Patty] Hm. A little bit different, but they taste familiar. [eats the Secret Patty whole; he burps and feels sick] Well, that wasn't familiar. [burps]

**SpongeBob:** You feeling okay? 'Cause there's sesame seeds growing out of your back. [Mr. Krabs groans as sesame seeds grow out of his back. His head mutates into a bun. His torso becomes a patty with lettuce. His claws grow out of the top bun. Two crab feet grow out of the bottom bun. Mr. Krabs has completely turned into a Krabby Patty zombie monster and he moans like a zombie.]

**Lily: (Screams In Horror and her hair stands straight up!)**

**Luna:** Dude! That is horrifying!

**SpongeBob:** [horrified] What's going on?

Bai Tza: This is not good!

**Sandy:** [feels sick] Ooh. Ehh, I never shoulda eaten four. [feels something growing in her] (holding her stomach in pain) Guys, run! Before it's too late! (transforms into zombie) Uh! Ah! [her head becomes a bun] Huh! [her hands grow bigger and her entire body inside her suit mutates into a Krabby Patty zombie; she growls]

**SpongeBob:** The new patties! They're making everyone change! [Soon, all of the customers, who ate the Secret Patty, mutate into Krabby Patty zombies.]

**Squidward:** [mutates into a Krabby Patty zombie monster] Uh! Oh!

[groans]

**SpongeBob:** I gotta get out of here! Ah! Oh! Oh! Oh! Ah! [retreats into the kitchen]

**Dave:** Maybe I'll pass on this patty. [throws the Secret Patty in the trashcan]

**Krabby Patty Zombie #1:** Try this! [grabs part of his body and stuffs it into Dave's mouth and forces it down his throat]

**Dave:** [feels sick] Ohh! [mutates into a Krabby Patty zombie] Bite my buns.

Sydney: Think they're trying to-

Sailor Neptune: Infect us by stuffing their bodies into our mouths? (the zombies growl) It looks that way!

Sailor Mercury: Throw a regular Krabby Patty into his mouth!

Sailor Neptune: What will that do?

Sailor Mercury: It might cure him of his mutation. (everyone looks at her) Well, does anyone have a better idea?!

She did so and it went into Mr. Krabs mouth and he ate it but it made him bigger and stronger and much more fierce than ever.

Sailor Neptune: To answer your question, Ami, I do have a better idea. And that's to regroup somewhere until we can find a cure!

Lily: You're right. Run!

They ran and got out of the Krusty Krab and ran as fast as they could.

[The Krabby Patty zombies march out of the Krusty Krab and begin to wreak havoc across Bikini Bottom. Norton is seen whistling until he bumps into a Krabby Patty zombie.]

**Norton:** Ooh! [goes to touch the Krabby Patty zombie, but it comes to life]

**Krabby Patty Zombie #2:** Eat us!

**Norton:** Ahh! [the Krabby Patty zombie leaps into his throat and they both fuse into one zombie]

**Both:** Eat us! [Officer Rob is resting in his police car.]

As they all ran Mermaidman and Barnacle Boy were fighting the zombies.

Barnacle Boy: Would any of you guys like to explain what's going on?!

Cassidy: I can explain. Mr. Krabs and Sandy were working on something new for the Krabby Patties at the Krusty Krabs. So Sandy made this new formula and used it to make a new patty. But they and everyone else in the Krusty Krab ended up eating the new patties. Creating monstrous mutations that are on the verge of turning the entire Bikini Bottom population into mindless Krabby Patty zombie creatures!

Varie: It's true. Come on!

Aquaman: Alright! We need to initiate high alert. Let's instruct all the uninfected citizens to keep their distance from the mutations and attack them on sight.

Varie: Okay!

Bai Tza: If the mutation can be passed along with a simple consuming of an infected part, the entire city is at risk.

Misty: Wait! Are you saying the zombies can get more followers?

Layla: Possibly, and the ensuing increase of zombies can turn this entire city into an infected zone.

Musa: So now can we sound the call for backup?!

Before they continued debating, they came across four citizens waiting in the shadows.

Cleo: Excuse me. But have you noticed any unusual activity…

The citizens walked out and revealed that they were infected

Cleo: (scared) Around… here?

Rikki: RUN FOR IT!

They kept running!

Varie: Lets get to Mrs. Puff's place!

At the Boating School they went in with fear.

Mrs. Puff: What do you want now, Spongebob?

Spongebob: Before you say anything, Mrs. Puff, this mess isn't my fault. Sandy and Mr. Krabs caused it!

Mrs. Puff (annoyed): Just spit it out already!

Spongebob: Sandy and Mr. Krabs made Krabby Patties that caused them and the entire Krusty Krab to turn into zombies. We have to get you to my house before they get to you.

Mrs. Puff: I don't know where you got that crazy story, Spongebob. But if I learn that this is another attempt to get your license.

Spongebob (sees a zombie behind her): Um.. Mrs. Puff.

Mrs. Puff: Let's just say that you've taken more exams then anyone who's been in my class!

Cassidy: Look out Mrs. Puff!

She fired a blast of water at the zombie and pushed it away and Mrs. Puff saw it.

Zombie: Eat me!

Mrs. Puff: We have to run!

Varie: Lets head to Spongebob's house!

Lily: Right!

They had lots of uninfected people with them. Larry the Lobster, Don the Whale, Mrs. Puff, Pearl and her friends, Karen, and a few others were with them. They got into the house and the survivors put on water helmets. And Maria put the impenetrable steal barrier around the dome.

Varie: That oughta hold them for a while.

Nat: What are we gonna do?

Varie: We have to find a cure for these Krabby Patty Zombies. It was science that made them and it's science that's gonna fix them.

Cassidy: Guys, is there anyone we didn't save?

Lily: Let me check.

Lily concentrated and her powers told her that they had all the survivors with them.

Lily: We have all the survivors with us.

Varie: Okay good.

Shawn was with them.

Shawn: Man, I knew I'd fight zombies someday. But I never thought that they'd look like burgers!

Varie: That's right. You taught my fiance all about how to survive in a zombie invasion Shawn. Think you can pass on what you learned to us?

Shawn: I would be more than happy too Varie.

Irma: Ok, I know that the zombies can be saved. But why don't we call Ed and have him go Edzilla on the infected?

Nokama: I agree. After all, Edzilla is supposed to be one of the strongest people there is.

Gali: Out of the question! Can you imagine what would happen if Edzilla got infected?

Maria: Gali's right. With how powerful Edzilla is, him getting infected would be bad news for us.

Varie: I agree.

Sailor Mercury: We'll need to run some tests to determine how to cure the zombies.

Varie: Okay.

Misty (sends out Starmie): Starmie, make sure no zombies get into Spongebob's house.

Shawn got to teaching them. They continued doing tests and they tried different things on some samples of the Krabby Patty Zombies. But nothing worked.

At the Bikini Bottom Prison in the Maximum Security section the Tattletale Strangler was sitting in his cell. Then the walls crashed in.

Tattletale Strangler: I don't know who you are. But thanks for letting me out. (notices who really freed him) You alright?

The zombie growled and lunges at the Strangler.

The Tattletale Strangler ran and he had escaped from prison.

Isaribi: Lets try this.

Isaribi pulled out some chum and put it on the zombie part and then out of the sample came a glowing krabby patty!

Maria: It worked!

Heidi: The antidote is chum?!

Varie: Maybe throwing Plankton in jail was a bad idea.

Lily: No it was a great idea. He was a menace to everyone here in the ocean and he had to be stopped or else the ocean would have no future.

Karen: I agree. But we're getting off topic here. We need lots of chum. But after you all blew up the Chum Bucket, all the chum was destroyed.

Isaribi: I think there's still chum at the dump.

Sailor Mercury: Then I believe that's where we're headed.

Gali: The dump is all the way on the other side of town.

Nokama: We can fly over the city and attack the zombies from the air and get to the dump that way.

Irma: That's a good idea.

Lily: All in agreement?

Everyone agreed.

Maria: Guys, this may not be how we initially saw our deaths. But if this is really the end, if we do become Krabby Patty zombies, it's been an honor fighting alongside all of you.

Varie: I know but our powers will not let the zombies infect us. Lets build our weapons.

They got to building all kinds of weapons. They built guns, missile launchers and Varie built an awesome Zombie Outbreak Response Team apocalypse vehicle. It was a highly armed impenetrable armored assault vehicle loaded with all kinds of weapons and more.

Varie: All done.

Varie was driving the car.

Varie: Check it out guys.

Shawn: Wow! Varie that is an awesome Zombie Assault Jeep!

Varie: J.D. and Lana taught me how to build and restore cars.

Lana: It's a great jeep.

Shawn: I made these for all of us.

Shawn made blue denim vests with the sleeves torn off and on the backs was a patch that said Zombie Outbreak Response Team. The symbol was a biohazard sign with a skull in the middle of a circle.

Varie: Those shirts are perfect Shawn.

They tried them out and they fit perfectly.

Varie: Perfect fit.

Irma: I look awesome.

Lana: This shirt is cool!

Bai Tza: It does suit me perfectly.

Lily: I look awesome and Ed would like this too.

Sailor Neptune: I'm sure he would Lily.

Varie: Well now that we have admired our new looks lets head out and cure the people of Krabby-Pattyitis!

SpongeBob: Krabby-Pattyitis?

Varie: It's a disease I made up for this crisis.

Spongebob: Oh. It's perfect for it.

Varie: Also we need a good team name for us. How about we call ourselves Neptune's Crusaders?

Everyone agreed.

Lily: That's a great name Varie and you'll be the leader.

Varie: Okay. But only if you are my 2nd in command.

Lily: You can count on me Varie!

Varie: All right. Lets get going guys.

Varie fired up the car and it was ready.

Varie: Okay. Open the door.

The door of the dome opened and the water came in and the Krabby Patty Zombies were coming in.

Lana: I find it ironic that after battling villains the last few years, getting smacked down, shot at, beaten up, this is how our lights go out?

Luna: Getting turned into zombies by eating bad patties.

Girl Jordan (to Sydney): I bet you're missing your Quarry form now.

Sydney: Are you kidding me? I'm starting to think that getting mutated into Quarry might not have been so bad after all!

Varie: Lets make these zombies roadkill!

She put it in drive and floored it and they ran over some of them and Gali, Nokama, Lily and Luna were firing water spears at them. Misty called out a Gyarados, Goldeen, Kyogre, Staryu, Dewgong, Seaking, Kingdra, Wailord, Lanturn, Mantine and a Cloyster and Golduck.

Lana was at the controls of the weapons and they were controlled by a joystick on a video screen with night-vision and infrared.

Lana: Eat red hot lead zombies!

Lana pressed the trigger button and she was blowing a lot of Krabby Patty zombies apart and she was having an awesome time. She thought it was like using a video game!

Lana: WHOO! This is awesome! It's like a video game! Now I know why Lincoln gets a kick out of these things!

Lily: We'll play video games later! Lets focus!

Luna and Lily fired blasts of water and blew them apart.

Lily: Lets use our combo big sis.

Luna: You got it dude.

Lily and Luna fired blasts of water.

Lily and Luna: SIREN MAELSTROM TORRENT!

The blasts of water combined and became a powerful stream of glowing singing water and it swept much of the zombies.

Irma fired huge blasts of water and blew a lot of them away.

Irma: Final Smash Time.

Irma used her Final Smash.

Irma: RAZOR WHIRLPOOL SHREDDER!

She formed a massive whirlpool that can shred apart most of the zombies.

Varie: Good job guys!

Sailor Neptune: NEPTUNE DEEP SUBMERGE!

Sailor Neptune fired an energy ball of water and it blew some of them away!

Sailor Mercury: MERCURY AQUA RHAPSODY!

Sailor Mercury fired a blast of water.

(Note: Lets just say that using water attacks underwater goes beyond the laws of cartoon physics.)

Isaribi: WATER STYLE: WATER DRAGON JUTSU!

Isaribi fired a blast of water that turned into a dragon of water and it swept the zombies away.

Sydney was slashing apart the zombies with her star sword.

Layla fired blasts of water.

Maria fired lots of blasts of water and blew them away.

Aquaman fired blasts of water at the Zombies and blew them apart.

Bai Tza blew them away with huge blasts of water.

Girl Jordan blew them away with dragons of water and Musa blew them away with Music and sonic blasts and Heidi slashed them apart with her scythe.

Emma, Bella, Rikki and Cleo blew them away with their water powers.

Gali and Nokama fired blasts of water.

Gali: Combo time Nokama.

Nokama: You got it Gali.

They fired blasts of water.

Gali and Nokama: SUPER MAELSTROM TORNADO!

The blasts of water combined and turned into a tornado of pure water and blew some of the zombies away.

Shawn: (FIRES GUN) HEADSHOT! (FIRES GUN) HEADSHOT! (FIRES GUN) HEADSHOT!

Shawn blew some of the zombies blew apart.

Varie: That will hold them off for a while.

They arrived at the dump.

Varie: Here we are guys.

Karen: The chum is hidden in that big biohazard material repository.

They saw the building and went to it. But they saw a lock on it.

Spongebob: It's locked.

Lily: I got this Mr. Squarepants.

Lily kicked the lock and broke it off and Varie opened it.

But then a growl was heard and the Zombies were coming back.

Varie: Here they come!

Zombies: EAT US!

Misty: Final Smash time!

Misty was enveloped in an aura of water and her Pokemon charged up their attacks. Misty used her final smash!

Misty: WATER POKEMON ASSAULT SLAM!

They fired their attacks and they combined and blew them away. But they were persistent.

Varie: How about you all eat this!?

Varie hooked up a hose to the huge stash of chum and then fired the chum at the zombies and they ate it.

Spongebob: And in 3… 2… 1…

Everyone released an extremely loud belch.

LOUD BELCH!

Everyone threw up the glowing patties and they returned to normal.

Mr. Krabs: Oh me aching head.

Varie: That takes care of that.

Maria: Mr. Krabs, next time, you should stick to original Krabby Patties.

Mr. Krabs: I'll make note of that.

Maria: Just to make sure this never happens again, you and Sandy have to turn in all your experiments in the Krusty Krab's secret lab to Lisa. Including what made those mutagenic Patties in the first place.

Mr. Krabs: Okay.

Emma: Finally! Our ordeal is finally over!

Bella (sees the Tattletale Strangler's empty cell): Not quite.

Tattletale Strangler: SQUAREPANTS!

They saw the Tattletale Strangler!

ALL: THE TATTLETALE STRANGLER!

Spongebob: (SCREAMS) THE TATTLETALE STRANGLER!

Mr. Krabs: THE TATTLETALE STRANGLER!

Patrick: THE TATTLETALE STRANGLER!

Larry: THE TATTLETALE STRANGLER!

Tattletale Strangler: Squarepants! I'm gonna make sure this entire city hires your scream of pain! (charges at Spongebob)

But just as he was about to strangle Spongebob to death Varie snapped her fingers and teleported him to the Sun Prison Aqua Facility for Criminal Jerks.

Lily put the glowing Krabby Patties into a giant bottle and put a cork on it and all the experiments were thrown away. Also because Bubble Bass is one of the biggest jerks in the world because of how mean he is, Varie, had him beamed to the Ceres Prison for Jerks. The prison is for the biggest jerks in any part of the world. People that think that they are better than everyone else and have a superiority complex in everything.

---

Back home, the Neptune Crusaders were telling us what happened.

Me: Wow! You guys have been through an awesome adventure.

Ed: Cool!

Eddy: Zombie Burgers? That is a weird one.

Lana: Oh guys I have an awesome song I want to sing to you all in my greenhouse.

Me: Lets go hear it.

We went to Lana's jungle greenhouse and we were sitting on the ground by a stage in a grove of cherry blossom trees.

Lana: I'm going to sing for you all Animal Instinct by The Cranberries.

Me: Awesome choice.

The song played and all the animals gathered by us.

Lana: (Singing Divinely)

Suddenly something has happened to me

As I was having my cup of tea

Suddenly I was feeling depressed

I was utterly and totally stressed

Do you know you made me cry

Do you know you made me die

[Pre-Chorus]

And the thing that gets to me

Is you'll never really see

And the thing that freaks me out

Is I'll always be in doubt

[Chorus]

It is a lovely thing that we have

It is a lovely thing that we

It is a lovely thing, the animal (Vulture Screeches)

The animal instinct (Lion Roars)

{Suddenly we got a shock as we saw the spirit of the Lead Singer of The Cranberries Dolores O'Riordan appear by Lana}

Lana: So take my hands and come with me

We will change reality

Dolores: So take my hands and we will pray

They won't take you away

Lana: They will never make me cry, no

Dolores: They will never make me die

[Pre-Chorus]

Lana: And the thing that gets to me

Dolores: Is you'll never really see

Lana: And the thing that freaks me out

Dolores: Is I'll always be in doubt

[Outro]

Lana and Dolores: The animal (Eagle Screeches), the animal (Leopard roars), the animal instinct in me (Crow Caws)

It's the animal (Lynx roars), the animal (Quail Chirps), the animal instinct in me (Bear Roars)

It's the animal (Falcon Screeches), it's the animal (Howler Monkey Hoots), it's the animal instinct in me (Indri sings)

The animal (Osprey Screeches), the animal (Owl Hoots), the animal instinct in me (Wolf Howls)

It's the animal (Coyote Howls), the animal (Snow Leopard Roars), the animal instinct in me (Peacock Caws)

It's the animal (Frog Croaks), it's the animal (Loon chirps), it's the animal instinct in me (All animals call)

We were amazed when we discovered that Lana has a singing voice that sounds exactly like Dolores O'Riordan's and when the song ended we cheered wildly for her and the animals were happy too.

Lana: Dolores thank you so much for singing with me!

Dolores: You are welcome Lana. Animal Instinct has been one of my most popular songs when I was singing for the Cranberries. But your voice is amazing.

Lana: Thank you Dolores.

Me: Dolores you gave us a lot of great songs and we thank you for your talents and singing.

Dolores: You're welcome J.D. Keep the memory of my singing alive through my songs and your singing.

Me: We will.

Lana and Dolores hugged and Dolores went back to the afterlife.

Me: Lana that was so awesome.

Lola: I didn't know you could sing so well.

Lana: It's a talent I had hidden. I didn't want anyone to know that I'm a great singer.

Carol: So that is why you loused up during your tryouts at the Bluebell Scouts?

Lana: That's right Carol.

Me: We understand Lana.

Lana: Thanks guys.

Hops jumped onto Lana's hat and croaked in happiness.

Kira Marsupilami: I agree with you Hops.

Marsupilami: She has a great voice and a great talent.

Me: That's our little tomboy handyman.

Irma: (To the Viewers) This was an awesome adventure for us. First a Krabby Patty Zombie Invasion and now we found out that Lana can sing really well. Who knows what else is waiting for us.

Me: You said it Irma.

This was an awesome adventure.

Another Fanfiction Complete.

Krabby Patty Creature Feature appeared on Spongebob last year and it was both funny and scary all at once. Spongebob was up against an army of Krabby Patty ZOMBIES! It was perfect for a Zombie Apocalypse lover. NicoChan11 gave me the ideas for this one. Thanks man as always. Also this chapter was made as a tribute to the lead singer of the Cranberries Dolores O'Riordan who died of accidental drowning due to being drunk. She gave us great songs while on the Cranberries. Let me know what you all think.

R.I.P. Dolores O'Riordan - September 6th, 1971 to January 15th, 2018.

Thank you for giving us great songs.

See you all next time.

# Allergy Mayhem

It starts at the estate. Me, Varie and Lily were looking through a photo album.

Me: Boy you've had some funny times Lily.

Lily: I sure did. (Points to a photo) Here's a funny one. This one is where we were watching Operation: Dessert Storm and everyone thought I said the D word.

Varie: Whoops!

Lily: I had an interview for a preschool that day and I wanted donuts. I said Dannet and everyone thought I said the D word.

Me: That's funny. But you only wanted a donut.

[Flashback to countless times the kids have said the word. Lana is fixing Charles' doghouse and hits her finger with her hammer. Lola's princess car comes by honking as Lana shouts the word, canceling out the sound. Lana notices Lily next to her and covers her mouth, realizing what happened. Lola crashes her car into a tree and the airbag's deployment sound cancels out her saying the word. Lily appears behind the tree babbling and Lola covers her mouth. Cut to Lisa singing on her headphones.]

Lisa: You're less than Pluto, not even a planet / When you hear my fresh rhymes, you gonna say-

[She steps on a squeaky toy on the word that rhymes with "planet", which Lily seemed to have noticed. She covers her mouth. Segue to Lori and Leni in the laundry room fighting over a sweater.]

Lori: It's my sweater!

Leni: No it's not, Lori! It's mine!

Lori: Bobby gave it to me for our second anniversary!

[Both of them pull the sweater so hard, it tears in half. They shout the "D" word at the moment the washing machine buzzes. Lily pops out of the laundry basket, and the two oldest sisters cover their mouths upon seeing her. Transition to Lincoln playing a Wii styled game. Because he wasn't wearing the wrist strap, he tosses the Wiimote at the TV, which causes it to crash and shatter, its sound dubbing over Lincoln's swearing. He then notices Lily on the sofa and covers his mouth. Next is Lynn practicing her baseball pitches into her soccer net. One ball bounces off her head and lands in their neighbor's yard. A lawn mower sound is heard, indicating it shredded the ball. Lynn screams with the mower's sound being too loud to hear her say the word. Lily opens the window and Lynn covers her mouth upon noticing her. Luna is tuning her guitar string, but it breaks. She screams with a guitar riff dubbing over her scream. Lily appears behind her amplifier and she covers her mouth. End flashback.]

We laughed.

Me: That was too funny.

Lily: I think Lucy is rubbing off on me.

The doorbell rang and Lincoln went and got it. He opened the door and found Liam and in his arms was a cute bunny.

Lincoln: Hey Liam.

Liam: (Southern Accent) Hey bro. My dad and I are going out of town for the weekend to spend some quality time together and can you watch my bunny Spot for me?

Lincoln: Sure.

Red Hood: (to Liam) You want us to watch your rabbit?

Liam: Yep. He's the cutest bunny.

Me: He's an adorable bunny.

Luan: He sure is. Looks like Gary has a new playmate.

Me: He sure does. But sure Liam. We'll be more than happy to watch him.

Liam: Aw thanks guys.

Carmen: (kisses Liam) Have fun with your dad, Liam.

Liam: Aw thanks my Fiery Dumpling. (Leaves) See ya'll later.

Me: Have a good time Liam.

Taranee: I thought Liam's dad didn't want anything to do with him anymore.

Me: Well you can blame Cletus Kasady for that.

Will: That homicidal maniac?

Varie: Yep. He impersonated J. Jonah Jameson and told everyone that metahumans are evil and because of him Liam's father disowned him. But they made up quickly after we killed Cletus Kasady.

Taranee: Well that's a relief.

Will: Mr. Huggles, I'd like you to meet Liam's rabbit.

Mr. Huggles and Spot got along great.

Poison Ivy: Cornelia, doesn't Lillian have a pet cat named Napoleon?

Cornelia: She sure does Pamela and he's actually the familiar of the Heart of Earth.

Me: That is cool! I heard about that.

Luna: Hey dudes. What's up?

Me: Hey Luna. We've been tasked to look after Liam's pet bunny Spot while he's out of town.

Luna: Aw he's so cute.

Luna was petting him.

Luna: He's so soft and adorable. (Toilet Flushes)

Luna's eyes watered and then she sneezed.

Luna: ACHOOO!

Me: Bless you Luna.

Luna: Thanks J.D.

Her nose then tickled and then she sneezed again.

Luna: ACHOOOO! (Elephant Trumpets)

The sneeze blew her back and she landed on the couch.

Me: Wow! What a sneeze.

Eddy: Didn't Lumpy have that same problem?

Edd: He sure did Eddy. First Ed would sneeze explosively, then he would get these ugly purple spots and welts all over his body…

Luna got ugly purple spots and welts all over her.

Luna: WHAT'S HAPPENING TO ME!?

Edd: Then various parts of Ed's body would swell up. First it was his foot, then his nose, then his other foot, then both hands and the cycle repeated.

Luna went through exactly what Edd said.

Edd: Then his body inflated like a balloon and he was floating.

Me: Like that Double D!?

We saw Luna inflated to the size of a blimp and she was floating.

Luna: HELP ME DUDES! I'M A BLIMP!

Me: Holy mackerel!

Laney: Geez! What happened to her?

Me: I think this is an allergy.

Lincoln: It sure looks like it.

Eddy: Geez! This is exactly like what Ed went through.

Me: Lets get her down guys.

Luna: Geez I am so itchy.

Lynn: Lets poke a hole in her and let all the air out.

Edd: The pressure could cause her to explode.

Me: And the last thing we need is to see one of our friends blood and guts splattered all over the place.

Sarah: This is an unusual allergic reaction.

Me: Lets tie her down and run some tests.

We did so.

We tied her down with ropes.

Me: I'm sorry we have to do this Luna. But it's the only thing to keep you from floating away.

Luna: I understand dude.

Lisa: I believe I know what's wrong with you 3rd born elder sister. You appear to be allergic to animals of the *Oryctolagus* group; Street name: Domestic rabbits.

Me: Luna's allergic to rabbits?

Lincoln: Oh my gosh. I didn't know.

Me: I don't think any of us knew.

Poromon: You've never shown that allergy around me, Luna.

Mindy: That's because you don't have a lot of fur compared to animals like rabbits.

Lionel Cook: I feel your pain, Luna. I'm allergic to fur as well.

Elena: Starfire, don't you have allergies as well?

Starfire: Yes. I am allergic to metallic chromium.

Lana: I'm allergic to Rhubarb.

Killer Frost: (to Lana) You're allergic to Rhubarb?

Lana: I know. It's a strange allergy Louise.

Me: My dad is allergic to short-hair cats. No offense Cliff.

Cliff meows.

Laney: He says none taken.

Nazz: I'm allergic to Clams.

Rusty: I'm allergic to hot sauce.

Bart Simpson: I'm allergic to shrimp.

Bentley: I'm allergic to tomatoes.

Sakura: I discovered that I am allergic to black pepper.

Me: Really?

Naruto: Yeah it's true bro. I accidentally took a vial of black pepper with me after having lunch after a mission and I sneezed on Sakura and she had an allergic reaction to it.

Sakura: They thought I contracted a lethal Chakra Virus that was eradicated ages ago.

Me: Whoops!

Naruto: I'm sorry Sakura.

Sakura: It's not your fault Naruto.

Sam Sparks: I'm allergic to peanuts.

Me: Most of us have allergies all across the board.

Eddy: Yeah and Ed is allergic to Bunnies, Eels and Butterscotch Pudding.

Leni: Guys, where's Ed?

Xion: He's out of town, Leni.

Leni: Oh yeah.

Gali: Does anyone have ideas on how to get rid of Luna's allergies?

Me: Before we do that we have to help Luna get rid of the swelling.

Eddy: We tried using a whole jar of cold cream on Ed. Then we used Talcum Powder to get rid of his itching.

Edd: And lastly we used ice to get rid of the swelling.

Me: Okay. Lisa do we have enough Talcum Powder?

Lisa pulled out a huge container of Talcum Powder.

Lisa: Affirmative 2nd Elder Brother.

Me: That will work. We also need a big enough ice bag.

Laney pulled out a big ice bag.

Laney: This oughta be big enough.

Me: That will work. Lana you and Killer Frost will make enough ice.

Lana: You got it.

Killer Frost: This is gonna be awesome!

Me: Okay lets use the Talcum powder first. Lori, we're gonna need a fan wind to blow it at her.

Lori: You literally got it J.D.

She blew wind at Luna like a room fan and I dumped the powder and it blew at Luna and covered her.

Luna: That was fun dudes.

Me: Okay. Here comes the ice Luna.

I pulled out a whistle.

Me: (Blows whistle) Bucket Brigade lets move!

Lana and Killer Frost filled up the buckets with ice and dumped it into the ice bag. The ice bag was full and huge.

Me: That oughta do it.

Nico: Let me help J.D.

Me: Sure man.

Me and Nico lifted the bag and put it on Luna.

Me: There.

Luna: (Shivering) This is cold d-d-d-dudes.

The ice worked and Luna's swelling went down.

Me: That's better. But while spot is here we need to protect her from getting allergies again.

The Loud Rabbits were with us.

Luna: (to the Loud Rabbits) Don't take it personally, dudes. I'm just allergic to rabbits.

Warren: We understand Luna.

Luna received a text from Bridget.

Luna: (Reads text) Lots of people are allergic to rabbits and we understand.

Beverly: Yeah it's not fun.

Me: I think I can fix that.

I fired a stream of light at the rabbits and they were human!

Me: I used my magic to make you human when you are here with us and when you go home you will turn back to your rabbit forms.

Betty: Good idea J.D.!

Brenda: I hate being a human!

Beth: (Sleepy) It's gonna be cool.

She plopped onto the sofa and was out like a light.

Blair: She's out like a light.

Me: That Narcolepsy is bad.

Maria: Luna, we really have to do something about your allergies.

Me: Yeah.

Sam S.L.: Luna, have you tried stuffing your nose with tissues?

Luna: I never really thought of that.

Luna did so.

Surprisingly it worked and we watched Spot until Sunday. Liam came home.

Liam: Thanks for watching Spot for me guys.

Me: You're welcome Liam. I'm glad we could help.

Liam: Well I had a lot of fun with pa and it was great.

Lincoln: We're glad Liam.

---

Later as we were watching TV Bart came.

Bart: Hey guys look at this.

Bart showed me a patch. It had a double-head hammer.

Me: What's this for Bart?

Bart: I found that in the ruins of an old building in Springfield.

Homer: Hey guys. (Gasp) I know that patch.

Me: What is this patch for Mr. Simpson?

Homer: This patch is from the secret society called The Stonecutters.

Me: The Stonecutters?

Bart: They were some club dad joined.

Homer: Yeah. They controlled all of the things all over the world. It's been that way for years.

Me: They sounded like a stupid cult. And it's times like these I'm glad we blew up Springfield. That town and Quahog were towns of idiots.

Lincoln: You said it J.D.

We laughed.

Batgirl: (To the viewers) Allergies are no fun guys. They can be very debilitating and can be taxing on your health and your life.

Me: You said it Batgirl.

Another Fanfiction Complete.

I got the idea for this one out of the blue from LunaLoudFan10's story Rabbits and Sneezes and that story was funny. Credit goes to you for a great story and thanks for the inspiration. Allergies are no fun. Especially when they make you break out in hives or cause you to go into shock. I also wanted to make this chapter like the Ed Edd N Eddy episode Flee Bitten Ed. That was a funny episode. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# Three Uneducated Delinquents

It starts at the estate. Nicole and Lincoln were playing video games and it was a great game. The rest of the Loud Siblings were cheering them on.

Lana: Come on Lincoln!

Lola: Go Nicole!

The siblings were divided. But then Nicole beat Lincoln!

Nicole: Yes!

Lincoln: Oh man!

Nicole: Goddess of Video Games has triumphed again!

Me: She sure has.

Then we heard a scream.

Me: Uh oh!

We went to the source of the scream and we found in Lisa's laboratory Luna, frozen in ice!

Lincoln: Luna!

Me: How did this happen?

Lisa: I believe I can answer that. Luna accidentally locked herself in my new cryogenic pod and she froze herself.

Me: We have to get her out of there!

I grabbed the door to the pod and ripped it opened. Luna fell out and me and Lincoln caught her.

Me: Lets thaw her out. Come on!

We went to our infirmary and Me, Lola, Yuko and Suzi used our fire powers and thawed her out and as a result Luna was forever changed. She had dark blue hair and her skin was pale.

Me: Luna looks cool with dark blue hair.

Luna awoke and she was different.

Luna: What happened?

Me: You were found frozen in Lisa's cryogenic pod for 8 hours. We freed you and brought you here.

Luna looked at herself in the mirror after seeing her pale skin and she saw her new appearance and then we saw something really strange happen. An aura of ice appeared around Luna and her wardrobe changed completely.

She was no longer wearing her clothes, and she was wearing something entirely different. She was now wearing a blue unitard that was strapless and had laces on her legs, and gloves that were a little down her elbows and cuffs of white fur around the opening. Not only those, but she had a blue choker with a snowflake necklace. In between her chest was showing a small portion of her skin, but she was mostly covered below her chest and arms.

Me: Whoa! Luna you look amazing!

Laney: That outfit looks incredible.

Leni: It's totes perfect for you.

Me: Let me see here.

I turned on my infrared vision and I saw that her body temperature was still the same but she had an aura around her that was at -200 degrees fahrenheit and it was not affecting her in the least. Luna's eyes had an aqua blue glow in them.

Luna: This is awesome dudes. Let me see here.

Luna held her hand out and she fired a blast of ice at a table and it froze it solid in a block of ice.

Me: Whoa! Luna you have ice powers!

Lisa: Sweet mother of all science! It appears that Luna, while accidentally frozen in my sleeping pod, was so frozen that the ice blended with her DNA, giving her the power of Cryokenesis.

Me: You have ice powers as well as water powers.

Lincoln: Luna this is awesome!

Luna: I have Louise's powers?

Killer Frost: You sure do Luna and I think you look awesome with both ice powers and water powers.

Me: That's right Luna and ice is frozen water.

Luna: That's true. I like these ice powers of mine. But I'll mainly stick to my water powers.

Lana: That's okay big sis.

Killer Frost: Luna, later, I'll teach you how to use my powers.

Luna: Thanks Louise. I'll use these powers when needed. But in this form call me LUNA FROST!

Me: Awesome name.

Then the alarm went off.

Me: Uh oh!

We went to the computer and we saw three boys causing all kinds of trouble downtown and they were laughing maniacally.

Blossom (Adult): Oh no! It's the RowdyRuff Boys!

Me: I take it those guys are not your brothers?

Bubbles (Adult): No way J.D. Those guys are delinquents.

Buttercup (Adult): They were originally created by Mojo Jojo using snips and snails and puppy dog tails and these boys are 200% rotten to the core.

Me: The old myth about What Little Boys are Made of. Very clever.

Blossom (Adult): Yeah. They were an incredible challenge and they defeated us. They beat us mercilessly. But Ms. Bellum told us how to defeat them. We kissed them and they exploded.

Me: The Kiss of Death.

Lucy: Wicked.

Maggie: Wow! That is what I call a kiss that can kill.

Luan: No kissing. (Laughs) Get it?

Most of us laugh and the rest of us groaned.

Me: (Laughs) That was a good one Luan.

Varie: That was funny.

Lincoln: (Laughs) That was funny Luan!

Laney: That one was funny.

Me: It sure was.

Blossom (Adult): But Him brought them back and made them immune to our kisses and every time we kissed them they would grow giant.

Me: Whoa! So he used the old Cootie Shot power.

Lana: I know that saying.

Lola: Me too.

Me: I find it very strange that they look as they do when you defeated them the first time.

Bunny (Adult): Same here. I never met the RowdyRuff Boys but these guys look like they are no pushover.

Me: No they aren't. Lets go!

We set out for the city.

---

Miranda was trying to get the RowdyRuff Boys into the Legion Of Doom.

Brick: So you want us to join your little band of supervillains?

Miranda: Well, it'll help you get revenge on the PowerPuff Girls. (cheerfully) What do you say?

An hour later…

Him: **So, Miranda. How did it go with recruiting my three old friends?**

Miranda (currently sporting a black eye): How do you think it went?!

Him: **Ooh! Nice shiner.**

They vanished.

Boomer: Guys, are you sure about getting the PowerPuff Girls and Team Loud Phoenix Storm to come to us?

Butch: Of course we're sure, Boomer!

Brick: We've had battles against the Powerpuff Girls before. But now I want to have a battle against them on our own terms!

Butch (smiles at them): If it makes you guys feel better, you've been the best brothers I've ever had.

Boomer (smiles back): You know what? I feel the same way.

Brick: Let's have one last fistbumps, boys.

All three (fistbumps each other): ROWDYRUFF BOYS FOREVER!

Suddenly without warning all three boys were punched in their faces and sent crashing into a building and they got up and saw us all ready to fight.

Me: The RowdyRuff Boys. Boomer, Brick and Butch. Nice to finally meet you bozos.

Butch: Well if it isn't Team Loud Phoenix Storm and the sissy-dumb girls.

Blossom (Adult): It's absolutely pathetic that you are the same as you were when we defeated you all those times.

Bubbles (Adult): And this time there's more than the three of us.

They saw the adult Buttercup and Bunny and the young PowerPuffs.

Butch: There are 6 Powerpuff Girls now?!

Me: No you doofus there are 8 of them now. Are you blind as well as dumb?

BURN!

Brick: Doesn't matter. We'll do the Legion of Doom a favor and take you buttfaces out. We may not be working for them but this time we will kill you all.

Blossom (Young): So you three aren't working for the Legion of Doom?

Brick: Of course not! We're only interested in fighting you heroes. And this time, no Mojo or Him telling us what to do!

Buttercup (Adult): Well, if it's a fight you want-

Boomer: Hold on! We'll let you choose among your new friends to help you out.

Bubbles (Adult): I guess you three do have some honor after all.

Give us 5 minutes to choose our backup.

Butch: Alright. But don't keep us waiting!

Me: We'll make no promises.

I chose the PowerPuff Girls young and adults, Gwen T., Maria, Rubberband Man, Killer Frost, Bai Tza, Rhino, Venom, Poison Ivy, Shego, Lea, Elena, Arpeggio, and Harley Quinn along with Lola, Lincoln, Lana, Lila, Carol, Ben and Chione, The Guardians and some of the Loud's.

Me: Okay we're ready. Lets power up! GUARDIANS UNITE!

Team WITCHJEMM turned into their Guardian forms.

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Megan: Space!

Elyon: Time!

Matt turned into Shagon.

Me: Lets dance!

We went at the RowdyRuff Boys and they went at us and we were screaming at the top of our lungs as we charged. And when we collided we released a massive explosion of fire.

THHHHHHHHHOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The city was protected in a powerful force field as a massive explosion of fire swept over the city and it was an extremely rough battle.

Maria punched Brick and Bai Tza fired a blast of water at him and it blew him into the field and it electrocuted him.

Brick (throws bus at Blossom): Looks like you have a bus to catch!

Laney grabbed the bus with her vines and threw it back at Brick and it hit him and exploded.

Fuzzy: Hey, Butch. Remember when you and your brothers went into my property and tied me up?

Butch (scared): Of course. Why?

Fuzzy (grins evilly): Well, as payback, I'M GONNA ENJOY HITTING YOUR HEAD WITH MY BANJO WHILE VENOM BREAKS YOUR ARM! (laughs evilly)

Me: And the last thing you want to see is Fuzzy infuriated.

Fuzzy: Y'all said it J.D.

We high five.

Venom broke Butch's arm and Fuzzy bashed him in the head with his banjo.

Nico: Rowdyruff Boys, you three have failed this city! (fires Tri Klops' eye beams at them)

Me: Nice shooting man.

Nico: Thanks.

Ben: Lets see you like this!

Ben turned into Pesky Dust.

Ben: PESKY DUST!

Me: A Nemuina from the planet Nemunimos IV.

Pesky Dust: That's right.

Maria (cuddles Pesky Dust): Aw, you're so cute!

Timmy Turner: That form looks like the same kind of fairy as Cosmo and Wanda.

Me: It does have some similarities.

Brick (to Pesky Dust): I was expecting Jetray or Heatblast. Not a pixie.

Pesky Dust: Just watch this.

Pesky Dust flew by Brick and sprayed him with dust and the dust made him fall asleep.

Me: Sleeping dust! Perfect.

I kicked Brick in the face and punched him all over the place.

Me: (Echoing) PARADISE LOST PUNCH!

I punch him all over the place with a vicious and ferocious flurry of powerful fisticuffs and pulverized him all over the place at a ferocious pace.

Then I kicked him and sent him crashing into the force field and it electrocuted him.

Butch (to Lola): Hey, Princess. Is that your dress or did your pal Leni make it out of some loose fabric? (Lola fires a fireball but he dodges it) How come you don't have a boyfriend yet? Is it because you think boys are icky? (dodges another fireball) And what kind of princess uses fire? You trying to be Azula from Avatar?

Lola (gets angry): RAAGH! SHUT YOUR MOUTH!

Butch (sees an opening): Aw! But I'm just getting started. (punches Lola to the ground) I knew getting you mad would make vulnerable.

Lola kicked him in the face.

Lola: I have to admit. You caught me off guard. But that won't happen again!

Lola fired a blast of fire and burned him.

Blossom (Adult): How come you boys weren't with us when we were trying to get the Key to The World?

Boomer: We didn't want to rule the world like that.

---

Butch: (sees everyone battle for the Key to the World): Think we should join that battle?

Brick: Are you kidding me? We're only interested in fighting the Powerppuff Girls, not some stupid key!

Boomer (avoids a car thrown his way): I don't know about you guys, but we should get out of here while we still can!

FLASHBACK ENDS

Me: It's good you didn't go after that key.

I punched Butch in the face and both Buttercup's fired green energy rays at Butch and sent him crashing into the ground.

Butch (to us): I REALLY HA- (stops himself in time)

Lincoln (smugly): Go on. You really what?

Butch (smirks): Nice try. You were trying to trick us into getting you stronger, weren't you? (throws Lincoln into a car)

Lola, Lana and Lila: Linky!

Lincoln: Don't worry, guys. I'm ok.

Lincoln picked up the car and threw it at Butch and it hit him and exploded.

KABOOM!

The RowdyRuff Boys then became enraged.

Brick: BALLISTIC BARRAGE!

Me: Here it comes!

The charged at us and ricocheted off some buildings and they unleashed a ferocious flurry of powerful fisticuffs at us and we blocked all their attacks and anchored ourselves to the ground. They stopped.

Blossom (Adult): I've never seen you three so coordinated before!

Brick: Hey, we have brains too, you know!

Boomer: Yeah we beat you with teamwork.

Blossom (Adult): You know what? In that battle, the Rowdyruff Boys really were acting a lot like us.

Nico: Yep. They even used a bit of strategy back there. They even showed that they do care for one another.

Me: Yeah brains that are the size of underdeveloped peanuts. Buttfaces.

Boomer (avoids an air blast from Hay Lin): Guys, I think the Powerpuff Girls aren't holding back on us anymore!

Brick (smirks): Good. That's just what we need for this final battle against them!

Nico: Wait, so you didn't care if you died or not? All you wanted was to have one last fight with us?

Brick: Yeah! Like we said, no one pulling our strings. We wanted to fight you on our own terms. And hey, you can still kill us if you want. What do you say?

None of us did have anything to say for a few minutes.

Blossom (Adult): You're insane.

Brick: Well, I wouldn't go that far-

Buttercup (Adult): We're not kidding. You and your brothers are seriously messed up!

Brick: Well, we are created from your DNA. So-

Bubbles (Adult): We can't let you three go on like this, Brick.

Brick: You think I don't know that-

Nico: (activates Bane's super strength) This has to end. Now.

Brick: Then what are you waiting for? End me alre-

I do a thunderclap, knocking Brick out.

Boomer (dodges Killer Frost's ice blast): Aw! Don't give me a cold shoulder!

Luan: Boo! That was a bad joke!

Boomer: Aw! That's not very ICE! Get it? Ice?

Irma: Newsflash, Boomer! Jokes are Luan's specialty!

Me: Yeah. You are NOT FUNNY!

I punch him in the face.

Me: And for your information, you buttlickers weren't made from the same DNA. You were made using Snips, Snails and Puppy dog tails.

Talking Dog: Yeah! MY tail!

Boomer: (ENRAGED GROWLING) I HATE YOU BUTTKISSERS!

Our auras flared up with incredible intensity.

Me: That's more like it.

Nico: Wow! Their hatred is extremely strong.

Carol: It sure is.

Butch: Boomer you idiot!

KROW!

I punched Butch in the face with incredible force and Laney lashed him with a whip of poison ivy.

Butch was itching like crazy.

Rubberband Man punched Brick in the face with a huge fist and kicked him in the stomach with monstrous foot.

Shego fired a blast of green fired and burned Butch.

Lea fired huge blasts of fire and burned all three of them.

Arpeggio fired numerous laser feathers and burned them and Harley Quinn bashed their heads in with her hammer.

Boomer: Guys, I think this might be the end of the Rowdyruff Boys.

Butch: If that's the case, we'll make it the glorious end in history!

Carol: Time to get serious now. Blossom, you and your sisters fought monsters before. Now it's time for the RowdyRuff Boys to fight monsters of their own!

(King Ghidorah Theme Plays)

Carol raised her hand up and a massive explosion of fire exploded out of the ground and went high into the sky. A massive fireball formed and it exploded several times and began to take form and it turned into KING GHIDORAH!

Me: It's King Ghidorah!

Carol: That's right and now he has taken Godzilla's place and he's my friend. Lets get him Vincey!

Vince: You got it Carol!

They both flew up and were on top of King Ghidorah's middle head.

Carol: Lets get them King Ghidorah!

King Ghidorah and Carol fired blasts of gravity lightning at the RowdyRuff Boys and they hit them all over the place as the blasts exploded and sent them crashing into the ground.

Carol: Vince hold my hand.

Vince: Okay.

He did so and he suddenly got a huge incredible power boost. Vince fired King Ghidorah's Gravity Lightning and Carol did the same. King Ghidorah fired more Gravity Lightning at the RowdyRuff Boys and they were completely overwhelmed by the power of the Kaiju.

Me: Combo time guys!

Everyone: Yeah!

Luna: Lets get them dudes!

Luna, Bai Tza, Maria, Lily and Irma fired blasts of water and Lana fired a blast of Ice Lightning.

Luna, Bai Tza, Maria, Lily, Irma and Lana: SUBZERO ICESTORM BARRAGE!

The blasts combined and turned into a powerful icicle barrage and the icicles hit the RowdyRuff Boys as they were being bombarded with King Ghidorah's Gravity Lightning.

Laney and Riley wrapped them in bramble vines and also formed deadly scythe blade vines. Cornelia threw huge rocks.

Laney, Riley and Cornelia: EARTH SCYTHE ROCKSTORM!

The vines combined with the rocks and they turned into deadly razor-sharp scythes and slashed the RowdyRuff Boys really badly.

Lola, Volcana, Aylene, Yuko, Suzi, and Taranee fired huge blasts of

fire.

Taranee, Aylene, Yuko, Volcana, Suzi and Lola: INFERNO SWALLOW STORM!

The blasts of fire turned into a massive flock of swallows made entirely out of pure fire and they bombarded the RowdyRuff Boys with incredible force and burned them badly.

Lincoln, Linka, Me and Will fired huge blasts of lightning and Vince, Carol and King Ghidorah fired more Gravity Lightning.

Me, Vince, Elena, Carol, Lincoln, Linka and Will: GHIDORAH LIGHTNING DRAGONSTORM!

The blasts of lightning combined and turned into 3 longer versions of King Ghidorah's Heads. (2018's King Ghidorah) They went at the RowdyRuff Boys and electrocuted them and blasted them.

Hay Lin, Lori and her Children fired blasts of wind and King Ghidorah fired a huge blast of wind by flapping his wings.

Hay Lin, Lori and her Children: HYPERCANE WIND SLASHER!

The blasts of wind combined and turned into a massive super hurricane and blew the RowdyRuff Boys around like rag dolls.

Blossom (Adult): Final Smash time girls!

PowerPuffs: YEAH!

Blossom (Adult): PINK MEGA STARBURST!

Adult Blossom fired a pink laser blast and it hit the RowdyRuff Boys and it exploded.

KRABOOOM!

Bubbles (Adult): AQUA MEGA BUBBLEBLAST!

Adult Bubbles fired an Aqua Blue laser blast and it had bubbles all around it and it hit the boys and exploded.

Buttercup (Adult): GREEN MEGA FLOWERFORCE!

Adult Buttercup fired a Spring Green Laser blast and it had flower petals around it and it hit the boys and exploded.

Bunny (Adult) LILAC MEGA BUNNYSTORM!

Adult Bunny fired a Lilac Purple laser and it had bunnies around it and it hit the boys and exploded.

Blossom (Young): PINK FLOWER STARSTORM!

Young Blossom fired a massive barrage of pink energy flowers and they went at the RowdyRuff Boys and exploded on contact.

Bubbles (Young): AQUA BUBBLE PULVERIZER!

Young Bubbles fired a stream of aqua blue energy bubbles and they hit the boys and exploded on contact.

Buttercup (Young): GREEN FLOWER POUNDER!

Young Buttercup fired a stream of Spring Green Energy Flower Petals and they hit the boys and pulverized them and exploded.

Bunny (Young): LILAC BUNNY KICKFORCE!

Young Bunny fired a stream of Lilac Purple energy bunnies and they hit the boys and exploded on contact.

Will: Time for my Final Smash! ÆTHERSTORM LIGHTNING VORTEX!

Will fired a massive storm vortex of lightning and energy and it blew the RowdyRuff Boys around and electrocuted them all over the place.

Gwen T.: It's my turn for a Final Smash.

Gwen turned into her Anodite Form!

Gwen T. (Echoing) MANA BALL BARRAGE!

She threw a massive barrage of Mana energy balls and they hit the RowdyRuff Boys and exploded on contact.

Blossom (Adult): Time for a combo Final Smash girls!

PowerPuffs: GIRL FORCE MEGABLAST!

They hovered in an Octagon Formation and fired energy blasts and combined them into a massive energy blast and fired it at the RowdyRuff Boys and it hit them and it exploded with incredible power.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it carried enough destructive power to completely obliterate the entire city. When the smoke cleared the RowdyRuff Boys were knocked out and in a fiery crater. Luckily the force field over the city held and everyone was safe and all the buildings were standing.

Me: Wow! Great job guys! Now to make sure that the RowdyRuff Boys never cause trouble again.

Lisa: And I believe this will do the job 2nd elder brother.

Lisa handed me a bottle and it had a glowing orange liquid.

Lisa: In this bottle is Antidote X and it will completely eliminate their powers and make them completely normal boys.

Me: Good work Lisa.

Lisa: But we have to inject it into them.

Me: Okay.

Sakura: Here J.D.

Sakura handed me and Lisa shot needles.

Me: Thanks Sakura. Okay pick a limb.

We injected the Antidote X into the RowdyRuff Boys and they were now normal boys. They got up.

Brick: We're not finished with you yet.

They tried to fire a laser vision blast but nothing happened.

Butch: What happened?

Boomer: We can't use our powers!

Boomer tried to punch a fire hydrant but all he got was a broken hand.

Me: That was incredibly stupid.

Brick: What did you do to us!?

Me: We took away your powers using Antidote X. You are now completely normal little boys.

We picked them up by the backs of their shirts.

Brick: You're not gonna kill us?

Me: Nope. You 3 aren't worth it.

Boomer: Are you gonna throw us in jail?

Me: Nope. That is too good for you. We have a much better place for uneducated delinquent troublemakers like you.

Everyone: MILITARY SCHOOL!

Me: And we're not talking about the Military Schools here in America.

---

SIBERIA, RUSSIA

Kraven the Hunter dropped the RowdyRuff Boys off at a Military School in Northern Russia. Russian Military Schools are much worse than our Military Schools in America.

Russian Military soldier: (Russian Accent) You are sending RowdyRuff Boys here?

Kraven the Hunter: (Russian Accent) Yes. Make sure to discipline them as best as you can.

Russian Military Soldier: Trust me, Comrade Sergei. By the time we are done, they will not want to harm anyone ever again.

Kraven the Hunter: Enjoy your time.

Kraven left.

* * *

Back at the Estate we were watching TV.

Cornelia: Blossom, why is the mayor an idiot all the time?

Blossom (Adult): He was born with the brain of a toddler and he has an incredibly low IQ of -30.

Me: In other words he's a brainless idiot.

Bubbles (Adult): Yep.

Lily: Hey J.D. I found something weird on the Living Room Table earlier.

Me: What is it Lily?

Lily: I found this. I looks like a camera bug.

I picked it up and it was a spy camera bug and it had the symbol of the Hall of Doom on it.

Me: It's a spy camera bug. This is no doubt one of Grodd's creations.

Lori: So that's how he was finding out about all of our activities and how he was trying to get the criminals to join the Legion Of Doom

Nico (looks at the spy camera): Clever trick, Grodd. But I think we'll still keep you around. After all, beating you and your cronies up is actually enjoyable.

Me: Yes it is man.

Blossom (Adult): (to the viewers) The RowdyRuff Boys will never terrorize all of Gotham Royal York ever again and it was really fun doing a Final Smash.

Marceline: Hey guys. I have a song for you all.

Finn: And I'm gonna provide beatboxing for it.

Me: Go for it.

(Finn's beatbox)

Marceline: (Singing)

Daddy, why did you eat my fries?

I bought them, and they were mine.

But you ate them, yeah, you ate my fries…

And I cried, but you didn't see me cry.

Daddy,

Do you even love me?

Well, I wish you'd show it,

'Cause I wouldn't know it. What kind of dad eats his daughter's fries,

And doesn't even look her in the eyes?

Daddy, there were tears there.

If you saw them would you even care?

We cheered wildly for her.

Me: Great job guys!

Flame Princess: That sure was awesome.

Marceline: Thanks guys. I made that song when my dad ate my fries.

Me: Oh man. I'm sorry Marceline. I don't think he knew they were yours.

Marceline: No he didn't.

Me: Well yeah.

Another Fanfiction Complete.

The RowdyRuff Boys were the most dangerous enemies of The PowerPuff Girls and they really mercilessly beat them up in the Episodes "The RowdyRuff Boys" and "The Boys Are Back In Town." They are without a doubt the most ruthless and most dangerous villains the PowerPuff Girls had ever faced. And the most uneducated delinquent trio ever known. NicoChan11 gave me the ideas for this. Thanks man as usual. Credit goes to MAST3R RAINBOW for LUNA FROST! Thanks man and credit goes to you again. Let me know what you all think.

See you all next time.

# The Fastest Hedgehog

It starts in Japan. Nico was at a local graveyard in Odaiba, Japan. He put a bouquet of flowers by the gravestone of Ken Ichijouji.

Nico: I'm so sorry Ken.

Me: It's not your fault Nico. You didn't even know that you had those powers to begin with.

Nico: I know.

Mr. Ichijouji: You murderer!

We saw Ken's parents and they were infuriated.

Me: Are you two Ken's Parents?

Mrs. Ichijouji: We are J.D.

Me: Nico told us what happened and you have our sympathies. But you have to know that he didn't mean to kill your son.

Nico: (to Ken's parents) You know what? I don't need to justify myself to you two anymore. The only reason I came back here is to pay my respects to Ken's good side. But now that I've done that, I'm heading back home. (summons Vulture's wings) When you two are ready to get over yourselves, you know where to find me.

With that, Nico used Vulture's wings to fly back to Gotham Royal York.

Red Hood (to Ken's parents): I can't believe you two! Nico helped the Digidestined save the world from MaloMyotismon and this is how you two thank him?!

Mr. Ichijouji: It's his fault that Ken is dead! That murderer deserves to be thrown in jail!

Lola: What about us? Do we deserve to be thrown in jail too?

Mrs. Ichijouji: Excuse me?

Lori: We literally killed villains like Evil Seed, Hydro Man, and Teridax. Does that make us murderers as well?

Lynn: You two can't have it both ways. If you want to throw Nico in prison, then you might as well do the same to us as well!

Me: That's enough guys. Lets not make the situation worse than it already is. But yeah. What Nico did to Ken was an accident. Let me show you both the truth.

My eyes glowed and it revealed what happened to Ken and how. After Ken went to the Digital World he was amazed at what he found. Afterwards, Ken was devastated when his brother Sam died in that accident and he blamed himself for what happened because he thought that he was the cause of Sam's death. After that, Yukio Owikawa under the influence of Myotismon took advantage of his grief and a Dark Spore imbedded deep inside the back of Ken's neck grew and poisoned his mind with evil and it made him better at school and sports and gave him a genius level intellect. But it also made him cruel to animals and he bore a huge deep-seated hatred towards all of mankind. At the same time he travelled to the Digital World more and more often and he became the ruthless and tyrannical Digimon Emperor where he planned on ruling over the entire Digital World with an iron fist. He built black obelisks called Control Spires that prevented all Digimon from digivolving and he enslaved all the Digimon to do his work. He tried to kill the Digidestined on several occasions but they all failed. But Nico snapped when he saw that he created an artificial Digimon named Kimeramon using the parts of all sorts of Digimon and he went on the warpath to finish Ken and end his reign of terror. It was a savage and brutal fight and Nico discovered his powers and killed him by accident. But Ken was actually an expendable pawn in Myotismon's evil plan to destroy the planet by plunging it into eternal darkness.

Me: So there you have it. The awful truth. Ken was a disposable pawn in Myotismon's ultimate plan to destroy the Earth and had Nico not stopped him we would all be dead. You along with us.

Lola: That's right! MaloMyotismon was a nasty Digimon that was going to kill us all!

Lori: And he would've literally destroyed the Earth had Nico not stopped him.

Me: So if anybody is to blame for your sons death it's Myotismon. He is the true mastermind behind your children's deaths. Not Nico and Yukio Owikawa was just another pawn in his diabolical plan to destroy the entire planet.

Mr and Mrs. Ichijouji were shocked and they knew that I was right. They broke down crying.

Me: Come on guys.

We walked by them.

Me: We'll leave you two alone to think about all of this. But if I were you I would apologize to Nico.

We went back home to Gotham Royal York.

* * *

Back in Gotham Royal York, we were watching TV and playing card games when the alarm went off.

Me: Uh oh!

The computer popped up and on a holographic screen it showed that trouble was brewing on the planet Mobius located 3 light-years away from Earth.

Me: The planet Mobius?

Mario: (Italian Accent) Mama Mia! Sonic is in trouble!

Me: Sonic the Hedgehog!? He's one of my favorite video game characters!

Nicole: Mine too. He's the fastest hedgehog and he can run faster than a bullet fired from a gun. He and his friends Miles "Tails"

Powers - An Anthropomorphic 2-Tailed Fox, Amy Rose, Knuckles the Echidna, Sally Acorn - An Anthropomorphic Chipmunk, Metal Sonic the Robot Hedgehog, Cream the Rabbit, Blaze the Cat, Tikal the Immortal Echidna, Sticks the Badger, Rouge the Bat, Vector the Crocodile, and Lupe the Wolf are known as the Freedom Fighters and their job is to protect all of Mobius and all its inhabitants from the ruthless and nefarious evil scientist and conqueror Dr. Ivo Robotnik. He will stop at nothing to rule all of Mobius with an iron fist and enslave all of its inhabitants.

Me: Just what the universe needs. Another power-hungry mad scientist running amok. This'll be his last day alive. Lisa, deploy the U.S.S. Valor!

Lisa: Affirmative 2nd Elder Brother.

---

The U.S.S. Valor is flying through space.

Me: Captain's Log, Stardate 2602.4: The U.S.S. Valor is en route to the planet Mobius, 3 Light-Years away from Earth and our mission is to destroy Dr. Robotnik and make sure that he never terrorizes all of Mobius ever again.

Lincoln: This is gonna be so cool! I've played the video games of Sonic and watched the Sonic Cartoon and it was awesome!

Me: You and me both Lincoln.

Lana: I love the Sonic Cartoons. I love it how Dr. Robotnik says "I HATE THAT HEDGEHOG" at the end.

We laugh at that.

Me: That's a good one Lana!

Lily: That was funny.

Lisa: We have arrived at our destination.

We arrived at the planet Mobius and it was a beautiful planet.

Me: Wow! So that's Mobius. It's beautiful.

Lori: It literally is.

Bobby: It sure is babe.

Me: Lets head down guys. Nathaniel you are in command.

Nathaniel: You got it grandpa.

Me: Lets go!

We went down to the planet and we saw that it was amazing.

Me: So this is the planet Mobius. It's amazing.

Laney: It sure is. If our planets weren't so far apart I would call this place a beautiful vacation spot.

Girl Jordan: Me too Laney.

Sonic: (Offscreen) You won't get away with this metal faces.

Robotnik Robot: Quiet!

Me: That's Sonic guys. Hide.

We hid in the trees. We saw Sonic being held by some of Robotnik's robots.

Me: (Whispering) That's Sonic all right. Lets blast those robots to pieces.

Sonic is currently walking into the forest while handcuffed. Guarding him were three of Robotnik's robots.

Sonic: Tell me. How much is Egghead paying you three to do this?

Robotnik robot: Keep walking, Hedgehog.

Sonic: You know, it doesn't matter if you kill me or not. Because there's something coming to this world. It's way bigger than me.

A laser blast quietly kills one of the robots.

Sonic (notices this): And it's way more bigger then you.

A ball of water quietly shorts out the second robots.

Sonic (grins): Karma's a (censored), isn't it?

Robotnik robot: I don't believe in karma.

I swooped in and chopped the last robots head off and it exploded.

KABOOM!

Me: Looks like we arrived just in time.

Sonic: Hey wow! You're J.D. Knudson of Team Loud Phoenix Storm!

Me: That's right Sonic.

I break the handcuffs and he was freed.

Sonic: It's such an honor to meet ya.

Me: Same here.

We all came out.

Mario: Sonic! Long time no see!

Sonic: Mario! Haven't seen you since the Olympics! And I see that you brought several of the other Smashers as well.

Mario: We sure-a did.

Samus: It's great to see you Sonic.

Princess Peach: Same here.

Me: Are we the first ever humans to visit Mobius?

Sonic: I'm not really sure.

Varie: How did you get captured by those Robotic freaks Sonic?

Sonic: Well I was on my way to get some medicine for Maria Robotnik.

Nicole: Oh man. I know Maria. She's Dr. Robotnik's granddaughter and she is the total opposite of him. She has a terminal disease and she doesn't have much time.

Lily: I have to help her. If I was able to cure the Ultimen and Nora Fries then I can help her too.

Me: Sonic can you take us to her?

Sonic: I sure can. Follow me.

Sonic ran fast and we followed by flying and running fast.

At a house we saw Maria and she was in bed and in really bad shape.

Me: Oh man. She's in really bad shape.

Lily went up to her.

Lily: Maria, my name is Lily Loud and Team Loud Phoenix Storm came to help deal with your grandfather.

Maria Robotnik: (Weakly) Thank you Lily. I would help but I can't do anything.

Lily: I can fix that. You're gonna be all right. I promise you.

Lily fired a blast of water and entombed Maria in a ball of water and the water went into her. Maria's body was being destroyed by a virus and the water destroyed it and cured her and fixed the damage it caused. When the water faded Maria was all better.

Maria Robotnik: I… I feel great! I'm all better! I'm cured!

Me: Lily's water destroyed your disease and made you better than ever before.

Lily: You're welcome Maria.

Maria hugged her.

Maria Robotnik: Thank you so much Lily.

Me: Now we can go after Ro-butt-nik.

Sonic: Hey! That's my line.

Me: Sorry Sonic. Some of your habits passed on to Earth.

Sonic: I can see that. Lets get him.

Me: Oh yeah! Dr. Robotnik has terrorized this world for far too long.

Sonic: He sure has and he is also the one that murdered Shadow the Hedgehog.

Me: Then he will pay a thousand deaths for that. Lets get him guys!

We set out for Dr. Robotnik's fortress and Sonic's friends in the Freedom Fighters joined us and they gave me the Chaos Emeralds and Chaos Crystals.

Me: Get ready Dr. Ro-fart-nik. We're coming for you and you will die! And after this lets get some awesome chili dogs.

Sonic: You read my mind J.D.

We flew fast to his fortress.

---

At Dr. Robotnik's fortress, Dr. Robotnik was determining his next plan. But he was getting impatient.

Dr. Robotnik: What is taking those robots so long to deliver Sonic to his prison cell!?

Suddenly a massive fiery explosion blasted a hole through the roof and we landed on the floor and stood ready.

Me: Dr. Ivo Robotnik, I presume?

Dr. Robotnik: Oh, so now you heroes call me by my real name? Well, that's fine. It won't really make a difference.

Me: The only difference you'll make is when we kill you and bury you six feet under into the ground.

Sonic (to Robotnik): Shadow might not have been a nice guy all the time. But he was a compassionate person at heart! He had his entire life ahead of him and you denied him that by murdering him!

Dr. Robotnik: Shadow was a mistake and you all will be joining him!

Nico: Dr. Ivo Robotnik, you have failed this universe! (fires Hydro Man's water blasts at him)

Me: Nice shot Nico. Now it's our turn.

I fired a blast of fire and burned him.

Dr. Robotnik: I'm really starting to hate you heroes just as much as I hate that Hedgehog!

Maria Rockell (aura flares up only to a medium level): C'mon, Robotnik! You can do better than that!

Me: You are a big fat freak of nature eggface!

Dr. Robotnik: WHAT DID YOU JUST CALL ME!?

Me: Are you deaf as well as brainless you filthy toad?

I punched him in the face and gave him a nasty black eye.

Dr. Robotnik: (ENRAGED SCREAMING) I HATE THAT STUPID TEAM LOUD PHOENIX STORM!

Our auras flared up to an incredible intensity.

Me: Now thats more like it. And because of that your hatred gave us infinite power and strength.

Lori: Lets see how you like this you egg face!

Lori and Lynn walked up to Dr. Robotnik and aimed their butts in his face.

Dr. Robotnik: (SCREAMS)

FAAAARRRTTTTT!

Lori and Lynn both farted in his face at point blank range.

Laney then called a bunch of skunks and they scurried in.

Laney: Skunks ready!

They turned.

Laney: Aim!

They aimed their butts at Dr. Robotnik.

Laney: Fire!

Me: FIRE IN THE HOLE!

Dr. Robotnik screamed and the skunks fired their stench right at him at point blank range.

FAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRRRRRRRRRRRRRRT

The skunk stench exploded out of the windows of the fortress and Dr. Robotnik smelled horrible!

Leni: And I thought I smelled horrible when I was sprayed by a skunk.

Scratch, Grounder and Coconuts came in and they smelled the stench.

Scratch: Oh man! Who cut the cheese!?

Grounder: It wasn't me!

Coconuts: It's a bunch of skunks you dummies!

Me: And us too.

Scratch: WHOA! IT'S TEAM LOUD PHOENIX STORM!

Me: The one and only!

Dr. Robotnik: Get them you dingbots!

Scratch: Yes your viciousness.

They went at us and I just stood there casually and tripped them and they crashed into the wall.

Me: You need better tinker toys Dr. Pukebucket.

Dr. Robotnik: (ENRAGED SNARLING) I HATE YOU J.D.!

My aura flared up more.

Me: Wow! Thanks for the extra power buttkisser!

Nico fired a blast of El Diablo's fire and burned him.

Dr. Robotnik: You metalheads are so incompetent and so stupid!

Laney: You guys gonna let him talk to you like that?

Scratch, Grounder and Coconuts knew that Dr. Robotnik treated them absolutely horribly over the years and knew that enough was enough.

Scratch punched Dr. Robotnik in the face.

Scratch: We've had enough of you Dr. Robotnik!

Grounder: Yeah! All you do is treat us badly.

Coconut: Yeah! You demoted me to Sanitation Duty! No more! We're joining Sonic now!

Scratch: Yeah!

Grounder: Yeah!

Me: Good choice guys!

Dr. Robotnik: YOU TRAITOROUS METALBRAINS!

Me: Go suck on a doorknob you cantankerous botulism-filled rotten egg!

I punched him in the face and kicked him in the mouth and knocked out some of his teeth.

Lori then suddenly got a massive burning headache.

Lori: (Groans) My head feels like it's on fire!

Lola: What's wrong Lori?

Lori: I literally don't know!

I turned on my infrared vision and it showed that Lori's body temperature was at 1,100 degrees Fahrenheit!

Me: Whoa! Lori's body temperature is 1,100 Degrees Fahrenheit!

Varie: That's insane!

Lisa: That's scientifically impossible! No one can survive a body temperature at that intensity.

Volcana: Wait! This is exactly what happened to me when I discovered my powers of fire.

Suddenly Lori was enveloped in a massive vortex of fire and when it faded Lori had flaming yellow and orange hair that looked like fire, her eyes were red and she had a black sleeveless body suit, black armbands red boots, red earrings and red gloves.

Lori: What just literally happened to me!?

Me: Lori you look just like Volcana!

Volcana: It's true Lori. You somehow went through exactly like what got me my powers.

Lori: I literally look amazing Claire. Lets see.

Lori fired a blast of fire and burned a hole through the walls.

Me: Wow! Not only do you have wind powers but now you have fire powers Lori!

Lincoln: Lori this is so cool!

Bobby: Oh babe you are more awesome than ever!

Me: She is now LITERALLY too hot to handle. (Rimshot)

Luan: (Laughs) Good one J.D.

Eddy: (Laughs) That was funny.

Lori: I guess it literally is true.

Roxanne: Mom you look so amazing!

Lydia: I agree. You literally look incredible.

Lori: Aw thanks guys.

Volcana: I would be more than happy to teach you how to use your fire powers Lori.

Lori: Thanks Claire.

Me: How about this for you Lori? In this form we call you Lori Volcana. Get her mad and she will explode with the power of Krakatoa.

Lori: Ooh that's not bad J.D. Thank you.

Me: You're welcome. Lets get back to the fight.

Lori: Right!

Lori fired a blast of fire and burned Dr. Robotnik badly.

Falco: Lets use our combo Fox!

Fox: You got it Falco!

Falco and Fox pulled out their blasters.

Falco and Fox: STAR FOX LASER PACK!

They fired their lasers and the blasts combined and turned into a fox with wings and it flew at Dr. Robotnik and it hit him and burned him.

Me: Awesome!

Tails: Lets do this Luigi!

Luigi: You got it Tails.

Tails fired a blaster that fires Chili dogs and Luigi fired a Pizza Blaster.

Tails and Luigi: CHILI DOG PIZZA FLAMBE!

The blasts turned into a Chili Dog Pizza on fire and it hit Dr. Robotnik and exploded and splattered chili sauce everywhere.

Me: (Slurps) Delicious.

Laney: Yummy!

Lori: That was literally delicious.

Shanan: I love chili dogs.

Sonic: Me too Shanan.

Shanan: You eat chili dogs by the truckload.

Flash: Time to use my Final Smash. SPEED FORCE PULVERIZER!

Flash ran extremely fast and pounded Dr. Robotnik with a ferocious flurry of fisticuffs and pulverized him all over the place.

Sonic: Now for my Final Smash! SUPER SONIC!

He glowed golden yellow and had the 7 Chaos emeralds around him and he went at a blazing speed and rammed into Dr. Robotnik with incredible force and the force of the ram sent Dr. Robotnik flying and he crashed into the self-destruct button and pressed it. The alarm went off.

Computer: Self-destruct sequence has been activated. Fortress will detonate in one minute.

Me: Time to make like rockets and take off! Lets roll!

We ran and flew out of the fortress fast.

Dr. Robotnik got up and he saw the timer and there was 10 seconds left.

Robotnik: I HATE THAT HEDGEHOG! I HATE HIM! I HATE HIM! I HATE HIM! HATE! HATE! HATE! HATE! (dies in explosion)

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole base exploded in a massive fiery explosion and completely obliterated Dr. Robotnik and the entire fortress in an instant.

Maria Robotnik: Goodbye grandpa.

Sonic: That was for you, Shadow. I hope you were watching.

Unknown to us, Shadow's spirit was watching us with a smile on his face.

Shadow: I was watching, Sonic. Thank you for avenging me. But don't worry. We'll see each other again very soon.

With that, Shadow the Hedgehog's spirit peacefully fades away.

Me: That's it guys. Dr. Robotnik - the Terror of Mobius has officially been silenced forever.

Sonic: Yep. The Freedom Fighters with the help of Team Loud Phoenix Storm has won!

We all cheered wildly.

Me: Come to think of it this is the first time a villain was killed by his own lair exploding.

Luna: That is true dude.

Lincoln: Dr. Doom was the first one actually. But he blew up his lair on purpose.

Sonic: Yep and Dr. Robuttnik blew up his lair by accident after I used my Final Smash.

Me: That's different but you guys are right.

Luan: It sure is one that blows up in your face. (Laughs to rimshot) Get it?

We all laugh.

Me: (Laughs) That was funny!

Varie: (Laughs) That was a good one.

Eddy: (Laughs) That was too funny!

Lensay: (Laughs) Oh mommy you make us all laugh!

Everyone: Awwwww.

Me: Come on guys. Lets get some Chili Dogs.

Everyone: Yeah!

We went to the city called Weinerville - home to the most awesome chili dogs in all of Mobius. We had the most awesome chili dogs and they were so delicious. We ate a lot of plates full of them and we were stuffed.

Me: Oh wow! (Loud Burp) Excuse me.

Sonic: I told you the chili dogs were good.

Me: You weren't kidding Sonic.

Laney: (Belch) Excuse me.

Carol: (BURP) Pardon me. They sure were tasty.

Me: But the Freedom Fighters job is never finished because there will always be more evils like Robotnik out there.

Sonic: You said it J.D. (To the viewers) Dr. Robotnik may be gone but we have more work to do as the Freedom Fighters. Remember pals, never be like Dr. Robuttnik.

Me: (To the Viewers) Or you will face the full extent of our power.

We had the Planet Mobius moved to the Solar System and we set up a huge alliance with Mobius and promised to answer the call should there be trouble. We put the Chaos Emeralds and Chaos Crystals in the safe.

---

Later on Earth we had a race in the training track. It was a race with Sonic, Flash, Quicksilver, me in my Ultimate J.D. form with XLR8's super speed and Ben as Fasttrack.

Me: This is gonna be so cool!

Flash: I know.

Sonic: You guys ready?

Flash: Ready when you are!

Quicksilver: I was born ready, Sonic!

Fasttrack: Hope you're all ready to eat my dust!

Me: You're gonna eat my dust first.

Laney: Are you all ready?

Me: Ready!

We were ready.

Laney: On your marks!

We got ready.

Laney: Get set!

Laney held up a starting pistol.

BANG!

Laney: GO!

We ran fast and we were setting the track on fire as we ran.

Sonic was already at the finish line.

Sonic: I'm Waaaaiiiitttiinnnnggg.

We got there and we saw that Sonic had already crossed the Finish Line before all of us.

Laney: Sonic wins!

Me: Wow! Sonic you really ARE the fastest hedgehog in the world!

Sonic: I know. It's a living.

Flash: I'll say.

Me: Good race.

Sonic: Thanks J.D.

# Monkeys VS Crocodiles

It starts in Lincoln's room. He was at his desk and he was writing a book.

Lincoln: "It's been three months since Lisa's machine that zap me, Lynn and Lily and gave all three of us super powers like supermen."

Me and Lynn were playing with Lily as she got a little bit excited and Lynn put her down before anyone else sees her thoughts about asking Lynn to be her superman. Until we hear police cars and SWAT teams that have surrounded us and they aim their guns at the front door and a guy is holding a microphone.

Man: "Attention Lincoln and Lynn Loud by order of the President of the United States you two are under arrest for having powers. You two have two options one surrender and be in our secret military base and have extremely painful experiments performed on you two or two die"

I yelled out the window.

Lincoln: "Why would you do that we did nothing wrong or kill anyone?"

Men: "You're friend Clyde showed us the video of you two using you're powers at a abandoned train station and we checked to see if he's lying but he's telling the truth and we saw the damage you two done. You have the count of ten before we come in and open fire."

Lynn: "Lincoln they found out that you, me and Lily have our powers. They will do painful experiments on her! She's just a baby and we can't let them do that to her. We have to fight or run away from our own home."

Lily: "Winky (giggle)"

I knew that only Lisa and Clyde know about our powers, but we can only trust Lisa for now. I knew we didn't have enough time to pack as Lynn picked up Lily with her teddy bear and I opened the door and used my heat ray to blow up some cars. As the cops were not looking, Lynn was able to fly off into the sky as they open fire at me.

Bang! Bang! Bang Bang!

Lincoln: "Luckily we are bullet-proof"

Me: That's a great story so far Lincoln.

Lincoln: Yep. I figured I want to write a book and base it on some of our adventures.

Me: It sure is awesome.

* * *

In the Living Room, Luan, Eddy, Lensay, George, Harold, Sonic, Tails, Amy, Scratch, Grounder and Coconuts were watching Sonic cartoons. They saw Dr. Robotnik fire a cactus from a cannon and as it went after him, Sonic made a taunting funny face at it and grabbed a needle and used it as a toothpick and Sonic sped off and the cactus stopped as it was panting from exhaustion and it gave up and went back into the cannon. The cannon then exploded and covered Dr. Robotnik in sharp cactus needles. The next scene shows a robot pulling cactus needles out of him and he was yelping in pain.

They laughed hard.

George: That was so funny!

Luan: That was an awesome funny scene.

Coconuts: I'm glad that is not happening to me anymore.

Harold: Me too Coconuts.

Lensay: I'm so glad you are not on Sanitation Duty anymore.

Eddy: Yeah Dr. Ro-Fartnik was a nasty rotten egg.

Scratch: (Laughs) That was funny!

Grounder: Yeah!

Me: We sure socked it too Dr. Robuttnik huh?

Laney: We sure did.

Then the Alarm went off.

Me: Uh oh!

Scratch: What was that!?

Me: Oh that was our crisis alarm. It tells us whenever crime is going on in any part of the world or the universe.

Scratch: Oh.

We went to the computer and saw a nasty fight break out in the Moon Prison cafeteria.

Me: Uh oh! We got a huge fight over in the Moon Prison! Lets go!

Grounder: I was hoping you would lock up Dr. Robotnik in one of your prisons.

Me: Well that would've been a wise idea but because he is too smart he would escape and we can't have that. So when we deal with people like him we have to kill him.

Scratch: Good idea J.D.

Me: Thanks. Lets go!

We flew up to the Moon.

---

At the Moon Prison we were walking down the halls.

Nico (walking through the Moon Prison hallway): Ok, this is probably the first time we've had to break up a prison fight.

Me: First times for everything Nico.

We got into the cafeteria and saw a nasty fight with all the inmates.

Me: Wow! What a brawl!

Lincoln: It sure is.

Gisele (punches Ra's): Some Demon's Head you are!

Me: Gisele Razor. I should've known.

Lori: I'm going to finish what I started in California.

Lori went up to her and punched her in the face.

POW!

Gisele crashed into a table.

Lori (to Gisele): If it were any other inmate being beaten up, then I wouldn't mind! But no one tries to kill the father of J.D.'s fiancé!

Gisele: Lori? What are you doing here?

Lori: What else? I'm going to literally finish what I started in California. This time you die.

Lori flared up her Super Angel aura and fired a blast of wind at her and sent her crashing into another table.

Nico (to Gisele): Gisele Razor, you have failed this universe! (hurls Zsasz's knife at her)

The knife hit Gisele in the leg and it skewered all the way through her leg and she screamed in pain.

Me: Nice shot.

We were enjoying some of Cajun Fox's cooking. It was spicy but awesome and tasty.

Me: Cajun fox sure makes great food.

Nico: Oh yeah. It's spicy but really tasty.

Laney: It sure is good.

Lana: I'll say.

Lynn: I love spicy meatball subs and Cajun Fox's po boy sandwiches are delicious.

Lola: They sure are tasty.

Lori punched Gisele in the face and kicked her in the stomach and kicked her in the mouth and knocked out some of her teeth. Gisele belched up some blood.

Lynn: Lets use our combo on her Lori!

Lori: You got it Lynn!

Lynn fired a blast of lava and Lori fired a blast of wind.

Lori and Lynn: VOLCANIC STORM BLAST!

The blasts combined and turned into a cloud of fire and it covered Gisele and burned her badly.

Lori: J.D. can you help me with this? I saw this on TV at one time.

Me: Sure Lori. I have a feeling I know what you are about to do.

I sprouted my electric tail and it wrapped around Gisele's neck and I held her up and Lori viciously tortured her by punching her in the back really hard and she was being viciously punched her all over the place.

Me: (Grunts) Wow! Lori you have a strong punch on you.

Lori: Well when you've put up with 12 siblings for 17 years you literally tend to build up a lot of muscle mass.

Me: (Grunts) I believe it. I may not have as many siblings as you do biologically but that's true.

Gisele belched up a huge amount of blood.

Gohan: I remember Frieza torturing Vegeta like this.

Krillin: I'm getting a strong sense of poetic justice here.

Piccolo: I find it fitting for her.

Nico went over to Ra's.

Nico: You alright, Ra's?

Ra's Al Ghul: I am fine, Nicolas. I am immortal, after all.

Maria: But that doesn't mean you're invincible.

Ra's: That's true.

Me: (Grunts) Wow! Beating her up like this must be very therapeutic for you Lori.

Lori: (Punches Gisele viciously) It literally is J.D.

Lincoln: Can I join in J.D.?

Me: Sure buddy.

Lincoln was punching Gisele in the chest with a vicious and ferocious barrage of punches and kicks.

Me: (Grunts) Wow! You two REALLY have gotten stronger over time.

Lincoln: Thanks to you J.D. And thanks to helping out my sisters for a while.

Me: (Grunts) I believe it.

Lori and Lincoln were viciously beating up Gisele at a vicious rate and they were going to make sure that she pays dearly for all the years of pain and suffering she has caused in Michigan.

Me: Okay that's enough guys. Lori you can finish her now.

Lori: With pleasure.

Lori was enveloped in a ball of fire and she turned into Lori Volcana and I threw Gisele into the air and Lori fired a huge blast of fire and incinerated her in an instant. Gisele Razor - The Terror of Michigan, was killed instantly.

Me: Go to Hell and stay there Gisele.

Gisele's spirit appeared.

Nicole: But Hell is obviously too good for you. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Gisele was sucked into the Book of Vile Darkness.

Gisele: DAMN YOU J.D.!

She was sealed into the Book of Vile Darkness for all eternity.

Nicole: I can tell even the Devil himself would fear you.

Me: Yep.

William: Let that be a lesson to anyone who tries to pick a fight with the only well behaved inmate here!

Me: You tell them William.

But we will never see Gisele Razor ever again.

---

Back home we were resting after the fight and we were watching TV, reading books and playing card games. I was playing Go Fish with Lola and Lisa

Me: Hmm. Lets see. Lola do you have any 6's?

Lola: Ugh.

She gave me two cards.

Me: Thank you. Lisa do you have any 10's?

Lisa: Negative J.D. Go fish.

Me: Darn.

I draw a card.

Lola: J.D. why was Gisele fighting Ra's?

Me: She wanted the last Tater Tot and he had it but he wouldn't give it to her.

Lisa: That is a very idiotic reason.

Me: Tell me about it.

Lisa: 2nd Elder Brother, do you possess any 8's?

Me: Just 1.

I pull the card out of my hand and give it to her. But just as I was about to give it to her the alarm went off.

Me: Uh oh. We'll continue our game when we get back.

We go to the computer. On a holographic map it showed that an island appeared by another island in the middle of French Polynesia and the island was emitting a strange energy reading.

Me: This is really unusual. Another island appeared out of nowhere by this island here and it's like this island here is alive somehow. The energy reading the satellites are picking up is incredible.

Nicole got a closer look at both islands and they were extremely familiar to her and she gasped.

Nicole: I know those islands. (Points to the 1st island) That island is Donkey Kong Island.

Me: Donkey Kong Island? Awesome! I've known the Donkey Kong series for a long time and he is awesome and funny.

Nicole: He sure is and (Points to the 2nd Island) that island there is Crocodile Island. From the looks of things I would say that their old enemy King K. Rool, the lord of the Kremlings is behind this.

Lily: I hate that overgrown lizard!

Lana: I've seen him as you and Lincoln are playing Donkey Kong Country and he is pure evil.

Nico: I don't know about you guys but I could use an alligator skin wallet and May could use an alligator skin purse.

May: Aw thanks Nico.

Me: All right. Lets roll!

Bowser Jr: Guys, I'm really nervous about seeing Donkey Kong again.

Falcon: Why's that?

Bowser Jr: Because the last time I saw him was during the Mario Super Sluggers Baseball thing. I went to his island and caused all kinds of trouble there.

Nico: Don't worry. We'll tell DK that you've changed.

Me: That's right Jr. We're here to back you up.

Bowser Jr.: Thanks guys.

We set out for the islands.

* * *

We arrived at Donkey Kong Island. It was an awesome island that was in the shape of Donkey Kong's head and it was an amazing island.

Me: It's just as beautiful as I remember seeing it.

Lola: It sure is neat.

Lana: I'll say.

?: Hey you guys!

We saw Donkey Kong and the whole DK Crew: Diddy, Lanky, Tiny, Chunky, Dixie, Kiddy, Cranky, Funky, and Candy Kong.

Donkey Kong: Mario! It's been a while! How've you been?

Mario: I've been good, DK. I also brought several of our Smasher friends with me.

Donkey Kong: I can see that. Sonic, I never did get the chance to thank you for saving us from Tabuu at the last minute.

Sonic: No problem, buddy. If I hadn't stepped in, you guys would've been turned into trophies permanently.

Diddy: We appreciate that man.

Me: Donkey Kong and the DK crew it's so awesome to meet you all. We are Team Loud Phoenix Storm.

We introduced ourselves.

Donkey Kong: It's awesome to meet you all.

Cranky: We have heard so many good things about all of you.

Candy: It's awesome how you saved the world from the evil Nerissa.

Me: Not to brag but that is a battle we'll never forget.

Chunky: It was. Why Bowser Jr. here?

Me: It's okay Chunky. He changed his ways and he is no longer a bad guy.

Mario: It's-a true.

Laney: I was able to help him realize the error of his ways and he helped us throw Bowser in prison.

Me: He's in a prison on the bottom of the Mariana Trench.

Lanky: That is a long way down.

Tiny: That's the deepest place in the world and the water pressure is huge down there.

Dixie: No kidding.

Me: Yep. It's 16,000 pounds of pressure per square inch and it's in total darkness.

Donkey Kong: Well that's a relief.

Me: We heard that your old enemy K. Rool is up to no good with his island fortress. It's over there. (Points to it across the way) We came here to throw him and his lackeys in prison for good.

Donkey Kong: We have to stop him. He did all kinds of terrible things. But he primarily wants my banana horde.

Lori: That is literally disgusting.

Leni: Totes.

Luan: What would he want with all those bananas?

Tiny: We don't really know Luan.

Me: Well it sure is very Unap-Pealing! (Rimshot)

Most of us laugh and everyone else sighs.

Luan: (Laughs) Good one J.D.

Me: I've learned from the best.

Funky: That was funny dudes. Lets get you guys set up with some blasters and weapons.

Me: Okay.

Funky took us into his armory and he made us awesome weapons. All blasters and they were as follows:

Me - Chili Pepper Rifle.

Nico - Watermelon Bazooka

Lori - Blueberry Pistol

Leni - Guava Machine Gun

Luna - Plum Crossbow

Luan: Banana Bow and Arrows

Lynn: Tomato Shooter

Lincoln: Orange Rifle

Lucy: Black Licorice Jellybean Blowdart gun

Laney: Strawberry Rifle

Lana: Walnut Slingshot

Lola: Grapefruit Bazooka

Lisa: Lime Pistol

Lily: Fig Machine Gun.

Me: Nice! My rifle looks like a 12 gauge shotgun for chili peppers. And it will deliver a spicy punch.

Nico: I like mine J.D. It can bash bad guys heads in.

Lori: Mine is literally awesome and I like being called a blueberry.

Bobby: It's perfect for you babe.

Leni: I totes love guava fruit and it is like so good for you.

Plum: Plums for me dudes and it's awesome.

Luan: I got bananas. This is gonna be so awesome.

Lynn: Tomatoes are perfect for me.

Lincoln: I'm not sure Kushina would agree. She has always hated that fruit and that name.

Lynn: I know.

Lincoln: Mine fires oranges.

Lucy: Mine fires black licorice jellybeans.

Me: Ew! I HATE black licorice! It's not my kind of flavor.

Laney: Strawberries are good.

Lana: Mine fires walnuts. Those are hard nuts to crack.

Me: I know. They are practically the most difficult nuts to crack open.

Lola: Mine fires grapefruit. Sour punch.

Me: I don't like grapefruit. It's too sour for me.

Lisa: My pistol fires fruits from the citrus class of the Aurantiifolia class; Street name: Limes.

Me: Nice.

Lily: Mine fires figs.

Me: Looks like we got some great weapons.

Candy: Lets get you guys some musical instruments.

Me: Okay Candy.

We went to Candy's workshop and she gave us awesome instruments. They are as follows:

Me - Snare Drums

Nico - Bassoon

Lori - Trumpet

Leni - Flute

Luna - Electric Guitar

Luan - Whoopee Cushion

Lynn - Tuba

Lincoln - Cello

Lucy - Oboe

Laney - Saxophone

Lana - Conga Drums

Lola - Cymbals

Lisa - Theremin

Lily - Clarinet

Me: Nice. A long time ago I used to play the Snare Drums in band class in elementary school.

Luna: That is rockin'!

Leni: This is gonna be so much fun.

Me: I think we're ready to go to Crocodile Isle.

Donkey: Lets do it!

Everyone: Yeah!

We set out for Crocodile Isle.

Me: Get ready K. Rool. We're coming for you!

## GANGPLANK GALLEON

We were on K. Rool's old ship Gangplank Galleon. After K. Rool was defeated the first time it was left sitting here on Crocodile Isle to rot like a rotting wound.

Me: Wow. So this is Gangplank Galleon.

Donkey: Yes. After we defeated K. Rool the first time it was left to sit here.

Laney: That is so odd.

Then we saw a Neek. It looked like a real ship rat.

Leni jumped into Lori's arms.

Leni: EW! A RAT!

Me: That's a Neek. They look like real ship rats.

Laney: Let me work my magic.

Laney tamed it and it became her friend.

Laney: It's okay guys.

Will: Looks like Mr. Huggles has another playmate.

Me: Yep.

Leni: Well that's a relief.

Suddenly Leni got a pounding headache.

Leni: Oh my head!

Me: What's wrong Leni?

Suddenly some plants grew all around her and wrapped around her. When they left Leni was forever changed. She had roses in her hair, a green leotard, long gloves and boots made of leaves.

Me: Whoa! Leni you look exactly like Poison Ivy.

Poison Ivy: Sure sure does.

Then a Kritter along with some Klomps arrived.

Kritter (to Bowser Jr): Hey, me and my boys know you! You're that brat that invaded the boss' territory that one time!

Bowser Jr: Of course I am. It's amazing how you and I have reversed positions.

Kritter: Now we get to get to pay you back for meddling in our business!

Leni wrapped them around in bramble vines and crushed them to death and she slashed some of them apart with her sword.

Lincoln: Nice work Leni.

Leni: Thanks Linky.

Earth: That was so awesome!

Lilly: It sure was.

Suddenly an energy wave appeared out of nowhere and it hit Leni and she was in a gravitational vortex. Suddenly without warning a Kludge appeared and swiped some of the vortex's energy. When the Vortex faded Leni had Gravity Powers but at half strength. The good news. Leni just got gravity powers. The bad news? Kludge managed to steal a good portion of those powers before she got chosen and has now gotten stronger.

Kludge: I'M EVEN MORE POWERFUL THEN BEFORE!

Spidey: Are you also nicer?

Kludge threw a tree at Spidey.

Spidey (dodges tree): I guess not.

Xion swooped in and slashed apart the Kludge and killed him and the power he stole went into Leni and she was at full strength. Leni got her Gravity powers from Chía, the Mayon Goddess of the Moon. Once every 275 years she gives her powers over gravity to a worthy soul. But there is a major catch. That person has to also get another set of powers from an outside source. That was a really cool legend.

Leni: Thanks for killing Kludge, Xion. I can feel the rest of my gravity powers flowing through me.

Xion: No problem, Leni. But I have a feeling that a few more villains might follow Kludge's example.

Me: He was rendered weak when he stole part of your gravity powers Leni. Our powers cannot be stolen. They have to be earned or you have to be chosen to receive them.

Me: Lets see what this blaster can do.

I pull out my Chili Pepper Rifle and fired it at a Kritter and it fired a chili pepper. And when the Chili Pepper hit him it exploded with the power of 5 pounds of napalm.

KABOOM!

The fire blast was so powerful that it incinerated all the Kremlings on the ship.

Me: Wow! (Inhales) I love the smell of napalm in the morning. It smells like victory.

Lola: Well played sir.

Me: That was awesome!

Donkey: Great shot J.D.

Me: Thanks D.K. I could get used to this.

We pressed on and continued exploring the ship. Along the way we encountered many creatures on the ship and Lana and Laney tamed them all.

We pulverized and blasted Kritters, Krunchas and many more types of Kremlings on the ship. Until we got to the nest of KROW!

He was a huge Vulture and he had an endless supply of eggs.

Me: Krow is a vulture. Nature's cruelest mistake.

Lincoln: I got this.

Lincoln fired his Orange Rifle and it hit him and blew him away and sent him crashing into the ocean.

Lana: Awesome!

Lola: Nice shooting Linky!

Me: Way to go buddy.

Lanky: That was a great shooting there.

We continued on.

## CROCODILE CAULDRON

We were now in the volcanic lava landscape of Crocodile Isle's Crocodile Cauldron. It was really hot and it was making us sweat like pigs. Lava lakes and rivers were everywhere and the main mountain of Crocodile Cauldron was a huge volcano that could be seen on the horizon.

Me: Wow! This place is extremely dangerous.

Taranee: It sure is.

Cornelia: It's hard to imagine how dangerous this place is.

Megan: It sure is.

Me: No kidding.

Lola: This place is really hot though.

Lana: No kidding.

We pressed on and saw lots more creatures. We saw giant bees called Zingers and they had stingers that looked like they can hurt. We also saw lots of strange stuff. We saw Spiney's and Bristles and they looked like hedgehogs and porcupines. Laney tamed them. We got to the top of the Volcano and we encountered the sword KLEEVER! It was a sword with a skull and crossbones hilt and a fierce blade.

Me: Kleever!

Lola: That sword looks fierce.

Lucy: That sword is possessed by an evil spirit and it has fire powers.

Lincoln: We have to get rid of the spirit in the sword.

Lucy: Let me work my magic.

Lucy lifted the sword up and chanted an exorcism incantation and the spirit in the sword left it and Nicole sealed it into the Book of Vile Darkness. Kleever went to Taranee and it was now her own sword.

Taranee: I have my own sword.

Me: You sure do Taranee.

Will: That is so cool!

Irma: You mean that is so Hot! (Rimshot)

Luan: (Laughs) Good one Irma.

Me: That was a good one.

Tiny: Lucy you are an amazing girl.

Lucy: I get around Tiny.

Me: Lets move on guys.

We continued on.

---

KREM QUAY

---

We were in the swamplands of the perilous Krem Quay. It was a wicked swamp and it was like a malevolent version of the Okefenokee Swamp on the Georgia and Florida border.

Me: Boy this swamp gives me the creeps.

Lori: This place is literally the scariest swamp I have ever seen.

Lincoln: It sure is. There's no telling what kind of danger may be here.

Lana: This swamp is really cool. It reminds me of my jungle back home.

Lily: It does look like that doesn't it?

Me: I know.

Nicole: This is Krem Quay. The most treacherous swamp in Crocodile Isle and it is full of all kinds of dangerous obstacles.

Lucy: Wicked. Just saying the name sounds very dangerous.

Laney: No kidding.

?: Help! Anyone there!? Help me!

Luna: Sound's like someone is in trouble dudes!

Luan: (Points to a clearing) It's coming from over there!

Me: I got this.

I fly up and stand on a branch and I saw a girl with red hair and brown eyes and she was chest deep in quicksand.

Me: Celica from Fire Emblem! Hang on!

I see a vine and grab it.

Me: Celica I'm gonna swing to you. Grab my hand when I do.

Celica: Okay. Hurry!

Me: Here we go.

I swung on the vine and did a Tarzan yell. (Tarzan yell from 1999)

I held out my hand and Celica grabbed it and I pulled her out of the quicksand and she grabbed onto my back.

Me: Hold on tight Celica.

Celica: You're J.D. Knudson.

Me: That's right.

Celica: Marth, Ike and Roy told me so much about you. Everyone in the Super Smash tournament talks so much about you.

Me: So I have noticed.

We swung and landed by everyone.

Me: Hey guys.

Samus: Celica!

Celica: Samus!

They hugged.

Samus: It's so good to see you. The Super Smash Tournament was a fierce one.

Celica: I know.

Donkey: Hey Celica.

Celica: Donkey Kong. Guys. It's so good to see you all.

Diddy: You're looking good Celica.

Kirby: It's great to see you again.

Mario: Same here.

Celica: You're all here. It's great to see you all again. You're all with Team Loud Phoenix Storm. This is amazing!

Me: Yes it is.

We did introductions and Celica was honored to meet us.

Me: By the way Celica how did you wind up here on Crocodile Isle?

Celica: I was sucked in through this powerful vortex and the next thing I knew I was here on this island.

Me: A dimensional vortex.

Nico: Our sensors didn't pick up a dimensional vortex here.

Varie: It must've been from underground. That's probably why the satellites didn't register it.

Lisa: That could very well be the case Varie.

Celica: Yes I landed in a cave here.

Me: And we just happened to be in the right place at the right time.

We explained our mission there.

Celica: Good thinking. I never liked K. Rool. He's so evil and bad.

Bowser Jr.: Tell me something we don't already know.

Me: Lets head on guys.

We continued through the swamp and we came across a huge bramble field.

(Stickerbush Symphony plays)

Lana: Wow! Look at these bramble vines.

I touched them and I got poked by them.

Me: OUCH! Wow! These thorns on these vines are really sharp!

I was bleeding from my hand but my accelerated healing closed the wound.

Laney: They sure look really sharp.

Eddy: This reminds me of where I ran through that bramble bush naked and it hurt really bad.

Lynn: You told us about that Eddy and that must've really hurt.

Lucy: How are we gonna get through these vines without getting hurt?

Diddy: I know how. We have to be fired out of barrels.

Me: Oh I know this part.

Nicole: This is one of my favorite parts in the Donkey Kong Games.

Donkey Kong: Mine too Lady Nicole.

Nicole: I don't like formalities Donkey Kong. Just Nicole is fine.

Donkey: Sorry.

Me: Lets go.

We got into the barrels and they fired us and we were being launched all over the place looking for a way out. We found it and we were laughing from all the fun we had being launched from the barrels.

Me: That was awesome!

Nicole: That was a lot of fun.

Lori: That was literally the most fun I've had in a long time.

Lynn: You said it Lori that was awesome!

Lanky: Glad you all had so much fun.

We continued on and we got to the boss of Krem Quay - KUDGEL!

Me: Kudgel!

Kudgel: That's right you freaks and I'm going to smash you up good!

Nico: Not if I can help it.

Nico pulled out his watermelon bazooka and fired watermelons and they hit him with incredible force and splattered all over him and then one exploded and blew him into the swamp and he landed with a huge splash.

KERSPLASH!

Lana: That got him!

We saw his club on the ground.

Luan: I could use this club. I can bash some skulls in with it.

Me: Go for it Luan.

We got out of the swamp.

## KRAZY KREMLAND

---

We were in the old amusement park area of Crocodile Island called Krazy Kremland. It was an amazing amusement loaded with rides and all kinds of fun games and a really cool roller coaster style track.

Me: This looks more like the Jersey Boardwalk before it was destroyed by Hurricane Sandy.

Lily: I would love all these rides.

Lana: It's like a crocodile version of Dairyland.

Lincoln: It sure does.

Hay Lin: I would love going on all these rides.

Celica: Me too Hay Lin.

We went into a giant beehive and it was loaded with Zingers and more. There was honey all over the floor and on the walls of the hive.

Lori: This beehive is amazing.

Luna scooped up some honey with her finger and tasted it.

Luna: (Smacks lips) Mmm. Good honey dudes.

Luan: Honey I'm home. (Laughs) Get it?

Most of us laughed but everyone else groaned.

Me: (Laughs) That was funny!

Aylene C.: That sure was funny.

Vince: I agree.

We trekked through the park and it was an amazing place. But then we got to a swamp called Mudhole Marsh and it was another creepy swamp.

Me: This swamp is just as creepy as Krem Quay.

Tiny: It sure is.

Candy: I would not want to be in this swamp any longer guys.

Varie: Me neither.

Aqua: Hey look up there guys.

We looked where Aqua was pointing and we saw a treehouse.

Me: That is a nice treehouse.

Sora: That treehouse looks really familiar.

Kairi: It sure does.

Then we heard the sound of a baby crying.

Laney: There's a baby crying up there.

Me: I hear it. Lets go check it out.

We did so. We climbed the tree and went into the Treehouse and opened the door and we saw the house ransacked and some of the things were shredded.

Me: Whoa. What happened here?

Aqua: I don't know but whatever it was, it happened without a warning.

Lincoln: This house is very familiar to me somehow.

Lynn: I know bro. It's odd but I can't put my finger on it.

We saw a window broken and there was broken glass on the floor.

Me: Looks like someone or something broke in.

We found an old Victorian Era shotgun on the floor with two spent shell casings.

Me: This is a Victorian Era shotgun. We don't use these kinds of guns anymore.

Alice: (British Accent) We used them all the time in my time.

Me: That was a long time ago.

Laney: 2 spent shell casings. Someone put up quite a struggle.

Lana: It sure is odd.

We looked in a corner and saw 2 bodies on the floor.

Me: Uh oh!

We went over and looked them over.

I tried to look for a pulse on the man but there was none.

Me: This man is dead. This might've happened just a few minutes ago.

Laney: What might've caused it?

The woman groaned.

Me: She's still alive!

We went over to the woman and looked her over. She had nasty claw marks on her stomach and face.

Me: Whoa! Those are nasty claw slash marks.

Sakura and Varie looked her over.

Varie: These wounds aren't fatal.

Laney: I know her. That's Lady Alice Greystoke, the mother of Tarzan.

Lana: Oh man. She is in really rough shape.

Sakura: What could've caused this?

Lola: I think this might be the cause.

Lola found some bloody paw prints under a bunch of pillow feathers.

I looked at them and recognized the mark.

Me: These are leopard paw prints!

Lincoln gasped in horror when he heard me say that.

Lincoln: This is the work of Sabor!

Me: Sabor!? The rogue Leopardess from Tarzan!?

Lincoln: That's her. She is extremely ferocious and extremely dangerous!

Laney: I read the book Tarzan and Sabor is a nasty creature. She is extremely cruel, ferocious, aggressive, merciless, bloodthirsty and murderous.

Me: I know. She's a dangerous creature and anyone that stood up to her or opposed her ended up dead.

Aqua: Is she here?

Lana sniffed the air and she smelled nothing.

Lana: I don't smell her or sense her.

Me: Me neither.

Aqua: She must've gone back to her world.

Sora: When Xehanort was killed some of his lingering darkness must've brought back all the villains we killed.

Me: And we recently killed Jafar, Ursula and Morgana again.

Sora: We sure did.

Sakura: Lets help her out of here.

Alice: I found the baby. He's so adorable.

Lily: He sure is.

Sakura and Varie healed her as best as they could and Laney used her plant powers to form a stretcher. They put Lady Alice in it. Lincoln made some Shadow Clones and they grabbed both sides of the stretcher.

Me: We can worry about Sabor later. Right now lets move on.

Laney: I know.

Little Tarzan was in Lily's arms and Lady Alice saw us.

Lana: Lady Alice you're gonna be all right. I promise.

Lady Alice: Thank you. Where's my baby?

Lily: He's okay. He's right here with me.

Aqua: I promise you Lady Alice we will get you some help and you can tell us everything.

Lady Alice: Thank you.

She fell asleep.

Me: She's just exhausted. She'll be all right when we get back home.

Dixie: I can't believe Sabor did that to her.

Me: Me neither Dixie.

We pressed on and we went into another big hive and we faced KING ZING!

Lori: That be is literally huge!

Me: That's King Zing! The Lord of the Zingers.

Lynn: I got this!

Lynn fired her Tomato blaster and pelted it and it crashed to the ground.

Donkey: Nice shooting Lynn!

Lynn: Thanks DK.

Celica: That was great shooting.

We continued on.

---

## GLOOMY GULCH

---

We were trekking through the haunted forest of Gloomy Gulch. It was a scary forest loaded with ghosts.

Lucy: This forest is amazing.

Lila: It scares me.

Coconuts: This forest really gives me the creeps.

Lincoln: At least you are not scrubbing Dr. Robuttnik's feet.

Coconuts: Don't remind me Lincoln.

Scratch: This forest is a wicked one.

We saw lots of ghosts and it was creepy.

Donkey Kong: This place is not that scary.

Me: I know and ghosts never scare me.

Lucy: I would call this forest my own little sanctuary and I would talk to all kinds of ghosts.

Laney: Only you would love a spooky forest like this Lucy.

We continued on in the forest and out came 2 Arcanine's.

Me: Arcanine's.

Nico: Awesome! I've always wanted an Arcanine.

Me: Same here. Lets get them.

We used our water powers and weakened them and then we threw Pokeballs and caught them. The red lights went off and we caught them.

Me: Awesome!

Nico: Nice job!

Me: Thanks and you caught one too.

Nico: Yep. We're becoming great Pokemon users.

Me: We sure are.

We trekked on until we reached another Crows Nest for a ship. And it was there that we found the ghost of Krow called KREEPY KROW!

Me: It's Krow and he's a ghost!

Lucy: Wicked. I got this.

Lucy fired black Licorice jellybeans at him and he exploded into stars.

Me: Nice shooting Lucy!

Lincoln: Way to go Lucy!

Lucy: Thanks guys.

Tiny: That was awesome!

Dixie: It sure was.

Me: You're next K. Rool.

We were on our way.

# K. ROOL'S KEEP!

---

We made it to K. Rool's keep and we were ready to face him.

Me: This is it guys. It's time to give that overgrown lizard what for.

Lori: Lets do it.

Leni: This is totes gonna be fun.

Me: Yep.

We went into the castle of K. Rool.

We saw King K. Rool in the scales!

Me: King K. Rool. Ruthless enemy of Donkey Kong and his crew.

K. Rool: That's right. Team Loud Phoenix Storm and you stupid monkeys. How nice of you all to show up.

Me: And we came to not only fight you but also rip you apart.

K. Rool: Lets dance then!

We went at him and I punched him in the face.

Edzilla: ED SMASH LIZARD KING!

Edzilla pummeled K. Rool into pulp.

Nico (to K. Rool): King K. Rool, you have failed this island! (fires Brick's laser vision blast at him)

May: Nice shot.

Nico: Thanks.

K Rool (to Mario): Before, I was a challenge to you in baseball. Let's see how you fare against me in an actual fight!

Mario: Lets-a dance

Lori: Combo time guys!

Everyone: YEAH!

Lori fired blueberries and D.K. fired Coconuts.

Lori and Donkey Kong: COCONUT BLUEBERRY CLUSTER BOMB!

The blueberries went into a coconut and it split open and went all over him and exploded.

Leni fired Guava fruits and Diddy fired peanuts.

Leni and Diddy: GUAVA SHELL PUNCHER!

The peanuts and guava fruit punched him all over the place.

Luna fired plums and Lanky fired grapes.

Luna and Lanky: PURPLE FRUIT STORM!

The grapes and plums turned into many and they pounded K. Rool all over the place.

Luan fired bananas and Tiny fired feathers.

Luan and Tiny: COMEDY LOVE BLAST!

The feathers and bananas combined and they poked and splatted him.

Lynn and Chunky fired tomatoes and pineapples.

Lynn and Chunky: TROPICAL GARDEN PULVERIZER!

They pulverized him all over.

Lincoln and Dixie fired oranges and Lemons.

Lincoln and Dixie: CITRUS STINGER SURPRISE!

The oranges and lemons got into his eyes and burned him.

Lucy and Cranky fired Black Licorice Jellybeans and Brussel Sprouts.

Lucy and Cranky: MOST HATED ITEM BARRAGE!

They pummeled him and he was vomiting his guts out.

Laney and Candy fired strawberries and raspberries.

Laney and Candy: SUPERFRUIT SQUISHER STORM!

The raspberries and strawberries splatted all over him and got him messy.

Lola and Lana and Funky fired Walnuts, Grapefruit and Spiked Boots at K. Rool.

Lola, Lana and Funky: ROCK HARD SMASHER!

They hit him and pulverized him a lot and it hurt him. Bad.

Lisa and Lily fired Limes and Figs

Lisa and Lily: SOUR SWEET DESTROYER!

They hit him and puckered his lips up.

Sonic: Time for our combo.

Spiderman: You got it Sonic.

Spiderman fired web and Sonic ran fast.

Sonic and Spiderman: SUPERSONIC SPIDER ASSAULT!

The web merged with Sonic and turned him into a giant spider that moved faster than the speed of sound and it went at K. Rool and thrashed him all over the place.

Maria: Lets use our combo Brian.

Brian: I'm way ahead of you Maria.

Maria fired water and Brian fired a railgun.

Maria and Brian: AQUA ENERGY BLAST ATTACK!

The blasts combined and they hit K. Rool and exploded.

KABOOM!

K. Rool was on his last legs.

K. Rool: I've had it with you all!

Me: Bring it on Lizard Lips!

K. Rool: Final Smash! BLAST-O-MATIC!

I put up a force field and he dashed and rammed us and he sat on his throne and pressed a button and fired a massive superlaser cannon at us and it hit the force field and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared we were still standing.

Me: Nice try scale belly!

Donkey Kong: Final Smash time! JUNGLE RUSH!

Donkey Kong raised his fist and threw a strong punch. It connected and the color temporarily inverted, and Donkey Kong proceeded to throw a barrage of rapid punches at K. Rool. DK then finished him with an uppercut, followed by a chest beat.

Diddy: My turn! HYPER ROCKETBARREL!

Diddy activated his Rocketbarrel Pack and dashed in multiple directions, dealing damage to K. Rool. After a while, he locked on to K. Rool and unleashed one final attack that launched him into the air.

Donkey Kong: Lets use our grand finale Final Smash guys.

Kongs: Right! SUPER FLYING BANANA BLAST!

The Kongs fired lasers from their hands and they combined into one point and fired as a deadly and focused beam of energy that turned into a massive winged banana that soared at K. Rool at a blazing speed and it hit him and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entirety of Crocodile Island was completely destroyed in an instant.

K. Rool was then thrown into the Pluto Prison where he will stay for all eternity. His cellmate was King Dedede.

K Rool: Curses! How dare those Kongs throw me in here!?

Dedede: That's what you get for trying to steal bananas instead of making an actual plan.

K Rool: Well, at least I put up more of a fight, unlike you!

Dedede: WHY YOU LITTLE!

And with that, K Rool and Dedede started beating each other up.

It was going to be a long eternity for them.

Back on Earth we cheered wildly and K. Rool was never gonna be seen again.

Donkey Kong: (To the viewers) This was the most fun we ever had. Next to the Super Smash Tournament we had the best fun fighting K. Rool.

Lincoln: You said it DK.

Me: Lets head home.

We did so. Donkey Kong Island now lives in Lake Huron and we set up teleportation pads that can take them to us and back. Me and

Celica went on a date to get to know each other and because of the ordinance I fall under she was now engaged to me after I got to know her more. Lady Alice was resting in our infirmary. She was glad to be in a civilized area. Lady Alice somehow got to our time from the 1890's and we told her that she was in the 21st century in the year 2019 and she would have to adapt to it. She was in a lot of pain from Sabor's wounds. But she was on the road to recovery. We set up barrels all oger Lana's jungle and it was a fun way to get around.

Another Fanfiction Complete

Donkey Kong has always been one of my favorite games for a long period of time. I played Donkey Kong Country on SNES for a long time and it was AWESOME! Donkey Kong came out in 1981 and it was the first ever Nintendo game. I also wanted to include Celica from Fire Emblem. I never played Fire Emblem but I saw the characters and they looked awesome. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

Donkey Time is owned by Nintendo and Shigeru Miyamoto.

Fire Emblem is owned by Shouzou Kaga and Nintendo.

# The Dangerous Robot Mad Scientist

It starts in the estate. We were watching TV, playing card games and reading books. Dana was with us.

Suddenly I felt an extremely cold chill.

Me: Brr! Geez! Something is cold!

Dana: (Shivering) Man I am so cold!

Lincoln: The thermostat is set at 77 degrees.

Me: Hmm. Let me see here.

I turned on my infrared vision and looked at our temperatures. But I saw Dana and her temperature was -328 degrees Fahrenheit! She was all black!

Me: What the!? This can't be right. Dana's temperature is -328 degrees Fahrenheit.

Dana: H-h-h-how can I b-b-b-be s-s-s-s-so c-c-c-cold?

Lori: Boy I don't know.

Suddenly she was in a vortex of snow and ice and when the vortex faded she was forever changed. She had white hair, aqua blue earrings, sleeveless aqua blue body suit with a white fur belt, white fur boots and blue fur gloves.

Dana: Wow! What happened to me!?

Luna: Dude you now have Ice's powers!

Ice: (Norwegian Accent) That's right Dana. You now have my powers somehow.

Scratch: We saw Lori and Leni get Volcana and Poison Ivy's powers and that was amazing.

Grounder: It sure was.

Coconuts: Yeah. You guys have gotten a lot of powers over the years.

Me: We sure have.

Ice: I would be more than happy to teach you how to use your powers Dana.

Dana: Thanks Tora.

Suddenly the alarm went off and the computer popped up. And on a holographic screen was the evil mad scientist Dr. Albert Wily - the number one enemy of Mega Man.

Me: Dr. Albert Wily.

Dr. Wily: (German Accent) That's right J.D. and your reputation precedes you.

Me: Nice to know we made an impression.

Dr. Wily: Yes. I called you to tell you. I have sent my minions all over ze universe and all over ze Earth and I have officially declared a huge bounty on your head. The largest bounty ever known in the history of humanity: $100,000,000,000,000,000,000.00

Me: That's an impressive bounty.

Dr. Wily: It is isn't it?

Me: I got a news flash for you Dr. Wily. I heard a lot about your crimes all over the world and you will pay for every single one of them. When we find you we're gonna kill you.

Dr. Wily: Come and get me you ignorant Kartoffelgesichter!

The transmission turned off.

Lola: What did he call us?

Me: That was German for Potato Faces. If it's a battle Dr. Wily wants, it's a battle he will get. And I know just the persons to help us all. Dr. Light and Mega Man.

We set out for Mega City in Poland.

---

We arrived in Mega City in Poland. It was an ultra-advanced mega-metropolis and it had loads of high-tech features and loads of neat buildings. It was a perfect city where humans and robots live side by side.

Me: Wow! So this is Mega City.

Lori: This is literally the most amazing city we have ever seen.

Lisa: It is indeed a magnificent marvel of scientific and mechanical engineering.

Mario: I know where-a Dr. Light's lab is located.

Me: Okay.

Mario lead us to Dr. Light's lab and it was an amazing lab.

Me: Awesome laboratory.

Dr. Light: The famous Team Loud Phoenix Storm.

Me: Dr. Thomas Light. It's an honor to meet you.

Dr. Light: Same to you J.D.

Me: Dr. Wily has called us out and put a huge bounty of 100 sextillion dollars on my head.

Dr. Light: That is an impressive bounty but he must be stopped at all costs.

Me: And we're gonna kill him and put an end to his plans once and for all.

Mega Man: Maybe I can help you.

We saw Mega Man.

Me: Mega Man. It's such an honor to meet you.

Mega Man: You too J.D. Hey, Mario! It's been a while since the last Smash Bros. Tournament.

Mario: Of course it has. I see you're still in shape.

Mega Man: Have to keep the body oiled up.

Me: I take it you heard that Dr. Wily is at it again?

Mega Man: Sure have. He just will never learn.

Me: Usually he never does. This time we're going to kill him.

Mega Man: I can't kill him because I'm not programmed to harm people.

Me: I know Mega Man. You won't do it but we will.

Mega Man: Good idea.

Maria: I wonder why Wily just scattered his minions across the universe.

William: Maybe because he doesn't want the city damaged for when he conquers it.

Me: So he ripped off our strategy.

Dr. Light: Also J.D. there is a number of robots I made that are under Dr. Wily's control. Can you find them, knock them out and get them back?

Me: We would be more than happy too Dr. Light.

Dr. Light: Thank you. Here is the list of robots.

He handed me a list of robots that he made.

Me: Interesting.

Dr. Light: And here is a list of robots that were made by Dr. Wily and these are the locations of where they are at. I managed to intercept where Dr. Wily is gonna send them too.

He handed me another list.

Me: Thanks Dr. Light. All right. Team Loud Phoenix Storm, Mega Man, Roll, lets get em!

We set out to take down Dr. Wily's forces.

## Cut Man

We were in the Bethlehem Steel Factory.

Lana: What is this place?

Me: This is the Bethlehem Steel Factory in Pennsylvania. It was shut down in 2003. Haven't used it since then.

Lori: This place sure looks old.

Lisa: It was built back in the 1850's and it ceased production back in 2003.

Lucy: It looks like the kind of place for ghosts.

Maggie: It sure does Lucy.

Cut Man: That will be the least of your worries when I get your bounty.

We saw Cut Man the Scissor robot.

Me: Cut Man.

Cut Man: That's right J.D. and I'm going to snip you down to size.

Mega Man: Sorry Cut Man but we're going to snip you first.

Lisa: Let me and Starfire get him.

Me: Go for it.

Lisa: It's time for you my robotic friend to take a permanent vacation to a junk yard.

Starfire: Oh yes.

Lisa used her technokinetic powers to build a super fire sword and Starfire formed a star sword of pure energy. They went at Cut Man and he tried to cut them but they dodged it and he backed away and fired his scissor head at them. I grabbed the scissor head and it cut my hand.

Me: (Grunts in pain) Ow! Wow! Dr. Wily built you really well. These are extremely sharp!

My acid blood melted part of the scissors.

Me: Don't you know that you should never run around with scissors? That is dangerous as Hell and you can get killed that way.

Lisa: Affirmative.

Lisa slashed off both of Cut Man's arms.

Lisa: Combo time Starfire.

Starfire: Oh Glorious!

Lisa and Starfire crossed their swords.

Lisa and Starfire: STELLAR STARSWORD SLASH!

They both slashed Cut Man and he exploded all over the place into a million pieces.

Me: Yeah!

My wound healed and me and Nico got a rather surprising shock. A fingerless gauntlet appeared on our right hands and it had Cut Man's scissor blades in it.

Me: Wow! Look at this.

Lisa: Hmm. It appears that when me and Starfire slashed apart Cut Man his weapons and abilities were made into a special gauntlet for the both of you.

Nico: That is so awesome!

Me: Nice. I would call this a Swiss Army Gauntlet.

Nico: Me too.

## Guts Man

We were now in Crystal Cave in Ohio.

Nicole: This cave is beautiful.

Me: It's Crystal Cave in Ohio. It's home to one of the largest Celestine mines on the planet. But most of the Celestine was used in the manufacture of fireworks.

Tara: I remember reading about that.

Guts Man: How you would like to get smashed freaks!?

We saw Guts Man.

Mega Man: Guts Man. I see you are doing well for using those muscles.

Guts Man: Not as much as you'll be when I get the bounty.

Me: We shall see.

Lynn: Me and Tara got this creep J.D.

Me: Show no mercy you two.

Tara: With pleasure.

Lynn fired a blast of lava at him and melted his arms off.

Tara threw numerous rocks and smashed his chest apart.

Tara: Time for a combo.

Lynn: You got it Tara.

Tara and Lynn fired blasts of rocks.

Tara and Lynn: MEGAROCK SLAM ASSAULT!

The rocks turned into a massive hammer and smashed apart Guts Man into a thousand pieces. Then me and Nico got a massive strength increase.

Me: Wow!

Nico: I feel stronger than ever before.

Me: Guts Man mostly relied on his incredible strength and he can lift up a huge building with ease.

Nicole: I remember that dad.

Me: In other words, he was all brawn and no brains.

We laughed at that.

## Bomb Man

We were in war zone of Iraq and we were seeing the battles with soldiers from America facing the forces of Al-Qaeda. Gunfire and explosions were ringing out.

Lana: Man what is going on here!?

Me: This is the war on terror in Iraq. We've been at war with Al-Qaeda ever since September 11th, 2001 and it was an awful war ever since then.

Lori: This was is literally a nightmare.

Me: It's been like that for 18 years.

Bomb Man: And it's gonna last much longer!

We saw Bomb Man.

Me: Bomb Man.

Mega Man: Your explosive attitude knows no bounds.

Bomb Man: Now you will be blown to pieces and the bounty will be mine!

Me: Me and Lucy got this creep.

Lucy: You got it 2nd brother.

I go Super Angel and I fired a blast of lightning at him.

Lucy did the same and we electrocuted him and he was short-circuiting.

Me: Lets finish him with our combo Lucy.

Lucy: You got it.

Me and Lucy fired blasts of lightning.

Me and Lucy: LIGHTNING STORM OF FEAR!

The blasts combined and hit Bomb Man and then all his bombs inside him exploded and they blew him apart into a thousand pieces.

KRABOOM!

Me: That's it for him.

Lucy: Yep. He deserved it.

Mine and Nico's gauntlets got an upgrade. It was Bomb Man's Hyper Bomb launcher.

Acid Man

---

We were over in the famous and unusual Lake Kaindy in Kazakhstan. This lake was extremely strange as it had trees growing on the bottom of the lake and it had a magnificent scenery.

Lake Kaindy is located in the south of Kazakhstan, within Kolsai Lakes National Park. It is located 2,000 meters above sea level, and 129 kilometers east and southeast of the Almaty city in Kazakhstan.

The lake was formed as the result of a major limestone landslide forming a natural dam. It blocked the gorge and was filled by mountain river water. This was triggered by the 1911 Kebin earthquake.

The track to Lake Kaindy has numerous scenic views to the Saty Gorge, the Chilik Valley, and the Kaindy Gorge. Lake Kaindy is about 400 meters long, reaching depths of nearly 30 meters at its deepest point. Altered by limestone deposits, the water maintains a bluish-green color.

The lake is well known for its scenery, particularly its trunks of submerged Picea schrenkiana trees that rise above the surface of the lake. The area is often referred to as a "sunken forest". The cold water helps preserve the tree trunks, which are overgrown with algae and various other water plants.

In recent years, Lake Kaindy has become a popular international tourist destination. It is considered a natural landmark of Kazakhstan. The lake is also known for Ice Diving and Trout Fishing in the winter season.

Lori: This lake is literally beautiful.

Me: This is Lake Kaindy in Kazakhstan. It's one of the most beautiful lakes in the world.

Laney: Those are trees growing in the lake.

Me: Yep. They were there because of the 1911 Kebin Earthquake and the lake was created because of it.

Lana: It sure is amazing here.

Jessie K.: I heard that it's perfect for trout fishing and ice diving.

Acid Man: That is not the only thing that is here.

We saw Acid Man.

Me: Acid Man!

Acid Man: That's right Knudson and your bounty is mine!

Lana: Not while we're present! Lets get him May!

May: Right!

Lana and May went at him and he fired globs of acid at them. But they dodged them and Lana fired a blast of ice lightning and froze his arm and May fired a blast of ice fire and froze his legs. They shattered into a million pieces.

Lana: Lets get him with out combo!

May: Right!

Lana fired Ice Lightning and May fired Ice Fire.

Lana and May: ICESTORM DRAGON CALAMITY!

The blasts combined and turned into a powerful dragon of pure ice fire and it hit Acid Man and completely froze him in ice and then he shattered into a million pieces.

Me: That takes care of him.

We got another upgrade: Acid Barrier. This also enables us to fire globs of acid.

## Air Man

We were flying in the clouds of Uranus and it stretched on for thousands of miles. Mega Man and Roll were on the dog robot Rush in hoverboard mode.

Me: Wow. The clouds of Uranus.

Mega Man: The Clouds of Uranus are an amazing sight.

Roll: They sure go on forever Mega.

Me: Well at 31,763 miles in diameter, Uranus is the 3rd largest planet in the Solar System.

Luan: It sure is a gas. (Laughs) Get it?

Most of us laughed while the rest of us sighed.

Me: (Laughs) That was a good one Luan.

Irma: That was funny.

Mega Man: Luan's jokes are funny.

Me: They sure are Mega Man.

Air Man: I think they are not funny.

We saw AIR MAN!

Me: Air Man. It's strange seeing you here 1,783,956,692.913 miles away from the Sun.

Air Man: Never was really good at Calculus.

Lori: Let us handle this. Come on kids.

Roxanne: You got it mommy!

Red Tornado: Need a hand Lori?

Red Tornado arrived.

Lori: Red Tornado. We literally need all the help we can get.

Lydia: Yeah this mad scientist…

Red Tornado: I know. Dr. Wily put a bounty on J.D.'s head and we can't let him get away with this.

Lori: Is he working with the Legion Of Doom?

Red Tornado: No. There's no evidence to show that he is. We have the Question looking into it but so far nothing has come up.

Lori: Lets hope he's not.

Lydia: Lets get this sack of rotten nuts and bolts!

Lori and her children fired a blast of wind and blew him around. Air Man fired blasts of wind and Roxanne and Ramon deflected them back at him and they hit him and spun him around.

Lori: Combo time. Lets do it guys.

Lori's kids: YEAH!

Red Tornado: You got it.

Lori, her children and Red Tornado fired enormous blasts of wind.

Lori, Her Children and Red Tornado: HYPER TORNADO SPINNER!

The blasts combined and spun Air Man around in a massive tornado. The tornado spun Air Man around so fast that it was unbelievable and then he exploded. (Think of how that man was blown to pieces in that vortex on the movie Mission to Mars from 2000)

KABOOM!

Me: Yes!

Lori: That robot is literally scrap metal!

Roxanne: Woo-Whoo! That was awesome!

Lydia: It literally was.

Red Tornado: Great job guys.

Me: I'll say.

Joey: (British Accent) Yes. Good show.

Laney: I'll say. But Joey I don't know why you wanted to come. It's really dangerous.

Joey: I know Laney but I want to do my best to help you out.

Laney: That's understandable.

Me and Nico got Air Man's weapons: The Air Shooter.

## Aqua Man

We were over at Lake Baikal in Russia. This was the deepest fresh water lake in the world. This lake makes up 22-23% of the worlds fresh surface water and is 5,387 feet deep. It has more fresh water than the entirety of the Great Lakes of North America combined. The lake is also the oldest lake in the world at 25-30 million years old and is the 7th largest lake in the world. We were swimming in the lake and it was cold but we can survive anywhere regardless of temperature. We were 2,000 feet down under the water of the lake and there was a lot of fish and more.

Me: Oh wow. This lake is beautiful.

Varie: It sure is.

Lilly: I never knew that lakes like this could be so beautiful.

Lincoln: Me neither.

Earth: It's so breathtaking under here.

Rachel: It sure is.

Mega Man: The water in this lake is so clear. You can see practically forever on this lake.

Me: That's because Lake Baikal has the clearest water in the world.

Aqua: It sure is breathtaking.

Aqua Man: But it will soon become your tombs.

We saw AQUA MAN!

Me: Aqua Man!

Aqua Man: That's right. And now you will go to a watery grave.

Lily: I don't think so you water freak! Lets get him Varie.

Varie: You got it Lily.

Aquaman: Let me help out too.

Aquaman arrived.

Lily: Aquaman. Thank you for coming.

Aquaman: You're welcome Lily. Lets get this monster.

Varie: You know it Arthur.

They went at him and Aqua Man fired ball blasts of water at them and Lily fired her own blasts and they collided and exploded. On the surface a huge splash was seen.

KRASPLASH!

Varie spun him around in a whirlpool and Aquaman called a vortex of fish.

Lily: I got this one. Dog-paddle away!

Lily dog paddled really fast around Aqua Man and he was spinning fast it a huge whirlpool!

Lincoln: It's the Raging Whirlpool!

Aqua Man was spinning really fast and then his tank shattered into a thousand pieces and he was powerless.

Lily: Time to finish him with our combo.

Varie: You got it.

Aquaman: Way ahead of you Lily.

Lily and Varie fired a blast of water and Aquaman fired an energy blast from his trident.

Lily, Varie and Aquaman: WRATH OF ATLANTIS!

The blasts combined and turned into a massive dragon of pure water and it chomped Aqua Man and he exploded.

Me: Yes!

Lily: That takes care of him. If you ask me Arthur he was making a total mockery of your superhero profession.

Aquaman: You got that right Lily. That rotten sea flounder.

Varie: You said it.

Me and Nico received Aqua Man's water weapons.

Astro Man

---

We were walking on the surface of one of the largest known stars in the galaxy: VY Canis Majoris. This star is 613 Million miles in diameter and is 4,832 light-years away from Earth. It is what's called a Hypergiant star and is scheduled to go Hypernova at any time in the future. Our powers and magic were protecting us completely from the stars radiation and intense heat. We saw huge arching solar flares and powerful levels of energy all over the star. It was so incredible.

Me: Wow! I never knew that the star VY Canis Majoris was so huge.

Linka: How many Earths can fit inside a star this massive?

Nicole: It says 2.759 Quadrillion Earths can fit inside this star Linka.

Everyone: WOW!

Mega Man: That is a tremendous number of Earths.

Roll: It sure is.

Astro Man: It's gonna be your tomb!

We saw ASTRO MAN!

Me: Astro Man!

Astro Man: Where?!

Mega Man: You are Astro Man.

Astro Man: Oh yeah right. Now you will die.

Me: Is he always like this?

Mega Man: He is usually a coward when it comes to this.

Nicole: Well he's still a bad guy. Lets get him Dawn.

Dawn: You got it Nicole!

Nicole and Dawn went out to face him.

Nicole: You will never be welcome in our universe. And I'm surprised Dr. Wily sent you this far away from Earth.

Astro Man: I know.

Dawn: Lets get him.

Dawn fired a blast of cosmic energy and it blew apart some of his planet body. Nicole fired a dragon made of star energy and it hit him and exploded and blew a huge hole into his chest.

Nicole: Lets finish him with our combo.

Dawn: You got it Nicole!

Nicole and Dawn fired blasts of cosmic energy.

Nicole and Dawn: SEVEN DRAGONS OF THE STARS!

The blasts combined and turned into seven energy dragons of each class of the Stars. They are as follows:

O - BLUE

B - LIGHT BLUE

A - WHITE

F - YELLOW WHITE

G - YELLOW

K - ORANGE

M - RED

The dragons went at Astro Man and bit him and he was vaporized in an instant.

Me: That was genius.

Nico: It sure was.

We received Astro Man's Hologram projector.

---

## Blade Man

---

We were on the planet Naboo. It was just as beautiful as I remember it.

Me: Planet Naboo.

Lincoln: Wow!

Laney: It's so beautiful.

Naruto: It sure is. If our planets weren't so far apart I would call this planet a beautiful vacation spot.

Me: I would call it the same thing bro.

Vince: Me too partner. This place is beautiful.

Mega Man: This planet sure is beautiful.

Roll: No kidding Mega.

Rush: Yeah, yeah, yeah, yeah.

Me: I was here a while back and I defeated Darth Maul and took his lightsaber as a trophy.

Varie: I remember seeing that and you defeated him with ease.

Me: That's because back then I picked up a lot of stuff on the fly.

Laney: I remember seeing that.

Lincoln: Same here. You were awesome J.D.

Me: I know. Not to brag but that was one of my most daring adventures.

Blade Man: And it will be your last!

We saw BLADE MAN!

Me: Blade Man!

Blade Man: That's right and I'm going to slash you all apart!

Anastasia: Let me face him first. I want to test my swordsmanship on him.

Lori: Go get him Anastasia.

Anastasia: With pleasure.

Anastasia walked up to him and unsheathed her sword. It was a Celtic Royal Knight Sword with a blue blade and it had a dragon hilt and the symbol of the Knights of The Round Table on the end of the hilt.

Blade Man: So you will dance with me little girl?

Anastasia: I will do more than dance with you.

They clashed and it was a powerful clash. They were really clashing their swords all over the place and sparks were flying everywhere and setting much of the grasslands of Naboo on fire.

Blade Man jumped back and threw three swords at her and she deflected them back and they slashed off both his arms.

Kraven: (Russian Accent) My turn.

Anastasia: Have at him Comrade Sergei.

Kraven: With pleasure.

Kraven went at Blade Man and punched him all over the place with the fury of all the powers and abilities of the Animal Kingdom. He was badly broken apart and shredded.

Anastasia: Time to finish him for good! Combo time!

Anastasia and Kraven went at Blade Man.

Anastasia and Kraven: RUSSIA SOVIET SMASH!

Anastasia had a hammer and Kraven had a sickle and they combined it and slammed it into Blade Man and he exploded into a million pieces!

Nico: All right!

Lori: Way to go sis!

Anastasia gave the victory finger pose.

Me and Nico got Blade Man's weapons and upgrades.

## Blast Man

We were on the magnificent city planet Coruscant. The whole planet was once called the capital of the Jedi Republic and it was a breathtaking and magnificent marvel.

Me: Wow! The planet Coruscant!

Lori: This is literally the biggest city I have ever seen!

Lisa scanned the planet on a holographic orb on her device and it showed that the city completely covers the whole planet.

Lisa: My scans show that the planet has a massive planet-wide city that spans over the entire planet with a population of many people from different planets all over the galaxy.

Lincoln: This is so cool!

Me: I think we are the first ever humans to ever set foot on the planet Coruscant and this is absolutely amazing.

Laney: I've read all the Star Wars books and they do have characters that are like humans.

Me: That's true.

Lana: How many people live here on the planet Coruscant?

Me: It said 1 Trillion people.

Everyone: WOW!

Nico: That is a tremendous number of people!

Vince: That's 130 times more than Earth.

Rita: No kidding Vince but that is a lot of people.

Lisa: That is scientifically accurate. With 7.8 Billion plus people on Earth as of 2019, Coruscant is already the most populated planet in our galaxy that we know.

Me: That is incredible. And we're 7,200 light-years away from Earth.

Blast Man: Your time will be a blast!

A massive explosion blew apart a building and we saw out of the flames came BLAST MAN!

Me: Blast Man!

Blast Man: At your disservice.

Mega Man: Are you completely insane! There's numerous people here and they could all be hurt!

Blast Man: I don't care! That bounty is as good as mine!

Lisa: You need to be dismantled! Lets get him mother!

Rita: With pleasure Lisa.

?: Let me help you out too.

We saw Starman!

Me: Prince Gavyn A.K.A. Starman! It's an honor to meet you.

Starman: Same to you J.D. The Justice League heard that Dr. Wily put a bounty on your head and the Guardians of The Universe told us where you all were heading to to fight all his robots.

Me: We appreciate all the help Prince Gavyn. Thank you.

Starman: You're welcome.

Starman went to help Lisa and Rita.

Lisa: Lets blast apart this technological waste of space.

Rita: With pleasure.

Rita stretched her arms and wrapped around Blast Man and channeled lightning and electrocuted him.

Lisa fired a blast of gears and sawblades and shredded him apart.

Starman fired energy bolts and melted some of his parts.

Lisa: Combination Attack; Street name: Combo Time Mother.

Rita: You got it sweetie.

Starman: Lets do it.

Lisa formed an energy sawblade launcher and fired it, Rita fired a blast of lightning and Starman fired a blast of energy.

Lisa, Starman and Rita: COSMIC ENERGY SHREDDER!

The blasts merged with the sawblade and shredded Blast Man apart and he exploded into a million pieces.

KRABOOM!

Me: Yeah!

We cheered wildly for them.

Lincoln: Mom that was so awesome!

Rita: Thank you sweetie!

Lynn Sr.: Oh honey that was so amazing!

Rita: Thanks dear.

Me: Lisa you were awesome!

Lisa: Thank you 2nd Elder Brother.

Starman: You all have learned a lot.

Me: We sure have.

We received Blast Man's weapons in our gauntlets.

## Blizzard Man

We were on the frozen planet of Hoth. It was an icy planet located 2,000 light-years away from Earth and it was a frozen wasteland of epic proportions.

Me: Man so this is Hoth.

Dana: It's so amazing.

Lana: It sure is an amazing planet.

Killer Frost: I can't feel the cold here but this planet is amazing.

Dana: I can't feel the cold here either.

Lana: Me neither.

Luna: I can't feel it either dudes.

Ice: Same here.

Me: That's because your ice powers made you completely impervious to extreme cold.

Lori: I wish we had that power.

Me: I know.

Mega Man: This is an amazing planet.

Lincoln: What is the temperature here on Hoth?

I look on my device and the temperature was -77 degrees Fahrenheit!

Me: -77 Degrees!? That is bone-chilling!

Kate L.: This planet is like a huge version of Antarctica.

Me: It's just as cold as Antarctica.

Luna: No kidding dudes.

Blizzard Man: You're about to get even colder!

We saw BLIZZARD MAN!

Me: Blizzard Man!

Mega Man: He was originally created as a weather robot to monitor the weather in Antarctica. He's also an Robolympic champion gold medal skiing.

Me: He sure has some talent.

Lynn: If I faced him I would have some competition.

Me: I'm sure you would Lynn.

Lana: Lets put this robot on ice!

Dana: You got it Lana!

Ice: Lets get him!

Lana fired a blast of Ice Lightning and Blizzard Man fired a stream of snow. But Lana's attack overtook him and froze his arms.

Ice: Combo time guys.

Dana: You got it Tora!

## Block Man

We were now on the planet Okaara, the home of the Orange Lanterns. It was a jungle planet loaded with all kinds of ancient ruins.

Me: So this is the planet Okaara.

Lincoln: It sure looks like a strange planet.

Me: Yeah. And Larfleeze lives here all by himself? How sad.

Laney: It sure is. I can't believe he has to live here all by himself. It's not right.

Lola: I know Laney. It's not right being alone.

Lana: No way sis.

Me: Being here all by yourself for eons with nothing but a bunch of jungle ruins and numerous plants for company is what I would call a fate worse than death.

Lucy: I agree with you J.D.

We went into the temples and saw the symbol of the Orange Lantern's.

Me: This temple is sure creepy.

Block Man: You will be smashed!

We saw BLOCK MAN!

Me: Block Man!

Block Man: That's right and I'm gonna smash you like a ton of bricks!

Lily: Not likely! Lets get him Aqua, Xion!

Xion: You got it Lily.

Aqua: Lets go!

Lily fired a blast of water and Aqua and Xion fired ice.

Lily, Aqua and Xion: ICICLE PRISON CAGE!

The blasts entombed Block Man in ice.

Lana: Me and Lisa will repair and reprogram him.

Me: Go for it!

They did so and removed Dr. Wily's evil chips and devices implanted in him and he was back to normal on Dr. Light's side.

Block Man: What happened?

Me: You were reprogramed and you were working for Dr. Wily.

Block Man: (Infuriated) When I get my hands on Dr. Wily, I WILL SMASH HIM TO PIECES!

Me: We all will Block Man. Dr. Wily will pay for everything he has done to Mega City and to the world and to all Robots in General.

Lisa: Affirmative. I may be a scientist but even I would never let myself be such a crazy and maniacal individual like Dr. Albert Wily.

Me: True to that Lisa.

Block Man: Thank you guys for freeing me from Wily.

Me: You're welcome Block Man.

We were back on Earth in the Deppeler Cheese Factory in Wisconsin. It was one of the biggest cheese factories in the state of Wisconsin. We saw loads of cheese being made and it was all enough to clog the arteries of everyone around the world with lots of cholesterol.

Laney: Wow! Look at all this cheese!

Me: This is the Deppeler Cheese Factory in Wisconsin. It's one of the largest cheese factories in Wisconsin and it makes a lot of cheese each day.

Lana: This is a lot of cheese.

Varie: Enough to clog everyones arteries.

Linka: Me too.

Chione: How heavy is a cheese wheel?

Me: They can weigh as much as 100 pounds.

Lisa: Actually they can weigh 88 pounds.

Me: Wow! That's a lot of weight. Too bad they wouldn't make good dumbbell weights.

Lynn was bench pressing a lot of cheese wheels.

Me: Wow! Lynn is really strong.

Lynn: I think they would make great weights.

Me: That's true but the one thing you don't want is having a house smell like rotten cheese and that would smell worse than puke.

Everyone: EW!

Lana: Cool.

Bond Man: That would not smell good huh?

We saw BOND MAN!

Me: Bond Man!

Mega Man: Be careful with him J.D. He uses power glue for attacks.

Roll: Don't get any of it on your skin. It hardens fast.

Me: That would be worse than pulling superglue duct tape off and that would hurt.

Bond Man: That does hurt doesn't it? Lets see how you like it!

Lisa: Lets get him guys.

Sakura: Right behind you Lisa!

Akiko: Count me in!

Lisa formed an acid gun and fired it.

Sakura: CHERRY BLOSSOM CLASH!

She punched the ground with devastating force and the ground upheaved and threw him off balance.

Lisa: Lets get him with our combo!

Akiko: You got it Lisa.

Sakura: Right!

Lisa fired an energy punch, and Sakura and Akiko fired chakra punches.

Lisa, Sakura and Akiko: ENERGY KNOCK OUT PUNCH!

The blasts combined and formed into a powerful fist and it hit Bond Man and some of his glue squirted out and landed on my leg.

Me: Whoa!

I touched it and it was a strong glue. It was really sticky.

Me: Wow! This is a really strong glue.

Lana: I'll have that off ya in a sec big bro.

Lana grabbed an end of the glue and then…

RIP!

I made a painful looking face and held in the tears and more. The glue tore some of my skin off.

Me: Geez! That really hurt!

Spidey: And I thought my webs were sticky.

Bond Man was knocked out.

Sakura: Don't worry. Bond Man. You'll be back to your normal self in no time.

Lana and Lisa reprogrammed him.

Bond Man: What happened?

Mega Man: Dr. Wily reprogrammed you and turned you into one of his minions.

Bond Man: That rotten mad man! I'll glue him to the wall for this! But thank you for freeing me from his control guys.

Me: No problem Bond Man.

We continued on.

Lana: This planet is beautiful.

Lincoln: It sure is. The grass and trees are beautiful.

Me: They sure are and the view of the 2 moons is amazing. But from what I remember this place is no paradise.

Lori: Why is that J.D.?

Me: These plants are extremely acidic. Watch

I touched some blades of grass and a nasty burn scar on my hand.

Me: See? These plants are acidic.

Laney: You weren't kidding J.D.

Bounce Man: I'll bounce you up!

We saw Bounce Man.

Me: Bounce Man!

Bounce Man: I bet you can't bounce like this!

Bounce Man: I'll bounce him to death for this! But thank you all for saving me.

Lana: It was no problem Bounce Man.

Me: We have a long journey ahead of us.

Me: At 72,367 miles in diameter, it's the 2nd largest planet in the Solar System.

Lincoln: This is so cool!

Laney looked down and she saw into the clouds. Lightning was illuminating the darkest parts of Saturn's clouds at an incredible level and it was putting on an incredible show.

Laney: Wow! Look at all the lightning in the clouds.

Mega Man: Elec Man! How've you been? Did you like that rubber tire move I used on you the last time?

Elec Man: Keep laughing, punk! Because you won't be for long! Not with the new upgrades Wily gave me!

Elec Man just summoned electrical minions. Using Saturn's lightning he made them out of pure electricity.

Elec Man: What do you think? Impressive, huh?

Mega Man: Miniature versions of you? The word I'm looking for is creepy.

Elec Man: Laugh it up, loser!

Maria: I'll take on the Minions.

Lincoln: And me and Lisa will take Elec Man.

Me: Go get him guys.

Maria just fired a blast of water at Elec Man's minions, causing them to blow up.

Me: We know Luna. You told us on our Global Trip.

Sam S.L.: That was a fun trip.

Lincoln: Hey look up there! (Points to Something)

We saw on the Tower Bridge a figure coming out and we saw it coming towards us.

Me: Lets go.

We faced the figure.

Me: Late night for a stroll wouldn't you say?

When the figure turned we saw that it was a woman wearing a red hat and a red trench coat. It was a woman I knew all too well.

Me: Wait a second. Carmen Sandiego? Is that you?

Carmen: J.D. Knudson.

We went over and hugged.

Me: It's been a long time Carmen.

Carmen: It sure has. What are you all doing here in London?

Me: We're on a mission to stop the ruthless madman Dr. Albert Wily. He scattered robots all over the universe after putting a huge bounty on my head and we're gonna take down the robots, reprogram some of them and go after Dr. Wily so we can kill him.

Carmen: That is a big task. I heard you destroyed the evil Nerissa.

Me: We sure did. Not to brag but that was one of the most action packed battles we ever had. These are my friends and family on Team Loud Phoenix Storm.

Carmen: It's an honor to meet you all. I'm Carmen Sandiego.

Lori: It's literally a pleasure to meet you.

Laney: I learned so much in Geography from your video game series "Where in The World is Carmen Sandiego?" It was awesome.

Lana: I'll say.

Lola: We learned about all that through that game and it was awesome.

Carmen: I'm glad you like my games.

Lincoln: How did you meet Carmen, J.D.?

Me: That is an adventure I will never forget. It was 12 years ago.

---

Me: (Narrating) **I was on a vacation with my family in the Canary Islands and we were having an awesome vacation. I was only 5 years old at the time but I remember it like it was yesterday. I saw some strange activity coming from another island 30 miles**

**across the way and I decided to investigate. It was coming from a strange academy called V.I.L.E. I saw Carmen when she was a teenager. She was really skilled for someone her age. I met Carmen and she is a strong and skilled fighter and an amazing thief and stealthy woman. One with the shadows. When we found out what V.I.L.E. stood for we were shocked.**

FLASHBACK PAUSED

Lincoln: What did V.I.L.E. stand for?

Me: It was a malevolent terrorist organization. It was an organization that was built for one purpose: World Conquest. A very powerful evil crime that I do not tolerate under ANY circumstance. V.I.L.E. stands for **V** illain's **I** nternational **L** eague of **E** vil.

Lori: That is literally an evil organization to the core.

Me: That is a total understatement. I told the President of the United States about what V.I.L.E. was and he knew that they posed a major and cataclysmic threat to the entire planet in general. So he ordered for that entire island to be completely destroyed in an instant with no survivors.

FLASHBACK RESUMED.

Me: (Narrating) **The President fired a 20 megaton nuclear missile at the island and we had 10 minutes to get Carmen's things and get off the island. After getting her things, we hijacked a speedboat and drove fast. We got out of there fast and saw the missile hit the island and a massive blinding flash of light as bright as 100 suns illuminated the area. We saw a huge mushroom cloud form where the island of V.I.L.E. was and it was unbelievable.**

FLASHBACK ENDS

Me: Me and Carmen officially destroyed all of V.I.L.E. and crippled them beyond all form of repair. To make sure that they never terrorize the planet again, the President of The United States and the leaders of the world warned the remnants of V.I.L.E. that if they resumed their evil activities we have our missiles armed, locked and loaded and that they are caught in the crosshairs and will be blasted to dust. We have orbital bombardment satellites all over the planet aiming lasers and missiles at their bases.

Carmen: That's right and J.D. is my hero.

Me: Thanks Carmen.

Lincoln: That is an awesome adventure.

Laney: How did you warn them if they are hidden all over the world?

Me: I gave the President of The United States and the leaders of the world a map of the locations of where V.I.L.E. is located and the eyes of the world are on them. We managed to foil all their plans against the world. We used every method of attack on them and stopped them.

Carmen: That's right.

Lori: Boy J.D. you literally brought a major terrorist organization to its knees.

Me: Not to brag but yes.

Flash Man: That is an impressive feat. But it will be your last.

We saw FLASH MAN!

Me: Flash Man.

Flash Man: That's right J.D. and your bounty is mine.

Clyde: This is gonna be good. Sonic, Elyon, lets get him!

Elyon: You got it Clyde.

Sonic: It's time to put this slow-mo in his place.

Clyde fired his time ray and reduced his arms to dust.

Elyon: Lets use our combo guys.

Sonic: You got it Elyon.

Clyde: Lets do it!

Sonic rolled fast and Clyde and Elyon fired time rays.

Clyde, Elyon and Sonic: METEOR OF TIME!

The time rays merged with Sonic and turned him into a deadly meteor. He slammed into Flash Man and he exploded and Flash Man was reduced to dust instantly.

We cheered wildly.

Me: That was awesome!

Luan: Looks like Time is not on his side. (Laughs) Get it?

We laughed at that.

Me: (Laughs) That was a good one Luan!

Carmen: (Laughs) That was funny.

Me and Nico received Flash Man's weapons and upgrades. Carmen decided to come with us and as a token of her joining us she gave us a huge diamond called The Eye of Vishnu. A diamond that was stolen from a museum in Calcutta 3 years ago. It was a priceless diamond.

---

Another montage began.

We faced Freeze Man on the Antipode Islands in the South Pacific and Ice, Dana and Killer Frost destroyed him with a combo called FROZEN DRAGON DEATH and it froze him and he shattered into a thousand pieces.

We faced Frost Man in the town of Oykyadon in Russia, the coldest town in the world. The temperature can drop to -90 degrees Fahrenheit. We got some special help from Dr. Joar Mehkent A.K.A.

Icicle, who retired from the life of being a supervillain to join the Justice League. Celica, Lana and Icicle used a combo called FROSTBITE SWORD SLASH and Celica slashed apart Frost Man and he exploded.

Icicle (looks at Frost Man): Can't believe I used to be just like Frost Man.

Green Lantern: Honestly, you were actually one of the more calm and honorable villains before you changed and joined the Justice League.

We faced Fuse Man in Three Gorges Dam in China, the most powerful hydroelectric power plant in the world. Me, Lincoln, Linka and Gabrielle used a combo called LIGHTNING DRAGON DEATHCLAP and it overloaded him and he exploded.

---

## Garbage Man

---

We were back in the Gotham Royal York Dump.

Lori: I can't believe we are literally back here in the garbage dump.

Me: I know Lori but it's where we'll find the next robot.

We walked around and saw GARBAGE MAN and he was a huge robot!

Me: Wow! So that's Garbage Man.

Nico: He's huge.

Mega Man punched him in the face and knocked him down. Ben became Toepick.

Me: A Mekfootan from the planet Toejamus.

Toepick: That's right J.D.

Mega Man: Well, if it isn't my old friend, Garbage Man. You know, everytime we play together, I have to take an hour long shower.

Me: That is such a waste of water.

Garbage Man (gets up): And the hero strikes the first blow! But evil returns with a backhand! (backhands Toepick to the ground)

Me: Billy, Lana help them out.

Lana: Right!

Me: Billy you are Tuxedo Man.

I snapped my fingers and Billy was in a tuxedo.

Billy: I'M TUXEDO MAN!

He was running around around like a wild man and he was acting all crazy and laughing like a crazy person and he jumped high into the air and slammed into a puddle of sludge and splattered Garbage Man with filth and mud.

SPLAT!

Me: That was funny!

Nico: That sure was funny.

Toepick opened the grate that covered his face and Garbage Man saw the most horrific face anyone can ever imagine. Toepick's face was so horrifying that we can't even show it.

Mega Man: Garbage Man, what exactly did you see when Toepick showed you his face?

Garbage Man: Trust me. You don't want to know!

Lana: Combo time guys!

Billy: YEAH-ye-ye-yeyeyeyeyeyeyeyeyeyeyeye-Yeah! It's Combo Time!

Toepick. Lets get him!

Lana, Billy and Toepick did a huge cannonball and jumped into the air.

Lana, Billy and Toepick: GARBAGE SPLASH DELUGE!

KERSPLAT!

They splashed into a huge pile of garbage and sludge and got him covered in garbage and filth.

Double D: It can't be that bad. I'm sure it's not worse than what's inside my hat. Is it?

Garbage Man: Now that, I'd like to see.

Me: Oh boy. Guys look away.

A few minutes later…

Garbage Man was vomiting after he saw what was under Double D's hat.

Lana and Lisa took this as an opportunity to reprogram him. They did so.

Mega Man: Yep. I'm definitely going to take a shower after this.

Garbage Man swore to make Dr. Wily pay for reprogramming him.

## Gemini Man

We were over in the Blood Prison in the Great Bear Lake in Canada, the 8th largest lake in the world and the 4th largest lake in North America. The Blood Prison is a maximum security prison that houses the 5 Great Nations most dangerous criminals. People that have done the most unspeakably horrible crimes against their villages. The prison is like Alcatraz in San Francisco, California.

Me: Wow so this is the Blood Prison.

Lana and Lola were hugging each other in fear.

Lana & Lola: I'm scared.

Me: I know it's scary you two but I won't let anything happen to you. Let me show you something.

We go down a hall and in a huge chamber we saw a cell on a platform in the middle of a huge pool of molten lava.

Me: That cell right there is the cell of an evil Sasuke.

Lila: Oh man.

Lana: So not all the Evil Sasuke's are dead?

Me: Nope. We threw some of them in prison as well because the stupid council wouldn't allow them to die.

Nicole: I know this evil Sasuke. After we became Team Cosmic Dragon and Itachi sent him to the hospital, I placed him into the Malevolent Insanity world and destroyed his mind completely. When we caught him trying to go rogue long after we killed Orochimaru, we got him sent to the Blood Prison for all eternity. Before he was taken here he swore to destroy the entire planet and kill everyone and destroy everything. But I proved my point by warning him that if he ever escapes that I would look for him, find him and then kill him.

Me: I saw that. That was well done Nicole.

Nicole: Thanks Dad.

We walked out of the cell chamber and then we saw GEMINI MAN!

Me: Gemini Man.

Gemini Man: That's right J.D. I've heard a lot about you.

Me: And I'll bet he sent you to get the bounty I have on my head.

Gemini Man: That's right.

Me: Lets show you that I mean business. Naruto, Lincoln, lets show him the power of the shinobi.

Naruto: You got it bro.

Lincoln: Lets get him!

We snap our fingers and went into our Shinobi Attire.

Gemini Man: Lets dance.

He made a holographic clone of himself.

Me: Two can play at that game.

Me, Naruto and Lincoln: SHADOW CLONE JUTSU!

We made 20 Shadow Clones each.

Gemini Man: So you can multiply too.

Me's: (In Unison) Lets dance Gemini Man.

We went at him and punched him all over the place and it was a brutal fight.

Naruto: Combo time Lincoln!

Lincoln: You got it Naruto!

Me, Naruto and Lincoln formed a Rasengan. Mine was Water, Naruto's was wind and Lincoln's was lightning.

Me, Naruto and Lincoln: STORM STYLE: THUNDERSTORM RASENGAN BURST!

They hit Gemini Man and blew him around like a ragdoll.

He was down.

Gemini Man: Alright, do your worst.

Gemini Man closes his eyes, expecting the end. Lincoln pulled back his fist… and used it to lightly tap Gemini Man on the shoulder.

Lincoln (smirks as Gemini Man opens his eyes): You blinked.

Gemini Man: Wait. You're not gonna kill me?

Nico: Nope. We're gonna save you from Dr. Wily.

Lana and Lisa reprogrammed him and Gemini Man was gonna make Dr. Wily suffer for his crimes.

## Gravity Man

We were flying above the clouds of one of the largest planets in the universe: the gas giant planet Diadem. It was located 57 light-years away from Earth and it was 23 million miles in diameter. It was 27 times larger than the Sun and it was easily one of the largest known planets in the galaxy. But because of its enormous size it's gravity was amazing. But we handled it well.

Me: Wow!

Shanan: The planet Diadem is an amazing planet. It's hard to imagine that it is this huge.

Nicole: Gas Giant planets can come in many sizes and some of them are many times larger than the sun.

Lincoln: I remember seeing that. It was incredible.

Gravity Man: I can make it heavier for you.

We saw Gravity Man.

Me: Gravity Man.

Mega Man: You're looking really well.

Me: He won't be for long. Leni, Lincoln, Tails, get him.

Lincoln: With pleasure J.D.

Leni: This is totes gonna be fun.

Tails: I can't wait to have some fun!

(Live and Learn by Crush 40 plays)

Tails went Super and he had a glowing yellow aura and he had 4 birds flying around him

Me: Wow!

Sonic: Tails can also go Super like me.

Me: That's awesome Sonic. His power is incredible!

Nico: No kidding.

Lola: This is gonna be so awesome!

Maria Rockell: It sure is.

Lincoln: Lets get him!

Lincoln fired a huge blast of lightning at him and blew his right arm off.

Leni wrapped him up in vines and swung him around and threw him into the air and Tails swooped in and punched him in the face and the 4 birds pecked him and fired lasers at him.

Gravity Man: Well done. I thought that battle went really, really well. I mean, I have a few notes.

Leni: Notes?

Gravity Man: But they can wait. You can take me to jail now.

Lincoln: Oh, no, no, no. I was thinking more like the morgue. You're dead!

Gravity Man (getting scared): Whoa, whoa, whoa, whoa, whoa. This isn't how you play the game. Normally, you heroes throw guys like me in prison.

Leni: Not this time you monster!

Lincoln: Combo time guys!

Leni fired a massive gravity laser, Lincoln fired lightning and Tails fired lasers.

Leni, Lincoln and Tails: GRAVITY LIGHTNING DESTROYER!

The blasts combined and turned into a blast of Gravity Lightning and blew Gravity Man into a thousand pieces and sent him plummeting into the clouds of Diadem where he burned up on entry.

Me: That's it for him.

Me and Nico got Gravity Man's weapons and abilities.

---

Another montage played.

We faced Grenade Man in Sudan in Africa, one of the most war-torn countries in the world. Ever since 1881, Sudan has had huge wars. Lola, Supergirl, Sam S.L. and Taranee used a combo on him called VOLCANIC DRAGON BOMB and it hit him and exploded and reduced him to ashes instantly.

We faced Gyro Man in Carlstrom Field, an abandoned military air field in Florida. It was shut down after World War II ended and it was left to sit there like a rotting wound. Lisa, Tails and Elyon used a combo on him called TIME RUST BLAST and it rusted Gyro Man. Causing him to explode.

---

Hard Man

---

We were on the planet Geonosis, 18,000 light-years away from

Earth. It was home to the Battle of Geonosis during the Clone Wars and I helped Obi-Wan, Anakin and Padme in Petranaki Arena and killed the Viceroy, Count Dooku and Jango Fett.

Me: Geonosis at Petranaki Arena. Just as amazing as I remember it.

Lori: It sure is.

Nico: I love Star Wars and it was awesome how they fought in this arena.

Me: Yeah. And I managed to become a huge force to be reckoned with here after I killed the Viceroy with Force Lightning and I killed Count Dooku here as well.

Laney: J.D. made a name for himself all over the Star Wars universe.

Luna: That's right dudes. They call him the Immortal Jedi.

Me: Oh stop it guys you'll give me a swollen head.

Hard Man: I'll burst that head of yours.

We saw HARD MAN!

Me: Hard Man!

Mega Man: You're looking good Hard Man.

Hard Man: Not as much as you Mega Man. The bounty will be mine.

Mega Man: Be careful guys. He has a body made of Ceratanium. It's a powerful metal that is much more durable and stronger than titanium.

Me: That must be some very strong stuff.

Lisa: Indeed it is 2nd Elder Brother.

Lori: We can literally use that to make armor.

Me: We'll cross that bridge when we come to it Lori. But you, Leni, Nico and May will face him.

Nico: You got it J.D.

May: Lets get him Nico!

Mega Man: Hold on. He was also created by both Dr. Light and Dr. Wily.

Me: Hmm. Maybe we can split him into two versions.

Brittney: Leave that to me dad. (Chants an Incantation) EXTREKIYA PESTORMA NECMORTUS!

Brittney fired a blast of dark lightning and split Hard Man into two versions. One for Dr. Light that's good and the other for Dr. Wily that's evil. The evil Hard Man had a skull symbol on his right arm.

Hard Man (Good): Thank you for freeing me Brittney.

Brittney: You're welcome Hard Man.

Me: Now to take care of your evil twin!

Nico: Hard Man, you have failed this universe! (fires El Diablo's fire at him)

May fired a blast of ice fire at him and froze his arms off and they shattered. Lori and Leni fired a blast of wind and leaves and they spun the evil Hard Man in a tornado.

Nico: Lets finish him off girls.

May: Right.

Nico: RAINBOW GLISTENING SHOT!

The 2-star Dragonball on his bracelet lit up and he fired a rainbow energy blast at the evil Hard Man. May fired Ice Fire, Lori fired a blast of wind and Leni fired a huge gravity laser.

Leni, Lori, Nico and May: DRAGON LASER DESTROYER!

The blasts combined and turned into a powerful dragon of light and it hit evil Hard Man and completely obliterated him in an instant.

Me: That was awesome!

Brittney: It sure was. Guys, I have something to share with you. Not only do I know all about dark magic but here's my biggest secret.

Brittney lifted up the back of her shirt and we gasped at what we saw. We saw that Brittney had 8 Dragon Balls imbedded in her back. 7 of them were blue with black stars and there were cracks on the blue ones but the 8-Star Ball was normal and it was in the middle.

Me: You have 8 Dragonballs imbedded in your back.

Nico: So you have the powers and abilities of the Shadow Dragons as well Brittney?

Brittney: That's right. It's a long story.

Laney: How did the Shadow Dragons come into being?

Me: It's a very terrifying and complicated story. The Shadow Dragons are creatures created from overusing the Dragonballs over the course of a certain amount of time. You see, when a wish is made on the Dragonballs, they build up Negative Energy. This energy dissipates over time but for every wish made on the Dragonballs it takes 100 years for that to happen. You see, the Dragonballs were made to be only once every 100 years. This allows time for the Negative Energy to seep out harmlessly. But if the Dragonballs are used too much they crack and the Negative Energy is released all at once in the form of this dragon.

I used my powers to show everyone the dragon.

Me: And he is PURE EVIL.

Lincoln: That is a deadly consequence.

Laney: How strong is this dragon?

Me: They are powerful enough to not only destroy the planet, but also the entire universe.

Everyone gasped.

Lincoln: That is horrific power!

Goku: I had no idea.

Me: None of us did. But no decision was made to warn us about what would happen.

Lori: That is literally horrifying.

Me: Master Goku how many times were the Dragon Balls used up until the fight with Cell?

Goku: Lets see.

Goku did some counting.

Goku: We used the Dragonballs 20 times.

Me: 20 times!? That's insane! It will take 2,000 years for the Negative Energy to dissipate.

Lori: We better not use the Dragonballs until that time is done.

Me: Okay we're all in agreement. We can only use the Dragonballs in times of desperate measures.

Everyone: Yeah!

Me and Nico got Evil Hard Man's weapons and abilities.

---

Another montage began.

We faced Heat Man on the surface of the huge Red Supergiant star Betelgeuse in the constellation of Orion the Hunter 600 light-years away from Earth. Lola, Suzi, Human Torch and Fire used a combo on him called SOLAR FLARE PHOENIX INCINERATOR and it burned him into ashes in an instant.

We faced Ice Man in the Antarctica Prison and Lana, Aqua and Ben as Arctiguana used a combo on him called WHITEOUT PANTHER MASSACRE and it froze him and Lisa and Lana reprogrammed him and he was on our side now and he swore to destroy Dr. Wily.

We faced Impact Man on the asteroid 114 Kassandra, a rare Class T asteroid located in the Asteroid Belt and it was an astonishing sight. Nicole, Megan, Dawn and Star Butterfly used a combo called COMET NARWHAL SKEWER and it destroyed Impact Man in an instant.

## Junk Man

We were back in the dump.

Lori: Not the dump again.

Me: I know Lori.

Laney: Why did Dr. Wily send all his robots across the universe?

Me: I think I know the reason why. He wants to tire us out so that we'll be easier to kill.

Junk Man: You guessed it right J.D.

We saw JUNK MAN!

Mega Man: Junk Man. Nice to see that you're doing well.

Junk Man: Yes but this time it will the last time we see each other.

Me: Not on our watch. Lana, Lisa, Nico, have at him.

Nico: You got it.

Lisa: Affirmative.

Lana: Lets do it!

Nico: DRAGON THUNDERCLAP!

The 5-Star Dragonball lit up and he fired a blast of lightning at Junk Man.

Lana fired ice lightning and Lisa fired an energy laser and burned him.

Lana: Combo time guys!

Lisa: Affirmative!

Nico: Junk Man, you have failed this universe! (spews Red Plasma at him)

Lana and Lisa fired ice lightning and energy lasers.

Lana, Lisa and Nico: RAGE ICE FIRESTORM!

The blasts combined and turned into a shower of red icicles and they rained on him and destroyed him.

Me: Way to go guys!

Nico: Aw it was nothing.

Lana: That was fun though.

Lisa: Affirmative. It was quite amusing.

Me and Nico got Junk Man's abilities and weapons.

* * *

Another montage began.

We faced Knight Man in the ruins of Poenari Fortress in Romania. This fortress was once the castle the 15th Century king Vlad III the Impaler of Wallachia and he was a ruthless king responsible for the deaths of 500,000 people. He was called the Impaler because he skewered his victims on pikes and was the inspiration for Bram

Stoker's Dracula. Lincoln and Earth used a combo called EARTH STORM SLAUGHTER and it shredded apart Knight Man with ease.

We faced Magnet Man at the Fermi National Accelerator Laboratory near Chicago, Illinois. One of the most powerful particle accelerator microscopes in the world. Lisa was absolutely intrigued by the sheer volume of the microscope and the level of power that it contained. The particle accelerator is primarily used for the study of subatomic particles. Surprisingly we found out from Shannon is that this is her favorite place in all of Illinois that really intrigues her the most because of how cool it is. Luan and Shannon destroyed Magnet Man with a combo called ULTRAVIOLET BEAM DEATH and it knocked him out and Lana and Lisa reprogrammed him and now Magnet Man wants to destroy Dr. Wily.

We faced Metal Man at the ArcelorMittal's Burns Harbor Steel Mill in Indiana. One of the largest Steel Mills in the country. Lisa and Natilee used a combo on him called CELTIC ENERGY SAWBLADE and it shredded Metal Man and he exploded.

## Napalm Man

We were in the Jungles of Vietnam. One of the most widely known war zones of late 20th century. From November 1st, 1955 to April 30th, 1975 Vietnam was put through a terrible war.

Me: The Jungles of Vietnam. During the Vietnam War there were a lot of problems here.

Laney: The Vietnam War was a terrible event back then.

Nico: No kidding.

Naruto: What caused that war back then?

Me: We feared that communism was threatening to spread all over Southeast Asia. During the Cold War as we were helping assist in the Vietnam War, Russia and China armed and helped North

Vietnam with weapons and armies to fight us. The war ended with the Fall of Saigon, the capital of South Vietnam on April 30th, 1975.

Lori: That is literally horrible.

Me: It was back over 40 years ago. And the Vietnam War is what lead to the start of the Woodstock 1969 era.

Luna: That was a groovy times dudes.

Me: It sure was.

Napalm Man: You're about to burn.

We saw NAPALM MAN!

Me: Napalm Man!

Mega Man: This guy is dangerous J.D. He blows and burns everything up.

Me: I believe it. Lola, Anna, Sasuke, have at him.

Anna: You got it dad.

Sasuke: Haven't had some action in a while.

Sasuke snapped his fingers and he was in his shinobi attire.

Anna went Super Angel.

Sasuke threw a Kunai.

Napalm Man (dodges Sasuke's kunai): Now it's time for some witty back and forth banter! You can go first.

Lola just let out an angry yell as she hurled fireballs at Napalm Man.

Napalm Man: Look, I'm not sure where to go with that!

Lola: How about this!

Lola fired a blast of fire and burned his arms off.

Anna: Combo Time guys.

Sasuke: Right! (Goes through Hand Signs)

Anna: Naruto do you mind?

Naruto: Go for it Anna!

Anna formed a Rasenshuriken. Sasuke fused the black flames of Amaterasu into and Lola fused her fire into it as well. The Rasenshuriken was now a fast spinning mass of black fire with orange fire on the edges and the heat coming off of it was unbelievable.

Anna: Here's your one way ticket to oblivion! **INFERNO STYLE: NIMBUS FLARE RASENSHURIKEN!**

She threw the Flaming Rasenshuriken and it hit Napalm Man and completely incinerated him in a massive fiery explosion.

KRABOOOOOOOOOOOOOOOOOOOMMMMMM!

We cheered wildly.

Me: That was awesome!

Naruto: It sure was.

Me and Nico got Napalm Man's weapons and abilities.

We faced Needle Man at the abandoned Willard Asylum for the Chronic Insane in Ovid, New York. Megan, Sakura and Laney used a combo called STELLAR NEEDLE FIST and it knocked him out. Lisa and Lana reprogrammed him and now he will destroy Dr. Wily.

---

Nitro Man

---

We were driving our Roadsters and we had them in fighter jet mode and we arrived in Daytona, Florida.

Me: Daytona, Florida. Home of the famous Daytona 500 race.

Mega Man: I have a feeling that Nitro Man is here.

Nitro Man: You got that right Mega Man!

We landed and our jets went into roadster mode and we saw Nitro Man in motorcycle mode.

Me: Nitro Man!

Nitro Man: That's right. Come and get me roadhogs!

He sped off.

Me: Lets burn some rubber!

We went after him and we were going down the road at a blazing speed. We followed him into the Daytona 500 race course.

Me: Wow! We're in the Daytona 500 Race Course and the race is just beginning!

Lincoln: This is so awesome!

Laney: This is gonna be so cool!

Me: It sure is.

We were catching up to the other racers as we were chasing Nitro Man.

Lana: This is so awesome! I hope Bobbie Fletcher is here.

Me: She sure is Lana and we're catching up to her.

We were speeding up and we were behind Bobbie Fletcher's car.

Lana: Oh this is awesome!

I drove up to the side of her car.

Me: Hey Bobbie!

Bobbie saw me and she lifted up her helmet visor.

Bobbie: J.D. Knudson?

Me: That's right.

Bobbie: This is a surprise. What brings you all here?

Me: We're on a mission to stop the evil mad scientist Dr. Albert Wily. That motorcycle is one of his creations, Nitro Man.

Bobbie: I see. I had a feeling this involved you guys. Lets get him!

Me: You got it!

I pressed a button.

Me: Shark Missile fire and grapple!

My car fired a shark shape missile and it bit onto Nitro Man's back bumper.

Me: Now to stop you.

I slammed on the brakes and he went flying into the air with a huge yank.

Me: Fire Roadster lasers!

We fired our lasers from our cars and Bobbie fired a blast and they hit him and he exploded!

KRABOOOOOOMMMMM!

Me: YEAH!

We continued the race and Lana and Bobbie crossed the finish line at the same time. Lana had officially won her first ever NASCAR race with her hero Bobbie Fletcher and we were so happy for her. It was an experience she will never forget ever. In Gotham Royal York, Skippy saw the whole thing on TV and he was so thrilled and happy for Lana.

We faced Ring Man in the Swiss Alps of Europe and Mindy decided to face him. She was demonstrating a wide variety of martial arts moves on him and using all kinds of skills on him. She threw his Ring Boomerangs back at him in the arm and it went back at him and hit his leg she used Hadouken and blew him apart! Nico was so happy and proud of his little sister trouncing a robot.

We faced Search Man in the Guatemalan Jungle and because he has the ability to go invisible we had to use our Infrared Vision to find him and he was an easy one to find. Leni, Ben as Predator and Shannon used a combo on him called BLACK PANTHER MASSACRE and it formed a massive black panther of energy and it slashed apart Search Man.

Next we faced Skull Man at the Highway of Death in Kuwait. It is called that because of the number of abandoned cars and military vehicles that litter the road and they have been sitting there ever since the Gulf War. ## Stone Man

---

We were on Socotra Island off the coast of Yemen and it was home to some of the strangest plants and animals in the world. We saw Dragon Blood Trees and many kinds of plants and animals.

Me: Socotra Island. I saw this island on the internet and it is absolutely amazing.

Lincoln: These plants are all incredible.

We were at Coors Field in Denver, Colorado.

Lori: So this is the baseball stadium of Denver, Colorado?

Me: It sure is Lori. This is the stadium of the Colorado Rockies baseball team and it's an awesome stadium. Me and my mom and dad loved coming here for the baseball games.

Lynn: Cool!

Strike Man: Well you're about to play ball now.

We saw STRIKE MAN. He was a baseball robot.

Me: Strike Man!

Mega Man: He is an amazing pitcher for baseball and he has a powerful arm.

Lynn: I want to see if that's true. Let me have some shots at him.

Me: Go get him Lynn!

Lynn was on the players mound and Strike Man was on the pitchers mound.

Lynn: Batter up.

Strike Man threw a baseball at a blazing speed. The ball was flying so fast that it had fire around it.

Lynn swung the bat and then…

CRACK!

She hit the ball with incredible force and the bat broke into a million pieces and it hit Strike Man in the face.

BLAM!

Strike Man: (Cuckoo Clock chimes) (Stupid speech) Good game.

Matt: Lets get him.

Matt turned into Shagon.

Lynn: Lets blast him. Combo time.

Will: You got it!

Shagon: This is gonna be awesome!

Lynn, Will and Shagon: VOLCANIC HATRED BOMB!

The blasts combined with the lava ball and it hit Strike Man and went up into the air and it exploded with incredible power. Completely vaporizing him.

KRABOOOOOOOOOOMMMMM!

Me: YEAH!

Mega Man: Now that is a strikeout!

Tengu Man: That's right. Now you all will be blown away.

Nico: I don't think so!

Nico went at him and punched him in the face and fired Son Shenron's finger energy beams.

Nico: Tengu Man, you have failed this universe! (fires Shade's shadows at him)

Red Hood: It's a good thing Brittney and I killed Shade while Lincoln, Bai Tza, Earth, Laney, and Lana were in Nowhere.

Me: You said it Jason.

Lori fired a blast of wind and blew Tengu Man away and her children spun him around in a tornado.

Lori: Combo time guys!

Roxanne: You literally got it Mommy!

Lori and her children fired blasts of wind and Hay Lin did the same/

Nico: WHIRLWIND SPIN!

He fired energy wind.

Lori, her children and Nico: RAZOR WIND DEATHSTORM!

Cassidy: Oh that's not the least of your worries. Combo time!

Lily: Lets get him.

Mera: Lets!

They fired blasts of water.

Irma, Cassidy, Lily and Mera: MAELSTROM SHRED DELUGE!

The water ripped apart Toad Man and he was in a thousand pieces.

Me: That takes care of him.

Nico: Yep.

We got Toad Man's weapons.

Along the way on our journey we encountered robots that looked like different animals and Lisa reprogramed them and they now serve her.

Me: Now we have one more robot to face and he's on Pluto.

---

## Proto Man

---

We were on Pluto, the farthest planet in the Solar System and we saw the infinitely vast darkness of space and the Sun was just a tiny star from Pluto's distance.

Me: Wow! Look at Pluto guys!

Lori: It's literally really cold here.

Lisa: It's a planetary body of methane ice firstborn elder sister.

Me: And it's just amazing at what the New Horizons Satellite showed us from 3.67 billion miles away from the Sun.

Laney: It sure is. I can't believe that the Sun is that small all the way from here.

Lola: It looks like a small star from this distance.

Lana: It sure does.

Proto Man: It does look amazing huh?

We saw PROTO MAN!

Me: Proto Man!

Proto Man: That's right. It's a pleasure to meet you J.D. and you will be the biggest bounty I'll ever have.

Megaman: Proto Man! Listen to me! (dodges a shot from Proto Man) We're not enemies anymore! Don't you get it? You're not in your right mind!

Proto Man (tries to fight the mind control): No… choice!

Me: No you always have a choice!

I froze him in ice.

Me: Lets use our combo on him Mega Man!

Mega Man: You got it J.D.

I fired a blast of lightning and Mega Man fired a blast of energy.

Me and Mega Man: LIGHTNING KNOCKOUT BLAST!

The blasts combined and turned into a huge stream of lightning and it knocked him out.

Lana went over to Proto Man and found a computer chip that was making him do Dr. Wily's dirty work. She removed it and broke him out of the ice.

Me: Proto Man are you all right?

Proto Man: Yes I am. Thank you all for freeing me from Dr. Wily. Now I'm going to make that madman pay for everything!

Me: We all will. We already dealt with all of his robots and got the robots Dr. Light made back. Lets go guys.

We set out for home and to face Dr. Wily.

## DR. WILY

In the Sahara Desert was Dr. Wily's lair. It was unmistakable because of the Skull on it.

Dr. Wily: BLAST THAT J.D.! HE AND HIS FRIENDS HAVE RUINED ALL MY PLANS!

Suddenly a massive fiery explosion blasted through the ceiling of the fortress and we came in. We saw him and he was not happy to see us.

Me: Dr. Albert Wily. How nice to meet you in person.

Dr. Wily: Yes. You ruined everything!

Me: We show no remorse in doing so. Your days of terrorizing Mega City and all the robots everywhere are finished forever. We played all your devilish games and brought the pain to your minions and we brought the robots you controlled back to the side of Dr. Light and now all that's left is to finish you off once and for all.

Lincoln: Get ready Dr. Wily because this is your last day alive!

Proto Man (to Wily): You… did it to me. Planted that chip in me. Controlled me!

Wily: I didn't control you, Proto Man! I liberated you! We both know that you wanted Mega Man dead before. You should be thanking me!

Proto Man (furious): LET ME SHOW YOU HOW GRATEFUL I AM! (fires shot at Wily)

Mega Man: We are all more human than you ever will be Wily!

We all went at Dr. Wily and savagely and viciously pulverized him him.

Nico: Albert W. Wily, you have failed this universe! (fires Electro's lightning at him)

We stopped 2 hours later and he was begging for mercy.

Wily: Please! I'll do anything! Just don't kill me!

Stewie: Oh, you've got the wrong idea. We're not gonna kill you.

Wily: You're not?

Stewie (grins evilly): No. Your former buddies here will.

Dr. Wily saw the robots liberated from his control.

Elec Man: You are finished Wily!

They blasted and thrashed him until there was nothing left of him.

Me: That's it for him. Burn in Hell Dr. Wily!

Nicole sealed his spirit into the Book of Vile Darkness for all eternity.

Clawful was eating all of Dr. Wily's food.

William: You know, Clawful. It's kinda adding insult to injury that you're raiding Wily's fridge after we just killed him.

Clawful (eats a chicken leg): Well, he's not gonna need the food anymore.

We laughed at that.

After we got all his research and experiments we decided to blow up his lair.

Mega Man: Final Smash time.

Cyborg: Let me start us off! CYBER LASER STORM!

Cyborg fired a massive volley of lasers from multiple laser cannons all over his body.

Mega Man: MEGA LEGENDS!

Mega Man shot a Black Hole Bomb and it pulled in the fortress. Mega Man summoned Mega Men from different universes and they fired energy beams of different colors and it hit the Black Hole.

Me: Lets do the Grand Finale!

Nico: Lets do it!

Me, Nico, May, Mega Man, Roll, and Dr. Light: HUMAN'S AND ROBOTS ALLIANCE FORCE!

We fired laser blasts and they combined at one point and they fired a massive laser and it hit the black hole and it exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion completely obliterated all traces of Dr. Wily's fortress. Nothing of it was left. Dr. Wily had officially been silenced forever.

Mega Man: That's the end of Dr. Wily. (To the Viewers) Remember this folks, the worlds of robots are both interesting scientifically and psychologically and it can be both good and bad.

We then went to Central Park in New York City for some rest and while in the park we found something rather surprising. It was a statue of Lily and Balto and it was made as a commemorative honor to her heroic deeds in Alaska 84 years ago. After the break we built awesome houses for the robots and to make sure that Dr. Wily's legacy never returns, we erased all knowledge of Dr. Wily from existence forever. Only us and Dr. Light have the knowledge of him. This was an epic adventure.

THE END

Another Fanfiction Complete.

Mega Man was an awesome game series. The only part of the games that I am well familiar with is Mega Man IV and that was back when I was a little kid. NicoChan11 and me did the ideas for this one. Thanks man for the help as always. Let me know what you all think. I'm sorry it took so long to write this chapter.

See you all next time.

# Assault on Asgard

## Part 1: Warning a Tyrant

---

It was a beautiful day and we were watching TV, Playing card games and reading books.

Me: It sure is a beautiful day huh?

Lincoln: It sure is J.D.

Nico: It's so invigorating.

May: It sure is.

Nico: Hey J.D. what happened to the Grinch after we defeated Princess Morbucks?

Me: He went back home to Whoville.

Nico: Oh.

Me: Yeah. You know guys I feel sorry for the Grinch.

Laney: Me too J.D. Anybody that hates Christmas doesn't have any faith.

Me: My thoughts exactly.

Mindy: Hey how did that fatso Flip turn to a life of crime?

Me: That's our doing. He swindled some of our friends out of all their money because that's all he ever cares about is money.

Lori: That is literally disgusting.

Me: So we pulverized him into pulp and took every single dime he stole and conned out of thousands of people over the years and made him dirt poor and shut down Flips.

Lincoln: That cheapskate deserved it.

Roxanne: Hey Mommy how did you and daddy meet?

Lori: That is literally one of my most popular questions.

Me: I've been wondering how you and Bobby met for a while Lori but I never got the chance to ask.

Lori: That's all right.

Bobby: It was a nervous day and night.

Lori: Well I noticed Bobby around town a lot and it was hard not to. He had so many jobs. Pizza delivery boy, lifeguard, mall cop, cat photographer…

Bobby: And don't forget door-to-door corn dog salesman.

Lori: Right, that.

Me: Your father is one busy guy. He has practically every job you can think of. Maybe not the advanced jobs but you know what I mean.

Lydia: I do.

Roxanne: Same here.

Bobby: That's right kids and I am always busy.

Lori: Yep. But it wasn't until I saw him cleaning shoes at the bowling alley that I noticed him noticed him.

Bobby: If I remember right, there was a toe fungus epidemic that week.

Me: Gross.

Lori: We got to talking and just a few days later, he left brownies in my locker with a note asking me out on our very first date!

Bobby: Yep! We went to Jean Juan's French Mex Buffet.

Lynn: We were there at the restaurant and you two were really nervous.

Me: Really? How so?

Luan: Yeah it was pouring rain and Lori and Bobby were soaking wet when they went in.

Lynn: And Bobby accidentally whacked you in the head with it.

Me: Ouch. That must've left a mark.

Roxanne: No kidding Mommy.

Luan: Yeah your hair was soggier than Jean Juan's Guacamole French toast.

Me: Ew!

Luan: And they didn't take their eyes off each other and that made Lori bump into a waiter, who spilled a tray of Horchata lattes.

Me: Oops.

Bobby: Yeah that was an accident.

Lynn: And they didn't both pick sparkling water. Bobby said Sparkling and Lori said Flat. Then Bobby said Flat and you said Sparkling. This went on for, like, five minutes before the waiter just gave up and walked away.

Me: Confusing isn't it?

Lori: It was.

Luan: And when Bobby fed Lori chips and salsa, he had a muscle spasm and jabbed her in the cheek with the chip.

Me: Ouch.

Laney: That must've hurt.

Roxanne: It literally must have.

Bobby: Yeah I was worried Lori was bleeding but then I realized it was just salsa.

Me: That's confusing huh?

Lynn: And Lori didn't ask Bobby to order for you. When the waiter asked what you wanted, Lori was choking on some water and he couldn't understand what she was saying. So he just gave up and brought her soup.

Me: I hate it when that happens. Getting water down the wrong pipe is not fun.

Luan: I know. Then everyone was watching them on the dance floor, but they weren't dancing.

Me: What happened?

Luan: Lori spilled her soup in Bobby's lap and he screamed and jumped backwards and knocked into a dessert cart and spilled flan flambé everywhere. It was flantastic (Laughs)

Me: Yichihuahuas! That must've been painful. That was a good joke Luan.

Lynn: Then Lori went to help Bobby up and slipped in the flan and slid across the dance floor and crashed into the band.

Me: Ooh! That was not a good first date. But I was able to tell the reason why your date went wrong so badly. You two were nervous as all get out.

Bobby: That's right amigo.

Me: Trust me guys I know just how you feel. Usually when you're on your first date it's really nerve-wracking.

Varie: I know that feeling too.

Rachel: Same here. It's really stressful.

Celica: It's true.

Roxanne: That is an awesome story!

Lydia: It sure was.

Ramon: So awesome guys!

Vince: It sure was.

Carol: Yep.

Lincoln: That's right. I have a lot of awesome fiancés and they are amazing!

Earth: Thanks Linky.

Ariel's Sisters: We love you Linky.

Paige: Same here.

Lilly: Yep.

Nico then sensed something.

Me: What is it Nico?

Nico: I sense something. It's coming from Mount Thanos.

Me: The very same spot where Nerissa was imprisoned all those years ago?

Nico: Yeah. I think it's Phobos.

Me: You go tell him our warning. I killed Nerissa and in the future you will fight him.

Nico: You got it.

Nico used Instant Transmission and beamed over to Mount Thanos.

MOUNT THANOS, CANDRAKAR

Phobos was standing by the empty cell of Nerissa.

Nico appeared behind him. Phobos saw him.

Nico: Relax, Phobos. I'm not here to fight you. At least, not today. I just came to give you a warning.

Phobos: And that would be?

Nico: You can't hide in the Legion of Doom's HQ forever. Sooner or later, you're gonna make a move. And when you do, me and my friends will make sure it's your last.

Phobos: Am I supposed to be afraid?

Nico: You should be.

Phobos: Who are you?

Nico: My name is Nicolas Chan. But everyone calls me Nico. I'm a Saiyan from Earth.

Phobos: So you're a member of the most feared race in the universe.

Nico: That's right. And they're all dead because of another tyrant.

Nico and Phobos looked at each other. Nico's eyes showed righteous justice and Phobos' eyes showed malevolent evil.

Nico: You're not the first person to try to rule the universe with a sword of injustice. They all failed and so will you.

Nico had his Super Saiyan Aura flare up and Phobos had an aura of pitch black darkness around him. The skies darkened with storm clouds and lightning struck everywhere as everyone all over the realm of Candrakar and even us on Earth felt the sheer magnitude of their power.

---

Rocks and pebbles and snow lifted up off the ground and lightning surged all over the place and it showed how powerful both of them really are in terms of power.

Nico: I take it you've heard about what happened to Nerissa.

Phobos: Yes. J.D. killed her.

Nico: So you got the news.

They continued to look at each other.

Nico: I've spent months preparing for the day when we face you at your most powerful. I've come a long way Phobos.

Phobos: So have I.

Nico: When the time comes Phobos, you and I will fight. So gather up as many of your forces as you can for then. But if you try anything before then, you will die a swift and painful death.

Phobos knew he wasn't bluffing and he powered down.

Nico: You will pay the ultimate price for your crimes.

Phobos: We will see. Candrakar will be mine.

Nico: Not if I have anything to say about it.

Nico then went back to Earth. Phobos knew that this would be the biggest fight of his life. It was gonna be a fight to the death.

---

EARTH, TEAM LOUD PHOENIX STORM ESTATE

Nico arrived back.

Me: How did it go?

Nico: He got the message.

Me: I can tell. Your energy level was flared up. We felt it.

Varie: We sure did.

Me: The stage has been set and the battle that will decide the fate of Candrakar will soon begin.

Elyon: We won't let my "Brother" get away with everything he has done.

Me: No we won't Elyon. Death is his only fate.

Nico: I believe it. I sensed that he has no honor or decency or mercy in his heart and his fate is now sealed.

Me: I can tell. He's all yours Nico. Show him what the true power of a Saiyan is capable of.

Nico: With pleasure.

## PART 2: Assault on Asgard

We were resting and we saw Bowser Jr. looking sad.

Me: What's wrong B.J.?

Bowser Jr.: I miss my sibs. I got along great with all of them and we did all kinds of fun together. Sure it might've been bad fun but it was fun.

Me: I'm sorry B.J.

Brittney then got an idea.

Brittney: I got an idea.

Brittney opened a viewing window with her magic and it showed the Koopalings in their cell in the Venus Prison.

Brittney: Now for the fun part. (Chants an Incantation)
FEMNIOXANA EXTESTIO LYTENXSA!

7 beams of light came out of the Koopalings and one came out of Bowser Jr. and they formed in front of us and became human princess versions of them.

Brittney: I used my dark magic to make Super Crown versions of the Koopalings and Bowser Jr.

Bowser Jr.: This is so cool!

Bowsette Jr.: You can call me Bowsette Jr.

Lexi: I'm Lexi Koopa.

Lemi: I'm Lemi Koopa but my name has an I.

Wendy: I'm Wendy Koopa II.

Morgan: I'm Morgan Koopa Jr.

Lorna: I'm Lorna von Koopa

Rox: I'm Roxanna Koopa but call me Rox.

Lanai: And I'm Lanai Koopa.

Bowser Jr.: This is so awesome! Thank you Brittney!

Brittney: You're welcome B.J.

Laney: That was so awesome. Tails can I ask you a question?

Tails: Sure Laney.

Laney: How come you don't like your name Miles Powers?

Tails: Well my name is a pun on Miles Per Hour and I think it's a goofy name. So I decided to call myself Tails because I'm a fox with 2 tails.

Laney: Oh man. I'm sorry Tails.

Tails: No it's all right Laney.

The doorbell rang and Lana went to get it. She got a surprise to see Elsa and Anna at the door.

Lana: Elsa, Anna!

She hugged them both.

Elsa: It's great to see you again Lana.

Anna: Same here.

Elsa: Sorry I haven't talked to you guys for a while. I've been busy taking care of Arendelle.

Lana: That's all right. We've been pretty busy ourselves.

Me: Queen Elsa and Princess Anna. It's a pleasure to have you both here.

Elsa: Thank you J.D.

The alarm went off.

Me: Uh oh.

We went to the computer and it showed that the land of Asgard was under attack by Loki, the God of Mischief and his frost giant minions.

Me: Uh oh! All of Asgard is under attack! Lets roll guys!

Elsa: Let us help you too.

Me: Are you sure your majesty? It's gonna be extremely dangerous.

Elsa: I'm sure. I do have ice powers.

Me: If you are sure. Okay. Lets go!

We went to Asgard.

---

ASGARD

We were at Asgard and we saw the land completely under siege.

Me: Wow! This is a catastrophe!

Lori: It literally is.

Leni: Who is causing all this?

Me: This is the work of Loki, the God of Mischief who is also Thor's brother.

Anna: This guy sounds like he is nothing but trouble.

Falcon: The Avengers have had numerous problems with this guy. He is a traitorous scumbag.

Me: Well we're not gonna get the job just by standing here. Lets go!

We went into Asgard and started pounding, blasting and destroying the Frost Giants. Elsa used her ice powers to get control over some of the Frost Giants.

Sasuke: These guys are strong and tough. (Goes through hand signs) FIRE STYLE: FIREBALL JUTSU!

He blew a fireball out of his mouth and blew some of the Frost Giants apart into dust.

Me: Nice shot Sasuke.

Sasuke: Thanks.

Ash: Charizard I choose you!

Ash sent out Charizard.

Sasuke: Combo time!

Ash: Right. Charizard use Flamethrower!

Sasuke: **INFERNO STYLE: FLAME CONTROL!**

Sasuke released a huge wave of black flames.

Sasuke and Ash: HELLFIRE FLAME SPEAR!

The black fire combined with the fire blast and turned into a spear of black and orange fire and it skewered numerous Frost Giants and blew them apart in huge pillars of fire.

Ash: That was awesome!

Serena: It sure was.

Carmen R.: Lets use our combo Bai Tza!

Bai Tza: You got it Carmen!

Carmen fired a blast of fire and Bai Tza fired a blast of water.

Carmen R. and Bai Tza: STEAM DRAGON BOILER!

The blasts combined and turned into a dragon of pure steam and it melted some of the Frost Giants.

Elsa summoned her giant Abominable Snowman bodyguard Marshmallow and he pulverized and destroyed many of the frost giants.

Me: That takes care of the Frost Giants. Lets go get Loki!

We went after Loki and saw him fighting Thor.

I swooped in and kicked Loki in the face.

Me: Loki, the god of Mischief and one of the most dangerous enemies of the Avengers.

Loki: (British Accent) J.D. Knudson and all of Team Loud Phoenix Storm. What brings you all here to Asgard?

Me: What else? To stop you from causing more trouble here.

Thor: That's right.

Loki: Oh, come now, Thor. We were brothers once!

Thor: Yes, Loki. Once! (hits Loki with Mjölnir)

Lightning struck Loki from his hammer and Lincoln fired more Lightning and electrocuted him.

Me: Loki you have caused too much pain and suffering here in Asgard and on Earth and for that you will pay the ultimate price.

Nico: Loki, God of Mischief you have failed this realm! (Fires Frieza's Punishing Blaster)

It hit Loki and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Me: Wow! Awesome shot Nico!

Nico: Thanks man.

Loki's scepter flew at me.

I caught it and saw a glowing yellow light in it.

Me: It's the Mind Infinity Stone. The last Infinity Stone we need before we go and kill Thanos.

Lincoln: Awesome.

I take the stone out of the scepter and put the stone in my pocket for safe keeping.

Prince Adam: Let me help out guys.

Me: Go for it Adam!

Prince Adam unsheathed his sword.

Prince Adam: BY THE POWER OF GRAYSKULL!

His sword opened and turned and a flash of lightning hit him and he turned into He-Man.

He-Man: (Echoing) I HAVE THE POWER!

Me: Lets get him guys!

We all went at Loki and mercilessly pulverized him.

Hulk and Edzilla pounded him all over the place and smashed him into the ground at a merciless level.

They smashed him into the ground.

Hulk and Edzilla: Puny god.

He-Man slashed him with his sword several times.

He-Man: Final smash time! CHAMPIONS OF ETERNIA!

He-Man and the Masters of The Universe fired a massive laser wave and it hit Loki and exploded.

Nico: Now for the grand finale. (Holds his hands out) FINAL SPIRIT CANNON!

Nico fired a massive purple energy wave at Loki and it slammed into Loki's stomach and carried him up into space. When it was at a certain distance, it exploded with incredible power.

KRAAAAAAAAAAAAAAABBBBOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it shook the entirety of Asgard to the core and the shockwaves from the blast reverberated down to the city and shook apart the land. When the explosion faded Loki fell to the ground and crash landed. He was defeated.

Me: That's it for Loki. Great job guys!

We cheered wildly.

Loki was in cuffs and he was standing before Odin, the chief God of the Norse Pantheon.

Odin: Loki my son, for your horrible crimes against all of Earth and all of Asgard you are hereby stripped of all of your powers except for your immortality. And you are hereby banished to Earth forever.

Me: I know who he can live with from now on Lord Odin.

Odin: Let it be done. J.D. Knudson and Team Loud Phoenix Storm we are eternally grateful for all of you coming and saving all of Asgard.

Me: We did what we had to do Lord Odin.

Lori: It was literally our pleasure.

Loki was stripped of his powers except for his immortality and he was now an immortal human. Thor walked up to him.

Loki: You're enjoying this humiliation, aren't you, brother?

Thor: Well, it was either this or kill you. An despite everything that happened, I still think of you as family.

Loki (sighs): Fair point.

Thor: Out of curiosity, Loki, why did you betray me, Father, and Asgard?

Loki: Well, I was just jealous of you. Of how Odin always favored you over me and how he saw you as the next in line for the throne.

Thor: Well, I can undertstand that.

Loki: I know that it will take time for me to regain your trust. But do me one favor. Don't make the same mistakes that I did. Be a better person.

Thor: I'll keep that in mind.

Me: You know Loki I can sympathize with you. There are others that were sick of living in someones shadows.

Sunny: That's right. I was sick of living in my cousin Gwen's shadow.

Blackfire: I was sick of living in Starfire's shadow.

Me: Jealousy is a very powerful and malevolent force of evil. So maybe your time on Earth will give you a chance to reflect on everything you did.

Loki: It will.

Loki now lives with our neighbor Mr. Grouse. The doorbell rang.

Mr. Grouse: Get that will ya?

Loki: Yes sir.

Loki got the door and it was Stan Lee as a mailman.

Stan Lee: Package for a Mr. Trounce?

Loki: It's actually Mr. Grouse.

Stan Lee: Whatever. Good day to you all.

Loki took the package.

Loki: This is going to be a long eternity.

I put the Mind Infinity Stone in the safe with all the other stones and kept Loki's scepter as a trophy.

## Part 3: Robots Rebuilt.

In Lisa's lab Stewie, Lisa, Dexter, Elec Man, Proto Man and Dr. Light were rebuilding all of Dr. Wily's Robots. Rikki came in.

Rikki: Guys, what are you doing?

Stewie: We're making new versions of Wily's robots. These ones will fight for good instead of evil.

Elec Man: It was actually me and Proto Man's ideas.

Proto Man: The two of us actually saw all of Wily's robots as family.

Rikki: This is a great idea guys.

## Part 4: Doomsday Cult Luck

---

As we rested and celebrated our victory in Asgard, I was sweating like crazy.

Me: Whew! Is it getting hot in here or is it just me?

Lincoln looked at the thermostat and it was 75 degrees fahrenheit.

Lincoln: No the thermostat hasn't been changed.

Me: It feels like I'm in the oven.

Becky: It's not just you J.D. I'm getting extremely hot.

Me: Let me see here.

I turned on my infrared vision and I saw that Becky had an extremely hot temperature.

Me: Whoa! This is not right. Becky it says that your body temperature is over 2,000 degrees Fahrenheit!

Lisa: That is scientifically impossible. A human can't survive beyond 135 degrees Fahrenheit.

Me: How did this happen Becky?

Brittney: I think I might know. I was doing a Brazilian spell to see if I can give Fire Powers to one of my goth friends, but it fizzled out on me.

Fire: (Spanish Accent) This is exactly what gave me my fire powers to begin with.

Me: I didn't know that Beatriz.

Suddenly Becky was in a vortex of green fire and when it faded Becky was forever changed. She had light green hair that looked like fire, a leaf green headband, green tube top, light green short jacket, green gloves, light green pants with a gold bead belt and green boots.

Me: Wow! Becky you look incredible.

Becky: What happened to me?

Me: You got Fire Powers the same way that gave Beatriz her fire powers.

Becky had a fireball of green fire in her hand and she saw that I was right.

Becky: This is amazing!

Dana: You look amazing with Fire's powers Becky.

Becky: Thanks Dana.

Lori: This is literally so cool! I'm Lori Volcana.

Luna: I'm Luna Frost.

Leni: I'm Leni Ivy.

Dana: I'm Dana Ice

Becky: And call me Becky Fire.

Me: Awesome names girls. Hmm. How about we call the five of you the Sisters of Nature?

Lori: Ooh! That is literally perfect.

Luna: That is rockin' dude!

Leni: It's totes perfect.

Dana: That is perfect for us.

Becky: I agree Dana. It's perfect for the five of us.

Fire: And I would be more than happy to teach you how to use your new powers Becky.

Becky: Thanks Beatriz.

Paige: Big sis this is so amazing!

Becky: Thanks Paige. I think I look awesome like this.

The alarm went off.

Me: Uh oh.

We went to the computer and we saw on the satellites that something strange was going on over in north-central Montana.

Me: Something is going on in Montana.

Suddenly a rock smashed through the window and it had a piece of paper wrapped around it.

I picked it up and it was a piece of paper with a passage from the Bible on it.

Me: It's a passage from the Book of Kings in the Bible. "You have done more evil than all who lived before you. You have made for yourself other gods, idols made of metal; you have aroused my anger and turned your back on me." That's the 9th verse in the book of Kings.

But I saw a symbol on the bottom right of the paper and it had a strong resemblance to the Church of Scientology Cross but it was a symbol that I knew all too well.

Me: (Gasp) Oh no!

Lincoln: What is it J.D.?

Me: The symbol on this paper is the Logo of Project At Eden's Gate!

Nicole: The Doomsday Cult in Far Cry?

Me: That's them.

Lincoln: What is Project At Eden's Gate?

I go to the computer and look it up.

Me: Project At Eden's Gate is a Doomsday Cult in Montana and they are also a highly armed Christian Extremist Terrorist group that believe that the world is gonna be completely destroyed because of Nuclear Holocaust. This cult is extremely dangerous and it's 100 times worse than Al-Qaeda and they pose a majorly serious threat to the world in general. They are loaded with weapons all across the board and they have lots of nuclear warheads with enough destructive power to obliterate the country.

Lori: That is literally horrible.

Me: It is. Apparently the cult has called us to test our faith. And these people have picked the wrong people to fight. Lets get them guys!

Everyone: Yeah!

I pull out the Sword of Omens and had the hilt lined up with my eyes.

Me: THUNDER! THUNDER! THUNDER! THUNDERCATS! HOOO!

The sword blade grew longer and the ThunderCat symbol emitted from the gem in the sword and it roared in the sky.

RRROOOOOOOOOOOOOOOAAAAAAAAAAAAAAAARRRRRR!

Me: Lets roll!

We got on our horses and set out for Montana. Some of us were flying.

Me: If it's a fight they want, it's a fight they'll get. Like the 4 Horsemen of the Apocalypse we'll ride and deliver the power of justice to the Project At Eden's Gate.

Lori: This is literally gonna be awesome!

The ThunderCats arrived by us in the Thunder Tank.

Lion-O: Hello J.D.

Me: Hello Lion-O. We're heading out to Montana to destroy an evil cult.

Cheetara: You called the right people to help out.

Me: Thanks Cheetara. Lets call in more help too.

I pressed the skull button on my watch and called in The Punisher.

Lincoln: So who is the leader of the Project At Eden's Gate?

Me: His name is Joseph Seed and he is a minister and the leader of Project At Eden's Gate.

Panthro: Sounds like this guy is bad news.

Me: He is Panthro. This cult is a terrorist organization that's 100 times worse than Al-Qaeda and they spell big time trouble here on Earth.

WilyKit: Sounds like they are huge trouble.

WilyKat: We have to stop them.

Me: And we will.

Tygra: We won't let them get away with this.

Me: No we won't.

We rode on and we weren't gonna let this cult get away with their crimes.

In Hope County, Montana the Project At Eden's Gate cult was a strange community built on religion and pure evil. Joseph Seed was giving a speech and a sermon. Suddenly huge fiery explosions rang out and killed lots of cult members. Burning them into ash. We were blasting them apart with our powers and had our weapons drawn.

Punisher (grabs a cult member by the throat): We want a word with your boss, Joseph Seed. Where is he?

Cult Member: You ain't gonna kill me. You ain't gonna kill me!

Punisher (points gun at him): Do any of us look like Batman to you? Rethink your answer before I fill you up with lead!

Cult Member: In the center of town! His office! But you ain't gonna get him! He knows you're coming, freaks!

Punisher (shoots him through the head): Good.

Me: Good job Frank. Lets go!

We rode on.

Lion-O: Lets blow some of them apart with our Final Smash.

Tygra: You got it Lion-O!

Panthro: Lets do it!

The ThunderCats used their Final Smash.

ThunderCats: THUNDERCATS HOOOOOO!

The fired a laser from their hands that merged and formed into the ThunderCats Symbol and it fired at some of the cult members and completely vaporized them in an instant.

Me: Awesome job guys!

Lion-O: Thanks J.D. (To the Viewers) Doing a Final Smash was fun and we're gonna do this more often when needed.

We went on and we saw a shocking sight. We saw another Lincoln Loud and he was a member of the Project At Eden's Gate.

(Girei Theme plays)

Me: (Gasp) It can't be! Lincoln Loud?

Cult Lincoln: That's right.

Lincoln: But you can't be me! How is this possible!?

Cult Lincoln: I'll tell you why. It's because my nonbeliever sisters threw me out because I was bad luck!

We gasped in sheer horror.

Me: The Bad Luck Karma Travesty! This Lincoln is from another universe where he joins the Project At Eden's Gate cult after being ostracized from his family for being called bad luck because of Lynn's stupidity.

Lynn: I can't believe that this Lincoln's version of us would let this all go too far! They are worse than we are.

Lori: That is literally disgusting.

Laney: Am I part of your family?

Cult Lincoln: No you aren't. Who are you?

Laney: I'm Laney Loud and I'm the 11th sister. I was born after Lucy was and I'm called the voice of reason for my family.

Cult Lincoln: I see.

Becky: Let me talk to him.

Me: Okay Becky.

Becky walked up to the Cult Lincoln and he drew a knife.

Becky: Hang on, Lincoln. I'm not here to fight. I just want to talk to you.

Cult Lincoln: Fine. But you have 10 minutes.

Becky: That's all I need. Lincoln do you remember all the fun times you've had with me and my friends and your sisters?

Cult Lincoln: I remember the fun times I've had with you and your friends Becky. You love comic books like I do.

Becky: That's right. But Lincoln don't you even realize that what you are doing here is wrong on so many levels?

Cult Lincoln: My sisters made me become like this. Lynn started all this because she threatened to beat my face in with her baseball bat.

Natilee: Is this what happened to you?

Natilee held up the picture of the bad luck karma nightmare she drew and the Cult Lincoln saw the exact same scenario he went through. But half of it wasn't true.

Cult Lincoln: Yes! Half of that is true but the rest is not.

Becky: Lincoln you are the nicest and sweetest boy I've ever met and what your sisters did was absolutely horrible. What they did makes them the worst scum that ever lived on this Earth.

Lincoln: That's right. You may be me but this isn't who you are. Your sisters may have done this to you but my version of Lynn is not that person anymore.

Lynn: That's right. What my version of your sister Lynn did to you was completely unforgivable and she is completely not right up here. (Taps her head) She lost a game and is nothing but a sore (retches) loser. Sorry it's still hard for me to say that.

Me: That's alright Lynn. Lincoln, after we're done here and we killed Joseph Seed we're gonna go to your universe and arrest the rest of your so-called family and throw them in one of our prisons here in our dimension and you can live with Ronnie Anne and her family from now on.

Cult Lincoln: You would do that for me?

Me: I sure would. I love you like a brother here in my dimension and I would never look at you any differently.

Lincoln: Thanks big brother.

Me: (Chuckles) You're welcome buddy.

The Cult Lincoln was in tears of joy and he hugged me and cried hard.

Me: It's all right bro. Let it all out. Let it all out.

Lori: I can't believe that in that Lincoln's dimension we were that stupid.

Leni: Totes. It's like, wrong on so many levels.

Girl Jordan: Those versions of you guys are not even worthy to be a part of Lincoln's family.

Varie: You said it Girl Jordan.

Rachel: I agree with you all whole-heartedly.

Cult Lincoln calmed down and we went after the rest of the cult.

Me: After we're finished here and in this Lincoln's universe, lets make a rule stating that the words Bad Luck are never to be spoken about again. All in agreement?

We all raised our hands.

Me: It's unanimous. From now on the words "Bad Luck" are forbidden.

Lisa: Yes indeed.

Cult Lincoln: Don't arrest Lily. She's a baby and was never involved in all this.

Me: Agreed. Lets go!

We continued blasting and killing cult members and the Cult Lincoln was helping us.

Ben: It's Hero Time!

Ben turned into Gutrot.

Ben: GUTROT!

Gutrot fired blasts of gas at the cult members and it melted them.

Gutrot: My gas is more powerful than Lori's, Billy's or Lynn's combined.

Lori: (Offended) Hey!

Lynn: (Offended) Hey!

Billy: (Offended) Hey!

Jean Grey: Lets use our combo May!

May: You got it Jean!

May fired a blast of ice fire and Jean Grey fired a blast of psychic energy.

Jean Grey and May: ICE PHOENIX FREEZE DEATH!

The blasts turned into a phoenix of pure ice fire and froze all the cult members and they shattered into a million pieces. Nicole was sealing them into the Book of Vile Darkness.

Laney summoned her Piranha plant and it breathed a fireball and Nico used Bowser's fire breath.

Nico: FURIOUS FLAMING PIRANHA ATTACK!

The blasts of fire combined and turned into a swarm of voracious piranhas made of pure fire and it burned some of the cult members to charred skeletons.

Me: They have a huge stash of weapons somewhere. We have to find it.

Nico: Okay.

Nico grabbed one of the cult members.

Nico (pins one cult member down): Where's your boss keeping the goods?

Cult member: You want information? Read a newspaper!

Nico (points Deadshot's guns at him): Wrong answer.

Cult member: Ok. Ok! Stop! At the docks! He's keeping the goods at the docks!

Nico (shoots him through the heart): Appreciate that.

Me: Good work Nico. Lana, Lisa, Girl Jordan, Venom, Laney, Luan, Eddy, you go to the docks and bring the weapons here to this spot. The FBI is gonna want to see this.

Luan: We're on it J.D.

Eddy: You got it.

Venom: Lets go guys!

They did so.

We went into the church and we saw Joseph Seed at his office.

Me: Knock knock.

Lynn: Room service!

Nico: Joseph Seed, you have failed this city! (fires acid at him)

Red Hood (grabs Joseph Seed by the throat): Joseph Seed. You should've left town while you had the chance.

Joseph Seed: You don't need to do this. I'll give you money. Drugs! Guns! Weapons! Whatever you want. Please. I'll take a plane.

Leave town! Never show my face again. Anywhere you want! I'll go anywhere!

Red Hood: How about you go to Hell? (pushes him out of window to his death) Say hi to Shade for us.

I fired a blast of energy and vaporized him in an instant and Nicole sealed him into the Book of Vile Darkness.

Me: That's it for him.

Venom: J.D. we found all the weapons and you aren't gonna believe what we found.

We went to the stash and what we saw was absolutely horrific. There was a huge stash of numerous weapons and we saw a huge mondo stash of 100 megaton nuclear warheads. There was a total of 250 billion megatons of nuclear warheads and there was enough to destroy much of the entire planet and kill everyone and destroy everything.

Me: Wow! There are more nuclear warheads here than what we have all together in the entirety of the worlds nuclear arsenal.

Aylene C.: They were really going to destroy the entire planet.

Me: Not just that Aylene. They would cause a series of global catastrophes that would destroy much of the Earth. The damage would be far beyond irreparable.

Lisa: Indeed. The nuclear radiation and fallout would poison everything around the world and cause global volcanism all over the world to plunge the entire planet into volcanic and nuclear winter.

Naruto: That is really diabolical.

Sakura: No kidding.

We got the weapons and bombs out of there and we put them on the U.S.S. Valor for our use when needed.

Next we went to the Cult Lincoln's universe and arrested the other

Loud's for neglect and child abuse. All except Lily because she was a baby and had no involvement in this whole travesty. They were sentenced to 20 to 30 years in the Saturn Prison and their Lynn was sentenced to 30 to 40 years of anger management and psychological therapy and treatment. The cult Lincoln was adopted by the Santiago's and the Casagrande's in his universe. Same with the Cult Lincoln's Lily and we destroyed an evil cult and saved the entire planet from total destruction. We promised Lincoln and Lily Santiago Casagrande that we would see them again one day. We made sure that the rest of the cult followers met their deaths or were thrown in prison forever in the Uranus Prison.

Another Fanfiction Complete

Phobos is one of the main villains of W.I.T.C.H. and soon there will be a chapter where we all will fight Phobos and his henchmen and kill Phobos once and for all. I wanted to get the last Infinity Stone done and save the trouble. Rebuilding the robots we destroyed and making them good guys was a good idea and lastly destroying the Far Cry cult. I never played any of the Far Cry games but that cult is pure evil to the core. NicoChan11 gave me the ideas for this one. Thanks man as usual. Credit goes to Mast3r-Rainbow on Deviantart for his works Lori as Volcana, Leni as Poison Ivy, Luna as Killer Frost, Dana as Ice and Becky as Fire. Thanks for letting me use your works in my stories. Let me know what you all think.

See you all next time.

# The Vengeance Express

It starts at the estate. We were having hot dogs and a great lunch.

Me: Good wieners.

Varie: You said it.

Kevin: These are just as good as the dogs we had during Whopper Wiener Wednesday.

Me: I'm sure Kevin.

Ed: Yep.

Lincoln: Hey Kevin can I ask you a question?

Kevin: Sure Lincoln.

Lincoln: What caused the Vengeance Express to happen?

Me: That's what I was wondering also. What scam caused you to want the Ed's bodies mounted on pikes?

Eddy: (Sighs) It's something I don't like talking about but I'm willing to share. It was a scam called Gadgets of the Future.

Me: What was that scam for?

Edd: Well it was to sell gadgets that were supposedly from the year 2150.

Me: That's 131 years from now.

Edd: Indeed.

Eddy: But because of Ed pushing the red button, the gadgets all exploded and they hurt Kevin, Jonny, Nazz and Rolf really badly and they set out to kill us to get revenge.

Me: That is awful. The red button must've been a self destruct mechanism.

Edd: That's exactly what it was.

Me: Maybe we can go to the cul-de-sac and stop this ourselves.

Kevin: Good idea.

Me: Lets use the Simulator for it after lunch.

Nazz: You got it dude.

We resumed eating.

---

After we ate lunch we were in the simulator for the exercise.

Me: This is gonna be rough guys. But we're ready for anything.

The Simulator activated and we were in Peach Creek in Atlanta, Georgia.

Me: We're in. Lets hide out of sight for this until the time comes.

Luan: You got it.

Taranee: I have a strong feeling it's gonna happen soon.

Me: Yep.

Kevin (to Past Eddy telepathically): Eddy? Can you hear me?

Past Eddy (telepathically): That you, Kevin?

Kevin: Yep. But not the one you know. I'm from the future.

Past Eddy: Really?! Are the future selves of me, Sockhead, and Lumpy with you as well?

Kevin: We sure are, old timer. One of my friends is using her telepathic powers so I can create a mental link with you. I just wished she and I had done it sooner. We almost have no time.

Past Eddy: Until what?

Kevin: Until you die.

Past Eddy: Until what now? Cause it kinda sounds like you said I die.

Kevin: Listen, if you do the Scam of the Century, a chain of events will happen that will damage the Cul-de-sac and injure my past self and some of the others.

Past Eddy: What do you mean by that?

Kevin: Well, aside from my past self, you also injure Nazz, Rolf, and Jonny.

Past Eddy: C'mon! I'm sure this scam won't end that badly.

Kevin: It does end that badly.

Past Eddy: When exactly does the scam injure them?

Kevin: As soon as you push the red button.

Past Eddy: Are you sure?

Kevin: Of course. I saw it happen before at this exact moment. So you need to abort the Scam as soon as possible!

Past Eddy: And let your so called past self rub another failure in my face? Forget it! Besides, if I make the scam work another way, that means I'm invincible, right?

Kevin: It's not exactly rocket science, Eddy.

Past Eddy: Meaning what?

Kevin: You wanna spend an hour getting a crash course on the laws of time and probability? No? Then do as I say, for your sake.

Past Eddy: You really have a lot to learn about me, so called future

Kevin. I'm gonna do what I always do, which is getting money for Jawbreakers anyway I can. You want an Eddy that'll do whatever you want? Go play a videogame.

And with that, the telepathic link ended.

Me: Did it work?

Kevin: No. He was too stubborn.

Eddy: I forgot how stubborn I was back then.

Me: I can believe it.

Taranee: This is not gonna be easy.

Luan: It usually never is.

Then there was a huge explosion.

KABOOOOOOMMM!

Marie K.L.: That was a big explosion.

Me: No kidding.

We saw 4 smoke trails fly away from the lane.

Me: Wow! Lets go!

We went to the lane and we saw the Lane completely in shambles.

An abandoned basketball is seen next to a game of hopscotch. Strangely, the number on the end is 62, and the square is incomplete. Following said trail, we find some broken chalk, two abandoned shoes, a skateboard with the wheels still rolling, and a dropped ice-cream cone on which ants are crawling. Lightning flashes, and we see the lane, utterly destroyed. A silhouette of Nazz can be seen splattered against one fence along with various debris, including a bag of cement, spilled black paint, an oven mitt, a toaster, and a cinder block with a balloon tied to it. Lightning crashes again and we see more of the lane, replete with footprints, downed trees, and boxes. Among the destroyed items are a record and a bowling ball. Lastly the camera was getting a long shot of the destroyed area. In addition to the lane, a house has suffered remarkable damage, and there is even an ice cream truck in its backyard. Not only this, but a water main has broken, flooding an area near the woods, and there is strangely enough a broken canoe by another house.

Me: Wow! What a mess!

Luan: No kidding.

Leni: This is totes awful.

Kevin: I can't believe this happened.

Me: Me neither. This is an absolute travesty.

Linka: I can't believe that this scam is what triggered a terrible spree of revenge and destruction.

Laney: No kidding.

Francis: Those kids have to be stopped or else.

Duncan: You're telling me man.

Me: But things are already escalating from bad to worse.

---

CONTROL ROOM

Elec Man: Huh. So that's how the Vengeance Express started.

Nazz: Yep and what we did to the Ed's back then was not cool!

Varie: You're telling me Nazz. We weren't there back then but that was a horrible time.

---

SIMULATOR

In Past Ed's house things were getting worse already.

[Past Ed bursts into his room, knocking the door off its hinges and into the back wall. He spots it and tries to run through it but instead runs into the bricks that make up his basement. Stumbling backwards, he spots his shoe and rips it off before trying to get his sock off with his teeth. As he works to get it loose, he hops around his room, destroying it. Finally getting his sock off, Past Ed grabs two comics and Baron O' Beefdip.]

Past Ed: "Trouble! Bad!" [He grabs a stack of random junk.] "Pain!"

[Past Ed puts some bread in a toaster and sets it to go off before grabbing a bag and stuffing it full. Spotting his chair, Past Ed shakes the assorted items and the stuffing out of it into the bag and shoves the chair into the bag. He then rushes into the bathroom and tears down the drywall to reveal his sponge collection. The toast pops up, and Past Ed quickly grabs the hot bread, butters it, and tosses it into his bag. He pulls the bag out of the wall and grabs his sponges before running off.]

---

In Past Edd's house he was packing his suitcase.

[Edd is in his room, whimpering. A bunch of clothes are on his bed, next to an empty suitcase. He is trying to write a goodbye note.]

Past Edd: "Beloved parents. By the time you read this, I will be long-far-oh dear." [He picks up the note, folds it, and puts it in the trash along with many other failed attempts before starting again.] "Dearest Mother and Father. It is with great sh-shame…" [Past Edd puts down his pen and begins to cry. Pulling himself together] "That I regretfully con-fess… to…" [a few tears leak out] "I regretfully confess to my involvement in the inexcusable, unconscionable, reprehensible, abhorrent, detrimental, detestable, incomprehensible, immoral, thoughtless, impossible, hurtful-" [Past Edd's writing goes jagged, and he stops and wails.] "OH, WHAT HAVE WE DONE?! GGGGAAAAAAAHHHHHHOOOOOOOOOOOO!"

[Past Edd gives in to his tears. Suddenly, his door bursts open. Past

Edd looks behind him and sees a worried Past Ed.]

Past Ed: "Dah-houble D!"

---

In Past Eddy's house, he was packing too.

[Past Eddy is shoving things into his suitcase. He finishes and tries to slam the overstuffed case shut. When he finally does so, he tries to lift it, but finds it too heavy. Suddenly, it bursts open, scattering its contents all over the room. Past Eddy lies there. He gets up just as a banging comes at the door. Past Eddy leaps up, terrified. He grabs the vacuum cleaner and affects a falsetto.]

Past Eddy: [imitating his mother] "Um, my little Eddy's not home right now!"

[The door flies open.]

Past Eddy: "DON'T HURT ME!" [He dives behind the vacuum cleaner.]

Past Ed: [running in] "Trouble! Bad!"

[Past Ed trips over the vacuum and lands on Past Eddy.]

Past Eddy: "It wasn't my fault, I swear!" [He realizes who it is.] "Ed, you idiot!" [packing again] "I thought it was those sore losers!"

Past Ed: [panicking] "What do we do, Eddy? What do we do?"

Past Eddy: "What happened to Sockhead?"

[Past Ed reaches into his bag and pulls out Past Edd.]

Past Eddy: "Here, hold this!" [He hands the suitcase to Past Edd.]

Past Edd: "We're fugitives, Eddy! Are you aware of the consequences we're about to endure? All because of our misguided chicanery!"

Past Eddy: Future Kevin, me, Double D, and Ed are in my house.

Your past self and the other angry kids are looking for us right now!

Kevin: What?!

Past Eddy: Looks like you get to be right after all.

Kevin: Believe me, that's the last thing I want.

[The Past Eds see a shadow pass by the blinds.]

Past Eddy: "Too late! Quick, my brother's room!"

[The Eds rush out of Eddy's room and head down the hall. They come to the front door and skid to a halt; something outside is hammering on it, trying to get in. Eddy quickly directs them upstairs. The door bursts open behind them, but the Eds continue running. They find the room, and Eddy begins to open the door.]

[The door creaks open, and Past Eddy peeks in. He looks around. Seeing nobody, he enters.]

Past Edd: [following him in] "Eddy, do you think this is wise?"

Past Eddy: "They'll never find us in here!" [He rummages through the closet.] "Ah-ha!" [He tapes the wallpaper to the door.] "Ssh!" [Past Eddy closes the door.]

---

Kevin: Guys! The angry kids are looking for the past Ed's!

Me: We have to get to them first.

Laney: But we don't know where they are.

Me: We're gonna find out shortly.

Suddenly we got an unexpected surprise. It was a Pot Centipede Heartless and some Shadows were with it too!

Casey: Heartless?! But you guys already defeated Xehanort!

Francis: Some of his residue darkness must be here.

Kevin: Ok, I don't know if we'll get stronger by defeating these Heartless like J.D. and the others do. But we still need to take them out before we can reach the past Eds!

Me: Lets go!

I called forth my Keyblade and we went at the Heartless.

Kevin: Hey, Sora. If you're watching this, we would really need some tips on how to beat the Pot Centipede!

Me: I know how to beat it!

---

In Eddy's brother's room, the past Ed's were hiding.

[The lights click on in the room. Past Eddy proceeds to do all the locks. The Past Eds huddle together in the center of the room, waiting for the coming storm and hoping it will pass them by.]

Past Eddy: [whispering] "This is all your fault, Sockhead!"

Past Edd: [whispering, shocked] "My fault? Funny, isn't it, how it's always my fault when yet another of your amazing scams goes awry!"

Past Eddy: [whispering] "Yeah, well, I didn't see you stop me! You shoulda known it would go bad!"

Past Ed: "Boy, did it go bad."

[They stop talking. There's a creaking and some noises outside. Past Eddy looks up and spots a congratulatory glass on top of the fridge. He pushes Past Edd to the door, and a piece of toast falls off Past Edd's back. Past Eddy then hands Past Edd the glass and gestures for him to use it to listen. Past Edd puts the glass to the door and his ear to the glass while Past Eddy stashes himself in Past Ed's pocket. All three Past Eds are sweating as they listen for any noise. Suddenly, a crunch comes, and Past Edd's eyes turn inwards. Past Eddy looks up and sees Past Ed eating the toast. Past Edd, now standing in a puddle of his own sweat, drops the glass.

The door starts to buckle as something pounds on it.]

Past Ed: "We are not long for this world!"

[Past Ed darts around the room, trying to find shelter.]

Past Edd: "The window!"

[Past Edd rushes over and parts the curtains only to find that it's been bricked up.]

Past Eddy: "What's with my brother and these stupid bricks?!"

[Past Edd and Eddy stumble backwards and trip over the rug. It rolls up, revealing a vent.]

Past Edd: "Eddy, look! This heat vent will lead to an escape!"

Past Ed: [on the camel] "Over here, guys! My lumpy mutated horsie will save us!"

[The wooden bar breaks, and a foot kicks through the doorknob.]

Past Edd: "Eddy! The door won't hold for much longer!"

Past Eddy: (the angry kids are breaking down the door to his brother's room) Future Kevin… if you're there… I got nothin' left… no plans… no… no nothing. You tried to warn me… I was an idiot.

Kevin: Stop talking about yourself in the past tense! This isn't over!

Past Eddy: Spoken like someone. Who isn't here.

Kevin: I will be! Just hold on! (shoots at the Pot Centipede) I'm doing what I can! Come on, Eddy! Where's the never-say-die-attitude!

Past Eddy: I didn't need to say it… To do it. And I'm out of jokes. I'm sorry… I… didn't try to make friends with your past self sooner…

Kevin: No way! No (censored) way are you giving me brave last words!

Past Eddy: [panicked] "Don't just stand there! Do something!"

[Past Edd grabs onto Past Eddy and pulls, trying to work the grate loose. He looks over to Past Ed, who is trying to get the camel to run.]

Past Ed: "Giddy-up, horsie! Do not let your mutated lump slow you down!"

[Past Ed falls off the camel and slams into the wall. He hits what looks like a fire alarm and slides down. Past Edd and Eddy, meanwhile, finally get the vent cover loose, and Past Eddy leaps in only to find that his brother bricked up the vents as well.]

Past Eddy: "More bricks Double D!"

Past Ed: "Ooh ooh oh! This-a-way, guys!" [He shows them the alarm.] "Look!"

Past Edd: [reading] "In case of movie break glass?"

Past Eddy: "Bingo!" [He grabs the provided hammer and breaks the case.] "My bro's always prepared!" [He reaches inside and pulls out a peanut.] "A peanut?"

Past Ed: "Cheap movie."

[An arm reaches through the space where the doorknob used to be. It feels the chains before reaching down and lifting one of the bolts. The door creaks open a little more, and we see the kids, straining to get into the room.]

Past Kevin: "Lemme through! End of the line, dorks!" [Past Ed grabs the peanut with his teeth.]

Past Eddy: "It was just a scam, Double D! How did it go so wrong?"

Past Edd: [scared] "Eddy, the laws of probability can be a real mean-"

Past Ed: [garbled] "Just my mouth!"

[Past Ed bites down on the nut, and the shell cracks, revealing a key.]

Past Edd: "Eddy! A key!"

[The kids strain at the door.]

Past Eddy: "It must be for my brother's car!"

[A piece of the door breaks loose. Past Eddy scrambles into the drivers seat.]

Past Edd: "Eddy, we're too young to drive!"

Past Eddy: "Get in, get in!"

[Past Ed dives into the backseat while Past Edd rides shotgun. Past Eddy fumbles with the key.]

Past Eddy: "Come on!"

[He finally puts it in the ignition. He turns it, and the engine barely coughs. Past Eddy tries again, and the engine coughs again.]

Past Edd: "It's no use, Eddy!"

Past Eddy: [trying again] "It ain't workin!"

[The chains break as Past Rolf slams his head through the door.]

Past Rolf: "Rolf's vengeance will be slow and painful, like Papa's charcoal anecdotes, Ed-boys!"

[Past Rolf crashes through the door, and Past Nazz, Kevin, Jonny, and Plank follow him in. Past Ed plunges his feet through the car's floor.]

Past Ed: "I am Ed! Cheese and macaroni!"

[Past Ed runs forward. The kids grab on to the car as it breaks through the doorway and smashes through the second floor, sailing outside. The impact with the wall shakes the past kids off, and they fall on the grass outside Past Eddy's house.]

Past Nazz: "They're getting away, guys!"

[The car twists onto the road and slams into a street light and a fire hydrant before turning and running into a garage. It then backs up and goes through a fence. Past Rolf, meanwhile, lets out a piercing whistle, and his pig gallops up.]

Past Rolf: "Peel your onions Ed-boy!" [sinister] "And cry." [getting on Wilfred] "There is no escaping the son of a shepherd!" [He rides off in hot pursuit.]

Past Kevin: "Right behind you, man."

[Past Kevin and Nazz take off after Rolf.

We just defeated the all the Heartless.

Me: The past Ed's are in the car. Come on!

We went after the car and it went through the road.

[The past Eds trundle down the road.]

Past Edd: "I think I'm gonna be sick!"

Past Eddy: "Not in my brother's car, you're not!"

[Plank, ripped and torn and almost destroyed, tumbles onto the windshield.]

Past Edd and Eddy: "WAAAAAAAAAHHHHHHH!"

Past Ed: "BBBWWWWWWAAAAAAAAHHHHHHH!"

[Past Ed swerves, scared out of his mind. The car almost hits Jonny.]

Past Jonny: [angry and scared] "Let em have it buddy!"

I punched Past Jonny in the face and give him a massive black eye.

[Past Rolf and Kevin ride into a field. Past Kevin skids his bike to a stop. The car jumps, and lands on the fences bordering the lane. Past Rolf chases them. He gets close, and pulls on Wilfred's ears to coax out more speed. Wilfred speeds up, and they approach the car's rear. Eddy meanwhile looks out of the window. He looks down, and his eyes bulge. The wheels are just barely staying on the top of the fence. One false move, and they will fall to their quite probable deaths.]

Past Edd: [lamenting] "So much undone! Unsaid! Mother and Father will be so annoyed!"

Past Ed: "Yowch!"

[Past Rolf has clamped down on Past Ed's leg with his teeth. The only thing propelling the car now is pure momentum.]

Past Ed: "They got me, guys!" [He begins to slip out.] "I'm a goner! Save yourselves!"

Casey (charges at Past Rolf): GONGOLA!

Casey pile drived Past Rolf and bit his leg and he screamed in pain and jumped off him and landed on the car.

[Past Eddy peers over the steering wheel as they rush through the junkyard. Suddenly, Past Kevin slams their vehicle from the left, shaking them and sending them skidding.]

Past Ed: "Oh, help me!"

Past Edd: "Oh dear, now what?!"

[Past Eddy looks out the window and spots Kevin. Kevin then hits them again, and the car once again skids.]

Past Eddy: "He's a maniac, I tell ya!"

Me: This fight is REALLY getting intense.

Lincoln: They will soon get the VIP treatment at the hospital with every single bone in their miserable bodies broken into powder.

Earth: Ouch.

[Past Kevin slams them a third time, and this time they spin in circles. The car hits another mountain of trash, and this acts like a ramp. The car leaps into the air and slips upside down. As it does this, Past Edd turns green, and Past Eddy flies past him and out the window, still clinging to the wheel. The car lands on two wheels and continues to drive this way. Past Eddy is on the right side and is forced to run with the car. The car turns left, and Past Kevin follows. Past Rolf brings up the rear, having managed to rejoin the chase.]

Past Rolf: "Run like well-worn stockings, Wilfred!"

[Past Ed releases the car door briefly and grabs at the steering wheel. He spins it rapidly, pulling Past Eddy inside. Past Ed then grabs at the door and continues to run. They reach the edge of the junkyard and crash through the fence. The Past Eds reach Peach Creek Estates and blast through it, on the way wrecking some of the incomplete structures. Past Nazz and Jonny rejoin the chase.]

Past Rolf: "Prepare for Rolf's water-laden bovine bladder!"

Past Jonny: "Plank's freaking out!"

Past Eddy: "Double D! You got any bright ideas?"

[Past Edd is puking into a paper bag.]

Past Kevin: "How do you like your faces? Fried or scrambled?"

[The Past Eds look up with a start. Kevin is on their left. Kevin then rips the door open.]

Past Eddy: "Ed! The door! The door, Lumpy!"

Past Rolf: "Rolf will assist you with the Ed-boy flogging Kevin!" [He grabs Wilfred and they roll forward like a wheel.]

Past Nazz: "Go Rolf go!"

[Past Ed manages to shut the door, tearing it away from Kevin. Past Eddy locks it and begins to roll up the window.]

Past Edd: "Ed! Fingers!"

[Past Ed jerks his fingers back as the window closes. Past Kevin leaps onto the car, and his bike wheels off, coming to a stop against a sawhorse, perfectly parked. Past Rolf's wheel slams into the back of the car, and he and Wilfred fly upward. The pig lands on the roof, and Past Rolf lands on the hood. Past Nazz reaches their back and grabs onto the open trunk.]

Past Kevin: [groping for them] "You're going down, dudes."

[The Past Eds look up and spot Wilfred's tail acting like a bottle opener on the roof. Past Rolf lifts the pig and tears the roof on, and the faces of the Past Eds' enemies leer in.]

Past Kevin: Time for payback!

Past Jonny: Plank wants first crack at em!

Past Rolf: Rolf will use their hides as a crutch for Nana's goiter!

Past Nazz: Like, thanks for the help up here, guys? Duh!

Kevin (shoots missiles at them): NO! NOT THIS TIME!

The missles exploded and got the past kids off of Eddy's brother's car.

I stop the past Ed's car.

Me: We're here to save you guys.

Past Eddy: Who are you?

Me: A friend. And those buttkissers are gonna pay for hurting you!

Past Eddy: Show them no mercy!

Me: With pleasure!

A huge fight was gonna break out.

Me: You four want to get to the Ed's you have to go through us first.

Duncan (hesitant on punching past Nazz): Kev, I don't want to hurt your girlfriend.

Kevin: Duncan, if she's watching this, she'd want us to stop her past self from hurting the Eds!

---

CONTROL ROOM

Nazz: I am watching Kevin and I agree with you.

---

SIMULATOR

Me: Lets dance fart-fignewtons!

Kevin (to his past self): I can't believe I'm saying this. But you're actually making me miss Skalamandar and Johnny 13! (his past self tries to hit him with a pipe) Was I always this dumb and hot headed?

Past Kevin: You ugly dork!

He tried to hit Kevin again and he was dodging his blows.

Past Kevin (to his future self): Some future me you are! Once I get rid of you, dorky's gonna be next!

Kevin: You won't hurt him. You're not gonna hurt him ever again!

Kevin punched his past self in the face and knocked out some of his teeth.

Taranee: Ok, I've heard of hating yourself and beating yourself up. But Kevin just took those phrases to a whole new level.

Me: You're telling me Taranee.

I punched Past Jonny and Past Rolf in their faces and knocked out some of their teeth.

Casey: You four are really giving our friends a really bad name.

Casey whacked them with his baseball bat.

Casey: Combo time guys!

Duncan: Lets get him dude!

Duncan and Casey pulled out two baseball bats wrapped in Barbed Wire.

Duncan and Casey: BARBED WIRE SMASH!

They smashed all four of their faces and bodies with the baseball bats.

Kevin: Lets use our combo dude!

Francis: You got it Kevin!

Francis fired a blast of fire and Kevin threw a huge jawbreaker.

Francis and Kevin: FLAMING JAWBREAKER SURPRISE!

The fire merged with the jawbreaker and became a blue flaming meteor and it slammed into the past kids and exploded.

KRABOOOMMM!

Kevin: Ok. I'm the last one to call anyone a dork right now. But those past versions of me and the others are Dorks!

Me: You said it Kevin. As Nico says, "Kevin, Rolf, Nazz and Jonny of the past, you 4 have failed this neighborhood!"

Kevin: (Laughs) You got that right dude.

We high-five.

But the Past kids weren't finished yet and the Past Kanker's appeared.

Duncan (to the Past Kanker's): Unless you want your so called boyfriends to be beaten to a pulp, you three better get out of our way!

Past Lee: What was that about our…

Kevin (punches Lee): That's for all the years of (censored) you and May gave us!

I tied up the Past Kanker's.

Luan: Final Smash time. I'll go first. PRISM FLARE BURST!

Luan fired a blast of light that split into the 7 colors of the rainbow and it hit the past kids and burned them.

Eddy: My turn! JAWBREAKER PULVERIZER!

Eddy fired numerous jawbreakers at a vicious level and they pulverized the kids.

Duncan: Time to slice things up. SLICE AND DICE!

Duncan threw numerous knives and slashed the kids in numerous places.

Kevin: My turn! JAWBREAKER SMASH!

Kevin fired a bunch of Jawbreakers as big as cars and they smashed the kids into pulp.

The other Peach Creek kids came into the Simulator.

Nazz: Lets help out also.

Sarah: Lets get them!

Jimmy: This is gonna be awesome!

Me: Go get em guys!

Rolf: Rolf will smash you into bladder pulp!

Ed: FINAL SMASH TIME!

PEACH CREEK KIDS: PEACH CREEK COBBLER CLOBBER!

The Peach Creek kids flew in the air in a Hendecagon (11-Sided Polygon) formation and fired lasers from their hands and they merged and turned into the Peach Creek Cobblers symbol and they fired it at the past kids and it hit them and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

When the explosion cleared the past kids were really badly broken, battered, bruised and mangled.

Me: That takes care of those losers.

Taranee: Yep.

Laney: They deserved it for hurting the Eds.

Leni: I totes agree.

Luan: That's all for them.

Duncan: How about we get some souvenirs from this place before we go?

Me: Good idea.

I took the past Kevin's hat as a trophy.

We went through the Trailer Park and we saw the trailer for the Kanker's.

Kevin went at the Trailer and fired an energy ball and completely destroyed it.

Kevin just destroyed the Kankers' trailer home while it was still vacant.

Duncan: Was that really necessary?

Kevin: Well, we never did find out what happened to the trailer home.

Me: After the Kanker's mom was arrested we had it impounded.

Kevin: Good riddance.

We went passed the Candy Store.

Casey (sees Francis stealing some jawbreakers from the candy store): Dude, are you stealing those jawbreakers?

Francis: Oh, c'mon! The owner's not gonna miss a few. Besides, it's not stealing if you grab them fast!

Kevin: Well, if we're talking about stealing jawbreakers, then let's steal some from my past self's house!

Me: Even better.

We did so and took all the boxes full of jawbreakers.

Me: This oughta keep the Eds satisfied for a while.

Eddy: It sure will.

Luan: How sweet! (Laughs) Get it?

We laughed at Luan's joke.

Me: (Laughs) That was funny!

Kevin: (To the Viewers) Remember kids, vengeance is never the way to solve anything and it only makes things worse.

We left the simulator with the boxes in a scroll and everyone cheered for us. Beating the living daylights out of the past versions of Nazz, Rolf, Kevin and Jonny was really therapeutic for the Eds and beating the Kanker's was therapeutic as well. We put the Jawbreakers in the pantry.

THE END

---

Another Fanfiction complete.

The first part of Ed, Edd N Eddy's Big Picture Show was the funniest part I ever saw. It made me laugh so hard that I almost peed my pants. Funny thing is it never told us what scam it was at the beginning and it never will. So we decided to use our imaginations. But those kids were really out for blood and they went halfway across the state to find the Eds and hunt them down and kill them. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think. Also this is my 600th chapter! Hooray! This is another huge milestone for me.

See you all next time

# Robots In Disguise

It starts in space above the orbit of Earth. Something was going on as a distortion appeared and it glowed blue and turned into a portal.

Out of the portal came two strange ships the likes of which we have never seen. The ships were firing their lasers and guns at each other.

On Earth at the estate we were playing with Nico's G1 Transformers Action Figures.

Me: You have a lot of awesome Transformers figures Nico.

Nico: FYI, my favorite G1 Autobots are Optimus Prime, Roller, Trailbreaker, Sideswipe, Sunstreaker, Hound, Mirage, Jazz, Smokescreen, Warpath, Ironhide, Cliffjumper, Bumblebee, Ratchet, and Prowl. My favorite G1 Decepticons are Skywarp, Thundercracker, and Rumble. I like Skywarp and Thundercracker better then their brother Starscream. And I like Rumble because he's a cool dude.

Me: I believe it.

Computer: ALERT! Spacial Anomaly in progress.

Me: Uh oh.

We went to the computer and saw a fight with the two ships in space.

Me: Looks like we have a space battle in progress.

Lori: Who is it between?

Me: Scanning now.

I activated the space scanners and it showed that the ships over the planet and they were both heavily damaged. One of the ships launched many pods and got them into orbit around the planet and they entered our atmosphere over Africa.

Me: They have entry into our atmosphere. Crash points are the jungles in the Congo and the volcanoes of Ethiopia.

Lincoln: Strange.

Me: Lets go see. Team Loud Phoenix Storm lets roll!

We set out for Africa. We went to the ship that landed in the Congo.

---

We arrived in the Congo and we saw the ship badly damaged.

Me: This ship is nearly totaled.

Lori: What do think it belongs to?

Me: Lets find out.

We walked up to the ship and it opened and out came a Gorilla, a Rhinoceros, a Rat and a Cheetah.

Me: Wow!

Gorilla: Who are all of you?

Me: Oh I'm sorry. We are Team Loud Phoenix Storm and you all are on the planet Earth.

Optimus Primal: So we are on the planet Earth. And news about your achievements has reached even all of Cybertron. I am Optimus Primal leader of the Maximals.

Me: It's a pleasure to meet you Optimus Primal.

Nico: You're all transformers! Awesome!

We introduced ourselves.

Optimus Primal: It's a pleasure to meet you all. Please allow me to explain what we are doing here. We didn't come to this planet by choice. We were locked on to Megatron's warp signature. He and some of the Predacon's stole the Golden Disk, a carefully guarded relic that gave the location of a major energon source. Planet Earth is the huge Energon source.

Me: Wow! So Megatron and the Predacons landed in Ethiopia.

Cheetor: That must be where they are at.

Lana: We were there before and it's a strange place.

Rattrap: Oh man. We're all gonna die.

Me: No one is gonna die on our watch Rattrap.

Rhinox: If Megatron and the Predacons are there then we have to be ready for anything.

Me: And we would be more than happy to help you all. We can convince some of the Predacons to join you so we can take down Megatron for good.

Laney: We have a powerful habit of saving some bad guys from the darkness of themselves.

Volcana: That's right. If it can happen to some of the supervillains it can happen to them as well.

Lola: That's right.

?: If you are gonna go after Megatron you have to be ready for his tactics.

We turned and saw Dinobot! He was a Predacon turned Maximal in the form of a Velociraptor.

Me: Dinobot. So you managed to betray Megatron.

Dinobot: Yes. I challenged Megatron to a battle and I lost. We stole the Golden Disk for nothing.

Me: On the contrary. You did come to the right planet and this is

Planet Earth. We heard all about Megatron and how he has caused numerous problems all over Cybertron for years.

Optimus Primal: Yes. He is trying to restart the Great War. If the Predacon's get enough energon, they will start it again and we can't let that happen.

Me: No we won't. We saw on the scanners that you launched separate ships.

Rhinox: Yes. That was our crew in Stasis Pods.

Me: Lori, Lola, Lincoln, Naruto go get the Stasis Pods and bring them down here.

Naruto: Right!

Lori: You got it.

They went up into space and they brought them down.

Me: Good work guys. Shall we activate them for you Optimus?

Optimus Primal: We would like that J.D.

Me: Okay.

Dinobot: If only there were some way we can permanently get rid of the Megatron that we know.

Ben: Maybe I can go Nanomech, shrink inside his head, and destroy it before he even realizes what's going on!

Me: That's a good plan Ben.

We activated the Maximals in the pods and they had numerous forms.

Airazor: Thank you for activating me.

Me: You're welcome Airazor.

Lincoln: Lets go to Megatron and show him no mercy!

Me: Lets do it!

We set out for Ethiopia.

* * *

We arrived and saw the Predacon ship.

Me: There it is.

K-9: That's the Predacon ship all right.

Silverbolt: This is not gonna be an easy fight but it will all be worth it.

Ironhide: We can't let Megatron get away with all the crimes he has caused to Cybertron.

Prowl: Yeah.

Optimus Primal: This is now a battle called the Beast Wars.

Me: And we humans are the first to help out. I think.

Optimus Primal: Yes you are the first humans to help us J.D.

Me: Awesome.

Nico: I sense that Gorilla Grodd was here and he is helping Megatron somehow.

Me: I feel it too. Lets get them!

Optimus Primal: All units MAXIMIZE!

The Maximals transformed into Robots.

Nico: This is so cool!

Tigatron: It is indeed.

Blackarachnia: This is gonna be good.

Me: Lets go!

We powered up.

Kaiba: I summon Blue-Eyes White Dragon!

Carol: I summon Thunder King - The Lightningstrike Kaiju!

Me: I summon Five-Headed Dragon!

We went at the base and I fired an energy blast and blew a hole into the base. We saw the Predacons and we saw Megatron and he was a Tyrannosaurus Rex, Waspinator as a Wasp, Scorponok as a Scorpion, Terrorsaur as a Pterodactyl, Tarantulus as a Tarantula, Inferno as a Fire Ant and many more.

Me: Wow! There's a lot of Predacons.

Optimus Primal: Megatron, you've plagued the universe for far too long! Today, I take you down once and for all!

Megatron (BW): (laughs) Oh, Optimus. If you had the guts to do that, you would've done it years ago! I, on the other hand… (slams Optimus Primal into the ground)

I kicked Megatron off of Optimus and he and his Predacons transformed.

Nico fired a blast of energy at Megatron.

Nico: (sees Waspinator lose his arm) Ok, after we kill Megatron, the first thing we're gonna do is make Waspinator more durable.

Me: Good idea man. From what I remember he gets treated like a punching bag instead of a comrade.

Lori: That is literally disgusting.

Clawful pulverized Scorponok and Ultra-Humanite fought and pounded some sense into Tarantulas.

Nico: Was it really worth it?

Terrorsaur: Was what worth it?

Nico: Megatron's finally going to conquer this planet with Grodd's help and yet you guys won't be able to enjoy it.

Scorponok: Of course we will! What makes you say otherwise?

Kraven: (Russian Accent) In any minute now, you'll be nothing but Megatron's next victims!

Stalker: I know all you know is fighting and war. But is a planet ruled by Megatron and Gorilla Grodd really a world you all want to live in?

The Predacon's realized that Stalker was right and they decided that being with Megatron was not worth it at all.

Nico: Good to know that you've made the right choice, Inferno. Your G1 Ancestor would be proud.

Inferno: Thank you, your highness!

Nico: Ok, making Waspinator more durable probably won't be the only thing we need to change with the Predacons.

May: Nico, we managed to make the Predacons good. Any chance we can do the same for some of the G1 Decepticons?

Nico: There's a strong chance of that. It would be really entertaining to see Thundercracker and Skywarp gun Starscream down!

Retrax: That would be amusing.

Razorclaw: Thank you for saving us from ourselves Nico.

Nico: You're welcome Razorclaw.

Spittor: Lets make Megatron pay for his crimes.

Sea Clamp: Lets do it!

Ram Horn: Yeah!

Cicadacon: This is gonna be sweet!

Me: Lets get him!

We all went at Megatron.

I punched Megatron in the face.

Megatron (BW): You are indeed a strong one J.D. Yes.

Me: Nice to know I made an impression on you Megatron.

Megatron (BW): You are not the only one that has backup. No. Say hello to my little friend.

We saw an Armaldo.

Nico: An Armaldo!

Megatron (BW): Ah so you know what he is. Yes. Go get them!

Nico punched the Armaldo and knocked it out and threw a pokeball and he caught it.

Me: Way to go Nico!

Nico: Thanks.

We all looked at Megatron and we were ready to face him.

Nico: Megatron, you have failed this universe! (launches a fireball at him)

It hit him and exploded.

Ash: Charizard, I choose you!

Ash sent out Charizard.

Ash: Use Fire Blast!

Kaiba: Blue-Eyes attack with White Lightning!

Ash and Kaiba: PYROSTORM LIGHTNING DEATH!

The blasts combined and hit Megatron and blew him into the wall.

CRASH!

Luigi: (Italian Accent) Lets-a get him Yoshi!

Yoshi: You got it Luigi!

Luigi fired a fireball and Yoshi fired three blasts of fire.

Luigi and Yoshi: FIRESPRITE TENDERIZER!

The blasts combined and turned into a huge fireball and it hit Megatron and exploded!

Killer Frost: Final Smash time! ICE DEATH INSANITY!

Killer Frost fired a huge beam of ice and it froze off Megatron's arms.

Poison Ivy: My turn! BRAMBLE PIRANHA SLASHER!

Poison Ivy grew numerous bramble vines and slashed Megatron all over the place.

Optimus Primal: Now it ends here old friend.

Me: You brought all this on yourself Megatron.

Optimus Primal: I'll give you one last chance to surrender Megatron.

Megatron (BW): You fools.

Me: You're an even bigger one Megatron. We will never forgive you for your crimes against Cybertron or the galaxy.

Optimus Primal: Time to meet your fate Megatron!

Megatron (BW): You are pathetic to the end.

Optimus Primal: Very well then this shall be your end!

Me and Optimus Primal kicked Megatron in the face and had him on the run.

Optimus Primal: You will always lose Megatron. You think of nothing but destruction. None of your victories last. You care about nothing but yourself. No one cares about you.

Me: And the time has come to end your struggle. And destroy you once and for all! Only one shall stand and it's not going to be you!

Optimus Primal: Final Smash time!

Me: Lets get him! (Cups Hands to side)

The Maximals and the reformed Predacons channeled their powerful energy into my Kamehameha Wave and it turned the blast green and it had a symbol in it that was half Maximal and half Predacon.

Me, the Maximals and Predacons: CYBERTRON UNITY FORCE KAMEHAMEHA!

I fired a massive energy wave at Megatron and it hit him and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it completely obliterated Megatron in an instant.

Me: Go to Hell and stay there Megatron.

Nicole sealed Megatron into the Book of Vile Darkness.

Me: Megatron has been destroyed. His energy signature has disappeared.

We cheered wildly. It was over. Megatron's ship was destroyed too.

We brought the Axalon ship to Gotham Royal York and decided to help the Maximals and we also formed an alliance with all of Cybertron. It was the first ever alliance with robots and humans.

Nico was watching footage of the G1 Transformers.

Nico: (sees footage of G1 Megatron and the other G1 Decepticons kill Ironhide, Prowl, Brawn, and Ratchet aboard a ship) Note to self. Meet up with the G1 Autobots in the future.

Me: We'll make a note of that Nico. You all did an awesome and great job.

Nico: Thanks J.D.

Optimus Primal: I agree. Without all of you we would've never destroyed Megatron.

Polar Claw: Indeed.

Waspinator: Waspinator agrees. Now maybe Waspinator won't be used as punching bag all the time.

Me: We won't let that happen to you Waspinator.

Optimus Primal: I want to show you all something.

Optimus Primal took us all to the stasis hold and we saw a huge stasis pod with an evil looking X on it. It was Protoform X.

Me: What protoform is this one Optimus?

Optimus Primal: The Dark Secret of Axalon's journey. It was originally an attempt to replicate Starscream's mutant indestructible spark with a Maximal.

Me: Sounds like you all were playing with fire.

Optimus Primal: Well. It was a mistake to even try. Though brilliant it was hopelessly treacherous and incapable of being recycled.

Silverbolt: It was put on the Axalon for what reason Optimus?

Optimus Primal: To dump it. Somewhere far, Some place barren.

Me: I think I have just the place.

I snap my fingers and beamed the Protoform X into the Sun and it vaporized the Spark and the Protoform.

Me: It's empty. The protoform has been sent into the sun and was vaporized instantly.

Optimus Primal: Good work J.D.

Me: Thank you Optimus.

Poison Ivy: (To the viewers) We now have the Cybertronian's helping us in our adventures and who knows what is in store for us with them.

We went back to enjoying our activities.

Another Fanfiction Complete.

Beast Wars Transformers has been one of my favorite series of the Transformers Franchise since I was a little kid and it was an awesome series. I used to collect the toys of many Transformers and they were so cool! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

Beast Wars Transformers is owned by Larry DiTillo, Claster Television, Cartoon Network and Hasbro Toys

# Volcanic Race

It starts with us working on our cars in our new fancy garage. Lisa built the garage for our roadsters. Nico was showing his toys to Cheetor.

Cheetor: Those are nice toys of us, Nico.

Nico: Thanks Cheetor. The Transformers are an awesome and popular series.

Me: I'm glad you both are having a good time.

Maria: It's a good thing I learned how to drive after the HARDAC incident.

Me: It sure is.

Lana was watching the racing channel on the tube.

Lana: Hey guys a race is on!

We saw on the TV that the next race was taking place in Iceland.

Billy Natson: Hey roadster racing fans! Billy Natson here and we're over at Grimsvotn Volcano in Iceland. It's a volcano race folks! And the lucky winner that crosses the finish line will get the coveted Volcano Racing trophy!

The trophy was in the shape of a volcano with a race car zooming around it.

Billy Natson: The race starts in two days. So gear up for the hot rush!

Me: It's race time guys!

Lori: This is literally gonna be so much fun!

Me: Lets do it!

We pulled out our remotes and pressed the red buttons.

Singers: ROADSTER RACERS GOOOOO!

Our cars turned into our roadsters.

Sandman: This is gonna be the most fun we've had in a while.

Me: It always is Flint.

We set out for Iceland.

---

We were at the starting line of the race around Grimsvotn volcano in Iceland. Grimsvotn was erupting like it did back in 2011 and it was putting on a magnificent and spectacular display as ash clouds were billowing high into the sky and lightning struck all over the clouds.

We were in our roadsters ready to go.

Me: This is gonna be so awesome!

Lori: It sure is J.D.

Bobby: I'm so excited babe.

Mickey: Me, Donald, and Goofy did these kinds of races in Disney Castle.

Me: I believe it Mickey.

Xion: This is actually my first time racing in a vehicle.

Aqua: First times for everything Xion.

Lori's Children, the parents and most of us were all gonna watch.

Me: It's about to begin guys.

?: You chumps are gonna eat my dust.

We saw a Spanish guy pull up in his racing car. It was the most notorious racer in the world. One that has been accused of cheating but it has never been proven: Piston Pedro. A racer from Spain that fights dirty.

Me: Piston Pedro.

Pedro: That's right and if it isn't the loser storm.

Me: You're gonna be eating snow when we're done here Pedro.

Pedro: We'll see about that.

Riku: So that guy is from Spain, huh?

Me: Yep and he fights dirty.

Killer Frost: Seems to me like Pedro might be related to Dick Dastardly.

Me: I don't think so Louise. But we'll see.

Billy Natson: And welcome to the Grimsvotn, Iceland Volcano race. Hello I'm Billy Natson and never before have we had a race here at an erupting volcano! We have our roadster racers here and we are in for some great action here today!

Billy Natson came up to me.

Billy Natson: With me is the famous leader of Team Loud Phoenix Storm J.D. Knudson who won the last race with Lana and Lincoln Loud and the world famous Speed Racer at the Gotham Royal York 500. Are you ready for more action J.D.?

Me: You know I am Billy. I love these races and we always get a great thrill out of them! Lets Burn Rubber!

Billy Natson: I love that spirit J.D. and good luck out there.

Me: Thank you Billy.

Billy Natson: And it looks like we're getting ready.

Krista came out and she had the flag ready.

Krista: Racers are you all ready?

We revved up our engines.

Krista: On your marks… Get set… Rev up and GOOOOOOO!

And we gunned it.

Billy Natson: AND THEY'RE OFF!

We were zooming fast!

---

We were racing and coming up to the track and it was by the erupting ash column. We had an awesome view of the massive ash cloud as it billowed really high into the sky.

Me: Wow.

Lori: This is literally amazing seeing a volcano like this erupt.

Lincoln: It sure is Lori. It's like our Volcanic Trip all over again.

Me: Yep.

As we came to the first obstacle we saw huge rocks and debris fall from the ash cloud and it was raining down on up.

My eyes in the sky were watching.

Carol: Raining rocks falling guys!

Varie: I see them Carol.

Maria: I got this!

Maria's racer was called Maria's Megatsunami Redemption Rider and it was an aqua blue car with ocean waves on the sides, 2 fish on the back and a number 17 on it.

Maria pressed a button and it had C4 missiles ready to fire. She fired the missiles and it blew apart the rocks and debris from the volcano.

Me: Nice shooting Maria!

Maria: Thanks.

Principal Lewis was watching the race in his office.

But then we saw Pedro trying to run Laney off the road.

Elena: Is that racer trying to run us off the road?

Lea: Sure looks like it.

Elena's Racer was called Elena's Supercell Streaker and it was a purple and yellow car with lightning on the sides and the number 11 on it. This is coincidental because her number was Number 11 in Organization XIII before.

Lea's car was called Lea's Flaming Justice Rider and it was a red and orange car with flames on the sides and the number 7 on it. Because he was the 7th member of Organization XIII.

Me: So he wants to fight dirty huh? Two can play at that game.

I pressed some buttons.

Me: Octopus Missiles, Fire!

I fired 2 Octopus Missiles and they opened up and revealed 8 grabber arms and they latched onto the back of his car and flipped it over.

Me: Eat our dust loser!

Lynn: Yeah! Eat our dust!

Laney: I thought Lynn was over that gloating thing.

Me: I never said she couldn't rub it in the faces of our enemies.

Laney: Good point.

Pedro: I'm not done yet. Society of Killers! Kill them!

Fu and Vince saw a huge number of cars heading right towards us. They were all black cars and they had skulls on them.

Fu: Uh oh! We got a huge number of cars coming!

Vince: I see them and they are members of Society of Killers. A terrorist organization of merciless assassins that kill anyone that gets in their way. Partner you got big trouble!

Me: I see them partner.

Stewie: Are you kidding me? That cheater brought backup?!

Venom: Good thing our rides have weapons for this situation!

Stewie's racer was called the Anti-Griffin Shredder and it was a red and yellow car with a No Peter Griffin symbol on the side and the number 2 on it.

Venom's racer was called the Symbiotic Spider Rider and it was a black and white car with spider legs on the side. These help the car climb up buildings and vertical obstacles. It has the number 21 on it.

The Keyblader's cars are the same but in their respective colors and their cars were called as follows:

Sora - Red - Sora's Light Speedster

Riku - Sky Blue - Riku's Dark Shredder

Kairi - Magenta - Kairi's Flower Blower

Mickey - Yellow - Mickey's Road Thrasher

Goofy - Green - Goofy's Comedy Party Vehicle

Donald - Blue - Donald's Angry Magic Thrasher

Aqua - Aqua Blue - Aqua's Oceanic Waverunner

Xion - Black - Xion's Black Lightstreaker.

And their numbers range from 30 to 36.

Rubberband Man's car was called Adam's Elastic Stretch-mobile and it had rubberbands on the sides and it has the ability to stretch because it has the same elasticity as he does. and it has the number 4 on it.

Arpeggio's car was called Arpeggio's Parrot Wheeler and it was a green car with parrots and birds on the sides and it had the number 8 on it.

Sandman's car was called Flint's Desert Roadburner and it was a green and grey car and it had the pyramids, and sand dunes on it and the number 42 on it.

Killer Frost's car was called Louise's Frostbite Cruncher and it was a blue and black and it had snowflakes and icicles on the sides and it had the number 88 on it.

William's car was called William's Elemental Redemption-mobile and it was a black and red car with the elemental symbols on the sides and the number 56 on it.

Me: Blast those cars guys.

Carol: You got it J.D.

Vince: Lets get them!

Vince, Carol, Fu and the Guardians of Candrakar blasted the Assassins apart.

Venom and Stewie did the same from the ground.

We got around the volcano and we were close to the finish line.

Me: There's the finish line!

Lori: Literally eat my dust!

Lori crossed the finish line first and Laney crossed it second and me third.

We cheered wildly for Lori.

Me: Way to go Lori!

As the trophy was presented to Lori we saw Pedro's car pull up and it was completely totaled.

Rubberband Man: Alright. You've done enough damage for one day.

William: Step out of the vehicle with your hands up!

Pedro was arrested for his crimes.

Pedro: You can't do this to me! I'm a famous racer!

Me: (Dials on cell phone) Oh you're gonna be famous all right, with the FBI, INTERPOL and the International Automobile Federation.

We dug up a lot of dirt on Pedro and he was using terrorists to do his dirty work for years and he was cheating for a long time.

Sandman: Do you have anything you want to say for yourself?

Arpeggio: You have the right to remain silent!

Everyone booed Pedro. He was now forever disgraced.

Pedro: And I would've gotten away with it too if it weren't for you stupid kids!

Me: That's Meddling Kids. And tell it to the judge.

Lori had won her first ever trophy and it was the first of many. She wanted to win one for golf, but racing is just as good.

Pedro was forever disgraced and he was found guilty of numerous crimes in the worlds of racing and in society. He was sentenced to eternity in the Uranus Prison.

Fox: (To the Viewers) Remember this folks: CHEATERS NEVER PROSPER.

No they don't.

Another fanfiction complete

I wanted to do another race chapter and include a character based on Piston Pietro in nbwatts Deviantart story R.A.L. Race for The Rigatoni Ribbon. Thanks for the inspiration and ideas man. Credit goes to you. NicoChan11 gave me the ideas too. Thanks man as usual. Let me know what you all think.

See you all next time.

# Fall of A Candrakar Tyrant

It starts in the Living Room. We were watching TV.

Lisa: Fellow friends and siblings I have something rather unpleasant to present to all of you.

Lisa took off her shoe and revealed that she has a sixth toe on her right foot.

Everyone: (Gasp)

Lisa: Nuclear experiment gone wrong.

Me: I too have something rather unpleasant. It's the reason why I never take off my shoes.

I take off my boots and socks and I revealed that I had webbed feet.

Me: I have webbed feet.

Lori: I had webbed feet when I was born.

Lincoln: That's true.

Me: It's also the reason why I'm a great swimmer.

Will: I believe it.

* * *

At the grocery store, Elyon was picking up some food for us.

Elyon: Lets see.

She walks by the cereal and she ran into a familiar face. One that she knows all too well.

Miranda: Hey, Elyon. I've gotta say. This grocery store has much more better food then the ones at Meridian and Heatherfield.

Elyon: Miranda? What are you doing here?

Miranda: You and your friends messed up, Elyon. You shouldn't have threatened Phobos. He's beside himself. I've never seen him this frustrated and angry before.

Elyon: I wanna try speak to him one last time.

Miranda: Oh no, it's way too late for that. It's only a matter of time before he gives the approval to tear you limb from limb.

Elyon: You could try.

Miranda: Oh, I don't… try. And I never stop. You won't see me coming, and you won't feel a thing. If we don't get a chance to talk before then, it's been really nice knowing you. You're a good girl. And a far better person then me. (starts to walk away before smiling) Also, nice job killing Megatron during the Beast Wars. I really prefer his G1 counterpart better. (leaves the grocery store)

Elyon: (In her head) It won't matter because Phobos will die at Nico's hands.

She paid for her groceries and left the store.

---

Back at the estate we were resting and watching TV and playing card games.

Cornelia came in and she had a look of panic on her face.

Me: Cornelia what's wrong?

Cornelia: Lillian is gone!

Varie: Gone? Where?

Cornelia: I think Raythor and Frost got her!

Nico: Phobos is on the move.

Me: And I have a feeling I know where he's going. This time we finish him for good.

Nico: Leave him for me.

Me: Lets get him everyone! GUARDIANS UNITE!

Team W.I.T.C.H.J.E.M.M. became the Guardians.

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Megan: Space!

Elyon: Time!

Matt became Shagon.

Me: Phobos has gone too far and he will now die!

Elyon: This is your last day alive brother.

Me: Hell awaits you. Lets roll!

We opened a portal and went to Candrakar.

---

Raythor and Frost were forcing Lillian to march through the forest where they will take her to Phobos.

Raythor: I can't believe I'm missing the Dreamboat for this.

Frost: You like that Earth show?

Raythor: Hey, say what you want about Earth. It does have good things like television.

Frost: Well, don't worry. You can watch it after we're done here.

Lillian: C'mon! Can't you let me go? I'm not a threat to anyone.

Frost: Keep moving.

Lillian (realizes something): Unless, there's something about me that you two don't like. Something that I'm unaware of.

Frost: Sounds like fitting final words to me.

Raythor: Hold on a second. Child, do you know about the hidden powers that you possess?

Lillian: No.

Raythor: How about a place called Meridian? Do you have any knowledge about that?

Lillian: Of course not. I only know about the adventures of Team Loud Phoenix Storm.

For the first time in his life, Raythor began to question his own decisions.

Raythor: This isn't right.

Frost: What's that?

Raythor: This whole thing. None of it's right!

Frost: What's not right about it? Those Guardians and Team Loud Phoenix Storm are finally getting what they deserve. And the whole universe is about to become our playground. Sure, Grodd might still be giving us orders. But you said it yourself that you'd eventually take care of him.

Raythor: True. But like I said, he'll be dealt with in the future. For now…

With that, Raythor hit Frost really hard in the head, knocking him out.

Raythor: Are you ok?

Lillian: Yeah. But why did you save me?

Raythor (sighs): Because I'm an idiot.

Raythor explained everything to Lillian.

Lillian: So, you're trying to tell me that this group called the Legion of Doom is after the Heart of Earth, which is inside me?

Raythor: That's correct.

Lillian: Who even names their group the Legion of Doom anyway?

Raythor: Gorilla Grodd, apparently. Phobos and the ones allied to him are only a part of the Legion.

Lillian: How do you even know this? Unless… (gasps) you're one of them, aren't you?

Raythor: I'm not one of any group. I'm just a guy who made a bad mistake.

---

At the castle of the Oracle, Megan told us how evil and malevolent Phobos is.

Sora: You're kidding! Phobos is that evil?!

Megan: He is. Cornelia told me all the despicable acts that he's done.

Me: He is truly a monster. He's beyond pure evil and he makes even the Devil himself look like a saint.

Nico: That's why I vowed to be the one that would kill him.

Me: You'll get your shot Nico. We won't let Phobos get away with all the diabolical crimes he has done to both Candrakar and to Earth.

Hay Lin: He will pay for this.

Will: Caleb, I just want to thank you for everything.

Irma: Yeah! You've been a very good friend.

Cornelia (kisses Caleb): And the best boyfriend I've ever had.

Caleb (blushes): Aw! Thanks!

Taranee: We mean it. We couldn't have made it this far without you and the others' help.

Hay Lin: You were there since the beginning. And now, you get to see how it all ends.

Oracle: This will not be the end for your adventures, Guardians. But it will be the end of Phobos.

Me: And we'll send him off to the fires of Hell personally.

Hay Lin: After Phobos is done, do you all want to eat at the Silver Dragon for dinner?

Me: Good idea Hay Lin.

---

Phobos got word that Raythor betrayed him.

Miranda: Looks like Raythor decided to grow a conscience.

Frost: I should've known something was wrong. He talked about future plans to take out Grodd. But he was really talking about himself!

Taskmaster: Good to know that you don't have any plans to kill the boss. Because you know what happens to traitors.

Cedric: We have other problems to worry about. Raythor might warn those heroes about what our plans are.

Taskmaster: In my opinion, you should've taken out those Guardians and their pals when you had the chance.

Phobos: I hope that includes my dear sister.

Taskmaster: At the very least, you should've taken her powers when there was an oppurtunity.

Cedric: As I recall, that was the plan before. We should've made her restraints on her throne more durable.

Phobos: Not to worry, Taskmaster. We'll have Raythor taken care of before he can cause too much damage to our plans. (Sandpit and Gargoyle enter) Sandpit. Gargoyle. Raythor seems to have gone rogue. Find him.

Gargoyle and Sandpit left.

---

At the estate Stewie was keeping an eye on the place while we were away and then the alarm went off.

Stewie: Uh oh. We have trouble.

On the computer he saw Sandpit, Gargoyle and a Trickmaster Heartless was with them.

Brian: Looks like Phobos sent Sandpit and Gargoyle.

Stewie: Maybe we can get them to join us. Lets go Bri.

They went to the door and opened it.

They faced them.

Stewie (to Sandpit and Gargoyle): Hey. I just realized something. You two are only grunts to Phobos! So, I'm gonna give you two a chance to ditch him for us.

Sandpit and Gargoyle were easily convinced and they decided to join the Redemption Squad.

Ben: Let me take on this Trickmaster.

Ben turned into Bloxx.

Ben: BLOXX!

Shanan: Wow! A Segmentasapien from the planet Polyominus.

Bloxx: That's right Shanan.

Bloxx fired a missile block at the Trickmaster and blew it into a thousand pieces. It was really a robot.

Brian: That Heartless was really a robot.

Stewie: Very interesting form of technology that created it.

Shanan: No kidding. Lets go help dad out and destroy Phobos.

Brian: Lets get him.

Stewie: This is gonna be good!

Shanan used her Instant Transmission and they beamed over to Candrakar.

---

We were waiting for Phobos and his cronies. I sensed a bunch of energy signals coming.

Me: Here they come guys!

Nico: I can sense them.

Stewie, Brian, Shanan, Sandpit, Raythor, Gargoyle and Lillian arrived.

Cornelia: Lillian!

Lillian: Cornelia!

They were reunited.

Lillian: Cornelia why didn't you tell me I have these awesome powers?

Me: I guess Raythor told you.

Lillian: He did.

Cornelia: We wanted you to have a normal childhood.

Me: I guess the secrets out.

Cornelia: Lillian, please don't be mad.

Lillian: I'm not mad, Cornelia. I think all this is cool. But I wish you could've told me sooner.

Me: We'll explain all this later.

An explosion blasted through the wall of the castle and we saw Phobos and his cronies.

Me: Phobos the Terrible, at last we meet. And it'll be for the first and final time.

Nico: Hello Phobos.

Phobos: So all of Team Loud Phoenix Storm is here.

Me: That's right and we've come to kill you. Split them up guys and take them down!

Nico: Leave Phobos for me.

Me: Okay.

We did so.

Phobos: You're not going anywhere!

Taskmaster: What he said.

Me: Tony Masters A.K.A. Taskmaster, one of the most deadly assassins in the world that's known for his incredible tactical mind and photographic memory. Able to analyze his opponents weaknesses and moves in a split second.

Taskmaster: That's right. Very impressive J.D.

Raythor (sees Taskmaster): I see you didn't waste any time hiring my replacement.

Phobos: Fortune favors the prepared.

Raythor: You don't say?

Phobos: Lets kill them!

Taskmaster: Our combo should do it!

Phobos and Taskmaster: LASERBULLET ANNIHILATOR!

They both fired numerous energy bullets and they exploded on contact.

Photo: What a waste of our time.

Me: Don't get too confident Phobos.

When the smoke cleared we were in a force field dome.

Me: You're gonna have to do better than that. Take em down!

We split up and went at them.

---

Battle 1: Bleez, Eion, Taranee, and Frightwig vs Dark Miranda

---

Bleez, Taranee and Frightwig were facing the shapeshifter Miranda.

Eion: (In her head) I sense a spark of good inside Miranda. Phobos hasn't erased the light inside him. I might be able to save her with a little Havanian Magic. (Out loud) Miranda it's time for a major wake-up call. (Chanting an Incantation) Hevanan Gemtosa Mosneta

Ignito!

Eion fired a blast of fire dust and a pitch-black aura surrounded Miranda and out came another Miranda and she was pure evil. It was DARK MIRANDA!

Bleez (to Dark Miranda): Now that you're free from Miranda, we don't have to hold back!

Eion: Lets get her!

Eion fired a blast of fire at Dark Miranda and burned her and Taranee fired a blast of fire and burned her.

Frightwig pulverized Dark Miranda into dust with her hair and Bleez fired Red Lantern Energy blasts from her ring.

Bleez: Lets finish her with our combo Frightwig.

Frightwig: You got it Bleez!Frightwig flailed her hair and sent it at Dark Miranda and Bleez fired blasts of red energy.

Bleez and Frightwig: RAGE MACE PULVERIZER!

The red energy enveloped the balls on Frightwig's hair and turned them into powerful spike mace balls and they thrashed Dark Miranda into pulp.

Bleez: That takes care of that freak.

Miranda got up and she was purified.

Miranda: What happened?

Eion: I helped cure you of your evil side.

Miranda: That's right! Phobo's did this to me! He poisoned my mind with lies and evil and turned me into a monster! He will pay for this!

Eion: He sure will.

Bleez: Lets go help everyone out.

Frightwig: You got it!

Taranee: Lets go.

---

## Battle 2: Miranda, Raythor, Sandpit, and Gargoyle vs Robot Storm Rider Heartless

---

Miranda, Raythor, Sandpit, Gargoyle and Laney were facing the Robot Storm Rider Heartless.

Raythor: Sandpit! Restrain the Storm Rider with your sand!

Sandpit did so and held him down.

Miranda: Lets get him!

Miranda turned into a huge spider and Sandpit fired blasts of sand.

Miranda: SANDSTORM SPIDER STORM!

Miranda was covered in sand and she turned into a vicious spider and trounced the robot.

Raythor: Lets get him Gargoyle!

Gargoyle roared. They charged toward the robot.

Raythor: CANDRAKAR FIST PUNCH!

They both punched the Storm Rider Robot and knocked it down.

A black cat named Napoleon appeared and scratched the robot and knocked it out.

Lisa reprogrammed it and got it to only work for Miranda.

Miranda: That takes care of him.

Eion: Yep.

Raythor: Lets take care of the next robot.

Bleez: There's another robot?

Raythor: Yes. It looks like a Prison Keeper Heartless.

Stewie: Very strange.

Lisa: Lets go.

They went to the Prison Keeper robot.

---

Battle 3: Lasher, Phage, Toxin, and Scream vs Robot Prison Keeper Heartless

---

The Symbiote's were facing the Robot Prison Keeper Heartless.

Scream (punches the Prison Keeper): Better make sure the Prison Keeper doesn't swallow us.

Toxin: We won't let it.

Lasher: Neither will us.

Phage: Same here for us.

Scream: Combo time.

Lasher and Phage sent tentacles at the robot.

Lasher and Phage: SYMBIOTE TENTACLE KNOCKOUT!

The tentacles punched the robot.

Scream and Toxin did the same combo.

Scream and Toxin: SYMBIOTE TENTACLE KNOCKOUT!

The tentacles knocked him down.

Miranda reprogrammed the robot and they went to fight Cedric.

## Battle 4: Irma, Giganta, and Harley Quinn vs Cedric

Irma, Giganta, Harley Quinn and Edzilla were facing Cedric.

Cedric: Our long feud ends today, Guardians!

Irma: Feud? I thought we had a healthy give and take. Man, have we misread this relationship.

Cedric: Miranda! Get those Heartless attacking the right targets!

Miranda: In my opinion, they are attacking the right targets.

Cedric (angrily): You backstabbing traitor!

Miranda: Don't blame me for how things are turning out. You were the one who game access to two robotic Heartless. You practically begged me to betray you. I just took the opportunity that was presented to me.

Edzilla: ED SMASH SNAKE MAN! (bites Cedric's tail)

CRUNCH!

Cedric screamed in pain.

Ben turned into Humongosaur.

Ben: HUMONGOSAUR!

Humongosaur pounded Cedric all over the place and bruised him up really good.

Irma fired blasts of water and ice and skewered and soaked Cedric.

Giganta: Combo time!

Harley Quinn: You got it!

Giganta grew to 150 feet tall and Harley Quinn had a spiked hammer ready.

Giganta and Harley Quinn: GIANT HAMMERFIST SMASH!

Giganta's fist and Harley Quinn's hammer were enveloped in energy and it slammed into Cedric with devastating force and Giganta ripped off Cedric's head and Edzilla pulverized and smashed Cedric's body to mush!

Giganta: I think you got him Ed.

Edzilla: Puny snake man.

---

## Battle 5: Cornelia, Calypso, and Cheetah vs Frost

Frost (to Cornelia): I'm gonna take my time with you. Peel you like a banana!

Calypso (tackles Frost): You have the right to remain slient!

Frost (kicks her off): And you have the right to smell my feet!

Megan fired a blast of cosmic lightning at Frost and electrocuted him.

Cornelia fired a blast of Earth at Frost and pulverized his head in.

Cheetah: You are completely disgusting Frost. Combo time.

Calypso: Right!

Calypso and Cheetah ran at Frost on all fours.

Calypso and Cheetah: PRIMAL LION FORCE!

They turned into a lion of pure energy and it slashed apart Frost and killed him instantly!

Calypso: The hunter has been made the hunted.

Cornelia: You deserve only Hell.

---

Battle 6: Hay Lin, Fuzzy, Scuzzy, Wuzzy, and Cuzzy vs Tracker

Next was Tracker.

Fuzzy (to Tracker): You are one ugly guy!

Hay Lin: He sure is Fuzzy. And he's not that much of a gifted speaker.

Wuzzy: Lets get him uncle Fuzzy!

Fuzzy: Yeah!

Fuzzy, Wuzzy, Scuzzy and Cuzzy fired their meat rays.

The Lumpkin's: MEAT RAY ANNIHILATOR!

The rays hit him and turned him into sausages and Hay Lin fired a blast of air and sent the sausages into an erupting volcano and incinerated them.

Hay Lin: That's it for him.

---

Battle 7: Clawful, Matt/Shagon, and Ultra Humanite vs Houndoom.

---

Clawful, Shagon and Ultra Humanite were facing a Houndoom.

Clawful: (to Houndoom) Um… nice doggie!

Shagon: That's a Houndoom.

Ultra Humanite: It appears that Gorilla Grodd has been helping the villains we face with some Pokemon.

Shagon: Nico would like this Pokemon.

Shagon fired his laser vision at the Houndoom.

Ultra Humanite: Lets use our combo on him.

Clawful: Right!

Clawful fired a bunch of lobsters and Ultra Humanite fired a net.

Clawful and Ultra Humanite: LOBSTER NET RESTRAIN!

The net pinned down Houndoom.

Shagon: That oughta hold him for Nico to catch.

## Battle 8: Caleb, Stalker, and Kraven vs Taskmaster

Taskmaster was proving to be quite a challenge for Caleb, Stalker and Kraven.

Taskmaster (dodges Caleb's sword strike): Nice moves. Where'd you learn them?

Caleb: Years of rebel training.

Taskmaster: Years for you. Seconds for me.

Taskmaster then hit Caleb with the same sword strike that he dodged seconds ago.

Vathek: Where'd you learn that move?!

Taskmaster: From your buddy over there. These moves too.

(slashes at Vathek)

Aldarn: Haven't you heard that copying is cheating? (tries to punch Taskmaster)

Taskmaster (blocks punch): I call it winning!

Caleb was fighting Taskmaster.

Taskmaster: There's no move I can't match, Kraven. Yours. Stalker's. Even pretty boy's over there.

Caleb (offended): Who're you calling a pretty boy?!

Stalker: Lets use our combo Sergei.

Kraven: You got it Comrade Stalker.

They went at Taskmaster.

Stalker and Kraven: WOLF PACK HUNTER!

They became a huge wolf pack made of pure energy and went at Taskmaster and just as he was about to jump over the energy wolf pack, Caleb punched him in the back of the head and the energy wolf pack trampled him. He was knocked out.

They stripped him of his weapons and restrained him with magic. They threw him into the Meridian Prison for eternity.

Aldarn: Congratulations, Taskmaster. You're now the first and probably only human prisoner here.

Caleb (smugly): How's that for a pretty boy, huh?

Taskmaster: You think it's wise to lock me up with all these morons? You might not have any prisoners left when you return.

Caleb: We'll see.

They went to go help beat Phobos.

---

Battle 9: J.D., Nico, Will, Elyon, Breach and Ace VS Phobos

---

Nico was looking at Phobos with incredible hatred and vengeful justice.

Nico: You don't have any honor, do you?

Phobos: Honor is overrated. In the real world, you do whatever it takes to come out on top!

Me: You're a monster Phobos. That's why we're going to kill you and send you off to Hell where you belong.

Phobos: What's the matter, Vandom? For the first time in your life, are you incapable of retorting with a clever quip? How appropriate that I would can render the keeper of the Heart of Kandrakar speechless!

Will (grins): Actually, Phobos, I was kind of stunned by how bad your breath smells! Seriously, you should invest in breath mints. Or toothpaste. And while we're at it, try looking into dental floss. It really helps the teeth. Although, they might not make it in Meridian.

Phobos (growls): Of course, as soon as I mention it… But no matter! Once I'm finished with you, I'll never have to deal with any of your insults again! And then, the whole universe will be mine for the taking!

Me: We won't let that happen you tyrant.

We looked at Phobos with overwhelming justice.

Nico: You seem to delight in seeing other people suffer! (Aura flares up) And you treat life like a disposable commodity! (Flashbacks to all the events where Phobos destroyed numerous lives) You destroy homes, you take the lives of so many innocent peace-loving people, you enslave others to do your dirty work, you even take the lives of children. And all of this for your own amusement or personal gain. (Flashbacks end) Well, NOW IT'S YOUR TURN! For everyone who's lives you senselessly slaughtered, I AM GOING TO FINISH

YOU!

Nico then went Super Saiyan 4 and he was ready to fight.

Me: You will now pay for your crimes Phobos!

I go Super Angel 10,000.

Elyon: Our bond has officially been forever severed you tyrant! The Guardians and Team Loud Phoenix Storm are my true brothers and sisters and they are much better siblings than you will ever be in 10,000 lifetimes.

Nico: Get ready Phobos. Your time has come!

Nico flared up his Super Saiyan 4 aura and his muscles bulged with power.

Nico: No more! No more! (GROWLS) NOW YOU WILL KNOW THE HORROR! PHHOOOOBBBOOOOOSSSSS!

He flew at Phobos with incredible speed and punched him in the face with devastating force and he went at him again and grabbed him and broke his back on his leg and plowed him into a building near the castle with devastating force. Phobos then exploded out of the rubble and he was infuriated and his clothes were all shredded and torn up. Phobos flew into the air and stood ready to face him. Nico teleported behind him an grabbed Phobos.

Nico: You've tormented this realm for far too long Phobos.

Suddenly Nico and Phobos were enveloped in a vortex of fire.

Nico: NUOVA SPHERE!

They were encased in a ball of fire and it went up into the sky. We saw the huge ball of fire in the sky swirling around and the heat coming off of it was incredible.

Inside the ball of fire Nico had Phobos trapped.

Phobos: (Echoing) Let me guess, your plan is to hug me to death.

Am I right?

Nico: (Echoing) You don't have any idea what I'm capable of Phobos and if you think you can just walk right out of here, then be my guest.

Nico let go of Phobos and chains made entirely of pure fire wrapped around him and held him in place.

Nico: You are a malevolent tyrant, and an honorless beast and you care about no one other than yourself. That's why I swore to kill you and end your reign of terror before it even begins.

Phobos: YOU WRETCH! I will get out of this and kill you!

Nico: I'd like to see you try. But the only one who's about to become charcoal is you!

Nico snapped his fingers and then the ball of fire exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The power of the explosion was so powerful and so devastating that it rained down fire onto the castle and I protected everyone in a powerful force field. When the explosion vanished Nico landed and he was protected in a powerful ball of fire.

Phobos crash-landed on the roof of a building and he was a nasty burned husk. He was all black and torched.

Miranda had the Heartless robots ready.

Elyon: Those two robot Heartless got hit with combos and they're still standing!

Miranda (takes out remote): Don't worry. I've got that all taken care of. (presses button)

With that, the Prison Keeper and Storm Rider paused and then began to attack Phobos' foot soldiers.

Phobos got up and smoke was coming out of his body.

Me: He is a strong fighter I'll give him that.

Phobos: I WILL KILL YOU!

Phobos tried to punch and kick Nico but he was dodging all his attacks like they were nothing. Nico then punched Phobos and he crashed into a building.

Nico: Prince Phobos, you have failed this universe! (fires ice beam at him)

It froze his leg and turned it into ice.

Nico: Now you will pay another price.

Nico raised his hands into the air.

Nico: Everyone! Share your energy with me!

Nico was gathering energy for the Spirit Bomb!

He gathered enough energy into his hand and formed a small blue ball and fired it at Phobos.

Nico: SPIRIT BOMB!

Phobos got up out of the rubble and saw the Spirit Bomb coming and he got hit by it and it exploded and sent him flying into the air in a huge blast of energy as he was being ripped apart from the inside by it.

When the blast faded Phobos' lacerated body crashed into the ground and he was badly beaten.

Phobos was weakened and badly injured.

Nico: How the mighty have fallen.

Phobos belched up a huge amount of blood. We landed by Phobos.

Breach: Phobos you are a monster.

Breach kicked him into the air.

Elyon fired a time ray and it hit him in the chest and aged him.

Breach: Combo time.

Ace: You got it.

Breach fired numerous portals and Ace used her reality warping powers.

Breach and Ace: PORTALS OF DARK FEAR!

Phobos was sucked into the portals and he saw monsters of such indescribable horror.

Nico formed Frost Giants and they went at Phobos and they pulverized him and slashed at him.

Phobos crashed onto the building again.

Nico: Didn't expect that did ya? That was one of Loki's powers. Here's another one.

Nico formed 2 pumpkin bombs and he threw them and they exploded when they hit Phobos.

KABOOM KABOOOM!

Phobos was on his last legs.

Nico: Didn't expect that did you? It's kind of ironic that I would be using the powers and abilities of the very people that freed you.

Phobos got up and he was really enraged.

Phobos: YOU! I HATE YOU!

Nico's aura flared up at an incredible intensity.

Nico: Thanks for the power boost.

Will: We've had it with you Phobos. This time you are a dead man!

Final Smash Time!

Everyone else came.

Clawful: Me first! LOBSTER DEATH PINCH!

Clawful fired a stream of water with lobsters in it and they pinched Phobos all over the place.

Will: My turn! CANDRAKAR LIGHTNING BLAST!

Will fired a massive blast of pink lightning and it hit Phobos and electrocuted him.

Suddenly Lillian was enveloped in an orb of rainbow light and she was now changed into a Guardian.

Lillian: What happened!?

Me: Lillian you are now a Guardian of Candrakar like your sister.

Lillian: I am?

Cornelia: You sure are.

Megan: I was shocked when I became a Guardian myself.

Lillian: Cool! What powers do I have?

Lillian held out her hand and she fired a beam of rainbow light and it hit Phobos and burned him.

Me: It looks like you have the powers of Light.

Nico: This is gonna be the end of you Phobos. Guardians lets use our ultimate final smash.

Will: You got it Nico!

Me: Lets get him girls!

Nico charged up a Kamehameha Wave.

Me: Lets do it!

(W.I.T.C.H. Theme song plays)

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Elyon: Time!

Megan: Space!

Lillian: Light!

We fired elemental beams into the Kamehameha blast and it turned into a rainbow energy wave with the elements of nature swirling around it.

Nico and the Guardians: GUARDIAN UNITY KAMEHAMEHA!

Nico fired a massive Rainbow Kamehameha Wave and Phobos saw it coming and he knew that his death has come.

Nico: Feel the power of the Saiyan Race and the Guardians of Candrakar and perish!

The blast enveloped Phobos and completely obliterated him in an instant.

The blast went up into space and vanished harmlessly.

Nico powered down and he wasn't in the least bit exhausted.

Me: It's over guys. Phobos is now officially dead.

Then Phobos' spirit appeared.

Nicole: You will never terrorize our universe ever again you tyrant. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Phobos was sucked into the Book of Vile Darkness.

Phobos: DAMN YOU TEAM LOUD PHOENIX STORM!

Me: Go to Hell and stay there you son of a (Censored)

Elyon: Good bye "Brother."

Nico: It's over guys. He's dead.

We cheered wildly.

Miranda came up to Elyon and she was crying hard.

Miranda: Elyon. (Crying hard) I'M SO SORRY!

Elyon hugged Miranda as she was crying.

Elyon: It's okay Miranda. Just let it out. Let it all out.

Nicole: Poor girl.

* * *

We went back to Earth and had a nice awesome dinner at the Silver Dragon. Before we got home Nico caught the Houndoom and he has his first ever Dark Pokemon. It was good food and we also explained to Lillian what the powers of the Guardians can do and more and she was amazed and shocked. Napoleon, Lillian's pet cat and familiar was with us.

Me: So you see Lillian you are the Heart of Earth and you have the power to warp and change reality. Not only that but you have the powers of Light as a Guardian of Candrakar. But you can't let these powers go to your head. With Great Power comes a Great Responsibility.

Lillian: I'm gonna need a lot of training because I have so much to learn.

Cornelia: I can help you sis.

Lillian: Thanks sis.

Luan: I can teach you how to use your powers too because I have light powers myself.

Lillian: Thanks Luan.

Luan: It's really en-LIGHT-ening. (Laughs to rimshot) Get it?

We laughed at Luan's joke.

Me: (Laughs) That was a good one Luan!

Eddy: (Laughs) That was funny!

Varie: (Laughs) Good one!

Irma: (Laughs) Good one Luan.

Will: (To the Viewers) Nobody likes a tyrant and only death with be what a tyrants fate will be.

Lincoln: You said it Will.

DBZ NARRATOR: AND WITH ONE LAST BLOW, PHOBOS HAS NOW BEEN LAID TO REST. TEAM LOUD PHOENIX STORM HAD SAVED THE UNIVERSE FROM HIS WICKED REIGN. NEVER AGAIN WILL PHOBOS TERRORIZE THE WORLDS OF THE UNIVERSE AGAIN. MORE ADVENTURES AWAIT FOR TEAM LOUD PHOENIX STORM. STAY TUNED.

THE END

Another Fanfiction Complete.

Phobos was the most despicable tyrant in the W.I.T.C.H. universe and the only fate worthy for him is death. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# No More Hook

It starts at the estate. We were watching Peter Pan from Disney.

Aqua: Peter Pan is an awesome kid.

Me: He may be a kid Aqua but he has a lot of skill and talent.

Lincoln: He sure does.

Riku: Just so you know guys, Wendy was not one of the 7 Princesses of Heart so I didn't kidnap her.

Me: Well that's a relief Riku. But you were under the dark influence of Maleficent.

Maleficent (2014): (British Accent) I can't believe that my evil twin was that evil.

Me: She was pure evil Maleficent.

Kairi: (To the Viewers) It's confusing having a Maleficent here that is a good one. The one we know all too well was pure evil personified.

Me: You got that right Kairi.

We watched Captain Hook get launched by Tick-Tock the Crocodile and he skipped across the water like a stone.

Me: That was so funny. You guys want to know something?

Sora: What is it J.D.?

Me: I met Captain Hook when I was 5 and I beat him and this is exactly what happened to him in the end.

Lana: Oh that is so cool J.D.!

Lola: I didn't know you beat Hook a long time ago J.D.

Me: I was only half of Hook's height back then.

Lori: That is literally amazing J.D.

Me: It sure is.

Sora: And just looking at Neverland makes me feel like a kid again.

Me: It makes us all look like kids again. Even though some of us are technically still kids.

Vince: That is true.

Ventus: It is. I faced Hook before and got him nearly eaten by the Crocodile.

Me: I guess great minds DO think alike Ventus.

Lincoln: I don't get it J.D. What is the difference between Peter Pan here, Peter Pan in Peter Pan 2 and Hook with Robin Williams and Dustin Hoffman?

Me: That is an easy one Lincoln. Peter Pan here takes place in 1900, the Peter Pan Sequel takes place during World War II during the Blitz and lastly Hook takes place in 1991.

Lori: So a 91 year span of time.

Me: That's right.

Lisa: That is a very interesting mystery in terms of scientific understanding.

Me: No kidding Lisa.

Sora: Hey guys I've been thinking. We're all Keybladers right?

Me: Yeah.

Sora: Well I was thinking that maybe we can become a team like you guys in Team Loud Phoenix Storm.

Me: That's a good idea Sora. Hmm. How about this for you guys?

We call you all Team Light Key.

Everyone agreed.

Kairi: That's a great idea J.D.

Riku: I like that name.

Goofy: Gawrsh that's a perfect name for us.

Donald: It sure is Goofy.

Mickey: I agree with it.

Elena: Team Light Key. I like the sound of that.

Xion: Me too.

Melody: I like that name.

Lea: It really fits you all perfectly.

Ariel: That is a great idea J.D.

Me: Then it's settled. Team Light Key is born. Lets go to the simulator for an exercise.

Lincoln: Lets do it.

Kairi was now in her newest KH3 outfit.

* * *

In the Simulator, Me, Lincoln, Earth and Team Light Key were doing an exercise.

Venom: This is gonna be awesome guys.

Linka: Wonder what they're gonna do?

Lynn: We're about to see.

The Simulator activated and we found ourselves in London, England in the year 1900.

Me: We're in London, England 119 years ago.

Lori: It sure is different from what it is in 2019.

Lincoln: No kidding. It sure was different than the city Luna likes.

Earth: No kidding.

Then we saw the infamous pirate ship of Captain Hook flying over the city!

Me: That's Hook's pirate ship!

It was right over the Darling House and then it flew away from the house almost as fast as it appeared.

Me: Lets go!

We went to the Darling house and we saw 2 kids crying.

Sora: I know those faces.

Goofy: Gawrsh it's John and Michael Darling.

Sora: Hey you guys.

John and Michael saw then.

John: Sora, Donald, Goofy!

They came and hugged them.

Michael: It's been so long.

Sora: It sure has.

John: It's great to see you all again.

Donald: Same here.

Sora: These are our friends.

Me: It's a pleasure to meet you both. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

We introduced ourselves.

John: It's a pleasure to meet you all J.D.

Michael: Same here.

John: Captain Hook kidnapped Wendy.

Me: We saw. We're gonna head over to Neverland to save her.

Lincoln: And this time we're gonna kill Captain Hook.

Kairi: I got an old score to settle with Captain Hook. He is one of the bad guys that helped kidnap me for a diabolical plot that nearly destroyed the universe.

Sora: I remember that Kairi.

Me: I didn't know you had some unfinished business with Hook. Lets go guys.

John: Wait. Me and Michael can't fly like you all can.

Me: I have the answer to that.

I pull out a bag of fairy dust.

Me: This is fairy dust and my daughter Brittney used her magic to make it permanent.

John: That's amazing!

Michael: We can fly forever?

Me: You sure can.

I take some out of the blow it onto them.

Me: You know what to do guys.

They thought of a happy thought and they were floating and then flying.

Me: That is so awesome!

Lincoln: It sure is!

Earth: This is awesome!

Sora: I'll always love flying.

Aqua: Me too Sora.

Kairi: I love flying just as much as J.D. and everyone else does.

Me: Thanks Kairi. Shall we head out?

Everyone cheered.

Me: Lets fly!

We spread our wings and set out for Neverland. I knew the story of Peter Pan by heart and it was easy to find. I looked at the sky and saw the star that lead to Neverland.

Me: There it is guys. 2nd star to the right, straight on till sunrise.

Lincoln: That's it.

We flew on towards the star and 6 hours later at Sunrise we arrived in Neverland. It was a magnificent and beautiful island.

Me: Wow!

Sora: Neverland. It's just as beautiful as I remember.

Kairi: It sure is breathtaking.

Riku: I would call this an island paradise.

Goofy: Me too.

John: We have to find Wendy.

Me: I know where she is. Lets gather the Lost Boys and prepare for battle.

We went into the forest and gathered the Lost Boys together and we prepared for battle and made all kinds of makeshift weapons and more. We met Peter Pan and he was an amazing guy. Sora, Donald and Goofy were reunited with him and it was a great reunion.

Me: Peter it's such an honor to meet you. You are widely known all over the world.

Peter: Thanks J.D. We heard so many good things about you all and how you killed Xehanort.

Me: That's right Peter. If we hadn't stopped Xehanort he would've ultimately destroyed the entire universe and we couldn't let that happen.

Peter: That's true.

Riku (to Peter Pan): Look, I know that I kidnapped Wendy before. But I wasn't in my right mind at the time. Maleficent manipulated me into doing that. And for that, I'm sorry.

Peter: It's all right Riku. I knew all along that Maleficent was controlling you against your will.

Riku: You did?

Peter: Sure. I know it wasn't your fault and that Maleficent did this to you.

Me: That's right and then she paid the ultimate price for her crimes. We'll face Hook and when we give the battle cry, you all attack.

Peter: You got it J.D.

Kairi: I got an old score to settle with Hook.

Me: Same here. Lets get him.

We set out for Hook's ship.

---

Captain Hook was thinking of new ways to go after Peter Pan.

Captain Hook: I'll never forgive that Peter Pan for what he did to me! I will kill him if it's the last thing I ever do!

Me: I think he should've killed you as well.

Hook saw me.

Captain Hook: And who are you?

Me: You may not recognize me but I remember what I did to you 12 years ago. I was only 5 when I sent you flying across the ocean like a skipping stone.

Captain Hook recognized me.

Captain Hook: What!? You are that little brat!?

Me: That's right and I've grown since then. My name is J.D. Knudson. And these faces you might know.

We stood and faced him.

Captain Hook saw Riku.

Captain Hook: You!

Riku: That's right.

Hook (to Riku): How pathetic, Riku. I heard that you joined a team that's similar to you. But I don't seem to see them anywhere.

Me: That's right. Because they couldn't join us this time.

Hook (to Riku): You don't know how long I've waited to kill you, Riku!

Riku: Are you still mad that I bossed you around?

Hook: What do you think?! Maleficent might have been ok with you going with me. But if it were up to me, I never would've put up with your disrespect on my own ship! (sees Ventus) And it looks like you have Ventus with you as well. I still owe him payback for almost getting me killed by that crocodile!

Ventus: This time, I'll make sure that happens! You don't have the Heartless to help you anymore.

Hook: I don't need them to kill the likes of you!

The pirates came out with their swords ready.

Riku: I wonder what William and the others would do in this situation.

Lincoln: Well, Venom would probably eat the heads of several pirates, Maria would merge with the water for a better advantage, Elena would zap the pirates into oblivion, Stewie would vaporize them and use his small size to his advantage as well as other violent methods, and William would take on Hook alone.

Me: BANGARAAAAAAAANNNNNGGGGGGG!

Lost Boys: BANGARANG!

The Lost Boys came and went at the ship and it was a vicious assault. We were slashing some of them apart. The Lost Boys came from all angles and even from their own ship with an Anti-Hook Flag they made.

Lost Boys: BANGARANG!

Captain Hook grabbed Smee.

Captain Hook: Call out the village militia! We need every last man!

Smee rang a bell and all the pirates were coming.

Me: Lets dance (Censored) for brains!

We went at the pirates and slashed some of them apart.

Me: Form Ranks!

We stood ready to fight.

Captain Hook: FORM RANKS!

Me: Get ready to show them the white light we made them boys!

Captain Hook: Remember the Fires from Hell that forged you! CHAAAAAAAARRRRRRGGGGGGGEEEEEEEE!

The pirates charged at us.

Me: NOW!

The lost boys reflected the Sun's light and it blinded some of the pirates.

Pirate: Oh me eyes! Me eyes! I'm blind!

Peter: We'll show you who's chicken! Watch this!

A lost boy came with an egg bazooka and it fired eggs at the pirates and disgarded the shells. Another Lost Boy fired gumballs at some charging pirates and they slipped and crashed to the floor of the ship.

Me: Lets kill some pirates guys!

We went at the pirates with our swords and Keyblades ready and Kairi, Lincoln and Earth went to face Hook.

Kairi: Hook!

Captain Hook saw Kairi.

Captain Hook: And you are?

Kairi: You may not remember me. But I am Kairi. You helped Maleficent kidnap me and I have a score to settle with you.

Captain Hook: So it is you. You have changed a lot.

Kairi: And I'm not the same as I was back then as I am now.

Kairi called out her Keyblade and Hook was shocked.

Captain Hook: You're a Keyblade Wielder!?

Kairi: That's right. Lets dance.

They went at each other and engaged in a deadly sword fight and Kairi was putting up a really good fight. Sparks were flying everywhere and setting some of the boat on fire.

Hook (to Kairi): You're putting up a fight this time. I like that!

Kairi: I'm full of surprises.

I swooped in.

Me: Captain James Hook you have failed this island! (I slash his face)

Captain Hook was bleeding from his cheek.

Me: Those are from the immortal words of one of my best friends Nico.

Lincoln kicked Captain Hook and slashed his chest. He fired a blast of lightning at the pirates and electrocuted them.

Hook (to Kairi): Maleficent's biggest mistake was ever allowing you and your friends to live!

I kicked Captain Hook in the face.

Me: Actually the Biggest Mistake was allowing YOU to live!

Kairi: And Maleficent paid the ultimate price for her crimes.

Aqua went down into the ship and she went into the hold and was slashing apart and blasting apart pirates left and right. She got to the door and slashed some pirates and opened it and she found Wendy Darling.

Aqua: Wendy are you all right?

Wendy: Aqua!

They hugged.

Wendy: I thought you were dead!

Aqua: No I was alive this whole time and I was saved from the Realm of Darkness by J.D. Knudson.

Wendy: Thank goodness you're okay.

Aqua: Thanks Wendy.

Wendy then was enveloped in a blinding flash of light and she had become a Keyblader! She had a sparkling dark blue coat over her blue dress with a crown broach and she had a purple ribbon tied on her right ankle and a magenta ribbon tied onto her left ankle and she had black shoes. She had an awesome Keyblade called Eternal Youth.

Aqua: (Gasp) Wendy you're a keyblader!

Wendy: I sure am Aqua. And I have so much to learn now that I am one.

Aqua: I can teach you. I am one of the legendary Keybladers.

Wendy: That's what I heard.

Aqua: Lets go help out.

Wendy: Right.

They went to join the fight. We had the pirates on the run.

Ventus saw Smee escaping.

Ventus: Smee wait!

Smee stopped.

Ventus: Smee, is there any reason why you're still with Hook?

Smee: Well, the Captain has always been like a father to me.

Sora (sarcastically): Yeah, because any father would abuse someone because of an unhealthy obsession.

Smee: Not only that, but I always try to keep the Captain calm whenever he's angry about losing to Peter Pan.

Riku: Well, that's probably going to be in vain. Because as soon as Hook gets what he wants, he's probably going to get rid of you.

Ventus: Time for some combos boys!

Sora: You got it Ventus!

Sora and Ventus fired a blast of light at some pirates.

Sora and Ventus: LIGHTFLAME SWORD SLASH!

The blasts of light combined and turned into a deadly light sword and it slashed the pirates into pieces.

Sora: Lets get him with our combo Riku!

Riku: You got it Sora!

Sora fired a blast of fire and Riku fired a blast of Dark Fire.

Sora and Riku: DARK FLAME INCINERATOR!

The blasts of fire combined and turned into a huge wave of fire that swept over the village and burned all the pirates to ash.

Ventus: Final Smash time! LIGHT OF THE KEY!

Ventus fired a barrage of light beams at the pirates and they skewered many pirates all at once and reduced them all to ashes.

The Lost Boys and us had the pirates beat.

Lincoln: Combo Time Earth!

Earth: You got it Linky!

Lincoln fired a blast of lightning and Earth fired a blast of water.

Lincoln and Earth: PHANTOM MAELSTROM STORM!

The blasts combined and turned into a ghostly whirlpool and it blew Hook into the air.

Hook: I suppose this is the part where you have your pet symbiote eat me.

---

In the Control Room

Venom: WE'RE NO ONE'S PET!

Varie: He'll get what's coming to him Venom.

---

Kairi: Time for my Final Smash! SWAN LIGHT SKEWER!

Kairi sprouted swan wings and flew at Hook and her Keyblade had a sword of light form and it stabbed Captain Hook all the way through his chest.

Kairi just stabbed Hook through the ribs with her Keyblade.

Hook (starts to bleed): Ha! You missed my heart!

Kairi (smirks): Actually, I chose not to stab your heart. After all, Tick Tock likes his meat nice and warm.

Captain Hook: What?

The ticking of a clock was heard and his face and mustache was twitching as he knew what was coming. We saw Tick-Tock the Crocodile in the water and his eyes and tail were bobbing as the clock inside him was ticking.

Kairi: You hungry boy?

The crocodile licked his snout and nodded.

Captain Hook was too weak to fight back and he fell off the Keyblade and went into the Crocodile's mouth.

CHOMP!

The Captain was now lunchmeat for Tick-Tock the Crocodile.

Me: Enjoy the darkness of Davy Jones Locker you scurry sea dog. (Laughs) Pirate talk.

Peter Pan: That's it for Hook.

Me: Yep. Peter how long ago did you chop off his hand?

Peter Pan: That is a question I haven't been asked in a long time. It was back in the 1700s in the year 1725.

We were shocked.

Me: That was 294 years ago!

Kairi: So you're over 300 years old!? Amazing!

Lincoln: So Neverland really IS the land of Eternal Youth!

Earth: The Legend really IS true!

Sora: I'll say!

Smee: Good-bye Captain.

Earth: Smee, how would you like to work with us? We'll treat you much better then Hook ever did. We'll even pay you.

Smee: Thank you Earth!

Smee was now the curator of our museum and he was getting a good pay roll.

Tick-Tock the Crocodile now lives with us in Lana's jungle greenhouse and we got that clock out of him to avoid having us go crazy. The world of Neverland now lives in orbit around the Land of Departure. Tink now lives with Laney and Peter Pan visits her every now and then. I kept Hook's hook as a trophy after Tick-Tock spit it out,

THE END

Another Fanfiction Complete.

Peter Pan has always been one of my favorite stories ever since I was a little kid. I loved the movie from 1991 Hook and Robin Williams, Bob Hoskins, Dustin Hoffman and Julia Roberts did a great job in that movie back then. It was so awesome and funny! NicoChan11 gave me the ideas for this one. Thanks man as usual. Another Disney Villain has now bit the dust. Let me know what you all think.

See you all next time.

# The Long Hair From The Sun

It starts with us in the Living Room. We were watching the movie Tangled from 2010. It was the story about the princess Rapunzel and it showed that she was kidnapped by an evil witch that Lola knows named Gothel and how she was using Rapunzel for Immortality. All she had to do was sing a song and it would activate the power of a flower inside Rapunzel that came from the Sun.

Me: I can't believe that Gothel wanted Rapunzel all for the flower inside her.

Lola: Me neither and it's times like these I'm glad I killed her.

Me: Me too Lola. You were a true angel of justice then.

Lola: Thanks J.D.

Lana: I'm proud of you sis.

Lila: Same here.

Me: Gothel is one of the most evil villains in the Disney universe.

Varie: She sure is and I have a strong feeling that there are other versions of Gothel still alive out there.

Me: Me too Varie.

Sora: We never fought Gothel as she was turned into a Heartless and we destroyed her in the form of a Grim Guardianess.

Me: That must've been a challenge.

Sora: It was J.D.

Kairi: I'm glad I wasn't there when that happened.

Me: Me neither. Killing Xehanort was more than enough.

Laney: Yeah.

Me: Lola do you like Rapunzel with long blonde hair or short brown hair?

Lola: It doesn't matter to me J.D.

Me: Yeah I can go either way. It doesn't really matter to me.

Lynn: Well said J.D.

Elec Man: Either way all villains always get their just desserts.

Me: Agreed.

We continued watching the movie and we saw Gothel fall do her death and she disintegrated as a pile of dust when she hit the ground.

Me: WOW!

Elyon: When her source of immortality was taken away from her, time caught up to her really fast and she disintegrated into dust.

Me: And now the Grim Reaper has finally claimed her life.

Grim: (Jamaican Accent) True to that mon.

Mandy: I'm impressed she was able to live for so long because of that flower.

Me: Yeah. And she was also killing Rapunzel in the process.

Lori: That woman is literally a monster.

Leni: Totes.

Mega Man: I think it would be cool to go to the world of Rapunzel and kill Gothel ourselves.

Me: Good idea Mega Man. Lets head into the Simulator.

We did so.

We went into the Simulator.

Venom: This is gonna be really interesting.

Rachel: It sure is Venom.

The Simulator activated and we found ourselves in the world of Rapunzel by the village of Corona. It was a beautiful city at the pinnacle of prosperity and it was a magnificent kingdom.

Laney: Wow! Corona is a beautiful kingdom.

Lola: It sure is Laney. I brought Rapunzel back the last time I was here.

Lisa: Actually Lola that was in a different timeframe of the Rapunzel universe.

Lola: Oh.

Me: We can transfer the memories of that universe here to this Rapunzel.

Lola: Good idea. I can do it.

Me: Okay Lola. Since you know where her tower is lead the way.

Lola: Okay.

Lola did so and she lead us into a beautiful forest and it was amazing. We saw lots of beautiful plants and lots of beautiful animals.

Rachel: Wow! So many beautiful plants and animals.

Me: There sure are Rach.

Lincoln: I would love coming here on vacation someday.

Me: Me too Lincoln.

Laney: Same here.

Lynn: (Sees something) What's that over there?

We go over and we saw a wanted poster.

Me: It's a wanted poster of Flynn Rider.

Lori: "Wanted Dead or Alive. Flynn Rider." Why would they want him caught?

Me: From what I remember he stole a crown from the kingdom.

Suddenly someone crashed into me and just by sheer coincidence it was Flynn Rider.

Me: Ow. (Gasp) Flynn Rider!

I saw the crown on the ground and it was a beautiful gold crown with diamonds, rubies, sapphires and pearls. I pick it up and it was a beautiful crown.

Me: Wow. What a beautiful crown.

Luan: It sure is a Golden marvel. (Laughs) Get it?

Some of us laugh while the rest sigh.

Me: (Laughs) That was a good one Luan.

Rachel: (Laughs) That was funny.

Lola: That is a magnificent crown.

I put the crown on Lola's head.

Me: Now you look like a true princess Lola.

Lola: Thank you J.D.

Me: One sec.

I pull out my phone and take a photo of Lola with the crown on and it turned out beautiful.

Me: What do you think Lola?

Lola saw the photo and she gasped in amazement.

Lola: I look amazing!

Lana: Excuse me while I go barf.

Laney: Lana!

Lana: Sorry.

I take the crown back.

Flynn got up.

Me: Flynn are you okay?

Flynn: I think so. Who are… (Gasp) I know you! You're the famous J.D. Knudson! You killed Xehanort and destroyed all of the Heartless and Organization XIII.

Me: That's right. It's a pleasure to meet you Flynn.

Flynn: Same here. Sora, Donald, Goofy, Mickey, Riku, Kairi it's great to see you again.

Sora: You too Flynn.

Goofy: Gawrsh how have you been?

Flynn: Been doing great Goofy.

Donald: It's been a long time Flynn.

Flynn: It sure has Donald.

Me: These are my friends and fiancés. We're all part of a superhero team called Team Loud Phoenix Storm.

We did introductions.

Flynn: It's an honor to meet you all.

Leni: It's totes an honor to meet you too Flynn.

Me: We're on our way to rescue Rapunzel. The lost princess that disappeared years ago.

Flynn: That's interesting.

Me: You want to join us?

Flynn: Sure J.D.

We continued on and we were going through a cave and it was a beautiful cave. It had lots of features. When we got out of the cave we saw the tower. It was a lone tower with a purple roof castle and a single window near the top and the bottom entrance was blocked off.

Me: So that's the tower.

Laney: It's just a lone tower sitting out here all by itself.

Me: I know. Looks like Mother Gothel blocked off the entrance with rocks to prevent Rapunzel from escaping.

Flynn: She must have.

Me: Okay. I'm going in. You all stay out here and keep an eye out and make sure that Mothel Gothel doesn't show up.

Lori: You got it J.D.

Me: Okay.

I spread my wings and flew up into the tower. The inside of the tower was just a single room tower.

Me: Wow. This tower is actually a prison.

I walked around. Then I sensed something behind me and I turned and caught the object. It was Rapunzel and she was about to hit me in the head with a frying pan.

Me: Rapunzel!

Rapunzel: (Gasp) Who are you? How do you know my name?

Me: My name is J.D. Knudson and I'm the legendary Keyblader that killed Xehanort.

Rapunzel: Never heard of you.

Me: (In my head) She was never told about what I did. Maybe we can help her. (Out loud) Rapunzel, I can tell that you are really curious about what it's like outside.

Rapunzel: How can you tell that?

Me: Because there is so much to see out there and there is so much to learn out there.

Rapunzel: I want to see the world!

Me: I can take you outside. Don't take this the wrong way. (Picks her up bridal style) Hold on.

I jump out the window and land on the ground.

Rapunzel: That was so much fun!

Me: Glad you liked it.

With us was Gill Grunt, Freeze Blade and the Water Skylanders.

Me: This is the world Rapunzel and there's so much to see and do. Oh these are my friends here.

We introduced ourselves.

Rapunzel: It's such an honor to meet all of you.

Lori: It's literally our pleasure too Rapunzel.

Nico: (Whispering) Poromon, Manaphy, you two keep an eye on Rapunzel's room and if Gothel returns, keep an eye on her and let me know what you've found out.

Poromon: You got it Nico!

May: You help out too.

Manaphy: Right mama.

They went up to the tower to keep a watch from inside.

Rapunzel: [excited after finally leaving the tower] I can't believe I did this! [fearfully] I can't believe I did this. [squealing with joy] I CAN'T BELIEVE I DID THIS! [giggles, then puts her hands on her throat] Mother would be so furious if she knew I disobeyed her and left the tower.

Freeze Blade: Well, that's her problem.

Rapunzel [later, looking at a flower, optimistic]: Well, that's okay. I mean, what she doesn't know won't kill her, right?

Elec Man: Nope. That can be our job.

Rapunzel [later, in a cave rocking back and forth, fearful with her heart beating in her chest]: Oh my gosh! This would kill her.

Mario: Take it easy. We won't let her find you.

Rapunzel [later, running through a pile of leaves and making them rain down on the irritated Flynn. Joyous]: THIS IS SOOO FUUUUUN!

Bowser Jr: I think she's on her period.

Rapunzel [later, standing in a tree with her head against the trunk and her arms hanging limp, depressed]: I am a horrible daughter. I'm going back.

Terrorsaur: Like heck you are!

Rapunzel [later, doing cartwheels and rolling down a hill, ecstatic]: I AM NEVER GOING BACK!

Gill Grunt: Well, that's good.

Rapunzel [later, laying next to Flynn in a patch of flowers with her face in the ground, ashamed]: I am a despicable human being!

Shocker: No, you aren't.

Rapunzel [later, using her hair as a vine and swinging around a tree with an annoyed Flynn standing there staring into space, joyous]: WOO-HOOOOO! BEST! DAY! EVER!

Elyon: Let's just let her bring all her emotions out, guys.

We later Razpunel, broken down in tears

Flynn Rider: [clears throat] You know, I can't help but notice you seem a little at war with yourself here.

Goofy: A little more then a little.

Donald: More like a lot.

Me: (Chuckles) She is having so much fun.

Varie: She sure is.

Flynn: I think too much fun.

Me: Yep.

Our stomachs growled.

Me: Oop. Getting hungry.

Flynn: I know the spot.

We went to a secret hatch in the woods called the Snuggly Duckling. We went into the place and it was not the place we were expecting.

Elyon: Flynn, remind me to strangle you later.

Flynn: Why do you say that?

Mario: You said that that this was a fun place to eat! THIS IS THE EXACT OPPOSITE OF WHAT YOU SAID!

Shocker: Oh, c'mon! I like it.

Rhino: So do I.

Elec Man: It's actually not that bad.

Terrorsaur: I hope they have something for me to eat.

Me: I'm sure they do.

---

Back at the tower Mother Gothel was looking for Rapunzel frantically. Just then someone familiar approached her. It was Sora's old enemy and Mickey's old friend PETE!

Pete: (approaches Gothel) Missing someone, Gothel?

Gothel: Who are you?

Pete: The name's Pete. But you can call me your assistant.

Gothel: How do you know my name?

Pete: Oh, I know all about you. Like how Blondie's hair is the only thing keeping you young. And without her, it's only a matter of time until you grow old. (Heartless appear by his side)

Gothel: What do you want?

Pete (laughs): Now we're getting to the good part. See, you want your kid back. And I want to get even with the brats who took her from you. Together, they don't stand a chance against us. Interested?

Later they were walking through the forest.

Gothel (she and Pete are walking through the forest looking for Rapunzel): I have to admit, Pete. These Heartless are excellent minions.

Pete: To be honest, I honestly didn't think that they existed anymore. But I guess in this world, some of Xehanort's residual darkness exists.

Gothel (smiles): You know what? I think this is the beginning of a beautiful friendship.

Pete: Aw thank you kindly. And here's something from me to you.

Pete used a magic spell and suddenly Gothel saw Lola kill another version of her. It was during the events of the Tangled Simulation in the events of Plan for Babysitting and she saw this and was flabbergasted that she died. She was arrested by Lola and was beheaded for her crimes against the kingdom. But what Gothel doesn't know is that Poromon and Poliwag were floating above them and were listening in on the entire thing and they discovered Gothel's true colors.

Poromon: This is really bad.

Poliwag: We have to tell everyone. Come on!

They went back to us.

---

We got to the kingdom and we saw Rapunzel overjoyed and she saw the kingdom for the first time.

Me: Here we are Rapunzel.

Rapunzel: Oh this is so exciting!

Laney: Hey look! There's a festival going on!

Me: Look at all the dancing.

Nico (to May): Shall we dance, fair lady?

May: We shall good sir.

Me: Lets all dance.

We did so and we were having a lot of fun. Some little kids braided Rapunzel's hair and she actually liked it and I agreed with her.

Lana: This is awesome!

We did all kinds of dance moves and had a lot of fun. It was just as fun as the Sadie Hawkins dance. Liam and Carmen were dancing and having a lot of fun.

I was dancing with Rapunzel and it was a lot of fun.

But what we didn't know was that Flynn was caught by the guards and he was arrested and through in the dungeon and Rhino, Shocker, and Elec Man are going to bust him out.

---

Outside the Dungeon wall, Elec Man, Rhino and Shocker were planning to bust out Flynn.

Elec Man (to Rhino and Shocker): Are you two sure you can bust Flynn out by yourselves?

Rhino: Of course we're sure.

Shocker (smirks): This isn't our first prison break.

Elec Man: Well then go for it.

Flynn was being tormented by the guards.

Flynn: If you're gonna kill me, just do it already.

Guard #1: Oh, I'm not gonna kill you. No, that wouldn't be much fun. I'm gonna rip your tongue right outta your face! (Flynn headbutts him)

Suddenly the wall exploded as Rhino charged through the wall and rammed the guards down.

Shocker: Are you all right Flynn?

Flynn: Yes thanks to you Herman.

Shocker freed Flynn and they ran.

Elec Man: Good work guys!

Rhino: Aw it was nothing.

They went back to us.

We were resting from dancing and Poromon and Manaphy came.

Me: What's wrong guys?

Poromon and Manaphy told us everything about Mother Gothel's true colors and at first Rapunzel couldn't believe it. But she knew they were right and that Mother Gothel was using her as a pawn just to preserve her immortality.

Me: Now you know Rapunzel and I promise you that Gothel will pay the ultimate price for her crimes.

Lola: And let me show you how I helped you.

Lola used her powers and showed Rapunzel what went down during the events of Plan for Babysitting and the memories merged into her and she remembered everything. It took 2 minutes for her to digest everything she learned but she was shocked and joyous.

Rapunzel: Lola!

She hugged her and she now knows the whole truth.

Me: Come on guys. It's time to take the fight to Gothel. Here's what we do.

I revealed my plan to everyone and it was a genius one. We were gonna face Gothel in the forest by the tower and Rapunzel was gonna send a message to Gothel telling her to meet by the tower.

We were hiding in the trees waiting and we saw Gothel and with her was Pete.

Sora: (Whispering) Oh no! That's Pete!

Me: (Whispering) What is he doing here?

Lana: (Whispering) I don't know.

Gothel: You wanted to see me, Rapunzel?

Rapunzel: Well, there are a few things that I've been thinking about.

Gothel: Such as?

Rapunzel: [angrily] Like the fact that I am the lost princess! [pause] Aren't I? [Mother Gothel stares at Rapunzel blankly.] Did I mumble, Mother? Or should I even call you that?

Mother Gothel: [pauses, then regains composure] Oh, Rapunzel, do you even hear yourself?

Pete (walks out of the shadows): Yeah. Why're you asking a stupid question?

Gothel: Pete, you have the worst timing.

Pete: What? Too soon?

Rapunzel: [pushes Gothel away, angry and frightened] It was you! It was all you! Manaphy and Poromon were right! And you had the Heartless and this fat cat helping you out!

Mother Gothel: [coldly] Everything I did was to protect you. [Rapunzel shoves past her] Rapunzel.

Rapunzel: I've spent my entire life hiding from people who would use me for my power-

Mother Gothel: Rapunzel!

Rapunzel: -when I should have been hiding from YOU! And this fat idiot and the Heartless!

Pete: Hey!

Mother Gothel: Where will you go? [The image dissolves to a vision of Flynn, Rhino, and Shocker escaping the guards in slow motion.] He won't be there for you.

Rapunzel: What did you do to him?

Mother Gothel: That criminal is to be hanged for his crimes.

The image dissolves back to the tower.

Rapunzel: [gasps] No.

Mother Gothel: Now, now. It's alright. Listen to me. All of this is as it should be.

She tries to pat Rapunzel's head, but Rapunzel grabs her wrist.

Rapunzel: NO! You were wrong about the world. And you were wrong about me! And I will NEVER let you use my hair AGAIN!

Mother Gothel breaks free of Rapunzel's grip, only to cause a nearby mirror to fall and smash. Rapunzel then turns to leave.

Mother Gothel: You want me to be the bad guy? Fine. [advances toward Rapunzel threateningly] Now I'm the bad guy. Pete, make sure her friends don't interfere.

Pete: I got the perfect Heartless for the job.

Me: Now!

We jumped down and stood ready.

Me: Mother Gothel.

Sora: Hello Pete.

Pete: Well if it isn't Sora.

Sora (to Pete): Maleficent. Barbossa. Scar. Hades. And now Gothel.

Pete: What're you trying to say, runt?

Sora: I'm saying that you always try to suck up to powerful villains then you!

Me: And you're also a coward.

Sora: You know, Pete. When we first met, I wanted to kill you just like I did to all the villains I fought.

Pete: What's stopping you now?

Sora: The fact that you have a son named PJ. That's why you're gonna be thrown in the Disney Castle Dungeon.

Me: Without your powers.

Gothel: So nice to see you again, Lola Loud.

Lola: Say what?!

Gothel: That's right. I remember everything now. You got my other self beheaded in that alternate timeline. But this time, things are going to be different!

Lola punched Gothel in the face and threw a fireball at her.

Gothel (dodges Lola's fireball): Remember what happened here last time, Lola? It's where you beat me to a pulp. (punches her) But now, the tables have turned!

Lori: No one punches my little sister! Lets get her!

Me: Yeah!

Terrorsaur: You messed with the wrong Pterodactyl. Terrorsaur TERRORIZE!

Terrorsaur transformed into his robot form and he pulled out an energy gun.

Nico (takes out Hook's sword): Pete, you have failed this Kingdom.

Pete: Hey! That's Captain Hook's sword!

Nico: Yep. And when I'm done with you, I'll have your bombs and shield.

Elec Man: Let Rapunzel go, Gothel!

Gothel: Or what, robot?

Elec Man: That's right. I am a robot. And I'm also a friend to many people.

Terrorsaur: My guess is that no one's ever loved you before. Because you know nothing about love and friendship.

Lori: That's right.

I punched Gothel in the face and kicked her in the stomach and Lincoln fired a blast of lightning at her and electrocuted her.

Terrorsaur fired blasts of energy at Gothel and flew into the air and fired energy blasters from his shoulders.

Gill Grunt fired his harpoon launcher and hot water blaster and flew around her.

Terrorsaur: Combo time Girl Grunt!

Gill Grunt: You got it Terrorsaur.

Terrorsaur: BEAST MODE!

Terrorsaur turned back into a Pterodactyl and flew into the air and Gill Grunt fired a blast of water.

Terrorsaur and Gill Grunt: MAELSTROM PTERODACTYL SHREDDER!

The water merged with Terrorsaur and he turned into a Pterodactyl of pure water and went at Gothel and he went at Gothel and it hit her and knocked her down.

Nico (pins Gothel to the ground with Gravity Man's powers): Mother Gothel, you have failed this kingdom!

Bowser Jr.: Lets finish Pete, Mario.

Mario: You-a got it Jr.!

Bowser Jr. fired a blast of fire from his mouth and Mario threw a fireball.

Mario and Bowser Jr.: FIRESTORM WRENCH BLAST!

The blasts combined and turned into a wrench made of pure fire and it hit Pete and knocked him down.

Mickey held him down.

Mickey: It's over Pete.

Pete: Don't be so sure Mickey. I have my secret weapon.

The ground rumbled and out of the ground came a huge Heartless called the GRIM GUARDIANESS!

Me: WOW! That's the Grim Guardianess!?

Goofy: That's right.

Me: It sure is ugly.

Brittney: Lets call in the special forces.

Brittney held up a ring in the shape of a crescent moon on a skull.

Brittney: GOTHS OF DARKNESS, ARISE AND OVERSHADOW!

Brittney flew into the air.

(The Night Begins To Shine by B.E.R. plays)

Brittney, Lucy, Haiku, Maggie, Shannon, Alicia, Sam M., Wednesday and Raven flew into the air and they got on Nightmare Stallions, horses of pure black fire and they were known as the NIGHTFLAME HORSEMEN!

Brittney: The Dark Horse cometh!

They rode into the air and slashed at the Grim Guardianess and they were hitting it with black fire blasts and burning it badly.

We fired blasts of light and energy at it and burned it.

We were weakening it.

We heard a lion roar and we turned and saw 5 robot lions!

Me: (Gasp) No way! It's the Lions of Voltron!

Keith: Thought you guys might like some help.

Me: We owe you Keith.

Lori: Who are they J.D.?

Me: They are one of the great forces of good in the universe. On the planet Aerris lives the legendary Voltron Force, a powerful force that defends the universe from intergalactic evil threats. Keith - Pilot of the Black Lion, Princess Allura - Pilot of The Blue Lion, Lance - Pilot of the Red Lion, Pidge - Pilot of the Green Lion, and Hunk - Pilot of the Yellow Lion.

Keith: That's right J.D. and it was thanks to you that we can now live in peace.

Lori: What does he mean by that?

Me: It was back when Sinestro was showing me around the universe. We came across the planet Aerris in trouble and when we were there I helped the Voltron Force destroy the evil king Zarkon and his forces from the Planet Doom. Afterwards I blew up the planet Doom and destroyed it completely. The Voltron Force has been forever in my debt ever since then.

Princess Allura: Yes. We owe J.D. a huge debt of gratitude.

Me: That's right.

Freeze Blade: That's amazing J.D.

Me: Yes it is. Lets get him.

Keith: Right! Ready to form Voltron. (Pulls a handle) Activate Interlock. Dynotherms connected, Infracells up, Mega thrusters are go!

Voltron Force: LETS GO VOLTRON FORCE!

The lions went into the air and roared and they changed and became limbs.

Keith: Form Feet and Legs.

The blue and yellow lions became legs.

Keith: Form Arms and Body.

The red and green lions became arms and the black lion formed the torso.

Keith: And I'll form the head.

The head formed. VOLTRON WAS READY!

Me: Wow! So that is Voltron! Awesome!

Lori: Incredible!

Freeze Blade: Lets use our Final Smashes! I'll start! ICE SKATE SKYLANDS BLAST!

Freeze Blade skate fast and huge shards of ice formed and it froze the Grim Guardianess in its place.

Elec Man: My turn! LIGHTNING SMASH RAY!

Elec Man fired a huge blast of lightning and it electrocuted the Grim Guardianess.

Keith: Now to finish him off.

Voltron clanked his hands together.

Keith: Form BLAZING SWORD!

He formed a huge sword and slashed the giant Heartless and cleaved him in half and killed it.

Me: YES! That did it!

We cheered wildly and we had won the fight and we received an incredible power boost from it.

Pete: My HEARTLESS NO!

Nico: You need a better life Pete.

I snap my fingers and strip him of his powers and beamed him over to the Disney Castle dungeon where he will stay forever.

Me: We're not done yet.

We took Gothel back to the tower and once we were inside we stood ready.

Elyon: Gothel you will now pay the price for your crimes.

Elyon just shot a time ray at Gothel. At first, nothing seemed to happen.

Gothel (laughs): You really should learn how to kill someone!

Elyon (smirks): Wait for it.

Suddenly Gothel was aging rapidly.

Gothel: What have you done to me!?

Me: We killed you.

Shocker (to Gothel's rapidly aging form): Oh, c'mon! Take sure your death like a mature person, will you? (shoots Gothel with his gauntlets, knocking her out the window)

She went flying and she was dead long before she hit the ground and she turned into dust before she hit the ground.

Me: That's the end of her.

Nicole: And now she is sealed into the Book of Vile Darkness. She will never again terrorize the kingdom of Corona ever again.

We brought Rapunzel back to the kingdom and the king and queen were so overjoyed to have Rapunzel back and we were officially the heroes of Corona. After so long Rapunzel was returned to her kingdom. Flynn was given a pardon for his crimes and he and Rapunzel got married and we were the guests of honor at their wedding. We decided to move the kingdom of Corona to Gotham Royal York and it's now on an island in Lake Huron. Corona is gonna have to get used to it but they'll adapt.

Elec Man: (To the Viewers) Well another Disney Villain is dead and another happy ending for another princess.

Me: And Pete is now in prison for his crimes and we couldn't kill him because of his son P.J. who is also Goofy's son Max's best friend.

Elec Man: Yep.

It was a happy time for all of us.

# Jungle of The Ape Man

In the Saturn Insane Asylum, Me, Laney and Eion were there to visit the worlds most dangerous patient: Princess Azula, Eion's aunt and the most dangerous Firebender that ever lived.

Eion: So Aunt Azula is a full fledge Schizophrenic doctor?

With us was Dr. Bernard Cassini. British Neuropsychologist and Chief Doctor of the Saturn Insane Asylum. After Azula was defeated at the hands of her brother and Team Cosmic Dragon and Sozin's Comet was completely destroyed and she was stripped of her Firebending powers during the events of the Shinobi of the Cosmic Dragon saga, Azula was taken to the Leaf Maximum Security Insane Asylum where she was monitored and watched 24/7 and after the fall of the Akatsuki at the hands of Team Cosmic Dragon, she was transferred to the Saturn Insane Asylum months later after the space prisons were built. She was declared too dangerous to be let out because of her unstable psychotic mentality and insanity. She was not allowed to be released EVER. And if she does have visitors at all she has to chained up to avoid having any dangerous episodes.

Dr. Cassini: (British Accent) Yes. Her mind is so badly damaged because of the schizophrenic episodes that she has been experiencing. She claims that it was because of her mother Ursa that it lead to her downfall and turned her friends, her brother and everyone else against her and that they played an important role in her short-lived reign as Fire Lord.

Me: I can't believe that her mind is that screwed up. In all honesty I'm glad Ozai is now in the Neptune Prison where he will stay for all eternity. He turned her into a Homicidal Psychopath.

Eion: I can't believe it too.

Laney: Azula is a malevolent and delusional monster.

Eion: I know. Father never told me much about aunt Azula and I came here to get answers. I want to know why she did what she did.

I'm not like my Aunt and even though she is going through so much pain and distress because of everything wrong with her I still love her. I want to reach into her and pull her out of the darkness.

Me: I know you can do it.

Dr. Cassini: Here we are.

We arrived at her cell door and it was a chained up steel door.

Dr. Cassini took out a key card and opened the door locks and he opened the door and there chained to the wall of her cell was Azula and she had a look of homicidal madness on her face.

Eion went in and she was really brave and it was like she was confronting the ultimate face of pure evil in its entirety.

Azula looked at Eion and she saw that she looked almost exactly like her own mother.

Eion: Are you Azula?

Azula: Yes I am.

Eion: My name is Eion and I am the daughter of Fire Lord Zuko, your brother.

Azula: So you are dear. You look so much like mother that the resemblance is completely uncanny.

Eion: I get that all the time. But Aunt Azula I came here for answers. Why did you do what you did?

Azula: Because fear is the best way I can do to control people.

Eion: You don't have any idea how wrong you are Aunt Azula. Fear only brings death, destruction and chaos. You have done more harm than good and that made you nothing more than a dangerous monster.

Azula: No! Trust is for fools! Fear is the only way to go. My mother did this to me. She is the cause of my friends, my brother and everyone before me that played the role in my reign being terminated! I was destined to become the greatest Fire Lord in history!

Eion: I'm sorry Aunt Azula. I know you did so many terrible things and that you were doing it only because grandpa told you to but everything that you've been doing is wrong on so many levels. You have been taken over by demons. And it was because of these demons that lead you to become like this. Your ruling with fear lead you to become this monster that even grandma would fear. (Tears up) I know there's good in you aunt Azula. And that you were mislead down the wrong path because of grandpa's evil but you are still a good person because I love you! (Voice Breaking) You are a good person and you can still become that person! You are a great Firebender and a great person of good!

She went over and hugged Azula and cried into her.

Eion cried hard and for the first time in Azula's life she felt an emotion she never felt in her entire life: love. Throughout all of Azula's life all she had ever known was nothing but pure evil, hatred, and malevolence. Never once did Azula ever feel any good emotion. Not one single shred of remorse, guilt, empathy or any of that because her own father had made her into a truly heartless and unconscionable monster.

Me and Laney started feeling sorry for Azula and we had a great sympathy for her.

Azula lifted up her arms and hugged Eion and for the first time in her life she cried with Eion.

Me and Laney and Dr. Cassini were watching.

Me: Eion got through to her. Under all that darkness Eion managed to pierce through it and get to her heart and reach Azula's true inner self. One that is centered around compassion, care, love and good.

I sensed something evil inside Azula and knew that she can be saved from this dark force that has consumed her over the years. I used my powers to remove this evil force from her and in the process it not only purified her but it helped her realize that everything she did was completely barbaric, inhumane, evil and above all others, cruel and torturous. I used the Evil Containment Wave and sealed the evil inside Azula into a small bottle for all time.

Azula was now purified but her mind was still a damaged mess because of the psychotic delusions. I called in Lily and she used her water powers to fix her broken mind and she was now 100% cured.

Azula: Eion, Lily, J.D., Laney, I'm so sorry for everything I did. I know words cannot fix everything I have done. But I want to get a chance to redeem myself.

Me: You will get that chance Azula.

Eion: I promise you Aunt Azula that in time everyone will trust you again.

Me: I have to report this to Zuko.

I did so. After the battle with Ozai and the Destruction of Sozin's Comet, Zuko was coronated as the new Fire Lord and we beamed the four nations to different parts of Earth. The Earth Kingdom now lives in Asia, the Water Tribes live in the North and South poles, The Air Nomads live in the European Alps and the Fire Nation lives in the Southern Pacific Ocean.

---

I was over at the palace of Fire Lord Zuko. I walked over and kneeled before him.

Zuko: Hello J.D. What brings you to the Fire Nation?

Me: I apologize for coming on such short notice but I have good news regarding Azula. I know you still have a bad history with her but let me explain.

Zuko: Very well.

Me: Eion went to visit Azula in the Saturn Insane Asylum for some answers and she met her for the first time. She was able to reach deep down into Azula and pierce the darkness that had consumed her for years.

Zuko: And you sensed the evil force and removed it. And you also had Lily cure her insanity.

Me: That's right Lord Zuko. How did you know?

Zuko: Nicole told me all about what you can do.

Me: I had a feeling she did. I know it's gonna be a while for you to trust her. But she's on the path to redemption and is gonna try to regain the trust of everyone here in the Fire Nation. So I figured I come and report this to you. We're also gonna have Azula confront Ozai in the Neptune Prison.

Zuko: I better go with you too just to be safe.

Me: Okay.

We left for the Neptune Prison.

---

At the Neptune Prison, we were walking to deposed Fire Lord Ozai's cell and Eion and Azula were determined to make Ozai drop far down on the pecking order.

We were heading down a hall and up ahead we saw a huge door and it had the Fire Nation and in the middle of the flame was the Star of Satan.

Guard: That's the cell of Fire Lord Ozai and we don't let him out among the other inmates because he's too dangerous to be let out among them.

Me: That's fitting for a guy like him. Even though we was stripped of his Firebending he's still a very formidible fighter. He'll never be welcome on Earth again.

Zuko: Good riddance.

We went to the door and there was a handprint scanner. I put my hand on it and the door opened and we went in. We saw Ozai in his dark prison cell sitting on the floor.

Me: Former Fire Lord Ozai.

Zuko: Hello "Father."

Ozai: Haven't you tortured me enough already?

Me: Actually we came because someone has something to say.

Ozai saw Azula and she was not happy with him. She now hated his guts to the core.

Azula: Ozai you are no father of mine. Sure you might have made me what I was but I was lead down the wrong path because of you! You flooded my life with nothing but evil, hatred and lies!

Me: You also damaged her mind to the point of total insanity and you turned her into a homicidal megalomaniacal psychopathic monster.

Ozai: I did what I thought what was best for the Fire Nation.

Me: All you know how to do is control people with fear and that makes you nothing more than a small man with a huge overinflated terroristic ego. It was because of people like you that brought the downfall of the Fire Nation.

Eion: My thoughts exactly. You are not worthy to be a part of my father's family. You don't care about anyone but yourself.

Azula: I'm through with you Ozai and I never want to see you again.

Me: It's over for you Ozai. You're gonna rot in here till the day you die and your reign of terror will never be remembered ever again. All the pain and suffering you've caused, and the torture and chaos you've ensued, you will be burning in the fires of Hell for all eternity. As far as I can tell, rogues like you deserve to be damned. May God have mercy on your worthless and pathetic soul.

Eion: If you have one to save.

We left the prison.

I had just condemned Ozai to the darkness of Hell for all eternity when he dies.

At the Leaf Village hospital, Lana was getting her cast off. Sakura saw the names and autographs on her cast.

Sakura: You sure got a lot of autographs Lana.

Lana: I know Sakura. J.D. and a lot of my friends and siblings wrote them.

Sakura: They sure did.

Sakura took the cast off and there was an ugly scar on Lana's right arm. It was a 2 inch long stab scar.

Me: (Whistles) That's a nasty one Lana.

Sakura: Lola left her mark huh. But the good news is it's all healed up for you.

Lana: Thanks Sakura. My arm feels stronger than ever before.

Me: It sure looks like it Lana.

Later we went back to the estate.

We were watching the Disney movie Tarzan from the year 1999. One of my all time favorites.

---

In the late 1800s, an English couple and their infant son escape from a shipwreck, and end up near an uncharted rainforest on the Congolese coast. The couple builds themselves a treehouse from the ship's wreckage. Meanwhile, the leader of a group of gorillas, Kerchak, plays with his son until a leopard named Sabor kills him. Soon afterward, Kerchak's mate Kala hears the infant son's cries and finds the treehouse, where she discovers that Sabor has killed the couple as well. Kala encounters Sabor and escapes with the infant in her possession. Kala takes the infant back to her troop to raise as her own, an action which Kerchak objects to. Kala adopts the human child, naming him Tarzan.

When aged five, Tarzan begins to befriend other animals, including his adoptive cousin and Kala and Kerchak's niece Terk and a paranoid male African elephant named Tantor; but he is treated hostilely due to physical differences, so he makes great efforts to improve himself. As a young adult, Tarzan manages to slay Sabor with a spear he crafted, gaining Kerchak's respect.

The gorillas' peaceful life is interrupted by the arrival of a team of English explorers, consisting of Professor Porter, his daughter Jane, and their tour guide, a hunter named Clayton. The explorers are looking to study gorillas. Jane accidentally becomes separated from the group and is chased by a mandrill troop, with Tarzan saving her. Tarzan studies Jane and realizes she's similar to him. Jane leads Tarzan to their camp, where Porter and Clayton garner interest in him. Porter views Tarzan as an opportunity for scientific advancement, while Clayton desires to persuade Tarzan to lead him to the gorillas. Kerchak firmly warns Tarzan to stay away from them, but Tarzan disobeys his warnings and continues to return to the camp, where the Porters and Clayton teach him how to speak English as well as what the human world is like. As time passes, Tarzan and Jane gradually begin to fall in love. Because of Kerchak, Tarzan still refuses to lead the explorers to the gorillas.

The explorers' ship soon returns to retrieve them. Jane asks Tarzan to return with them to England, but Tarzan asks Jane to stay with him when Jane says that it is unlikely that they will ever return. Clayton convinces Tarzan that Jane will stay with him if he leads them to the gorillas. Tarzan agrees and leads the trio to the nesting grounds, while Terk and Tantor lure Kerchak away to prevent him from attacking the humans. Jane and her father are excited to mingle with the gorillas. Suddenly, Kerchak returns to see them and attempts to attack, but Tarzan holds him with chokehold, allowing the Porters and Clayton to escape. An enraged Kerchak accuses Tarzan of betraying the troop, causing Tarzan to run off in guilt. Kala takes Tarzan to the treehouse, where she shows him about his true past. In the end, Tarzan puts on a suit that once belonged to his father, signifying his decision to go to England, before he and Kala share a bittersweet goodbye.

When Tarzan boards the ship with Jane and Porter, they are all ambushed by Clayton and his traitorous band of stowaway thugs. Clayton reveals his plan on how he hopes and plans to seize the gorillas, and he was just using the Porters for a way to go to the jungle. He subsequently used Tarzan to find the nesting grounds and locks Tarzan, Jane, and Porter away to prevent them from interfering. Tarzan manages to escape with the support of Terk and Tantor and returns to the jungle to save the gorillas. During the battle, Clayton mortally shoots Kerchak in the chest. Tarzan fights Clayton across the treetops. Although Tarzan spares Clayton's life and destroys his shotgun, Clayton tries to kill him with his machete. Tarzan then traps Clayton with vines, but Clayton attempts to free himself and slashes all of the vines. In the process, Clayton falls from the tree when a vine is tangled around his neck, hanging him and killing him. Tarzan then accompanies Kerchak, who affirms him as his son and dies peacefully from his wounds.

The next day, Jane and her father prepare to leave on the ship, but Tarzan remains behind with the gorilla troop. As the ship departs, Porter encourages his daughter to stay with Tarzan, and Jane jumps overboard to meet Tarzan with her father shortly following her. The Porters reunite with Tarzan and embark on their new life together.

---

The music in the film was awesome and it was an awesome adventurous movie. My favorite song was Two Worlds by Phil Collins. The fight with Sabor the Rogue Leopardess was intense and so was the fight with Clayton. When the movie was over we all cheered wildly.

Me: That movie is just as awesome as I have known.

Lincoln: You said it J.D.

Lana: Tarzan is so cool!

Me: He sure is.

Flora: Sora have you ever been to a world from Tarzan?

Sora: I sure have Flora and I was trying to search for Kairi and Riku there but it was all for not.

Goofy: Clayton tricked us to get to the Gorillas.

Me: What a monster.

Donald: He sure was.

Me: Lets head into the Simulator guys.

Lori: Lets do it.

We did so.

---

In the Simulator we were getting ready. The Simulator activated and we found ourselves in the world of Tarzan 1999.

Me: We're in.

Laney: It looks we haven't left Earth and we're in the jungles of Africa.

Me: It sure does feel that way and the movie Tarzan took place in the jungles of the Congo.

Ed: It sure is breathtaking here.

Flora: The plants are amazing.

Laney: They sure are.

Jenny: All these plants are amazing.

Mick: They sure are Jenny.

Then we heard a scream.

Me: Uh oh!

?: HELP ME!

Celica: Sounds like someone's in trouble.

Sora: Wait! I know that voice! That's Olette!

Kairi: What is she doing here?

Me: You know her guys?

Kairi: She, Pence and Hayner are really good friends of ours from Twilight Town.

Luan: She's calling from over there! (Points East)

Me: Lets go!

We run through the jungle and we saw Olette waist deep in a pit of quicksand and there were Powerwild Heartless surrounding her.

Sora: Powerwild Heartless!

Kairi: Oh no! Hang on Olette!

Bastion (sees Olette being surrounded by Powerwild Heartless): Leave this to me, gents.

Bastion approaches the Heartless as they see him. The next thing he said surprised everybody.

Bastion: Day-o! (everybody is shocked) Day-ay-ay-o! Daylight come and me wan' go home. (Maria's jaw drops) Day, me say day, me say day Me say day, me say day, me say Day-ay-ay-o. (to Chazz as William's eye twitches) Everybody.

Chazz (joins in reluctantly as Riku face palms): Daylight come and me wan' go home

Bastion (Elena's rolling on the floor laughing): Work all night for a drink a'rum.

Bastion and Chazz: Daylight come and me wan' go home.

Bastion (Venom smiles and bobs his head to the rhythm of the song): Come, Mr. Tally Mon, tally me banana

Bastion and Chazz (Stewie guns down the distracted Heartless): Daylight come and me wan' go home.

Bastion: Lift six foot, seven foot, eight foot, bunch!

Stewie: Guys, the Heartless are destroyed.

Chazz: Nice voice, Bastion.

Bastion: Thank you.

Lincoln: Olette hang on!

Lincoln was on a tree branch with a vine in his hands. He swung and did a Tarzan Yell and he held out his hand. Olette grabbed his hand and Lincoln pulled her out and he swung back with her.

We cheered for him.

Lola: Way to go Linky!

Luna: Great job dude!

Leni: You totes saved her life!

Me: Great job buddy!

Lori: That was literally the bravest thing you've done Lincoln.

Lincoln: Thanks guys.

Olette kissed Lincoln on the cheek.

Olette: Thank you Lincoln.

Lincoln: (Chuckles and blushes) You're welcome.

Olette: Sora! Kairi!

Sora: It's great to see you again Olette.

Kairi: Same here.

Me: How did you get here Olette?

Olette: I was helping Pence and Hayner deal with some Heartless and we somehow got here in this jungle.

Me: Then Pence and Hayner must not be far from here.

Olette: Hey, aren't you Axel, the guy who kidnapped Kairi before?

Lea: I was Axel. But now I'm Lea. And as for why I kidnapped Kairi…

Kairi: It's ok. He already redeemed himself for his crimes.

Me: It's a long story. Great distraction Bastion. I didn't know you could sing Harry Belefonte's song Day-O really well.

Bastion: Thanks J.D. It's a talent.

Alexis: It's a great talent.

Then we heard another scream.

Olette: That's Pence!

Me: Lets go!

We went to the location and we saw Pence on the ground with his leg caught in a bear trap.

Sora: Pence!

Pence: Sora! Boy am I glad to see you.

Me: Lets get your leg out of this thing.

Me and Sora grabbed the Bear Trap and pulled.

Me: (Groans) This is a strong trap!

Then Tarzan appeared and we saw him.

Me: Tarzan!

Sora: Tarzan!

Tarzan: Sora it's good to see you again.

Sora: I see that your English has gotten better,

Tarzan: I know. Jane's been teaching me how to speak more clearly.

Sora: Sorry we haven't visited you for a long time.

Tarzan: That's all right.

Tarzan helped us and we got the trap off. But Pence's ankle was bleeding. I tore off my pant leg and wrapped it around the wound.

Pence: Thanks J.D.

Me: You're welcome Pence.

But Pence's leg was broken as well.

Lori helped him.

Lori: Here Pence. We'll get that leg looked at when we're done here.

Pence: Thanks Lori.

Lori: You're welcome.

Tarzan: Something is going on in the Jungle guys. The Heartless have returned.

Nico: Some of the remnants of Xehanort must be here as well.

Pence: But Xehanort is dead!

Olette: You killed him didn't you J.D.?

Me: Yes I did kill him, but the remnants of his evil have been scattered throughout the universe and we're erasing them as quickly as we can. And if there are remnants of his darkness here, then I have a strong feeling I know who is coming back here again.

We heard another voice.

?: GET ME OUT OF HERE GUYS!

Me: That must be Hayner. Come on!

We went to where his voice came from and we found a pitfall hole.

Me: A pitfall!

We looked in and saw Hayner on the bottom of a 20 foot deep pitfall.

Me: Wow that's a deep one.

Laney: I got this.

Laney used her plant powers and made a tree grew from the bottom and lifted up Hayner.

Hayner: Thanks guys. Sora, Kairi, Donald, Goofy!

Sora: How have you been Hayner?

Hayner: Fine until I fell into that pitfall.

Tarzan: Good thing we rescued you.

We walked over to Jane's Treehouse and we met Jane Porter and her dad Archimedes Q. Porter. We also met the leader of Tarzan's gorilla family Kerchak - A Silverback Gorilla and Tarzan's adopted mother Kala and his best friends Terk and Tantor. Tantor is an elephant.

Jane: (British Accent) It's an honor to meet all of you J.D.

Me: Pleasure is ours Jane. Tarzan told us what happened with Clayton.

Kerchak: Yes. Clayton was no friend to us and he got what was coming to him. Sora and his friends saved all of our lives.

Kala: And we are forever grateful for that.

Me: I'm glad. But we also have a strong suspicion that Clayton may have returned and he wants revenge.

Jane: But that's impossible. He's dead. We saw him get crushed by a giant Chameleon Heartless.

Me: That was a Stealth Sneak Heartless. And yes he did get crushed by it. But Xehanort's evil still lives on and remnants of it still exist.

Jenny: We have to stop it at all costs.

Me: And the last thing we want is Xehanort to return.

Jenny: That's right.

Mick: We can't let that happen.

Pence: Lea, do you miss Roxas?

Lea: Of course I do. We had some amazing times together. But I know that he wouldn't want me to mourn him forever. Besides, he'll always be in here. (points to his heart)

Me: Well said Lea.

Hayner: I gotta say. This Redemption Squad team you guys put together is pretty awesome!

Harley: We sure are! Heck, some people say that it's a good version of the Suicide Squad.

Maria: I agree. The Suicide Squad were always at each others' throats and barely trusted one another. In the Redemption Squad, all of us treat each other like family.

William: And unlike the Suicide Squad, we don't have bombs in our heads to ensure our cooperation. All of us signed on to the Redemption Squad willingly.

Poison Ivy: We sure did.

Jane: (To the viewers) This team is one amazing force.

Me: It sure is Jane.

Then I sensed something evil coming.

Me: Uh oh! Something evil this way comes.

Tarzan: Is it Clayton?

Me: I'm positive that it is.

Suddenly Jane, Jenny and Olette were enveloped in light and then they had Keyblades. Jane had the Jungle King Keyblade, Jenny had a Keyblade called Cats Meow and Olette had a Keyblade called Autumn Clover.

Olette: A Keyblade!

Jane: Oh my! This is amazing!

Jenny: Oh wow!

Mick: That's so cool Jenny!

Me: That is cool.

Aqua: I can teach you guys.

Lincoln: You're having a lot of students Aqua.

Aqua: I sure am gonna be busy.

Me: Lets go guys. Kerchak, Kala, Terk, you 3 and the Gorilla Family stay here. We don't want the risk of getting you all hurt.

Kerchak: Okay J.D. Be careful.

Me: We will.

We set out to get Clayton.

When we got to his location we saw CLAYTON! BACK FROM THE DEAD! and he was a reanimated corpse with a ball of purple energy latched onto his back.

Tarzan

Clayton first appeared about 30 minutes into the movie as a veteran hunter and guide hired by Jane and her father Archimedes Q. Porter on an expedition to Africa in search for gorillas. Upon returning back to their camp after spotting several gorilla nests, Jane confessed that she saw the gorillas messing around in the camp before they fled along with Tarzan, a man who was raised by the gorillas during childhood. At first, Clayton finds Jane's story to be ridiculous, but this was not the case when Tarzan appeared in person.

Realizing now that Jane was telling the truth, Clayton made several attempts (all unsuccessful) to get the location of the gorillas from Tarzan, who was far more fascinated by what Jane had to teach him about humans. Days later, a cargo ship arrived to pick up the explorers and escort them back to England, much to their dismay. As the ship's crew loaded up their luggage and supplies, Clayton blamed Jane for distracting herself with teaching Tarzan, but Jane retorted that she was just as upset about not being able to find the gorillas. Upon witnessing Jane tearfully declining Tarzan's proposal to stay in Africa, Clayton manipulated the ape-man into believing that Jane would change her mind if he took them to the gorillas. Having no choice, Tarzan agrees to do so, much to Clayton's delight.

In order to ensure this, Tarzan had Kerchak (the leader of the gorilla pack) distracted so that he could lead Jane and Clayton to the gorillas. Upon their arrival and witnessing the gorillas gazing down, Clayton smiles at this and details the gorillas' current location on his map. However, Kerchak returned unexpectedly, though, and was angered by the trespassers and attacked Clayton after the hunter threatened one of the family during a skirmish. Tarzan was then forced to restrain Kerchak to let Jane, Porter and Clayton return back to camp, resulting in his exile from the gorilla pack.

Deciding that he is better off with the humans, Tarzan decides to go to England with Jane and her father. However, while boarding onto their ship, they (along with the ship's captain and his officers) were ambushed and taken hostage by several pirates. Clayton then reveals his true colors by admitting that he was behind the mutiny, revealing his true plan to capture the gorillas and sell them to a zoo for 300 pounds each, sadistically thanking Tarzan for leading him to the gorillas. As Clayton orders several of his men to lock up Tarzan and the others inside the brig, he and his other men left in a small boat loaded with large cages and made way for the gorillas' nests.

The poachers eventually reach the nests and began capturing the gorillas through nets, cages, and burlap sacks. Kerchak attempted to rescue his pack, but too ends up being netted. Clayton attempts to shoot down Kerchak but was interrupted when he and his men heard Tarzan's trademark yell. Tarzan and his friends (who had escaped imprisonment earlier) ambushed and frightened Clayton's men by bringing other animals to help out, freeing the gorillas and trapping several of Clayton's men in the cages.

From the undergrowth, Clayton shoots his gun at Tarzan, the bullet just grazing his arm. Witnessing this, Kerchak furiously charges at Clayton but ends up being fatally shot. Tarzan furiously lunges at Clayton, but Clayton shoots again, forcing Tarzan to retreat up to the tall trees. Clayton decides to follow Tarzan up the trees. Jane tries to stop him, but Clayton knocks her aside with his rifle, then follows Tarzan up the trees.

Clayton scans the mossy branches for his prey when Tarzan leaps onto his shoulders, causing him to drop his gun. The two men wrestle each other as they tumble from branch to branch. Clayton spots his gun in some nearby vines and reaches for it, but Tarzan pulls him back and retrieves the gun himself and points it at Clayton. Rather than begging for his life, Clayton instead mocks Tarzan to "be a man" and shoot him, but Tarzan realizes that doing it would only make him no better than Clayton and instead mimics a loud gunshot. Declaring that he will never be a man like Clayton, Tarzan smashes the gun into pieces as Clayton watches in horror as the remains of his gun fall to the jungle floor.

Clayton then flies into a rage and draws out a machete from his belt and lunges at Tarzan. Tarzan jumps back into a mass of vines to escape Clayton's furious swipes. Thinking quickly, Tarzan tosses a vine at Clayton's wrist to block his blow, then pulls down several more vines to entangle Clayton. But this only serves to drive Clayton into a blind fury and he aggressively slashes at the vines, unaware that one of them has slipped like a noose around his neck. Seeing this, Tarzan tries to warn him, but in his blind rage, Clayton chops through the last vine holding him up and plummets with the one still wrapped around his neck. The vine pulls tight with a sickening crunch, snapping his neck, hanging and instantly killing him. Tarzan lands safely just as a flash of lightning briefly reveals the shadow of Clayton's hanged corpse, swaying ever so slightly in the breeze.

Seeing Clayton's corpse, Tarzan can feel nothing but pity for the hunter before comforting a dying Kerchak and taking over the gorilla pack as its new leader.

The Legend of Tarzan

Clayton does not physically appear in the series, but he is mentioned once.

During one episode, Clayton's sister Lady Waltham comes after Tarzan, seeking vengeance for what she saw as her brother's cold-blooded and traitorous murderer, despite the fact that her brother's death was an accident. However, when Tarzan managed at great risk to save her from a fate similar to Clayton's, she came to realize that the man who did this for her could never be a savage killer and left the jungle.

Then, when Tarzan gets bitten by a spider, Tarzan sees Tantor as a mad elephant. This same thing happens with Professor Porter as he sees him as Clayton who is ready to shoot him.

Kingdom Hearts

Clayton serves as a supporting antagonist in the Kingdom Hearts game.

He is first seen where he finds Donald and Goofy and brings them back to the tent where they are reunited with Sora. Clayton meets Tarzan and asks for the whereabouts of the gorillas, and Tarzan obeys and reveals the location.

Clayton soon finds Terk the gorilla and tries to shoot her, but is stopped by Donald. He says that he tried to shoot a dangerous snake attacking Terk, but they do not believe him. Furiously, his anger attracts the Heartless, who he decides to use to kill off the gorillas.

He later kidnaps Jane and Terk and hides them in the forest and then brings the Heartless to the gorilla location. As the Heartless are about to attack, Tarzan arrives, joined by Sora, Donald and Goofy, and a battle erupts. Clayton takes aim at his enemies and uses his gun as a club, but is defeated.

Clayton was not done yet and called upon the Stealth Sneak to help fight his enemies. Now a bigger threat than before, Clayton battled once more but was knocked down by Clayton. As he takes aim at Sora, the Stealth Sneak is subdued and falls upon him, crushing his body and killing him.

---

Clayton: It's been a while, hasn't it, Tarzan? Are you and your friends going to ask me anything or do you all not want to know what brought me back to life?

Tarzan: Alright, Clayton. I'll bite. How are you still alive?

Clayton: Instead of telling you, I'll show you.

Clayton is then surrounded by a dark aura. Riku tried to suck in the dark aura into his Keyblade but it ended up knocking him to the ground. Sora noticed that after Riku tried to suck the darkness into his Keyblade, Clayton's body started decomposing. After the darkness went back into his body, Clayton started healing back into his living state.

Clayton: You see, I woke up buried under dirt. No casket, just dirt. Not even the respect for a proper burial. When I woke up, I started digging my way out, with my bare hands. When I got to the top, I found this orb of darkness on top of my grave. When I tried walking away from it, I started to feel weaker. Eventually, I absorbed it into my body out of curiosity, but it didn't corrupt me into a Heartless like before. I wondered how that was possible. So I tried a quick test and let you try to absorb it into your weapons. Apparently I'm the only one that can hold it.

Sora: So what do you want now?

Clayton: Well, I was going to plan my revenge on you and Tarzan for defeating me the first time. But I guess I can exact my revenge now. Didn't expect for you to bring a lot of unwanted company though.

Riku: Clayton, you have to give us that residual darkness. You don't know what it can do. It's dangerous.

Clayton: Are you really asking me to give up my life and give you this power?

Nico: Sorry Clayton, but we can't let you walk away with it.

Riku: Let me explain something to you, Clayton. I have spent a significant amount of time in the past with the kind of darkness that you're using. It's not fun. And eventually, I found out all along that it was killing me.

Clayton: Well, your darkness might have almost killed you. But mine is the only thing keeping me alive.

Sora (to Clayton): I can't believe that I actually thought that you could help me find Riku and Kairi on my first journey.

Clayton: Well then, in a twist of irony, allow me to seperate you from them permanently! (shoots at him)

I use the Force and blow the bullets back to him.

Me: You want to get to the gorillas, you're gonna have to go through us.

I kick Clayton in the face and Laney pulled out her scythe and slashed the ground and out came numerous vines and they wrapped around Clayton.

Clayton: Very impressive. Your new friends have learned some new tricks since our last encounter Tarzan.

Tarzan: That's because we are different.

Clayton: (sees Donkey Kong) Another gorilla? And yet, this one is more dumber then the ones on this world!

Donkey Kong: Nobody calls me Dumb!

He pulled out his Coconut Gun and fired numerous coconuts at Clayton and bashed his brains out. Then a squealing sound was heard and we saw a Stealth Sneak!

Me: A Stealth Sneak!

Sora: Not this again!

Nico: It's combo time!

Nico activated Undergrowth's plant powers and Crysta and Sam M. used their plant powers.

Nico, Sam M. and Crysta: ACID VENUSPLANT DEATH BITE!

Vines formed and turned into a deadly Venus flytrap and it was dripping acid and it chomped the Stealth Sneak and mauled it.

Ed is calmly walking over to Clayton's Stealth Sneak.

Will (afraid for Ed): Ed, now would be a good time to get angry.

Ed (smirks at her): That's my secret, Will. When it comes to fighting bad guys, I'm always angry. (turns into Edzilla and roars)

The roar from Edzilla was so powerful that it killed the Stealth Sneak in an instant.

Nico: Clayton, you have failed this jungle! (throws bombs at him)

KABOOM KABOOM KABOOM!

Laney: Lets get him Riley!

Riley: You got it!

Laney and Riley grew a bunch of huge rose whips.

Laney and Riley: ROSE WHIP SLASHSTORM!

The rose whips slashed Clayton all over the place.

?: Let us help you out.

We saw three girls come out.

Sora: The Gullwings!

Rikku: It's been a while Sora.

Yuna: It's great to see you all again.

Paine: Same here.

Me: It's a pleasure to meet all of you.

Rikku: You too J.D. Thank you for killing Maleficent.

Me: I guess you already knew about that and it was Lola that killed her.

Lola: That's right and you're welcome.

Yuna: Lets get him.

The Gullwings went at Clayton and slashed him with swords and blasted him with guns and energy beams.

Tarzan: Final Smash time.

Jane: With pleasure Tarzan.

Tarzan and Jane: JUNGLE KING ROYAL PULVERIZER!

They fired a spear and blast of light and the light combined with the spear and turned into a deadly fist and it pounded Clayton.

Flora: My turn. LINPHEA NATURE STORM!

Flora fired a blast of flower petals and fairy dust and it hit Clayton and burned him badly.

Kerchak: Let us have a crack at him.

Kerchak, Tarzan and Jane: JUNGLE PRIMEVAL DEATHPUNCH!

The three of them went at Clayton and punched him really hard and knocked out some of his teeth.

Clayton broke out of his restraints and I took his rifle and smashed it to pieces. He pulled out his machete and he and I engaged in a powerful sword fight. Lots of sparks were flying everywhere and Riku punched him in the face and Clayton followed them. In the trees Clayton found them and tried to slash at them and they dodged. Kraven punched Clayton in the face and kicked him in the stomach and they wrapped him in vines. He bit one and slashed out of them and one wrapped around his neck.

Tarzan: Clayton!

He kept slashing them.

Tarzan: Clayton don't!

But he slashed the vines and fell to the ground and Carol fired King Ghidorah's Gravity Lightning and destroyed the dark orb on Clayton as the vine snagged and broke his neck. Clayton then disintegrated into a pile of dust and all that was left of him was his clothes.

Me: That's it for Clayton.

We got an incredible power boost from it.

Nicole sealed Clayton into the Book of Vile Darkness. We went back home and put Tarzan's Jungle into orbit around the Land of Departure and Olette, Jane and Jenny were now part of Team Light Key. We had an awesome time in the jungle. Pence was gonna be in a wheelchair for 8 to 12 weeks because his leg was broken.

Another Fanfiction Complete

Disney's Tarzan from 1999 was the most awesome version of Tarzan ever! I went to the movie theaters with my dad to see the movie twice and it was awesome! Tony Goldwyn, Minnie Driver, Glenn Close, Rosie O'Donnell, Wayne Knight, Lance Henrikson and Alex D. Linz all did a great job in that movie and the songs from Phil Collins were awesome! I love the song Two Worlds and it is my all time favorite song. NicoChan11 gave me the ideas for this one. Thanks man as usual. I wanted to include Azula going on the path of redemption because of her insanity and more. I felt sorry for her and decided to help her. Also I wanted to get Lana's bandage off her. Let me know what you all think.

See you all next time.

# Really Loud Music

[The episode starts with Laney playing her saxophone until she started to hear rock music]

Laney: Hey, who's playing that music? [Plays her saxophone to the music and it sounded pretty well] Hey, it's got a good rhythm with my sax. [Realizes something] It can only be one explanation. [Laney followed the music into Luna's room where she heard Luna reharsing her song]

Luna: (Singing)

Rock and roll is running through my veins (hey, hey)

Electric soul like wires to my brain (hey, hey)

I can't be wrong, don't need direction

I can find my way

Play it loud, play it loud

I got no time for turning it down

Play it loud, play it proud

I live it, I breathe it

Don't tell me I don't need it now

Play it loud

Sorry, I'm not sorry for being proud

Play it loud

Turn it up until your speakers blow out

Until your speakers blow out

Until your speakers blow out

Until your speakers blow out

[Luna stops the recording and takes out the flash drive. And she heard me, Laney and Sam S.L. applauding]

Luna: Looks like I got some fans.

Laney: That has to be your best hit yet, Luna!

Luna: Thanks, Lanes. 'Cause this song's taking me to the top! I'm a shoo in for the contest. [She then climbs up the ladder to her bunk and plugs the flash drive into her laptop]

Laney: What contest?

[Luna plays a video]

AMERICA'S NEXT HITMAKER

Michelle: Hey there. I'm Michelle.

Doug: And I'm Doug.

Michelle: And we're the producers of "America's Next Hitmaker".

Doug: Here's how it works: Submit your original song, and if you make the top five, you'll get to perform before millions on live TV.

Michelle: And if your song gets the most viewer votes, you get a record deal.

Doug: So upload your submission now, 'cause maybe you've got the song the whole world will love.

Luna: You know I do.

Laney: Man, Luna! You are sure to dominate that contest! Hey, when you become a hit singer, can I be your manager? It's always been a dream to become a manager when one of my siblings get famous!

Luna: I thought your dream was to star in your own talk show.

Laney: Yes, and that was great for last year. This year: manager!

Luna: Welp, you're more than glad to come along Laney. [She's about to submit her song but stops in realization.] Wait. The whole world? I mean, I love my song, but will everybody?

Laney: Does it matter if everyone loves it? I mean if you love it that's good enough, right?

Luna: Not good enough for this contest! If I'm gonna ace this, I need something everyone will love.

Me: You have a lot of talent Luna and you definitely have what it takes to be a great singer like most of us.

Luna: That's true. But I need something everyone will love.

Laney: If you say so. After all, It's not too hard to find a song everyone will love. [Laney begins to play her saxophone and sings]

Laney:

If you wanna find a song for everyone,

it's not so hard to do.

Just think of the words and the melody

and there you have it pure and true

A song to get ev'rybody's toes a tappin'

a catchy tune to get fingers a snappin'

Find a tune that just screams you

That's the kind of song you want!

[Does a saxophone solo and ends her song]

Luna: Wow, Lanes. Cool song!

Laney: What song?

Luna: The song you just sang.

Laney: I didn't sing any song. I was just saying that you need a song the screams you.

Me: Hmm.

[Luna was confused until she heard playful music starts playing out of nowhere and Luna turns to see Lana unclogging the toilet in the bathroom.]

Lana:

A plumber's job is never done

Especially in this house

I've been dubbed the number one

To get the number twos to go down

[Lana flushes the toilet and water overflows making her go up in the air.]

But when life throws me a storm

I still sing along

To the bang, bang of those pipes

That's my kind of song

Luna: [pops her head in] Killer song, Lans.

Lana: [confused] What song?

Luna: The one you were just singing.

Lana: I don't know what you're talking about, I wasn't singing. But this baby will be once I've replaced her trip lever.

Sam S.L.: Keep at it Lana.

Lana: Thanks Sam.

[Luna's now the one confused until she hears some show tune music playing and enters Lola and Lana's room to find Lola in front of her hand mirror.]

Lola:

It is hard to make looking this good look easy

And it takes a few mistakes to be just right

Looking perfect is a gift

When I feel meh, I act as if

[Pulls out her lip gloss.]

A little lip gloss keeps me going all day long

[Lola steps out of her closet.]

When my high heels hit the floor

The applause becomes a roar

And I hold the last note long

That's my kind of song

[Dances with her teddy bear.]

My kind

Luna: Sweet performance, Lols. You doing that song at your next pageant?

Lola: What song? My pageant talent is martial arts right now. Hiyah! [karate kicks her teddy bear across the room]

Me: You are already a great fighter Lola and you're sure to win that pageant.

Lola: Thanks J.D.

[Just then, an explosion goes off in Lisa and Lily's room and hip hop music begins playing. Luna sees that Lisa is doing another experiment as usual.]

Lisa:

Yippee-ki-yay

Yo, yo, yo

I make this Bunsen burner start to overflow

Mix some dope rhymes with a little H2O

My idiom for indium is shine like gold

Barium, radium, don't you be afraidium

I'm packing the palladium, they'll call it Lisa Stadium

Reppin' my hood from coast to coast

I'm better than sliced bread, they callin' me burnt toast

[Lisa eats a piece of bread as the background returns to normal.]

Luna: Uh, Lis, what you were just doing?

Lisa: Ah, working per use.

Luna: So, you weren't just rapping. [Lisa shakes her head]

Laney: Luna, are you feeling okay? You've been acting strange. And coming from a member of this family, is saying something.

Me: Yeah I noticed that.

Varie: Me too.

Luna: I don't know, man! I'm wigging out!

Lisa: [pushes a step ladder up to her rocker sister.] Do I detect some psychological distress? [Luna sadly nods] I've been known to dabble in the soft sciences. [Gestures to Lily's crib] Take a seat.

[And so, Luna tells Lisa her dilemma in the crib.]

Luna: So, I was about to hit send, but then I wondered, 'Is this the song the whole world will love?' And that's when I started hearing things, Lola singing a show tune, Lana doing her toilet jam, Laney swooning jazz.

Lisa: And me spitting sick rhymes about the periodic table. It's clear these aural hallucinations are projections of your inner uncertainty. Your subconscious is flipping between stations, trying to find the right sound for your song.

Laney: So basically Luna's subconcious is helping her find the right song?

Lisa: In a summary sense, yes.

Me: That does seem logical and it's trying to help her at some point.

Luna: Dude, that makes total sense! [realizes this] So, what is the right sound?

[Suddenly, Luna hears some smooth music playing and Leni comes up the stairs heading to her and Lori's room as a blue emoji background fades in.]

Leni:

Is it a crush?

Or maybe it's chemistry

Maybe it's all in my head

Lori, look at this thread

Tell me what you see

When he IMs my friends, is he trying to get me?

Look at this one again, what do you think it means?

[Leni suddenly rips off a lab coat.]

Lori:

He's got to like you for you

And your music too

Don't want to call it "like"

If it isn't true

It's online, it's not life

And the real world takes time

Just to figure out what's right or wrong

Throw down that slow jam groove

Lori & Leni:

We got our own kind of song

---

[As the song ends and the background fading back to normal, Luna observes all of this while holding a notepad.]

Luna: Maybe that's the kind of song people want to hear, something deep and soulful.

Me: Soulful is good Luna you could try that.

[Suddenly, cheerful music begins playing and Luna turns to see Luan's door banging and Luan pops out as a jack-in-the-box.]

Luan:

Every now and then, I think the world's a scary place

But I remember it looks better with a pie thrown at your face

If the glass looks half empty

Break off the empty half

And use it as a pirate's leg

Give everyone a laugh

Rubber duckies, wind-up monkeys, six foot leprechauns

Well, life's my stage, a laugh parade

Yeah, that's my kind of song

Hey hey!

[Luna randomly comes out of Luan's squirt flower and falls to the floor as Luan is riding her unicycle.]

Laney: Any luck?

Luna: [Gets up] Nope.

Me: Comedy music is not your forte Luna. But the Smothers Brothers were a comedy song duo.

Luna: That's true J.D.

Luan: Yeah they were.

Laney: Well, I'm sure you can think of something. Try listening in for more musical hallucinations.

Luna: Alright. [She looks around until she began to hear gloomy music. Luna opens the door to Lucy's Crypt room to find a casket and the room looking like a funeral as lightning crashes. Lucy opens the casket.]

Lucy:

The universe is empty.

And there's nothing to be sure of but darkness.

There's no music in the void, so why bother anyway?

[Lucy floats out of the casket and grows some humongous bat wings.]

Embrace the emptiness. Own the futility.

The only song worth singing is silence.

Luna: Heavy, man. Maybe that's what people will dig, something dark and somber.

Laney: Maybe goths can dig it, but I'm not sure it will be for everyone…

Varie: Yeah that would be too scary for some people. No offense Lucy.

Lucy: None taken Varie.

Lynn: [offscreen] Lynn-sanity in da house!

[Luna turns around to get a basketball thrown at her stomach as she goes flying into the room and landing on Lucy as techno music begins to play. Luna and Lucy look up.]

Lynn:

Get pumped (what!)

Get ready (huh!)

This beat's about to get heavy (oh yeah!)

Rough riders!

Olé!

That's the sound of me winning all day

I'm a walking trophy, got my beat, got my drums

Give me a T-R-O-F-Y

Lisa:

I think you spelled that wrong!

Lynn:

That's my kind of song

Yeah!

[Lynn rips off her shorts to reveal multi-colored sequins.]

Alright!

Whoo!

Lynn: [takes Edwin from Lucy and throws it to the ground, resulting in Edwin's nose breaking off.] Alright! Up top!

Lucy: Look what you did to Edwin, you monster.

Me: Now hold on you two!

I snap my fingers and I repaired Edwin all good as new.

Lucy: Thanks J.D.

Laney: Maybe we should look somewhere else. [Laney pushes Luna down the stairs] Getting inspired yet?

Luna: I don't know, Lanes. The more I hear, the more confused I get.

[Now country music begins to play and Luna sees that her parents are doing the bills in the dining room.]

Lynn Sr.:

Darling, keep me company on the rocky road of life

Rita:

We'll just sing in harmony as the kids all scream, "Be quiet!"

Rita & Lynn Sr.:

So, let's turn up the radio and drive

[The parents are now in a saloon wearing cowboy outfits as they begin to dance to the music.]

Rita:

I'll be out of tune

Lynn Sr.:

I'll be out of time

Rita:

Don't have much to lose

Lynn Sr.:

But we'll be fine

[Luna sees her parents shaking their butts and facepalms herself.]

Rita & Lynn Sr.:

We're gonna keep singing loud and wrong

Cause that's our kind of song

[The two share a kiss as the background returns to normal.]

Me: Never was a fan of country western music but that was really good.

Luna: Huh. Yeah it was. Maybe a country song is the answer! [Just as she was about to write that down, electronic music begins to play.] But of course, here comes another one.

[A dance battle video game is shown on the TV and Lincoln and Clyde are dancing to the beat of the song while playing.]

Lincoln & Clyde:

And the beat goes on and on

Even if we get it wrong

Cause friends don't think, they're just in sync

Best buds, amigos, the list goes on

Can't keep up, can't sing along

That's our kind of song

[The song has come to an end as the screen says "Finished!"]

Varie: Interesting song.

Luna: [sighs] Or… [writes it down]… maybe that's the ticket, something people can dance to." [goes upstairs] Unless I should go with a slow jam, or show tunes, or maybe rap, or jazz. No, country. [groans] It's hopeless!

Laney: You can't give up yet! We gotta find a song for you!

Sam S.L.: That's right Love. You can do it!

Luna: But how? Every song I've heard as hit me in a dead end! Face it, Lanes. There isn't a song in this house that everyone will love!

[Luna hangs her head in defeat and goes to her room, burying her face in her pillow as she lets out another groan. Just then, a pop song begins to play.]

The mic drops, we don't stop

[Luna lifts her head up and she and Laney come out of Luna's room to see Lily dancing to the song on her radio.]

Pretend the sun's never coming up

High tops, tube socks

Following the trends even though we'd rather not

Laney: Get out! I love this song! [Laney runs up to Lily and dances with her]

Lori: [steps out of her room] Ooh, I literally love this song!

Lola: [comes out of the bathroom and gasps] Shut up, so do I!

[Lori and Lola join in.]

Guess it's just whatever (whatever)

[The four sisters lip-sync that last lyric before the chorus begins to play and Luna smiles at this.]

Put your hands in the air like the ceiling ain't there

Make this last forever

Lynn Sr.: [as he, Rita, Luan, Lincoln, and Clyde come up the stairs.] Make a hole! Make a hole! This song is my jam!

[They join in and Lynn comes out of her room. She smiles and joins them as well as Lucy comes out next.]

There is nothing worse than that guy over there

And nothing's better than the best, best, best thing ever

Lucy: I should hate it… but I don't. [joins in]

Oh oh oh, o-o-o-oh, oh oh oh

Lisa: Likewise. Curse this inane yet diobolically catchy tune! [joins in anyway]

[The Louds and Clyde are now dancing to the song.]

Friday nights, summer light

Just me, my friends and I

Top down, peel out (peel out)

But I'm yelling at my mom, 'cause I'm still too young to drive (MOM!)

[Luna then hears Charles barking and sees the pets dancing to the song too. Everyone comes over and dances to the song.]

Guess it's just whatever

Put your hands in the air like the ceiling ain't there

Mr. Grouse: [dancing to the song as well] I love this song!

Make this last forever

Yeah, there's nothing worse than that thing over there (Eww!)

And nothing's better than the best, best, best thing ever

Oh oh oh, o-o-o-oh, oh oh oh

Oh oh oh, o-o-o-oh, oh oh oh

[During the second chorus after Mr. Grouse dances, a squirrel dances to the song too, as well as two skydivers, and an astronaut. A radio satellite picks it up and sends it all across the world, to which the people from other countries dance to as well, even some of the Casagrandes. The song comes to an end and the Louds and Clyde cheer to such a great tune.]

Luna: [finally figures it out] Dude, bubblegum pop! That's the kind of song the whole world loves!

Laney: That's great! But are you sure you want to go with it? It's not exactly you're kind of song.

Luna: But it sure is everybody's kind of song! This is gonna put on the top!

Laney: Well, if you think it's good I guess can't stop you.

Me: Go for it Luna.

Nico: Yeah you can do it Luna!

Lynn Sr.: What a workout. Who wants Flippees? I'll drive.

[The Louds and Clyde then run down the stairs and out the door to Vanzilla.]

Rita: Luna, you coming?

Luna: You guys go without me. I've got a contest to win. [goes to her room to write a new song]

Aylene C.: Have fun Luna.

Me: I'll help her too.

Sam S.L.: Same here.

[Later, Laney and Luna were ready to record the new song]

Laney: Okay, Luna. We're ready to roll.

Me: Ready Luna.

[Luna taps her microphone and hits record on the recording device once again. This time, she is on her keyboard and takes an exhale.]

Luna: Alright, take two. [begins playing]

Clock is ticking

Time is running out, every second counts

Overthinking

I can't turn it off, so I'll tune it out

All we know is la, la, la, la, la

So might as well just la, la, la, la, la

We just want to la, la, la, la, la

All day long

Everybody loves this, everybody does this

I'm just gonna do it too

We don't need a new song, we already got one

I'm just gonna give you what everybody wants

What everybody wants

What everybody wants

What everybody wants

Guess I want it too

[The background fades back to normal and Luna stops the recording. She takes out the flash drive and climbs up to her bunk.]

Me: Awesome job Luna!

Luna: Thanks dude. Now that's a song the whole world will love. [plugs in the flash drive to her laptop] Upload, and submit.

Laney: I'm sure you'll win, Luna. You know music better than anyone.

Luna: Thanks Lanes, fingers crossed.

Sam S.L.: You are a winner babe.

[Later, the Loud siblings are watching TV when they hear Luna scream excitingly as she heads down the stairs.]

Luna: I'M IN, I'M IN, I'M IN!

Leni: In what, in what, in what?

Luna: America's Next Hitmaker! I just got an email saying my song made it to the top five!

Me: Hey! Way to go Luna!

Nico: That's our favorite rock star!

Vince: Yep!

Carol: Way to go Luna!

[Laney runs up and hugs Luna squealing with excitement]

Laney: [excited] AAAAAAHHHH! I'm so proud of you, sis!

[Luna's siblings rush over and hug her cheering for her success and their parents enter the scene.]

Leni: We knew you could do it!

Me: Same here Luna!

Lincoln: Is it the song you've been playing for the last couple of days?

Leni, Lynn, Lana, and Lola: Play it loud, play it loud / I got no time for turning it down

Luna: Actually, I submitted a different one. I really want to win this contest, so, I needed a new song the whole world would dig.

Lynn: Well, looks like you nailed it. [chest bumps Luna to the floor.] Way to dominate.

Luna: [gets up] Thanks, dude, but watch the diaphragm. I still got to sing.

Laney: Alright, make some room. Future manager of Luna Loud coming through. [Walks with Luna]

Me: Good luck out there.

[Later, Luna and Laney enters the theatre of where "America's Next Hitmaker"is and walk towards the stage, admiring it in it's glory.]

Luna: Woah!

Laney: I can't believe you're gonna sing here!

Luna: I know!

Doug: [offscreen] Hello there!

[Enter Michelle and Doug]

Michelle: You must be one of our finalists.

Luna: Why yes I am.

Doug: Not you! [points to Laney] Her!

Laney: Huh, me?

Michelle: Yes, you! [Vigorously shakes Laney's hand] We've heard your wonderful song and we are excited to have you on our show.

Laney: Wait! Flattered as I am, you are completely mistaken. I didn't sing that song. [Points to Luna] She did! I'm just her future manager.

Doug: You're joking right?

Luna: No, dudes, she speaks the truth! [sings] All we know is la, la, la, la, la

[The two recognize the tune and are happy.]

Michelle: [gasps] You are the singer! But you're not exactly what we expected.

[Luna grows shocked to hear that.]

Laney: What do you mean?

Doug: Well, her look is… interesting, but it doesn't really fit with her song.

Luna: Oh, I-I was just trying to write something the whole world would love.

Michelle: Great attitude. That's what this is all about.

Doug: So, now that you've got the song covered, let's make you into a girl the whole world will love.

Luna: Uh…

Laney: Hold on! What are you two going at?

Michelle: Nothing crazy, just a couple little tweaks. [Luna looks down at her threads.] Sometimes in the music biz, you gotta play the game to get the fame.

Doug: You do want the fame, don't you?

Luna: Well, sure.

Michelle: Then, trust us.

Laney: Luna, I'm not sure that we can trust these guys.

Luna: Chillax, Lanes. They know what's best for me.

Laney: Really? Because it sounds like they wanna-

[Before Laney could finish, Doug flips the lever for the stage lights.]

Michelle:

We've got a lot work to do and not a lot of time

Doug:

Don't worry, dear, just sign right here

Don't read between the lines

Laney: Hold on a-

Michelle:

That's not supposed to fit that way

Doug:

Your hair, your boots, your clothes, oy vey!

Michelle & Doug:

We know what to do

We'll just fix a thing or two

Or three or four or five

Laney: I don't think-

We love you, you're Luna, now change

You're destined for fortune and fame

There's so much room for improvement

We love you, you're Luna, now change

And we know it might feel wrong

But if you just play along

Laney: Now, wait just a minute you-

Michelle:

Everybody's going to

Michelle & Doug:

Love what you've turned into

Laney: [annoyed] Do I get a say in-

We love you, you're Luna, now change

It's all how you play the game

All big stars could use improvement

We love you, you're perfect

We love you, you're worth it!

We love you, you're Luna

Now change!

[During the last chorus, they fit Luna into several outfits until finally settling on a young pop girl outfit. Laney was shocked to see what the producers did to Luna]

Laney: Gah! What did you do!?

Michelle: We made your client into the star she was born to be.

Laney: What you did was turn her into a trashy popstar!

[Michelle and Doug gasp]

Doug: How dare you!? Is that anyway to talk to a star?

Laney: But these changes-

Doug: [Interrupts Laney] Ah bup bup! Listen, kid. I know you're concerned but we hear you. But we are trained professionals so we know what stars want.

Laney: But Luna doesn't want-

Michelle: [Interrupts Laney] Not another word. You two run along now and we'll see you tonght! [They push Laney and Luna out of the studio]

[Cut to Laney and Luna walking back to thier house with Luna in her new outfit and open the door to find their siblings on the couch.]

Leni: [not knowing it's Luna.] Hey, Lola.

Luna: Dude, it's me, Luna.

[The siblings gasp]

Me: Luna? What happened to you?

Lola: [filing her nails] Learn to take a compliment, sweetie.

Lincoln: Luna, what happened to you?

Luna: Nothing. The producers just made a few tweaks. [sneezes]

Lori: A few tweaks? You are literally unrecognizable.

Luna: [scoffs] Give me a break, dude.

Lola: I can't believe I'm saying this, Luna, but pink isn't your color.

Me: I agree.

Maria: Luna, I think you should dress up as yourself and not a new outfit.

Lana: Same here.

[Enter Rita and Lynn Sr.]

Rita: [also not knowing it's Luna.] Oh, hi. Rita Loud. You must be one of Lori's friends.

Luan: Mom, it's Luna.

[The parents gasp]

Luna: Chill, guys, sometimes in the music industry, you gotta play the game to get the fame. Isn't that right, Laney.

Laney: No it isn't!

Luna: What do you mean it isn't?

Laney: Listen, Luna. I've been supporting your desicions up to this point. But this is too far! Don't you see what Doug and Michelle are doing to you? They're trying to turn you into someone you're not! Just think to yourself: Is this really what you want?

Luna: Yes it is! And I think you are worrying too much. Now if you excuse me, I need to get ready for tonight. [goes upstairs]

Laney: Oh, Luna. If only you could see what you let yourself become…

[Luna is in her room looking at her Mick Swagger poster.]

Luna: They just don't get it, Mick.

Mick: Don't worry, love, I do. [Luna is surprised her poster came to life.] This is a tough business. Only one in a million makes it. You gotta do what you gotta do. Besides, it's not like you're selling your soul.

Luna: Right! That's what I'm saying.

Mick: You're still you. You're still Luna Loud.

[Luna smiles with hope. But back at America's Next Hitmaker, things are not going as she hoped she would.]

Doug: Sorry, you're no longer Luna Loud.

Luna: Excuse me, brah?

Michelle: We did some pre-show testing, and the name Luna Loud just doesn't say girl the whole world loves.

Doug: But your new one does.

[Michelle takes Luna's axe away and straps on a new kind of guitar with a name on it, and that name is… ]

Luna: Lulu?!

Doug: Yup, just Lulu. Isn't it fabulous?

Luna: This doesn't even have strings! How am I supposed to play it?!

Doug: Oh, honey, you don't need to play, or sing. You just have to lip-synch.

[Luna is in denial shock.]

Laney: [fed up] THAT'S IT! [Storms up to the producers] I have had enough all these "changes" of yours! Who are you two to decide what Luna should be!? I demand that you change her back at once!

Doug: I'm sorry, but are you the producer of this show?

Laney: Well, no but-

Doug: Exactly, you're just the boss of her, not us. You may not know how the music buisness works but we do. So either you play along or go back to playing your instruments. [The producers leave while Laney was fuming mad]

Laney: Eeerrgh! What jerks! I don't know what you were thinking entrusting them with- [Sees Luna putting the guitar down, then looks at her reflection in the mirror as ballad music plays in the background.] Luna?

Luna:

Who is that in the mirror?

Looking back, I don't know her

But she reminds me of someone I knew

Someone real, with imperfections

I can't deal no direction

Lost the map, where it was leading me to

But maybe I was standing there all along

What have I done? Is it too late?

Trying to be someone I'm not, now I'm someone I hate

For a moment in the spotlight, then it's gone

What have I done? What price have I paid?

It ain't worth it no more, it's material made

I just want to be right back where I belong

What have I done?

What have I done?

Every note rearranged

Every word is someone else's

Till I'm left with the ghost of a girl

I gave in and I regret it

Gave too much but now I get it

Changed myself and lost my way to change the world

Maybe I can still rewrite that song

What have I done? Is it too late?

Trying to be someone I'm not, no, I won't be replaced

With a moment in the spotlight, till it's gone

What have I done? What price have I paid?

No, it's not worth it no more, it's material made

I just want to be right back where I belong

What have I done?

What have I done?

What have I done?

What have I done?

[Laney puts her hand on Luna's shoulder. Luna looks at her and sighs. Michelle and Doug are talking to the stage manager.]

Michelle: And then we'll fire the glitter cannons.

Doug: Focus groups love the glitter cannons.

Luna: [enters] Uh, Doug, Michelle? I've been doing some thinking, what if we made a few more tweaks?

[Michelle and Doug carry in a wardrobe set, a hairbrush, and a hairdryer.]

Michelle: Mmm, what do you have in mind?

Laney: My client Luna, would wish to go back to her original clothes, use a real guitar, and actually sing instead of lip-synching!

Doug: [To Laney] You stay out of this! [To Luna] And you! Let me break it down for you: You go on as Lulu, or you don't go on at all. Are we clear?

[Luna nods and looks down ashamed.]

Laney: Well, then she won't sing at- [Luna stops her]

Luna: We understand… [The producers leave] Laney, what am I going to do? I want to go out there but as Luna not Lulu!

Laney: Well, Lunes. Instead of listening to music, try listening to your heart. [Luna thought of Laney's wise words. That night at the stage, thousands of people are in the audience tonight, and of course, Luna's family.]

Doug: Our next contestant hails from Royal Woods, Michigan.

Lynn: Whoo! [nudges Lucy, who is clapping] It's Luna!

Doug: Please give a warm welcome to Lulu!

[The curtains draw back to reveal Luna, as Lulu, and smiles nervously to the audience, much to the confusion of the Louds.]

Luan: Lulu?

Leni: I'm so embarrassed. I've been calling her Luna all these years.

[Luna steps up to the microphone and looks down at her stringless guitar and Michelle and Doug signal her to go on and perform. Luna looks at her family and finally decides what she must do.]

Luna: Sorry, I've made a huge mistake. [tosses the guitar away] This isn't me. I'm not Lulu, I am Luna Loud! [She takes off the wig and throws it out into the audience.]

Lola: [snatches the wig] MINE!

[Luna draws back the curtain to reveal a bunch of speakers and is now back to the Luna Loud we all know and love as she begins playing the intro for "Play it Loud". Michelle and Doug are in aghast. Laney was estatic.]

Luna:

Rock and roll is running through my veins (hey, hey)

Electric soul like wires to my brain (hey, hey)

I can't be wrong, don't need direction

I can find my way

[Chunk appears playing the drums]

Play it loud, play it loud

[Michelle and Doug shake their fists in anger. The crowd is loving it and Laney and her family are cheering her on.]

I got no time for turning it down

Play it loud, play it proud!

I live it, I breathe it

Don't tell me I don't need it now

Play it loud!

Sorry, I'm not sorry for being proud

[Lincoln and Luan signal the stage manager to turn it up and he happily does so.]

Play it loud!

Turn it up until your speakers blow out

Michelle: [angry] You're disqualified! [Luna just shows that she doesn't care and continues to rock out. Laney then hits Michelle with a microphone] Ow! [Laney blows a raspberry and the producers start chasing her]

Irma: WOOHOO! GO LUNA!

Luna:

First things first, I ain't no second place

Rules are meant for bending till they break

Right or wrong with no exceptions

Rocking out my way

[During the second verse, Michelle and Doug continue to chase Laney backstage. They were up at the top of the stage and cornered Laney, then she jumps into a rope and the producers jump after her only to fall into one of the glitter cannons in which Laney use to fire them out of the stage]

Play it loud, play it loud

I got no time for turning it down

Play it loud, play it proud!

I live it, I breathe it

Don't tell me I don't need it now

Play it loud!

Sorry, I'm not sorry for being proud

Play it loud!

Turn it up until your speakers blow out

Until your speakers blow out

Until your speakers BLOW OUT!

[The crowd cheers at such an amazing performance and Luna turns to see that Michelle and Doug are back on the stage covered in bruises and wrapped around in wires]

Doug: Do you know what you've just given up?!

Luna: Yeah, but I know what I'm keeping. The real Luna Loud!

Sam S.L.: Nice job, babe!

[Luna faces the crowd as they cheer her on. And Laney walks up to Michelle and Doug with a smirk on her face]

Laney: I guess you two don't know much about the music biz after all. [Luna joins her]

Michelle: This is all your fault, you messed everything up!

Laney: I only cleaned up the mess you guys made. [Doug grabs Laney]

Doug: I've had quite enough of you! Now, listen here! This business isn't about being yourself!

I punched Doug in the face and Lori kicked Michelle in the face.

Me: You have a lot of nerve defiling true talent like this!

Doug: That's because people don't deserve true talent.

The Hex Girls were with us.

Thorn: You two wouldn't know talent if it hit you in the face. Like this!

(Slaps Michelle)

Nico (cracks knuckles): Michelle and Doug, you have failed this city!

Doug: I don't care! People are stupid! And they are nothing but freaks, babies, dumb idiots and Doo-doo Dunderheads!

Michelle: We find all people to be nothing more than talentless losers! And we're saving the world of talent on our show by robbing them of their true talent and making them expendable pawns in the world of fame.

Me: That is not making people famous!

But what Doug and Michelle didn't know is that Luan was showing Doug and Michelle's true colors to the audience and they were exposed as nothing more than talent-hating narcissistic pricks. Everyone booed at them and then they came out and looked at everyone nervously. Then everyone started throwing rotten eggs, fruit and vegetables at them.

Lynn: (Dressed in a concessions salesman uniform) ROTTEN EGGS, FRUIT AND VEGETABLES! GET YOUR ROTTEN FRUIT AND VEGETABLES HERE!

Man: You got anything heavy Lynn?

Lynn: Let me see.

Lynn looked in the cart and pulled out a rotten watermelon.

Lynn: Will this work?

Man: It sure will. (Hands her a $100.00 bill)

Lynn: Thank you.

He threw the melon and it hit Michelle.

SPLAT!

The Production staff grabbed Doug and Michelle.

Next Team W.I.T.C.H.J.E.M.M. sang on the stage.

Will: We're gonna be singing a song called We Are W.I.T.C.H.

Me: It's based on our initials. It's what Will and her friends were called before we became Team W.I.T.C.H.J.E.M.M.

Everyone cheered.

We played our music and the stage turned into the realm of Candrakar.

Me and Will:

We are, we are

We are W.I.T.C.H

We are, we are W.I.T.C.H.

There is a place where darkness reigns

We've got the power to fight back

We save the day united five as one

We can become more than you know

The Heart will lead the way to what we can control

Water, fire, earth and air

Guardians unite!

We are, we are

We are W.I.T.C.H

We are, we are W.I.T.C.H.

We are, we are

We are W.I.T.C.H

We are, we are…

We are, we are, we are

We are, we are, we are…

We fight the light, we fight the truth

This is our revolution

In day and night, we have the strength and courage

With open eyes we find the light

Together we will have the power to control

Water, fire, earth and air

Guardians unite!

We are, we are

We are W.I.T.C.H

We are, we are W.I.T.C.H.

We are, we are

We are W.I.T.C.H

We are, we are W.I.T.C.H.

Our world is more than we see

There's danger that lies beneath

We fight to protect the free

Water, fire, earth and air

To protect the free

Water, fire, earth and air

Guardians unite!

We are, we are

We are W.I.T.C.H

We are, we are W.I.T.C.H.

We are, we are

We are W.I.T.C.H

We are, we are W.I.T.C.H.

We are, we are

We are W.I.T.C.H

We are, we are W.I.T.C.H.

We are, we are

We are W.I.T.C.H

We are, we are W.I.T.C.H.

We are, we are, we are

We are, we are, we are

We are, we are, we are

We are, we are, we are W.I.T.C.H.

Everyone cheered and screamed wildly.

Me and the Guardians: THANK YOU!

Next was Matt Olson A.K.A. Shagon.

Matt: I'm gonna be singing my own song called The Demon in Me.

Me: Go for it man.

Matt: Thanks J.D. Here goes.

Matt played his song and the stage was now a forest shrouded in darkness.

Matt:

Didn't know why I couldn't fly

Didn't want to be stuck on the ground

I wanted to soar across the sky

But something was holding me down

What had me cower in fear?

What was it I couldn't see?

The answer near, but so unclear

I was fighting the demon in me

The demon in me

The demon in me

The battle weird, over all that I feared

I was fighting the demon in me

He fell on me when I was weak

Made me feel so lazy and dumb

He talked to me deep in my sleep

My mind and my soul overcome

I started to just let him win

I decided to just let it be

It was up to me not to give in

The manager of the show came and he was infuriated. As punishment for their crimes Doug and Michelle were stripped of their notoriety, their titles, and their jobs and were demoted all the way back to janitors. As part of their punishment they were sentenced to 50 years of hard labor cleaning out the sewers of Gotham Royal York and hereby ordered to give back the rightful talents to the people whose dreams they crushed and dashed. Plus they were ordered to pay everyone a total of $750,000,000,000.00 in restitution. They were also ordered to pay Luna $250,000,000,000.00 in restitution.

Doug and Michelle were disgraced and completely humiliated.

Doug: This absolutely stinks!

Michelle: Tell me about it.

Coconuts: Now I know how Robotnik feels whenever he makes me do sanitation duty.

Stewie: You two should be happy that you're not dead!

Nico: Hey, Coconuts. Are you glad you're not in their shoes right now?

Coconuts: You know I am Nico. Dr. Robotnik had me on Sanitation Duty for years.

May: That is so wrong.

Doug: Tell me about it.

Ed: I think you two just earned a nice punishment from my violin!

Ed pulled out his violin and played it badly in a cacophonous manner. (Think of how Ed played in the Episode Pain in The Ed.) Musical notes pelted Doug and Michelle and they were holding their ears in pain.

Me: What a couple of talentless nimrods.

Kirby: You said it J.D. (To the Viewers) No one likes someone that has no respect for the world of fame and fortune.

Me: You said it Kirby.

THE END

---

Another Fanfiction Complete.

Really Loud Music was an awesome episode of the Loud House and the songs it played in the episode were awesome! That episode was so awesome that it should've received an Emmy for great songs and music. Luna's song Play It Loud was awesome! The songs were all AWESOME! NicoChan11 gave me the ideas for this. Thanks man as usual. Me and Coconuts also got a sense of poetic justice in this chapter when we put Doug and Michelle on Sanitation Hard Labor. Let me know what you all think.

See you all next time.

# Off-Roading Racers

*It was a rainy day in Gotham Royal York.*

We were in our garage working on our roadsters and reloading our weapons after the Volcano Race in Iceland.

Me: So Lori how did it feel to win your first ever race?

Lori: It was literally the most amazing experience I ever had! All my friends couldn't stop talking about it.

Me: I believe it Lori.

Laney: I'm glad you had fun Lori.

Lori: Thanks Laney

*Lana walks into the Roadster Garage, smiling happily while being covered in mud.*

Lana: *happily* Ahh. Nothing beats a rainy day! It's makes so much mud!

*Lincoln was fixing his roadster's hydraulics when he noticed her.*

Lincoln: *rolls out from under his roadster, sits up* Hey, Lana. You seem happy.

Lana: *smiles* Well, duh! It's rainy and muddy!

*Lincoln smiles at his little sister's amusement with mud.*

Me: Lana you love the mud.

*Then, the racing channel comes on the ceiling TV.*

Lana: *notices it* Hey, the racing channel's on.

Lincoln: *notices it* Yep. Looks like there's a new race.

Lana: *gets thrilled* Ooh! Wonder what it is this time!

Me: Lets find out.

*Billy Natson was on live, next to a muddy racetrack as it rained.*

Billy Natson: *on TV* Hidy Ho, roadster fans! Billy Natson here! Are you ready to get those racing wheels dirty? Then get ready for the Off-Road Mud Bowl! That's right, on a rainy day like this, there's nothing exciting than racing on a muddy, off-road course! *holds up a trophy that's covered in mud* And whoever wins gets the Mud Bowl Trophy! If you're ready, go get those wheels muddy and dirty!

Lincoln: Well, what do you know? It's an off-road race.

Me: That sounds like a fun race guys!

Lana: *exctied* My kind of race!

Lincoln: *smiles* Thought so, you are a tomboy, Lana.

Lana: *excited* It's in my blood!

Me: What do you say Nico? You up for it?

Nico: You bet I am J.D.

Lincoln: *smiles* Yep. Unfortunately, Lola is Lana's opposite. She won't like this.

Varie: No she won't.

Lana: *rolls her eyes* So? I already knew that.

Lincoln: Just a reminder.

Lola: *off-screen* Reminder about what?

*Lincoln and Lana turn around and see Lola entering the garage in her daily driver.*

Lincoln: *rubs his head* Hey, Lola. There's an off-road race happening today, the Off-Road Mud Bowl. Since it's raining, it's gonna be full of mud.

*Lola makes a disgusted face.*

Lola: *disgusted* Seriously? Ugh, gross… There's NO way I'm getting me and my roadster dirty, so count me out.

Lincoln: *smiles* Okay, Lola. You don't have to race. We understand how disgusting it is for you.

Me: Yeah we figured you wouldn't like to race off-road.

Lana: *smiles* Yeah, it's fine. I'd hug you, but I don't wanna get you muddy.

Lola: *smiles* Thanks for understanding, guys.

Me: You're welcome Lola.

*Lincoln smiles and rustles Lola's hair, making the pageant queen giggle.*

Lincoln: C'mon, Lana. We better tell the others.

Lana: *nods* Okay!

Lincoln: *to Lola* See ya after the race, Lola. Stay dry now.

Lola: *smiles* I will, Linky!

*Lincoln rustles Lola's hair again, then he and Lana go outside.*

*The rest of the sisters were outside the garage, all wearing raincoats as they sat in their Daily Drives.*

*Leni was talking to their boyfriend on the phone. Lincoln could hear the conversation between the couple.*

*The others were doing their usual hobbies in their Daily Drivers, like Lynn kicking her soccer ball, Luan working on her pranks, and etc.*

*Luna was tuning her guitar, when she noticed her cyborg brother and tomboy sister walking towards them.*

Me: Hey guys!

Luna: *waves at them* Hey, dudes!

Lincoln: *smiles* Hey, Luna.

Lana: *waves back* Hey, Luna!

*The others notice them and give out their greetings.*

Lincoln: *smiles* It's Roadster Racing time.

Lynn: *grins* Sweet! A new race!

Lisa: What is it about this time?

*Lincoln and Lana tell them about the Off-Road Mud Bowl.*

Lori: An off-road race?

Lisa: *scratches her chin* Hm, sounds promising.

Aylene C.: Sounds like a good race. Count me in.

Dexter: An earth race sounds like a scientifically wondrous adventure.

Luna: *grins* Ha! That's sound rad!

Sam S.L: You said it babe!

Lucy: And messy.

Luan: If I had to guess, Lola's not competing, isn't she?

Lola: *inside* No, I'm not!

Luan: *rolls her eyes* Thought so.

Lily: I'm not surprised.

Leni: None of us are. You like, know how she is around dirty stuff.

Lisa: Not once have I seen her get dirty.

Me: Me neither.

Lincoln: Very true. Anyway, let's get to the track!

Sisters: *all smile* Yeah!

Lana: *excited* Let's go!

Lola: Good luck guys.

Me: Thanks Lola.

Varie: If we come back filthy I can clean us up.

Lola: Okay.

*Lincoln and Lana hop into their Daily Drivers, then we all press a button on their dashboards.*

Singers: Roadster Racers, gooooooo!

*The Daily Drivers transform into the siblings' roadsters. They then race off to the Off-Road Mud Bowl.*

Nico: Lets roll!

*On the way there, Lincoln dials up a special someone of Lana's.*

*Meanwhile, Lola stays back and makes sure her Daily Driver is spotless.*

---

*1 hour later, It was definitely sparkly clean and spotless. She smiles in satisfaction.*

Lola: *smiles, satisfied* Perfect. *scratches her chin* Hmm, wonder if the race started yet.

*She sits in her Daily Driver, picks up the ceiling TV remote, and flips the channel to the racing channel.*

*She sees her siblings driving onto the muddy track, then stop at the starting line.*

Lola: Ooh, it's about to start. *sees the mud on the roadsters' tires, gags* Bleh… Glad I'm not racing on that mucky track…

*At the Mud Bowl.*

Billy: Hidy ho, roadster fans! Billy Natson here, and welcome to the Gotham Royal York Off-Road Mud Bowl!

*The crowd goes wild.*

Billy: This year's Mud Bowl is a race around the outskirts of Gotham Royal York! All off-road! The racers will drive in a muddy circle, not just a simple circle though!

*Lana was the most excited of the siblings.*

Lana: *excited* Oh, yeah! I can't wait! Let's get all muddy!

Lincoln: *chuckles, rolls his eyes* Oh, Lana…

Me: Good think my car is an off-road car too.

Varie: Same here.

Billy: First one back takes the win! Now, here are our racers, Team Loud Phoenix Storm *as we wave to the crowd, Billy notices that one is missing* Or, most of them…

Lincoln: Sorry, Billy. Lola's out on this one.

Billy: Ah, gotcha! The queen of pageants didn't' want to get her perfect self dirty, eh?

Lori: *nods* Literally nailed it on the head, Billy.

Billy: *chuckles* Ah, its understandable! Now, let's get this race started! We don't wanna disappoint the fans, am I right?

Lincoln: *grins* Right you are, Billy! *looks at his sisters* C'mon, guys! Let's roadster up!

Me: Lets shred some dirt baby!

*The crowds cheers as the siblings rev up their roadsters. Krista comes up with the green flag.*

Krista: Alright, let's get this party started! On your marks!

*The roadsters rev up loudly.*

Krista: Get set!

*The tires kick up mud as they squeal.*

Krista: *waves the green flag* Rev up and get muddy!

*The crowd cheers as the racers zoom off.*

Billy: AND THEY'RE OFF!

*At the Roadster Garage.*

*Lola smiles as she watches her siblings begin the race.*

Lola: You got this, guys!

*As the rain poured down, the siblings raced down the muddy off-road track. Their roadsters' wheels were covered in mud.*

Lola: *a bit disgusted* Glad I'm not racing..

*At the Mud Bowl.*

*Lana soon takes the lead, but Lincoln follows close behind.*

Billy: Things are heating up, folks! Lana's in first place! Followed by Lincoln who's in second! And J.D. Knudson in Third!

Lana: *excited* Aw yeah!

Billy: Looks like nothing can stop this tomboy! *sees the first obstacle, which are cows* Except for the first obstacle of the Mud Bowl! A bunch of cows on the track!

Lana: *smirks* Not stopping me!

*Lana easily zooms through the cows, due to her knowledge of animals.*

Me: Oh no you don't. (Pulls a yellow lever) Turbo jump time!

Powerful jump jacks lifted me over the cows with ease.

Me: YEE HAW!

*Lincoln easily dodges through them as well.*

Lincoln: *grins* Ha! Cakewalk!

*Lily did too, due to how small she was.*

Lincoln: *glances back to Lily* Nice job, Lily!

Lily: *gives a thumbs up* Thanks, Linky!

*The others followed suit with a bit of difficulty.*

*Lynn was the last to try and past them.*

Lynn: *growls* Ugh! Come on!

*Unfortunately, there were TOO many cows for her, and she couldn't make it through. So she and her roadster were stuck*

Billy: Ohhhhh! Lynn didn't make it through the cows! I'm afraid she's now out, roadster fans!

Lynn: *upset* Aw, man!

Nico: Aw that stinks.

*The siblings who are left continue the race.*

Lori: *looks behind her, sees Lynn stuck* Hey, looks like Lynn got stuck!

Lisa: *looks behind her, sees Lynn stuck*

Me: Let me help out. SHADOW CLONE!

I form another Race Car and Shadow Clone and it went into helicopter mode and pulled Lynn out.

Clone: There you go Lynn.

Lynn: Thanks J.D.

Clone: You're welcome. I'm a Shadow Clone and decided to help out.

Lynn: Shadow Clones are really versatile.

Aylene pushed a button and jumped over the cows.

*At the Roadster Garage.*

*Lola sees Lynn out of the race.*

Lola: Aww, poor Lynn. Hm, I better call and see if she's feeling alright.

*Lola calls Lynn on the screen of her Daily Driver.*

*At the Mud Bowl.*

Lynn: *sighs* Man, it stinks being the first one out.

*Then, the video screen on the dashboard of her roadster begin to flicker on.*

Lynn: *notices* Huh?

*The screen then flicks on, revealing Lola.*

Lola: *on the screen* Hey, Lynn. It's me.

Lynn: Oh, hey, Lola.

Lola: *on the screen* I saw what happened. Are you okay?

Lynn: *on the phone* Yeah, I'm good. There were just TOO many cows to get around.

Lola: *on the screen* Looked like it. Well, I think you raced really well.

Lynn: *smiles* Thanks, Lola.

*Meanwhile, the siblings race on through the muddy track. Luan starts to close in on Lana.*

Billy: There they go, roadster fans! Lana is still in the lead with Luan closing in!

Luan: *smirks* I'm comin' for ya, Lana!

Lana: *looks back, smirks* Eat my mud, Luan!

*Lana pulls the gear stick back and slams on the gas petal, zooming away from Luan and kicking up mud that splats on the comedian's roadster.*

Luan: *laughs* Oh, I'll "muck" ya on that one, Lana! *races after Lana*

*The siblings head to the next Mud Bowl obstacle.*

Billy: The Loud Kids are heading for the next obstacle, a deep, soggy pond! Can their roadsters get through it?

*At the Roadster Garage.*

*Lola watches her siblings head for the deep, soggy pond.*

Lola: Oh, jeez.

*At the Mud Bowl.*

*Lana and Luan head into the pond. The roadster went into the pond with a loud slush, and the water almost reached the seats. It was slow, but they managed to cross the pond. Their roadsters were now wet and muddy as they slowly race out of the pond.*

Lana: *grins* Ha! Made it!

Luan: *sees how dirty her roadster is* Man, Lola would throw a fit if this happened to her roadster!

Me: Time to fly baby.

I press a button and my car went into jet mode and flew over the pond.

Me: (To the viewers) Pretty spiffy car huh?

Cornelia: That is clever that J.D.'s car can do that.

*Lincoln followed behind Lana and Luan through the deep pond. His roadster was now wet and muddy as he slowly raced out of the pond.*

Lincoln: *sees how dirty his roadster is* Yeesh, it's gonna take a long time to scrub clean my roadster now.

*The others followed suit with difficulty.*

*Unfortunately, the pond was too deep for Leni, so she and her roadster got stuck.*

Leni: *presses the gas petal repeatedly, worried* Eep! Oh, no!

*Same for Lily*

Lily: *sees that she's stuck* Ah!

Billy: Ooh! Leni and Lily are stuck in the pond! Now they're out of this race!

Leni & Lily: *upset* Awww…

*Soon, they and their roadsters were pulled out of the pond by my Shadow Clone and Christa.*

Christa: I got ya, dudettes.

Clone: Same here.

Leni & Lily: *small smile* Thank you.

*Leni and Lily's roadsters were now wet and soggy.*

Lily: *notices how dirty their roadsters were* Gosh, look how dirty our roadsters are! It's gonna take a long time for them to get clean!

Leni: *upset, disgusted* Ugh…

*At the Roadster Garage.*

*Lola witnesses Leni and Lily out of the race.*

Lola: Aw. Poor Leni and Lily. Hope they're alright.

*She then calls them both.*

Leni: *on the Daily Driver video screen* Hello?

Lola: Hey, Leni. Lily.

Leni: *on the Daily Driver video screen* Oh, hi, Lola!

Lily: *on the Daily Driver video screen* Hi, Lola.

Lola: I'm sorry that you guys got out of the race. Are you two okay?

Lily: *on the Daily Driver video screen* We're fine.

Leni: *on the Daily Driver video screen* Though our roadsters are pretty dirty.

Lily: *on the Daily Driver video screen* We can see why you wanted to sit out this race, Lola.

Lola: *disgusted* Yeah. No kidding. Blech…

May: Are you all okay?

Lily: We are May. Thank you.

May: You're welcome.

*At the Mud Bowl.*

*The members of Team Loud Phoenix Storm continued racing down the muddy track, Me, Nico, Laney, Lincoln, Luan, and Lana traded first place a few times.*

Billy: We're heading down to the last stretch, folks. And Lana still has the lead! Lincoln and Luan are fighting for first place too along with Nico, Laney and J.D.! Don't count them out yet!

*At the Roadster Garage.*

Lola: *cheering for her twin* Yay, Lana! Go for it!

*Back at the Mud Bowl, the siblings head for the final obstacle.*

Billy: Here they go, folks. The racers are reaching the final obstacle. A giant muddy hill! The mud there is very wet and very slippery! Let's hope our racers can get over it!

*At the Roadster Garage.*

Lola: Come on, guys! You can do it!

*Back at the Mud Bowl, Lana starts to go over the hill. The mud was very slippery and her roadster slid back a few times as the tires squealed loudly.*

*Never the less, she managed to cross the hill, but with pretty hard difficulty.*

Lana: *sighs in relief* Phew, I got scared for a moment.

*Lincoln and Luan made it as well, not without struggling of course.*

Lincoln: *sighs* That was close.

Luan: *looks behind her* Woah, this almost gave me the "slip"! *laughs*

Me: I don't think so!

I pull a lever and out came a drill auger and it drilled through the muddy hill and made a tunnel.

*The other sisters? Not so much.*

*The mud got all over the other members cars and obscured their view, so they couldn't make it up the hill or see.*

Lori, Luna, Lucy, Lisa: Dang it!

Bill: Wowza! The hill's too slippery for Lori, Luna, Lucy, Lisa! They are outta here, which means there are six racers left in this muddy race!

*Back home, Lola witnesses it all.*

Lola: Looks like the others are out. That means the only ones left are Lincoln, Laney, J.D., Nico, Luan, and no surprise, Lana.

*Me, Nico, Laney, Lincoln, Lana, and Luan were racing down the few last muddy bends of the track.*

*At the Garage.*

Lola: *cheering* Come on, guys! You can do it!

*Lincoln and Luan were close behind Lana.*

Lincoln: *smirks* Look out, Lana! Cyborg on your tail!

Luan: *smirks* And a comedian!

Lana: *looks behind her, smirks* Not for long!

*The six were trading between first, second and third.*

*They were approaching the finish line, making the crowd go wild.*

Billy: Here they come, folks! It's neck and neck for 1st place! Who will cross first?!

Krista: *holding the checkered flag* My gosh! It's gonna be so close!

IT'S GONNA BE REALLY CLOSE!

*Everyone was on the edge of their seats.*

*The siblings cross the finish line, making the crowd go in a frenzy.*

Billy: Wowza! They've done it! J.D., Nico, Laney, Lincoln, Luan, and Lana finished the Off-Road Mud Bowl! But who won?!

Krista: *holding a tablet* The results are in! *gives it to Billy*

Billy: It was a photo finish! The winner is…

*The results show Lana winning by an inch.*

Billy:… Lana by an inch!

*The crowd and Lola cheered for Lana.*

Me: HOLY MACKEREL!

Laney: WHAT A FINISH!

Lana: *very happy, takes off her racing helmet* Wow! I won! And on a muddy course!

Lincoln: *lifts Lana onto his shoulders* Nice job, Lana.

*Back home.*

*Lola was hopping and cheering around her Daily Driver in delight.*

Lola: *happy* Yippee! Lana won! She won!

*At the course.*

Lana: *smiles happily* Thanks, Lincoln!

Skippy: *off-screen* Only fitting for a tomboy to win a race on a mud course.

*Lana looks and sees her boyfriend, Skippy, who's also covered in mud.*

Lana: *surprised, blushing* S-Skippy?! When did you get here?

Skippy: *smiles* I've been here the entire race!

Lana: *surprised* You were?!

Lincoln: He was, Lana.

Skippy: *grins at Lincoln* Thanks for telling me to come, Lincoln.

Lincoln: *smiles* I knew you wouldn't want to miss a mud course race. Especially with Lana competing in it.

Lana: *smiles* Lincoln, you sneak.

Me: Way to go Lana!

*Lincoln snickers.*

*The other sisters come over to congratulate their tomboy sister.*

Luna: *smiling* Awesome job, Lana!

Leni: *smiling* You were amazing!

*Lincoln sets Lana down.*

Lana: *smiles* Thanks, guys.

*Later we were standing on a racing awards podium with mud on it. The crowd cheers as Krista gives Lana a racing trophy that's slightly covered in mud, and has mud in the bowl.*

Krista: *smiles, gives Lana the trophy* Congratulations, Lana.

Lana: *takes the trophy and grins* Thanks, Krista!

Skippy: *kisses Lana's cheek* You were fantastic, Lana.

Lana: *blushes, smiles* Thanks, Skippy. *jumps in happiness* I won! I won! I really really won! *lands on a mud puddle and slips* Whoa!

*Lana couldn't keep her balance and collides into everybody, making them yelp as they and herself fall into the mud with a loud splat.*

*Now, everyone was covered in mud.*

Lana: *smiles sheepishly* Whoops…

Lincoln: *chuckles* It's fine, Lana.

We laughed and it was awesome!

Me: Way to go Lana!

Laney: You were awesome.

Nico: She sure was.

*Later.*

*As the rain poured down, the siblings slowly ride into the Roadster Garage, themselves and their roadsters muddy and dirty.*

*Lola sees them and makes a disgusted look.*

Lola: *disgusted* Hey, guys. Wow, you guys went all out on that muddy race.

Lana: *smiles* Yep! Now we're all dirty!

Me: We sure are.

Lola: *disgusted* Glad I missed out. *smiles* But great job on your victory, Lana! I would give you a hug, but you're all muddy and icky.

Lana: *grins* Thanks, Lola.

Laney: Lana was amazing.

Lynn: She sure was. She dominated the whole race.

*Lana sets the muddy trophy in her case.*

Lana: *smiles* There we go! Where it belongs!

Me: Another trophy for Lana and the Loud Family. We sure have a lot of talent.

Lisa: Indeed.

Nico: Yep.

Lincoln: Alright, now that we finished this messy race, we better get ourselves and our roadsters clean.

Lana: *moans* Do we have to?

Leni: Sorry, Lana. But Mom and Dad would ground you for 2 months if you tracked mud in the house again.

Lana: *sighs* Okay…

Lucy: Plus, we already tracked some mud into the garage.

*The siblings turn around and notice the muddy tire tracks left all over the floor from their tires.*

Luna: *grimaces* Ooh, yeah, you're right, Luce.

Lola, Leni: *disgusted* EWWWW!

Lynn: *surprised* Yikes, that's gonna take a long time to clean up.

Lincoln: Yeah, well, we'll get on it once we and our roadsters are spotless *looks at Lisa* Lisa, does the garage have-

Lisa: Enough bathrooms and a Roadster Wash? Of course, dear brother. Me and Lana built them a few days ago.

Lori: *jokingly* Mind putting extra bathrooms in our house too?

*Everyone laughs from Lori's joke.*

Me: (Laughs) That was a good one Lori!

Luan: *laughing* Good one, Lori!

Lisa: *chuckles* Very funny, eldest sister.

# Snow White and TLPS

It starts in the training yard. Me, Laney and Jenny were training in our Keyblades learning all kinds of new abilities. The Keyblade can turn into all kinds of forms and has all sorts of powers associated to the Disney Worlds and more.

Me: This is amazing! I didn't know the Keyblade can do this stuff.

Sora: I was surprised myself.

Jenny: Me too.

Laney: My scythe can do that too.

Suddenly there was a huge bright light and I suddenly felt an enormous rush of information flood into my head. And then we fell down to the ground and we had splitting headaches.

Me: (Groaning) Wow! What a headache!

Laney: (Groans) No kidding!

Me: (Gasp) Unbelievable! I can't believe that all happened 151,000 years from now!

Laney: No kidding!

I called everyone into the living room and we all had ice bags on our heads.

Me: Now I'm sure you're wondering what went down over the last couple of hours. We got a sudden rush of information after more counterparts merged with us from the distant future.

I explained what happened and it was horrifying.

Lori: So an asteroid literally slams into the planet and we all get scattered throughout the universe?

Lincoln: That is horrible!

Lola: I don't want us to be separated!

Me: Well now that we know what went down in the future at that time and now we can be prepared for it when the time comes. Plus I can't believe that I was that foul-mouthed in that timeline! BLECH! I need to wash my mouth out.

I went to the kitchen to get some mouthwash and I gargled and swished and spit.

Me: Blech! That was a disgusting mouth I had.

Naruto: That sure was.

Sakura: Yeah.

Miranda: You're not still mad at me for framing Irma, are you, Mr. Lair?

Tom Lair: Just don't do it again and I'll have no problem with you.

Miranda: Okay.

Me: I'm glad we're on good terms. I know what'll make it all better.

We went to the simulator.

---

We were going to visit the world of Snow White.

Aqua: Ven, you and Terra can come with me to visit Snow White. The three of us have been there before.

Ventus: Thanks Aqua. I would like that.

Terra: Same here.

Me: Great guys.

Lincoln: Lets go.

The simulator activated and we were in the world of Snow White and the Seven Dwarfs.

Me: We're in. I've known this movie for years.

Rachel: Me too J.D. It's great.

Lola: I love Snow White and the Seven Dwarfs. It's one of my favorite princess movies.

Kairi: Snow White is a great princess. Last time we saw each other was back when I was kidnapped for the Princesses of Heart.

Lola: That's awful Kairi.

Sora: I saved them from that.

Me: You are a true hero Sora.

We trekked through the forest.

Me: Aqua when you were in the Realm of Darkness what was it like?

Aqua: It was a horrifying place. It felt like I was in the darkness of Hell amplified 100-fold.

Me: That must've been really scary. And from what I remember we saw the remnants of the world of Snow White during the time we destroyed Hollow Bastion.

Goofy: Gawrsh that's right!

Donald: Yeah that was awful.

Aqua: Yeah. I was all alone and I felt something dark growing inside me.

Me: And I'm willing to bet that it was the darkness corrupting you.

Aqua: It was.

Just then we saw multiple strange creatures come out. They were not the Heartless but they were something else. They were strange creatures called the Unversed.

Me: What are these creatures?

Ventus: (sees multiple Unversed) I was wondering when we'd get to see Unversed.

Me: What are Unversed?

Aqua: They are creatures that were created by Xehanort. They are attracted to Negativity.

Ventus: And after me and Venitas fused together they should've all been destroyed.

Me: Some of the remnants of the Unversed are still present.

Ventus: Yes but they existed only to make me stronger.

Me: That's a good training method.

Laney: I got this.

Laney pulled out her scythe and I called out my Keyblade.

Me: Lets get them.

We went at the Unversed and slashed at them.

Me: Lets see what my Bond of Flames can do.

I activated my Bond of Flames Keyblade's special ability FIRE CHAKRAM SLASHER and they turned into a version of Axel's Eternal Flames Chakrams and I was slashing them and burning them with fire.

Me: This is so awesome!

I spun around and became a tornado of pure fire and burned the Unversed badly and they disintegrated and we got an immense power boost.

Me: Wow! Their negative energy is much stronger than that of the

Heartless!

Laney: It sure is.

Laney slashed more Unversed and she was getting stronger and stronger.

Suddenly a huge tree Unversed came out.

Me: Wow! That is a big tree!

Aqua: That's a Mad Treant.

Me: He's ugly!

Laney: Lets use our combo on him!

Me: You got it Laney!

I fired blasts of fire and Laney fired flower petals.

Me and Laney: BURNING PETAL INCINERATOR!

The fire ignited the petals and they turned into flaming death petals and incinerated the Mad Treant and reduced it to ashes.

Me: That's it for him.

Elec Man: My guess is that Xehanort's residue darkness is here as well.

Me: I don't sense anymore Heartless or Unversed here.

Ventus: So it was a small fragment.

Me: Yep.

Laney: Well we got them all.

We continued on and we saw a small cottage.

Aqua: That's the dwarfs cottage.

Me: It sure looks cozy.

Kairi: It sure does.

We heard singing.

Me: That's Snow White singing. Her voice is unmistakable.

Kairi: It sure is.

We walked to the window and we saw Snow White making a pie.

Me: That's a good pie you're making.

Snow White: Oh why thank you. (Gasp) The famous J.D. Knudson! Sora, Donald, Goofy!

Sora: It's great to see you again Snow White.

Donald: Long time no see.

Goofy: How have ya been?

Snow White: I've been doing great.

Kairi: Hi Snow White.

Snow White: It's great to see you again, Kairi!

Kairi: You too.

Riku: Your highness, I'm so sorry I kidnapped you. I wasn't in my right state of mind because Maleficent poisoned my mind with darkness.

Snow White: It's all right Riku. I forgive you.

Riku: Thank you Snow White.

Me: What kind of pies are you making?

Snow White: Gooseberry pies.

Lana: Mmm. My favorite kind.

Lincoln: Same here Lana.

We decided to help her out and we made 7 pies for each of Snow White's friends The Seven Dwarfs. They were away at their work in the diamond mines. Then a shadow appeared and we saw QUEEN GRIMHILDE IN HER PEDDLERS DISGUISE! We hid in the shadows and waited. We saw her hand Snow White a red apple and it was the Poison Apple that would put her into eternal sleep.

Grimhllde: Go on. Go on and have a bite.

Kairi appeared and grabbed the apple and threw it onto the floor.

Kairi: (steps on the poison apple) This bad apple will never spoil any bunch again!

Me: Queen Grimhilde. I'm surprised you found Snow White here.

Snow White: That woman is the queen!?

Me: It is. She used a potion that turned her into that.

The animals went to get the dwarves.

Terra: Why couldn't we have fought you in your real form?

Grimhilde: How nice to see you three again. Just in time for Snow White's demise!

Me: Sorry to burst your bubble but we won't let that happen. You're gonna pay for everything you've done Grimhilde.

Ventus: You're a monster that only deserves nothing more than death.

Lola: That's right you fiend!

Then Queen Grimhilde made a run for it.

Aqua: Come back here, you coward!

Me: Lets go!

We went after her and the Dwarves arrived.

Grumpy: There she goes!

We chased her through the forest and Snow White was with us and a storm was building overhead and thunder, lightning and rain fell.

Laney: Lets get her Lola!

Lola: Right!

Lola and Laney fired fire and flowers.

Lola and Laney: BURNING FLOWER SHURIKEN!

The fire ignited the flowers and turned them into fiery shuriken. They hit the queen in the back and burned her. But she was still going.

Me: We have to stop her!

Sora: I got this!

Snow White then was enveloped in a ball of light and when it faded she was now a Keyblader! Same with the Seven Dwarves!

Me: Wow! Snow White, guys, you look awesome!

Snow White: Thanks J.D. We're now Keybladers like you guys!

Me: I know. Lets go!

Laney: Lets get her Snow White.

Snow White: Right! Come on my friends!

Doc: You got it your highness.

Laney grew numerous bramble vines and Snow White and the Dwarves fired beams of light.

Laney, Snow White and the Dwarfs: DIAMOND APPLE BRAMBLE

SLASHER!

The vines turned into diamond vines and had apples on them and the lashed the queen and hurt her badly.

She got to the top of a cliff and was trapped.

Me: We have her trapped like a rat guys. No offense Rattrap.

Rattrap: None taken. Lets get her. Rattrap MAXIMIZE!

Rattrap Transformed and fired his blaster and the blasts hit the cliff and the Dwarves threw rocks at her.

Laney: Lets get her.

Laney grew bramble vines and the dwarves threw rocks.

Laney and the Dwarves: BOULDER BRAMBLE CATAPULT.

The bramble vines grabbed the rocks and threw them at the queen and they smacked into her face.

Sora: Our turn.

Kairi: You got it Sora!

Snow White: Lets do it.

Sora, Kairi and Snow White fired beams of light.

Sora, Kairi and Snow White: APPLE LIGHT DEATH BEAM!

The blasts combined and fired a deadly laser that went through the queens leg.

Doc: Lets do our Final Smashes.

Dwarves: DIAMOND SMASH HAMMER!

They fired beams of light that turned into a powerful diamond hammer and it hit the queen in the face.

Snow White: My turn! APPLE BEAM POUND!

Snow White fired a red beam and it turned into a giant apple and pounded the Queen.

Snow White: Grand Finale guys.

Doc: You got it your highness!

Snow White and the Seven Dwarfs: PRINCESS DWARF DIAMOND RAY!

The Dwarfs fired seven lasers of each color of the rainbow and Snow White fired a white laser and the lasers became focused beams and they went all the way through the Queen and burned a huge hole in her chest. She was using every ounce of her strength to hold on and the Queen grabbed a stick to lift a boulder and then a bolt of lightning hit the cliff and destroyed it and sent the Queen falling to her death. We saw the source of the lightning. It was Elec Man and he had fired the lightning that killed the Queen.

Elec Man: Queen Grimhilde, you have failed this kingdom.

Nico: Hey! That was my line!

Me: That takes care of her. Burn in Hell Queen Grimhilde.

Lincoln: You said it.

Me: Great job guys.

We stood by the cottage and we were having great pies.

Grumpy: Does this green thing with the flower on its back belong to you?

We saw a Venusaur.

Nico: Oh wow! A Venusaur!

Me: Go for it man.

Nico threw a Pokeball and he caught it after the red light faded.

Lori: Way to go Nico!

Me: Great job man.

Nico: Thanks guys.

Snow White: (To the viewers) This was awesome and now I'm also a Keyblader.

We had a great pie and feast with Snow White and the Dwarfs. We beamed the world of Snow White to our Solar System and placed it in orbit around the Land of Departure. Snow White and the Dwarfs are now part of team Light Key.

# China Fight For the Moon

HAPPY CHINESE NEW YEAR 2019 EVERYONE

---

Today was a special day at the estate. We had everything all decorated in Chinese decorations and all kinds of awesome stuff. I was dressed in a Red, Orange and Yellow Chinese Sleeveless kimono and it had fire on the bottom.

Me: This is gonna be so awesome guys. (To the viewers) Oh hey guys. I'm sure you're all wondering why everything is all decorated in Chinese stuff and we're all dressed up in Chinese clothes, well it's February 5th, 2019 and today is the Chinese New Year and 2019 is the year of the Pig in the Chinese Zodiac. The Chinese New Year is the biggest celebration of the year over in China and it's a very important part of our history and our tradition.

Everyone was dressed in Kimonos of their respective colors.

Lori: This is literally gonna be so amazing!

Leni: I totes love China and the new year is gonna be totes awesome.

Luna was playing Chinese instruments along with Sam S.L.

Lincoln: How come they celebrate New Years in China today?

Me: It's a very important holiday in China. Normally the New Year is celebrated on January 1st, but today is the New Year for China. It's been like this since 1766 B.C.

Lincoln: That's amazing.

Laney: I love being dressed in Chinese Clothes. It brings out the warrior in me.

Me: They do don't they?

Later after everything was decorated we were watching one of my favorite movies: Mulan.

Lori: So what is Mulan about?

Me: It's about one of the bravest women in the world. Her name is Hua Mulan. She was the bravest woman in all of Chinese Folklore and it takes place back in the Han Dynasty.

Lola: When was that?

Me: Back in 206 B.C. to 220 A.D. It lasted for 414 years and was one of the most prominent, most influential and most important dynasties in all of China's history.

Luan: That's interesting.

We watched Mulan and we were amazed at what Mulan did during that time.

Me: That is always amazing.

Lincoln: It sure is.

Sora: Shan Yu was absolutely ruthless during that time.

Me: Ruthless is an understatement Sora. He's a total honorless monster.

Lincoln: No kidding.

Kairi: He sure got what was coming to him.

Nicole: And we killed him during our adventures with Team Cosmic Dragon.

Lincoln: We sure did Nicole. That was awesome.

Me: Lets head to the Simulator for another adventure.

We did so.

---

We were in the Simulator doing an exercise.

Venom: This is gonna be so awesome.

Me: It sure is Venom.

The Simulator Activated and we found ourselves in China in the year 119 B.C. in the Han Dynasty. But it was actually a world that Sora knows all too well.

Me: Here we are guys. China 2,100 years ago.

Sora: It's beautiful as I remember it.

Goofy: Gawrsh it sure is.

Donald: I wonder if Mulan will remember us.

Me: I'm sure she will Donald.

Elec Man: Are there any Heartless here?

Me: I don't sense anything. I think we have officially cleaned up all of Xehanort's remnants.

Riku: Good riddance.

Lea: Just because Xehanort's residue darkness isn't on this world doesn't mean it's gone completely.

I heard a noise coming from up the mountain.

Me: Lets go!

We went up to the mountain and we saw Mulan being punished. Chi-Fu was calling her a traitor and ordered for her to be executed.

I grabbed his hand.

Me: How about you do us all a favor and Shut up! You're giving us all a major headache.

Sora: Mulan it's great to see you again.

Mulan: You too Sora.

Donald: Long time no see.

Captain Shang: It's been a while.

Chi-Fu: How dare you talk that way to me!?

Me: We can talk about people like you however we want.

I threw him a long distance from the mountain.

Me: Captain, Shan Yu is still alive and he's gonna go after the emperor.

Captain Shang: How do you know that?

Sora: We just know.

We looked over the cliff and saw Shan Yu and some of his men and that they had survived a tremendous avalanche.

Shan Yu saw most of his men all dead and he roared in rage. And they went to the emperor's palace.

Me: We have to get to the Emperor's palace and warn him. Come on!

Shang: Thanks for giving me and the Emperor that warning the last time you were here, Riku.

Riku: You're welcome Captain.

We went to the palace. It was in Beijing, China.

---

We were with Captain Shang and we saw lots of people in the palace grounds and more.

We stood before the Emperor of China and knelt.

Me: My emperor it's an honor to meet you. But I'm afraid we didn't come here to have a social talk. Shan Yu is here in the city. He's right there.

I fired an energy blast at a dragon costume and it exploded and out came Shan Yu and his men.

Shan Yu (to Sora): It's been a while, hasn't it, Sora?

Sora: I guess in our last battle, you only ended up in a coma.

Shan Yu: Before, you only had to fight Heartless minions. Now, you face the true might of the Hun army!

Me: You're Hun's will be dead when we're done with you.

Nico: Shan Yu, you have failed this country! (Fires fireball at him)

The fireballs burned him and he wasn't finished yet.

Shan Yu: What's the matter, Mulan? You look like you've seen a ghost. Well, maybe you have!

Me: I got this.

I unsheathed my sword and me and Shan Yu engaged in a powerful sword fight. We were clashing our swords at a tremendously fast rate. Sparks were flying everywhere and setting most of the grounds on fire and then I dodged a slash strike and jumped into the air and slammed my sword blade onto his sword and Shan Yu's sword shattered into a million pieces.

Me: The Tremendous Horsecut Technique. Works every time.

Shan Yu: I will kill you and drink your blood!

Lincoln fired a blast of lightning and electrocuted him.

Lincoln: Mulan it's combo time.

Mulan: You got it Lincoln.

Lincoln fired a blast of lightning and Mulan had her sword ready.

Lincoln and Mulan: LIGHTNING SWORD SLASH!

The lightning turned the sword into a powerful blade of lightning and Mulan slashed Shan Yu and it burned him bad.

Terra: Lets get him!

Terra fired a blast of fire from his Keyblade and Ventus did the same.

Terra and Ventus: FIRESTORM BLAST WAVE!

The blasts of fire combined and turned into a deadly firestorm that killed the rest of Shan Yu's men.

Then Mulan was enveloped in a ball of light and she was now a Keyblader.

Me: Mulan you're a Keyblader!

Sora: This is so cool!

Mulan: It sure is.

A roar was heard and out came a Charizard.

Nico: Is that a Charizard?

Me: Go for it Nico.

Shan Yu (sees the Charizard: What is this monstrosity? (Dodges a Flamethrower)

Nico threw a Pokeball and caught the Charizard and he caught it after the red light went off.

Me: Way to go Nico!

Mulan hit Shan Yu and the Keyblade turned into an awesome dragon and it fired fireballs at him and burned him badly.

Me: That was awesome!

Lori: It literally was.

Me: Final Smash time guys!

Lori: You got it!

Aqua: I'll go first! WATERSTORM KEY SMASH!

Aqua fired a blast of water and it turned into a huge key and it hit Shan Yu and sent him crashing into the wall.

Lea: My turn. FIRESTORM KEY SMASH!

Lea fired a huge blast of fire and it turned into a huge key of fire and it burned Shan Yu badly.

Lori, Leni, Luna, Luan, Lynn, Lincoln, Lucy, Laney, Lana, Lola, Lisa and Lily flew into the air.

Lori: Rat!

Leni: Ox!

Luna: Tiger!

Luan: Rabbit!

Lynn: Dragon!

Lincoln: Snake!

Lucy: Horse!

Laney: Sheep!

Lana: Monkey!

Lola: Rooster!

Lisa: Dog!

Lily: Pig!

Loud Kids and Mulan: CHINESE ZODIAC DEATH RAY!

The Loud Kids had symbols form in their hands that were each of the animals of the Chinese Zodiac and they fired a laser from the symbols and Mulan fired a powerful rainbow superlaser and it hit Shan Yu and hurled him into a tower full of fireworks and he slammed into it and it exploded and it caused an incredible fireworks show that killed Shan Yu. Ending his terror spree.

Me: Burn in Hell Shan Yu.

We then stood before the emperor again. The emperor looked at Mulan.

Emperor: I've heard a great deal about you Fa Mulan. You stole your fathers armor, ran away from home, impersonated a soldier, deceived your commanding officer, dishonored the Chinese Army, destroyed my palace, and You have saved us all.

He bowed in respect.

We all bowed in respect for Mulan. It was a huge act of unprecedented honor and Mulan was now the biggest hero in all of China.

Me: Mulan you are the bravest and most amazing woman we ever met.

Mulan: Thanks J.D.

Mulan was now a member of Team Light Key and we decided to help her train in using the Keyblade. We placed the world of Mulan in orbit around the Land of Departure. We celebrated the Moon Festival with an awesome Chinese Dinner.

Mulan: You really like our country's food, don't you, Nico?

Nico: I sure do. It's so delicious.

Me: It sure is Nico.

Poromon: Save some food for me!

Later we shot off all kinds of fireworks.

Nico: Happy Chinese New Year, May.

May: You too Nico.

Aqua: (To the viewers) This was an awesome Chinese New Year and we can hope to enjoy the rest of the year.

# Race Around the Planets

It starts at the estate. We were watching TV, Reading Books and Playing Card games.

There was a knock at the door and I went to answer and we got a big surprise when I answered it. It was Bobbie Fletcher.

Me: Bobbie Fletcher.

Bobbie: Hey J.D.

Lana was shocked that her favorite race car hero is at our door.

Lana: Oh my gosh! Bobbie w-w-w-what b-b-brings you here?

Me: She's ecstatic that you're here Bobbie.

Bobbie: I can tell. I came here to tell you that another race is going on. But it's not any ordinary race. It's a never before done race around the Solar System.

Me: A Solar System Race!? Awesome!

Nicole: A Solar System Race!? That sounds like an exciting challenge!

Me: But our roadster cars can't go that fast.

Bobbie: Don't worry. The Mayor and the President already built you all super rocket cars for this. The grand prize is the Celestial Solar System Trophy and an Autograph poster of me and a picture of all of you with me.

Me: We'll be there Bobbie. Guys, we've got another race and this time it's in Space!

Everyone was excited.

At a space station next to Lincoln's sanctuary station in orbit above the Earth we were looking at a map that showed the route of the space race.

Me: Wow! This race looks awesome! Not only are we gonna see the entirety of the Solar System but we get to race through the system and see all the planets together.

Lori: This is literally going to be so much fun.

Bobby: You said it babe.

Me: Not only that but this is a race that has never been attempted before. It's a 7.4 billion mile race.

Lisa: This is going to be so exciting!

Me: I believe it Lisa. I'm excited too.

Rachel: I'm rooting for you all.

Me: Thanks Rach.

Varie: This is gonna be so awesome.

There was a fanfare and that sound meant it was time to start.

Me: Lets get in our rockets.

We did so.

Billy Natson: And Welcome to one of the biggest days in the history of mankind. Hello everyone I'm Billy Natson and never before in the history of mankind has there been a race where they travel all around the Solar System and back to Earth. Wow! Our favorite racing team that won the Off-road Race around Gotham Royal York is going to be participating in this first ever moment for you all. Never before has there EVER been a race around the entire Solar System and there will always be a first for everything.

Billy came over to me.

Billy: Are you excited for this race J.D.?

Me: You know I am Billy. I love space and learning all about it and lets cruise through the Stars! YEAH!

Billy: Love that enthusiasm J.D.! Good luck out there.

Me: Thanks Billy.

Krista came out.

Krista: Ready everyone?

We started our rocket cars.

Krista: On your marks!

We revved up our rocket cars.

Krista: Get set!

We were ready.

Krista: REV UP AND GOOOOOOOO!

We punched it and we were flying. We flew out of the Space Station at 37,000 miles per second or 20% the speed of light.

Billy: AND THEY'RE OFF! There they go Racing fans! The first ever Solar System Grand Prix is underway!

## THE SUN

We were flying fast to the first obstacle. Our first hurdle was to slingshot around the Sun. At 860,000 miles in diameter and with a gravitational pull of 28 times more powerful than that of Earth we were in for a challenge.

Me: We're coming up to the Sun guys. Better put on your powerful sunblock goggles.

We did so.

We were flying towards the Sun and it was a massive ball of fire loaded with radiation and the solar flares and plasma coming off of it was incredible.

Bai Tza: This is so cool! How many Earths can fit inside the Sun?

Me: 1.3 million Earths Bai Tza.

Lincoln: That's a lot of Earths.

Bai Tza's rocket car was called Bai Tza's Watery Star Streaker and it was an aqua blue car with blue waves of water and a blue dragon on the side and the number 600 on it.

We were flying above the Sun, using it's gravity to help us slingshot around it. We saw lots of arching Solar Flares and the plasma coming off the Sun was incredible.

Inque: The Sun is an amazing star.

Inque's Rocket car was called Inque's Liquid Star Force and it was a black and blue car with waves of ink on the sides and the number 72 on it.

Me: It sure is Inque. It's the star that has been giving our Solar System light, heat and nourishment. For 5,000,000,000 years this star has been here and it's at the peak of it's evolution.

Poison Ivy: That is so amazing.

Poison Ivy's rocket car was called Poison Ivy's Plant Comet Rider and it was a green and red car with a venus fly trap on the side and the number 500 on it.

Me: It sure is Pamela.

We went around the sun and came to the next obstacle.

---

## MERCURY

---

We left the Sun and we were now at the 1st planet in the Solar System: Mercury. At 3,032 miles it's the 2nd smallest planet in the Solar System. But it's also the hottest planet. The temperature during the day can rise to 801 degrees Fahrenheit and the temperature during the night can plunge to -279 degrees Fahrenheit. The planet Mercury also has more craters than any planet in the Solar System.

Lori: Wow! So that little planet is Mercury?

Me: That's right Lori. Mercury is the closest planet to the Sun. It's also the fastest moving planet in the solar system. At 105,947 miles per hour it takes 88 days to orbit the sun.

Luna: That is a small orbit dudes.

Luan: It sure is. How Orbital. (Laughs to Rimshot) Get it?

Most of us laugh but everyone else sighed.

Karai: (Laughs) (Japanese Accent) That was a good one Luan.

Karai's rocket car was called Karai's Stellar Shredstormer and it was a purple, red and gray car with a samurai katana and ninja stars on the side and the number 236 on the side.

Me: That was funny Luan.

Lincoln: I didn't know that Mercury had so many craters all over it.

Me: Mercury has had more meteor impacts than any other planet in the Solar System over the course of its 4.6 billion year history. The Messenger Spacecraft discovered 763 craters on Mercury and that was only the beginning of how many craters are on the planet all together.

Lynn: That is a lot of craters.

Leni: Poor Mercury.

Me: I know Leni.

We were flying over the Mercury prison.

Rhino: Is that the Mercury Prison?

Me: Yep. That's the very one Aleksei. It's in the middle of a huge 900 mile wide impact crater called Caloris Basin. It was discovered that around 3.8 billion years ago a massive 62 mile wide asteroid slammed into Mercury at that very spot with incredible force and the shockwaves from the impact caused mountains on the opposite edge of the planet from that spot to thrust upwards. Creating a chaotic terrain on the planet.

Lana: That is horrible!

Lola: No kidding!

Lisa: It is indeed a catastrophic sight to behold.

Me: If this happened on Earth today, the effects of the impact would be catastrophic.

Lincoln: No kidding.

We went passed Mercury.

## VENUS

We were now at the 2nd planet from the Sun: Venus. At 67.24 million miles away from the Sun, it is the closest planet to the Earth and it's almost the exact same size. We saw Venus from space and it was beautiful.

Me: Planet Venus.

Lincoln: It's beautiful from space.

Lori: It literally is beautiful.

Me: But we were here when we fought Dr. Zalost and Venus may look beautiful from space but on the inside on the surface, Venus is Earth's Evil Twin. The temperatures on the planet can soar to 900 Degrees Fahrenheit. The Surface of the planet is hot enough to melt lead. The reason for this is because of a powerful Greenhouse Effect. The thick clouds of Venus trap the Sun's light and it bakes the surface to this temperature.

Laney: That is a strange planet.

We went down into the planet and we were flying through the clouds until we were under the clouds. We saw the surface of Venus and it was a nasty planet just as we remembered it. It was a planet of a hellish nature and it was a horrific surface.

Lana: This planet is so scary.

Lily: It sure is. Venus may be beautiful outside. But inside it's pure evil.

Sam S.L.: Just take away the clouds and you see Venus' true colors. A world of pure evil.

We saw the clouds of Venus light up with lightning and volcanoes on the planet were erupting and lava flows were not cooling down. It was also raining down Sulfuric Acid. But luckily our ships were equipped with shields that allow us to go to other planets. No matter how inhospitable.

Laney: This is not rain is it?

Me: No Laney. This is not rain here on Venus. It's sulfuric acid. Another reason Venus is so dangerous is because its atmosphere is made of 98% Carbon Dioxide and 1.5% Sulfuric Acid.

Lisa: That is correct and that's one of the things that make the Venusian atmosphere so dangerous.

We flew out of the planet and left for the next planet.

## EARTH

We were flying passed the Earth.

Me: There it is guys. Our home planet Earth. At 93 million miles away from the Sun, Earth is just at the right distance for liquid water to form and for life to flourish.

Lisa: Affirmative 2nd Elder Brother. This zone for Earth to get life is called The Goldilocks Zone.

Me: That's right. Our planet is considered an oasis in the Galaxy.

Teresa: I love our planet.

Teresa's rocket car is called Teresa's Sonic Soundbullet and it was a pink and brown car with sonic waves and feathers on the sides and the number 74 on it.

Me: Earth is an amazing planet in our galaxy.

## MARS

We were now at the 4th planet from the Sun: Mars.

Me: Here we are guys. Planet Mars, 141.6 million miles from the Sun.

Lynn: Mars looks interesting.

Clayface: It sure is a strange planet.

Clayface's rocket car is called Clayface's Shapeshifting Speedster and it was a brown car with clay shapes on it and it had the number 821 on it.

Me: It has been that way for years Matt.

We went down to the planet and its surface was so barren and desolate.

Laney: It looks like a giant rusty nail.

Me: It does look that way. It's like this because the surface is covered with red dust which has iron in it. It looks pale pink in the sky at night when you see it because of this.

Lincoln: That is so cool.

We were flying around the biggest and tallest volcano in the Solar System: Olympus Mons.

Me: This is the biggest volcano in the Solar System guys. Olympus Mons. At 16 miles high or 84,440 feet at 326 miles in diameter at its base, it is easily the biggest mountain in the Solar System.

Rhino: This is absolutely incredible.

Rhino's rocket car was called Rhino's Stampeding Zoomer and it was a grey and black car with rhinoceroses on the sides and the number 546 on it. A rhino horn was on the front of the car.

Shocker: It sure is Aleksei.

Shocker's rocket car was called Shocker's Sonic Lightning Streaker and it was a yellow and blue car with lightning on the sides and the number 412 on it.

We saw up ahead a huge Martian dust storm and there were tornadoes of dust as well.

Me: Mars is also known for its extremely violent dust storms. The dust devils on Mars are bigger than all the buildings in New York City.

Lori: That is literally intense.

Me: It sure is. And Mars is also said to be a candidate for human colonization. But we've run into some problems because of it. Mars has almost no atmosphere. Asteroids caused this to happen to it and because of all the asteroid impacts that hit it over the course of 4.6 billion years, this almost completely exposed it to the Sun's lethal ultraviolet radiation. Not even a spacesuit can protect you from it here.

Luna: That is rough dude.

Me: Yeah.

## JUPITER

We were flying by the biggest planet in the Solar System. The 5th planet: Jupiter.

Me: There it is guys. Jupiter, the 5th planet from the Sun and the largest planet in the Solar System.

Lori: It is literally as big and beautiful as I remember it.

Shego: It's beautiful too.

Shego's rocket car is called Shego's Green Flamerider and it was a green and black car with green fire on the sides and it had the number 921 on it.

Me: It sure is Shego.

We saw all kinds of storm clouds all over the giant planet and it had all kinds of violent activity.

Me: At 88,486 miles in diameter, Jupiter is the largest planet in the Solar System and it is 1 and a half times the size of all the other planets put together.

Laney: That is amazing.

Lily: I can't believe that it is so beautiful.

Me: Jupiter is 483.8 million miles away from the Sun and it's visible in the night sky.

Bowser Jr.: It's beautiful.

Bowser Jr.'s rocket car is called B.J.'s Flaming Shellshredding Zoomer and it was a green, red and black car with flames on the sides and it had the number 912 on it.

Me: You said it B.J.

---

## SATURN

---

We were now flying by Saturn, the 6th planet and it was the most beautiful planet out of all the planets in the Solar System.

Me: There it is guys. Planet Saturn, the 6th planet from the Sun. 890.8 million miles away from the Sun and 74,898 miles in diameter. It sure is a beautiful planet.

Laney: I like Saturn the most out of all the planets in the Solar System.

Lori: Me too Laney. It's literally a beautiful planet.

Demona: I like Saturn out of all the planets as well.

Demona's rocket car is called Demona's Nocturnal Nightrider and it was a black, purple and blue car with the moon, stars and black fire on the sides and the number 563 on it.

Francis: I can't believe that Saturn has so much beauty out of all the planets in the Solar System.

Francis' rocket car was call Francis Stone's Volcano Fireball Roadburner and it was a red car with orange and yellow fire and it had the number 247 on it.

Me: Saturn is also the most electrically charged planet in the Solar System and it has more powerful lightning than Earth does.

Luna: We were shocked dude!

Luan: (Laughs) Good one Luna.

Me: That wasn't a joke but I get it.

---

## URANUS

---

We were now flying by the 7th planet in the Solar System: Uranus.

Me: 7th Planet in the Solar System guys. Planet Uranus.

Shego: It sure is blue.

Laney: I didn't know it was tilted so much.

Me: That's because millions of years ago a meteor crashed into it and caused Uranus to get tilted sideways. It's now at a 98 degree axis and it looks like it's rolling along its orbit because of it.

Lori: That is literally strange.

Me: The coolest part about Uranus is that a season on the planet lasts 21 years. Uranus has an orbital period of 84 years and if you were born on Uranus in the Summer, you would never have to go to school.

Lincoln: That would be so cool!

Lana: It sure would! We would go to the beach every day.

Lori: That would literally be amazing.

Me: It would be the greatest beach life ever.

## NEPTUNE

We were now at the 8th planet, Neptune.

Me: Here we are guys. Planet Neptune, the 8th planet from the Sun.

Neptune was so beautiful and it was the most beautiful blue in the Solar System.

Lana: Neptune is sure beautiful.

Me: Yeah it sure is.

Lola: Hey guys look there.

Lola pointed to a dark blotch on the planet.

Lola: What's that dark blue blotch on the planet?

Me: That is a storm called the Great Dark Spot. It's an 8,100 mile wide storm that circles Neptune.

Leni: That storm totes goes well with Neptune.

Me: It sure does Leni. Here's an interesting fact. If we went the speed limit from Earth to Neptune at 70 miles per hour, it would take us 5,327 years to get here.

Lincoln: That is a really long time!

Laney: No kidding.

## PLUTO

We were at the 9th planet, the newly reinstated Pluto.

Me: Here we are guys. The 9th Planet, Pluto. 3.9 billion miles away from the Sun and the Farthest planet in thr Solar System.

We saw that Pluto was much more amazing than what we first thought back a long time ago. Pluto was much too blurry to see from the images taken with the Hubble Space Telescope because of its distance away from the Sun. But the images from the New Horizons Satellite gave us an amazing and detailed view of Pluto back in 2015. We saw all kinds of icy features on Pluto and it was a breathtaking marvel.

Laney: Wow! Pluto is so amazing.

Lincoln: It sure is. I never knew it had so many amazing terrain landscapes.

Lisa: Indeed it does elder brother and it is the most amazing planet in the Solar System.

Me: It sure is Lisa. Look behind us. Look how tiny the Sun is from here.

We did so and we saw that the Sun looked as small as all the other stars in all of the galaxy.

Lana: The Sun is that small from here?

Me: It sure is.

We passed Pluto and went back to Earth and the race back home was on. The finish line was in Gotham Royal York.

---

## RACE FOR THE FINISH LINE

---

We were blazing through the Solar System back to Earth to finish the race and Laney was in the Lead and she was doing really well.

We were trying to catch up to her and we were already at Mars and she was really gunning it. We got back to Earth fast.

Me: Planet Earth ho!

We reentered the planets atmosphere and we came in above the country and just as we landed Laney crossed the finish line first, Lincoln was second and me third.

Billy Natson: And the winner is Laney Loud!

Laney: I won? I WON!

Me: Way to go Laney!

Lincoln: That's my little sis!

Laney was awarded the Solar System Race trophy. It was the first ever trophy she ever won as well as the first ever race she had won. We were so proud of her.

# Cyborg Lincoln and the Evil Flames

*It was a beautiful day in Gotham Royal York.*

*In the Team Loud Phoenix Storm Estate, the door to the attic slowly opened with a loud groan.*

*When the door fully opened, a shadow loomed into the attic as a light blue slip-on shoe stepped on a loose floorboard.*

*Creak…*

*There was a low creak as the floorboard bent and squeaked under the slip-on shoe.*

*The shoe belonged to Lori Loud, the oldest sibling in her large family.*

Lori: *looks around* Hm, now where is it?

Luan: *from below* Hey, Lori! Is it up there?

Lori: *looks at the attic entrance* I don't know what your looking for, Luan. You'll have to come up here and find it.

Luan: *from below* Okay!

*Luan climbs into the attic and starts looking through boxes.*

Luan: Where is it… Where is it… *finds something* A-ha!

*Luan pulls out a pie looking prank, much to Lori's shock.*

Lori: *shocked* Is that-?!

Luan: *smirks* Yep!

*Luan slams the pie in Lori's face, much to her annoyance. Luan, however, let out her iconic laugh.*

Lori: *annoyed* Very funny, Luan.

Even though Lori was annoyed, she was laughing on the inside.*

Luan: *snickering* Sorry, Lori.

*Through her pie covered face, Lori smiled.*

Lori: At least you're having fun. Now, if you'll excuse me, I'm gonna go wash my face. *sees something in a box* Oh, and here's what I was looking for. *picks up a movie* My favorite romance movie!

*Luan looks at the movie.*

Luan: *grins* Should have known you'd like romance movies.

Lori: *smiles* Of course! *clasps her hands together* Romance is lovely.

*Lori lets out a dreamy sigh as she climbs down from the attic, carrying the movie while going into the bathroom to wash her face.*

Luan: *rolls her eyes, laughs* Typical Lori. *remembers something* Oh, yeah! Linc's gonna love the wet prank I made for him! *laughs*

Meanwhile, in Lincoln's room.

*The was doing his afternoon workout, with the bed on his BACK. There was also three heavy things on it.*

Lincoln: *to the viewers, while grunting* Oh, hey. Just doing my new afternoon workout.

*As Lincoln does his workout, his enhanced hearing picks up a whirring noise.*

Lincoln: *confused* What's that whirring noise?

*Then, before he could react, water balloons fall and splat on him, getting him wet. He was shocked for a few moments, then he rolled his eyes.*

Lincoln: *sighs* How? How did I not see that coming?

*Luan comes into the room, ready to make a pun, but is instead shocked to see Lincoln's afternoon workout with the bed and three heavy objects and I was sitting on the mattress. Lincoln somehow gained superhuman strength.*

Luan: *shocked* Wow, Linc! How did you get so strong!?

Lincoln: I don't really know myself Luan. I've been wanting to work out like this somehow.

Laney: I was amazed at this as well Luan. I have Super Strength myself but this is so awesome.

Luan: I believe it.

*Luan giggles*

*Later.*

*Lincoln was lying on his bed, reading an Ace Savvy comic.*

Me: Boy Lincoln something has really changed in you. It's like you're a whole new person other than what you've become now.

Lincoln: No kidding.

Lincoln: Yeah. But there's nothing peaceful than reading an Ace Savvy comic book.

*Suddenly, there was a massive crashing sound. It was so loud, it shook the entire household, which made us yelp as Lincoln fell off his bed and we bounced on the floor.*

Lincoln: *sits up, shocked* What was that?!

Me: That wasn't one of Lisa's Experiments. We would've seen green smoke. It came from Luan's room. Come on!

*We ran out of Lincoln's room and went over to Luan's room.*

Lincoln: *opens the door* Guys, are you- *gets shocked* OH MY GOSH!

*Luan's room was trashed, and Luan was caught in a dangerous prank. She had bruises and cuts on her skin, and she had a black eye and Lensey was crying for her.*

Lincoln: *shocked* LUAN!

Me: Oh man!

Luan: *in pain* L-Lincoln,… h-help…

I lift the dresser off of Luan.

*Lincoln becomes furious.*

Lincoln: *looks around, furious* WHO DID THIS?!

Me: That's what I would like to know!

*Me and Lincoln hear evil cackling, we turn around and see a yellow wispy flame with red, evil eyes.*

Me: What the… It's a living fireball!

Lincoln: *furious* WHAT DID YOU DO TO MY SISTER?!

Flame: *maliciously* What she's done to all of you in the past April Fools… It's a pity she's not like that anymore…

Lincoln: *furious* WHY YOU- !

*Lincoln throws a punch, but it goes right through the flame.*

Me: Let me try.

I fired an energy blast at the flame but it went through it and the blast hit the wall and exploded. Blowing a hole into the wall.

Me: My attacks don't work!

Flame: My work here is done.

*The flame then disappears, much to Lincoln's annoyance.*

Lincoln: *annoyed* Dang it!

*He then turns his attention to the injured Luan. Everyone else runs up the stairs to Luna and Luan's room, having heard the commotion.*

Rita: What's going on u- ? *sees Luan, becomes shocked* OH MY GOSH! LUAN!

Sisters, Lynn Sr.: *shocked* LUAN!

*They all rush over to her, as Lincoln lifts her up gently.*

Luan: *in pain* Ow, it-it hurts…

Lincoln: Easy, Luan! Easy!

Me: Hang on Luan we'll get you to the infirmary.

Lori: *shocked* What happened, Lincoln?! Who did this to her?!

Lincoln: This may seem hard to believe, but it wasn't human. It looked like some kind of living yellow flame with glowing red eyes. I know it's hard to believe, but that's what it was. I promise.

Lola: *confused* Really?

Lincoln: *nods* I'm not kidding, Lola. That's what I really saw.

Me: I saw it too and so did Lensay. I don't know what it was but it was a strange fireball with glowing red eyes and the level of evil coming off of it was incredible.

*Lucy walks up to me and Lincoln.*

Lucy: I believe you, brothers. It seems you saw a evil side flame.

Me: An evil side flame?

Lincoln: *looks at Lucy, surprised* You know what that was, Lucy?! Hang on, before you explain it, we need to get Luan to the infirmary, quick!

Lynn Sr.: *nods* Right! Everyone down to the infirmary!

*The family quickly head downstairs, and into the infirmary and Lincoln places Luan onto the bed and Lincoln pulls out his phone and calls Eddy.

Eddy: *answers his phone* Talk to me.

Lincoln: Eddy, get to the infirmary at our estate quick! It's Luan! She's been in a nasty accident!

Eddy: *concerned* What?! I'm on my way! *hangs up*

Eddy was on his way and Lensay was crying with Luan. Eddy arrived in 5 minutes.

Eddy: *panting* I'm here! I made it! How's Luan?!

Lana: *teary-eyed* I don't think she looks good…

Eddy: *sees Luan, shocked* Oh my gosh! Luan!

*He runs over to the bed she's on, her eyes slowly notice her boyfriend.*

Luan: *sees Eddy* Eddy…?

Eddy: *worried* It's okay, Luan. It's me.

*Luan makes a small smile as she is led into a room, and an IV is put in her.*

Nurse Robot Lori: We'll have to keep her here a couple hours, maybe days.

Rita: *worried* Okay, just please help her.

Maria S.: Trust me Rita, we will.

*Later.*

*Eddy was in the Infirmary room with Luan. Luan had her left arm in a sling, as they found out it was broken. Eddy gently gripped Luan's right hand, and she gave a small smile to him.*

Luan: *small smile* I'm glad your here, Eddy.

Eddy: Well, you're my girlfriend. And I'm just glad that my sweetheart's okay.

*Eddy kisses Luan's cheek, she smiles*

Luan: *smiles* Thanks, Eddy.

Eddy: *smiles* Anything for you, Luan.

Lensay: (Crying) Something hurt mommy!

Luan: Oh I'm all right Lensay.

*He then sits on the bed next to her, and she puts her head on his shoulder.*

*Outside the Infirmary.*

*Nurse Robot Lori walks over to the Loud Family*

Nurse Robot Lori: Mom and dad, (Laughs) I know it's strange calling you that because I'm a robot and all, but your daughter sustained a broken arm, but luckily, none of the other injuries were serious. In about a week, she will make a full recovery.

Lynn Sr.: *relived* Oh, thank you.

Me: That's a relief.

Nurse Robot Lori: My pleasure, dad. She needs some rest now, so I suggest you all go upstairs and get some rest.

Rita: Okay, thanks again. *to the kids* C'mon, kids! Let's go!

Lana: Mom, wait!

Lola: Can we see Luan before we leave?

Rita: *smiles* Of course, sweetie.

*The family goes into Luan's infirmary room.*

Rita: Luan, sweetie. We're going to upstairs now. We'll come back and see you tomorrow.

Luan: Okay, Mom.

Eddy: *stands up* I'm gonna take off too, sweetie. *grips her hand gently* I'll see you tomorrow.

Luan: *smiles* Okay, Eddy.

*Eddy kisses Luan's cheek, then takes his leave as the siblings hug her lightly, being careful of her bandages and broken arm.*

Siblings: Bye, Luan.

Me: Get some rest okay?

Luan: *hugs back with her good arm, smiles* Bye, guys.

Varie: Bye Luan.

*The family then leaves the infirmary.*

*In the living room, me and Lincoln were watching TV and all that was on Lincoln's mind was that yellow flame.*

Lincoln: *in his head* What was that thing? It… It was like a sentient flame. It sounded malicious, and those glowing red eyes. Not to mention the fact that I couldn't hit it. Just… what was that? *puts his hand on his chin* Lucy said it was an evil side flame, right. Maybe she'll tell me more.

Me: I can tell you're thinking about that flame Lincoln.

Lincoln: Yeah. That flame was evil. It was like when Eddy fought Luan's dark side but worse.

Me: I know. It's like somehow Luan's Dark Side escaped from the Moon Prison for revenge. Let me see here.

The computer pops up and I push some buttons and we saw Dark

Luan still in her prison cell.

Me: Nope. Dark Luan is still in her prison cell. That's good.

Lincoln: If it's not Dark Luan then who or what was that Flame?

Me: Maybe Lucy might know.

Suddenly there was a huge flash of light and we then saw another Lincoln in front of us. But this one was completely different. He had longer white hair, black vest, orange polo sweater, black fingerless gloves, blue jeans, and white shoes.

Me: Whoa!

Lincoln: He is me!

My computer eyes turned on and they saw that this Lincoln was really a Cyborg. He was built with superhuman abilities that defied all forms of human logic.

Me: Wow! This Lincoln is a Cyborg.

Lincoln: This version of me is a Cyborg!?

Me: It appears so.

Cyborg Lincoln: Where am I?

Me: You wound up in our Universe.

Cyborg Lincoln: Who are you?

Me: Oh I'm sorry. I'm J.D. Knudson and this is another version of you.

Lincoln: Hello.

Me: We have a lot to tell you.

Everyone came down and we explained everything to the Cyborg Lincoln. We even had Superman with us.

Cyborg Lincoln: So my world must've merged with your world.

Me: That's probably the reason.

Maria: So this is where you make the big reveal, and we say, "Holy cow! Electro! Or G1 Megatron! Or Ebon!" C'mon, PLEASE be Ebon…

Me: Calm down Maria.

Superman looked at the Cyborg Lincoln with his X-Ray vision and what he saw was incredible.

Superman: He's a cyborg all right. His bones were replaced with a cybernetic exoskeleton.

We were shocked and amazed.

Me: That's incredible! This kind of technology might be 50 to 100 years more advanced than ours.

Cyborg Lincoln: That's right. I was in an accident that left me paralyzed for life and a prominent scientist named Dr. Cara Patel saved my life by making me into a Cyborg.

Me: Wow! That's incredible.

Cyborg Lincoln: It sure is. I owe Mrs. Patel my life. She saved me and I wouldn't be alive if it weren't for her.

Me: That is a huge debt.

Lori: I remember that.

Me: How so Lori?

Lori: We came from another universe.

Me: Hmm. It appears that your dimension merged with ours.

Lisa: That's right 2nd Elder Brother.

Cyborg (to Cyborg Lincoln): You remind me of myself.

Cyborg Lincoln: I do don't I?

Me: We'll have to learn more about this later. Right now we have another pressing matter to deal with. Luan was just put into the infirmary by a deadly prank caused by a strange living yellow fireball with glowing red eyes.

Lincoln: Oh that's right! Lucy do you know what that fireball was?

Me: Yeah it was called an Evil Side Flame. Do you know what that is?

Lucy: I do. Follow me.

*Later.*

*In Lucy's crypt room, we all were wondering what the Evil Side Flame was.

*Lucy pulls out her spell book.*

Lucy: *flips a page* "Demon Sides"… *flips another page* "Vampire Change"… *flips yet another page* "Stone Stare"… *flips ANOTHER page* Here it is: "Evil Side Flames". *clears her throat* Evil Side Flames are formed when someone has an evil personality in them.

Lincoln: An evil personality?

Lucy: *nods* Yes.

Lynn: *realizes* Luan's old self! The one that did violent pranks!

Lucy: Exactly, Lynn.

Lori: But that's impossible! Dark Luan is literally locked away in the Moon Prison!

Leni: Isn't she locked away in there?

Me: Yes. I checked. Dark Luan is locked in the Moon Prison.

Lincoln: Seems that old version of her is still in there, but she's fighting to keep it from escaping.

Lucy: That's the only explanation.

Me: There appears to be some remnants of Dark Luan still inside her.

Lincoln: So, how can I beat if for good if I can't even touch it?

Me: Yeah and energy attacks don't work as well. I tried.

Lucy: There is a way. Sealing it.

Lincoln: Sealing it?

Me: The Evil Containment Wave. That's the only way to seal these evil flames to make sure that they don't cause anymore trouble.

Lincoln: I saw that technique and it was amazing.

Master Roshi: It's a long shot but it will work. And with your immortality and invincibility you won't be able to sacrifice yourselves.

Cyborg Lincoln: That's true. I have a feeling it might work.

Me: I can teach you both the technique.

Cyborg Lincoln: Thanks J.D.

Lincoln: Awesome!

Me: You're welcome. Lets get to it.

I got to training the Cyborg Lincoln. It was really cool having him with us. It's like Lincoln having a twin brother.

*A few days later.*

We were in the training yard.

Me: That's all I can teach you guys about this technique.

Lincoln: That's fine, this should be enough.

Cyborg Lincoln: It just might work.

Lincoln: *phone rings* Hang on. *answers phone* Hello?

Rita: *on the phone* Lincoln, sweetie! Good news, Luan is out of the infirmary!

Lincoln: She is? *smiles* That's great!

Rita: *on the phone* It sure is, though her arm's still in the sling, and it'll be like that for another week or two.

Lincoln: *smiling* Either way, I'm glad she's out of the infirmary!

Rita: *on the phone, smiles* Me too, sweetie.

Lincoln: Well, I'll be there in a few. *hangs up, looks to me* Thanks again, J.D.

Me: No problem, Lincoln. *remembers* Oh yeah, here.

*I hand both Lincoln's a small bottle with the words "Demon Seal" written on the side in Japanese with black ink.*

Me: You can seal the flame in that, and with the seal painted on it, that flame won't get out.

Cyborg Lincoln: *smirks, puts the bottle in his vest pocket* Thanks.

Me: *smiles* You're welcome, Lincoln's. Lets go get that flame.

Lincoln: *smirks* You got it!

*We then speeds back to the estate.*

*At the estate.*

*Luan was sitting on the couch, with her siblings, Eddy and Lensay next to her. Like Rita said, her arm was still in a sling.*

Luan: *smiles* It's great to be home, guys.

Varie: It's good to have you back Luan.

Luna: *smiles* It's good to have you out of the infirmary, dude.

Eddy: I can't believe that happened to you.

*Lincoln then walks into the house.*

Lincoln's: *happy* Luan!

Luan: *sees Lincoln, laughs* Hey, Linc.

Lincoln: *smiles* Glad you're back home, sis.

*Lincoln walks over to Luan and lightly hugs her, due to the cast and sling.*

Luan: *smiles, returns the hug with her good arm* Me too.

Me: Glad you're back Luan.

Luan: Thanks J.D.

Me: Boy this was one thing that really doesn't need a cast! (Laughs to rimshot) Get it?

Luan: (Laughs) Good one J.D.!

Me: Thanks.

Lincoln: *looks around* Hey, where's Mom and Dad?

Luan: Well-

?: Don't be glad for long!

*We all look around, confused from the voice.*

Siblings: *confused* Huh?

Leni: *confused* Who said that?

?: Up here, you dummies!

*The siblings looks up and see the yellow flame, much to their shock, and Luan's horror.*

Luan: *horrified* N-N-Not you!

Lincoln: *narrows eyes*

Me: It's the Evil Flame.

Lana: *shocked* L-L-Lucy, is that- ?!

Lucy: *shocked* Y-Yes, it is!

Flame: *glares at Luan* So, you're still living and kicking, aren't you? Ugh, you are annoying.

Me: Not as annoying as you.

I go Super Angel.

Lincoln: *gets in front of Luan* You're in no place to be talking about my sister like that, you ugly flame.

Cyborg Lincoln: Yeah!

Me: You give all comedians a really bad name!

Lana: You're gonna pay for hurting Luan!

Flame: *angrily* Yeah? And what are you gonna do about it? You can't even touch me.

Lincoln: Well, there is one thing I can do. Follow us outside.

Flame: *confused* What?

Lincoln: Do it!

Flame: Fine, that'll be much easier for my friends and I to bury you in.

Lincoln: *surprised* Friends?

Me: Uh oh!

Flame: Yes. The friends… THIS FAMILY CREATED!

*Suddenly, 13 more flames appear. The colors are light blue, turquoise, purple, red, black, light red, blue, pink, green, lavender, dark pink, blue green and orange. Each flame represents a Loud.*

*The siblings were shocked.*

Lincoln: *shocked* What the?!

Me: It's flames from each member of the Loud Family!

Yellow Flame: Face it! Every one of you has evil in you!

Orange Flame: Even you, hero! That's how I was born!

Light Blue Flame: And depending on how much evil, that's how strong we are! Why do you think me, Red and Pink are larger than the rest?!

Pink Flame: *points to Lori, Lynn and Lola* Because they're the most evil out of all of you!

Laney: How come my flame is the smallest one of them all?

Light Red Flame: Because you have the least evil of us all you freak!

Aylene C.: Hey! Don't you dare talk about Laney like that!

Me: Save your breath Aylene. These flames have no sense of being reasoned with.

Lincoln: *angrily* You think I care about how evil Lori, Lynn, and Lola were?! They're my sisters, and I love them very much, no matter how evil they are!

Red Flame: See?! That's your problem, Lincoln! You see good in some people, when really there isn't any!

Lincoln: *getting angrier* Shut up!

Yellow Flame: Guys, he wants to be buried outside. So, let's go.

Nico came in.

Nico: What's going on guys. I sensed an increase in power.

Me: (Points to the flames) That's what's going on man. These flames are the physical manifestations of the evil sides of the Loud Siblings.

Nico: That is a strange thing.

Me: It sure is. Now we can go outside.

*The flames all leave the house and go into the front yard. We all went outside to the training yard to face the evil flames.

Lola: *confused* What's Linky doing?

*Lincoln puts his hands together, as if he was guarding against an attack.*

Lucy: *realizes* I think I know what he's doing.

*Outside.*

We stood ready facing the Evil Flames.

Francis fired a blast of fire at them and it only made them stronger.

Black Flame (to Francis): Did you really think you could beat us at our own game?

Me: Fire makes them stronger.

Lori: No kidding.

Suddenly blasts of water hit the flames and weakened them somewhat.

Me: What the?

We saw a Blastoise.

Me: A Blastoise!

Nico: I could use one of those.

Me: From what I remember most Pokemon trainers usually start out with Charmander, Squirtle and Bulbasaur. But if you get a Blastoise man, you'll have all three evolved forms.

Nico: I sure would.

May: Go for it Nico.

Nico: Blastoise, if you agree to help us against these Evil Flames, I promise not to catch you until they're dealt with.

It agreed.

Me: He agrees.

Nico: Good.

Blastoise fired blasts of water.

Cyborg Lincoln: What do you say, Flames? One last dance?

Orange Flame: Lets dance.

Lori: No. It… it… can't…

Light Blue Flame:… can't be, yes, why do people always say that? Good thing our bro had that accident, eh? Otherwise we couldn't be… this.

Lola: We… we become the evil masterminds?

Pink Flame: Don't be melodramatic. You of all people should know the beauty of fire. With great power comes great responsibility… and great opportunity. And the only way to live up to all that responsibility… is to use every opportunity to get all the power. And that lesson will be helpful to us when we achieve our goals.

Lynn: What do you mean by that?

Red Flame: You'll find out. Except… once we're done with this world… You actually won't find out. Consider yourselves lucky.

Lucy: I don't care what you all say! We will never become you!

Me: Guys don't listen to these fiery dirtbags! You had no involvement in Lincoln's accident that turned him into a Cyborg. It was an act of uh… You know.

Orange Flame: What was it?

Me: I'm going to spell it. B-A-D L-U-C-K.

Orange Flame: Bad Luck?

Me: Yeah. But we made a rule saying that we can't say that ever again because of certain incidents that have occured over the last year and a half.

Orange Flame: I can agree with you. What Lynn did to Lincoln was far too evil even for me.

Me: It's nice that we can agree on something.

Sinestro: Lincoln, where are you? I'm trying to find you guys.

Lincoln: I think we're in Hell. These Evil Flames… they're my sisters!

Sinestro: What?! How is that possible?!

Purple Flame: Let us explain it all to you.

Luna: Explain it to our fists!

Me: No Luna! Physical attacks and energy attacks don't work on them!

Nico: I can't believe I'm actually saying this. But… Loud Sibling Flames, you have all failed this city! (fires water at them)

Me: It is kind of weird saying that huh?

Nico: No kidding.

Me: It's like looking in an evil mirror.

Laney: It sure does feel that way.

Shego: Lets use our combos on them.

William: You got it Shego.

Shego fired a blast of green fire and William fired a blast of water from his blaster.

Shego and William: COBALT THORIUM G ENDOTHERMIC STORM!

The blasts combined and formed into a storm cloud of the highly unstable chemical compound Cobalt Thorium G, a chemical compound that produces an endothermic reaction that absorbs heat. But the slightest jostle will cause it to explode.

It weakened the Evil Flames significantly.

Me: That was genius William.

William: Thanks J.D. That storm cloud was made of Cobalt Thorium G.

Me: That stuff is dangerous and highly unstable. It causes endothermic reactions that absorb heat from anything.

Shego: You have to be really careful when working with unstable elements.

Lisa: Indeed.

Aqua: Combo time Lea.

Lea: You got it Aqua.

Aqua fired a blast of ice and Lea fired a blast of water.

Aqua and Lea: WATERSTORM DRAGON DRENCH!

The blasts of water turned into a dragon of pure water and drenched the Evil Flames.

Captain Atom and Captain Marvel appeared.

Captain Marvel: Lets deal with these flames Nathan!

Captain Atom: You got it Carol. Final Smash time! ATOMIC ENERGY FIST!

Captain Atom fired a fist made of pure atomic energy and it hit the flames and knocked them down.

Captain Marvel: My turn. MARVELOUS DEATH RAY!

Captain Marvel fired a blast of energy at the flames and it knocked them out.

Cyborg Lincoln: *smirks* Never torment my family again! EVIL CONTAINMENT WAVE!

*A large orange tornado like blast emits from Lincoln's hands as he pushes them forward. After a few seconds, the flames are shocked to find that they're getting sucked into it.*

Yellow Flame: *shocked* OH NOOO!

Cyborg Lincoln: *angry* This is what happens when you mess with my friends and family! Now, never again… WILL WE DEAL WITH THE LIKES OF YOU!

*Cyborg Lincoln then motions his hands down, and Lincoln pulls out the bottle and the orange tornado goes inside the bottle, sealing the flames inside.*

*Lincoln then pulls out the cork and puts it on the bottle, as the orange tornado disappears.*

Lincoln: *smiles* And that's that.

Cyborg Lincoln: I'm only gonna say this once. Booyah!

Cyborg: You are like me Lincoln 2. Great job!

Cyborg Lincoln: Thanks Victor. It was awesome!

We cheered wildly.

Me: I know just what to do with this. But great job guys.

Cyborg Lincoln: Thanks J.D.

Laney: You all did it!

Rachel: We sure did.

Me: We did Rach.

Celica: Those flames were a major menace.

Me: They sure were Celica.

Nico caught the Blastoise and he now had the three primary pokemon to start.

Captain Atom: (To the Viewers) Remember this guys, Evil is like a fire that burns inside you and the fire of evil can be extremely dangerous if it burns out of control.

Me: You said it Nathaniel.

# Extinguishing the Fire of Evil

It starts in the Training Yard at the estate. Eion was showing Azula how far her Firebending powers have come. She was demonstrating a huge level of skill and power and she was obliterating and incinerating statues and dummies that look like all the enemies we all killed and the statues all exploded with incredible power, like they were being detonated with multiple pounds of C4 and the flames on the ground were burning ferociously afterwards. Her fire was blue and orange and she had skills and moves that were incredible.

Azula: Well done Eion!

Eion: Thanks aunt Azula. My Firebending powers have evolved. I learned most of my abilities from father and uncle Iroh.

Azula: I had a feeling they taught you. I was considered a Firebending Prodigy when I was around 6 years old.

Eion: I believe it. I was made a prodigy when I was 4 and I didn't let evil, arrogance, hatred, pride or all that get to me.

Azula: I can tell. You are the antipode of me when I showed my skills in Firebending.

Nicole arrived and she was amazed at how far Eion's Firebending had come.

Nicole: Wow! You really went at the posts here Eion.

Eion: Sorry about that Nicole.

Nicole: It's all right. But your skills in Firebending are impressive.

Eion: Thanks. Father never told me about this, but what was the battle you fought in during the 100-years war?

Nicole: That was the battle of Sozin's Comet. It's a special comet that only appeared once every 100 years. Sozin's Comet was the ultimate decisive factor in the war. It was named after your great great grandfather Fire Lord Sozin. It's a special comet that has a strange power that enhances all Firebending 100-fold.

Eion: Wow! That sounds like a strange comet.

Nicole: It was and we saw it when we became Team Cosmic Dragon. It looked like an enormous ball of fire streaking across the sky. When we faced Fire Lord Ozai, we blew up Sozin's Comet and it stripped all the Firebenders of their enchanced Firebending and we defeated Ozai with ease. Avatar Aang used an awesome form of bending called Energybending. It was bending of life force.

Eion: That's incredible!

Azula: I've heard about this. It was a long lost form of bending that was thought to have been lost ages ago. That's amazing how he was able to do that.

Nicole: It was phenomenal. The level of energy we felt was unbelievable and Aang was able to use this awesome power to strip Ozai of his Firebending and it caused everyone to overthrow him and it deposed him.

Eion: And my father is now his successor.

Nicole: That's right Eion.

Azula: Isn't Nico now a Firebender as well?

Nicole: He sure is. He has this awesome power to assimilate the powers and abilities of any bad guy we kill or capture. And dad accidentally acquired the same power during the Nocturne Dream Scare.

Eion: I remember that.

Azula: I see. So J.D. and Nico are Firebenders as well now.

Nicole: Yes. And fire makes us stronger because we have the power to absorb fire.

Eion: That's what I saw. I want to destroy the evil Azula and Ozai.

Nicole: We can do that. But before we do you have to know the whole story about the war and it's primary purpose.

Nicole, Eion and Azula went into the estate and got some tea and she revealed the whole story about the war and why it was caused.

Nicole: It all started 138 years ago…

Thirty-eight years prior to the beginning of the Hundred Year War, Fire Lord Sozin began to feel that because his nation was so fortunate in so many ways, that he should "share" this prosperity with the rest of the world. He spoke about his plan to his best friend, Avatar Roku, and tried to convince him to join him on his quest to expand "the most successful empire in history". Roku vehemently refused to help him and reminded his long-time friend that the four nations were meant to be just what they were: four.

Years later, however, Roku discovered that Sozin had set up colonies in the Earth Kingdom despite his warnings and went to rebuke him, leading Sozin to attack him. The Avatar subdued the Fire Lord, utterly destroyed his palace and warned him that if he ever acted out of place and attacked the other nations again, he would put an end to him permanently.

Twenty-five years later, Roku's home island was consumed in a volcanic eruption so massive that Sozin could see and feel it from a hundred miles away, and he flew in on his dragon to assist his old friend. The two used their bending to try to contain the lava flow, but they were hindered by poisonous gases that eventually overwhelmed Roku, leaving him lying on the ground and begging for his old friend's help. Sozin suddenly realized, however, that Roku's death would allow him to fulfill his plans, and he left the Avatar to die. The new Avatar was born into the Air Nomads as Aang.

Twelve years after Roku had died, Sozin used the return of a comet, a celestial event that grants firebenders near-unlimited power, to deliver a devastating first blow to the other nations and start the war, setting the stage for the Air Nomad Genocide.

Fire Lord Sozin decided to launch his attack upon the arrival of Sozin's Comet. With the power of the Comet, Sozin's firebender armies launched a genocide on the pacifistic Air Nomads in an attempt to capture the new Avatar, Aang, and to break the Avatar Cycle. This would overcome one of the Fire Nation's biggest obstacles to victory. However, Aang had run away before the attack, thus escaping the carnage. Almost all other Air Nomads were believed to have been killed in the attack, and the remainder ruthlessly hunted and killed as the Hundred Year War progressed, by the end leaving Aang the only known airbender left alive. Sozin would continue searching for Aang up until his death. The Air Nomad Genocide involved mass trooper and tank attacks on the four temples. Thousands of Air Nomads were slain along with their flying bison and lemurs.

After the first strike against the Air Nomads, Fire Lord Sozin and his army began their first assaults into the Western Earth Kingdom. Sozin's main objective was to overcome the next Avatar and secure a beachhead on the western coast of the continent and use it as staging grounds to advance further throughout the Earth Kingdom and to supply his forces. Other objectives were to cripple and destroy key Earth Kingdom trading centers to weaken the large Earth Kingdom economy. After several battles, including decisive Fire Nation victories in the Battle of Han Tui, the Battle of Garsai and the battle for Taku, the Fire Nation was able to gain a strong foothold in the Earth Kingdom.

The Fire Nation's war effort was focused at the Western theater through the use of a large portion of the Fire Navy, but Sozin expanded northward and eventually was able to send forces to conduct an attempted invasion of the Northern Water Tribe fifteen years after the Hundred Year War began, which ended in failure due to the North Pole's treacherous landscape. The battle saw ground forces from both the Water Tribe and the Fire Nation confront each other directly.

Fire Lord Azulon took the throne after his father's death and began to advance south to the Southern Water Tribe and eastward toward the walls of Ba Sing Se. Forty years into the Hundred Year War, the Fire Navy attacked the Southern Water Tribe, at that time a prosperous settlement; their first attacks included the bombardment of several Water Tribe villages, but they later restricted their attacks to less costly surprise raids.

Waterbenders across the South Pole fought the firebenders, and the Fire Nation adopted a policy of eradicating waterbending from the South Pole entirely, taking all waterbenders prisoner, leaving the nonbenders to fend for themselves. Among these prisoners was Hama, who notably developed a deep hatred for her captors but eventually escaped from captivity while waging her own personal war on them in secrecy. The Southern Water Tribe remained weak and the victim of constant raids, teetering on the edge of extinction. Eventually, the Fire Nation created the Southern Raiders, a brutal raiding force that pillaged and ravaged the coastlines of the South Sea, further weakening the Southern Water Tribe and devastating the at that time spared Southern Earth Kingdom.

Soon, the Earth Kingdom came under many large-scale attacks, with the fall of the Hu Xin Provinces furthering the Fire Nation's advances into the Kingdom and putting them in control of the entire northwestern third of the continent. Thousands perished in massive violent battles during these campaigns.

During the war's ninety-fourth year, the Southern Water Tribe was attacked in yet another minor raid aimed at eliminating any remaining waterbenders. The attackers, the infamous Southern Raiders, were informed that one last waterbender, who happened to be Katara, was left in the Southern Water Tribe, and were given orders to kill her. However, Katara remained undiscovered because, during this raid, her mother Kya turned herself in as the last waterbender in an attempt to protect Katara. Kya was in turn killed, but her heroic act meant that the Fire Nation would never discover the true identity of the last waterbender in the South Pole. Katara would later rediscover the Avatar and become a major contributor to the eventual capitulation of the Fire Nation as an indirect result of her mother's actions.

In the Earth Kingdom theater, the Fire Nation enjoyed even more success, conquering every major Earth Kingdom city and stronghold until only Omashu (who hindered any major overland progress in the east) and Ba Sing Se were left. The Fire Nation Army also pushed down further south, conquering most of the southwestern coastlines. General Shu and his troops even advanced into the vicinity of the Si Wong Desert, fighting Earth Kingdom forces there. Finally, the Fire Nation Army reached the walls of Ba Sing Se itself, and the six hundred-day-Siege of Ba Sing Se began. In its final stages, the Fire Nation even managed to break through the Outer Wall, but their advance ended when their leader General Iroh's son was killed, resulting in Iroh's order to retreat. However, the order was also motivated by the fact his army was fatigued and had been embroiled in continuous fighting for so long.

In the last years of the war, the ferocity of the Hundred Year War eased slightly with the Fire Nation nearing victory. Ozai was crowned Fire Lord upon Azulon's death. Iroh's forces retreated from the area of Ba Sing Se, although they remained in control of the Western Lake, where they began construction of a drill to help them penetrate Ba Sing Se's Outer Wall. The Northern Mountains were left alone, allowing refugees to move in.

However, the conquered western shore of the Earth Kingdom was put under tighter control, where General Fong's fortress was the only Earth Kingdom military base left, hidden in a coastal mountain range. Several fortified bases were set up there. Prince Zuko began his search for the Avatar upon his banishment three years before, hoping to reclaim his throne. Zhao, an eager and ambitious naval officer, began plotting the conquest of the Northern Water Tribe. Any attempt at rebellion was dealt with harshly, and the Fire Nation began arresting any earthbenders in their territory, forcing them into slave labor on offshore factories and shipyards.

To add to the Earth Kingdom's troubles, a large number of their villages and cities were now under Fire Nation control, with their native citizens forced to obey the demands of the Fire Lord if they were to avoid persecution. Only non-essential territories were left alone. Even though major cities like Ba Sing Se and Omashu remained free at the time, the Fire Nation clearly controlled the majority of the continent, free to prowl almost anywhere in the north and west unopposed.

The fortunes of the Earth Kingdom and the Water Tribes made a turn for the better with the sudden return of the Avatar and last airbender, Aang, who was rediscovered by Sokka and Katara. This immediately attracted the attention of both Zuko and Zhao, who chased him across the world. As the Avatar traveled north to the North Pole in an attempt to learn waterbending, Zhao was promoted to Admiral. A small Fire Nation force attacked the Northern Mountains, only to be beaten back in what culminated as the battle for the Northern Air Temple. However, the defeated force did acquire an important new invention for the Fire Nation - the hot air balloon.

Upon discovering that the Avatar had succeeded in reaching the North Pole, Zhao ordered his massive fleet to advance on the North Pole. However, the Siege of the North was unsuccessful due to the Avatar's intervention, and the fleet was nearly entirely destroyed. Zhao was subsequently imprisoned in the Spirit World by La, the Ocean Spirit, after an unsuccessful attempt to kill the Moon Spirit in a bid to neutralize the waterbenders' power. With the Fire Nation's main ambition in the north out of the picture and their control of the seas weakened, the Fire Nation refrained from further attacks on the Northern Water Tribe. However, as the Northern Water Tribe did not participate in any major engagements against the Fire Nation for the rest of the war, and the Earth Kingdom Navy was already all but obliterated, the loss of Zhao's fleet meant a bearable defeat. Ozai had his armies continue the slow and steady advances on all the Earth Kingdom fronts, while discreetly sending his daughter to search for the traitorous Iroh and Zuko.

Soon after the defeat at the North Pole, the Fire Nation won a great victory by conquering the city of Omashu, capturing King Bumi in the process, leaving Ba Sing Se the last major Earth Kingdom city in the north unconquered. Though most of the city's population managed to flee under the ruse of a plague, the city itself remained under the control of a Fire Nation governor and was renamed New Ozai by Princess Azula.

The Fire Nation's next major battle would be at the walls of Ba Sing Se once more. The drill, a powerful and gigantic mechanized siege weapon, attacked the Outer Wall. However, the Avatar had just arrived. Though the machine succeeded in drilling through the Wall, it was destroyed by the Avatar, making the attack a failure and filling the newly drilled hole with wreckage.

Princess Azula, Mai, and Ty Lee, a trio of the Fire Nation Academy's best, infiltrated the capital of Ba Sing Se. Clad in Kyoshi Warriors uniforms, stolen from the warriors after having defeated them in an earlier engagement, Azula infiltrated the court of the Earth King and undermined the Dai Li. She eventually convinced Long Feng to launch a coup d'état against the Earth King. In the end, she double-crossed him and assumed control over the capital. She also succeeded in capturing her uncle and convincing Zuko to rejoin the Fire Nation, clouding his judgment by promising him his father's love. With Ba Sing Se under their control, the Fire Nation was even closer to victory, with only the tattered Water Tribes and parts of the Earth Kingdom left opposing them. Azula also learned that Ba Sing Se had been planning a major invasion of the Fire Nation home islands on the day of a solar eclipse in late summer, which would briefly leave all firebenders powerless. With the Western Navy still recovering from the Siege of the North, the invasion might have been successful had the Dai Li not arrested the Council of Five. Still, with knowledge that their homeland would still be vulnerable, the Fire Nation made plans to use this to their advantage.

Additionally, Avatar Aang was gravely injured in a failed attempt to defeat Azula, who struck him down with a powerful lightning blast. Although Katara was able to revive him, Aang remained in a coma in the following weeks, and he was immediately presumed dead by the entire world. When word of Aang's defeat spread across the globe, the Earth Kingdom and Water Tribes lost hope and the Fire Nation came close to declaring victory in its imperialist war. Aang and his friends traveled into the Fire Nation incognito until the time to strike came again.

Several weeks later, Ozai called a war meeting with his generals. One of them, Shinu, said that while Ba Sing Se had been conquered, a number of Earth Kingdom rebellions arose and that the Earth Kingdom military was still controlling vast swaths of territory, including the southern Earth Kingdom and scattered areas in the north, which kept the Fire Nation from claiming ultimate victory in the Hundred Year War. When Zuko said that the Earth Kingdom could endure anything as long as they had hope, Azula said they should "take their precious hope, and the rest of their land, and burn it all to the ground." Ozai, using this idea, planned to use the power of the returning Sozin's Comet to completely destroy the Earth Kingdom.

Though the Fire Nation controlled great swathes of territory they were not unopposed. A small multinational invasion force led by Chief Hakoda of the Southern Water Tribe and the Avatar assaulted the Fire Nation Capital on the Day of Black Sun and they were nearly successful, but their supposed success was actually a carefully planned trap by the Fire Nation. Though they were repelled by the new Fire Nation air force of airships and most of the resistance leaders were captured, they proved that the Fire Nation could continue to be resisted as long as hope was maintained.

However, the Day of Black Sun was not a total failure for those resisting the Fire Nation. During the Eclipse, the captured King Bumi saw the opportunity he had been waiting for. He broke out of his prison and, with the firebenders unable to firebend, retook the city of Omashu single-handedly. Iroh also broke out of his cell and, according to a guard, fought as a "one-man army."

Prince Zuko realized the full extent of the Fire Nation's crimes and joined the Avatar, agreeing to teach Aang firebending before the anticipated battle with the Fire Lord. This development only increased the threat the Avatar posed toward the Fire Nation. Coinciding with this, Princess Azula was betrayed by her allies, Mai and Ty Lee, after a failed sabotaging of an escape from the Boiling Rock, badly hurting both her psyche and her leadership ability.

Fire Lord Ozai crowned himself Phoenix King prior to the arrival of Sozin's Comet and appointed Azula to be his successor as Fire Lord. Ozai intended to finish the Hundred Year War by using the comet's immense power to vanquish his enemies, so the Avatar's group, one of the Fire Nation's greatest threats, acted quickly to prevent this catastrophe.

When Sozin's Comet made its return to the world, Ozai launched his massive attack on the Earth Kingdom with his armada of airships. When he arrived at the Wulong Forest, which he quickly proceeded to incinerate, Avatar Aang confronted him. Despite Aang's pleas to end the Hundred Year War peacefully, Ozai attacked him. At first, Ozai and Aang were evenly matched, but Aang refused to go on the offensive due to his belief that all life was sacred. Ozai gained the upper hand, but accidentally smashed Aang into a rock that hit the scar on his back where Azula had struck him with lightning at Ba Sing Se. This released the pent up energy there and opened his seventh chakra, allowing Aang to enter the Avatar State. Using the Avatar State's power, Aang went on the offensive. Despite his enhanced firebending, Ozai was quickly overwhelmed and forced to retreat. Aang pursued him and eventually pinned him down. But just as he was about to deliver the finishing blow, Aang left the Avatar State. Instead of killing Ozai, Aang used energybending to strip him of his firebending.

While Aang and Ozai fought, three members of the Avatar's group, Sokka, Toph and Suki, hijacked one of the airships in Ozai's armada. Rammed the airship into the ones next to them, they successfully destroyed the fleet. The Order of the White Lotus, under Iroh's leadership, successfully retook Ba Sing Se, a colossal defeat for the Fire Nation.

Azula, after losing the alliance of Mai and Ty Lee, was weakened by a state of mental instability. This caused her to lose all trust in everyone, developing severe paranoia and coming to the belief that everyone was against her. She banished all those loyal to her, and in effect, had no allies or external protection. This rendered her unable to effectively fight Zuko and Katara, resulting in Zuko's victory in their Agni-Kai and taking her place as Fire Lord. She suffered a mental breakdown immediately after the conclusion of their fight, making her incapable of continuing to fight in the Hundred Year War.

With the loss of Omashu, Ba Sing Se, and the fall of their leaders, the Fire Nation Armies found themselves unable to continue the war effort, leaving the Water Tribe and the Earth Kingdom victorious.

After these victories, all the prisoners of war were released and Zuko was crowned Fire Lord, officially declaring the war to be over. At his coronation, he promised before a large audience of the world's citizens that he would dedicate his rule to rebuilding the war-torn world with the help of Avatar Aang.

After being defeated by Aang, Fire Lord Ozai was arrested and put in prison, and Azula had been institutionalized in a mental health facility on an isolated island near the Fire Nation capital.

However, after a century of fighting, all four nations were left exhausted from the conflict. Over the course of the war, the Fire Nation had caused unprecedented worldwide devastation and loss of life, annihilating an entire nation, its culture, and unique bending style, leaving only one person to represent it, devastating an entire continent and oppressing its people, and bringing a nation to near extinction. Numerous people on both sides of the conflict died over the course of the War, and immense devastation occurred to the overall infrastructure of the Earth Kingdom and Southern Water Tribe, while little occurred to the Fire Nation and the Northern Water Tribe.

The world thus began the long process of rebuilding in places including Ba Sing Se, the Earth Kingdom, and the Southern Water Tribe; as Fire Lord Zuko stated, the world would have a lot of rebuilding to do, but the war was finally over.

The Harmony Restoration Movement was created as a step toward peace in removing the Fire Nation colonies from the Earth Kingdom. However, after seeing all the hard work his people have done within, Fire Lord Zuko removed his support from the movement. This decision started a confrontation that threatened to throw the world back into war, causing Avatar Aang to intervene. After a brief skirmish, an agreement was reached, which eventually led to the Fire Nation colonies being transformed into the United Republic of Nations.

Nicole: And it was thanks to the arrival of Team Cosmic Dragon that we were able to destroy Sozin's Comet, overthrow Fire Lord Ozai and stop Azula's wicked reign from even beginning.

Eion: Wow! That is horrible. I can't believe that my great great grandfather would cause such a series of horrific travesties to unfold.

Azula: And I was turned into a Homicidal Psychopath.

Nicole: Yeah. But my father and Eion saved you from the darkness that had consumed you for years and Lily repaired the Psychological damage that was dealt.

Azula: It's good they did.

Nicole: It's gonna take decades for the 4 nations to recover and it's gonna take a long time for the Air Nomads to begin it's restoration.

Eion: I know. It's horrible that they were nearly wiped out.

Nicole: No kidding. Lets head to the simulator.

Eion: Okay.

They went to the Simulator.

---

In the Simulator Room we were getting ready. I was applying a special sealing jutsu to Eion and she'll find out what it does later. I invited Avatar Aang, Katara, Sokka, Suki, Toph and the members of the Order of The White Lotus to come and watch.

Iroh: Thank you for inviting us to watch J.D.

Me: You're welcome Iroh. We're going to help fight in the major battles of the 100 Year War.

Lori: This is literally gonna be exciting to see.

Me: Yep.

Me, Varie, Nicole, Naruto, Sakura, Fu, Rin, Ino, Hinata, Akiko, Sasuke, Yakumo, Natsumi, Hokuto, Isaribi, Ami, Juri, Yamiko, Nico, Lori, Lily, Tara, Lincoln, Laney, Earth, Lola, Taranee, Sam S.L., Eion, Aylene C., Shego, Karai, Francis, Firestar, Jean Grey, Inque, Snake Man, Rhino, Bai Tza, Poison Ivy, Shocker, Demona, Clayface and Teresa went into the Simulator.

# Battle 1: Siege of The North

---

It activated and we found ourselves in the Northern Water Tribe. It was cold but we persevered.

Me: Wow! So this is the Northern Water Tribe.

Lori: It is literally amazing here.

Me: It sure is.

Lily: Yeah.

Lincoln: So what battle was here J.D.?

Me: From what I remember, this was the sight of the deadly Siege of the North. It was a fierce battle between the members of the North Pole Water Tribe and the forces of Admiral Zhou and the Fire Nation Navy.

Eion: This will be the first battle we fight.

Me: Yep but lets get Lily to train in Waterbending. I've always wanted to add more skills to our repertoire of abilities and expand our skills. And Elemental Bending will be perfect for us.

Lily: Good idea.

Katara: (From the Control Room, Telepathically) Lily it's me Katara.

Lily: (In her head) I hear you loud and clear Katara. Nice to know our mental links are working.

Katara: They are. You can learn from Master Pakku. He's a great Waterbending master and he'll teach you all you need to know.

Lily: Okay.

We went to find Katara and she found us and began to attack us.

Me: Whoa! Katara take it easy!

Katara (about to throw water): I know this kind of trick. Nice try. But you're not gonna fool us, Ozai!

Shego: Hey, take it easy! And did you just say Ozai?

Me: Okay that's enough! We mean you all no harm and we are not with the Fire Nation. Just let us explain.

We did so and Katara, Aang and Sokka apologized.

Katara: I'm sorry we attacked you.

Me: It's okay Katara. We should introduce ourselves.

We did so.

Katara: It's a pleasure to meet all of you.

Aang: Same here.

Sokka: Yeah.

Katara: Eion I didn't know you were related to Zuko.

Eion: Yes. He's my father and I'm a powerful Firebender.

Aang: You think you can convince your father to teach me Firebending?

Eion: I sure can.

We found Master Pakku and Lily was learning so much from him. She learned all kinds of awesome moves in Waterbending never thought possible.

Lori: Wow! Lily is literally learning a lot of moves in Waterbending.

Me: She sure is.

Aang: If you want Lori I can teach you how to use Airbending.

Lori: Thanks Aang. I would like that.

Lori trained hard in using Airbending.

Me: You guys are learning fast.

Lola: They sure are J.D.

Suddenly black snow came down.

Me: Uh oh. It's soot and snow. The Fire Nation is coming.

We flew up and saw a black cloud of smoke and we saw over the horizon a huge armada of Fire Nation Ships heading towards the North Pole Water Tribe.

Me: We got company guys. The Fire Nation is here.

The Northern Water Tribe got it's forces ready and we're gonna be ready to defend the Water Tribe.

Me: Stand ready guys. This time we're the reinforcements.

Nico: We sure are.

Nicole: And this is gonna be a great fight.

Lincoln: Yep.

We stood ready and then we saw a huge fireball coming towards us. I fired an energy blast at the fireball and destroyed it in a huge explosion.

KRABOOOOMMMM!

Sokka: Nice Shot J.D.!

Me: Thanks Sokka.

Eion: I got this!

Eion did some breathing and a huge ring of fire formed around her and it intensified at an incredible level and then she formed a massive fireball and fired it at the ship and blew it apart into a thousand pieces in a huge explosion.

KRABOOOOOOOOMMMMMM!

Me: That did it! But we're not out of the woods yet. Here comes the rest of the fleet.

Aang: That was amazing!

Sokka: It kinda feels amazing having a Firebender on our side.

Nico: It sure does. Eion lets blow the rest of the fleet apart.

Eion: Right. J.D. we have to get my father out of there.

Me: You got it. Lincoln, Lola, Laney, Earth, get Zuko and Iroh out of there. Lincoln if you come across Admiral Zhou, take him down.

Lincoln: You got it J.D.!

Laney: Lets go!

They flew towards the fleet and they were on the ship of Admiral Zhou.

Lincoln fired blasts of lightning and electrocuted some of the crew and blew them apart.

Earth fired globs of lava and burned them as well.

Laney wrapped them in bramble vines and Lola burned them.

They ran throughout the ship and blew the crew members apart and they saw Iroh and Zuko.

Lincoln: Iroh, Zuko, thank goodness we found you.

Zuko: Why is that?

Lola: We have some grim news to tell you. We can explain it when you two come with us. But the world is now in grave danger in the coming weeks.

Iroh: What do you mean?

Lincoln: I'll show you through my eyes.

Lincoln's eyes glowed and he showed both of them the events of the future that are gonna take place. When it was done, Zuko and Iroh were horrified.

Iroh: Ozai is gonna do all that?

Zuko: Father you're a pure evil monster. Thank you for showing us this.

Lincoln: You're welcome. Lets go!

They went to the front of the ship and they saw Admiral Zhou.

Lincoln: Admiral Zhou.

Zhou: That's right.

Lincoln: I got this guys.

Lincoln was now facing Admiral Zhou.

Lincoln: I had a feeling we would face you.

Lincoln did some stances and he fired a huge blast of fire and it was too strong for Zhou and it completely incinerated him in an instant.

Iroh: Wow! Your Firebending is really strong.

Zuko: That was very impressive.

Lincoln: I may only be 11 but I'm talented.

Laney: He's a great big brother.

Lola: Linky sure is.

Lincolns: Lets go!

Earth and Lincoln carried them off the ship and to the Water Tribe.

Me: They have them. Now Nico!

Nico: Right! (Cups Hands to Side) KAAAAA! MEEEEE! HAAAAA! MEEEEE!

Eion did some stances and she had a huge blast of fire ready.

Nico: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

Nico fired a red Kamehameha Wave and Eion fired a huge blast of fire and the blasts combined and turned into a Fire Kamehameha Wave and it hit the water in front of the ships and blew the whole fleet of ships away in a tremendous explosion of fire, steam and water.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: YEAH! That did it!

Sokka: It sure did!

Katara: That's it for them.

Me: Yep. We might've won the battle but the war is not over yet.

Sasuke: No it's not. And when we face Ozai, we'll be ready for him.

Naruto: Ozai will pay for causing all this.

Me: He sure will bro.

Zuko and Iroh landed by us and we introduced ourselves and explained everything.

Zuko: I had no idea Ozai is that evil and he's going to use Sozin's Comet to destroy the world.

Laney: We won't let him get away with all the pain and suffering he has caused over the years.

Lola: No we won't! We will end him for this!

Fu: And we have to make sure that he gets a one way ticket to Hell.

Zuko: And he will. We also have to kill my sister too.

Me: I know. Aang I know it goes against your ways to kill but if we don't stop Fire Lord Ozai then the entire world will have no future. We have no choice but to kill him.

Aang (sarcastically): Well, if anyone has any idea on how to defeat the Fire Lord without killing him, I'd be glad to hear them!

Nico: You won't have to worry about that. Because after we're done with him, we can just chuck him in our Neptune prison.

Aang (now getting angry): JUST STOP IT, OK?! YOU'RE JUST SAYING THAT TO MAKE ME FEEL BETTER!

Nico: I'm not kidding. We can actually do that! (telepathically to the others) I know that Aang doesn't like klling people. So for now, I'm going with the non lethal option.

I nod.

Me: Let me explain.

I did so.

Aang: So there's a version of Ozai already in one of your prisons?

Rhino: Yep. That means we can kill the one running around without any serious consequences to the timeline.

Aang (sighs in acceptance): Alright. But promise me that you'll let me help you in fighting him and that you'll make his death quick and painless.

Nico: Don't worry. We'll keep that promise.

Me: And Ozai and Azula are gonna pay for their crimes.

We got ready. Soon the battle that will decide the fate of the world will begin.

Teresa (telepathically): Ok, Azula. Most of us don't know our way around this world. So you'll have to guide us.

From the Control Room…

Azula (telepathically): Don't worry. Just follow my instructions and you'll be ok.

Principal Lewis (telepathically): And while you guys are there, can you see if you can find any cute Firebender Girls?

Teresa (creeped out): Ok, I'm gonna pretend I never heard that last part.

We got to training hard. Aang was being trained too.

## Battle 2: THE DAY OF THE BLACK SUN

---

We found out recently from Katara in the control room that a Solar Eclipse was scheduled to happen in the coming months before the arrival of Sozin's Comet.

Me: Guys I found out something really interesting.

Katara: What is it J.D.?

Me: I know how we can take down some of the Fire Nation and cripple some of their forces to a substantial degree beyond repair. In the months ahead there's going to be a total Solar Eclipse and when that happens it will render all Firebenders completely powerless.

Sokka: Of course! Whenever there's an eclipse all Firebender's lose their bending.

Me: That's right. But when the moon passes in front of the Sun, we only have 8 minutes to act before the Firebenders get their bending back.

Aang: That doesn't give us a lot of time.

Lola: No it doesn't.

Rin: But this might be the moment we need.

Lily: I have a feeling it just might work.

Sam S.L.: It's our only chance.

Akiko: And we can do it.

Eion: Now I know what that seal was that you put on me was for. It's to prevent the eclipse from taking my Firebending abilities.

Me: That's right Eion.

Naruto: That's really clever.

Sakura: It sure is and I have a feeling that this plan just might work.

Me: It will.

We got to the Capital of the Earth Kingdom, Ba Sing Se and we told the leader of the Earth Kingdom how to take down the forces of the Fire Nation.

Kuei: I see. So this eclipse will render all the Firebenders powerless.

Me: That's right Emperor Kuei. The eclipse was called the Darkest day in the history of The Fire Nation and this'll present us with a huge golden opportunity to take down the Fire Nation forces.

Kuei: Good idea J.D. We appreciate you giving us this information.

Me: But the eclipse will only last for 8 minutes so we have a very narrow window of opportunity.

Kuei: So it appears. Very well. We will ready our forces for this attack. Thank you.

We decided to train in Ba Sing Se until then. A blind Earthbender named Toph was with us and she also has a unique form of bending called Metalbending.

Me: Here's what we do. We're going to attack three days before the eclipse. We have a lot of prisoners to break out of the Boiling Rock before then. If we run into Azula, let Eion face her.

Lincoln: What's the Boiling Rock?

Me: It's the Fire Nation's version of Alcatraz Prison in San Francisco, California. It's called the Boiling Rock because it's an island prison on a rock pillar in the middle of an active volcano filled with scalding hot water. An island prison like that is extremely dangerous as Hell.

Ino: That sounds like a place I wouldn't want to visit.

Fu: Me neither Ino.

Sakura: Same here.

Lola: I've always wanted to do a prison riot.

Me: Me too.

Lincoln: This is gonna be a tough battle.

Me: It is.

We trained long and hard and we also discovered that Sakura was an Earthbender, Ino was a Firebender, Hinata was a Waterbender and Naruto was an Airbender.

We trained diligently until the three days prior to the eclipse came.

Me: This is it guys. Lets go!

We set out for the Boiling Rock.

It was located in the northern Fire Nation. We arrived at the island of the Boiling Rock. It was just as I descibed it.

Me: That's it.

Zuko: Yep. That's the Boiling Rock.

Ino: It sure does live up to its name.

Me: Yep. And it's about to come crashing down. Lets go!

We went toward the prison and saw all the prisoners rioting.

Me: Looks like a riot broke out. Lets go!

We fired laser blasts, energy beams, fire blasts, water blasts, air blasts rocks and stones and more.

Lincoln: Eat Lightning!

Lincoln fired blasts of lightning and electrocuted the Firebenders there. I snapped my fingers and beamed the prisoners to Ba Sing Se.

Eion: You will never imprison another soul again.

Me: You said it Eion.

I fired a blast of energy right at the prison and it hit it and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared the island was nothing more than a crater in the ocean.

Taranee: That takes care of that prison.

Me: Yep.

Nicole: They deserve to spend all of eternity in Hell.

Me: Yep. Lets head back and mobilize our forces for the invasion on the Fire Nation.

We did so. Back in Ba Sing Se we got ready for the fight that would cripple the Fire Nation. Sokka was reunited with his friend Suki, a member of the famous Kyoshi Warriors.

When the day came we set out for the Fire Nation.

Me: This is it guys.

I look at the Sun and it was starting to be overshadowed by the moon.

Me: The Eclipse has begun. There's no turning back now.

We flew into the Fire Nation.

Me: Fire!

I fired energy waves and blew some of the buildings and houses apart into flaming rubble.

We threw rocks and fired fire blasts, energy blasts and more and blew buildings apart left and right. Explosions were blowing apart everything and burning everything down to the ground.

---

2 minutes earlier, Ozai was gathering his forces for another attack.

Ozai: General Shinu, I want your forces ready for a full assault on the Earth Kingdom.

General Shinu: Yes sir.

Suddenly massive explosions were felt.

General Shinu: We're under attack!

Ozai: All units ready for battle!

---

I fired energy blasts and fire blasts and Eion fired lightning and fire blasts and blew apart lots of buildings.

Lincoln fired lightning and Earth fired globs of lava and blasts of lightning. Nico fired blasts of energy and fire. The whole of the Fire Nation was turning into a raging inferno.

The Firebenders saw us.

Soldier 1: (Points to us) There! Attack!

But just as they were about to attack, the Sun was blocked out by the moon and their Firebending was completely neutralized as their flames vanished.

Me: Lets go! We have 8 minutes!

I had the timer count down on my watch and we blasted apart the soldiers and killed them.

Eion was firing huge blasts of fire and incinerating the soldiers at an incredible rate and the body count was rising fast.

I fired blasts of energy and blew apart some of the houses and more.

Lincoln and Earth fired lightning and lava and blew apart some of the landscape. The whole Fire Nation Capital was engulfed in a raging inferno.

?: Well well. Looks like you ambushed us well.

We saw Azula, Mai and Ty Lee.

Me: Azula, Mai and Ty Lee.

Lincoln: Looks like you found us first.

Me: I have a message for Fire Lord Ozai.

Ozai: What is it you wish to tell me?

Me: Fire Lord Ozai. So we meet at last. Yes. I have a message for you. My message is this. When Sozin's Comet arrives we're gonna make sure you never terrorize this world ever again. We're gonna fight and you will die and burn in the fire of Hell.

Ozai: All right.

Me: You will pay for your crimes.

Ozai ran fast. I appeared in front of him and we both engaged in a powerful sword fight. We were clashing our swords and sparks were flying everywhere. But he jumped over me and ran.

Nico (pulls out Shan Yu's sword): Fire Lord Ozai, you have failed this world!

Me: No Nico. Let him go. He'll get what's coming to him when the time comes. And Mai, Ty Lee, why do you follow a heartless witch like Azula?

Mai: Because she's our best friend.

Me: Answer me this. Would a best friend use fear and evil to command you?

Mai and Ty Lee knew I was right and Mai punched Azula in the face and Ty Lee used her Chi Block jab on her. Shego then punched Azula in the stomach.

Azula got up but was weak and she was being helped up by some guards and just as they were about to arrest Mai and Ty Lee, I had my sword pointed at them.

Me: Don't even think about it.

I looked at my watch and there was only three minutes left.

Azula: I never expected this from you Mai. The thing I don't understand is why? Why would you do it? You know the consequences.

Mai: I guess you don't know people as well as you think you do. But J.D. opened my eyes to the kind of monster you really are! You control people with fear and that makes you an evil witch!

Azula then started to become unhinged.

Eion kicked Azula in the face and she went rolling and she crashed into a house on fire. Azula got up and she saw Eion.

Eion: Azula I will never forgive you for everything you have done.

Eion then formed a sword made of pure blue fire and she spread angel wings made of pure fire.

Eion: You will pay for everything you've done and when we fight you will face a Firebender unlike anything you've ever seen.

Me: And we'll make sure that happens.

We teleport out of there when there was five seconds left on the eclipse. Our invasion was a success. Now all we had left to worry about was Sozin's Comet. We dealt the Fire Nation a devastating and crippling blow to their forces.

---

## Battle 3: SOZIN'S COMET

---

At the beach we were relaxing and enjoying our time. We saw Zuko and Aang fighting each other. Nico broke up the fight.

Francis: I thought you two would never help break this fight up!

Zuko: Look, kid, I don't want to fight you. This doesn't even concern you to begin with!

Eion: Of course it does!

Zuko: Hang on. Why do you look familiar?

Eion: Because I'm your daughter, silly!

Zuko: My daughter? I see. (faints)

Zuko woke up to see us and Team Avatar, who are still in their swimsuits, staring at him.

Sokka: Dude, you want to explain what just happened?!

Zuko (gets up): Well, apparently, I have a daughter.

Toph: That's not we meant! But I know you're telling the truth, so I have questions about that later.

Shocker: Ok. Let's just all take a deep breath. (to Zuko) Now, Zuko, why don't you calmly tell us why you were attacking Aang when you two have patched things up.

Katara (not calmly): Yeah, Zuko! What the heck is wrong with you?!

Zuko: What's wrong with me? What's wrong with all of you?! Aside from the newcomers, why are you sitting around having beach parties when Sozin's Comet is only a few days away?

Me: It's the calm before the Storm, Zuko. I know we have a huge fight ahead of us, but we might as well enjoy the time we have before the fight while it lasts.

Aang: That's right. And Zuko? About Sozin's Comet… I was actually gonna wait to fight the Fire Lord until after it came.

Zuko [Shocked.] After?

Nicole: What are you saying Aang?

Aang: I'm not ready. I need more time to master Firebending.

Toph: And frankly, your Earthbending could still use some work too. [Aang grimaces.]

Zuko: So, you all knew Aang was going to wait?

Me: Not all of us.

Lincoln: We didn't know he was gonna do this.

Sokka: Honestly, if Aang tries to fight the Fire Lord now, he's going to lose. [Aang looks over to Sokka as he says this, frowns, and closes his eyes in defeat. To Aang.] No offense.

Katara: The whole point of fighting the Fire Lord before the Comet was to stop the Fire Nation from winning the War, but they pretty much won the War when they took Ba Sing Se. Things can't get any worse.

Zuko You're wrong. [Turns away from them.] It's about to get worse than you can even imagine.

Laney: What are you saying Zuko?

Zuko: Father is going to use the power of Sozin's Comet to completely annihilate the Earth Kingdom. [Flashes back to one day before the Day of Black Sun. Servants help Zuko get dressed on his way to a meeting. Once done, they stay behind and bow to him as he walks on. Voice-over.] The day before the eclipse, my father asked me to attend an important war meeting. It was what I dreamed about for so many years. My father had finally accepted me back.

Ozai: Welcome, Prince Zuko. We waited for you. [Zuko walks up to his father. He bows to Ozai and sits down next to him.] General Shinu, your report.

Shinu: Thank you, sir. [Stands up and walks up to the opposite side of Ozai across the table.] Ba Sing Se is still under our control. However, Earthbender rebellions have prevented us from achieving total victory in the Earth Kingdom.

Ozai: What is your recommendation?

Shinu: Our army is spread too thin, but once the eclipse is over and the invasion defeated, we should transfer more domestic forces into the Earth Kingdom.

Ozai: Hmm. Prince Zuko, you've been among the Earth Kingdom commoners. Do you think that adding more troops will stop these rebellions?

Zuko: The people of the Earth Kingdom are proud and strong. They can endure anything, as long as they have hope.

Ozai: Yes, you're right. We need to destroy their hope.

Zuko: Well, that's not exactly what I-

Azula: I think you should take their precious hope and the rest of their land and burn it all to the ground.

Ozai: Yes… [Cuts to Azula looking pleased.] Yes you're right, Azula. [Stands up and walks to the world map.] Sozin's Comet is almost upon us, and on that day, it will endow us with the strength and power of a hundred suns. No bender will stand a chance against us.

Shinu: What are you suggesting, sir?

Ozai: When the comet last came, my grandfather, Fire Lord Sozin, used it to wipe out the Air Nomads. [Cut to Zuko.] Now, I will use its power to end the Earth Kingdom… [Zuko looks astonished. Cut back to Ozai smiling.] permanently. [The shot changes to an aerial view of the map which Ozai walks to the center.] From our airships, we will rain fire over their lands, a fire that will destroy everything; and out of the ashes, a new world will be born, a world in which all the lands are Fire Nation and I am the supreme ruler of everything! [War generals applaud.]

Zuko: [Voice-over.] I wanted to speak out against this horrifying plan, but I'm ashamed to say I didn't. [Fade to the present.] My whole life, I struggled to gain my father's love and acceptance, but once I had it, I realized I'd lost myself getting there. I'd forgotten who I was.

We were absolutely horrified.

Katara: [Sinks to her knees.] I can't believe this.

Sokka: I always knew the Fire Lord was a bad guy, but his plan is just pure evil.

Me: It's worse than that Sokka. It's history being repeated. Fire Lord Sozin used Sozin's Comet to cause the Genocide of The Air Nomads, causing the Air Nomad's to teeter on the razors edge of extinction. Now Ozai plans to do the same to the Earth Kingdom and cause the Genocide of the Earth Kingdom. Ozai is now a homicidal megalomaniacal tyrant. The Devil himself in human form.

Aang: What am I gonna do?

Zuko: [Stands up from his rock seat and walks to Aang.] I know you're scared, and I know you're not ready to save the world, but if you don't defeat the Fire Lord before the comet comes, there won't be a world to save anymore.

Aang: Why didn't you tell me about your dad's crazy plan sooner? [Walks away.]

Zuko: I didn't think I had to. I assumed you were still going to fight him before the comet. No one told me you decided to wait.

Aang: [Holding his head with both hands.] This is bad. [Sinks down to his knees.] This is really, really bad.

Me: It's worse.

Katara: Aang, you don't have to do this alone.

Toph, Zuko, Sokka, and Suki stand next to Katara.

Toph: Yeah, if we all fight the Fire Lord together, we got a shot at taking him down.

Me: And you have us as well Aang. Team Loud Phoenix Storm will never abandon friends in need.

Everyone stood by me.

Aang: Thanks guys. Thank you.

* * *

In the capital of the Fire Nation, Azula arrived and she stood before her father.

Azula: [Pants.] Sorry I'm late, father. Good palanquin bearers are so hard to come by these days. So, is everything ready for our departure?

Ozai: [Facing the ship.] There has been a change of plans, Azula.

Azula: [Worried.] What?

Ozai: I've decided to lead the fleet of airships to Ba Sing Se alone. You will remain here in the Fire Nation.

Azula: But I thought we were going to do this together.

Ozai: My decision is final.

Azula: You… you can't treat me like this! [Rising.] You can't treat me like Zuko!

Ozai: Azula, silence yourself.

Azula: But it was my idea to burn everything to the ground! I deserve to be by your side!

Ozai: Azula! [She bows her head.] Listen to me. I need you here to watch over the homeland. It's a very important job that I can only entrust to you.

Azula: Really?

Ozai: And for your loyalty, I've decided to declare you the new Fire Lord.

Azula: Fire Lord Azula? It does seem appropriate, but what about you?

Ozai: Fire Lord Ozai is no more. Just as the world will be reborn in fire, I shall be reborn as the supreme ruler of the world. [Three Fire Sages help Ozai put on his new royal garments.] From this moment on, I will be known as… [Raises his arms in the air.] the Phoenix King!

Servants pull up the phoenix emblem behind Ozai. Soldiers raise the phoenix flags beside the Fire Nation flags. Two more soldiers Firebend into the base of the flag pole, causing fire to shoot out at the sides. The crowd bows before their new king. The camera cuts to Ozai and zooms out.

THE REIGN OF PHOENIX KING OZAI HAS JUST BEGUN!

---

Back at the beach we were getting our weapons ready and suddenly there was buzzing and we saw a Beedrill.

Nico: Is that a Beedrill?

Me: It sure is. Go for it man.

Nico fired a blast of lightning at it and weakened it and he threw a Pokeball and caught it. The red light went off and he caught it.

We rested and waited. On the night when Sozin's Comet arrives we got ready.

Me: Okay here's what we're gonna do for our Attack Plan. Ozai is going to attack the Earth Kingdom using the power of Sozin's Comet from a fleet of airships lead by him. Me, Nico, Naruto, Sasuke, Aylene, Taranee, Aang, Shocker, Rhino, Poison Ivy, and Clayface are gonna go destroy Ozai. Sokka. You, Toph, Suki, Lincoln, Laney, Lola, Bai Tza, B.J,, Teresa and Demona will destroy the Fire Nation Airships and send them crashing into the ground. Eion, You and the rest will face Azula and stop her coronation as Fire Lord from happening.

Eion: You got it J.D.

Zuko: Let do it.

Me: Sozin's Comet arrives in 4 hours. Lets move!

We set out for the Final Battle.

Nicole: This is it guys. Sozin's Comet is the Decisive Factor that will decide the fate of the world.

We were on our way. Sozin's Comet then entered the planets atmosphere and it turned into a massive fireball that lit up the night sky with a hellish fiery glow. It looked like another sun as it streaked across the sky.

---

Part 1: Azula

Eion and the others were flying to the Fire Nation capital. They arrived just as Azula was about to become Fire Lord.

Fire Sage: By Decree of Phoenix King Ozai, I now crown you Fire Lord…

But he stopped as they saw Eion and the others.

Zuko: Sorry, but you're not going to become Fire Lord today. (Jumps off Appa) I am.

Azula: (Mocking Laughter) You're hilarious.

Katara: And you're going down!

Francis (to Evil Azula): You know, back when the Meta Breed was still active, Ebon killed people on occasion. But as much as a jerk as he was, he never stooped to murdering whole civilizations of people. I guess that makes him more honorable then your so called father!

Evil Azula: So what? Are you saying that somehow, my father is worse than this Ebon?

Francis: Ebon never made me, Maria, Adam, and Teresa commit mass genocide!

Evil Azula (sarcastically): Of course not. He just made you 4 criminals as well as his accomplices.

Francis: Yeah, well, at least we never tried to bring down an entire Kingdom from the inside!

Eion fired a blast of fire and blew her into the wall with a powerful explosion.

Azula got up.

Eion: I will never forgive you for everything you've done to this world and my father.

Eion spread her wings of fire.

Eion: And no Agni Kai will be needed this time. It's a fight to the death.

Eion fired a huge blast of fire at her and Azula dodged it and fired a powerful blast of blue fire and Eion fired a powerful blast of lightning and it hit by Azula and she flew at her at a blazing speed and she formed a sword of pure fire and slashed Azula in the face it and she screamed in pain. Eion kicked her in the face and punched her in the stomach. Azula backed away and fired a huge blast of lightning and Eion did the same and her blast of lightning overtook Azula's and it hit her and electrocuted her. The lightning blew her back and sent her crashing into the wall.

Ino: Lets get her guys!

Ino concentrated and her power was enhanced because of Sozin's Comet and she did some stances and fired a huge blast of fire at Azula. Azula dodged it and she was laughing maniacally at an insane level.

Nicole: She is completely (Censored) up!

Fu: What a beast!

Sakura: CHERRY BLOSSOM CLASH!

Sakura punched the ground and upheaved it and slammed Azula into the air.

Eion: Lets use our combo Katara!

Katara: Right!

Eion fired a blast of Fire and Katara fired a blast of water.

Eion and Katara: STEAM SMOKESCREEN ASSAULT!

The blasts combined and turned into a smokescreen of steam and Eion and Katara punched and pulverized Azula all over the place.

Hinata: She's within my range. EIGHT TRIGRAMS 512 WATER PALMS!

Hinata jabbed Azula with 512 strikes at Azula and blocked all her Chi Points.

Eion: Father it's combo time!

Zuko: You got it!

Eion and Zuko fired blasts of fire.

Eion and Zuko: FIRESTORM DEATH PHOENIX!

The blasts of fire turned into a powerful phoenix of pure fire and they went at Azula. Azula saw the Phoenix coming and she dodged it.

Jean Gray activated the Phoenix Force and fired huge blasts of fire at Azula. She shielded herself in blue fire and blocked the blasts as Eion kicked her in the back.

Waspinator: Waspinator TERRORIZE!

Waspinator transformed and fired his stinger gun and laser eyes.

The attacks exploded by Azula.

Snake Man: Search Snake!

Snake Man fired snake missiles that went after Azula like heat-seeking missiles and they hit her and exploded. Shego fired blasts of green fire, Fu fired blasts of wind and gold exploding dust, Akiko fired stellar dust, Juri fired water, Yamiko fired bones and Natsumi fired blasts of fire. Karai slashed Azula and Francis fired blasts of fire at her. Inque slammed her ink whip into Azula and Rhino rammed her.

Waspinator: Waspinator use Final Smash! BEEHIVE STING EXPLOSION!

Waspinator fired a barrage of stingers from his gun and they hit by Azula and exploded by her and they blew her into the wall and Katara chained her down.

Shego: My turn! GREEN FIRE STORM FRONT!

Shego fired a tremendous blast of green fire at Azula and burned her face badly.

Azula was badly beaten. She then went ballistic and fired blue fire from her mouth as she screamed in sheer insanity. Azula's reign of terror was completely destroyed before it even began. She had completely lost everything, including her mind and her sanity.

Eion: Now to put this witch out of her misery forever. Normally I don't kill insane people but in this kind of case I'm more than willing to make an exception.

Eion walked up to Azula and she looked at her with pure retributive justice.

Eion: Azula, you have used fear all your life to control people and your heart is as black as the darkness of Hell in its entirety and for that you must answer for your crimes when you meet your maker. I will never forgive you for everything you and Ozai have done. You and your father will never terrorize our world ever again and you will never be welcome here.

Eion fired an enormous blast of fire at Azula and completely incinerated her in an instant. All that was left of Azula was a charred skeleton.

Eion: Go to Hell, Azula and stay there you witch!

Ino: Azula was one screwed up woman.

Sakura: Her own father turned her into a Homicidal Psychopath.

Hinata: She had absolutely no love for anyone other than herself.

Fu: What a monster.

Akiko: No kidding.

Ami: But she deserved it.

Katara: She completely brought all this on herself.

Zuko: My sister died long ago. She was dead to me long before I was even banished.

Azula's spirit appeared and Nicole sealed her into the Book of Vile Darkness.

Nicole: Never terrorize this world again.

Suddenly there was a massive explosion in the sky and they saw Sozin's Comet completely obliterated in an instant.

* * *

Part 2: Ozai.

20 minutes earlier in the Wulong Forest in the Earth Kingdom, we were waiting for Ozai to show up. We saw the fleet of Air Ships show.

Me: There they are.

Nico: Yep.

Sasuke: He will never terrorize this world again.

Me: No he won't.

I go Super Angel 50,000 Phoenix Fire.

Nico went Super Saiyan 4.

Aang sent earth slabs and they slammed into Ozai's air ship and destroyed the Engines and he fired fire at the ship and it came down.

Me: This is it.

Ozai came to us flying with fire as jet thrusters on his feet.

Me: Ozai. We meet again.

Nico: Now you will pay.

Me: But first. Combo time.

Nico: Right.

I charge up a Big Bang Attack and Nico charged up a Big Bang Crash.

Me and Nico: CRASHING BIG BANG ATTACK!

We fired the energy blast at Sozin's Comet and Ozai saw this and he was shocked and enraged.

Ozai: What!? NO! NO! NO!

The energy blast hit Sozin's Comet and exploded with incredible power.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so Powerful and so devastating that it was felt all throughout the planet. The shockwaves from the explosion reverberated down to the planet and shook the very foundation of the planet.

When the smoke cleared, Sozin's Comet had been completely obliterated in an instant and there was nothing left of it.

Ozai was horrified.

Ozai: Do you have any idea what you have just done!? You ruined the Fire Nation!

Me: You don't deserve to be the ruler of anything.

Under the cover of the explosion that obliterated Sozin's Comet, Lincoln, Laney and the others destroyed the rest of the airships and the Beedrill had a hand in doing it. He skewered all of the airships and popped them.

Aang then suddenly went into the Avatar State and he was enveloped in a ball of air and he had rings of Fire, Water and Stones orbit around him in an atomic formation.

Me: Lets get him.

We went at Ozai and he was completely overwhelmed by the sheer magnitude of our skills and powers and he wasn't even getting a chance to fight back. Teresa fired a sonic blast at Ozai and he screamed in pain. Bai Tza fired a blast of water at him and it sent him crashing into the rock pillars. Bowser Jr. was riding his clown car and it had boxing glove fists and punched Ozai everywhere. Laney tied him up in Bramble Vines and slammed him into the rock pillars. Lola fired blasts of fire and Lincoln fired lightning and Earth fired globs of lava at Ozai. Poison Ivy called a bunch of Venus Fly Traps and they chewed him up and spit him out. Demona kicked and punched Ozai all over the place. Sasuke fired blasts of fire and lightning at him and Naruto smashed and slashed him with Rasenshuriken. Clayface pounded Ozai with a mace fist and Shocker fired lightning and Taranee fired fire at him.

Me: Combo time!

I fired a blast of Earth and Aang fired a blast of wind.

Me and Aang: EARTHWIND STARSTORM!

The wind turned the stones into Ninja Stars and they hit the stone pillars and shattered them and nearly buried Ozai.

Nico: My turn! NUOVA STAR!

Nico fired a fireball and Aang fired numerous streams of fire.

Nico and Aang: FIRESTORM DEATH COMET!

The fire streams merged with the fireball and turned into a deadly comet and it hit Ozai and exploded and burned him in a huge explosion. Ozai got up and Aang was completely overwhelming Ozai with the sheer ferocity of the Avatar State's power and he was completely no match against the power of the Avatar. Aang then enveloped Ozai in water and slammed him into a pillar of rock and then he anchored him with rock.

Aang: (Otherworldly Voice) **FIRE LORD OZAI, YOU AND YOUR FOREFATHERS HAVE DEVASTATED THE BALANCE OF THIS WORLD, AND NOW, YOU SHALL PAY THE ULTIMATE PRICE.**

Me: And that price is your life!

Aang sent a spear made of Water, Earth, Fire and Air at Ozai but he cancelled the technique out.

Me: Let us finish this Aang.

Aang: You got it J.D.

Aang flew away and I pinned Ozai down with energy rings.

Me: Lets finish him off Nico.

Nico: You got it.

Me: Ozai, your crimes are completely unforgivable and for the evil crimes and horrible deeds you and your family have done to this world and its people, you will pay the Ultimate Price.

Nico: And we never want to see you here again. Burn in Hell!

Me: (Cups hands to side) KAAAAAAAA! MEEEEEEEE! HAAAAAAAA! MEEEEEEEEE!

Nico: FINAL SHINE ATTACK!

Me: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a red Kamehameha Wave and Nico fired a green energy wave. The blasts combined and they hit Ozai head on and exploded with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ozai was completely obliterated in an instant. When the smoke cleared, the Wulong Forest was now a massive crater in the landscape.

Ozai is now dead.

Me: Go to Hell and stay there Ozai.

Nico: Now Ozai has failed this world.

Me: Yep.

We all regrouped and Nicole sealed Ozai's spirit into the Book of Vile Darkness. In the ruined Fire Nation Capital, everyone from all over the world gathered. Zuko was now being coronated as Fire Lord.

Families were reunited after so much fighting. We recently discovered that Suki has a new form of bending called Shadowbending, a never before seen form of elemental bending that enables her to control the powers of darkness. It's a brand new bending style. Katara and Sokka were reunited with their father Hakoda and he was so proud of everything they have done to save the world from total destruction.

Me: So you are Katara and Sokka's dad?

Hakoda: I sure am J.D. You all saved us from a terrible fate.

Me: We did what we had to do to save everyone. I'm so sorry about what happened to Kya and the Southern Water Tribe. But I think I can return what you lost during that time.

I snapped my fingers and a swirl of water formed and out came Kya, mother of Sokka and Katara fully resurrected.

Kya saw them and it was a joyous reunion. Katara, Sokka and Hakoda were a happy family again.

Zuko came out and we cheered as he came.

Zuko: Please. The real hero is the Avatar.

Aang came out too and I sensed that Aang and Katara had feelings for each other.

Zuko: Today, this war is finally over!

Everyone cheered. After 100 long years, the Great War is finally over.

Zuko: I promised my uncle that I would restore the honor of the Fire

Nation and I will. The road ahead of us is challenging. 100 years of fighting has left the world scarred and divided. But with the Avatar's help, we can get it back on the right path, and begin a new era of love and peace.

Zuko knelt down and the Fire Sage was behind him.

Fire Sage: All hail Fire Lord Zuko!

Zuko was now adorned with a fire crest head decoration and he was now Fire Lord. He had now taken his rightful place as the TRUE Fire Lord.

Me: Congratulations Zuko.

Zuko: Thank you J.D. It was thanks to all of you that you saved all of us and made me realize what I became.

Me: I'm glad we were able to help you all. What Ozai and Azula have done to this world was completely unforgivable and we couldn't let them get away with everything they did.

Zuko: I know.

Afterwards, the road to recovery was a long one. We also brought Ursa, Azula and Zuko's mother back.

I merged both our worlds and counterparts and we left the Simulator and everyone cheered wildly.

* * *

We were resting in the living room and having fun. I was playing Pai Sho with Iroh. I never played it before but it looked interesting. It was very similar to Chinese Checkers. Azula was playing with Nico's new Stunticon Transformers action figures. Zuko and Azula were happily reunited with Ursa.

Sokka was painting a picture.

Sokka: Zuko stop moving! I wanted to do a painting so we'd always remember the good times together.

Katara: That's very thoughtful of you Sokka.

Katara looked at the painting and she noticed something wrong.

Katara: Wait, why did you give me Momo's ears?

Sokka: Those are your hair loopies.

Everyone else came over.

Zuko: At least you don't look like a boar-q-pine! My hair is not that spiky!

Mai: I look like a man.

Suki: And Why did you paint me Firebending?

I looked at the painting.

Me: I think he did a great job and he did do his best.

Lola: So what if he's not a good artist like Laney is. Besides. It's the thought that counts.

Me: Yeah.

Laney: That's true.

Me: We've been through so much on all kinds of adventures.

Aang: We sure have J.D.

Me: I know. But none of your adventures pale in comparison to everything we have done over the last 3 years.

Lynn: No kidding J.D.

Me: We've done it all. And there's still more adventures to come.

William: I hope you don't mind being a member of the Redemption Squad with Azula, Zuko.

Zuko: Of course not. I'm actually looking forward to being in combat on the field again.

Me: That's good Zuko.

Shego: It sure is. (To the Viewers) This was the most action packed adventure we ever had. It was truly a clash of the Elemental Forces of Nature.

Me: It sure was Shego.

Aang and Katara went outside for some fresh air and they hugged and it was Katara's way of saying Thank you for everything Aang. Then we got a surprise when we saw Katara kissing Aang and it was so romantic and we were so happy for them. Zuko and Mai are gonna get married soon and Eion now not only has Bleez as her biological mother but also Mai as well.

Another Fanfiction Complete

Avatar The Last Airbender was the most awesome show ever created by Nickelodeon from February 21st, 2005 to July 19th, 2008 and it was an awesome show! Greg Baldwin took Mako's place as Iroh in season 3 after Mako died in 2006. It was just hard to imagine that the Fire Nation did all those horrible things over the course of 138 years until the beginning of Zuko's Reign and he set the Fire Nation on the right path. Azula was turned into a Homicidal Psychopath because of Ozai and he and Azula did all kinds of horrible crimes to the world which left it forever scarred and it would take decades for the world to recover from the savage and brutal onslaught of the war. But the most horrible crime of all committed during the war was the Genocide of the Air Nomads and that was by far the most evil and most despicable crime of all. Everyone but Avatar Aang was wiped out. Zach Tyler Eisen, Mae Whitman, Jack DeSena, Jessie Flower, Dante Basco, Dee Bradley Baker, Jennie Kwan, Mako, Greg Baldwin, Grey DeLisle, and Mark Hamill all did a great job in the series and it was awesome! NicoChan11 gave me the ideas for this one. Thanks man as usual and I came up with some more ideas. Let me know what you all think.

See you all next time.

Avatar The Last Airbender is owned by Michael Dante DiMartino, Bryan Konietzko and Nickelodeon

# The Corrupt Iron Man Partner

It starts at the estate. We were watching TV, reading books, playing card games and playing board games.

I was showing Avatar Aang how to play Chess.

Aang: Who knew Chess was so much fun?

Me: It's perfect for Strategical Practice.

Aang: True.

Me: Aang I don't know the full history of the Avatar. Can you tell me about it?

Aang: I sure can. The history of the Avatar dates back to 10,000 years before my time.

Me: 10,000 years? That's amazing.

Aang: It is. The first ever Avatar was Avatar Wan.

Before Wan became the first Avatar, he was banished into the Spirit Wilds from the fire lion turtle after he had stolen the ability of firebending. Over the course of the two years following his banishment, Wan befriended the spirits, honed his firebending skills, and decided to travel the world to find the other lion turtle cities. During his journey, Wan encountered Raava, the spirit of light and peace, fighting against Vaatu, the spirit of darkness and chaos. Unaware of Vaatu's identity at the time, Wan was tricked by the dark spirit into separating him from Raava, releasing darkness and chaos into the world. Wishing to fix his mistake, Wan journeyed with Raava in search of other lion turtles for the purpose of gaining the elements of air, water, and earth and learning how to master them. About a year later, during their fight against Vaatu at the time of the Harmonic Convergence, Wan merged permanently with Raava, becoming the first Avatar and gaining the ability to bend all four elements at once. After he sealed away the dark spirit in the Tree of

Time, Wan oversaw the departure of the spirits to their own world and closed the two portals to the Spirit World, so that no human would be able to physically travel there and risk Vaatu's escape. Wan took on the task of being the bridge between the two worlds, maintaining balance and peace. Years later, Raava assured a dying Wan that they would be together throughout all his lifetimes, heralding the beginning of the Avatar Cycle and ensuring the continuation of the Avatar's role as peacekeeper of both worlds.

Me: Wow! So over the millennia the spirits of light and darkness have been fighting and the Avatar's job is to not only maintain the balance of the spirit world and the physical planes but also try to keep the peace.

Aang: That's exactly right.

Me: Wow! And I thought our job as Team Loud Phoenix Storm packed a major responsibility.

Aang: No kidding.

Me: Your job is the biggest one of them all. Even bigger than becoming the Hokage or the President.

Aang: That's right.

Lincoln: But what is the Avatar Cycle?

Me: It's the order in which an Avatar is chosen. The cycle of the Avatar goes through a bender of one of the 4 elements. Water, Earth, Fire and Air. The Avatar doesn't get chosen from Generation to Generation, it has to go through reincarnation. Aang is the Avatar of Airbending and the next Avatar is a Waterbender.

Lincoln: Oh I get it.

Laney: But why would Fire Lord Sozin kill all the Air Nomads?

Me: He wanted to destroy the Avatar Cycle so he can rule the world in the name of the Fire Nation uncontested. But Aang was in a period of hibernation for 100 years.

Lincoln: That tyrant!

Lisa: Indeed. He killed the Air Nomads all for nothing.

Me: And now look where they are. Sozin and Azulon are now in the fires of Hell and two Ozai's have different fates. One is in the fire of Hell and another is in the Neptune Prison for all eternity, stripped of his Firebending.

Aang: I know.

Azula: I still can't believe that my father was that evil.

Me: No kidding.

Aang: I also made arrangements to visit Ozai.

Me: I can go with you if you would like Aang.

Aang: Thanks J.D. I have a feeling he doesn't know what planet he's on.

Me: Me too Aang. He's not on Earth, he's on Neptune.

Me, Lucy and Aang went to the Neptune Prison.

## NEPTUNE PRISON FOR TRAITORS

Me, Lucy and Aang were walking down the halls of the Neptune Prison.

Aang: So this is the Neptune Prison.

Me: Yep. We're 2.7 billion miles away from home and it's the smallest of the 4 Gas Giant Planets.

Aang: Neptune's clouds are beautiful. You can see them from the cells. They go on forever.

Me: Neptune is 30,599 miles in Diameter and it also has the fastest winds ever recorded in the Solar System. In 1989 the Voyager 2 Satellite discovered Neptune's clouds moving at incredible speeds. The winds here on Neptune move at 1,300 miles per hour.

Aang: Wow! That's incredible speed!

Me: It sure is.

Aang: Why is Lucy with us?

Me: You'll see.

Lucy: I have a special surprise in store for Ozai.

We arrived at Ozai's cell and I used the Hand Scan system and the door opened.

We went into the room and we saw Ozai sitting on the floor.

Ozai (sees Aang carrying tea): There better be some noodles with that tea.

Aang: I learned from Lisa that human beings can go almost three weeks without food. So I'd sound a little bit more grateful if I were you. (slips the tea into Ozai's cell)

Ozai: Well, you wouldn't do that to me, Aang. After all, you're the hero. Or did you forget that? Too busy leading your wonderful life? By the way, how are things between your and that Water Tribe peasant?

Aang: So you're not gonna have that tea?

Ozai: You and your friends may have destroyed Sozin's Comet and ended my rule over the Fire Nation. But I will get out of here and I will destroy your life, Avatar, one way or the other.

Aang: No, you won't. You're never getting out of here. And you're never gonna hurt anybody ever again. I have everything back that you took from me. I have everything that your minions took. I'm finally free. I'm home.

Ozai: This isn't your home, Aang. This is a mirage. A fiction that will end us both, unless you let me the heck out of this thing! [pounds wall]

Aang: Wow. You're really not listening, Ozai. Why would I want to let you out of here? I have my tribe back now. And now I have a group of friends to back me up on my Avatar duties.

Ozai: Yeah, you really like that, do you? Well, while you hide behind your friends like a lost, lonely little boy, letting someone else risk their life, our common enemy is coming for us both.

Aang: What common enemy is that?

Ozai: Time. It's already screwing with you and everyone you love. And pretty soon, it's gonna take me right down along with you.

Aang: You know, you've got some nerve. I'll give you that. [sighs] Warning me about messing with other people's lives. You know the whole reason I did this is because of what you did to my life. To everybody's lives. To my tribe.

Ozai: Yeah, well, one day, soon, Aang, you'll be begging me to kill them again.

Me: Don't count on it Ozai and another thing, you know what prison you're at?

Ozai: I'm in a prison on Earth.

Me: (Buzzer Noise) No you aren't. You're actually in a prison cell in the clouds of the planet Neptune. You're 2.7 billion miles from home. Look.

I use my powers to open a window in the wall behind me and Ozai saw that I was right because of the vast ocean of blue clouds and how the Sun looked so far away from there. Lightning was flashing and striking all over the clouds and it made the clouds look like a nightmare.

Ozai was horrified.

Me: That's why you are never getting out of here. You're trapped above the clouds of Neptune and if you get out of here you will fall to your death and be obliterated by the winds in the clouds.

Lucy: And you will face what you fear the most Ozai.

Lucy revealed her evil red demon eyes and when Ozai saw them he was so scared out of his mind that it looked like he had been to the very darkness of Hell and was tortured there for 600,000 years. Which is 1 hour in Earth Time.

Me: Nice job Lucy.

Lucy: Thanks big brother.

Aang: Are you Lucy's brother?

Me: Not by blood. But our bond is so strong that she calls me another brother.

Aang: That's a great bond.

We went back home.

Ozai was so damaged psychologically by the sight of Lucy that he had to be put in a straitjacket and chained up.

---

Back at the estate Azula and Eion were practicing their Firebending moves in the training yard. Ben used Alien X to give Azula back her Firebending.

Eion: I always wondered how strong your Firebending Skills were when you were doing them aunt Azula.

Azula: They were strong when I was practicing them.

Eion: I can see that.

Nico: Hey Azula we're heading to the Junkyard to get some stuff for Lana and Lisa.

Azula: Coming Nico!

Azula went there.

---

In a local junkyard, Nico, Sasuke and Stewie were looking for parts and stuff for Lisa and Lana.

Nico: Hey look at this!

They went to a car and there was a familiar symbol that Nico knows on it. And there was a Butterfree and Pidgeot flying over it.

Nico (sees the Autobot symbol on the strange police car): Guys, we need to call the others right away.

Sasuke: Why?

Nico: Because we just found an Autobot.

Stewie: I was wondering when we'd find one of them.

Azula: Don't forget the Butterfree and Pidgeot hanging around here.

Nico: I'll take care of that.

Nico threw 2 Pokeballs and he caught them

Stewie: Good going man.

Nico: Thanks.

Nico pulled out his cell phone and called me. We arrived and saw what Nico saw.

Me: It sure is an Autobot all right. Lets get it back to Lisa's Lab.

We did so and Lisa did some repairs and Prowl woke up and transformed.

Me: Who are you?

Prowl: I'm Prowl. It is an honor to meet you, J.D.

Me: You too Prowl. We found you in the Junkyard and fixed you up.

Prowl: Thank you J.D.

Me: You're welcome. What was your job in the Autobots?

Prowl: I am the strategist of the Autobots.

Me: Neat. How did you get there Prowl?

Prowl told us that when the Autobot Ark crash landed many years ago after it was shot down by the Decepticon flagship the Nemesis, the Autobots were put into a state of suspended animation until a certain year. They had the Decepticons on the Ark. Prowl took us to where the Ark was located and we saw it and it was in a dormant volcano. It was an amazing ship. We brought it to the estate and built a huge garage for it. We did some major repairs on it. We also saw Optimus Prime and the Autobots.

Me: Optimus Prime.

Optimus Primal: That's him J.D.

Me: Are the Maximals and Autobots related somehow?

Optimus Primal: Yes. The Maximals are the descendants of the Autobots and the Predacons are the descendants of the Deceptions.

Me: Quite an ancestry. How long did the Great War with the Autobots and Decepticons rage on?

Optimus Primal: It raged on for thousands of years and the Autobots and Decepticons were supposed to reawaken back in 1984.

Me: 35 years overdue.

Optimus Primal: Yes.

We went into the cargo hold and we saw Megatron and the Decepticons.

Me: So these are the Decepticons and the Megatron we killed was the Predacon version of this Megatron.

Optimus Primal: That's right.

Me: When we wake them up we can blast them into oblivion and save some of the Decepticons from themselves.

Optimus Primal: Good idea. We can't let the Great War start again back here.

We saw another Decepticon.

Me: Starscream. The most notorious traitor of them all.

Optimus Primal: Yes. He is a major problem and the files on him were classified by the Maximal Elders.

Me: He sounds like he's bad news to the core.

Optimus Primal: Yes he is.

The alarm then went off.

Me: Uh oh!

We went to the computer. We saw that Tony Stark's old business partner Obadiah Stane A.K.A. Iron Monger was causing trouble.

Me: Obadiah Stane A.K.A. Iron Monger?

Iron Man: He's one of my business partners at Stark Industries.

Me: And I'm willing to bet that he's the one that poisoned you.

Iron Man: I have a feeling you're right J.D.

Me: He tried to kill one of the greatest entrepreneurs on the planet and for that he doesn't deserve to be on this planet anymore. He's going to prison.

Prowl: Let me help out J.D.

Me: Okay Prowl. Lets go!

We went to Stark Industries.

---

We busted in and went up the stairs and headed straight to his office.

Tony: Ok. I'm going to use the elevator to confront Stane alone. Once he does the whole villain monologue thing, that's where you guys come in.

Me: Okay Tony.

Tony went into the elevator and he went up to his office.

Stane: Ah, Tony. I see you and your friends managed to take down my Pidgeot.

Tony: It wasn't really a challenge. How could you do this to me and the world, Stane?

Stane: Tony, you still don't know how this world works. It's not what I'm doing to this world. It's what I'm doing for it. Sure, Team Loud Phoenix Storm and those other heroes are powerful. But what happens if they eventually fall in battle? Weapons, Tony! People used them in wars before. And now, if the world truly wants to survive, people need weapons shipped to them now!

Tony: Ok, I know you're part of the Legion of Doom. So why give me that bogus speech?

Stane: Because I want you to understand. And… I needed a little more time to get my armor fully online.

Suddenly a fiery explosion blasted a hole in the roof.

Me: Obadiah Stane, you're under arrest!

Stane: For what?

Me: Attempted murder of Tony Stark. You tried to poison him with a lethal poison that would've killed him in 30 days.

Stane: I did it to get sole possession of his company!

Me: You're a monster Stane.

Sasuke: You have no conscience.

Yolei: You deserve to be in prison for life!

Then he turned into IRON MONGER!

Me: Wow! He's huge!

Tony: Seriously, Stane? That's just a rip off of my armors.

Stane: But this one has something your armors never had.

Sora (spots the power source on the armor): Xehanort's Residual darkness!

Stane: That's right. And with its' power, I'm going tear you all apart!

Prowl: Normally, I don't hurt humans. But in this case, I'll make an exception. (fires acid pellet gun at Iron Monger)

It burned his suit and dissolved his left arm off.

Edd fired blasts of energy at him and they exploded.

Iron Monger (shoots missile at Iron Boy): It's amusing how you modeled your armor like Tony's. What are you, Iron Man Jr.?

Edd: Close. I'm Iron Boy.

He punched Iron Monger.

Stane: Congratulations. You all managed to save a bunch of civilians. Big deal. As long as I have this armor on, I'm basically invincible.

Double D/Iron Boy: Really? Doesn't seem like much of an armor if it gets all its power from darkness.

Stane (angry): You really are like Tony Stark, aren't you?! Do you have even the slightest idea what complicated engineering is required for it successfully derive energy from the power of darkenss Do you? DO YOU?

Double D/Iron Boy: Meh.

Stane: I'LL KILL YOU!

Nico: Obadiah Stane, you have failed this city!

Stane: Not as much as you're going to.

Nico fired a purple energy laser from his right hand and at him it hit Iron Monger and blew his left leg off.

Me: Megatron's laser?

Nico: Yep.

Yolei: Get him Aquilamon!

Aquilamon: (Echoing) BLAST RINGS!

Aquilamon fired an energy laser with rings and Bumblebee fired her B Blasters.

Aquilamon and Bumblebee: BIRD-BEE LASER!

The blasts combined and hit Iron Monger.

Prowl: Lets get him Sasuke!

Sasuke: Right! CHIDORI SENBON!

Sasuke fired a shower of lightning needles and Prowl fired a laser gun.

Prowl and Sasuke: LIGHTNING LASER SAWBLADE!

The lightning needles combined with Prowl's laser and turned into a deadly energy saw blade. It hit Iron Monger and cut his other arm off.

Iron Man: Final Smash time! REPULSER DEATH RAY!

He fired a huge repulser ray and it blew part of Iron Monger's chest apart.

Edd: My turn! REPULSER DEATH BEAM!

Edd fired a blast from his eyes and burned the rest of Iron Monger's hand off.

Nico: Now to make sure that your suit never hurts anyone.

Nico went Super Saiyan 4 and he punched the Suit with devastating force and shattered it into a million pieces of metal. Stane was shaking in fear.

Stane: Looks like I'm unarmed and at your mercy. So tell me, Tony. Do you intend to take me alive or end this here and now?

I slapped the cuffs on him and he was under arrest.

Me: You're going to one of our space prisons for the rest of your life.

Prowl: J.D., being a hero isn't just about strength. It's about strength of character and showing respect. Even for your enemies.

Me: That's true Prowl. I already knew about that for a long time.

Prowl: Oh.

Iron Man: (To the Viewers) Remember this folks, Crime Doesn't Pay and never will.

Me: No it won't.

We saw Stan Lee and he was cleaning up our mess.

Stan Lee: You sure socked it to him guys.

Me: You are really full of surprises Stan. How many jobs do you

have?

Stan Lee: Many jobs all over.

Me: I believe it.

We laugh.

Stane was sentenced to 18 life sentences without parole in the Jupiter Prison. All his assets worth over $900,000,000,000.00 were seized and given to Tony Stark and Stark Industries was back in Tony's possession.

See you all next time.

# War of The Transformers

It starts in Antarctica. Katara and Sokka were showing me and Nico what was left of the Southern Water Tribe. After the surprise attack by the Fire Nation's Southern Raiders that killed or imprisoned the Southern Water Tribe's Waterbenders, it was reduced to almost nothing and a small village is all that stands in its place.

Me: My gosh. This used to be a great part of the Water Tribe.

Katara: I know. The Fire Nation almost destroyed our land during the war back then.

Me: That is just awful.

Nico: No kidding.

Sokka: Yeah. It's something that will forever scar our lives.

Me: I know. War is a terrible thing. All it does is cause nothing but death and destruction because of one or more people that want to do whatever they want.

Katara: You're right J.D.

Me: But now that we have an alliance, we'll do everything we can to make sure that everything and everyone is protected and the Air Nomads and Southern Water Tribe Restoration Projects are now in full swing.

Katara: They sure are.

Katara placed her hand on her stomach and that meant that she was pregnant with Aang's child. I was happy for her.

Me: I'm so happy for you and Aang, Katara.

Katara: Thanks J.D.

Me: You're welcome Katara.

I see something shining in the ice outside the village. I fly over and dig it out and it was a pentagon-shape slab with a M crest on it. There was three of them.

Me: What's this?

I touched the slab and then it glowed a blinding light and the slabs turned into 3 robots the same height as me. They were mini-Transformers called Minicons. I saw them and I was both shocked and amazed.

Me: Wow! Minicons!

Nico: I know this race all too well from Cybertron.

Katara: What are they?

Me: They are an ancient race of Transformers from Cybertron that enhance the powers and skills of the Transformers.

Katara: So they're part of Optimus Prime's group.

Me: In a way yes. But the Decepticons want to use them to destroy us.

Nico: Yeah.

Sonar: That's right. I am Sonar.

Runway: I am Runway.

Jetstorm: And I am Jetstorm.

Me: It's a pleasure to meet you all. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Nico: I'm Nicolas Chan, a Saiyan raised on planet Earth.

Katara: I am Katara.

Sonar: It's a pleasure. We are the Air Defense Force.

Me: Wow!

Nico: This is amazing. (Sees something) And look.

We saw a rat Pokemon, Ratticate, frozen in ice.

Nico: It's a Ratticate.

Nico sent out Arcanine and had it fire a blast of fire and thawed it out and he threw a pokeball and caught it.

Black soot then rained down.

Me: Uh oh. I know what's coming.

We turned and saw some Fire Nation Ships coming. But on the flag of the ships had a symbol that was very familiar to Katara.

Katara: Those are the ships that attacked us!

Me: Lets get them!

Sonar: Wait J.D. Let us help you.

Sonar then turned into a VentureStar Ship, an experimental space shuttle that was canceled a long time ago, Runway turned into a Boeing Sonic Cruiser and Jetstorm turned into a Concorde Jet and Sonar turned into a hilt of some kind and it went into my hand and Runway and Jetstorm attached together and attached to the hilt and I got a surprise when they formed into a glowing neon blue energy blade.

Me: Wow! (Gasp) I know this sword! It's the Star Saber! One of the most powerful weapons in all of existence from Cybertron!

Katara: That's amazing!

Me: It sure is. Lets see what it can do.

We went at the Southern Raiders and I slashed one of them in half right down the middle and killed him instantly.

Me: Wow! This sword is a blade of pure energy!

Katara: It sure is. But that's not all it did to that Firebender. Look!

Katara showed me something incredible. The Star Saber cut a huge gash that cut through the ocean. A huge gash was cut through the water and it was filling back up.

Me: Unbelievable! The Star Saber's power is immense! If the Star Saber can do this to one Firebender and to the ocean then there's no telling what it can do to a whole city if it packs this kind of power.

I slashed 2 more Firebenders and the power from the Star Saber caused a powerful wave of water to form and it has the power to form Tsunamis.

Me: Wow! The Star Saber's power is unbelievable!

Katara: It sure is.

The last Firebender looked at me in pure unadulterated fear.

I looked at him with sheer justice.

Azula: You are a coward.

Azula used her Firebending and incinerated the Firebender with ease.

Me: Thanks Azula.

Azula: You're welcome J.D.

Me: Apparently they didn't get the memo from Zuko about the war ending.

Azula: No he didn't.

Me: Yeah.

Lincoln then called me on my cell phone.

Me: J.D. here.

Lincoln: J.D. we have a huge problem here! The Autobots woke up and they said that Megatron and the Decepticons escaped!

Me: What!? We're on our way!

We went back to the estate and we saw that Lincoln was right. On the floor there was a note and it was a list of all the locations where all the Decepticons and their lackeys and minions were at.

Me: Looks like we got a lot of work to do.

We decided to get some help. We went to the cell of Kitten and we saw that she was sad.

Maria: Hey, Kitten. Sorry we haven't visited you in a long time.

Kitten: Yeah.

Robin: Kitten, what's the real reason that you didn't fight us when we took down your father? Because I know that Silkie isn't the only reason.

Kitten (sadly): Well, it all started when Fang dumped me after the Brotherhood of Evil fiasco. FYI, he still holds a grudge against Jericho and Speedy.

Me: That's not good. Also we need your help.

Kitten: I want to redeem myself!

Me: That's what we like to hear.

I unlocked the cell and she was freed.

Me: Lets go guys. Optimus Prime and the Autobots are on the planet Jakku.

Lincoln: Jakku from Star Wars VII?

Me: That's the one. And without a doubt Megatron will have the Unversed and the Heartless with him.

Prowl: Lets go.

We were gonna travel all over the galaxy. Our mission is to find the Decepticons and destroy them or bring them to trial on Cybertron.

And if some of them are good we help them realize the error of their ways.

---

Jakku - Wheelmaster Unversed

---

We were on the desert planet Jakku. It was a vast desert planet and all over the surface of the planet were the ruins of the ships and vehicles of the Empire.

Me: Wow! So this is the planet Jakku.

Lola: This is the planet Jakku? It looks more like a desert and a junkyard.

Me: It is. After the fall of the Empire all the ships of the empire were dumped her and abandoned to rot.

Laney: Some of these ships really have bitten the dust.

Lana: Some of them look like they can be rebuilt with the right materials and repair methods.

Sonar: They sure can Lana.

Jetstorm: Lana is very knowledgeable in her repair business.

Me: When it comes to stuff like this she knows all.

We then came across the village of Rei and her people.

Me: It's Rei's village.

Lincoln: It's right in front of a down Star Destroyer

Runway: Boy they really destroyed all these ships. I wonder why.

Me: After Nicole killed Emperor Palpatine they decided to destroy all traces of the ships of the Empire by leaving them here to rot.

Lori: That's good because these ships literally aren't welcome in the stars.

Nicole: You said it Lori.

Roxanne: I literally agree with you mommy.

Just then someone came out. She tried to hit us with a staff.

Me: Whoa!

I grab the staff.

Me: Wait! We mean you no harm!

?: (British Accent) Who are you all?

Me: We are Team Loud Phoenix Storm.

Rei: You're the immortal Jedi, J.D. Knudson. You are well known all over the galaxy. I'm Rei.

Me: It's a pleasure to meet you Rei.

We introduced ourselves to her.

Rei: It's a pleasure to meet you all.

Riley: Same here Rei.

Rei: I'm an orphaned girl that was left here because my father was killed in a raid.

Lori: That's awful Rei.

Laney: We're sorry that happened to you.

Lana: Yeah.

Lisa: This planets living conditions are not suitable for someone like you if you've lived here all your life.

Me: I agree. Rei, after we're done with our mission how would you like to come live with us on Earth?

Rei: I would be honored J.D.

Me: Okay.

Suddenly we saw a Wheel Master Unversed.

Aqua: A Wheel Master Unversed.

Me: He sure is ugly.

?: Let me help out.

We saw a Dune Buggy come and it transformed. It was Sandstorm, the Autobot Scout.

Prowl: Sandstorm! Boy am I glad to see you!

Sandstorm: Prowl! Thank goodness you're all right. We thought you were dead.

Prowl: I have some fight left in me.

Sandstorm: Lets get this creep.

Me: Carol, Laney, Blackarachnia, Sora, Nico, Lincoln, Lola, go get him!

Lola: You got it!

Lincoln: Lets go!

Blackarachnia: Blackarachnia TERRORIZE!

She turned into her Robot Form.

They went at the Unversed and Carol fired a blast of Godzilla's Atomic Ray at it and it hit it and exploded. Lincoln and Sora fired a huge blast of lightning and electrocuted it.

Lola and Nico fired blasts of fire and burned it.

Laney tied down the Wheel Master with bramble vines.

Nico: Lets use our combo Sandstorm!

Sandstorm: You got it Nico!

Sandstorm fired a blast of energy and Nico used his wind to fire a blast of sand.

Nico and Sandstorm: DESERT HURRICANE SHREDSTORM!

The blasts combined and shredded the Wheel Master to pieces.

Aqua: That did it!

Sandstorm: Awesome job Nico!

Nico: Thanks Sandstorm.

Sandstorm: You're welcome.

Blackarachnia: That was quite satisfying.

Sandstorm: Whoa! What a boost of strength.

Me: Now that you're with us you get a boost in power every time you kill a bad guy.

Sandstorm: I like it.

Me: Lets keep going.

Inside Monstro - Parasite Cage Heartless

---

We were now inside the mouth of the biggest whale ever to terrorize the ocean: MONSTRO! Monstro is a hybrid of a Blue Whale and a Sperm Whale and he is known to swallow whole ships alive.

Sora: OH, C'MON! NOT THIS PLACE AGAIN!

Me: You've been here before Sora?

Sora: I sure have and it was not pleasant.

Me: I can believe it. UCH! This place is disgusting!

Lola: No kidding! It smells like Tuna Vomit in here!

Lana: I'll say. (Inhales) Ah. That is an awesome smell.

Sandstorm: Lana sure is a silly girl.

Me: You get used to it Sandstorm. You should see what happens when she rolls around in raw sewage.

Prowl: I don't think I want to find that one out.

Riku: Hey look at that!

We saw an old fishing boat.

Sora: That's Gepetto's boat.

Me: You know Gepetto from Pinocchio?

Goofy: We sure do J.D. Jiminy Cricket is one of our friends.

Me: Cool. Then if he's here then I have a strong feeling that we'll encounter some Heartless here as well. I sense some of Xehanort's residual darkness here.

Riku: I have that strong feeling as well.

We go onto the boat and we saw Gepetto and Pinocchio.

Me: Are you Gepetto and Pinocchio?

Gepetto: (Italian Accent) Yes we are.

Sora: Its been a while.

Sora and his friends were reunited with them.

Pinocchio: It's great to see you all!

Kairi: Same here Pinocchio.

Sora: How have you all been?

Gepetto: Other than the fact that we're trapped in Monstro again, we've been doing great.

Jiminy: But we're hungry here and we can't wait any longer for Monstro to open his mouth.

Me: Maybe we can help out. We just have to go down into Monstro and give him the biggest case of indigestion ever known. He'll be so sick that he'll throw up big time.

Gepetto: Go do it J.D.

Riku: Gepetto, I'm very sorry about kidnapping your son. Maleficent manipulated me into doing it. You can forgive me if you want to. But right now, we have to get out of here!

Me: That's right.

Gepetto: I knew that you weren't thinking straight Riku. I forgive you.

Pinocchio: And there's something else here. (Points to something) Over there.

We turned and saw a speedboat with a rocket launcher.

Sandstorm: Oh great. Thunderblast is here.

Me: That speedboat is a Transformer?

Prowl: She's a Decepticon named Thunderblast.

Thunderblast: That's right Prowl. TRANSFORM!

She transformed and she was ready.

Nico: Wait a second. If Thunderblast is here then that means Lori is here too.

Lori L.: I'm right here Nico.

Nico: No Lori, it's another Lori. I met her at school and her name is Lori Jimenez. From what I remember she has a really nasty history with Thunderblast. She treats Lori like a idiot and they were going at each others throats for a while.

Me: That is a nasty rivalry. Lori Jimenez started coming to our school 3 days ago. But we can't have this fight going on during our mission. Sonar, Runway, Jetstorm!

They became the Star Saber.

Prowl: Where did you find the Star Saber. J.D.?

Me: I found it down in Antarctica when Katara and Sokka were showing me around what was left of their village.

I had the blade of energy pointed at Thunderblast.

Me: Now you listen to me Thunderblast, this rivalry with you and Lori has gone on long enough. Can't you two just get along and be friends?

Thunderblast knew that I was right and she realized that fighting like that is absolutely pointless.

Thunderblast: You're right J.D. But we got to get Lori back. She went down there.

Thunderblast pointed to an opening.

Me: She went down into the belly of the beast.

Nico: That's a really bad idea.

Me: No kidding. Lets go. Thunderblast you better come too.

Thunderblast: Okay.

She transformed back into a speedboat and we went down the gullet. It was really starting to turn into the inside story of Monstro the Ship-Devourer.

Me: This is so disgusting.

Lisa: I think this is all a very fascinating scientific study.

Lola: For you maybe but this is so disgusting!

?: Tell me about it.

We saw a green and yellow car pull up.

Prowl: Springer!

Sandstorm: Boy are we glad to see you.

Springer: Same here guys. Prowl we all thought you were dead.

Prowl: No I wasn't. I was found by J.D. and his friends and they fixed me up and brought the Ark back to their estate.

Me: That's right. We are Team Loud Phoenix Storm and we're gonna make sure that Megatron and some of his Decepticon lackeys pay for everything they have done.

Irma: That's right. We can't let Megatron get away with everything he has done.

Me: Yeah.

Springer: I'll gladly help you all.

Me: Thanks Springer.

A scream was heard.

Thunderblast: That's Lori.

Me: (Points somewhere) It came from down there! Come on!

We rushed down a tube and we saw Lori surrounded by Soldier Heartless.

Sora: Soldier Heartless.

Thunderblast: Hold on Lori!

Lori L.: Let me handle this!

Lori called out her Wind Keyblade and she spread her wings and swooped in and slashed the Soldier Heartless to pieces and killed them.

We got an incredible power boost from it.

Me: Wow!

Lori J.: Lori, thank you for saving me.

Lori L.: It was literally no problem.

Thunderblast: That was awesome.

Lori L.: Thanks.

Lori J.: What is Thunderblast doing this far in this beast?

Me: I persuaded her and we're gonna give Monstro a nasty case of indigestion.

Lola: How did you get here Lori?

Lori J.: Me and Springer were chasing Thunderblast throughout the sea and then Monstro jumped out and swallowed us. We met Gepetto and Pinocchio.

Springer: Yeah. We were swallowed.

Me: They don't call Monstro the Ship-Devouring Whale for nothing.

Lori J.: Good point.

May: Yeah.

Me: I know how we can give Monstro the biggest case of indigestion ever. Lets go.

Three more Minicons came and they were Jolt, Reverb and Six-Speed.

We went down to the stomach and we saw a Parasite Cage Heartless.

Sora: A Parasite Cage Heartless!

Polar Claw: Lets get him. Polar Claw MAXIMIZE!

Polar Claw transformed and he was ready.

Me: Lori, Kairi, Lincoln, Lynn, Elena, Riku, Maria, Go get him.

Lori L.: With pleasure.

Springer: Springer TRANSFORM!

Springer transformed and they went at the Parasite Cage. They slashed and blasted it.

Lori L.: Lets get him Springer!

Springer: You got it Lori!

Springer fired an energy blast and Lori L. fired a blast of wind.

Lori L. and Springer: LIGHT WIND DESTROYER!

The blasts combined and turned into a blast of energy wind and it obliterated the Parasite Cage.

Me: Now to give this beast some major league heartburn.

I fired a huge blast of energy and we felt a huge rumble. We got out of the stomach and Monstro opened his mouth and he lost his lost. We were thrown up.

Me: Not one word about this.

Ben became Alien X and used his powers to clean us off. Laney used her abilities and tamed Monstro and she got him to cough up the ships he swallowed.

---

Velocitron - Starscream, Dirge, Ramjet, Thrust, Heartless Skywarp, and Heartless Thundercracker

---

We were on the speed planet Velocitron and it was an enormous racing planet.

Me: Wow! So this is the planet Velocitron.

Lori J.: Yep. It's where we won the Speed Planet Trophy for the Velocitron Cyber Planet Key.

Lincoln: That is so cool!

Luna: It sure is dude.

We walked the streets and up ahead we saw the rest of the Autobots driving the streets.

Me: There they are!

Optimus: Any sign of Prowl yet, Jazz?

Jazz: Not a thing, Prime. Man, if only we knew where he was!

Ironhide: I'm more concerned about the fact that those Decepticons might attack us while Prowl's gone!

Bumblebee: Don't talk like that, Ironhide! You sound like you don't want him back.

Prowl: Hey guys!

They saw us.

Bumblebee (TF): Prowl!

They were reunited with Prowl.

Optimus Prime: (to us) Thank you all so much for keeping Prowl safe.

Me: You're welcome Optimus.

?: Too bad you all are going to die!

We saw Starscream, Dirge, Thrust, Ramjet, Thundercracker and Skywarp.

Me: Starscream, Dirge, Thrust, Ramjet, Thundercracker and Skywarp!

Nico: Oh man!

Jetfire: (Australian Accent) This is not gonna be good mates.

Metroplex: (Scottish Accent) Not at all wee lads.

The Autobots all transformed.

Me: Link up guys!

Sonar, Runway and Jetstorm turned into the Star Saber.

Starscream: How did you get the Star Saber!?

Me: From a place called None of Your Business you traitor!

Nico: Starscream is the most notorious traitor of them all.

Lincoln: I hate that guy!

Me: Me too Lincoln. Lets get them!

Thundercracker and Skywarp then punched Dirge, Thrust, Ramjet and Thrust in their faces and they betrayed them and joined us.

Starscream: WHAT DO YOU THING YOU'RE DOING!

Skywarp: Something that should've been done a long time ago Starscream!

Thundercracker: We've had it with you and your treachery. We're joining the Autobots now!

Me: This is a surprising turn of events.

Carol: It sure is.

Then 2 balls of darkness appeared and it was a Heartless Thundercracker and a Heartless Skywarp.

Me: Oh man!

Nico: Things are getting a whole lot weirder.

Me: Lets go!

We went at them and it was a powerful and brutal fight. Carol fired King Ghidorah's Gravity Lightning at Dirge and blew his left arm to pieces.

Dirge: So it seems that you Autobots have finally snapped! Well, you can't kill what you can't catch! (flies above us and shoots missiles)

We dodged them and I fired a laser blast that blew his cannons off.

Carol: Combo time!

Thundercracker: Right!

Thundercracker fired a powerful laser cannon and Carol fired a powerful Atomic Ray blast.

Carol and Thundercracker: ATOMIC LASER DEATH RAY!

The blasts combined and turned into a deadly laser and it completely obliterated Dirge instantly.

Sora, Kairi and Riku obliterated the Heartless Thundercracker with their combo called LIGHT HEART BLAST and Donald, Goofy and Mickey destroyed the Heartless Skywarp with a combo called LIGHT KEY DEATHRAY. Thrust was badly injured by Lisa and Skywarps combo: TELEPORTING LASER STORM.

Bluestreak: You are a worthy opponent Thrust. But it's too bad it has to end like this for you

Bluestreak kept trying to shoot Thrust through the head only for him to hit his other body parts.

Thrust: You know what?! I'll just do it myself! (Shoots himself through the head)

Now it was just me and Starscream.

Me: Starscream you will now pay for the entirety of your crimes.

Starscream: We'll see.

Skywarp: Any last words, Screamer?

Starscream: I hate you all. So much.

Nico: (aura flares up) Thanks for the power boost. But the fight's already over.

I slashed Starscream in half with the Star Saber and then he exploded all over the place with incredible power.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM

Me: Go to Hell, Starscream.

Starscream's spirit appeared.

Thundercracker (to Starscream's spirit): Me and Skywarp are giving you a five-minute head start, Starscream.

Starscream: Really?

Skywarp (smirks): Minutes, seconds. You know how bad we can be at math.

Nicole: Make that right now. (Chants an incantation) ALDRUON ENLENTHRANEL VOSOLEN LIRUS-NOR!

Starscream was sucked into the Book of Vile Darkness.

Me: Never again Starscream. Your treachery will never be tolerated and Megatron will meet his death at my hands.

Override: Never again.

Me: Yep. Starscream was the biggest and most honorless slimeball of them all.

---

We destroyed several Heartless and Unversed. We went all over the universe and saw many planets that were part of the Transformers Universe. It was amazing. We were now on the planet Cybertron.

Me: Wow! So this is the planet Cybertron. It's incredible.

Optimus Prime: Yes. This is the planet Cybertron. Our home and the planet we live on.

Me: We sure destroyed a lot of Decepticons.

Nico: We also have the Constructicons with us.

* * *

Nico (to Scrapper): Scrapper, if you and the Constructicons decide to help us, then you'll have to help us in killing half of your former teammates. Are you ok with that?

Scrapper: We want to get Rumble on our side. The rest can burn in Hell. Especially Megatron. We hated him before but last week was the final straw.

Scavenger: Yeah! You see, just last week, we asked him if he'd give us notes on our comic-strip idea. And you know what he said to us?

Flashback within a Flashback

The Constructicons were smiling as they showed Megatron a picture of a horse titled, "Doofus Mcgoof Business Horse"

Megatron: That drawing's terrible. You 6 should go back to art school. (leaves as the Constructicon's eyes started twitching)

End of flashback within a flashback…

Scrapper: WE SHOULD GO BACK TO ART SCHOOL?!

Mixmaster: REVENGE WILL BE OURS! (all of them laugh maniacally)

FLASHBACK ENDS

Me: What a jerk.

Nico: No kidding.

Lincoln: Not only that but Soundwave deserved it.

FLASHBACK 2

Breakdown (to Slingshot): You know what, flyboy? THAT TEARS IT!

Slingshot (gets scared): Huh?

Breakdown: If our lives don't mean anything to you Autobots anymore, then I'm not holding back either! DO YOU HEAR ME, SCRAPHEAP?! YOU'RE NOT GONNA GUT ME LIKE A WILD ANIMAL!

We were blasting many Decepticons and blowing some of them away with all kinds of combos and more.

Frenzy: I… I don't get what you're all doing! This ain't how things are! This ain't how they're supposed to happen! We usually fight, you Autobots usually win, we usually get away, we usually plan our next move, and it starts all over again! Why are you all doing this?! Why are you all breaking the rules?!

Me: Sometime rules were meant to be broken!

I blasted him apart.

FLASHBACK 2 ENDS

Me: We really blew them away.

Carol: No kidding.

Rampage: Yeah but I'm glad my former teammates deserve it.

Me: Same here Rampage.

Rampage: After this is over lets join the Redemption Squad and form a Land, Sea and Air team.

William: Good idea Rampage. I was just about to suggest that for us.

Me: Same here William. But it was sure funny how Shrapnel acted like Waspinator when he got hit.

FLASHBACK 3:

Shrapnel: Lets see what you…

WHAM!

Shrapnel went flying and he crashed into the wall.

CRASH!

But the crash made him crazy. He clanged all over the place.

He was driving all over the place.

Shrapnel: (Acting crazy) Destroy all Maximal-mal-mal-mal-mals.

Scorponok: What's gotten into him?

Rampage: You all right Shrapnel?

Shrapnel: Shrapnel? Negative, negative, negative. I am Waspinator. Predacon hero-o-o-o-o.

Me: He now is nuts.

Blackarachnia: More like wacko.

Shrapnel came over to her,

Shrapnel: Wacko? No! Wonko! Wonko the sane! (Punches himself in the head) (CLANG CLANG CLANG CLANG CLANG CLANG)

Waspinator: STOP RIPPING WASPINATOR OFF!

FLASHBACK 3 ENDS:

We laughed.

Waspinator: Waspinator doesn't think it was funny.

Sora: That King of Toys Heartless was tough though.

Me: I know.

FLASHBACK 4

It was after we destroyed the King of Toys Heartless

Cliffjumper: That's weird. Why did we get stronger when we took down that Heartless?

Bluestreak: Maybe it's like one of those video games. When you defeat an enemy, you get a power up.

Me: It's actually one of our unique abilities now that you're with us. We get stronger from Negative (looks at the remains of the King of Toys): Wait. What if we end up just like that Heartless? Forgetting ourselves and attacking each other.

William: No way, Swerve. That won't happen.

Stewie: We won't let it.

Maria: Yeah. You guys are too strong.

Swerve (nervously): You guys can't be sure! What if I or one of the others get taken over and attack all of you?!

Me: Swerve! Get ahold of yourself! We won't let that happen.

FLASHBACK 4 ENDS.

Then we saw the famous Megatron himself!

Nico: Are you… THE Megatron?

Megatron: Of course I am. I see Team Loud Phoenix Storm has come to fight me.

Nico: It is an honor to fight you! I have so many toys of you.

Megatron (chuckles): Glad to see I have a fan, even if you are planning to kill me.

Nico: Did you know that you've also appeared in live action movies, other cartoons, and video games? I'm talking about the Michael Bay movies as well as War for Cybertron, Fall of Cybertron, Rise of the Dark Spark, Transformers Animated, and Transformers Prime. It's a shame that you didn't show up in Robots in Disguise 2015.

May: Nico, we need to stay focused here. Ok, honey?

Nico: Alright. (to Megatron) Sorry. Looks like I've gotta kill you know.

Megatron: Since you are a fan of my work, I'll make sure your death is swift and painless.

Optimus Prime: Megatron, today, you answer for your crimes against Cybertron and humanity. One shall stand…

Megatron: And one shall fall. You, Optimus Prime! (fires fusion cannon at Optimus)

He dodged.

Edzilla (grabs Megatron by the throat): ED SMASH BUCKET HEAD ROBOT!

He punched and smashed Megatron all over the place.

Sora T.: Lets get him Birdramon!

Birdramon: Lets do it. (Echoing) METEOR WING!

She fired multiple blasts of fire from her wings and they hit and exploded by Megatron.

Birdramon: Combo time Rattrap!

Rattrap: You got it! Rattrap MAXIMIZE!

He transformed.

Birdramon: (Echoing) METEOR WING!

Birdramon fired fireballs.

Rattrap fired his blaster.

Birdramon and Rattrap: HAWKFLAME BLAST!

The blasts combined and turned into a deadly fire blast that turned into a powerful hawk made of pure fire and it hit Megatron and exploded.

Megatron got up and he had an orb of darkness in his hands.

Riku: Alright. This is our chance. Let's destroy that dark orb before Megatron has a chance to use it.

Megatron (pulls out said orb): The other orbs of darkness made Clayton and Stane more powerful. Let's see what this one does for me!

Sora: Too late!

And with that, Megatron yells as his body began to change before our very eyes.

Megatron had become more powerful than ever and he had now become GALVATRON! He was the Galvatron from Transformers Cybertron.

Hot Shot: He has changed.

Me: His power is unreal! I don't think we've ever faced a Transformer this powerful before.

Galvatron: Yes. Megatron is no more. I am now Galvatron! (Evil Laughter)

He punched Edzilla in the face.

Galvatron had just defeated Edzilla.

Galvatron formed a sword of pure purple evil energy.

Galvatron (looks down at Edzilla): And you call yourself the strongest there is. How pathetic! (about to stab him)

I stopped the sword with the Star Saber and kick him in the face.

Me: You're not the only one that has power like this. GUARDIANS UNITE!

We became the Guardians.

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Elyon: Time!

Megan: Space!

Matt turned into Shagon.

Lillian: Light!

Me: Time to merge our powers guys!

Will: You got it J.D.

They channeled the Auranee's into me and my power increased exponentially. I had the Star Saber in my hands and it was intensified with the Cyber Planet Keys and the blade was stronger. I was also the size of Galvatron.

Me: (Echoing Voice) **You will pay for all your crimes Galvatron.**

I go Super Angel 50,000 Phoenix Wing and my power is intensified dramatically.

Optimus Prime: Lets work together. Jetfire, Overload, Power Link!

Jetfire (Armada): You got it.

Jetfire turned into legs and Overload turned into a powerful shoulder blaster and they attached to him and the Race Minicon team turned into the Skyboom Shield and the Space Minicon team turned into the Requiem Blaster.

Me: **Galvatron I will never forgive you for everything you've done to the galaxy and to Cybertron.**

I punched Galvatron all over the place and kicked him in the chest and blew a part his sword. I fired a blast of lightning at him and electrocuted him. I kicked him in the face and fired a powerful blast of fire and burned him and I slashed his left arm off and he screamed in pain.

Optimus Prime fired blasts of energy and they all exploded with incredible power when they hit Galvatron.

Leobreaker: Lets do it Optimus!

Leobreaker turned into a gauntlet and attached to Optimus and the Jungle Planet Key had claws on it.

Bumblebee (TF): YEAH GET HIM! (To the viewers) This is so awesome guys!

Me: **The reign of terror of the Decepticons will end!**

I fired a blast of wind combined with lightning and it shorted out Galvatron. He was damaged badly.

Optimus Prime: Time to meet your fate Galvatron.

I fired a powerful energy blast at him.

Then a Fearow came out and went at the rest of us.

Me: **A Fearow!**

Nico: It sure is a Fearow. I got this.

Nico fired a blast of lightning and knocked it out and he threw a Pokeball and caught it.

Me: **Good job Nico. Now lets finish this.**

Lori J.: Get him J.D.! Make him pay for everything he has done! We believe in you!

Me: **With pleasure Lori!**

My power then got an incredible boost!

Me: **Wow! Not only do we get stronger from hatred but we also get stronger from Unity and strength of friendship. Now things are getting serious!**

Optimus Prime: That's incredible.

Me: **Now lets take him down.**

Scavenger (fires at Galvatron): DOOFUS MCGOOF SEND HIS REGARDS!

Bumblebee (Transformers): Final Smash Time! CAMERO DEATH BEAM!

Bumblebee fired a blast of energy from his chest and it hit Megatron and exploded.

Ash: Pikachu, it's time for your Final Smash.

Pikachu: Pika!

Pikachu Fired a huge blast of lightning at Megatron and electrocuted him big time.

We went at Galvatron and hit him with everything we got and then I grabbed him by the shoulders and sucked in every ounce of his darkness and it made me far more powerful than ever before.

Nico: Megatron/Galvatron. You have failed this entire universe!

Megatron (returns to normal): No! How can I be defeated by mere insects!

Nico: Some guys never learn. And speaking of which, you should learn how to count. Something tells me you're outnumbered. (throws Megatron to the Autobots) He's all yours, guys!

Ironhide: I really hate this fella! (punches Megatron towards Bumblebee)

Bumblebee (zaps Megatron towards Wheeljack): Don't be like that, Ironhide!

Wheeljack (kicks Megatron back): Yeah, he's a blast to kick in the face!

Megatron stumbled and realized that he walked right into Optimus' gun.

Optimus: Megatron… be gone! (shoots Megatron through the head)

Me: **Now you will die Megatron! Everyone together! KAAAA! MEEEE! HAAAAA! MEEEE!**

All the Autobots fired blasts of red energy and Lori J. fired a blast too surprisingly.

ME: **HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!**

I fired a Red Kamehameha Wave and the Autobots lasers fused into it and it intensified with incredible power. It hit Megatron and completely obliterated what was left of him in an instant and we powered down. The Great War with the Autobots and the Decepticons was finally over.

Optimus Prime: With the war finally over, we Autobots take strength in the bonds we have forged with our new friends, Team Loud Phoenix Storm, our descendants The Maximals and the Predacons and the Minicons. My name is Optimus Prime, and I send this message. Though we did not choose to be of Earth, it would seem that we are here to stay. To any surviving Autobots taking refuge among the stars: We are here… we are waiting. And to any Decepticons still out there, if you approach this planet with hostile intent, know this: We will defend ourselves. We will defend humanity. We will defend… our home.

---

Back home on Earth we made a huge alliance with the planet Cybertron. It was a great alliance and it's now extremely beneficial. With Megatron now destroyed and sealed into the Book of Vile Darkness we can now coexist with the worlds of the Transformers. Planets Earth, Animatron, Velocitron, Gigantion and Cybertron have formed a very powerful alliance. Megatron's Decepticons that we captured and spared were brought to trial and destroyed for their crimes. Some of the Decepticons were given amnesty and a pardon for their crimes. Thundercracker and Skywarp and some of the other Decepticons that helped destroyed Megatron/Galvatron were given a pardon and were placed on the Redemption Squad. Ramjet was thrown into the Cybertron prison with the rest of his comrades that were spared death. The Autobot Ark now is in our garage and we decided to keep it for repairs. We found out that Nico met Lori

Jimenez at school and he had a small crush on her but quickly got out of it when he realized that he already has a girlfriend. Thundercracker and Soundwave kept their Decepticon symbols as reminders of everything. Rei now has a nice home at the estate on Earth and it was much better than where she was living on Jakku.

Another Fanfiction Complete.

Transformers Cybertron, Armada and Generation 1 were awesome! I used to collect the toys all the time ages ago and it was awesome! It was Beast Wars Transformers that got me into it. NicoChan11 gave me the ideas for this. Let me know what you all think and some of the scenes he gave me were not needed.

See you all next time.

# Bullies and Doubt Ghost Princes

It starts in the forest. We were by the forests looking for something. We had on radiation suits and we had special equipment.

Lori: So why are we literally in the middle of the forest wearing radiation suits with all this equipment?

Me: We're out here looking for Energon. It's a powerful energy source that the Cybertronians use for power.

Optimus Primal: That's right and we use energon to power everything. When we crash landed here we found out that Earth has a lot of energon.

Me: That's amazing.

Lola: How in the world did Earth get Energon?

Me: That's a really good question. How strong did you find out the energon fields were here on Earth, Optimus?

Optimus Primal: There was energon all over the planet and it was too strong for our communications to get through.

Me: It has electromagnetic energy waves that jam all Cybertronian Communication systems.

Lana: That's dangerous stuff.

Laney: How did you guys find out that there was energon here?

Optimus Primal: It was because of a relic we have called the Golden Disk. It gave the location of a major energon source. That's why Megatron stole it. Megatron wanted to restart the great war.

Luna: But this time with the Maximals and the Predacons.

Me: And we stopped that from happening.

Scorponok (BW): It's good we did. I don't know what I saw in Megatron when I was working with him.

Terrorsaur: No kidding.

Me: Yeah. What really puzzles me is how the Decepticon Megatron got the Heartless, Nobodies and Unversed into his crew.

Lincoln: That's what I was wondering too. First Clayton, then Stane and now Megatron.

Me: I know. We came up with a lot of combos huh?

Rhinox: We sure did J.D. Your teamwork is off the charts powerful.

Me: Not to brag Rhinox but we get that all the time.

Me: We sure came up with a lot of great combos.

Ratchet: Optimus, why so glum? This planet and the entire universe are finally free from Megatron's tyranny.

Optimus Prime: A small part of me hoped to change Megatron's mind, not extinguish his spark.

Thundercracker: Look, Optimus, our former leader got killed by his own evil, not you. (sees the look on his face) Sorry. I know the two of you had quite a history together.

Optimus Prime: But the Megatron whom I once fought beside and thought of as a brother and who lives in my memories perished eons ago, when he became a Decepticon.

Ratchet: Well, aside from Megatron, Frenzy, Dirge, Thrust, Starscream, and Soundwave are the only Decepticons dead, with Ramjet being in the Cybertron prison. The rest of the Decepticons have changed their ways and joined us.

Me: That's right Optimus Prime.

Laney: We promise that they will be good.

Optimus Prime: Thanks guys.

Lana was digging and she unearthed something.

Lana: Hey look at this!

We go over and we saw a blue glowing crystal and it had a huge amount of energy and it was emitting a low hum.

Me: Is that Energon?

Optimus Primal: That's right J.D. This is raw natural Energon. In its natural form it's highly unstable. A blunt impact, missile blast or change in temperature can cause it to explode with incredible power.

Me: It sounds like dangerous stuff.

I had my geiger counter ready and it was clicking like mad.

Me: Wow! The radiation coming off of the Energon is incredible. But from what I read Energon Radiation only affects Cybertronians.

Terrorsaur: That's right. It only affects us when we're in our robot forms. It causes us to short out and go into stasis lock.

Me: That is really dangerous stuff.

We dug it up and found a huge energon vein.

Me: Wow!

Laney: What a vein.

Lori: It sure is literally powerful.

Lisa: Affirmative Firstborn elder sister.

Me: That's also the reason why you are in the forms of animals from Earth. To protect you all from the effects of Energon Radiation.

Cheetor: That's right.

Then we saw 2 Raichu's come up to us.

Me: Hey it's 2 Raichu's.

Nico: One for each of us J.D.

Me: You said it man.

Lynn and Tara entombed the 2 Raichu's in rock.

Lincoln: Combo time!

Optimus Prime: You got it Lincoln!

Lincoln fired a blast of lightning and Optimus Prime fired a blast from his wrist gun.

Lincoln and Optimus Prime: LIGHTNING MAXIMUM BLAST!

The blasts hit the Raichu's and torched them.

Aquaman: Time for a Final Smash. MAELSTROM SHARK BITE!

A shark made of pure water appeared and bit the Raichu's and knocked them out.

Me and Nico threw Pokeballs and caught them.

Me: Yes!

Nico: All right!

My device on my arm beeped.

Me: Uh oh.

I looked at the device and it showed that Timmy Turner's bully Francis is in town and is causing a lot of trouble.

Me: Who is this ugly kid?

Nicole saw him and she gasped.

Nicole: So one of the targets I've been after for a long time is here now. How convenient.

Me: What do you know about this guy Nicole?

Nicole: His name is Francis Grayhane and he is the worst bully ever known in the city of Dimmsdale, California. He gets a really sick thrill out of causing trouble and hurting kids. He's a big lawbreaker too. (Pulls out a wanted poster) This is him. He has a bounty of $500,000,000,000.00 on his head and he makes me sick just looking at him.

Me: It's says he's only 12 years old so we can't kill him.

Laney: His parents created a monster.

Me: You're telling me Laney. Lets go get him.

We set out for the city.

---

In the heart of the city, Francis Grayhane was picking on some little kids.

Francis G.: Now you are gonna give me your money or I'm gonna pound every single tooth out of your mouth and kill you?

A Purple energy laser hit by his feet and exploded and he was sent flying and he crashed into a bunch of trash cans.

CRASH!

Me: Francis Grayhane! You're under arrest.

Francis G.: Well if it isn't the loser force.

Timmy T.: Never thought I would see you again Francis.

Francis G.: Turner, you ruined my life! I will kill you for everything you've done to me!

Quickstrike: (Cowboy Accent) You give all humans everywhere a really bad name you stupid piece of slag!

Nico: I agree Quickstrike.

Francis G.: Well, I guess this is the part where I get a slap on the wrist and run off to beat up someone another day.

Me: Nope. Your guess is wrong.

Nico: We're going to hunt you.

Francis G.: Say what?

Maria R.: Your bullying has gone on long enough.

Me: Too long.

Francis G.: Isn't that for me to decide?

Nico: Ten.

Francis G.: Also, I could have sworn you said you guys were gonna hunt me. What, like a deer?

Maria R.: We've taken down some of the worst criminals in the universe. Electro, Evil Stewie, And most recently, G1 Megatron. You'll be easy prey.

Nico: Nine.

Francis G.: Listen, Turner probably got you to protect him from me, but this is going a little too far. I get that you hate guys like me.

Nico: Eight.

Francis G.: Are you counting?

Maria R.: For the next 24 hours, we'll be hunting you throughout this city. If you survive after that time, you get off scot-free. If not, Timmy's gonna be free of you.

Nico: Seven.

Francis G.: Do you do this with all bullies like me?

Maria: Well, before the Big Bang, I hunted down one picking on Carol.

Francis G.: Where is he now?

Maria R.: He's still alive.

Francis G.: So he got away.

Maria R.: But he's expelled now.

Nico: Five.

Francis G.: You just skipped six.

Nico: I know. Four.

Maria R.: And don't try to call the Legion of Doom for help. [chuckles] We'll know if you do. You can't hide from us. So if I were you, I would start running.

Francis laughs nervously and then runs away.

Nico: Three, two, one.

Francis ran like a bat out of Hell.

Me: The hunt is on.

Quickstrike: YEE HAW! Lets hunt us a bully! Quickstrike TERRORIZE!

He transformed.

The hunt was on.

Scavenger: Lets combine into Devastator to cover more ground.

Me: Okay.

Hightower: Lets do it!

They combined into the huge Constructicon Devastator and they were covering more ground.

Silverbolt (Combiner): We can cover the air.

Me: Go for it.

The Aerialbots flew into the air.

Me: Lets get him guys.

Francis G. sees Cliffjumper's vehicle mode.

Francis G.: That's a sweet car. (gets in) And it's all mine!

Cliffjumper (buckles Francis in with seat belt): Buckle up. You're in for a bumpy ride.

Cliffjumper drove and gave him the worst ever ride of all time. The ride was full of bad twists, turns, bumps, skids, spins and more and it made Francis so sick. When he got up he was really green around the gills.

* * *

However as the hunt for Francis was going on in America, in Norway in the village of Arendelle, Something sinister was brewing. Queen Elsa was reading a book when she saw an unexpected and evil surprise. She saw an evil specter that looked like Hans, who tried to usurp her kingdom and have her wrongfully executed for High Treason.

Hans' ghost: How does it feel to be queen, hmm? Why, you must be a truly inspiring ruler by now.

(Elsa starts to back away)

Hans' ghost: After all, you ARE the daughter of the great King Agnarr and Queen Iduna.

Elsa was in a lot of trouble. She sent Anna to get us.

* * *

Back in the city we were hunting Francis and he was cowering in fear.

Nico: Oh, Francis. Come out, come out, wherever you are. C'mon, show yourself and your punishment won't be too severe!

Me: (Ominous Singing) Oh Francis. Come out to play-yay.

Maria: Show yourself, Francis. You can't avoid us forever.

Lincoln: Take your punishment like a man you coward!

Starfire: This guy just is that stupid.

Me: Tell me about it.

Then we saw 2 snake pokemon - Arbok.

Me: 2 Arbok.

Nico: Oh wow!

Aquaman: (To the Viewers) Lots of Pokemon here huh?

Thunderblast: Lets use our combo Snake Man!

Snake Man: You got it Thunderblast.

Thunderblast fired Rockets and Snake Man fired his Search Snake.

Snake Man and Thunderblast: SNAKE MISSILE BARRAGE!

The missiles combined and turned into snake bombs and they hit the Arbok's and exploded.

Jane: (British Accent) I got this. JUNGLE ENTANGLEMENT!

Jane slashed the ground with her Keyblade and jungle vines came out and wrapped both Arbok in them and we threw Pokeballs and caught them.

Me: Got them!

Nico: Yeah!

Fireflight: I see him guys. He's in the dumpster by the market 2 clicks north!

Me: I see it Fireflight.

We went at the dumpster and opened it and in it was Francis.

Me: End of the line small fry.

Nico: Francis Grayhane, you have failed this city!

Lori and Carol grab him by the arms and legs and had him restrained.

Me: Get the Boo Box.

Lincoln and Linka brought out a treasure chest box and opened it. In it was a body.

Me: Oh man! That is a pirate that was in there for 300 years. Perhaps you can give this pirate a good burial at sea Lucy.

Lucy: I would like that J.D.

We dumped the body out and put it in a body bag. Francis was kicking and screaming and Lori and Carol put him into the box and we closed it and Lucy used her dark magic to project the most horrific images and monsters ever known to him inside it. We heard Francis screaming and crying like a baby and we beamed him over to a Solitary Confinement cell and the darkness of his cell played the same images and he was damaged psychologically beyond all forms of repair. Francis Grayhane, the most ruthless bully of all time was sentenced to life in prison without the possibility of parole in the Uranus Prison. We used our magic and made another Francis. This one however is the exact opposite of his evil self.

As we relished in another victory, Anna arrived.

Anna: Guys! Guys!

Me: Anna. What's wrong?

Anna: It's Elsa. She's in trouble. You have to come to Arendelle.

Me: Okay.

We went to Arendelle.

---

Arendelle, Norway.

---

We arrived in Arendelle, Norway and we were approaching the castle and we saw a face Lana hates all too well.

Duke of Weselton (sees Lana): (German Accent) Oh, it's you.

Lana: Hiya, Duke of Weaseltown!

Duke: It's Duke of Weselton! And don't talk to me like we're friends! Thanks to you fools, Arendelle cut ties with me and my kingdom forever!

Skids: Maybe that wouldn't have happened if you hadn't helped Hans with his dirty work.

Duke: And I see you brought more oafs with you as well.

Gears: Who you calling oafs?!

Mixmaster: We didn't come to talk to the likes of you. We came to talk to Elsa.

The Duke then laughed hysterically for about a minute.

Duke (wipes a tear from his eye as he stops laughing): Oh, wait. You're being serious, aren't you?

Scrapper: What's so funny?

Duke: See for yourself. Elsa's become a sorry excuse for a queen. Perhaps it's because she's hung out with you barbarians. (walks away)

Goofy: Gawrsh, whaddya think coulda happened?

Sora: Well, let's go find Elsa and see.

We reach the Castle and see a large cloud of darkness. An image of Hans appears through the darkness.

Lana: Hans!?

Hook: So that's Hans? Doesn't look intimidating to me.

Lana ran up to it, but it disappeared

Lana: Huh?

Scavenger: Was it a ghost?

Bonecrusher: That's impossible. You said that Hans isn't dead.

Long Haul: Whatever the case, we'd better tell Elsa about this. Wonder if she's in there…

Me: And while we do that, Sora, go get Simba. I can tell you've dealt with something like this before.

Sora: You got it J.D.

Sora teleported to the Pridelands in Tanzania.

Pridelands, Tanzania

Sora arrived in the Pridelands of Tanzania and Simba saw him.

Simba: Sora. It's great to see you again.

Sora: Same here. How are things in the Pride Lands?

Simba: Aside from the fact that Zira's army could attack at any moment, things have been good.

Sora: That's great. But we need your help. Queen Elsa is having problems with a ghost of pure darkness. Like what you went through.

Simba: You called the right lion Sora. Lets get over there.

They beamed to Arendelle.

---

Arendelle, Norway.

---

Sora and Simba came back.

Jeri: Simba!

Simba: Hey Jeri!

Jeri: It's great to see you again.

Simba: You too Jeri. So you guys are having a problem with a doubt ghost?

Me: That's right and we have to help her.

We went into the castle and into Elsa's room and we saw her on her bed in a fetal position whimpering in fear.

Lana: Elsa!

Lana went up to her and Elsa saw her.

Lana: Elsa, it's gonna be okay.

Me: Are you all right Elsa?

Elsa: That ghost won't leave me alone.

Me: I know what that ghost is Elsa. It's a negative energy manifestation of your doubts and fear. It was because of Hans that he nearly got you and your kingdom killed. You are the only one that can stop it Elsa. We can help you.

Elsa: You can? How?

Me: You have to trust us. Here's what we do.

We went outside and in the courtyard we were ready.

The ghost of Hans appeared again in front of Elsa with us hiding in plain sight.

Smokescreen (as the ghost): The hesitant queen will one day lose all his friends.

Grapple (as the ghost): Queen Elsa the doubtful…

G1 Inferno (as the ghost): Worried by a silly ol' ghost…

Tracks (as the ghost): Ooh, Elsa the do-nothing queen…

Elsa glares at the ghost.

Elsa: No!

Simba (as the ghost): Try and stop me!

Elsa hurls an icicle at the ghost and it vanishes.

Me: She did it!

We came out and cheered for her.

Me: Elsa you did it!

Anna hugged her sister.

Anna: I knew you could do it Elsa.

Elsa: Thanks to you and Team Loud Phoenix Storm.

Lana: I'm glad you stopped the ghost Elsa.

Elsa: Thanks to all of you Lana.

Me: Glad we can help out Elsa. Now we have to make sure that

Hans gets the message.

---

Southern Isles, Norway.

---

In the Southern Isles in southern Norway, Hans was working in the manure yards. After he tried to usurp Arendelle he was disinherited and never allowed to get the throne of any country ever again. He was now forever disgraced and degraded to a stable boy.

Hans was working and he saw us.

Hans: Great! What do you all want now?

Lana: Elsa got plagued by ghost versions of you today. And they caused her to doubt herself as queen. Know something about it?

Hans: Of course not. I only learned about it just now.

Nico: Don't lie to us!

Hans: I'm not! Even if I did made those so called ghosts appear, I wouldn't make sure Elsa would doubt herself. I would kill her and get it over with!

Maria (senses that he was telling the truth): Ok. We believe you. For now. But the next time you try anything against her, there's gonna be some bad consequences!

Hans (sarcastically): Geez. I hope I don't snore.

Me: Nope. It'll be much worse than that. If you mess with Elsa again, we will kill you and send you off to Hell. And it'll be colder there than Elsa's ice.

Hans: Don't you mean hotter?

Me: Oh I wouldn't want to ruin it for you when you get there. So don't test us. Or else.

We vanished. We then went to the Moon Prison where an elderly Vicky was sitting in her cell. We used what Timmy told us about a wish he made that got Vicky turned nice and we used our powers to make Vicky split into two people. One was her pure evil side that was old, haggardly, evil and a total monster forever cursed with eternal life without eternal youth and the other was an angel and a 100% nice girl. But because everyone in Dimmsdale hates her guts, she can never go back there and she was essentially exiled. Timmy and the Nice Vicky reconciled and they were happy.

THE END

---

Another Fanfiction Complete.

I hated both Francis and Hans. Francis from the Fairly Oddparents was without a doubt the meanest bully in the show. He may be 12 but he was completely rotten to the core and he needs to be in prison forever. I would punch him all over the place until he was a pulpy pancake. Hans from 2013's Frozen was the worst of them all. He tried to usurp the kingdom of Arendelle all for himself and he tried to kill Elsa! WHAT A MONSTER! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time

# Adventures Across the Stars

## Part 1: A Jovian Reunion

---

It starts with me, Janeen, Megan, Samus and Lincoln in the training yard. We were firing lightning and lasers at targets that looked like all of Samus' greatest enemies. I fired a lightning blast at a dummy that looked like the Dragon Space Pirate Ridley. Ridley has haunted Samus all her life because when she was a child, Ridley killed her parents on Earth colony K-2L.

The Ridley statue exploded and Samus fired a hyper beam blast at Dark Samus and a statue that looked like Sylus.

Megan fired a space blast at some statues of Space Pirates and the Lord of Brinstar - Kraid.

Janeen fired a blast of lightning at a Dark Samus statue and destroyed it.

Janeen: That's what you get for killing my mother!

Janeen then had thoughts about her mother and she broke down crying.

Janeen: (Crying) Mother!

Me: Oh Janeen.

I comfort her.

Lincoln: Samus I can't believe that the Phazon Crisis killed Gandrayda. She did not deserve to have this happen to her.

Samus: I know Lincoln. But it was because of the Phazon that this had to happen to her.

Me: Maybe we can save her. Lets head to the Simulator. Come on.

We did so.

---

In the Simulator we got ready. Samus typed in the scenario and the world.

Samus: You know what to do right Janeen?

Janeen: I do mom. And if I bring my real mother back, just remember that you are the best 2nd mother I can ever have.

Samus had a tear of joy run down her face and they hugged.

Samus: Thank you sweetheart.

Janeen and Megan got ready. Megan was in her Dark Samus suit.

The Simulator activated and Janeen and Megan found themselves on the homeworld of the Metroid Space Pirates, Urtraghus. It was a terrible place and it was a city planet and always raining acid rain and the pollution was absolutely terrible.

Janeen: So this is the Space Pirate Homeworld.

Megan: It sure looks dangerous.

Janeen: No kidding. Mom told me all about how she came here and fought my real mother.

Megan: I know. It was awful.

They went around the cities of the planet and they got to a courtyard and they saw GANDRAYDA! Gandrayda was a pink-purple Jovian alien and her powers included lightning powers and shapeshifting.

Janeen: Gandrayda!

Gandrayda: How nice of you to know who I am.

Megan: She's Gandrayda? She doesn't look like the kind of person that would cause any kind of trouble.

Janeen: Don't forget Megan that this is the Phazon Crisis we're dealing with. Phazon is extremely dangerous stuff and it will stop at nothing to destroy the entire universe.

Megan: I never knew it was that dangerous.

Gandrayda: Kind of ironic that someone wearing the Dark Samus suit will die in Aran's place!

Janeen: Gandrayda listen. My name is Janeen Gandrayda Aran and I am your daughter.

Gandrayda gasped.

Janeen: I know this is hard to believe but you are my mother. During this time in the Phazon Crisis, I was made an orphan when Dark Samus killed you. Samus is my adoptive mother and she looked after me like a great mother would. Dark Samus ruined my life and I never would've gotten great friends if it weren't for her.

Gandrayda: So you are my offspring?

Janeen: Yes.

Gandrayda then groaned and clutched her head in pain as she was trying to regain control of her body.

Megan: What's wrong with her?

Janeen: It's Dark Samus. The corruption of the Phazon allowed Dark Samus to enslave her mind and she is controlling her. I can stop this with my magic. I know a powerful Jovia XII spell that just might work.

Janeen then chanted an incantation in an alien language and it caused Gandrayda to glow in a neon pink aura and it caused the Phazon Enhancement Device on her to explode and be destroyed. A Black Ghostly entity came out of Gandrayda. Gandrayda was unconscious and Megan got her to a safe distance and Janeen confronted Dark Samus. But what she saw next was absolutely horrifying. It was an evil and malevolent version of Samus without her battle suit. She had glowing Aqua Blue hair, three glowing yellow eyes, her face was transparent and looked like a Skull and clawed hands and feet and a dark blue and aqua blue zero suit with red lines on it.

Janeen: So you are Dark Samus. I will never forgive you for everything you've done to me and my moms. You will pay for everything you've done to my family.

Janeen thought about all her friends and all the support that we have given her over the course of two years and everything that we have done for her along with all the love and support she has received. Suddenly she glowed in a neon pink aura and she had a massive increase in power and her lightning intensified to incredible levels. She sprouted neon pink angel wings and her power levels were increasing at an astronomical rate. When the power increase was finished Janeen was forever changed. She was now a Super Angel and she had a neon pink Super Saiyan-like Aura and purple lightning flashed and struck around her at an incredible rate.

Megan: Wow! Janeen look at you.

Janeen: It's the support and love of my friends and my family. Now to destroy this dark demon once and for all.

Janeen fired an enormous blast of lightning at Dark Samus and electrocuted her. Dark Samus got up and went at her and Janeen dodged all of her strikes and fired another blast of lightning and kicked her in the face and fired more lightning and electrocuted her.

Megan: Lets finish her with our combo Janeen!

Janeen: You got it Megan!

Megan fired a blast of Phazon Energy and Janeen fired a huge blast of lightning.

Megan and Janeen: PHAZON LIGHTNING DESTROYER!

The blasts combined and turned into a deadly Phazon lightning ray and went all the way through Dark Samus and she was in a lot of pain as her energy levels were increasing and she suddenly exploded all over the place as blue sparkling dust.

Nicole sealed Dark Samus into the Book of Vile Darkness.

Janeen: Burn in Hell, Dark Samus.

Megan: You said it.

Gandrayda woke up and she had a tremendous headache. If Bioforms can even get headaches.

Gandrayda: What happened?

Janeen walked up to her and held her hand out and Gandrayda took it. She got up and they exited the Simulator. When they did we told Gandrayda everything that had happened and it was shocking to her. Gandrayda was eternally grateful to Samus for watching out for Janeen and glad that Dark Samus was gone for good. But as a result, the death of Dark Samus also triggered a chain reaction that caused the planet Phaaze to Explode. Planet Phaaze, the Source of All Phazon and the darkness of all life in the entirety of the universe, has been destroyed.

## Part 2: Relaxing in The Park

In the park we were relaxing and watching the clouds. We were in our special spot in our tranquil meadow.

Me: Nothing like a bit of relaxing after a long day of kicking bad guys butts.

Rachel: Boy you said it J.D.

Lincoln: Yeah.

Lola: Hey look at that cloud!

Lola saw a cloud that looked like a castle.

Lola: That cloud looks like a castle.

Laney: It sure does. I see a cloud that looks like a bird.

Lisa: I see a cloud that looks like a DNA Helix.

Me: Those are some interesting shapes for clouds.

Zoe: There sure are. It's hard to imagine that they can come in all kinds of shapes and sizes.

Hercules: No kidding.

Lori: It's all literally amazing.

Luna: You said it bruh.

It was relaxing.

## Part 3: A Horrifying Nightmare

In the early morning hours we were resting. At 1:30 AM Lincoln was tossing and turning in his bed and sweat was running down his face. Then he let out a bloodcurdling scream.

Lincoln: (SCREAMS IN FEAR)

Lincoln was panting and sweating hard and we came down and we had a look of concern for him.

Me: Lincoln! Are you alright?

I sat on his bed and he was shaking in extreme fear.

Me: That must've been a horrible dream.

He hugged me and he was crying.

All of Lincoln's family came in.

Me: It's okay Lincoln.

Lori: What happened J.D.?

Me: Lincoln must've had a horrible nightmare. (To Lincoln) It's all right Lincoln. Calm down. Calm down.

Lincoln calmed down.

Me: Now can you tell us what your dream was about?

Lincoln: (Sniffles) I can try.

Lincoln told us about his nightmare. It started with him waking up in some kind of crazy dimension where the whole place was changing all over the place in a horrific manner and all of his family was naked and sinking in quicksand and Lincoln was too scared to do anything about it and the whole dimension was changing shape and showing all kinds of horrible shapes and terrain.

Me: Geez. Lincoln that was an extremely horrible nightmare.

Leni: Totes.

Luna: Dude. That is a horrible nightmare.

Luan: I would never dream of something like that on my worst enemies.

Natilee took out her sketchpad and colored pencils and drew a picture of the dream and when she was finished we saw the horrific nightmare.

Natilee: Is this what you saw?

Lincoln: That's the nightmare I had!

Me: Geez! That is an awful nightmare!

Laney: Man that is terrifying!

Lori: That is literally an awful nightmare.

Me: No kidding. How long have you been having nightmares like this?

Lincoln: 5 days.

We found out from Lincoln that he was sneaking some of his dads leftover pies before bed and it's been going on for that long.

Lynn Sr.: Oh son I know everyone likes my leftovers, but you can't sneak food before bed.

Rita: That's right sweetie. I know you all like Lynn's food but you can't sneak food before bed. You'll have really bad nightmares.

Me: Trust me Lincoln. It happens to most of us. It's not pleasant. I had to learn that the hard way.

Lisa: That's correct elder brother. Consuming food before slumber causes your neurological activity to rise and it causes your brainstem to cause horrific episodes of fear while you sleep; Street name: Nightmares.

Me: That's right.

Lincoln: I didn't know that this can happen like that.

Me: Yeah it's awful man.

Laney: It's not pretty.

Lucy: I may enjoy the darkness and I enjoy having nightmares all the time.

Me: Your sense of darkness always amazes us Lucy. Lets get back to bed.

Lincoln: Sorry I woke you up from your beauty sleep Lola.

Lola: It's okay Linky.

We went back to sleep.

---

7:00 AM

We were having breakfast and we saw Lincoln shaking in fear and his eyes were baggy. He didn't sleep at all the rest of the night. The nightmare he had was so bad that he didn't sleep at all.

Me: Oh Lincoln, I'm sorry you had that nightmare.

Laney: It really scared him bad.

Varie: No kidding.

Lana: That nightmare must've been a really bad one.

Lola: Sure we saw it but yeah.

Lily: Oh Lincoln.

Me: Lincoln it's not real. I know you're scared. But it's not real.

Lincoln: (Fearful) I know J.D. B-b-b-but it was so scary! (Crying)

Lily and Paige pat his back and so did Lucy and Laney.

Me: He was traumatized because of it. Clyde might be able to help.

I go to Lincoln's room and pull out his walkie-talkie.

Me: Come in Clyde. Are you there? Over.

Clyde: Clyde here J.D. Over.

Me: We need your help Clyde. Lincoln has had a horrific nightmare. He woke up at 1:30 in the morning and he didn't go back to sleep after he told us about it. Over.

Clyde: Say no more. I'll be right there. Over and out.

Clyde created a portal and he appeared.

Me: Those time powers are amazing.

We went down to the living room and Clyde was looking Lincoln over.

Clyde: I've seen this before. Snuck food before bed.

Me: We know that Clyde.

Natilee: This is what he saw Clyde.

Natilee showed him the picture of the dream she drew and he was horrified.

Clyde: Whoa! That must've been a really scary nightmare.

Me: It was Clyde.

Clyde told Lincoln to calm down and think of happy thoughts and stuff like that and it worked. But Lincoln was so tired that he couldn't stay awake. We gave Lincoln the day off.

## Part 4: Trouble in Porkbelly.

In the estate, Janeen and Gandrayda were watching TV. Suddenly the floor became molten hot lava!

Gandrayda: What the!?

Lana: Lola, Dad, J.D. watch out! The floor is lava!

Me, Lola, Lana and Lynn Sr. were jumping across the furniture without touching the floor.

Me: (Lands on coffee table) This is so awesome!

Gandrayda: How come everything is not burning?

Janeen: Oh it's because Lisa built holographic projectors all over the house for games like this.

Gandrayda: Oh wow! That is so neat.

Me: It sure is.

I jumped to a chair and so did Lola and Lana and we landed and Lynn Sr. jumped and he fell and the holographic projectors made it look like he fell into the lava with a huge splash and I grabbed his hand and pulled him up. Then the alarm went off.

Me: Uh oh.

We went to the computer and we saw that there was trouble in the town of Porkbelly, California.

Me: Porkbelly? That's a stupid name for a town.

Nico: It sure is.

Me: But it's also a dump. Lets see.

We looked up what was happening and we saw that all of Porkbelly was under siege by strange robot toys and the whole town was in the grip of fear.

Me: What kind of robot toys are these!?

An image of a logo on the robot appeared.

Me: Freeze image.

The computer did.

Me: Magnify image and enhance.

The computer did so and the image was a logo of Wacko Toys.

Me: Wacko Toys!? (Gasp) I know Wacko Toys. Wacko is a prominent toy maker. But he hates all kids and he wants nothing more than to make sure that all kids never have any fun.

Lola: The Kids Next Door are gonna love dealing with this guy!

Me: And us as well. According to this, he was busted several times and thrown in jail by Porkbelly resident kid hero Johnny Test.

I pull up his picture and he was a blonde hair kid with red highlights in his hair and it looked like his hair was fiery.

Me: He loves video games but he hates his school. His mom Lila is a super busy businesswoman and is constantly busy all the time and his dad Hugh is a neat freak and insanely overprotective. He's so overprotective that it would drive you crazy. Not only that but his cooking is terrible. He makes meatloaf that smells and tastes like bat guano.

Everyone: EW!

Lana: Cool!

Me: I'm sure only you would like it Lana. You would love Johnny's twin sisters Susan and Mary, Lisa.

Lisa: Why is that 2nd Elder Brother?

Me: Because like you they are genius-level scientists and they go to college at 13 years old. BUT trouble is they have invented all kinds of crazy inventions that nearly destroyed all of Porkbelly and sometimes destroyed the world. But they always correct their problems when they got out of hand.

Lisa: That is indeed most impressive.

Me: It sure is. Plus not only that, but they have a mondo crush on their next door neighbor. A kid about Lori's age named Gill. But a lot of times all their inventions practically blew up in their faces which caused a lot of damage to their house. They primarily use their brother Johnny as a lab rat. And the coolest part you would like Lana.

Lana: What's that?

Me: Their pet dog Duke can talk. He was given human DNA that enabled him to talk like a human and act like one despite being a dog.

Lana: That is cool!

Lisa: That is indeed scientifically interesting and impressive.

Me: It sure is. But we're not just gonna get the job done by sitting here. Lets go!

We set out to Porkbelly, California.

---

Porkbelly, California

---

We arrived and fired energy lasers at the robots and blew them apart and reduced them to scrap.

Jazz (TF): Those robots gave us a really bad name.

Me: You're telling me Jazz.

Lori J.: Yeah.

Me: Lets see.

We saw the Test house.

Me: There's the Test house. Lets go.

We went to the front door and I knocked on the door.

Johnny answered it. He saw us and recognized us.

Johnny: Oh wow! The famous Team Loud Phoenix Storm! You guys are my heroes!

Me: It's a pleasure to meet you Johnny Test.

Johnny: How did you know my name?

Me: You would be amazed at what we know. May we come in? We saw that Wacko and his insane toys are at it again.

Johnny: Yeah we know that.

We went in.

We were talking to Johnny about all that he has done and all that he has done for Porkbelly.

Me: Wow! You have had quite a lot of adventures.

Johnny: I sure have. I also have a huge rivalry with a girl in my school. Her name is Sissy Blakely.

Me: Hmm. Have you ever thought that maybe she's competing with you because she likes you?

Johnny: Thought never really came to me. But EW!

Hugh Test: Oh, c'mon! Just because I'm overprotective doesn't mean I'm a bad father. If I was a bad father, I would physically hit Johnny.

Lea: Mr. Test, I know you're doing your best as a loving father but you have to realize that your children are old enough to do things on their own. They have saved Porkbelly as many times as we have saved the planet and the Universe. You have to know that you aren't gonna be around forever and your kids can take care of themselves.

Hugh Test: (Sighs) You're right Lea. I've been letting my parenting skills consume me that it drove me crazy. I need to take a break every now and then.

Lana was eating Hugh Test's meatloaf.

Lana: Hey Mr. Test, your meatloaf is delicious!

Hugh Test: Thanks Lana. It's a family recipe.

Johnny: How can you like dad's meatloaf? It tastes like bat guano!

Me: Whew! No kidding.

Lana: It's not so bad guys.

Lola: Lana may like gross stuff but she is a great handyman and likes playing in the mud, but she is a great sister.

Lana: Thanks Lols.

Johnny: By the way I saw your races on TV and they were awesome!

Me: Thanks J.T.

Johnny: J.T.?

Me: Sorry Johnny. I have this habit of calling people by their initials as their nicknames.

Johnny: Oh. J.T. I like the sound of that.

Me: Cool.

---

In Susan and Mary's lab, Nicole and Lisa was touring their lab.

Lisa: Your laboratory is quite an impressive facility Susan and Mary.

Susan: Thanks Lisa. We do a lot of amazing work in here for further benefiting all of humanity.

Lisa: You 2 and I are indeed 100% similar.

Nicole: If I may ask Susan, why do some of your inventions backfire all the time?

Susan: Oh it's because we always forget to add the right components to our inventions.

Mary T.: So they always either explode on us or something is wrong with it that made it go haywire.

Nicole: That doesn't sound like a good thing.

Lisa: Perhaps we might be able to help you out with that.

Nicole: Can you show us one of your inventions that didn't last more than a couple of seconds?

Susan: Certainly.

They went to a tank and out came a snake made entirely out of pure water.

Susan: This is the molecular non-explosive and non-electrically charged mighty shower snake.

Nicole: Very interesting. It's a snake made of pure water.

Mary: That's right. We tried to use this on Johnny when he didn't take a bath for 5 weeks.

Nicole: That is disgusting.

Lisa: Indeed. It's a sign of bacterial and infectious diseases waiting to happen.

Then the snake started acting crazy and Nicole analyzed it and saw that it's molecular structure was unstable. She used her powers to fix it.

Nicole: Done.

Lisa: I think I might know what went wrong with your invention. You forgot to add the molecular cubic mass of the mass of the water molecules with the genetic structure of the reptile you were trying to make it into. Plus you forgot to splice the water molecules with the atomic DNA structure of the snake DNA.

Susan and Mary: Wow! How could we miss that?

Nicole: Science is a cruel mistress.

Then they an unexpected surprise from one of the richest and most powerful kids on the planet who likes to dazzle himself in everything sparkly and shiny and one of Johnny Test's most notorious enemies: Eugene Hamilton A.K.A. Bling-Bling Boy. He has just as much money as we do and he's the second richest person in the world. He had a bouquet of flowers with him.

Bling-Bling Boy: Ah Susan Test my love. I bring you this glorious gift of flowers to show my love for you.

Edzilla came in and ate the flowers and then he slapped him with his tail and sent him flying away.

Nicole: Who was he?

Mary T.: That is Eugene Hamilton A.K.A. Bling-Bling Boy.

Susan: He has an incredibly mad crush on me.

Nicole: Looks like we're not the only ones with a kind of problem like this.

Lisa: Indubitably. My elder brothers best friend unit Clyde McBride has a mad crush on my firstborn eldest sister Lori.

Nicole: Yeah it gets really awkward. He doesn't have the courage to tell her and he gets these really bad gushing nosebleeds, acts like a malfunctioning robot and he faints.

Susan T.: That IS awkward.

Nicole: Yeah but Clyde doesn't take it too far like Eugene does.

Mary T.: That's a relief.

---

2 hours later we set out to face Wacko. We busted into his company and slashed apart all robots, blasted them and blew them apart and reduced them to scrap metal.

Susan T.: Your weapons are amazing Francis!

Francis: Thanks Susan.

May: We get that a lot.

Mary T.: But don't cross the beams or they'll cancel each other out.

Francis: Okay,

Iron Man: You know what? I think your dad has the right idea in being overprotective.

Johnny Test: What are you trying to say?

Ben: All you do is demand inventions from your sisters. And each time, it gets Porkbelly in trouble. I bet without your borrowed gadgets, you wouldn't even be able to knock out guys like Captain Cold and Absorbing Man!

Iron Man: He's right, you know. You're just a kid who uses his sister's toys. Take those away and what does that make you?

Johnny: A great kid with an awesome personality.

Ben: Uh huh. We know guys that are worth ten of you. Me and Tony have seen the footage. The only thing you really fight for is yourself. You're not the guy to make the sacrifice play, to lay down on a wire and let the other guy crawl over you.

Johnny: I think I would just cut the wire.

Iron Man: Always a way out. You know, you may not be part of the Legion of Doom, but you better stop pretending to be a hero.

Johnny: Look who's talking. You and Ben are also the ones who are arrogant and cause trouble with your inventions and toys.

Ben: That was in the past. At least we've learned from our mistakes!

Captain America: Tony, I think me and Gwen need to get you and Ben to another room.

Gwen Tennyson: We'll be right back, guys. The four of us just need to go somewhere to have a discussion.

They did so.

Captain America: Tony, don't you think you and Ben were being a little hard on Johnny?

Tony: Why? For being an arrogant, overconfident, egotistical jerk?

We're just stating facts. (Captain America snickers) What's so funny?

Gwen T. (giggles): You and Ben used to be that way too.

Ben: Exactly! We know Johnny's a good kid at heart. But we see some of our previous flaws in him. We just don't want him making the same mistakes as we did!

Captain America: And we appreciate that. But do you want some facts of our own?

Tony: Ok. What are they?

Gwen: You and Ben worked through your problems before we met J.D. and the others. You became better people by trying to be less of a show off and more like real heroes.

Ben: You're right. I guess we were being too hard on Johnny. But that doesn't mean we can't guide him to be a better hero and person. Just like me and Tony went through.

Me: You'll have time to make it up to him later. Come on.

We continued on and blew apart more robots. Nico killed one of Wacko's henchmen.

Johnny (to us): You just killed him. In cold blood.

Nico: It's not cold blood if he deserved it.

Johnny: When my parents said that they were wary of you guys because of your tactics, I defended you all because I thought you were supposed to be heroes. I thought we were supposed to be better than them.

Nico: Johnny, you live in Porkbelly. Where you use your sister's inventions to solve your everyday problems. And your enemies get cute nicknames. You're not in Porkbelly right now.

Johnny: Thanks for telling me that, Captain Obvious.

Nico: I live in Gotham Royal York. Where an alternate future version of my friend's fiance got her body taken over by her own father. Where a friend of mine got beaten to death with a crowbar by a murderous psychopath. And where another friend of mine witnessed his own family get murdered right in front of him! So, I don't think you have the right to judge us!

Johnny: I am not that fond of my enemies as well but I don't use that as excuse to kill whoever makes me mad!

Nico: Well, I'm sorry if I'm not as tolerant of criminal scumbags as you are, Johnny!

Me: All right you two that's enough! Arguing never solves anything because it's just empty words that don't mean anything. Actions speak louder than words.

Nico: You're right man.

Me: Yep. (To Johnny) Johnny you know about all our adventures right?

Johnny: I sure do.

Me: Listen Johnny. We have done so many big deeds all over the world and not just here on Earth but all over the Universe as well. We have had a tremendously dramatic impact on many people great and small on many planets. But there will always be villains that are completely irredeemable like the Joker, or Starscream or many others. Some villains are pure evil and completely irredeemable and they only deserve death. That's why our code is to only kill people that are completely pure evil and that they deserve death. But there are also people that have had it far worse than anyone you know.

Maria R.: That's right Johnny. I was turned into pure water after I was exposed to a biohazardous mutagenic gas.

Volcana: I was going to be turned into a weapon of destruction because of my fire powers.

Sam S.L.: My parents were murderous serial killers that escaped from prison and they were extremely abusive to me for a long time.

Azula: My own father turned me into a Homicidal Psychopath and I did horrible acts of evil to many.

Sasuke: My own brother killed everyone in my clan because of the Village Councils corruption.

Everyone explained their backgrounds and their stories.

Johnny Test was horrified.

Johnny: Wow! You all have been through a lot.

Me: They have Johnny. And that's why evil will always exist in this universe and many other universes that we have been to and our job is a huge one. It's to protect all the people we love and care for young and old. We only kill those that have no honor, are completely irredeemable and only care about no one other than themselves. Those are the kinds of people that deserve it. Nico killed that man because he was irredeemable like all the others.

Johnny: I think I understand.

Talia: First Tony and Ben. And now you?

Nico: Johnny needed a reality check. Most people never had a problem with us killing irredeemable villains before.

Red Hood: And we're not going to argue about that. We're actually touched that you supported your argument with what happened to Alternate Talia, me, and Frank. But the way you said it was harsh.

Nico: You guys have advice for me on that, don't you?

Punisher: And it goes like this. Johnny's still a kid. He hasn't suffered tragedies like we have. So you shouldn't force him to comply with our methods. Let him figure it out on his own. Heck, we actually agreed to have the Kids Next Door arrest Wacko and throw him in one of their prisons.

Nico (sighs): You know what? You guys are right. When we regroup with the others, I owe Johnny an apology. And I'll also remind him that we actually plan to have Wacko arrested by Numbuh One and the rest of the KND.

Talia: Good idea Nico.

Johnny went up to Nico.

Johnny: Look, man. I'm sorry about what I said to you before. Maria told me about the tragedies you guys went through. I shouldn't have judged you like that.

Nico: Apology accepted. I'm sorry too. I shouldn't be trying to force you to comply with our methods. If it makes you feel any better, we plan to have the KND arrest Wacko.

Mary Test: Well, I'm glad to hear that.

Johnny: I like that Nico. Lets get him.

Me: That's the spirit. Come on guys!

We went further into the factory and we saw a female working about to be attacked. We slashed and blasted the robots and blew them apart.

Nico (to female Wacko Employee): You ok?

Female Wacko Employee: Yes.

Jazz: Good. Because you owe us some answers. Like what's going on here?

Female Wacko Employee: Well, all I know is that this is another one of my employer's crazy schemes. I had enough and decided to quit. But he sent his toys after me.

Demolishor: That's not that bad. We can destroy them easily.

Female Wacko Employee: But that's not all. They seem to have gotten more vicious. They actually displayed lasers and fire blasters.

Susan Test: Wacko's toys never had those features before.

Nico: Please tell me this doesn't have something to do with him using a dark orb.

Me: I have a feeling he does. Come on!

We went into Wacko's office and confronted him. We were facing WACKO!

Me: Wacko, you are under arrest. Surrender and we'll let you live. Or we can kill you.

Wacko: You wouldn't kill me. Would you?

Nico: I actually had an argument with Johnny about that. But that probably wouldn't have happened if you had just stuck with making kids happy! Lucky for you, we already decided to have the Kids Next Door arrest you.

Numbuh One: And trust me, I'm going to enjoy doing that.

Me: Me too.

Wacko: Lets see you face my friends! (Maniacal Laughter)

A robot and a Sandslash and Nidoqueen.

Nico: A Sandslash and Nidoqueen!

Me: Perfect for you man.

I fired a blast of lightning and knocked them out and Nico threw two pokeballs and caught them.

Me: Way to go man! (To Wacko) You are a completely honorless slime ball Wacko.

Wacko: You ruined everything for me!

Me: And I show no remorse in doing so like with all the villains we took down. Lets go!

We went at them.

Sonic ran fast and punched the robot all over and pulled out some of its screws.

Sonic: Time to finish it with a combo Jazz.

Jazz: You got it Sonic!

Jazz fired a sonic blast and Sonic ran fast.

Sonic and Jazz: SUPERSONIC MUSIC POUNDER!

Jazz's sonic waves powered Sonic and enhanced his speed and then the robot exploded into a million pieces.

Sonic: Wacko's toys are such slow-mos

Nico: Wacko, you have failed this city! (fires Starscream's Null Ray at him)

It electrocuted him.

Rhino: My turn. Lets get him Demolisher!

Demolisher: You got it Rhino!

Rhino charged and Demolisher fired his missiles.

Rhino and Demolisher: CHARGING MISSILE STORM!

Rhino rammed and the missiles hit Wacko and burned him after they exploded.

Wacko: You think you've accomplished something here? You think you not killing me makes you strong? It just means you're weak.

Nico: No. It means we have humanity, unlike you.

Me: People like you have no place in this planet. You only deserve Hell. But that is too good for you.

Johnny: Lets finish him with a Final Smash. I'll go first.

Johnny aimed his butt at Wacko.

Johnny: THE BALLAD OF JOHNNY MUCK!

Johnny released an enormous fart at Wacko and a balladeer sang.

FAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRRRTTTTTTT

Balladeer:

**If you ever smell the stink of an unwashed dog,**

**Or inhaled the fumes of a gassy bog.**

**If a whiff of rancid rubbish make your tonsils clench,**

**Well, friend, that's just a hint of Johnny Muck stench!**

**Johnny Muck!**

**Chorus: Johnny Muck!**

**Johnny Muck!**

**Chorus: Johnny Muck!**

**And his nauseating butt-buddy Little Yuck.**

**He roams with the sweaty socks and musky boots,**

**He frolics with the belches and the putrid poots.**

**Living by the code of the stink-filled snoots,**

**He loves every aroma just as long as it pollutes!**

**Johnny Muck!**

**Chorus: Johnny Muck!**

**Johnny Muck!**

**Chorus: Johnny Muck!**

**There's no stink that ever stank so rank. No stagnant mildew**

**half as dank. As the stinky stank of Johnny Muck…**

**And his butt-buddy Little Yuck!**

The smell was so horrible that Wacko was on the ground on all fours and hurled his guts out with a tremendous amount of projectile vomiting.

Me: Wow! That is an awesome Fart!

Lana: (Inhales) Oh yeah! That is an awesome smell!

Johnny: (To The viewers) This is my first fight helping Team Loud Phoenix Storm and I have an awesome power already.

Numbuh 1: My turn. WE ARE KIDS NEXT DOOR!

The Codename: Kids Next Door theme played.

Numbuh 1: 1!

Numbuh 2: 2!

Numbuh 3: 3!

Numbuh 4: 4!

Numbuh 5: 5!

They hit Wacko all over the place with powerful punches and kicks and fired laser blaster blasts and the blasts hit Wacko and exploded. Wacko was a mangled up mess.

Me: Your days of trying to kill kids are over forever Wacko. Cuff him.

Numbuh 1 slapped the cuffs on him.

Numbuh 1: Wacko, in the name of the Kids Next Door and Team Loud Phoenix Storm, you are under arrest.

Wacko: You stupid monsters will wish you killed me and I would've gotten away with it, if it weren't for you stupid kids!

Me: That's Meddling Kids and tell it to the judge.

Wacko was taken away. He was sentenced to 200 life sentences without parole in the Uranus Prison. He was also ordered to pay 70 Novemdecillion dollars to Team Loud Phoenix Storm and to the Tests and all of Porkbelly. This made Porkbelly one of the richest cities in the world and also we merged Pork Belly with Gotham Royal York. Johnny Test and his family now live in the estate in a huge mansion connected to ours and he has much better teachers that treat him better and he has a much better lunch selection at school and he is doing better at school. Sissy Blakely and her family live with us too. We also threw Johnny's bully Bumper Randalls and his gang into the Venus Juvenile Detention prison.

BURN IN HELL WACKO.

I wanted to reunite Janeen with Gandrayda. She was killed during the Phazon Crisis in Metroid Prime 3: Corruption and that was a sad part. It wasn't her fault to begin with because of Dark Samus controlling her. The nightmare I had Lincoln describe actually did happen to me in real life. I had that nightmare when I was 7 and it was so horrifying that it was awful. I had it twice in one night. It was horrific. And for the final part, Johnny Test was a funny Canadian cartoon and it was funny. I hated Wacko and all of Johnny Test's enemies with a vengeance. But they were all stupid and funny. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

# Godzilla Attacks New York

It starts at the estate. We were watching TV, playing card games, and reading books. I was in Rita II's room tucking her into bed and reading her a story.

Me: "And the princess was rescued by the brave knight and they lived happily ever after."

Rita II was fast asleep and I played her lullaby wheel and left slowly and quietly and closed the door quietly and left.

Lana: J.D. you have to see this!

Me: Uh oh!

I went downstairs and we saw on a new report on TV in New York City a shocking story. WIDF Channel 12 news caught on camera a strange and rather unusual sight. WIDF news reporter Charles Caiman was reporting.

Caiman: I'm Charles Caiman, WIDF. We New Yorkers think we've seen it all… but what you're going to see right now will shock you beyond belief. This is footage we have that indicates that there is a dinosaur loose in Manhattan. WIDF's exclusive footage was shot barely half an hour ago.

We saw a different version of Godzilla terrorizing all of New York City and we were shocked beyond all forms of imagination.

Me: This is terrible guys!

Lori: I can't believe this. Is that literally Godzilla?

Me: No this is not like the Godzilla we killed over in Japan last year. This is a completely different variation of it. Let me see here.

I did a computer scan and we saw that the Godzilla we killed in Japan and the Godzilla in New York City that just now appeared had no similar characteristics. But their DNA structure was transformed because of nuclear radiation.

Me: This Godzilla is not like the one we killed but they were both created because of nuclear radiation. Maybe we can have the G-Force help out. Computer, call G-Force commander Takaki Aso. Voice I.D. James Dean Knudson, United States of America, ID# 413421623513 Alpha.

Computer: Voice Print confirmed and identified.

I turned my headset into a scrambler and translator.

General Aso: G-Force, Aso here.

Me: General Aso. J.D. Knudson.

General Aso: How can I help you J.D.?

Me: I'm afraid we have a Godzilla over in New York City and the whole city is under a huge evacuation order. Our weapons alone may not be enough for this one. This is what the Godzilla in New York City looks like.

I sent a picture of the Godzilla attacking New York City and General Aso was shocked.

General Aso: My gosh. Now our friends over in America are having problems with Godzilla.

Me: Yes but this is not like the one you all knew from over the course of 64 years.

General Aso: We'll send our tanks and weapons over J.D.

Me: Thank you General. I can beam them over to the city.

General Aso: Okay.

Me: This is gonna be interesting.

The call ended.

Timmy: This is a huge catastrophe.

Cosmo: We can try to become friends with him. Or we can eat tacos all day.

Wanda: Cosmo shut up you dunderhead.

Me: In all honesty Wanda, I don't know what you ever see in Cosmo. He's a total idiot with a brain the size of an underdeveloped soy nut.

Nico: Cosmo might be an idiot. But he's our funny idiot.

Me: I beamed the tanks and weapons of the G-Force over to the command center in New Jersey. Lets get over there. Come on!

Dukey: You sure we should be trying to kill THE legendary Godzilla?

Nico: I know you think he's a legend, Dukey. But do you know how much destruction he's caused?

Me: Yeah in Japan over the course of 64 years he has caused a huge amount of destruction. He first appeared in 1954 and we were caught completely off guard because of it. Thousands of people were killed and trillions of dollars in damages were reported over the course of six and a half decades. The destruction and death Godzilla caused is absolutely horrific. But we'll talk later. Lets go!

We set out for New York City.

---

New York City, New York

---

We were flying over New York City and it was raining a lot. The entirety of the city population was running for their lives and leaving the city.

Caiman: In What city officials are describing as the worst act of destruction since the 9/11 Terrorist attacks, hundreds of thousands of people have jammed the streets in the largest evacuation in this city's history. And many people- Many, many people are not happy about it. Among those unhappy citizens are the managers of the stores along pricey Fifth and Madison Avenues. The Warner Brothers and Disney Stores have been totally cleared out by looters. The Streets are jammed. Traffic is at a standstill. Emergency vehicles cannot have access to any emergency that may develop. And there is a slow but steady stream out of the city as if Long Island or New Jersey were any refuge in this time of crisis.

We flew over the city and saw a bunch of buildings damaged or destroyed, cars crushed, boats in splinters and lots of people dead or injured. The MetLife Insurance company building had a massive hole all the way through the building.

Me: This is just absolutely horrible!

Sasuke: I can't believe this.

Naruto: Me neither. This is terrible.

We arrived at the command center in New Jersey. We saw lots of tanks, army vehicles and more. We were met by Colonel Anthony Hicks.

Col. Hicks: Colonel Anthony Hicks. What are you doing here?

Me: Col. Hicks. J.D. Knudson and Team Loud Phoenix Storm.

Col. Hicks: We're glad you came J.D. Do you know what this creature is?

Me: Yes we do. It's Godzilla. But it's not like the one that terrorized all of Japan for 64 years.

Col. Hicks: I had a feeling. What's with all these new tanks here?

Me: I called the U.N.G.C.C. and they're gonna help out with this.

Col. Hicks: U.N.G.C.C.?

Me: It stands for the United Nations Godzilla Countermeasures Center. They use cutting edge scientific technology and highly advanced weaponry to kill monsters like Godzilla. These are Maser Laser tanks, Maser Jets and weapons that were used in Japan for years. But they were never enough. Our computer analysis shows that this Godzilla that is here right now is not like the one we fought over in Japan last year.

Col. Hicks: We appreciate it J.D.

We went over the situation and the mayor of New York City was not happy with what was going on.

Me: So far we haven't seen it.

Col. Hicks: Yeah. I'm sorry, Mr. Mayor, that's where we are at this point.

Mayor Ebert: Hold on. You're telling me that in an election month, I've evacuated this entire city for nothing? Do you realize what this evacuation is gonna cost the people of this city?

Me: Mr. Mayor, I understand your concern but so far we haven't had any movement detected in the area. Our satellites haven't picked up anything yet.

Col. Hicks: We have been monitoring all the waters around the island, and as far we can tell, this thing has not left the area.

Mayor Ebert: But you don't know for sure.

Col. Hicks: We have a strong reason to believe it may be hiding inside one of the buildings within the restricted area.

Mayor Ebert: But you don't know for sure!

Me: Mr. Mayor please calm down. Getting angry about it won't solve anything.

Lisa: We are using all forms of light on the electromagnetic wavelength to find this reptilian creature. But all our efforts have found nothing.

Col. Hicks: That's right. We cannot give the all clear until each and every one of these buildings has been checked.

Me: And with 60,000 plus buildings in the New York City metropolitan area, that's like looking for a needle in a haystack the size of New York City.

Sergeant O'Neal saluted.

Col. Hicks: What is it?

O'Neal: Excuse me, sir. That may be more d-difficult than we originally projected.

Me: How so Sergeant?

O'Neal: We've run i-into a problem.

Me: We'd better go check it out.

We flew out over the city and we arrived at the 23rd Street Subway Station. But when we went down to the station we saw that it was completely destroyed and it was torn apart.

Me: My gosh!

Laney: Godzilla did all of this!?

O'Neal: Yes. Lieutenant Anderson and his men found this this afternoon.

Lola: This is horrible!

Lana: No kidding. It's gonna take a lot of work to fix this.

Me: No kidding.

Lieutenant: We were checking the office building above when we discovered the floor was gone.

Lucy: Gasp.

Lily: This is awful.

We looked up and saw that Godzilla had dug through the street into this tunnel and tore it open. There was a huge hole in the street.

O'Neal: When we discovered that he could burrow his way through the tunnels, we realized that- We realized that he could be outside the quarantine zone.

Lori: This is literally horrible.

Luna: Dude. No kidding.

Lincoln: Yeah.

Col. Hicks: How many tunnels lead off the island?

O'Neal: Only 14, sir. We checked them all. He hasn't used any of them.

Col. Hicks: Have them all sealed up.

Me: That may not be enough to stop him sir. But we'll make sure he doesn't leave this island.

I used my powers to form a barrier around the island. The barrier is honed in to Godzilla's signature.

With us was my old college buddy Dr. Niko Tatopoulos. I met him 7 years ago when I lived in Colorado.

Niko: You know, he's not some enemy trying to evade you. He's just an animal.

Col. Hicks: What are you suggesting?

Niko: Well, when I had to catch earthworms, I knew the best way to get them was not to dig them out but to draw them out. All we need to do is to find out what he needs, and he'll come to you.

Me: Good idea Niko. It just might work.

We found a bunch of fish flapping on the tunnel floor.

Later we got to work on our plan. We set up a huge trap in Central

Park and we had all kinds of tanks, planes, helicopters and more ready. The 5 Lions of Voltron were with us. 12 of the cities dump trucks poured in a huge pile of fish in the middle of a concrete circle.

Lana: Boy that is a tremendous amount of fish.

Lola: No kidding.

Laney: So what now?

Me: We wait.

We waited for one hour.

Me: I think I know why he's taking so long. Lets uncover some manholes so he can smell the bait in the park.

O'Neal: That's a good idea J.D.

We went to the city and started pulling manhole covers off.

Niko saw another manhole cover.

Niko: Give me the crowbar.

A soldier did so. Niko pulled it off and he heard growling and groaning. We heard it too and saw the street crack.

Me: I think we just found him. Get ready to lead him.

Suddenly Godzilla bursted through the ground and he came up from it and we saw him. He was a huge dinosaur-like lizard.

Me: WOW!

Carol: He's huge!

Nico: Look at the size of him.

Lori: That is literally a huge lizard.

Me: Yeah.

Niko took a picture of him with his camera and Godzilla had some kind of bond with him.

I flew up to Godzilla and we lead him to Central Park and he saw the fish and we hid.

Me: This is it guys.

Godzilla started eating the fish and he was hungry.

Col. Hicks: FIRE AT WILL!

Major: Sergeant, Fire at will.

O'Neal: Fi- Right- FIRE! FIRE! FIRE!

Me: FIRE AT WILL!

We fired missiles, lasers, guns, tanks, energy blasts and all kinds of blasts.

Nico: Godzilla, you have failed this city! (fires Megatron's fusion cannon at him)

Carol fired King Ghidorah's Gravity Lightning at him and we fired all kinds of attacks.

Motormaster: Stunticons, time to merge into Menasor!

Dead End: You got it!

They transformed and combined to form Menasor (G1)

Menasor: Menasor Crush!

Scattershot (Cybertron): Alright, Technobots. It's time to form Computron!

Scattershot (G1): You got it Scattershot! Lets combine guys!

Afterburner: Right!

The Technobots transformed and combined to form the Technobot

Computron.

G1 Silvervolt: Aerialbots, time to form Superion!

Air Raid: Right!

The Aerialbots transformed and combined to form Superion!

Hun-Gurr: Terrorcons, merge to become Abominus!

Rippersnapper: Right!

The Terrorcons transformed and turned into Abominus!

Hot Spot: Protectobots, merge into Defensor!

First Aid: You got it!

The Protectobots transformed and combined into Defensor.

Razorclaw (G1): Predacons, merge into Predaking!

Divebomb: You got it!

The G1 Predacons combined and formed the Predaking!

Scrapper: Constructicons, merge to form Devestator!

Scavenger: You got it.

The Constructicons formed into the Constructicon Devastator!

Onslaught: Combaticons, combine into Bruticus!

Vortex: You got it!

The Combaticons combined into Bruticus!

Terrorsaur: Predacons TERRORIZE!

The Beast Wars Predacons transformed.

Optimus Primal: Maximals MAXIMIZE!

The Maximals, Predacons, Autobots and Decepticons transformed.

Keith: Ready to form Voltron. (Pulls a handle) Activate Interlock. Dyno therms connected. Infracells up. Mega thrusters are go.

Voltron Force: GO VOLTRON FORCE!

The 5 lions flew into the sky and transformed.

Keith: Form feet and legs!

The blue and yellow lions did so.

Keith: Form arms and body!

The Green and Red Lions formed the arms and the black lion turned into the body.

Keith: And I'll form the head.

The head formed. Voltron was ready and we faced Godzilla.

We were hitting him with everything we got.

Edzilla: ED SMASHED FIRST GODZILLA! AND NOW ED WILL SMASH SECOND GODZILLA AS WELL!

Edzilla punched and bashed Godzilla's head.

Timmy: Combo time!

Tidal Wave: Tidal Wave help.

Tidal Wave fired lasers and Timmy fired a blast of magic.

Timmy and Tidal Wave: MAGIC LASER BARRAGE!

The blasts combined and turned into a powerful blast of magic and it hit Godzilla and burned him.

Tidal Wave: Tidal Wave for another combo!

Sunny: You got it.

Sunny fired a purple blast of energy and Tidal Wave fired more laser.

Sunny and Tidal Wave: MANA ENERGY STORM!

The blasts combined and turned into a deadly laser and it burned Godzilla.

Shift: It's combo time Bumblebee!

Bumblebee (TF): Lets get him.

Shift turned into a rhinoceros and Bumblebee turned into a Camaro car and they charged.

Shift and Bumblebee: CHARGING RHINO CARSTORM!

They drove and stampeded over Godzilla.

Me: It's Final Smash Time!

Metroplex: (Scottish Accent) You got it Lad. GIGANTION PRIDE!

Metroplex lifted his huge sawblade staff and swung it and a laser in the shape of the symbol of the planet Gigantion fired and it hit Godzilla.

Keith: It's our turn! Form Blazing Sword!

Voltron formed its sword.

Keith: BLAZING SWORD SLASH!

Voltron slashed Godzilla and I fired a huge energy blast and we completely obliterated him in an instant.

Me: Godzilla is no more!

Everyone cheered wildly for us.

Metroplex: (To the Viewers) That was no doubt the most awesome battle for you lads and lassies.

Later after the battle we recently discovered that Niko found blood. He conducted some tests and discovered that Godzilla was pregnant. A rather unusual trait for a male creature. He reported this to the military and we set out to search for the nest as quickly as possible. We used the satellites to find it and we found it in Madison Square Garden. We went through the tunnels of the wrecked 23rd Street Station and I blasted a hole in a wall and we saw a tunnel.

Me: We have to go this way.

We went through the burrowed tunnel and it lead into Madison Square Garden. Along the way we encountered a Nidoking, a Clefable, a Gyarados and a Rayquaza. I caught the Rayquaza and the Gyarados and Nico caught the Nidoking and the Clefable.

Me: This is it.

We saw a hill and flew up and we found the next. After turning on the lights we saw that there were over 200 eggs.

Me: Wow! Look at all these eggs!

Lana: That is a lot of eggs!

Lola: It sure is.

Lori: And I would not want to make an omelette with these.

Me: No kidding.

Laney: This is too many eggs for me.

Rattrap: This is not the kind of place I would want to go.

Me: Me neither. We have to get out of here and destroy this place.

Lana: I want to keep an egg as a pet.

Me: Well if that's your choice.

Lana beamed an egg to her greenhouse and went back to the estate.

We heard the eggs slosh around and we heard moving in them.

Me: These eggs are alive.

Laney: There's babies in them.

Me: Yep.

Suddenly the eggs started shaking.

Me: They're hatching! Lets go!

We teleport out of the building and I fired an energy blast at the building and it exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole building exploded in a tremendous fireball and the whole nest was completely vaporized in a massive fiery explosion.

Me: Bullseye!

Lori: That was literally explosive.

Me: It sure was.

Varie: Those eggs and babies are all toast.

Aylene C: You said it Varie.

Taranee: They are deep fried.

Cornelia: Yep.

Dukey: You said it. (To the Viewers) This was an intense battle and it was just as awesome as our adventures in Porkbelly.

We went back to the command center and we told Hicks about what we found and did. Team Loud Phoenix Storm had done it again. It was a grand victory and we saved all of New York and the world from the emergence of an incredible threat that threatened to destroy the human race. Back at the estate we saw the egg Lana had hatch and through imprinting the newborn Godzilla thought of

Lana as its mother and Lana was gonna take care of it. I beamed the tanks from Japan back home.

# Valentines Day Dates

HAPPY VALENTINES DAY 2019 EVERYONE

---

It starts with me in my room. I am in an awesome red Hawaiian shirt with flowers and fire on it and I had awesome dress pants on.

Me: Almost ready.

I saw the viewers

Me: (To the viewers) Oh hello everyone. Today is a special day here at the estate. Today is February 14th, 2019 A.K.A. Valentine's Day. It's the one day of the year where you find a special someone and give them a great day that says "I love you". You're all probably wondering why I'm all dressed up really nice. Well, most of us have dates today and we're going to the best place in all of Gotham Royal York. We're going to the very restaurant where Lori and Bobby had their first date: Jean Juan's French Mex Buffet. But a few days ago I found a tragic sight.

---

Me: (Narrating) **I was walking home with some groceries for Mr. Lynn when I walked passed Jean Juan's. But I found a horrible sight. I walked up to the door and saw a sign on it. It was a paper with a skull and below it was the word Hazard and it said "Closed by Order of the Gotham Royal York Health Department due to Health Code Violations."**

Past Me: Oh man! This is the restaurant Lori and Bobby had their first date at!

Me: **It was at that moment on that day that I decided to fix the place up. While Lori was at work at Gus's Games and Grub I gathered everyone else and we fixed the place good as new and gathered the best chefs in all of Gotham Royal York.**

**Surprisingly I found out something awesome as well. I saw that Sora is a great cook as well. He learned so much from our adventures.**

FLASHBACK ENDS

Me: And because of that, Jean Juan's was reopened and made better than ever before and as a thank you, Jean Juan gave us a major lifetime discount. We get 50% off our meal. We're going to Jean Juan's French Mex Buffet for an awesome Valentines Day date. I told everyone else but not Lori and Bobby because we want it to be a surprise. It turns out that they found out about Jean Juan's being closed down and they were hurt because of it. But all that is going to change tonight.

I finished dressing and I was ready.

Me: All set.

I went down to the front door.

We were getting ready.

Nico (to William): You nervous about tonight, William?

William: No way Nico. This is gonna be awesome.

Me: I'm so excited guys.

Varie: Me too J.D.

Rachel: This is gonna be so awesome guys.

Celica: This'll be so awesome!

Me: I'm really excited guys.

Lincoln: Me too J.D.

William: Happy Valentine's Day, Maria.

Maria R.: Same to you William.

May: Happy Valentine's Day, Nico.

Nico: You too May.

Poliwag: I'm so excited.

Poromon: Me too.

Nico: We all are.

Sokka: Suki, I'm really nervous. What if I end up screwing up our date?

Suki: Trust me Sokka. This is a first time for me too.

Me: It's all right you two. I was nervous on my first date as well. But we have been through so much together.

Varie: Yeah. We can do this.

Aang: Katara, this is the first time you and I have gone on a date.

Katara: It sure is Aang.

Maria R. (grins at May): May, are you excited for our double date tonight?!

May: I sure am Maria

Kairi: Sora, I can't believe we're actually going on a date!

Sora: Me too Kairi.

Serena: You know, Ash. If Bonnie and Clemont were here, they would be proud of us going on a date.

Ash: They sure would Serena.

Me: It's gonna be a first for some of us.

Lori and Bobby came down.

Lori: We're all set J.D.

Bobby: I wonder where our date is gonna be.

Me: You're gonna love it Bobby Compadre. But first (hands them blindfolds) put these on. It's a surprise.

Lori: Okay.

Lori and Bobby put them on.

Me: Don't take them off until I tell you too. I know it sounds suspicious, but trust me, you'll love it.

Carol: I'm so excited guys.

Vince: Me too.

Me: I am too guys. Ready to head out?

Luan: You know it J.D.

Eddy: This is gonna be so awesome!

Luna: It's gonna be rockin' luvs!

Sam S.L.: You said it.

Lincoln: I can't wait guys.

Me: Lets head out.

Will: Here we go.

Dallas: Are you excited Carlota?

Carlota: I sure am Dallas.

We left and got into a limousine.

Rita and Lynn Sr. were watching us and they had tears of joy.

* * *

20 minutes later we arrived in front of our destination.

We got out of the Limo.

Me: Okay we're here. Lori, Bobby you can take off your blindfolds.

Lori and Bobby did so and we were at Jean Juan's French Mex Buffet and there was a sign that said Grand Re-opening.

Everyone: Happy Valentines Day!

Lori: You guys literally reopened Jean Juan's!?

Me: We sure did Lori. It was the very restaurant where you and Bobby had your first date. So after it was closed down due to health code violations, I got everyone together and we spruced up the place and made it brand new and got stronger health code enforcers.

Lori hugged me.

Lori: Thank you so much J.D.!

Me: You're welcome Lori.

We went in. We got to order our food and we got a special treat. Sora was gonna cook our meals in front of us. Sora got special coaching from Remy, a rat from the 2007 Disney Movie Ratatouille and Remy is an awesome coach and he is an awesome chef.

Stewie, Venom, Elena, Bumblebee (Transformers), Huffer, Brawn, Gears, Windcharger, Cliffjumper, and Riku were outside of the restaurant watching the happy couples.

Venom: Why are we spying on them again?

Elena: It's not exactly spying, Venom.

Stewie: We're just keeping on eye out for anyone that might try to barge into the restaurant uninvited.

Bumblebee: Muggers and robbers would be good examples.

Huffer: I get it. That way, we'll be able to make sure that the nice time in the restaurant isn't interrupted.

Brawn: Now you're getting it, Huffer.

Riku: I actually like this plan. This is Sora and Kairi's first date together. I don't want anyone ruining it.

Gears: We could've at least picked a better hiding spot.

Cliffjumper: I didn't know that Sora was a great cook.

Riku: He's a great cook Cliffjumper. He can make all kinds of great food that is right up there with Mr. Lynn.

Bumblebee: I can believe it.

Elena: I heard he had some help.

Riku: He did.

As we had our dinner we decided to sing some great songs. Kairi went first.

Kairi: My song that I'm going to sing for you all is My Sanctuary by Utada Hikaru. This song is dedicated to the greatest friend and the best and most amazing love of my life, Sora.

The song began and it turned into an amazing timeline of all the adventures Sora, Riku, Kairi, Mickey, Donald, Goofy and their friends had been on. Kairi spread her wings.

Kairi: (Singing Divinely)

I need more affection than you know

In you and I there's a new land

Angels in flight

I need more affection than you know

A sanctuary, my sanctuary, yeah

Where fears and lies melt away

Music in time

I need more affection than you know

What's left of me, what's left of me now

I watch you

Fast asleep

All I fear means nothing

In you and I there's a new land

Angels in flight

I need more affection than you know

A sanctuary, my sanctuary, yeah

Where fears and lies melt away

Music in time

I need more affection than you know

What's left of me, what's left of me

So many ups and downs

My heart's a battleground

I need true emotions

I need more affection than you know

I need true emotions

You show me how to see

That nothing is whole

And nothing is broken

In you and I there's a new land

Angels in flight

I need more affection than you know

A sanctuary, my sanctuary, yeah

Where fears and lies melt away

Music in time

I need more affection than you know

What's left of me, what's left of me now

My fears, my lies

Melt away

I need more affection than you know

We cheered wildly and it was an awesome song Kairi sang. Sora was in tears of joy. He ran up to the stage and he and Kairi looked into eachothers eyes and then they kissed. It was a scene of pure love.

We cheered wildly for them.

Riku listened outside.

Riku: Wow! Kairi has a magnificent voice.

Elena: She sure does. It's like she's an angel.

Venom: That was so amazing. We're so happy for both Sora and Kairi.

I was next.

Me: I have an awesome song for you all. I'm going to be singing "My

Heart Will Go On" by Celine Dion.

Lori: That is literally one of my favorites.

Me: It's one of my favorites too.

The song played and it showed all the famous scenes from the movie Titanic from 1997.

Me: (Singing Divinely)

Every night in my dreams

I see you, I feel you

That is how I know you go on

Far across the distance

And spaces between us

You have come to show you go on

Near, far, wherever you are

I believe that the heart does go on

Once more you open the door

And you're here in my heart

And my heart will go on and on

Love can touch us one time

And last for a lifetime

And never let go till we're gone

Love was when I loved you

One true time I hold to

In my life we'll always go on

Near, far, wherever you are

I believe that the heart does go on

Once more you open the door

And you're here in my heart

And my heart will go on and on

You're here, there's nothing I fear

And I know that my heart will go on

We'll stay forever this way

You are safe in my heart and

My heart will go on and on

Everyone cheered wildly for me.

Me: Thank you guys. Happy Valentines day to you all.

Lincoln was up next.

Lincoln: This one goes out to my beautiful fiancés. I'm going to sing Forever and Ever Amen by Randy Travis.

Me: Nice choice.

The song played and it started showing scenes and landscapes from the American Old West.

Lincoln: (Singing like Randy Travis)

You may think that I'm talking foolish

You've heard that I'm wild and I'm free

You may wonder how I can promise you now

This love that I feel for you always will be

But you're not just time that I'm killin'

I'm no longer one of those guys

As sure as I live, this love that I give

Is gonna be yours until the day that I die

Oh, baby, I'm gonna love you forever

Forever and ever, amen

As long as old men sit and talk about the weather

As long as old women sit and talk about old men

If you wonder how long I'll be faithful

I'll be happy to tell you again

I'm gonna love you forever and ever

Forever and ever, amen

They say time take its toll on a body

Makes a young girl's brown hair turn gray

Well, honey, I don't care, I ain't in love with your hair

And if it all fell out, well, I'd love you anyway

They say time can play tricks on a mem'ry

Make people forget things they knew

Well, it's easy to see it's happenin' to me

I've already forgotten every woman but you

Oh, darlin', I'm gonna love you forever

Forever and ever, amen

As long as old men sit and talk about the weather

As long as old women sit and talk about old men

If you wonder how long I'll be faithful

Well, just listen to how this song ends

I'm gonna love you forever and ever

Forever and ever, amen

I'm gonna love you forever and ever

Forever and ever, forever and ever

Forever and ever, amen

We cheered wildly.

Me: Way to go Lincoln!

Varie: Wow! He sounded just like Randy Travis!

Rachel: He sure did.

Matt O.: That is a great talent.

Megan: Me and Cornelia are next.

They went on stage.

Megan: We're gonna sing See You again by Miley Cyrus.

Me: Ooh great choice.

The song began and it showed an awesome field of flowers.

Megan and Cornelia: (Singing Divinely)

I got my heart set on you and I'm ready to wait

I have a heart that will never be tamed

I knew you were something special when you spoke my name

Now I can't wait to see you again

I've got a way of knowing when something is right

I feel like a must've known you in another life

'cause I felt this deep connection when you looked in my eyes

(Can't wait)

Oh, I can't wait to see you again

The last time I freaked out, I just kept looking down

I st-st-stuttered when you asked me what I'm thinking bout

Like I couldn't breathe you asked what's wrong with me

My best friend Leslie said, ?Oh she's just being Miley?

The next time we hang out, I will redeem myself

My heart, it can't rest till then oh, woah woah

I can't wait to see you again

I got this crazy feeling deep inside

When you called and asked to see me tomorrow night

I'm not a mind reader but I'm reading the signs

That you can't wait to see me again

The last time I freaked out, I just kept looking down

I st-st-stuttered when you asked me what I'm thinking bout

Like I couldn't breathe you asked what's wrong with me

My best friend Leslie said, ?Oh she's just being Miley?

The next time we hang out, I will redeem myself

My heart, it can't rest till then oh, woah woah

I can't wait to see you again

I got my sight set on you and I'm ready to wait

The last time I freaked out, I just kept looking down

I st-st-stuttered when you asked me what I'm thinking bout

Like I couldn't breathe you asked what's wrong with me

My best friend Leslie said, ?Oh she's just being Miley?

The next time we hang out, I will redeem myself

My heart, it can't rest till then oh, woah woah

I can't wait to see you again.

We cheered wildly for them both!

Me: That was awesome!

Lori: It literally was.

Nico: Now its me and May's turn.

May: Lets go.

They went up to the Stage.

Nico: We're gonna be singing Feel Again by One Direction.

Me: Ooh great song.

The song played and we were in the endless void of space with lots of planets, stars, galaxies and nebulae.

Nico: (Singing Divinely)

It's been a long time coming since I've seen your face

I've been everywhere and back trying to replace

Everything that I've had till my feet went numb

Praying like a fool that's been on the run

May: (Singing Divinely)

Heart still beating but it's not working

It's like a million dollar phone that you just can't ring

I reach out trying to love but I feel nothing

Yeah, my heart is numb

Nico:

But with you, I feel again

May:

Yeah with you, I can feel again, yeah

Nico and May:

I'm feeling better since you know me

I was a lonely soul but that's the old me

Nico:

It's been a long time coming since I've seen your face

I've been everywhere and back trying to replace

Everything that I broke till my feet went numb

Praying like a fool who just shot a gun

May:

Heart still beating but it's not working

It's like a hundred thousand voices that just can't sing

I reached out trying to love but I feel nothing

Oh my heart is numb

Nico:

But with you, I feel again

May:

And with you, I can feel again

Nico & May:

But with you (I'm feeling better since you know me)

I feel again (I was a lonely soul but that's the old me)

Yeah with you (I'm feeling better since you know me)

I can feel again (I was a lonely soul)

Nico:

Woo hoo (Woo hoo)

Nico & May:

I'm feeling better ever since you know me

I was a lonely soul but that's the old me

Nico:

A little wiser now from what you showed me

Nico & May:

Yeah, I feel again, feel again woo hoo

We cheered wildly for them!

Me: That was awesome!

Jean: It sure was J.D. You are your friends have a lot of talent.

Me: We get that all the time Jean.

Varie: Yeah.

Matt O.: Lets go sing our song next.

Will: Okay Matt.

Matt and Will went to the stage.

Matt O.: For our song we're going to be singing Falling Into You by Celine Dion.

Will: That's one of my favorites Matt.

Me: This is gonna be awesome.

The song played and we were in the jungles of Africa and it was a breathtaking sight.

Will: (Singing Divinely)

And in your eyes I see ribbons of color

I see us inside of each other

I feel my unconscious merge with yours

And I hear a voice say, "what's his is hers"

Matt:

I'm falling into you (falling into you)

This dream could come true

Will:

And it feels so good falling into you (falling into you)

Matt:

I was afraid to let you in here (I was afraid)

Now I have learned love can't be made in fear

The walls begin to tumble down

And I can't even see the ground

I'm falling into you (falling into you)

Will:

This dream could come true

And it feels so good falling into you (falling into you)

Matt and Will:

Falling like a leaf, falling like a star

Finding a belief, falling where you are

Will:

Catch me, don't let me drop

Matt:

Love me, don't ever stop

Will:

So close your eyes and let me kiss you

And while you sleep I will miss you

I'm falling into you (falling into you)

Matt:

This dream could come true

Will:

And it feels so good falling into you (falling into you)

Matt and Will

Falling like a leaf, falling like a star

Finding a belief, falling where you are

Falling into you

Falling into you

Falling into you, yeah

When the song was done we cheered wildly.

Me: That was awesome!

Irma: They sure can sing.

Taranee: I'm so happy for them both.

Elyon: Me too Taranee.

Lillian: I think it's so awesome.

Luna: Our turn guys!

Sam S.L.: Lets rock on luv!

Luna and Sam were on the stage.

Luna: Happy Valentines Day dudes! We're gonna sing for you all Humans Being by Van Halen.

Me: Righteous!

Vince: I love that song!

Carol: Me too!

Me: Rock on dudettes!

The song played and a raging thunderstorm formed with lots of lightning, rain, hail and tornadoes. It also showed the scenes from the awesome 1996 movie Twister.

Luna and Sam: (Singing Hardcore)

There is just enough Christ in me

To make me feel almost guilty

Is that why God made us breed

To make us see we're Humans Being

You break this, I'll break all that

You break my balls with all your crap

Spread your disease like lemmings breeding

That's what makes us humans being

Shine on, shine on

Shine on, shine on

Some low life flat head scum infects

The sickness in his eyes reflects

You wonder why your life is screaming

Wonder why your Humans Being

Shine on, shine on

Shine on, shine on

Humans

Humans being

We're just humans, humans being

That's what makes us

Humans being

When the song ended we were soaked and we cheered wildly.

Luna: GOOD NIGHT GOTHAM ROYAL YORK!

SAM S.L.: YOU ROCK LUVS!

Me: That was awesome!

Hay Lin: Rock on guys!

Lori: They literally have a lot of talent.

Me: They sure do.

Dallas: Our turn Carlotta.

Carlotta: Oh boy.

Dallas and Carlotta went up to the stage.

Dallas: We're gonna sing for you I Just Died in Your Arms Tonight by The Cutting Crew.

Me: Nice.

The song played and the scene was a beautiful meadow with lots of flowers.

Dallas: (Singing Divinely)

Oh I, I just died in your arms tonight

It must have been something you said

I just died in your arms tonight

I keep looking for something I can't get

Broken hearts lie all around me

And I don't see an easy way to get out of this

Her diary it sits on the bedside table

The curtains are closed, the cats in the cradle

Who would've thought that a boy like me could come to this?

Carlotta (Singing Divinely)

Oh I, I just died in your arms tonight

It must've been something you said

I just died in your arms tonight

Oh I, I just died in your arms tonight

It must've been some kind of kiss

I should have walked away, I should have walked away

Dallas:

Is there any just cause for feeling like this?

On the surface I'm a name on a list

I try to be discreet but then blow it again

Carlotta:

I've lost and found, it's my final mistake

She's loving by proxy, no give and all take

'Cos I've been thrilled to fantasy one too many times

Dallas and Carlotta:

Oh I, I just died in your arms tonight

It must've been something you said

I just died in your arms tonight

Oh I, I just died in your arms tonight

It must been some kind of kiss

I should have walked away, I should have walked away

Dallas:

It was a long hot night

She made it easy, she made it feel right

Carlotta:

But now it's over the moment has gone

I followed my hands not my head, I knew I was wrong

Dallas and Carlotta:

Oh I, I just died in your arms

Oh I, I just died in your arms

The song ended and we cheered wildly for them.

Me: Awesome!

Eddy: That was so awesome!

Luan: It sure was.

William: It's our turn.

Maria R.: Lets do it.

William and Maria went to the stage.

William: We're gonna be singing for you all What Makes You Beautiful by One Direction.

Maria R.: That's a great choice.

The song began and we were at the beach.

William: (Singing Divinely)

You're insecure

Don't know what for

You're turning heads when you walk through the door

Maria R.: (Singing Divinely)

Don't need make-up, to cover up

Being the way that you are is enough

Everyone else in the room can see it

Everyone else but you

William:

Baby you light up my world like nobody else

The way that you flip your hair gets me overwhelmed

But when you smile at the ground it ain't hard to tell

William and Maria:

You don't know, oh oh

You don't know you're beautiful

If only you saw what I can see

You'll understand why I want you so desperately

Right now I'm looking at you and I can't believe

You don't know, oh oh

You don't know you're beautiful, oh oh

That's what makes you beautiful

Maria:

So come on, you got it wrong

To prove I'm right, I put it in a song

William:

I don't know why, you're being shy

And turn away when I look into your eye eye eyes

Maria:

Everyone else in the room can see it

Everyone else but you

William:

Baby you light up my world like nobody else

The way that you flip your hair gets me overwhelmed

But when you smile at the ground it ain't hard to tell

William and Maria:

You don't know, oh oh

You don't know you're beautiful

If only you saw what I can see

You'll understand why I want you so desperately

Right now I'm looking at you and I can't believe

You don't know, oh oh

You don't know you're beautiful, oh oh

That's what makes you beautiful

Maria:

Baby you light up my world like nobody else

The way that you flip your hair gets me overwhelmed

William:

But when you smile at the ground it ain't hard to tell

William and Maria

You don't know, oh oh

You don't know you're beautiful

Baby you light up my world like nobody else

The way that you flip your hair gets me overwhelmed

But when you smile at the ground it ain't hard to tell

You don't know, oh oh

You don't know you're beautiful

If only you saw what I can see

You'll understand why I want you so desperately

Right now I'm looking at you and I can't believe

You don't know, oh oh

You don't know you're beautiful, oh oh

You don't know you're beautiful, oh oh

That's what makes you beautiful

We cheered wildly for them.

Me: ALL RIGHT!

Irma: That was so awesome!

We wrapped it up with Lori and Bobby singing.

Lori: This is a song for me and Bobby. We're literally going to sing I Hope You Dance by Lee Ann Womack.

Lincoln: That's a great song.

Eddy: This is gonna be awesome! I love country western music.

Luan: Me too.

The song began and we were in an old west style town.

Lori: (Singing Divinely)

I hope you never lose your sense of wonder

You get your fill to eat but always keep that hunger

May you never take one single breath for granted

God forbid love ever leave you empty handed

Bobby: (Singing Divinely)

I hope you still feel small when you stand beside the ocean

Whenever one door closes I hope one more opens

Promise me that you'll give faith a fighting chance

And when you get the choice to sit it out or dance

Lori and Bobby:

I hope you dance

I hope you dance

Bobby:

I hope you never fear those mountains in the distance

Never settle for the path of least resistance

Livin' might mean takin' chances, but they're worth takin'

Lovin' might be a mistake, but it's worth makin'

Lori:

Don't let some Hellbent heart leave you bitter

When you come close to sellin' out, reconsider

Give the heavens above more than just a passing glance

And when you get the choice to sit it out or dance

Lori and Bobby:

I hope you dance (Time is a wheel in constant motion always rolling us along)

I hope you dance

I hope you dance (Tell me who wants to look back on their years and wonder)

I hope you dance (Where those years have gone?)

Lori:

I hope you still feel small when you stand beside the ocean

Whenever one door closes I hope one more opens

Bobby:

Promise me that you'll give faith a fighting chance

And when you get the choice to sit it out or dance

Lori and Bobby:

Dance

I hope you dance

I hope you dance (Time is a wheel in constant motion always rolling us along)

I hope you dance (Tell me who wants to look back on their years and wonder?)

We cheered wildly. It was an awesome song!

Me: Way to go guys!

Lincoln: That was so awesome!

Paige: It sure was Linky.

Lilly: It's so amazing that everyone can sing.

Me: Not all of us can sing as good as others. But we have hidden talents within us.

Lincoln: That's true.

After we paid for our dinner we left the restaurant. However when we got to the street we got an unexpected surprise. It was a Jigglypuff.

Me: A Jigglypuff.

Ash: Oh no. Not this one again!

Me: What's wrong Ash?

Ash: Me and my friends have a really bad history with this Jigglypuff.

Me: How so Ash?

Ash: Every time this Jigglypuff appears in front of a live audience he would sing to us and we would fall asleep. Then we would wake up with black marker scribbles on our faces.

Me: This I got to see.

Nico: Okay.

Jigglypuff started singing and its melodious voice was powerful enough to put some of us to sleep. Jigglypuff got mad by puffing up and then it took the cap off its marker and just as it was about to draw on my face I grabbed it.

Me: Not this time Jigglypuff.

William (to the Jigglypuff): Nice try. But some of us had earplugs on.

Nico: And some of us have wills so strong that we can't go to sleep by force.

Me: Yep.

Ash had earplugs on and he threw a Pokeball and caught the Jigglypuff.

Me: Way to go Ash!

Serena: Serves that Jigglypuff right.

Me: I wouldn't say that Serena. But because of all the trouble it caused to Ash and his friends I'll make an exception.

Serena: I agree.

Windcharger: One of these days, us or one of the other Autobots should sing a song.

We went back home in our Limo and when we got out at home we saw another surprise. It was a Gardevoir.

Me: A Gardevoir.

May: I remember that Pokemon.

Me: It's psychic powers are amazing.

I used my telepathic powers to talk to it and it agreed to be caught. I threw a Pokeball and caught it.

It was an awesome Valentines day.

Samus: (To the viewers) This sure was an awesome Valentines Day huh?

Me: It sure was Samus. (To the Viewers) Have a great Valentines Day to you all and be sure to give your love to that special someone that you care about the most.

Me and Varie wink to the camera and a red heart iris closed around us and it had a doily around it.

# Prehibernation Week

In the Estate. Lily was sitting on the sofa and we were putting bandages on her. She was covered in bumps, bruises, cuts, scrapes and her leg was broken and her left arm was in a cast.

Me: Jeez Lily, what the heck did you do to yourself!? You look like you got into a fight with a sawmill and a meat tenderizer and lost.

Lily: It was not my doing. It was Sandy. Her Hibernation was coming up and we had to do all the stuff she wanted to do before then. I gladly volunteered to do her activities with her.

---

Lily: (Narrating) **It was one week ago and Sandy and me were doing her chores before she goes to sleep for the winter.**

Sandy: There we go! [Sandy rakes a pile of leaves in the shape of Texas] Lily, I got all the leaves ra… [steps on piles of leaves still on the ground] Lily, what are all these leaves doing here? You said you were going to rake them!

Lily: [peeks her head out of a pile of leaves she is in] I'm raking leaves as fast as I can Sandy.

Sandy: But they're still all over the ground!

Lily: Sandy, I can't rake any faster. [picks up a leaf and starts scraping them with a tiny rake] There are so many leaves. [leaf breaks into more pieces] And they keep breaking into smaller leaves.

Sandy: [Sandy pushes her away and rakes them herself] Then go scrape the salt lick or somethin'! We got to get this stuff done before it's too late!

Lily: What are you in a big hurry for Sandy?

Sandy: [hanging laundry] I told ya, Lily… [scrubs the birdbath with a toothbrush] I'm hibernating next week.

Lily: You're gonna go to sleep for the whole winter?

Sandy: [painting the fence] That's right Lily.

SpongeBob: Can I do that?

Sandy: [chuckles] No, Spongebob you silly guy. It's a mammalian thing. [paints over SpongeBob's helmet]

SpongeBob: Sandy, you may not have noticed, but I is 100% ma-male.

Lily: She means that creatures like her can only do this.

SpongeBob: Oh.

Sandy: [cleaning her exercise wheel] Enough chitter-chatter, guys. We don't have much time left!

SpongeBob: Why, Sandy? When does your… "carburation" begin?

Lily: It's actually hibernation Mr. SquarePants.

[Sandy jumps down, pulling down a giant calendar with a giant x on the 8th]

Sandy: In one week!

SpongeBob: But Sandy, that only gives us 1, 2, 3… [gasps] 168 more hours of playtime!

Lily: Seven whole days!? That doesn't give us a whole lot of time.

Sandy: You're telling me. And there's still so much stuff to do! We gotta climb some things!

SpongeBob: Climb!

Sandy: We gotta jump off of stuff!

SpongeBob: Jump!

Sandy: We gotta ride!

SpongeBob: Ride!

Sandy: I don't wanna go to sleep yet!

SpongeBob: Wait, Sandy! [Sandy starts to cry]

Sandy: I can't burn carbs in my sleep!

SpongeBob: Sandy?

Sandy: What?!

Lily: Sandy, I would be more than happy to do your activities with you and I'm more than willing to sacrifice any of my time that I haven't already sold to Mr. Krabs and Mr. Squarepants to you. [Pantera playing]

Sandy: Well, I'm glad, Lily, 'cause for the next seven days, it's gonna be you, me, and these sweatbands! [Holds them up.]

Lily: Like my sister Lynn says: Oh It IS ON!

---

SAND MOUNTAIN

---

Lily: (Narrating) **Our first activity was shredding down Sand Mountain and it was awesome!**

[Cut to the giant sand mountains area. Sandy is riding a giant clam shell smashing through a sign] Yee-ha! [sliding down the mountain so fast she is now on fire. She rides past a fish with a backpack on his back. When she goes past him, he drops to the ground and rolls around cause he is on fire. She then rides past a man and a woman. The woman now wears a jogging outfit and the man is now riding a tricycle and holding a lollipop and paddleball. The woman looks at him]

Unnamed Fish #1: Uh… I can explain. [Sandy flips in mid-air, still on fire]

Sandy: I'm hotter than a hickory-smoked sausage! Woo-hoo! [Lily is wearing her Lavender karate head gear and riding down the mountain on a board. Cut to two kids, building a sandman]

Girl: Maybe, if we sing that song, he'll come to life.

Billy: Ready?

Both: [singing] Oh, there once was a sandman… [Lily rides into the sandman. a musical note pops up]

Lily: Life's as extreme as you want to make it! [jumps off the mountain] Whoo!

Girl: Maybe we didn't sing it right. [Lily is flying toward the ground. When she hits it, two bones are sticking out]

CRACK!

Lily: Yeah. [cut to Sandy and Lily standing outside Sandy's treedome] Whew, what a workout. [pulls out her right arm and shows its damages] I'm going to be feeling this tomorrow. [her arm falls to the ground] Ow. But no pain, no gain.

Sandy: I got to say, I'm impressed with you, Lily. You're making this the best pre-hibernation week ever.

Lily: Thanks Sandy. Well, we'd better get home before Gary chews up the sofa again. [sighs as SpongeBob lifts her up bridal style and moves her over to his house. Later, it's nighttime and she is carried into a second bed] Good night, Mr. SquarePants. Good night, Gary.

Lily: (Narrating) **Just as I was about to fall asleep, I was catapulted into a freezing cold lake.**

[falls asleep. Then Sandy pushes a button on a remote which launches Lily out of the bed and into a lake. Lily is now a block of ice. Sandy jumps in and becomes a block of ice]

Sandy: Nothing like a refreshing morning dip, huh, Lily?

Lily: [shivering] W-what h-happened to s-sleeping? [Sandy pulls down a calendar]

Sandy: I'll be asleep all winter! We only got three days for fun. [swims away] Well, hurry now! The giant clams like to feed at this hour!

Lily: (Narrating) **Next we played a really crazy game called Extreme Jacks.**

[Lily lifted a bowling ball into a tube. Sandy blows her whistle giving the signal and Lily runs to the end and picks up a few jacks before the bowling ball hits her on her head. Sandy does the same thing but the bowling ball cracks her helmet]

Sandy: Isn't this great?

Lily: Yeah! I've never played extreme jacks before! [cut to Sandy and Lily with giant q-tips]

Sandy: Okay, Lily, this one's going to be fun. We just whack each other with these giant ear cleaners 'til one of us falls off. [lifts hers up] On your mark… get set…

Lily: Sandy, are you sure we're supposed to be standing up here?

Sandy: Go! [hits Lily and Lily did the same thing. Sandy bashed Lily all over the place with the ear cleaners and that was how she got her bruises and a black eye. Lily lands on a fire hydrant. Sandy rides up on a two-seated bike] Come on, Lily. We're goin' for a tandem ride through the park!

Lily: All right. I could use a little relaxation.[gets up. She jumps on the bike] Okay, I'm ready! [Pantera Plays and Sandy and Lily pedal hard] I thought you said we were riding through the park, Sandy!

Sandy: I did, Lily, the industrial park! [they ride into a giant factory] This is where the real action is! [Sandy pedals on barbed wire] This part gets pretty technical! Yee-haw! Now for the speed course. Hold on! [they ride through a conveyor belt with a giant crunching mouth at the end] I hope we make it! [bike begins to fall to the ground fast. Lily screams.] I'm havin' fun, too! [as they hit the ground, Lily falls off the bike with a thud. Sandy tosses a fishing rod at her] Wake up, slowpoke. [scene scrolls over to show a plane] We're going fly-fishing. [rimshot]

Lily popped back up.

Lily: Now you're talking!

Lily spread her wings and took her fishing rod and they flew into the air. But then a huge flock of Razor Clams appeared and they flew past then and Lily was covered in bleeding cuts and scrapes.

Lily: Ouch! That really hurt.

Sandy: I hope you're ready Lily. 'Cause it's time for a down-home favorite! [holds up a piece of hay. Pantera plays again] Find the hay in the needle stack! [throws it in a giant pile of needles. Cut to inside the needle pile where Lily is covered in needles and still getting poked, scratched and cut with them] Did you find it?

Lily: Not yet. Ow.

Sandy: Well I'm going to look over here.

Lily: Okay. Ouch.

Lily found the hay.

Lily: Found it Sandy!

Sandy: You're really good Lily.

Lily: (Narrating) **We did all kinds of crazy games that most people would consider death sentences and they hurt really bad. But before we were about to do the last game, Sandy fell asleep and she was out cold. Using the strength I had left because of my injuries, I carried Sandy back to the house and put her in bed. Then I fainted.**

FLASHBACK END

Lily: Next thing I knew I was back here. And that's how I wound up like this.

Lori: You literally have been through a war.

Lana: More like a battle with a sports crazed maniac. No offense Lynn.

Lynn: None taken Lana.

Laney: I'm glad you're all right Lily.

Lily: Thanks Laney.

Me: But it was really thoughtful of you to help Sandy out like that Lily.

Lily: Thanks J.D.

Ed: I'm glad to too. (To the Viewers) Remember kids, sometimes playing sports can be fun, but most times it's really painful.

Me: You said it Ed.

Prehibernation Week was a funny episode of Spongebob. Sandy had Spongebob do all kinds of death-defying games that were considered suicidal. I wanted to have Lily show how tough she is by having her use everything she learned from all of us. Let me know what you all think.

See you all next time.

# Guardians of Candrakar to the Rescue

It starts in the Neptune Prison. I was facing Ozai and he was not too happy to see me.

Me: I don't understand you Ozai. You were once one of the most powerful Firebenders in all of the world and now here you are 2.7 billion miles away from home after Avatar Aang stripped you of your Firebending and now you are no longer a threat to the world.

Ozai: Because of you and the Avatar, I am now forced to rot in this lowly prison cell.

Me: You brought all that on yourself because of your own selfishness and tyrannical oppression. Your actions have done more harm than good and your crimes nearly destroyed the world. Your grandfather brought the Air Nomads close to the razors edge of extinction and killed and destroyed numerous lives because of it. But there are others that are worse than you but you made it all the way to the very top of the list.

Ozai: Haven't you tormented me enough?

Me: No. We only started with the tip of the iceberg with the full extent of your crimes. So expect more visits from me and my friends.

I left and Ozai was gonna get more visits from me and my friends in the future.

---

At home in the estate I was having tea with Aang and Katara.

Me: We have a lot of cleaning up to do now that the war is done.

Aang: We sure do J.D.

Me: Yeah. Aang I'm really sorry about your people. They did not deserve this and to have this happen to them.

Katara: What Fire Lord Sozin did to them was absolutely despicable.

Me: Yeah. But our alliance has a special project that goes with it. We call it the 100 Year War Relief Project. It has 2 main purposes. The first one is to rebuild everything and restore the lands that were destroyed by the Fire Nation. And the 2nd part is the restoration of the Air Nomads and the Southern Water Tribe.

Aang: That's an awesome project!

Katara: That's a big step for all of us.

Me: It is. But it's gonna take a lot of money and time. I set up charities and donation boxes in all the major cities of the world for this.

Katara: I know you all can do it J.D.

Me: As long as there's hope.

---

In the training yard, Ino was practicing her Firebending. She was firing blasts of fire at a training dummy that looks like Fire Lords Sozin, Azulon and Ozai. Her Firebending is one of the strongest ever known and it was almost right up there with Eion's.

Ino: Wow! My Firebending has come a really long way.

Choji: It sure has Ino. You are not the same girl we know over in the Leaf. You are still a mindwalker and now an awesome Firebender.

Ino: Thanks Choji. I wonder how I would fair to a creature like Bowser?

Will: I have a feeling we all can win against him.

I arrived.

Me: I think we can put that theory to the test. Lets head to the

Simulator.

Will: Okay.

We did so.

---

We were in the Simulator and Team W.I.T.C.H.J.E.M.M., Lincoln, The Constructicons, Kirby, Paige, Mindy, Laney, Lily, Samus, Toadette, Grimlock (RID), Grimlock (Dinobot), Ironhide, Sakura, Ino, Francis, Choji, Shockwave, Terrorsaur and Fu were with us. The Simulator activated and we were in the Mushroom Kingdom.

Me: We're in the Mushroom Kingdom again.

Will: Here we are in the Mushroom Kingdom again.

Ironhide: But this time, you've got me and Shockwave to help you out.

Me: Lets not forget Francis, Choji, Terrorsaur, Ino, Sakura and Fu.

Fu: That's right J.D.

Me: Yep. I don't sense Mario, Peach or Luigi here. They must be at Delfino Island.

Lincoln: In Super Mario Sunshine?

Me: That's it. Lets head out!

We flew over to Delfino Island.

We arrived and saw that it was a beautiful paradise.

Paige: There it is. Delfino Island.

Sakura: It sure is beautiful.

Fu: Yeah.

Ironhide: I would live on this island.

Shockwave: I would like it as a vacation spot.

Me: Me too

Megan: It's too bad we didn't bring our swimsuits here, Cornelia.

Cornelia: I know, Megan. But right now, we have to focus on the current crisis.

Me: Yeah. I sense that Bowser and his Koopa Family are here too.

We landed on the island and we saw ugly patches of ooze.

Me: What in the world is this slime?

Terrorsaur: Shockwave, can you analyze on what these slimy things are?

Shockwave: I can try.

Shockwave's eyes glowed and he scanned the ooze.

Shockwave: It's ink. Someone is splattering ink all over the island.

Lily: This is Bowser Jr.'s handiwork. He splattered all this ink everywhere while looking like Mario in an attempt to make his image look bad.

Me: That little freak! We have to clear Mario's name. Come on!

We went to the Delfino Courthouse and saw Mario on trial.

Me: Oh no. Stop!

Everyone saw us.

Me: Mario is innocent. He has been framed for crimes he did not commit.

Judge: What proof do you have if this?

I form a holographic image of the Mario imposter.

Me: Is this the Mario lookalike?

Mario was shocked. This black version of Mario was the one responsible for ruining his image and his good reputation.

Me: Your honor we apologize for interrupting your court but if it is okay with you and the citizens of Delfino Island, we would like to help Mario and give him a chance to clear his name.

Will: Your honor, we can absolutely prove that Mario didn't do those crimes!

Me: And we also know who's behind all this.

I change the image to Bowser Jr.

The people of Delfino Island knew Bowser and his family and the torment they have caused to the Mushroom Kingdom.

Hay Lin: We already have one Bowser in prison. I'm sure no one will mind if we killed this one.

Me: You read my mind Hay Lin.

?: Let me help out too.

We turned and we saw Inkling from SplatToon.

Samus: Inkling!

Inkling: Hey Samus. It's great to see you again.

Samus: Same here. What brings you to Delfino Island?

Inkling: I heard that there was a disturbance going on here and that this island was having problems with a creature of ink.

Me: We found out that it's Bowser Jr. and his dad ruining Mario's image and he tried to frame him for crimes he didn't commit here.

Judge: And from the looks of things, Mario doesn't even own a giant paintbrush.

Me: No he doesn't. Over the course of 38 years he never even touched a paintbrush like that.

Laney: I would use a paintbrush like that. I am an artist but I would never use it for evil like that.

Me: It would be perfect for you Laney.

---

In the control room…

Bowser Jr: You know what? I almost forgot about my magic paintbrush except for when I used my Final Smash on Papa. I should use it more often.

Varie: That's a good idea B.J.

Bowsette Jr.: Go for it bro.

Wendy II: Good idea.

---

In the island courtroom we got the Judge's decision.

Judge: All right. I'll allow it. But who are all of you?

Me: Oh I apologize your honor. We are Team Loud Phoenix Storm.

Everyone gasped when they heard that name.

Judge: The famous Team Loud Phoenix Storm!? It's such an honor that you all are here J.D.

Me: Thank you your honor. All right guys. Lets get to work!

Mindy: Lets do it!

We went out to the main district of Delfino Plaza and we cleaned up a lot of ink.

Inkling: This is a lot of ink! Bowser Jr. did a great job vandalizing this

place.

Me: He sure did.

Lincoln: Hey Mario what is that cool device on your back?

Mario: (Italian Accent) This is called-a the F.L.U.D.D.

F.L.U.D.D.: (Robotic Voice) I am the Flash Liquidizer Ultra Dousing Device. I was created by Professor E. Gadd.

Me: That is so cool!

Paige: It sure is. I think we can speed it all up with that.

Me: Maybe we can.

I snap my fingers and replicated the F.L.U.D.D. and we each all had one.

Lincoln: You know, these would sure be useful in trying to get Lana clean when the time came.

Me: They sure would. But we'll cross that bridge when the time comes.

As we continued cleaning, we saw that the ink made some of the buildings all over the island disappear and when we cleaned it up they reappeared.

Irma: I did not see that coming.

Hay Lin: Me neither.

Mindy: Yeah.

We got Delfino Plaza all cleaned up.

Noki Bay

We were in Noki Bay. It was a beautiful bay home to some of the most beautiful rock formations, waterfalls and temples.

Me: Wow! So this is Noki Bay.

Laney: It's breathtaking.

Francis: It sure is.

Iggy Koopa: That's not the least of your worries.

We saw Iggy Koopa.

Me: Iggy Koopa.

Laney: I can't believe you are here too.

Mario: But-a he'll be leaving the hard-a way!

Me: He sure will.

But then we saw PETEY PIRANHA!

Francis (Sees Petey Piranha): Guys, are you seeing what I'm seeing right now?

Ino: What the heck is that?!

Choiji: It looks like the father of Laney's Piranha Plant.

Laney: No this is not him. This is completely different.

Paige: Lets get him guys!

Me: Right. GUARDIANS UNITE!

Team W.I.T.C.H.J.E.M.M. turned into the Guardians of Candrakar!

Will: The Heart!

Irma: Water!

Taranee: Fire!

Cornelia: Earth!

Hay Lin: Air!

Me: Lightning!

Elyon: Time!

Megan: Space!

Lillian: Light!

Taranee: Lets get him Paige!

Paige: You got it Taranee. It's gonna be a fiery fight.

Taranee fired a blast of fire at Petey Piranha and burned him badly. Paige and Francis fired a blast of fire at it and burned Petey too.

Kirby (hits Petey Piranha with hammer): That's for kidnapping Peach and Zelda during the Subspace Emissary!

Me: I didn't know that happened during the Super Smash Tournament.

Samus: Yeah it was awesome.

Taranee: Scavenger it's combo time!

Scavenger: You got it Taranee!

Scavenger threw his Excavator shovel and Taranee fired a blast of fire.

Taraneee and Scavenger: INFERNO SHOVEL SLAM!

The fire merged with the shovel and turned it into a flaming shovel and it hit Petey Piranha and incinerated him into ash and Iggy Koopa was incinerated too.

Me: That's it for him. Great job guys!

Lincoln: That was awesome!

Taranee: It sure was.

Scavenger: That was fun though.

Me: We're not done yet. We still have a lot of work to do.

We continued our work and we did it all. The places, Koopas and combos are as follows:

Bianco Hills - Morton Koopa - Shockwave and Francis: RADIOACTIVE FIRE BLASTER.

I used my magic to give Shockwave the ability to become a normal size blaster whenever he wants to.

Ricco Harbor - Roy Koopa - Ironhide and Choji: BOULDER VAN SLAMMER

Sirena Beach - Wendy Koopa - Inkling and Megan: SPACE INK DELUGE

Pinna Park - Ludwig Van Koopa - Will and Scrapper: LIGHTNING BULLDOZER SLAM.

Pianta Village - Lemmy Koopa - Irma and Mixmaster: CONCRETE TSUNAMI PETRIFIER

Delfino Plaza - Larry Koopa - Hay Lin and Long Haul: AIR BOMB DUMPER

Gelato Beach - Kamek - Elyon and Hook: TIME CRANE DUST CLAW

* * *

In the Control Room, Bowser Jr. was thinking.

Bowser Jr: You think if I come in there and help the others out, Mario's innocence will be proven?

William: Let's not make things complicated, Jr.

Varie: Yeah we can't take that risk otherwise the situation will be made more complicated.

Bowser Jr.: Good point.

* * *

Back in Delfino Plaza we were looking for the Mario Imposter.

Me: Look sharp everyone. That Mario imposter has to be here somewhere.

Nico was with us. Then we saw 3 pokemon. 2 Ninetales and a Wigglytuff.

Me: Ninetales and Wigglytuff.

Nico: I don't have a Ninetales or a Wigglytuff.

Me: I also heard that there is a mystifying story that revolves around the Ninetales. If you pull one of its tails, you get a terrible curse that lasts 1,000 years on you.

Nico: That is a weird curse. I don't think I even want to know what this curse is.

Me: Me neither.

Ino: That Pokemon looks very similar to the 9-Tailed Fox that attacked our village.

Me: They do look the same. But there are a bunch of differences. The 9-Tailed Fox that attacked the Leaf was huge and can destroy mountains and create tsunamis with a swipe of its tails. The pokemon Ninetales is only 3' 07".

Ino: That is a prominent difference.

Nico: That is a good observation.

I talked to a Ninetales and we grew close and I didn't need to catch it. Nico threw a Pokeball and caught the Ninetales and the Wigglytuff.

Me: Good job Nico!

Nico: Thanks.

Francis: Hey there's the Mario imposter!

We saw a black version of Mario.

Me: That's him.

Mindy: This dirtbag tried to ruin Mario's image and now he will pay for it.

Mindy flew at him and kicked him in the face.

Terrorsaur: Terrorsaur TERRORIZE!

Terrorsaur transformed and fired purple lasers from his eyes the hit the Shadow Mario and blew the magic paintbrush out of his hands and Laney caught it.

Laney: You give all artists everywhere a really bad name.

Shadow Mario ran.

Scrapper: Constructicons, don't let that impostor get away!

The Constructicons jumped in front of the Shadow Mario and blocked his escape route.

Me: Ninetales use Fire Blast!

Ninetales fired a blast of fire in the shape of the kanji for Fire. 火

The blast of fire hit Shadow Mario and burned him.

Ino: (To the Viewers) This is turning into an awesome battle folks!

Inkling: Time to fight ink with ink!

Inkling fired blasts of ink from her blaster.

Then out of the water arose a giant robot that looked like Bowser.

Me: Wow!

Shadow Mario also shocked when we saw that he had Princess Peach prisoner. Bowser Jr. revealed himself.

Me: Bowser Jr.

Bowser Jr. (Evil): That's right. You leave mama Peach alone you bad people! Papa told me that you all kidnapped mama Peach.

Princess Peach: Mama? Mama Peach? I'm your mama?

Bowser Jr. (Evil): Yeah. Papa told me all about it. He told me my mama got kidnapped by a bad man named Mario

Me: This is between you and us Jr. Let her go.

Princess Peach: So you are Bowser's son?

Bowser Jr. (Evil): That's right. So I came here to rescue her.

While he was talking I swooped in and grabbed Princess Peach and saved her.

Me: You did all this to Delfino Island to ruin Mario's reputation and make him look like a bad guy and Kidnap Princess Peach in the Process!

The Judge and the citizens were shocked and they realized that they were duped into thinking that Mario could've done all that. Mario, the hero of the Mushroom Kingdom for 38 years was framed by Bowser and his family for crimes he didn't commit.

Lincoln: I can't believe you would do something this despicable!

Paige: Yeah! You framed Mario for your crimes and tried to ruin his reputation!

Me: Now you are gonna pay for everything you've done to this island and to Mario!

Cornelia: Let get him Bonecrusher!

Bonecrusher (G1): You got it Cornelia.

Cornelia entangled the Bowser Robot in vines and Bonecrusher pushed it and knocked it down in his Bulldozer mode.

Cornelia: Combo Time.

Bonecrusher (G1): You got it Cornelia.

He jumped up and turned into his Bulldozer form and Cornelia encased him in rocks and spikes of rocks

Cornelia and Bonecrusher (G1): EARTHFORCE BULLDOZER SLAM!

Bonecrusher (G1) then landed on the giant Bowser Robot and destroyed it with a huge explosion.

Bonecrusher (G1): Now that was a crushing defeat.

We laughed at his joke.

Me: (Laughs) That was funny Bonecrusher!

Nico: It sure was.

Mindy: And now to make sure that you never ruin Mario's image again Bowser Jr.

She held her hand up.

Mindy: PK STARSTORM!

A huge shower of meteors made of energy came down onto Bowser Jr. and completely obliterated him.

Me: That was awesome!

Samus: How can you use Ness' Final Smash?

Mindy: Nicole taught me. She has a wide variety of moves and she's passing on her video game move knowledge to me and Lily.

Lily: That's right. They don't call her the goddess of Video Games for nothing.

Ino: She has a lot of talent.

Samus: I know.

Me: We still have one more obstacle to eliminate. Lets head for Corona Mountain.

We went to the volcano Corona Mountain.

---

## Corona Mountain

---

We were in a giant floating bowl floating over the volcano. It was really a giant hot tub. We saw Bowser in the flesh.

Bowser (Evil): Mario!? How dare you disturb my family vacation!?

Me: It's not just Mario you have to deal with. Lets get him guys!

We went at Bowser and hit him with a lot of powerful techniques.

Scorponok (BW): Scorponok TERRORIZE!

Scorponok transformed and fired missiles at Bowser.

Scorponok (BW): I have a special Cyber Bee just for you Bowser. Enjoy.

Scorponok fired a robot bee and it flew and latched onto the back of Bowser's head and it began attacking his mind.

Me: What kind of bee is that Scorponok?

Scorponok (BW): It's a special Cyber Bee I created. It'll force him into his Giga Bowser form and make him extremely insane.

Me: Wow!

Bowser became GIGA BOWSER! He was huge!

Me: Now this is gonna be an awesome challenge.

I go Super Angel 10,000 and punch him in the face.

Terrorsaur: Time for a Final Smash. PREDACON PTERODACTYL FIST!

Terrorsaur turned back into a Pterodactyl and he was enveloped in a blast of fire and went at Bowser and hit Bowser and he was knocked down with the force of 40 pounds of C4.

Me: Awesome job Terrorsaur!

Lincoln: That was so cool!

Laney: It sure was.

Ino: Let me finish him.

Ino went through some hand signs.

Ino: (Echoing) FIRE STYLE NINJA ART: BRAIN EXPLOSION DESTROYER!

Ino focused a deadly hand sign at Giga Bowser that channeled Fire Style Chakra into him and it caused Giga Bowser to violently convulse. This made him rapidly swell up and I sensed what was gonna be happen next. (Think of how Babidi killed Spopovich in Dragonball Z)

Me: Uh oh! He's gonna blow!

Mario: Lets-a get outta here now!

Rattrap: (Whistles) Yo! Everyone outta the pool!

We jumped off the bowl and Giga Bowser exploded with incredible power in a massive fiery explosion..

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We landed on the plaza and saw the huge explosion. It was as powerful as an Antimatter bomb. (Think of the Antimatter explosion from Angels and Demons in 2009)

Me: Wow! What power!

Laney: That was unbelievable!

Ino: Yep. That technique is one I made. It channels Fire Style Chakra into the target it causes them to convulse violently and turns them into a living bomb that carries the power of 20 kilotons of TNT.

Me: Wow! That's powerful!

Sakura: It turned him essentially into a living fire bomb.

Ino: Exactly.

Me: Deadly.

Sakura: It sure is.

Me: But we beat Bowser and his family and rid the entire Mushroom Kingdom and the world of his evil ambitions. After 34 years of causing trouble we have ended it for good. Now we have two different Bowser's with two different fates in our clutches. One if in prison at the bottom of the Mariana Trench and the other is dead and sealed into the Book of Vile Darkness.

Nico: Bowser Koopa, you have failed this kingdom… again.

Me: Yep.

We were awarded medals for saving Delfino Island. We exited the Simulator after it was done and everyone cheered wildly.

Ino: That was an awesome adventure!

Mario: You think that's awesome? Wait until you do a simulation of my adventures in the Galaxy.

Shockwave: I believe that's an adventure for another day.

Me: We'll have to see it eventually. Lets head over to Hawaii for some well deserved relaxation.

Everyone cheered.

---

Hawaii

---

We were over at the beaches of Hawaii. The weather was perfect and the waves were awesome for surfing. Ben had acquired Cybertronian DNA for his Omnitrix and he was now a green Cybertronian.

Shockwave: What do you think of your Cybertronian form, Ben?

Omniprime: I like it. I think I'll call it Omniprime.

Me: Good name Ben. Lets see your vehicle mode.

Omniprime: Okay.

Omniprime turned into an awesome car and he was Ben's car the DX Mark 10.

Me: Wow! Look at what you look like Ben.

I form a mirror of water and he saw that he was an awesome care.

Omniprime: Wow! I look just like my car from my dimension.

Me: I didn't know this was the car you drove in your dimension Ben.

Omniprime: It's an awesome car J.D.

Ben reverted back.

In another part of the beach, Megan and Cornelia were sunbathing while wearing swimsuits and sunglasses that they bought from a nearby shack.

Cornelia: Ah, this is so relaxing. Megan, I'm glad you came up with this sidea.

Megan: Let's relax for half an hour. Then, we go regroup with the others.

Cornelia: Okay.

Megan had a Blue and Black bikini and Cornelia had a Brown and Green Bikini.

30 minutes later they came back.

Megan: Hey J.D.

Me: Wow! You girls look amazing. Hubba hubba.

Cornelia: (Giggles) Thank you J.D.

Megan: We do look beautiful huh?

Me: You sure do. (Purrs) (Laughs) Sorry. Couldn't resist.

Megan: That's all right.

We relaxed and did all kinds of fun things in Hawaii.

THE END

Another Fanfiction complete.

Super Mario Sunshine is one of the first ever games I got for Nintendo Gamecube. I got it for Christmas in 2002 and it was awesome! It was a remake of Super Mario 64 essentially. Originally I wanted to do a chapter for Super Mario Wii U for Switch but I figured this would be the next best thing. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Unfinished Business with MAD

It starts in the Antarctica Prison. Marie, the Eds and the kids of Peach Creek and Carmen, Liam, Lori, Leni, Linka and Luan were visiting the remaining Kanker Sisters.

Marie K.L.: Hello "Sisters."

May and Lee were given their youth back, but they were now 5 year old girls until the day after doomsday. Their strength was taken away so they couldn't escape or any of that.

May: Marie?

Lee: How come you're still the same?

Marie K.L.: Because I have redeemed myself where you two have not.

Lori: You two literally disgust me! I can't believe you would ruin so many lives just to force the Eds to marry you.

Kevin: Yeah! You girls made our lives miserable in Peach Creek. You guys were nothing but bullies.

Linka: You two should've been sent to the darkness of Hell for all eternity.

Leni: Yeah!

Luan: I'm so mad at the both of you I can't think of a joke.

Eddy: Easy Luan. Lets not make the situation worse than it is.

Jimmy: Yeah Luan. We can't stay mad at someone forever like that.

Luan: Ah you're right Jimmy.

Nazz: (To May and Lee) But still, what you two did was completely not cool!

Rolf: Ja! You have broken the celery stalk on the back of a sea urchin!

Eddy: What did Rolf say?

Carmen: It's Captain Rolf's shepherd way of saying that you made him really mad.

Rolf: That's right Fiery Carmen Girl.

Marie K.L.: (To Lee and May) You two make me sick just looking at you. You ruined my friends in Atlanta and you got me thrown in jail with you for raping the Eds. As far as I'm concerned, you two are dead to me and no longer worthy of the Kanker name.

They left.

Marie had officially disowned her sisters and severed her ties to them. They went back home.

---

Back home I was having a smoothie made by Leni.

Me: Mmm! Kale and Kiwi smoothies. Delicious Leni.

Leni: Thanks J.D. I'm glad you totes like it.

Ash: So J.D. I heard you've been getting a lot of Pokemon.

Me: I sure have Ash. But I have a long way to go before I catch up to you.

Ash: Good point.

Laney: Ninetales is so beautiful.

Me: He sure is.

Lily: Hey guys I found out something unusual. Here's a picture.

Lily handed me a picture and I saw a symbol that was graffitied on a wall. It was a symbol I haven't seen in 10 years and it was a symbol that will haunt me for many generations to come. It was an evil-looking cat symbol.

Me: (GASP!) Oh man!

Laney: What is it J.D.?

Me: This symbol here. That is the Symbol of M.A.D.

Leni: Is that symbol mad at you?

Me: No Leni, that's the name of the Organization. It's actually an acronym.

Lincoln: What does it stand for?

Me: M.A.D. stands for **M** alevolent **A** nd **D** estructive. It also stands for **M** ean **A** nd **D** irty. It's an evil organization that wants to rule the world.

Konan: These guys sound like they are really bad news.

Me: They are Konan and I have unfinished business with their leader Dr. George Claw.

Lola: Why is that J.D.?

Me: It was 10 years ago. I was over in Papua New Guinea with my family and I came across a base operated by Dr. Claw. I busted in and killed most of his men until it was me and Dr. Claw. I almost had Dr. Claw and was about to arrest him. But just as I was about to slap the cuffs on him he got the drop on me and burned the back of my left hand with a branding iron in the shape of the symbol of M.A.D.

I took off my left fingerless glove and revealed a scar in the shape of the M.A.D. symbol.

Lori: Geez!

Laney: Man that is a nasty one.

Me: Yeah. This scar is a reminder of my failure to capture Dr. Claw.

But after I got this scar, I did however leave my mark on Dr. Claw which got him his name.

Lynn: How did you do that J.D.?

Me: I slashed off his right hand.

Everyone gasped.

Shannon: He deserved it.

Me: I know. Now I have a chance to complete some unfinished business. This time however I'm going to kill Dr. Claw and destroy M.A.D. once and for all.

Lincoln was thinking.

Lincoln: M.A.D. (Gasp) I've heard of that organization! It's the Organization that the famous cyborg detective Inspector Gadget is after and is always busting.

Lana: Oh I love Inspector Gadget. He is so cool!

Me: Yes. That's right.

I look up Inspector Gadget on the computer and pulled up his info.

Me: This is him.

Konan: He looks like a normal person.

Me: On the outside yes. But he wasn't always like this. His real name is John Brown. He was once a security guard for a robotics company in Metro City, Michigan. Which is not too far from here. But while in pursuit of Dr. Claw, he was on the verge of catching him when he was blown up in a car explosion that badly hurt him all over. He was chosen for a special project called The Gadget Program, it's a special project that creates computerized law enforcement officers.

Cyborg Lincoln: That's kind of like me.

Me: Exactly. But there is one major difference. You were given your Cyborg abilities after an accident that was about to leave you paralyzed for life. John became Inspector Gadget after being blown up in a car explosion.

Lisa: That is an interesting and fascinating difference. This technology that was used to turn him into Inspector Gadget is quite a remarkable feat of scientific engineering.

Lily: It sure is Lisa.

Me: Yeah. Here's all the features it has.

I look up all the gadgets Inspector Gadget comes with and we saw them all.

Lana: Wow! That is so cool! He's like a human-sized Swiss Army Knife.

Me: That's exactly right Lana and that's the best way to describe him.

Laney: Isn't Inspector Gadget always on duty even on a day off?

Me: He sure is Laney. That's why he always says "I'm always on duty" every time. Plus he's also a scatterbrain.

Lincoln: He's a scatterbrain?

Me: Yeah he may not be the sharpest tool in the shed metaphorically speaking. But he always gets the job done. And he has his niece Penny and dog Brain with him. Penny is a super smart and clever girl that can get out of any jam. Also she has super intelligence.

Lisa: Wow! That is very impressive.

Me: It is. (Gets up) I'm not letting Dr. Claw get away this time. He will die by my hands this time. The satellites show that Dr. Claw is in his castle on top of a mountain on a stormy island in the middle of the South Pacific. The island is Malevolence Isle and the mountain is called Mount Agony.

Lucy: Wicked.

Lincoln: That island sounds pure evil.

Me: It is. And that's where we're going. Lets head out!

We set out for Malevolence Isle.

Nico, Ratchet and Thundercracker were at the mall.

Nico (to Ratchet and Thundercracker at the mall): Ok. I'm actually happy to have you two and the rest of the Autobots and Decepticons helping us out. But we need to establish something. It's ok for you guys to kill bad guys if possible.

Ratchet: But we've sworn not to hurt humans or any organic life.

Nico: Alright, we need to reiterate this: there are bad guys who don't deserve to die and then there are bad guys who Do deserve to die. You guys have to tell the difference. And the bad guys who do deserve to die are the ones that you guys can kill. But don't kill the bad guys who don't deserve to die, ok?

Thundercracker: Got it. But how do we tell the difference?

Nico: Oh, it's super simple. You can intuit it and you can sense it. Heck, we can even tell you which bad guys deserve to get wasted.

Ratchet: That's good thinking.

I called Nico.

Nico: Nico here.

Me: Hey Nico we have a job. We're going after Dr. Claw and the evil organization M.A.D.

Nico: That evil organization that Inspector Gadget is after!? We're on our way.

Me: Okay. We're heading over to Malevolence Isle in the South Pacific.

Nico: I know that island. It was once used a big banishment point for the most dangerous criminals in all of the Philippines and Southeast Asia. It's surrounded by a vicious hurricane that never dies and it has terrible waters around it. But we stopped using it because of suspicious activity brewing there.

Me: Really!? Sounds like we have a dangerous assignment coming. Get there fast man.

Nico: Roger that. (Hangs up) Thundercracker, Ratchet, we got a job in the South Pacific. Lets go.

Thundercracker: Right!

They teleported.

---

## MALEVOLENCE ISLE

---

We arrived at Malevolence Isle and it was an island that was straight from Hell. It was a horrifying island surrounded by vicious storms and the level of evil it had was completely incomprehensible.

Me: Wow! So this is Malevolence Isle.

Lincoln: It sure looks horrific.

Me: Yeah.

Some of the Transformers were with us.

Konan: This place needs to be destroyed when we're done here.

Me: I know.

Nico: Hey what's that?

We saw Inspector Gadget, Penny and Brain.

Me: Hey it's Inspector Gadget, Penny and Brain.

We went over.

Me: Hey Inspector!

Inspector Gadget: J.D. Knudson and Team Loud Phoenix Storm. What are you all doing here?

Me: What else? We're going to kill Dr. Claw and put an end to M.A.D. once and for all.

Penny: Why do you want to kill Dr. Claw?

Me: I have some unfinished business to take care of with him. 10 years worth of business. (Shows scarred hand) He burned my hand with a M.A.D. Symbol Branding Iron and I slashed off his right hand.

Inspector Gadget: No, he will be arrested.

Me: Sorry Inspector Gadget but this is personal. He escaped me 10 years ago and I'm not letting him get away from me this time. He will be buried 6 feet under when I'm finished with him.

Nico: That's right. Dr. Claw has terrorized this world for far too long and he must be stopped at all costs.

Me: This is not for revenge. It's justice.

Inspector Gadget: I can't let you kill Dr. Claw. Go go Gadget lasso.

Then a helicopter rotor came out of his hat.

Cyborg (to Inspector Gadget): Dude, that is so cool how your hat makes those gadgets. I wish I could have that feature.

Beast Boy: Cyborg, you don't even have a hat.

Me: Yeah you don't even have one. But we're wasting time here. Lets go.

We went to the castle of Dr. Claw on Mount Agony. Along the way Nico caught a Golbat and a Vileplume and Laney caught a Bellosom. Her first ever Pokemon. Also I caught the three legendary wolves Entei, Suicune and Raikou.

Me: Get ready Dr. Claw. You and I have a score to settle.

Nico: Scrapper, while we're dealing with Claw, I'll need you and the rest of the Constructicons to merge into Devestator and kill at least half of the M.A.D members.

Scrapper: Ok. But why half?

Nico: I want the other half of the members to stand trial.

Mixmaster: I see. Well, don't worry. You can count on us!

Nico: Great.

## DR. CLAW'S CASTLE

Dr. Claw was looking at the world on his computer and he was wondering what to do next.

Dr. Claw: Soon the world will know the terror of M.A.D. and then not even Gadget can stop me.

Suddenly explosions, gunfire, laser blasts and screaming broke out.

Dr. Claw: What!? We're under attack!

An explosion blew a hole into his office and we came in.

Me: Hello Dr. Claw.

Dr. Claw: The famous Team Loud Phoenix Storm. So nice of you to grace my castle.

Ratchet: Alright, Claw. Why don't you show yourself? If we're going to kill you, we should at least know what you look like!

Dr. Claw did so and we saw that he was an old man dressed in black and purple clothes and he had a mechanical right arm.

Me: Dr. Claw in the flesh and the metal. I see that your right arm I cut off you has been replaced with a mechanical arm.

Dr. Claw: Yes. You gave me an improvement.

Me: Yes. You burned my hand with your symbol.

I show him my scar.

Me: You burned my hand 10 years ago and now I'm going to return the favor. This time instead of capturing you, I'm going to kill you and it'll be done in the name of justice. You've terrorized our planet for far too long and it'll end now!

Dr. Claw: You claim that you're going to kill me in the name of justice. But is that really the reason? Or do you really want vengeance on me for burning your hand? Because if that's the case, that makes you a hypocrite as well as a murderer!

Me: You've terrorized our world for far too long Dr. Claw and now you will pay for it. And you won't escape from us this time. We blocked all your exits.

Dr. Claw: You'll have to get passed my associate as well. But not here. Meet me at the arena.

Me: Very sporting of you. Lead the way.

He lead us to a huge arena and out of the shadows came STARSCREAM!?

Thundercracker: Starscream? How are you still alive? Nicole sealed you into the Book of Vile Darkness.

Nicole: And you only can get out when I say that you can get out!

The only reply we got from Starscream was him shooting his null rays at us.

Ratchet (avoids Starscream's blasts): That's weird. Starscream's isn't being his usual talkative self.

Me: He must've rebuilt Starscream and this is a clone of him without a spark.

Dr. Claw: That's right. Now destroy them!

The Starscream clone fired more lasers.

Me: Sonar, Runway, Jetstorm!

Sonar, Runway and Jetstorm became the Star Saber and I slashed the clone Starscream down the middle and he split and exploded all over the place as a pile of scrap metal.

Luan: Way to go J.D.!

Marie K.L. rode in on Marianas and blew blue fire that blocked Dr. Claw and prevented him from escaping.

Me: Now you are next Dr. Claw. Lets go.

Dr. Claw (to Winter Soldier): Looks like you have a robotic limb as well.

Winter Soldier: I wonder which one is going to last longer. (throws punch at Claw)

It hit Dr. Claw and I punched him in the face and then Dr. Claw fired a powerful blast of fire from his hand.

Me: Wow!

Inspector Gadget: Wowsers! Where did you get a glove like that?

Dr. Claw: Surprised, Gadget? Thanks to the dark orb that I have, my claw can morph into any weapon that I think of. Any weapon at all.

Poison Ivy: Really? Well, you'd make a killing in the technology industry.

Dr. Claw: Oh, I'll make a killing all right! (morphs claw into flamethrower and shoots it at Ivy)

Kushina bashed his face in with a frying pan.

BLAM!

Kushina: You will never terrorize our planet ya know.

Dr. Claw: You will never stop me you tomato-headed freak!

We gasped.

Me: He's in for it now!

Kushina: You just made a BIG MISTAKE!

Kushina's hair flailed like 9 tails and she punched Dr. Claw with devastating force and slammed him into the ground with ferocious fury.

Me: Never call Kushina a tomato or you're gonna wish you were never born.

Kushina: That's right and I am called something better. I'm better known as the Red Hot Habanero!

Naruto: Oh yeah!

Dr. Claw got up and he fired a blast of lightning and it hit Nico. It didn't even affect him in the least.

Nico: Thanks I was feeling a little cold.

He kicked Dr. Claw in the face.

Nico: Dr. George Claw, you have failed this city! (shoots Dirge's missiles at him)

They hit him and exploded.

The Constructicons turned into the Constructicon Devastator and sucked in most of the M.A.D. members like a vacuum and imprisoned them in an orb.

Me: More like he has failed this planet.

Nico: That's right and more to it than that. All of M.A.D. in general has failed this planet.

Me: Yep. Combo time guys!

Thundercracker: You got it. Poison Ivy lets get him!

Poison Ivy: You got it!

Poison Ivy sent a barrage of vines and Thundercracker turned into his Fighter Jet mode and flew into the air. He dove down at a blazing speed.

Thundercracker and Poison Ivy: HYPERSONIC BRAMBLE STRIKE!

Thundercracker flew at Mach 7 or 4,970 miles per hour and the speed he produced was unbelievable. The vines combined with the hypersonic speed and the sonic boom had the vines slashed Dr. Claw all over the place at a blazing speed at 100 slashes every half a second.

Me: Wow!

Lori: That was literally impressive!

Lisa: Indeed. The shockwave from the power of the mach seven sonic boom intensified the speed of the whiplash strikes.

Me: It sure did. Now it's our turn. Ready Lee?

Rock Lee: You got it J.D. I can only use this technique when needed. But lets show Dr. Claw what true Teamwork is all about.

Me: You got it Lee. And I recently discovered that my immortality and invincibility allow me to use all eight of the gates without any fatal repercussions.

Rock Lee was shocked!

Rock Lee: That's incredible J.D.! You never cease to amaze me! Lets show Dr. Claw how unyouthful he is with the power of our youth!

Me: You got it!

We flared up our chakra levels to an incredible level.

Me: 3RD GATE: GATE OF LIFE OPEN!

My chakra exploded out to an incredible level!

Rock Lee: 4TH GATE: GATE OF PAIN OPEN!

Then we moved at an incredible speed far faster than a bullet fired from a gun and we punched Dr. Claw in the face with devastating force and we punched him all over the place with powerful punches that hit with the force of a million meteor impacts. It was as powerful as the force of a million atomic bombs in our fists.

Me: Now for the speed course! 5TH GATE: GATE OF CLOSING OPEN!

It increased our speed dramatically! Me and Lee punched Dr. Claw all over the place.

Me: Now for the fun part. 6TH GATE: GATE OF JOY OPEN!

I went at Dr. Claw at a blazing speed.

Me: (ECHOING) **ASAKUJAKU!**

The technique started with kicking Dr. Claw into the air, which for most would be an instant kill. Then I jumped into the air in a distinctive stance and began punching him repeatedly. My punches were so fast, that they were set ablaze by the sheer speed and friction which in turn created a peacock-like fan of flames around Dr. Claw.

When my attack was finished, Dr. Claw was in an aura ablaze by the technique.

Ratchet: Our combo time Batman!

Batman: You got it Ratchet!

Batman fired a grappling hook and it wrapped around Dr. Claw and Ratchet channeled a stream of energy into it.

Ratchet and Batman: ENERGY ROPE ELECTRIFIER!

The energy rope electrocuted him.

Winter Solder punched Dr. Claw and grabbed his right hand and smashed it to pieces.

Winter Soldier: Aw, did I hurt your hand? (grabs Claw by the throat) How about a broken neck to go with it?!

Me: Final Smash time guys!

Inspector Gadget: You got it! Go Go Gadget Copter!

He formed his helicopter rotor and flew into the air.

Inspector Gadget: GO GO GADGET LASERSTORM!

Inspector Gadget fired blasts of lasers from his finger laser blaster while flying in the air and hit Dr. Claw at a rapid rate.

Winter Soldier: My turn. FALCON STRIKE DEATHFIST!

Winter Soldier went into the air and flew at Dr. Claw at a blazing speed surrounded by a powerful aura of energy and punched Dr. Claw with devastating force.

Me: Time for the grand finale. Your reign of terror ends now Dr. Claw. 7TH GATE: GATE OF SHOCK OPEN!

My aura flared up to an incredible level.

Me: Knights of The New Fire, it's Final Smash time!

We flew into the air and stood in a formation.

Me: (ECHOING) **HIRUDORA!**

I placed a palm facing forward in front of my face with one hand and then I tapped it with my other hand and formed it into a fist, which created a massive amount of air pressure. Next I formed a unique hand sign resembling a tiger. It launched the air pressure at Dr. Claw in the shape of a tiger by leaving a gigantic tiger-shaped impression into the initially built-up air pressure with the hand sign. The air pressure condensed as it was moving and focused into a single point.

Naruto, Sakura, Haruna, Satsuki, Ami, Konan, Kushina, Laney, Luna Frost, Mindy, Fire (DC), Rin, Yakumo, Yugito, Natsumi, Akiko, Fu, Kin, Sasuke and Mikoto fired blasts of fire from the points of a 20-sided polygon and they converged and focused and the Hirudora passed through the focused blast and became a flaming tiger of pure fire.

Knights of The New Fire: PHOENIX FIRE HIRUDORA!

The fiery tiger hit Dr. Claw and in a massive explosion of fire the entirety of Malevolence Isle was completely obliterated in an instant.

KRABBBBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion of fire was so powerful and so devastating that everything on the island was completely obliterated in an instant. Before the blast hit we got off the island before it exploded. Everyone all over the planet felt the sheer power of the explosion. When it faded there was a massive crater and it was filling up with water.

Me: That's it for Dr. Claw and for M.A.D.

Laney: Yep. And we have half of the evil organization arrested.

Scrapper: You said it Laney.

Inspector Gadget: (To the viewers) This was a battle that was worthy for everyone.

Me: You said it.

Nico: You M.A.D. sickos are going to be in prison for the rest of your worthless lives.

Then the spirits of Dr. Claw and the members of M.A.D. we killed appeared.

Nicole: You and your kind are never welcome here. (Chants an Incantation) ALDURON ENLENTHRANEL VOSOLUN LIRUS-NOR!

They were sucked into the Book of Vile Darkness.

Dr. Claw: I'll get you for this Gadget! I'LL GET YOOOOOOOOOOUUUUUUUU!

Me: Go to Hell Dr. Claw and stay there!

Inspector Gadget: Never again will Dr. Claw terrorize our planet.

Me: Yep.

Penny G.: He deserved it nonetheless.

Nico: He sure did.

May: We've now seen the last of Dr. Claw and his cronies.

Me: Oh yeah.

We went back home and rested. The rest of Dr. Claw's Cronies were condemned to the Sun Prison for eternity.

THE END

Another Fanfiction complete.

Inspector Gadget is one of my favorite cartoons that I've known since I was a little kid. It was made back in 1983 and it was an awesome cartoon back then. Don Adams did a great job voicing Inspector Gadget. And so did Cree Summer and Frank Welker. I used the 2015 version of Penny from Netflix's Inspector Gadget. My favorite version of Inspector Gadget is the 1999 live action movie and Matthew Broderick, Michelle Trachtenberg, Rupert Everett and Joely Fisher did a great job in that movie. This chapter was also made as a tribute to the legendary Don Adams who voiced Inspector Gadget from 1983 to 1985. He died of Lymphoma in 2005.

RIP Don Adams - April 13th 1923 to September 25, 2005. Wowsers!

NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# TLPS and Plumbers VS Mud Aliens

It starts in the city. Clayface was walking through the park and he was disguised as a normal person. Then he saw some thugs beating up a couple of people.

Clayface: Oh no you don't!

He turned into his true form and beat the thugs.

Clayface just defeated the thugs who killed the dead couple.

Clayface: Alright. I better get the dead couple back to the- (gets hit in the back)

Clayface got back up to see the dead couple back on their feet with glowing purple eyes.

Dead Mother: **I thought you'd never take those morons out!**

Dead Father: **Before you ask, we hired them to get your attention.**

The "Dead Parents" revealed themselves. Their true forms were ugly mud creatures and they were hideously ugly.

Clayface: What are you guys!?

Mr. Mann: We are the Mann's and we are Lenopans but you humans call us Sludgepuppies.

Mrs. Mann: That's right.

Clayface: Even if you two kill me, my friends will come for you!

Mr. Mann: Oh, you've got it all wrong, Hagen. We're not going to kill you yet. We just need you to give a message to the rest of Team Loud Phoenix Storm.

Clayface: What's the message?

Mrs. Mann: That we're coming to get our daughter back. And no one will stop us! Not even Ben Tennyson!

The two Lenopans then threw a smoke bomb. When the smoke clreared, the two of them were gone.

Clayface: I can't tell J.D. and the others about this yet. That'll only worry them. I need to see if I can solve this by myself. But first, I need to bring these thugs to the police.

Clayface did so.

---

At the estate we were talking, watching TV and playing card games. With us was our newest neighbor. He was a black hair kid with brown eyes, red potara earrings and a blue, green and black shirt and grey camouflage pants and army boots. His name is Nicholas Flemming and he is 27 years old and he is a brand new neighbor and our newest member of Team Loud Phoenix Storm. Sitting by him is Lori Jimenez, who he has started dating a couple of days ago.

Me: It's so awesome to have you with us Nick.

Nick: Thanks J.D. It's such an honor to be here.

Me: Do you have any special powers?

Nick: I sure do. Watch.

Nick held out his hand and a stream of slime fired from it and it hit the wall and burned a huge hole into it.

Me: Wow! You have acidic slime powers!

Nick: That's right. I'm actually half Human, half Viscosian.

Ben: You're half of Goop's species.

Chione: That is so cool!

Me: It sure is.

Nick: You're not frightened?

Me: No way man! We have seen all kinds of strange and awesome stuff all over the universe and on different planets.

Ben: Plus we know a bunch of people that are hybrids of aliens.

Chione: That's right. I'm half Necrofriggian, an insect humanoid race from the planet Kylmyys.

Starfire: Me and Blackfire are Tamaranians from the planet Tamaran.

Eion: I'm half Human, half Havanian. My mother is a Havanian from the planet Havania and my father is Fire Lord Zuko and I'm also a Firebender.

Nico: I'm a Saiyan. One of the most powerful warrior races in the galaxy. I was born on the planet Vegeta but raised here on Earth.

Nick: Wow! You all did see a lot of stuff!

Me: Yep.

Then Clayface came in.

Skywarp: Hey, Clayface.

Clayface: Hey, guys. What's going on?

Prowl: Are you ok?

Clayface: (nervously) Of course. Never better! Might be a few problems later but we'll cross that bridge when we get to it.

I got a look of suspicion on my face as I knew he was hiding something. Then the doorbell rang.

Maria R.: I'll get that.

Maria opened the door and to our shock we saw SCARECROW back from the dead!

Maria: Scarecrow?! You're alive?! But you're sealed into the Book of Vile Darkness!

Scarecrow: (laughs in a girl's voice) Ha! Psyche!

With that, "Scarecrow" turned into a girl with blonde hair, blue eyes, a black shirt with a white star on it, a red skirt and brown shoes.

Ben: Lucy!

Lucy M.: Hey Ben.

They hugged and were reunited.

Ben: I'm so glad you're here.

Me: That was really clever.

Gwen T.: Lucy is our cousin-in-law. She can shape-shift and she is quite the mischievous one.

Me: I can see that.

?: I'm glad you all are well.

We turned and saw an elderly man with white hair, green eyes, a red Hawaiian Shirt with orange flowers, blue pants and black shoes.

Ben and Gwen: GRANDPA MAX!

They hugged him for the first time in a while.

Me: So you are Max Tennyson. It's such an honor to meet you. Ben and Gwen told us so much about you.

Max: I had a feeling they did.

Me: We have so much to tell you.

We told Max all about our adventures on different planets and in dimensions all over time and space.

Max: You sure have done it all.

Vince: We don't like to brag but yeah.

Max: I'd like to thank you all for taking care of my Grandkids.

Agony: It's no problem. Ben's a good little brother to me.

Me: Yeah. Lucy I noticed that you have whisker marks too. That is so awesome.

Lucy M.: Yeah I don't know how they got there but I like them.

Me: I can tell. My brother Naruto has Whisker marks too. And he's just as mischievous as you. He did all kinds of funny pranks in the Leaf that would put even the greatest of pranksters to shame. You guys would get along great.

Lucy M.: I'm sure I would.

Frightwig: (to Max) Listen, Mr. Tennyson. I know that I attacked your family before. But I wasn't thinking straight at the time. So… no hard feelings?

Me: Frightwig wasn't thinking straight when we encountered her. She was abused horrifically by her so-called parents and we brought them to justice.

Max: I see. No hard feelings then.

Frightwig: Good.

Me: Cool.

Ben: Grandpa, do you know what happened to Kevin?

Gwen: When we were fighting Sunny's dark side, she hinted that something happened to him.

Max: I'm sorry, you two. But the last time I saw Kevin was when he was fighting Vilgax.

Nico: (puts hand on Gwen's shoulder) Don't worry, Gwen. Wherever Kevin is, I'm sure you'll find him. After all, he is your boyfriend.

Nick: If he can be saved, we will save him.

Gwen: Thanks guys.

Me: Yeah. Lucy how is it that you are able to shape-shift like that?

Lucy M.: I'm a mud alien. I have the ability to turn into anyone.

Ben: She's called a Lenopan. My cousin Joel is married to one named Camille.

Shanan: I know about the Lenopans.

Joel and Camille then came in.

Joel: Hey guys.

Max: Joel and Camille.

Joel: It's good we're all here Uncle Max.

Me: It's such a pleasure to meet you both Joel.

Joel: Same here J.D. We heard so many great things about you all.

Camille: Yeah. I'm afraid we have some bad news. My parents are at it again.

Ben: Your so called parents are here?!

Camille: That's right. We last saw them at the park.

Gwen: Clayface, wasn't that where you were patrolling earlier?

Clayface: (sweats nervously) Yep. But I must've missed them.

Sandman: Matt…

Clayface: Ok! I confess! Camille's parents were posing as a dead couple. I beat the thugs they hired and they showed themselves to me. They told me that they wanted Camille back and that no one was gonna stop them. I didn't want to tell you guys at first because I didn't want to worry any of you.

Nico: Clayface, I appreciate that you wanted to stop Camille's parents by yourself. But I have a saying about fighting bad guys.

Clayface: And that is?

Nico: No one fights a villain alone.

Me: That's a good saying man.

Nick: It sure is. And very wise too.

Vince: Yep.

Varie: I agree.

Me: But Camille why do your parents hate all humans so much?

Camille: It's a very nasty history J.D.

Max: It's because of the Plumber-Lenopan Feud.

Shanan: Oh man. I've heard about that feud.

Me: I've heard Ben talk about it once but I don't know the full extent of it. Lets see here.

I pull up the information on the Plumber-Lenopan War and it was a nasty decades-long war between the Plumbers of Earth and the Lenopans of the planet Lenos. The Lenopans were often called Sludgepuppies and it was a nasty feud that went on for years. But just a few years ago Joel Tennyson and Camille Mann met and formed a relationship. Resulting in a truce between the two battling races.

Me: That is horrifying.

Sakura: No kidding. And I thought the feud with the Hatfields and the McCoys was terrible.

Me: Me too. But there is a major difference. This war stretches hundreds of Light-Years across the galaxy where as the Hatfields and McCoys feud was across a river on the West Virginia-Kentucky

Border.

Lincoln: That is a very big difference.

Me: That's right. What was the reason behind this war Max?

Max: The Lenopans were causing a lot of problems on their world and we wanted to calm them down. But things only went from bad to worse when the war started.

Me: That's a strange reason. But a lot of wars over the millennia were started for no apparent reason. Look at the Spartan's during the Trojan War. That was sparked for no reason.

Lori: War is literally a terrible thing.

Me: It sure is. Nothing good ever comes out of war. All it brings is nothing but death, destruction, pain and suffering.

Fu: That's right.

Lucy M.: How are we gonna stop my aunt and uncle?

Me: We have to use fire and water. Fire burns them up and hardens them and Water will melt them.

Camille: I won't let my parents do this. It was love that brought me to Joel and ended the war between my kind and the people of Earth.

Nico: Camille, I appreciate that you want to help us. And you can. But you're basically asking us to help kill your parents. And honestly, that's something I'm uncomfortable with if parents truly care for their kids on the inside. So, if you want to change your mind about their fates, now is the time.

Me: He's right Camille. Our prisons won't be able to hold a Lenopan because they'll just melt through the bars.

Camille: You're right. I want to sever my ties to my parents and throw them into the Sun!

We gasp.

Me: Oh man! But if that's what you want then we'll do it. Come on guys! We got some Sludges to clean up. (To Camille and Lucy) Sorry.

Camille: It's alright J.D.

Joel: You'll need these guys.

Joel handed us some strange tubes and they turned into awesome science-fiction blasters.

Me: Wow! Spiffy.

Eddy: This is cool!

Camille turned into her Lenopan form. It was a humanoid Lenopan and she was a purple humanoid creature with four whiskers and glowing purple eyes.

Me: Wow! Camille you look awesome this way.

Camille: **Thanks J.D. Lets make my family pay.**

Me: With pleasure.

Lucy M.: You'll need this too.

Lucy touched mine and Ben's Omnitrix's and we assimilated the Lenopan DNA.

Me: We can now turn into Lenopan's. Nice! Lets roll!

We set out to get Camille's parents.

---

In the park, people were screaming and running for their lives as Camille's parents were terrorizing the people and smashing apart the playground.

We flew in and I fired a blast of fire at them and sent them flying and they splattered into the wall.

Me: Okay I have seen all kinds of weird things before but you two take the cake.

Mr. and Mrs. Mann got up. They saw Ben in his Ultimate Ben Form and he had Heatblast's powers activated.

Mr. Mann: **Hello, Ben Tennyson! Do you remember us?**

Mrs. Mann: **Because we remember you!**

Ben: How can I forget? You tried to kill Joel and you killed so many people we knew from Earth.

Me: You two are gonna pay for everything you've done and you picked the wrong people and the wrong planet to mess with.

Gwen T.: What were you planning to do to Camille if you two found her first, huh?!

Mrs. Mann: **Whatever we want. The two of us aren't like your other villains. We're not trying to take over your precious planet! All we want to do is teach our daughter a lesson! Is that so wrong?**

Inkling: So you two aren't evil! You're just selfish!

Mr. Mann: **Lighten up, kid. We're not that bad. Once you get to know us! (hurls slime at Inkling)**

We dodged the slime and I fired a blaster at them and it hurt them.

Me: You two give loving parents a really bad name.

Agony: That's right. You tried to hurt our brothers cousin and that is something we will never tolerate!

Edzilla: ED SMASH SLUDGE PILES!

Edzilla pulverized them into a mushy mess!

Nico: Mr. and Mrs. Mann, you two have failed this city! (firebends a fireball at them)

The fire burned them bad.

Me: More like they failed both our planets.

They got up. Nick fired globs of slime and burned them. The Mann's got up.

Me: You guys are really tough I'll give you that.

Mr. Mann: **We have more tricks to show you.**

Then they dropped globs of slime and the globs turned into multiple smaller Lenopan's.

Me: You have Minion Synthesis!

Mrs. Mann: **That's right. Kill them all but leave Camille for us!**

Me: Power up!

I went Super Angel, Nico went Super Saiyan 2, Team W.I.T.C.H.J.E.M.M. went Guardians of Candrakar and some of the members of Team Loud Phoenix Storm went Super Angel.

Nick: Wow! So this is your transformations.

Me: Yep.

Terrorsaur: Predacons TERRORIZE!

The Predacons transformed.

Optimus Primal: Maximals MAXIMIZE!

The Maximals Transformed.

The Autobots and Decepticons transformed.

Mr. Mann: **Cybertronians!? What are they doing here!?**

Me: That's none of your business. Take them down!

We went at them and battled the Lenopan monsters and their minions. Maria R. fired blasts of water and melted them. Out of the blue came a Parasect and 2 Venomoth and they were helping us beat the Lenopans. Lucy and Camille punched them all over the place and pulverized them with hammer arms and spiked club arms. We burned and melted the minions with a lot of powers and more. Lincoln zapped them with lightning and Nick melted them with acid slime. Lori fired lasers from her hands and blasted them with blasters. Wasp flew in and bashed them with powerful punches and Prowl ran over minions that were all over the place and blasted them with lasers and heat seeking missiles.

Prowl: Lets use a combo on them Wasp!

Wasp: You got it Prowl.

Prowl fired missiles and Wasp flew at a blazing speed and fired laser blasts.

Prowl and Wasp: BEESTING MISSILE BARRAGE!

The missiles and lasers they fired bombarded the minions and Mr. and Mrs Mann and they burned them in fiery explosions.

Me: YEAH!

Ben fired blasts of fire from his hands and burned some minions.

Venom fired blasts of black webbing and tied them up and Inkling fired acidic ink from her blaster.

?: Let us help too.

We saw Inkling's sisters Callie and Marie arrive.

Inkling: Callie! Marie! Thank goodness you all arrived.

Callie: We can catch up later. Lets get these clods.

Inkling: You got it.

Marie (SplatToon): YEAH!

Venom: Lets get them Skywarp!

Skywarp: You got it Venom!

Venom fired tentacles with mouths and Skywarp teleported and fired heat-seeking missiles and lasers.

Venom and Skywarp: VENOMOUS BOMBMOUTH SLAM!

The mouth tentacles grabbed the missiles and slammed onto Mr. and Mrs. Man and exploded.

Clayface: Final Smash time! CLAYFACE SHARDSTORM!

Clayface fired numerous globs of clay and they turned into sharp spears and they skewered the Sludge Parents.

Inkling: KILLER WAIL!

Inkling pulled out a large megaphone-like machine and placed it on the ground. It then emitted large damaging sound waves at the Sludge Parents. Then it replaced the sound waves with a huge blast of ink and it covered the Sludge parents in it.

Me: That was awesome!

We walked up to the down parents and they were weak.

Mr. and Mrs. Mann still had enough energy to stand even after being hit with our combos and Final Smashes.

Eddy (points his blaster at them): Don't. Just stay where you are. We'll get you two some medical attention.

Mrs. Mann: **How generous of you. You'll make a just and fair- what? S.H.I.E.L.D Commander? President?**

Eddy: You must be kidding. You think that's why me and my friends beat up people like you?

Mr. Mann: **Oh, wait. That's right. They don't elect scammers to the White House.**

Eddy (narrows his eyes): Don't go there.

Mrs. Mann: **Why? Are you scared that we're telling the truth? Maybe you're thinking of scamming all of the United States out of their hard earned money like in Peach Creek!**

Eddy: (fires blaster at full power) YOU (censored)!

Luan came and calmed him down.

Luan: Eddy that's enough.

Me: These two slimeballs will get what is coming. Let us handle it.

I encase the two parents in a jar and sent it into the depths of space. The Mann's saw that they were heading into the Sun. When they got close to it they were vaporized instantly.

Me: Go to Hell you two.

Nicole: And you two will never be welcome on our home planet. The only ones welcome are Lucy and Camille.

Nicole sealed the spirits of the Mann's into the Book of Vile Darkness.

Me: That's that. Nick you did a great job.

Nick: Thanks man. It was so awesome fighting with you.

Me: I'm glad you had fun. But you have to remember that with Great Power comes a Great Responsibility.

Lola: That's right and we have to do everything we can to help preserve peace.

Me: Yep.

Nick: Being on Team Loud Phoenix Storm is gonna be awesome!

Me: Don't let it go to your head man.

Nick: I won't.

Inkling: (To the Viewers) This was a battle that left us in a messy situation and in the end we triumphed.

Me: We sure did.

Nick is gonna be welcome here at home.

Welcome aboard Nflemingful. It's his 27th birthday today on February 18th and I wanted to help him celebrate it by having him debut in this chapter. I figured that the Sludgepuppy Chapter would be perfect for his debut. The Sludgepuppies from the Ben 10 Episode My Big Fat Alien Wedding were ugly, gross and disgusting. They creeped me out and disgusted me but they were so cool! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Burger-Recordrama

It starts at the Arcade. Jeremie, Odd, Yumi and Ulrich are playing laser tag.

The blue tinted fog surrounded Ulrich's vision.

Odd: ULRICH! Where are you?!

Ulrich: I don't know! I lost Yumi. There's too many of them, man.

Odd: No! You can take them, just listen to me. You just need to do one thing: Run, Ulrich. Run!

Resolve strengthening, Ulrich shot to his feet and charged out of his hiding spot.

About three guns started rapid-firing, and his battle cry turned into a groan as his laser-tag chest-plate powered down. Ulrich glared at the 3 middle school aged kids that had shot him down.

Ulrich (huffs): C'mon. (to Odd) They got me.

Odd (groans) Ulrich Stern, you have failed this city!

Odd ran out into the open himself. Before he could even fire his gun, his own chest-plate powered down.

Ulrich sighed, and pointed above.

Odd: For real, Chad? (Chad smirked and blew invisible smoke from the barrel of his gun) In the back?

Chad: Suck it, old man!

Yumi jogged up behind Ulrich and Odd, still holding her gun.

Yumi (unimpressed): Wait; did you guys die already?

Odd: Chad-

Ulrich (pouts): He just told us that- ugh, never mind. Come on. Come on.

Odd: I don't know what's wrong with kids these days. Churlish.

Shaking her head in disappointment at Chad, though she didn't even know what he had said, Yumi raised her gun and fired a few shots at him before walking off after her best friends.

Yumi, Odd, and Ulrich returned their laser-guns and chest-plates at the front desk before joining Aelita outside at a picnic table. As they sat waiting for William and Jeremie to arrive with food, Chad and his band of middle-school friends strode by.

Odd (to Chad): You better watch yourself, Chad. Meet me in the paintball field next time. I'll kick your little a- (sees Chad's mom) Heeey, Ms. McConnel! How you doin'? Chad's a treasure. He really is.

Jeremie and William approached Ulrich, Aelita, Yumi, and Odd with food in their hands.

Jeremie (placing the food on the table): Pretzel for Yumi. Corndog for Aelita. Two fries for Ulrich, and three burgers, five churros, and six funnel cakes for Odd.

Yumi laughed outright as Odd's stomach growled and he rubbed his hands together, grinning like a small child.

Aelita: Thanks for the food, you two.

Ulrich: I wonder what the others are up to.

William: I think they were saying something about making the world's biggest burger.

---

And they were right. 30 minutes earlier I called a meeting in Lori's room which is also our new briefing room and I gathered everyone into the room.

Me: Now I hereby call this meeting to order. Now I'm sure you're all wondering why I called this meeting.

Lori: Yeah.

Me: Well I was reading todays newspaper and found something interesting. Check it out.

I pulled out the newspaper I was reading and there was a picture of a festival in the middle of town.

Lincoln: (Reading) "Gotham Royal York hosting annual Burpin' Burger Burgerfest. Contest for worlds largest burger being held?" J.D. That is so awesome!

Me: I know you guys like Burpin' Burger so I thought it would be an awesome idea to enter the contest. We can make a burger that is so awesomely huge and delicious.

Lola: What's the prize?

Me: It says that the prize is $500,000,000,000.00 and free burgers from Burpin' Burger forever!

Everyone cheered.

Nick: What's the Burpin' Burger?

Me: Oh that's right Nick you just moved here from Pennsylvania. Burpin' Burger is the greatest burger restaurant here in Michigan. It's got all kinds of mouthwatering burgers that are so delicious and tantalizing that they are unbelievable.

Nick: Oh boy!

Everyone: Hungry y'all? Look no further!

♪Come on down to Burpin' Burger! Grade B beef and special spice! When it comes back up, it's twice as nice! [belch]♫

We laughed.

Me: That song always cracks me up.

Laney: Trust me Nick. They are so delicious.

Lana: Oh yeah! And my favorite race car hero Bobbie Fletcher sponsors the Burpin' Burger.

Nick: Oh that's right! And you guys raced in that awesome space race!

Me: We sure did. But lets discuss that another time. What do you say guys? Shall we win that contest and win free burgers forever?

Everyone cheered in agreement.

Me: Ok. We have 2 days before the deadline and that gives us plenty of time. Lets decide what we're gonna do.

Lincoln: What's the current record of the largest burger in the world?

Me: The current record was set in 2017 at 1,794 pounds. Lets go to the computer and I'll show you.

We did so and I showed everyone a huge burger. Everyone was floored. It was a ginormous burger that weighed over 3 quarters of a ton and it was huge.

Sumner: That's Ridiculous!

Me: It sure is dad.

Lynn: Who currently hold's this record?

Me: You guys might know this restaurant. It's Mallie's Sports Bar and Grill.

Lori: I know them. That restaurant always beats their record-setting burger every year for the Guinness Book of World Records.

Me: They sure do.

Lucy: How much money did it cost to build a burger like that?

Lisa: A burger of that size, weight, magnitude and the amount of ingredients used to make it would cost $7,799.00

Me: That's right Lisa. It also took 3 days to make that burger.

Luna: What is the goal we're trying to get dude?

Me: We're gonna make a burger that surpasses all the previous and current records combined together.

Skywarp: Guys, are you sure we can make this burger? It looks huge!

Me: We did all kinds of impossible deeds Skywarp.

Lynn Sr.: Hot dog! We got some grade A cooking to do guys!

Me: We sure do Mr. Lynn. And we have a lot of work to do. First we must gather the ingredients. Then we need to gather the equipment and the tools needed.

Lori: Okay. Lets use the backyard for this.

Me: Okay.

Nico: We're gonna need a list of ingredients.

Me: I already thought of that Nico.

We went to the backyard.

---

In the backyard we got ready.

Me: Okay. This is perfect for our burger. Lisa. (Hands her some blueprints) These are plans for the biggest oven for this burger. You, Dexter, Susan, Mary and Beatrice will make it for this.

Lisa: Affirmative.

Beatrice: You can count on us.

Susan: This is gonna be so awesome!

Dexter: It sure is.

Me: Yep. Nico, you, Kal, Master Goku and Lynn will go and get 100,000 pounds of ground beef.

Nico: Wow! That's a lot of ground beef.

Lynn: But we can do it.

Goku: You can count on us J.D.

Superman: You got it.

They flew off to get all that beef.

Me: Lana we'll need lots of jars of dry rub. Hickory and Maple would work.

Lana: You got it J.D.

Lana flew off and got it.

Laney: What can I do?

Me: You and Riley can grow lots of lettuce, tomatoes and onions.

Laney: You got it J.D.

Riley: This is gonna be so awesome!

Me: Lightning, you and Lynn when she gets back will get 5,000 pounds of bacon.

Lightning: Sha-blam! Lightning can get the bacon!

Me: I had a feeling you would like that. Lily, because there are no buns the size of the burger we're gonna make, we're gonna make a bun from scratch. We're gonna need 20 bags of flour, yeast, sugar, sesame seeds and garlic.

Lucy: What's the garlic for?

Me: We're making a garlic toast bun.

Lucy: Tasty.

Lily: I'm on it!

Lily flew off.

Me: Nicole we're gonna need 1,000 pounds of cheese.

Nicole: You got it dad.

Me: Okay. Lastly we need the condiments. Lola, we need a huge amount of ketchup and Lila we need a lot of mustard. Lincoln we also need a bunch of jars of pickles.

Lincoln: You got it.

Me: That should be everything. Lets get to it!

Everyone: YEAH!

Robin: We've taken down villains like Ebon, Vulture, Hydro Man, and Firefly. Compared to them, making this burger should be easy.

Me: You said it Robin. We have 2 days to the deadline. Lets do this!

And with that we got to work.

Lisa, Dexter, Susan & Mary T., and Beatrice built an atomic nuclear powered oven and a huge pan for the beef. Laney grew numerous heads of lettuce, lots of tomatoes and lots of onions. Nico, Superman, Goku and Lynn came back with a LOT OF BEEF! We put the beef in a huge tub and tenderized it and added the jars of dry rub to the beef along with a little salt and pepper. We mixed it in. Lisa, Beatrice, Susan & Mary T., and Dexter came back with the Atomic Oven.

Me, Vince and Nico lifted the tub of beef.

Nico: (Groans) How long do we cook this J.D.?

Me: 5 hours.

Vince: That's a long time Partner.

Me: It sure is Vince. But it'll be perfect.

Next we made the ginormous bun. Lisa came back with a huge mixer and we poured in 10,000 pounds each of flour, sugar, yeast, sesame seeds, basil and garlic and a lot of milk and eggs. We mixed it and turned it into a huge wad of dough. We took it out and put it on a huge slab of wood and covered it in plastic wrap.

Me: Now we let the dough rise for 15 to 20 minutes.

Lily: Okay.

We waited and put it on a floured pan and shaped it into a bun.

Lily: Wow! This is gonna be a huge bun.

Me: It is.

We pat it down and got the air out of it. We used the tuck and fold method.

Lily: How many burger buns would this make?

Me: From the looks of things I would say 20,000 regular size buns.

Lily: That's a lot of buns!

Me: No kidding. Now we put garlic egg wash on it.

We did so.

Me: Now we put this in the oven for 3 hours.

Lily: That's a long time.

Me: It is.

We put the bun in and we waited.

French Narrator: (French Accent) 3 Hours Later.

---

We took the bun out and it was ready.

Lily: Wow! What a bun!

Me: That is a huge bun!

Sumner: (Laughs) That is a ridiculous size bun.

Me: It sure is dad.

Me, Vince and Lily lifted it out of the over and we put it on a table.

Me: Wow! Now we need to cut it in half.

I cut it horizontally down the middle.

Lisa: Great precision.

Me: Thanks Lisa.

The burger was ready too. We took it out of the oven and it was perfect and huge!

Me: Wow! The patty didn't shrink that much.

Robin: No it didn't.

Me, Nico and Vince lifted the tub out and we put it on the table.

Me: Now lets flip it and don't let it fall.

We put a huge pan over the tub and flipped it and out of it came the giant burger patty. It was a perfect burger patty.

Me: Wow! What a burger!

Lincoln: That is awesome!

Lynn: Wow! I could eat that whole thing!

Ed: I want to eat the burger.

Me: No Ed. This is for the contest. But they'll let us eat it when the time comes.

Ed: Oh. Mums the word.

We put the giant burger patty on the bottom bun and it was a perfect fit. Nicole came back with lots of slices of American Cheese.

Me: Perfect Nicole.

Laney: That's a lot of cheese.

Me: It sure is.

We put the cheese on the burger.

Lily: How many slices of cheese is all that?

Me: 20,000 slices of cheese.

Lori: That's a lot of cheese.

Leni: That is totes not healthy for you.

Me: I know Leni.

We put all the cheese on.

Me: Now we need to melt the cheese. Lets put it back into the oven.

Vince: Okay.

We did so and let the cheese melt for 3 minutes. We pulled it out 3 minutes later and it was a perfect melted cheese covered burger.

Me: That is perfect.

Laney: It sure is.

Aylene C.: That is a perfect covering of cheese.

Chione: It sure is.

Me: Yep. Now for bacon.

Lincoln, Clyde, Girl Jordan, Liam and Carmen came back with a huge tray full of numerous strips of bacon and we put them all on the burger.

Me: That is perfect.

Varie: Now for the Lettuce, Tomatoes and Onions.

Laney and Riley came back with lots of trays of sliced lettuce, tomatoes and onions. We all put them on the burger. They all fit perfectly.

Lincoln then put the pickles on and we saved the ketchup and mustard for last. We put the top bun on and the ginormous burger was complete.

Me: It's ready guys!

Sora: Ok. It's done. It wasn't easy making it. But it's done!

Me: We all did it Sora. Now lets take this to the contest.

We loaded the burger on a special gurney and we lifted it over to the city.

---

We got to the contest with 2 hours to spare and we had our burger hidden inside a special box to keep it warm and perfect.

Me: Ladies and Gentlemen. We of Team Loud Phoenix Storm have successfully created the largest burger in all of the entirety of the world. It took 36 hours but we got here with two hours to spare. Ladies and Gentlemen we present to you our ginormous burger.

We lifted the box off and everyone saw the biggest burger we made.

Me: TA DA!

Everyone was completely floored.

Kiba: That is a huge burger!

Sakura: How in the world did you make a burger that big!?

Me: It wasn't easy Sakura but we did.

Kiba: Lets see how much it weighs.

Kiba and Sakura were the judges for the contest.

Me, Vince and Superman lifted the burger onto a huge scale and it tallied the weight of the burger and what it read was 110% shocking. It was 110,412.3 pounds. Much more than what we had originally planned.

Kiba: 110,412 pounds!? That's incredible!

Me: I am shocked myself Kiba! This is far more than what we had originally planned for. We wanted to go for 100,000 pounds.

Sakura: But nonetheless we have our winners!

Everyone cheered wildly for us. We had one the worlds largest burger contest and we got the $500,000,000,000.00 cash and the free burgers forever prize. We were also given a huge burger shaped trophy and we broke the records all over the world for the largest burger in the world. We got a spot forever immortalized in the Guinness Book of World Records! We also got our picture taken with it.

We also ate it and we did an awesome job with it and it was so tender and delicious and so tasty.

We put the trophy by our trophy case.

Sumner: I'm so proud of you guys.

Me: Thanks dad. We all worked together and we all did it. We're now in the Guinness Book of World Records and we defied the impossible yet again.

Lincoln: We sure did.

Nico: (To the Viewers) This was an awesome record-breaking experience for all of us.

May: It sure was hun. (To the viewers) Breaking records sure is fun. and it's the best way to get recognized. But we're not in it for the fame and fortune, just the fun.

Nico: You said it May.

# Frozen Fever

It starts in Arendelle.

It was Anna's birthday today and we were getting everything ready for her special party.

With a twirl of ice, a small ice statue of the smiling Anna was formed over a large blue cake.

Elsa: So lonely. (reconstructs it into little ice-figurines of herself and Anna in formal outfits) Stiff. (reconstructs it again, this time as one where Anna was frozen and Elsa was in sorrow, holding onto her) No, I can't do that! (does it again, this time as herself and Anna ice-skating)

Lana: Okay, that's good. Keep it right there.

Elsa: You sure?

Kristoff: Relax, it looks great!

Kristof held a mop with paint; Sven was next to him, with paint cans on his antlers. Kristof used the mop to paint letters on a large piece of paper.

Me: Thanks for inviting us over to set up everything for Anna's birthday Elsa.

Elsa: My pleasure J.D.

Maria: Quick question. Did you not in the past month, help us out against Loki and conquer your own demons in the form of Hans' so called ghost? How is this making you nervous?

Elsa: I just want it to be perfect, that's all.

Kristoff: Speaking of perfect, check this out.

Elsa, Lana, Lola, and Maria looked to see a massive banner hanging high that read 'Happy Birthday Anna' on it in colorful letters.

Elsa: Well… that's…

Lola: A little much, don't you think?

Kristoff: Well it was Mikey's idea.

Rumble: It's true. Mikey insisted.

Michelangelo: Hey, you want a party, you gotta think big! And no party is complete without Pizza! (gestures to a table with a large pyramid stack of pizza boxes. The table had heat lamps near it as well)

Rumble: Okay, heat lamps are up. (turns them on)

Elsa: Heat lamps?

Michelangelo: You ever tried cold Pizza, Elsa? It's always good when it's hot.

Elsa: Guys, are you sure I can leave you all in charge here?

Kristoff: Absolutely.

Rumble: Don't worry, we got this.

Elsa: So, Rumble? How did you get your name?

Rumble: Simple. I can use my piledrivers to make the ground shake.

Me: That is awesome.

Rumble: And one of the advantages of Frenzy being dead is that no one can confuse me for him now.

Nico: There's been an online debate on whether Rumble is red or blue.

Me: That's true. It's very confusing huh?

Elsa (adjusts a flower set on one of the party tables): I just don't want anything to happen to this courtyard.

Maria: Come on, what's the worse that can happen?

Michelangelo: Well, we could probably be attacked by body snatching alien slugs, a Giant Titan from Greek Mythology, or…

Maria: Forget I asked.

Ratchet, Buzzsaw, Ratbat, Ravage, and Lazerbeak were there too.

Me: Everything is just about ready. Now we have to get the guest of honor ready for the greatest birthday she has ever had.

Matt O.: This is gonna be so awesome!

Me: You said it man.

Nico: Oh yeah!.

Elsa saw Olaf and Patrick eating the cake.

Elsa: Olaf! Patrick! What are you doing?!

Said snowman and starfish turned around from the large cake, with a hole in the cake, and their mouths stuffed with blue frosting on their lips.

Olaf: We're not eating cake.

Lola (sarcastically): Sure you two aren't.

Patrick Star: But the cake's made of ice cream!

Elsa: And it's for Anna.

Olaf (defeated): And it's for Anna.

Me: That looks like a delicious cake Elsa.

Elsa: It is.

Rumble: C'mon, Elsa! I think the party's great so far!

Frozen Fever from 2016 was an awesome short movie. Poor Elsa got sick on Anna's birthday. Nobody likes being sick. But Anna had an awesome Birthday Regardless and it was so funny how Hans got hit by that massive snowball into a pile of manure. Which Lana would like. Karma got him good even after he tried to usurp the throne of Arendelle. Also I'm so excited for Frozen 2 to come out in November of this year! I have a feeling it's gonna be good as its 2013 movie. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

# Extraterrestrial Morphers

It starts in the estate. We were having breakfast. Miranda was making omelettes.

Miranda: (To the Viewers) It's my first time making breakfast for everyone. I'm making omelettes for everyone.

Mine was ham and bacon.

Me: Mmm. Delicious omelette Miranda.

Laney: It sure is tasty.

Nico just tried an omelette that Miranda made.

Miranda: So? What do you think?

Nico: Miranda, you have failed this omelette.

Miranda (pouts): Aw!

Me: She did do her best.

Nico: That's true.

Lola: I think her omelettes are really tasty.

Miranda: Thanks Lola.

Jared: I agree Lola. She can keep trying.

Me: That's true son.

After breakfast we were watching TV and reading books. I was scanning the country for anything out of the ordinary. I then came across something unusual going down in Corvallis, Oregon.

Me: This is unusual. The satellites are picking up unusual brainwave activity in Corvallis, Oregon.

Lincoln: What do you think it might be J.D.?

Me: Lets see. The satellites say that the brainwaves are extraterrestrial in origin.

Nick: Alien brainwaves?

Ben: That's not a good sign.

The doorbell rang.

Shocker: I'll get that.

Shocker went and got the door and to his shock he saw HOBGOBLIN back from the dead!

Shocker: Hobgoblin? How are you still alive?! You're supposed to be inside the Book of Vile Darkness!

Hobgoblin: Did you really think a stupid book would be enough to keep me down? If you want more answers, then come catch me! (flies away)

Me: After him!

We took off and followed him to Corvallis, Oregon.

We arrived and ran after him on foot. But there were a lot of people.

Shocker and Nico tried locating Hobgoblin but lost him in a crowd of people.

Shocker: He's gone?!

Nico: He couldn't have disappeared without teleportation! Something fishy's going on here.

Me: Yeah. I can sense it. Whatever is going on here it's not good.

We walked to a nearby barn

Suddenly a parasitic slug creature jumped out and just as it was about to land on me my lightning electrocuted it and killed it.

Me: What in the name of?

Lisa picked up the creature.

Lisa: This is the most unusual type of slug I have ever seen.

Me: I have never seen a slug like this before.

Shanan: It looks familiar. But I can't remember where I saw it.

Then we saw 4 kids and a hawk was with them.

Rachel (Animorphs): Team Loud Phoenix Storm?! It's an honor to meet you guys!

Jake: Hold on, Rachel. How do we know that they're not Controllers?

Marco: Dude, if any Yeerks tried to infest them, then they would've failed badly.

Me: Wait a second. (Gasp) I know you guys. You're the famous Animorphs!

Varie: The famous shapeshifting science-fiction hero teens!

Rachel (Animorphs): I'm Rachel, the enforcer.

Tobias (As a Hawk): I'm Tobias and I can't change back and I'm the free spirit.

Cassie: I'm Cassie, The animal brains.

Marco: And I'm Marco, the Comic relief.

Me: It's a pleasure.

Lola: What exactly are these Yeerks?

Me: Yeerks. (Gasp) I remember now! They are an ugly race of slug-like parasitic creatures that crawl into a host and goes into their brain and controls it.

Shanan: The Yeerks pose an incredibly dangerous threat to the entire universe.

Jake: That's right and they are the enemy of everyone in the entire universe.

Lincoln: These creatures sound like they're incredibly dangerous.

Shanan: They come from the planet Yeerkus on the very distant edge of the galaxy 95,000 light-years from here. Yeerkus was a swamp planet that was destroyed by a giant rogue comet eons ago and their one goal is to enslave all life in the universe to their will.

Jake: That's right Shanan. The entirety of the universe is at war with them and the Andalites are helping us out.

Me: The Andalites of Andos IV? Amazing.

Nick: What are the Andalites?

Me: They are a race of blue centaur-like aliens. They are friends to many creatures all over the universe.

Me: It's a pleasure to meet you.

Lori: How is he talking without a mouth?

Me: They only speak telepathically. That's how they communicate.

Lisa: Very fascinating.

Me: So the Yeerks are here and that explains the extraterrestrial brainwave activity that we found here in Corvallis.

Jake: Yes. The Yeerks want to enslave the Human Race.

Me: We can't let that happen.

Cassie: J.D. can you help out Tobias? He can't morph back for some reason.

Me: Let me see here.

I look at Tobias as a hawk and used my light magic to return Tobias to his human form.

Me: There.

Tobias: I'm human again!

Me: I used my magic to revert you back.

Tobias: I owe you one J.D.

Me: You're welcome Tobias.

In Cassie's barn the Animorphs told us what was going on and what the Yeerks are gonna do, where their base of operations is located and more and we were being shown what the Animorph's can do.

Me: Can you show us how you become animals like this?

Rachel: Sure.

Rachel was now in a black leotard.

Leni: O-M-Gosh! That Leotard is totes trending on you Rachel!

Rachel: Thanks Leni.

Nico is blushing like mad as he saw Rachel in her black leotard.

Rachel (Animorphs) (strikes a pose and smirks): Like what you see, Nico?

Nico (blushing): I think you look nice, Rachel. But I already have a girlfriend.

Rachel (laughs): I know. I'm just messing with you!

Me: (Chuckling) Funny.

Nico: Sorry May.

May: It's all right Nico.

Rachel (Animorphs) was demonstrating her morphing abilities. Her shoes strained as she had a look of pain on her face.

Sonia (concerned): Rachel, you don't look so good. You need us to take you to a hospital?

Rachel (Animorphs) (groans): No. No hospital. Just keep watching!

All of a sudden, her shoes ripped off to reveal grizzly bear feet!

Rachel turned into a Grizzly Bear!

Me: Wow! You're now a Grizzly Bear!

Lana: Oh that is so cool!

Rachel (As a Grizzly Bear): Yeah. We can become any animal or any person by touching them.

Me: That is so awesome.

Lincoln: It sure is.

Rachel changed back.

Nico (to Rachel): You're actually ok with us helping you guys kill the Yeerks? I thought for sure that you'd be against it.

Rachel (smirks): Of course not. You know that the Yeerks infested Jake's brother Tom along with Principal Chapman? Of course, there's going to be some stealth missions involved.

Wildrider (laughs): I think you and I are going to get along great!

Me: Okay. First we have to get Tom out of there. Also this is a very identical situation to the movie The Thing. We have shapeshifting aliens here that look like us perfectly and we can't tell who is human.

Wolverine: I think I can help you guys out with this "who's got a case of alien slugs in them" business.

Jake: Tell us what you have in mind.

Wolverine: When I detect one of these freaks, I'll point them out, then you guys knock some sense into them.

Rachel: We'll give it our best.

Me: Good idea Logan. Me and Ben can use our Omnitrix's to mark who's human and who is not.

Nico: Think of our powers as antibodies to combat the Yeerk viruses.

Me: That's a very good way to put it Nico.

Ben: This is also very similar to where me and my friends and family had to fight the DNAliens and the Highbreed.

Gwen T.: That was a terrifying situation.

Me: I'll bet. We have a big day ahead of us tomorrow. Lets get some rest.

Jake: J.D. how are we gonna kill the Yeerks?

Me: We're gonna put them all in a giant jar and through them into the Sun.

Varie: The Sun will obliterate all traces of the Yeerks.

Tobias: That's good thinking.

Me: Thanks.

Suddenly we felt the ground shake and we saw a Dugtrio and a Persian.

Nico: A Dugtrio and a Persian!

My Omnitrix beeped and showed that they have Yeerks in them.

Me: The Yeerks are controlling them.

Nico: I got this.

Nico fired a blast of black and purple lightning and electrocuted them and out of the Dugtrio and Persian came two Yeerks and Lana grabbed the Yeerks. Nico caught the Dugtrio and the Persian.

Lana: I wonder what these little guys taste like.

Lana ate a Yeerk and almost immediately she projectile vomited all over the place.

Me: Oh that is completely disgusting.

Lana: (Vomiting) That was the most foul thing I ever had! I'll just stick with earthworms.

I unsealed a giant jar and put the Yeerks in.

Me: Well, three down and who knows how many to go.

The Animorphs had a nice conversative with the Transformers.

Wildrider and Rachel (Animorphs)

Rachel (Animorphs): Wildrider how did you get your name?

Wildrider: I'm the wild racer of the Stunticons. I am a Decepticon and I raced wildly all over the place. I always had this nasty habit of running cars off the road and causing mayhem. Until J.D. and his friends set me straight.

Wildrider: I'm glad he did too.

Motormaster: I am too Jake.

Cassie: That's unusual. But fear helps us get over the things we are afraid.

Breakdown: That's true. But things are oftentimes not all that easy.

Cassie: Yeah.

---

Tobias: How come you're always so fascinated with doom and death Dead End?

Dead End: I have always been paranoid to some kind of extent Tobias. I can't really help it.

Ax: It's unusual for a Cybertronian.

Dead End: It is but for me it's kind of a way of life. Working for the evil Megatron has made me who I am. But J.D. and his friends saved me from myself.

Ax: I'm glad they did.

---

Now the time has come for the fight. We were walking over to Jake's house to get some answers. We went in and saw Tom working hard on his homework.

Tom: Oh, hey, Jake. Rachel. [the two of them are at the door with angry expressions on their faces along with Wildrider] What can I do for you guys? [they lock the door, making Tom look nervous] Heh-heh, why did you lock the door? [becomes more nervous as they slowly and menacingly approach him] Why do you have that rope? Wait, why is Wildrider of the Stunticons with you guys?! [shot of outside Jake's house where loud crashing and screaming can be heard. Back in the room, Rachel ties Tom to a chair as Motormaster and Venom enter] Jake! Rachel What's going on?! Untie me right now!

Motormaster: Shut up! [slaps Tom]

Tom: Sweet Hamburgers, what the heck is going on?!

Motormaster: I said "shut up!," you parasite! [slaps him again] No offense, Venom.

Venom: None taken.

Wolverine smelled him.

Wolverine: He has a Yeerk in him.

Me: I had a feeling. Nico?

Nico: I'm on it.

Nico fired a blast of lightning and electrocuted him and a Yeerk fell out of his ear. Lana sent it into the jar.

Tom: (Groans) Jake, Rachel. It made me.

Jake: I know Tom. But we're gonna get everyone back to normal.

Me: Tom we're gonna save this town from destruction. Lets go guys. It's time to save this town and the world.

We went into town after untying Tom.

---

We were standing in the middle of town.

Me: This is it guys. Omnitrix, send out an aura energy field around the town to detect who is human and who is not.

My Omnitrix: Affirmative.

I held my Omnitrix up and it fired a powerful energy dome. All the people that were human were glowing in a green energy aura and all the people that were glowing in a red aura were marked as not human.

Nico: Wow! That is so awesome! I got this!

Nico fired Galvatron's Purple Lightning and it electrocuted the people controlled by the Yeerks and the Yeerks left their hosts and fell to the ground. They're hosts had tremendous splitting headaches and Lana and Lisa threw the Yeerks into the jar. Surprisingly they all remembered what they were doing when the Yeerks infected them.

Man 1: (Groaning) Wow! What a headache.

Me: Everyone!

Everyone saw us.

Me: You have to evacuate this city immediately! You're all in terrible danger. Evil aliens have come to enslave the planet and we came to make sure that this never happens.

Everyone believed us and they ran in fear. Taking their cars and belongings with them. Once the town was evacuated we went into the school. We snuck in quietly. Jake was a tiger, Cassie was a wolf, Marco was a gorilla, and Rachel was a bear.

We saw the principal Hedrick Chapman getting soldiers ready with Controllers.

Wolverine: (Sniffs) Those guys all have Yeerks in them.

Me: Lets get them.

Nico snuck in using Randall's invisibility and bashed Yeerk infected people out cold.

We busted in and Nico fired a blast of lightning at them and their Yeerks fell out and Lisa threw them into the jar.

Me: Get out of here guys. This is gonna be rough.

The kids ran.

Principal Chapman: Hey! Those are our soldiers you're assaulting!

Jake (as a tiger): They're not your soldiers! They're human beings.

Wildrider (points gun at Chapman's face): You ain't talking so much now! Not when you've got Team Loud Phoenix Storm on your butt!

Chapman: Go ahead. Show us your true colors, once and for all. Show everyone the monsters that you all are.

Rachel (as a grizzly bear): Just give me the word, I'll slash him apart.

Chapman (to Jake): Why don't you tell grizzly bear here that this is all the spoils of war? Human beings are disposable! What we do here is for the next step of evolution for this planet. Because if we don't do it, somebody else will. Because you cannot stop evolution!

Cassie (as a wolf): EVOLUTION!? THIS IS SLAVERY!

Breakdown (getting close to blasting Chapman): Let me put him out of his misery.

Chapman: Visser Three's Dark Orb granted us the power to match you fools. Making all of you obsolete.

Roxy: The world will know what you're doing here.

Chapman: The world? The world will be ours in about a week. Don't you get it, Animorphs? We don't need you anymore.

Drag Strip: That was cruel.

Jake (defeated): C'mon, guys. We're done. (walks away and out of the building)

Marco (as a gorilla): We're done? We're not gonna kick a little bit of butt?

I ran to Jake and grabbed him by the shirt.

Me: Jake we're not giving up until every single Yeerk on this planet is dead.

Jake: He's already won.

Me: No he hasn't. He's messing around with your head. And I never quit! We never quit!

Jake: You're right J.D.! Lets get him!

Me: With pleasure.

We go back into the gym and confront him.

Me: You will never enslave this planet as long as we have anything to say about it!

Nico fired a blast of dark lightning and the Yeerk he had fell out and Lisa grabbed it and threw it into the jar.

Me: Get out of here Chapman. This is gonna get ugly.

Chapman ran.

Me: We're not done. Lets find the Yeerk Pool.

Rachel lead us to it and we went down into an underground channel and we saw the Yeerk Pool.

Lincoln: I got this.

Lincoln fired a blast of lightning and electrocuted all the Yeerks and fried them and Lisa threw them all in the jar. We then saw Visser Three and he was an evil Andalite!

Visser Three: **Cute trick. But did you really think we wouldn't see it coming?**

Motormaster: It's game over, Visser Three. And your part in this story is now over!

Dead End: You're alone! You can't possibly-

Visser Three: **Oh, I'm not alone. You see, you may have stopped Scorpion, the Xenomorphs, Hobgoblin, Lock Up, Shredder, and the Queen of the Black Puddle. But this Dark Orb has granted me the power to morph into all of them! I only need a fraction of their powers to kill you! And then, I'll free my Yeerks from the prison you call a jar!**

With that, Visser Three morphed into a hybrid monster composed of body parts from Scorpion, the Xenomorphs, Hobgoblin, Lock Up, Shredder, and the Queen of the Black Puddle. He had Scorpion's Tail, Hobgoblin's arms and pumpkin bombs, Lockup's legs and gadgets and he had the Xenomorph Queen's head, Shredder's Blades and the Queen of The Black Puddle's hair and water powers. He was a truly ugly and wicked combination.

Me: That is really ugly!

Francesca: No kidding.

Laney: This is gonna be really ugly!

Motormaster: Stunticons! Merge into Menasor!

They did so.

Me: Lets power up!

We did so and flared up our auras and transformed.

Me: Visser Three, you lack the one thing that we humans have that you don't.

Visser Three: **And what is that?**

Me: You lack humanity and are nothing more than a genocidal psychopath hellbent on destroying the entire universe.

Nico: Visser Three, you have failed this universe! (uses Doc Ock's tentacles to strike him) And this is one ability you didn't copy from the Dark Orb!

The tentacles slammed into him and I kicked him in the face at a blazing speed. I snapped my fingers and the area turned into a mountainous planet. We were on the planet Glaren.

Me: I beamed us all to the planet Glaren to avoid having people get hurt.

Nico: Good idea.

Vince: Lets get him!

We all went at him and punched him all over the place. I grabbed the dark orb and crushed it and got an immense power boost. Visser Three returned to his Andalite form.

Me: Now that's better.

Me and Ben scanned him with our Omnitrix's and got a lot of samples of DNA.

My Omnitrix: 15,253 unknown DNA samples acquired. Scan complete.

Me: 15,253!? That's incredible!

Ben: It sure is.

Visser Three: Lets see you face one of them!

Visser Three turned into a dragonic creature with a bipedal appearance and it can use its hands as legs and it's hair was also its tail. It had a glowing neck and a flame in its right arm and it was orange in color and had glowing yellow eyes.

Shanan: That's a Zaidenian Inferno Beast!

Lola: What planet are they from?

Shanan: They come from the planet Zaid and the planet is the closest to it's parent star. They feed off of fire in the erupting volcanoes of the planet and it makes them stronger.

Lana: That thing is ugly!

Me: It sure is. But you are not the only one who can morph Visser Three!

I use my shapeshifting powers and turned into the CLOUD B4 CARRIER! I appeared as a towering monstrosity. From the middle and lower part I had several tentacles. From the top I had multiple arachnid-like legs and a fanged, gap-like mouth at the center.

Lana: That is so awesome!

Lincoln: It sure is.

Rachel turned into a Lion and slashed the Inferno Beast and I slammed my ugly head into the ugly beast. Lana fired a blast of ice at it and froze its hands.

Visser Three changed again. This time it was an ugly tree-like creature with numerous tentacles and a mouth in the middle with blue lips and razor sharp teeth.

Shanan: That's a Lernean Lerdethak from the planet Xairum IX!

Lola: That thing is really ugly!

Kate L.: It sure is.

Laney: I never even knew he can become creatures like this.

Lynn: Me neither. Lets get him Wheeljack!

Wheeljack: You got it Lynn!

Lynn fired a blast of lava and Wheeljack fired lasers. They burned Visser Three badly.

Lynn: It's combo time!

Wheeljack: You got it Lynn.

Lynn fired a massive wave of lava and Wheeljack fired lasers.

Lynn and Wheeljack: VOLCANIC LAVA STARSTORM!

The blasts combined and turned into a barrage of meteors that rained down on Visser Three and they exploded and burned him. Visser Three then jumped into the air and a Pterodactyl creature with razor sharp claws and porcupine-like quills and a serrated beak.

Shanan: That's a Cereyan Porcudactyl from the planet Cereya.

Luan: It sure is Spiny. (Laughs) Get it? But seriously that is one ugly creature.

Shanan: These creatures are extremely ferocious and they attack anything in sight with infrared vision.

Lana: That is awesome!

I changed back and flew into the air and Blitzwing was in his fighter jet mode. Lori and her children flew with us.

Me: You are even uglier than before.

Blitzwing: He sure is.

I fired blasts of wind and Lori fired blasts of wind at him.

Lori: Lets use our combo.

Me: Right Lori!

Me and Lori fired huge blasts of wind.

Me and Lori: HURRICANE RAZORSTORM SHRED!

The blasts of wind combined and turned into a deadly tornado of powerful razor sharp wind.

Visser Three fell to the ground and he turned into a floating yellow eyeball with a star-shape pupil and multiple tentacle eyelashes.

Shanan: That's an Optoiran from the planet Optus V.

Lola: Ew! That is an ugly eyeball!

Lucy: Wicked.

Blitzwing flew at Visser Three and Cheetah ran fast.

Blitzwing and Cheetah: SUPERSONIC CHEETAH SLASHSMASH!

They ran and flew at a blazing speed and slashed and smashed Visser Three and sent him flying. He then turned into a Stealth Plane-like alien with 24 eyes and a mouth full of razor-sharp teeth and a snake tongue.

Shanan: That's an Avian Spirtexan from the planet Spirtex!

Lana: It looks like a stealth bomber plane.

Laney: It sure does look like one.

Shanan: That's what they're supposed to look like. They are often called Living Stealth Bombers.

Lola: That is interesting.

Lily: It sure is.

I flew at Visser Three at a blazing speed and punched him in the back and sent him crashing into the ground. Visser Three then turned into a purple snake-like leech creature.

Shanan: That's a Vanarx!

Lisa: Fascinating specimen.

Shanan: It's a relative of the Yeerk and is often called the Yeerkbane because it eats Yeerks.

Lana: That is disgusting.

Menasor slashed Vissor Three and then he turned into his most powerful alien form. He turned into a giant 8-headed, 8-legged, 8-armed dragonic creature and it was roaring viciously.

Shanan: That's a Pyronian Hydraxan from the planet Xexta!

Lana: That thing is ugly!

Lola: And it sure is scary!

Luna: Dude! That is really ugly!

Sam S.L.: It sure is dudes!

Shanan: It's a cousin of the Zaidenian Inferno Beast and they are much more ferocious and much more deadlier than their Zaidenian cousins.

Menasor turned back into the 5 Stunticons.

Motormaster: It's combo time!

Rachel: You got it.

Motormaster turned into a Semi-Truck and Rachel turned into a Cheetah.

Motormaster and Rachel: SEMI-TRUCK CHEETAH RAMMER!

They were enveloped in an aura and slammed into Visser Three with incredible force.

Lola and Sam S.L. fired powerful blasts of fire and Visser Three fired blasts of fire and the blasts collided.

Drag Strip turned into his car form and Marco turned into a Gorilla.

Drag Strip and Marco: GORILLA RAMMER SLAM!

Marco and Drag Strip slammed into Visser Three with incredible force and knocked him down.

Breakdown turned into his car form and Cassie turned into a Wolf.

Cassie and Breakdown: WOLFPACK SLAM SLASH!

Cassie and Breakdown went at Visser Three and slammed into him with devastating force and slashed him as well.

Wildrider: Our turn.

Jake turned into a tiger and Wildrider turned into his car form and they went at Visser Three.

Wildrider and Jake: TIGER SLAM CRASH!

They went at Visser Three and slammed into him with devastating force.

Dead End: Our turn.

Dead End turn into a car and Tobias turned into a hawk and Ax charged.

Dead End, Tobias and Ax: HAWKCHARGE RAM!

They rammed Visser Three with incredible force.

Motormaster: Lets get him Jake!

They charged at Visser Three.

Motormaster and Jake: TIGER SEMITRUCK SLAM!

Jake and Motormaster slammed into Visser Three with incredible force.

Sonia, Rocky and Kathy changed into their monster forms and pulverized the living crud out of Visser Three.

Miranda: It's Final Smash Time. I'll start! CANDRAKAR SPIDERSLAM!

Miranda turned into her Spider Form and slammed into Visser Three with devastating force.

Roxy: My turn. ANIMAL KINGDOM WAVEFRONT!

Roxy fired a huge blast of energy and it had animal paw prints and animals in it and it hit Visser Three and exploded.

Me: Now it's time for the grand finale. Animorph's lets get him!

I charged up a Kamehameha Wave.

Me and the Animorphs: ANIMAL KINGDOM KAMEHAMEHA!

The Animorphs fired lasers in the shapes of animals from the Animal Kingdom and I fired a Kamehameha Wave and the lasers combined with it and the sounds of animals was heard all over the blast.

Me: THIS IS OUR UNIVERSE VISSER THREE AND YOU ARE NEVER GONNA BE WELCOME HERE! GO TO HELL AND STAY THERE!

The blast enveloped Visser Three and completely obliterated him in an instant. There was nothing left of him. Not even an atom remained.

We powered down and we were back in the Yeerk Pool.

Me: It's over guys. Visser Three is dead.

Then Visser Three's spirit appeared.

Ax (to Visser Three's spirit): Now, you will be the one helpless as you are trapped in a prison you cannot escape from!

Nicole: And that prison is the Book of Vile Darkness. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLEN LIRUS-NOR!

Visser Three's Spirit was sucked into the book and was sealed into it for all eternity.

We had won and saved the entire universe from a horrible fate considered to be worse than death.

Lana: It's bad enough that these Yeerks tried to take over the Earth before. But now they don't even taste good!

Ed: No kidding! I mean, Beast Man might have had fur but at least he was tasty!

Me: I know just the place for all of them.

I gathered them all together in the jar and took it into space.

Me: Into the fires of the Sun with the lot of you.

I hurled the jar with all the Yeerks in it into the Sun and it was vaporized instantly.

Me: Go to Hell Yeerks. That was for causing all kinds of trouble all over the universe.

Nico: Yeerks you have failed this universe!

The world was now free of the Yeerks and we saved many planets all over the universe from their evil rule.

Back at the estate we were resting. I was looking at the aliens that me and Ben acquired and we saw numerous aliens. Some of which we have never even encountered in our travels across the galaxy. But we saved the whole Universe. The Animorphs were now living in the estate and they were now transferred to Gotham Royal York High School. Everyone now knows all about their abilities and how they thought it was all so awesome!

Another Fanfiction Complete.

Animorphs is one of my favorite Science-Fiction Adventure shows from my past. It was one of the most popular book series from the 1990's. I never read the books but they looked cool. The aliens in the show were incredibly ugly, but it was so awesome how they were able to change into all kinds of animals and aliens from all over the universe. I based the aliens Visser Three could turn into from Monster-Man-08's designs on Deviantart. Thanks for the inspiration and the help man. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Hawaiian Aliens

It starts at the estate. We were all doing our everyday things. We got some exercise in and did all kinds of training exercises. Later we were resting and watching TV and playing card games.

Me: Hey Rachel can I ask you a question.

Rachel (Animorphs): What's up J.D.?

Me: Can you morph into Digimon as well as Animals?

Rachel (Animorphs): Hmm. I don't really know. Lets see.

Poromon came and Rachel touched him and tested it. We were shocked to see that she actually CAN morph into Digimon! Rachel was now a Poromon.

Me: Wow! It works!

Nico: But Digimon are made of data! There's no way they can have genetic information.

Me: Well DNA can be broken down into pieces of data and digital information. But that takes a huge amount of technological analysis.

Lisa: Indeed.

Rachel (Animorphs): It sure does.

She demorphed and then she hit her head on the ceiling and fell to the couch.

Me: You alright Rachel?

Rachel (Animorphs): Yeah.

We went to go get a snack and we saw the Ed's looking sad.

Me: What's wrong guys?

Eddy: We're just thinking.

Me: You guys still thinking about what Marie and the Kankers did to you?

Eddy: Yeah.

Marco: What happened back then?

Me: Oh that's right. You guys don't know about this. Before the Ed's moved here, they were raped and tortured by Marie and her sisters Lee and May.

The Animorphs gasped.

Marco: Tell us what happened guys.

Me: You don't have to tell us if you don't want to guys.

Eddy: No they have a right to know.

Me: Well okay.

Ed, Edd and Eddy went over the details of what happened and what we heard was absolutely horrifying and disgusting for humans to even hear. Turns out not only did the Kanker's rape the Ed's but they also tortured them both psychologically and physically. The Ed's all had burns, scars and all kinds of horrific injuries that the Kanker's inflicted onto them. When it was done we were horrified.

Rachel went to a nearby trashcan and hurled her guts out and Lynn and Lightning patted her back as she did so.

Marco (to Marie as he turns green): You and your sisters did all that to the Ed's in Eddy's Brother's house?!

Marie K.L.: Looking back, I can't help but feel dirty.

Wildrider: I did a lot of bad things under Megatron's command but hearing about this grosses even me out.

Me: Lee and May lack complete humanity. They are completely irredeemable and have absolutely no conscience.

Lori: Those two literally disgust me.

Ed, Edd and Eddy were crying and Leni, Linka and Luan were comforting them.

Me: No kidding.

Nico: May and Lee Kanker you have absolutely failed this world.

Me: It's too late to say that to them now Nico. They are already in the prison down in Antarctica.

Nico: Good. I hope they stay there till the day they die.

Me: They will. We already made sure of that. If they ever try to escape, a seal on their backs will give them a 50,000 volt shock.

Lincoln: Ouch!

Linka: No kidding.

Me: They were also originally cursed with eternal life without eternal youth. But we gave them back their youth and took away their strength that made them extremely dangerous. So instead we cursed them with another fate worse then death: Eternal Life as weakling wimps. They have the strength of a flimsy stick.

Lily: Mr. Squarepants would love to pulverize their faces in.

Me: I'm sure he would Lily.

Lori: Yeah. How are you feeling after helping Sandy, Lily?

Lily: Leg is still sore but it's getting better.

Luan: That's good. But Lily how come Sandy is sleeping already? It's almost Spring.

Lisa: Actually 4th Eldest Sibling, in the Southern Hemisphere it's already the Autumn Equinox and all animals from North America down there will experience their period of winter dormancy; Street name: Hibernation.

Luan: Oh I get it.

Me: That's what's really confusing about the weather. Here in North America it's almost the end of Winter and Spring is right around the corner. But in French Polynesia where Bikini Bottom is it's the Autumn Equinox.

Lisa: Indeed.

Then the alarm sounded.

Me: Uh oh!

We went over to the computer and found some strange extraterrestrial activity brewing in Hawaii.

Me: It says there's alien activity in Hawaii.

Jake: Is it the Yeerks?

Me: No there's nothing on the scanners and the satellites aren't picking anything up.

Kim: It sounds like something is going on with Lilo, her family and Stitch.

Sora: We know Stitch.

Aqua: We sure do.

Terra (KH): Yeah. He's funny and is one of our good friends.

Ventus: Yeah.

Me: We better get over there guys.

We set out for Hawaii.

* * *

On a ship in space heading towards Earth. Something was going on.

Gantu (to Hämsterviel): What do you mean we're fired?!

Hämsterviel: (German Accent) That's exactly what I said. You see, now that I'm allied with the Legion of Doom, I no longer have a need for your incompetence. And 625? Your sandwiches are awful!

625: Now that's just mean!

Hämsterviel: I am already creating an Experiment of my own to replace you two. But just be happy that I'm letting you two live!

Gantu (to Hämsterviel): This isn't over! I'm not going to forget this! C'mon, 625! (leaves the ship)

625 (to Hämsterviel): You know what? I hope my cousin, his Ohana, and Team Loud Phoenix Storm snaps your neck! (leaves the ship as well)

Hawaiian Islands.

We were in the Hawaiian Islands.

Me: Ah Hawaii.

Nick: Hello paradise.

Lori J.: I can't wait to start relaxing here.

Me: We'll have plenty of time for that later.

Stitch: GUYS!

We saw Stitch, he was a blue alien with big ears.

Sora: Stitch! How've you been, buddy?

Stitch (sees Aqua, Terra, and Ventus): Aqua! Terra! Ventus!

Aqua (giggles): Nice to see you too, Stitch!

Stitch: I've been doing great guys.

Kim: Stitch!

Stitch: Kim!

They hugged.

Me: So you are Stitch. It's so awesome to meet you.

We introduced ourselves.

Stitch: It's a pleasure to meet you.

Lilo: Stitch!

We saw a girl with a red Hawaiian dress.

Aqua: Lilo!

Lilo: Aqua, Terra, Ventus!

She hugged all three of them.

Stitch: Guys this is my Ohana. Lilo.

Me: It's a pleasure to meet you Lilo.

Nick: What does Ohana mean?

Me: It's Hawaiian for Family.

Nick: Oh.

Sokka: Can't believe Katara's on maternal leave.

Maria: Don't worry, Sokka. You've still got me and my water powers.

Me: Fire Lord Sozin got what was coming to him for annihilating 99% of the Air Nomads.

Stitch: (Fearful) Don't use the water on me!

Maria (To Stitch): You don't like water? Ok, this is gonna be a problem.

Me: Nothing our magic can't fix.

I used my light magic and gave Stitch the ability to swim and never be afraid of water. He loved it.

Then we saw Dr. Jumba.

Jumba: (Russian Accent) Hello everyone.

Aqua, Terra, and Ventus: Dr. Jumba!

Jumba (nervously): Hey there, children. It has been long time no seeing.

Pleakley: Jumba, what did you do now?!

Aqua: He knows exactly what he did!

Pleakley: If this is about that expired yogurt, I apologize. That was my fault.

Jumba: But I assure you all that I'm a changed person.

Then we saw a big bulldog-like alien.

Lilo: Gantu? What are you doing here?

Gantu: Well. long story short, Hämsterviel got allied with the Legion of Doom and kicked me and 625 out.

Me: Oh man. Who is Hämsterviel?

Gantu: He's a mad scientist that is completely power-hungry.

Hämsterviel worked alongside Jumba Jookiba as a scientist, after the two graduated from Evil Genius University and managing a business called Jokes on You. Together, they made genetic illegal Experiments. According to Jumba, it was Hämsterviel that went to the authorities about the illegal experimentation. Hämsterviel was more than likely arrested as well because of the heavy affiliation.

Apparently, Hämsterviel's plan was to: fund Jumba's experiments, then take them for himself, then squeal on Jumba and take over the universe.

Little did Hämsterviel know, Jumba was released to capture his latest experiment 626. During these events, Jumba reformed and spent his days on Earth with a new family. Eventually, Hämsterviel would escape, recruits the former captain of the Galactic Federation as his henchman, and seek to regain "his" experiments. Hämsterviel's attempts failed but the constant failures did not prevent the mad scientist from trying again. Years after these events, Hämsterviel sets out to harvest absolute power instead.

Me: Just what the universe needs. Another power-hungry mad scientist running amok.

Stan Smith was with us.

Stan: You know Gantu sounds like Principal Lewis.

Me: He does sound like him.

Hun Gurr: So you're going to help us against Hämsterviel?

Gantu: Yes. And 625 will help me as well. After Hämsterviel's dealt with, I'll accept any punishment that you'll give me.

William: After Hämsterviel's dealt with, you two will probably get spots on the Redemption Squad.

Me: Looks like we're gonna have to kill Hamsterviel.

Stitch: And we're gonna need some help.

Stitch called in all of his cousins. He had a huge number of cousins with him.

Me: Whoa!

Nick: My gosh look at them all!

Lori J.: There's a lot of them.

Lilo: There's 625 of them.

Laney: That's a huge number of cousins.

Maria R.: (Squeals) They are all so cute!

Rachel S.D.: They sure are.

Stitch: These are my cousins.

Me: You have a lot of cousins.

Sparky was with them.

Terra (sees Sparky): You think he still remembers about our fight all those years ago?

Sparky sees Terra and hisses at him.

Aqua: Yep. He remembers.

Lilo (to Shego): Weren't you with Dr. Drakken before?

Shego: I was until Maria convinced me to leave him. I just hope there are no hard feelings between us.

Then a ship landed on the beach and out came numerous red versions of Stitch.

Me: Wow! They look like red versions of you Stitch.

Stitch: These are my cousins Leroy.

Me: Wow!

Then we saw a big hamster with gold H and a red cape came out.

Me: Dr. Hämsterviel I presume?

Hämsterviel: (German Accent) Zat's right. J.D. Knudson and all of Team Loud Phoenix Storm.

Me: That's right. And we're gonna make sure you never terrorize

Hawaii or our planet.

Hämsterviel: Shego. My old friend.

Shego: I was never down for helping you out. That was Drakken's call.

Hämsterviel: Do you all have any last words before my Leroys tear you all limb from limb?

Me: Just one. Die!

I fired an energy blast and it hit by him and exploded and blew him into his ship and the ship exploded.

KABOOM!

Nico: Jacques Von Hämsterviel, you have failed this city! (fires Dirge's concussion missiles)

The missiles exploded with incredible power and blew him around like a rag doll. We saw that Hämsterviel had a dark orb and it was causing him to continuously spawn more and more red Leroys.

Edzilla: ED SMASH RED STITCH! (tail whips Leroy)

Stitch's cousins demonstrated that they had awesome powers and unique abilities and all sorts of powers with the elemental forces of nature.

Me: Wow! Stitch your cousins are amazing!

Stitch: They sure are.

Nico: I'm amazed they can do all sorts of unique abilities.

Lilo: Stitch has an awesome family.

Then a Psyduck and a Primeape arrived.

Me: A Psyduck and a Primeape!

Nico: Oh these guys are mine!

Nico fired blasts of lightning and electrocuted them and he threw Pokeballs and caught them.

Me: Awesome job Nico!

Nico: Thanks.

We then saw a Flygon and a Meganium.

Me: A Flygon and a Meganium. They are mine!

I threw two Pokeballs and caught them.

Me: Yeah!

Nico: Great job.

Me: Thanks.

Wildrider: It's combo time!

Rachel (Animorphs): You got it Wildrider!

Rachel turned into a lion and Wildrider turned into a car.

Wildrider and Rachel: LION ROAR SLAM!

They rammed into numerous Leroys and ran over them.

Hun-Gurrr: Lets get him!

Hun-Gurrr turned into a two-headed dragon and fired missiles and Richter slammed the ground with his tail and Cannonball sent a huge wave at the Leroys.

Hun-Gurrr, Cannonball and Richter: GEOSTORM MISSILE BARRAGE!

The missiles, wave and earth combined and slammed into the Leroys and obliterated them.

Blot fired a blast of fire, Yin fired blasts of water and Yang fired blasts of lava.

Blot, Yin and Yang: INFERNO MAELSTROM FIREBALL BARRAGE!

The fire, water and lava combined and melted and drowned the Leroys.

Rippersnapper fired a missile and Kixx ran at a bunch of Leroys.

Rippersnapper and Kixx: SUPER MISSILE PUNCHSTORM!

The missile exploded on a bunch of Leroys and Kixx pulverized them all over the place and kicked them with numerous punches and kicks faster than the eye could see.

Me: Wow! Kixx is a very skilled and dangerous fighter.

Aqua: He sure is.

Cutthroat fired his magnet blaster and Sparky fired a blast of lightning.

Cutthroat and Sparky: ELECTROMAGNETIC LIGHTNING DEATHRAY!

The blasts combined and destroyed numerous Leroy's.

Ben turned into Ball Weevil.

Ben: BALL WEEVIL!

Me: A Weevlian from the planet Curculionoius.

Ball Weevil: That's right.

Maria R. and Rachel (Animorphs): (Squeal and hugs Ball Weevil) SO CUTE!

Me: That's enough girls. We have a villain to stop.

Maria R.: Oh. Right.

Ball Weevil fired plasma blasts at numerous Leroys and electrocuted them all over the place.

Stitch: (To the Viewers) Are they always like this?

Sinnertwin fired a blast of fire in his two-headed dragon form and Slushy fired a blast of ice.

Sinnertwin and Slushy: FIREICE DEATHSTORM!

The blasts combined and incinerated and froze the Leroys.

Hun Gurr: Terrorcons, merge into Abominus!

They did so.

Abominus fired blasts of sonic energy and blew numerous Leroys to pieces.

Bombshell: Time to combo Fuzzy!

Fuzzy: You got it!

Fuzzy fired his meat ray and Bombshell fired his blaster.

Bombshell and Fuzzy: MEAT BLASTER RAY!

The blasts combined and turned into a powerful ray that turned some of the Leroys into different kinds of meat.

Jetfire: (Australian Accent) Our turn Donald!

Donald Duck: Lets get them Jetfire!

Donald Duck fired a blast of fire and Jetfire fired his blaster.

Donald Duck and Jetfire: FIRE LASER MAGICBLAST!

The blasts combined and incinerated some of the Leroys.

Terra (KH): Now for you Hamsterviel! Final Smash Time! BLIZZARD SMASHSTORM!

Terra fired a huge blast of ice from his Keyblade and froze Hämsterviel in ice.

Stitch: Now for my Final Smash! 626 FURY!

Stitch slashed Hämsterviel all over the place and he was cut a lot.

I picked up Hämsterviel.

Me: It's time for you to die Hämsterviel.

Hämsterviel: Go ahead and snap my neck.

Nico: I've got a better idea on how to kill you, Hamsterwheel.

Harley: You know, my pet hyenas haven't had a good meal since my former Puddin kicked the bucket. Snack time, boys!

With that, Bud and Lou lunged at Hämsterviel and tore him apart.

They were stuffed.

Me: Looks like your hyenas liked him Harley Quinn.

Harley Quinn: It sure does.

Nicole sealed Hamsterviel into the Book of Vile Darkness.

Me: That takes care of that.

We went to Myrtle's house and we saw Myrtle having a tea party.

Myrtle: Well well if it isn't the weirdo.

Leni: I totes do not sound like that.

Myrtle: You should know what I sound like you dumb blonde!

(Record Scratch)

Leni: Dumb blonde?

Me: Uh oh, she just called her a dumb blonde.

Leni: (ENRAGED GROWL)

Me: You shouldn't have done that.

Leni: NOBODY CALLS ME DUMB BLONDE!

Me: Now she's in for it!

Leni punched Myrtle in the face and gave her a nasty black eye and she jumped her and pulverized her into pulp.

Lori and Luna were holding Leni.

Lori: Leni calm down! She's literally not worth it.

Lincoln and Linka were holding Myrtle.

Nico: Lilo, I get that you're trying to do what's best for Myrtle, but we're responsible for making a decision that will keep you and your Ohana safe.

Lilo: I don't mean to disrespect you guys. But Myrtle just helped me, my Ohana, and you guys defeat Hamsterviel. And you're going to reward her by throwing her in juvie? She has an Ohana comprised of Gigi and her mom. She can be a good friend to have, if you're a friend to her first.

Myrtle: Look, if it makes you guys feel better, I can just wear a collar on my leg that'll shock me if I do something bad.

Me: Hmm. You know that's not a bad idea.

Lisa: Indeed.

Lisa put a collar on Myrtle's leg and it was a 20,000 volt shock collar.

We then had Lilo, her family, Stitch and all 625 aliens move with us to Gotham Royal York and we gave them a great home with us. Nick and Lori J. got blessed by the powers of the god of water in Armenian Myth and the god of fire in Armenian Myth. Gantu was placed into the Redemption Squad. Jumba and Pleakley now live on Earth and it was a perfect home for them.

It was a great day for all of us.

# Magnetic Mutant Monster

It starts on the outskirts of the city. 5 people were walking towards the city and they were shadowed by the Sun. When they came into view, it was 7 enemies that the X-Men knew all too well:

Arkady Gregorivich Rossovich AKA Omega Red

Frederick J. "Fred" Dukes AKA Blob

Dominikos Ioannis Petrakis AKA Avalanche

Yuriko Oyama AKA Lady Deathstrike

Erik Lehnsherr AKA Magneto

Raven Darkhölme AKA Mystique

and Mortimer Toynbee AKA Toad.

Magneto: Gotham Royal York. Soon the humans of this city will be extinct.

Omega Red: Trask was right about one thing. We've let the X Men live for too long.

Lady Deathstrike (doubting herself on the inside): It does not matter. Not when we're about to reach our final plan.

Magneto: I made the mutants safe. Shielded them. But are they grateful? Do they appreciate my protection? No… They whine. Complain. Side with those humans. [stands up] If they prefer chaos, I'll give it to them. And I'll start by attacking Gotham Royal York. Make it and everyone inside an example of those that dare defy us!

Toad: Wait a minute. We're wiping out entire cities? And all the mutants in them?!

Magneto: Is that a problem, Toad?

Toad: Well, yeah… It's crazy. It's going too far.

Omega Red: Those humans dug their own graves. This is the only way for mutants to come out on top!

Toad: No… No… There have to be limits. Even on us. Especially on us!

Magneto: That's enough!

Toad: We can't do this. Have you gone nuts?! Your parents would never want-

Magneto grabs Toad by the throat. Toad tried to strike Magneto with his tongue but the latter pierced him through the heart with a shard of metal. Magneto then drops Toad's body.

Magneto: Anyone else? [The rest of the Brotherhood. does not say anything] Omega Red. You're with me. Deathstrike, prepare the Pokemon. Avalanche. Mystique. Get the Dark Orb ready.

The Brotherhood then walks off. Blob walks up next to Avalanche and Mystique as they look at Toad's corpse.

Avalanche: [to Blob] Take him outside

Blob (solemnly): For old times sake, I'll make sure Toad's body is buried somewhere quiet. [picks up Toad's body]

Mystique touches Toad's body in respect and watches as Blob takes it away.

Mystique: He was right. This isn't what we signed up for.

Avalanche: It doesn't matter anymore. Soon, the humans will get what they deserve.

Mystique: Toad wasn't a human, he was-

Avalanche: A casualty of war. Acceptable losses.

Mystique: ACCEPTABLE?! I let myself believe we were making things better. But we're not. I can't do this anymore. I'm done.

She tries to leave, but Avalanche grabs her

Avalanche: You have a death wish?! There is no 'done'!

Mystique: Maybe not for you. Goodbye, Avalanche.

She tries to walk away, but Avalanche causes a tremor that knocks her to the ground.

Avalanche (Mystique gets up): Mystique, don't make me do this.

She punches Avalanche in the face and knocks him out.

Mystique (to Avalanche's unconscious body): You didn't give me a choice, Dominikos.

Blob walks up to Mystique.

Blob: Mystique, you traitor! I'll have Magneto execute you for this!

Mystique: Just try it, Blob!

Mystique punched Blob in the back of the head and knocked him out.

Mystique (to Blob's unconscious body): Never did appreciate your company. Alright, I'll need to use the teleporter to get to Team Loud Phoenix Storm. Just hope I'm not too late.

* * *

1 hour earlier at the estate, we were watching TV and playing card games and reading books.

Me: So far things have been very quiet guys.

Lola: Yeah they sure have.

Me: Want to go horseback riding?

Everyone cheered!.

Me: I'll take that as a yes.

Poromon was chasing Fudgy and it was funny.

Poromon (chases Fudgy): MUST EAT TALKING CHOCOLATE!

Nico: Poromon! That's enough!

Poromon stopped.

We headed out. We were riding our horses and Rapidash in the park.

Me: It sure is a beautiful day to ride through the park.

Laney: It sure is.

Linka: Yeah.

Nico: I love riding on horses. But I like Rapidash better.

Me: I do too.

Vince: It's so much fun.

Carol: Yeah.

Timmy T.: As long as no one fights us.

Me: Timmy how come your parents are such idiots?

Timmy T.: I don't know. They were probably born that way.

Me: Well if you ask me your parents are not only dumb as a sack of diapers but also completely uneducated with non-existent brains.

Lori: I literally agree J.D.

Chloe.: Yeah.

Varie: Chloe how did you and Timmy meet?

Chloe: I moved to Dimmsdale not too long ago and I was pretty popular because of everything I've done all over the world and I did so much for Dimmsdale.

Me: You're a very skilled girl.

Chloe: Thanks.

Timmy T.: But the Fairy World High Council said that because of the high level of demand, there was a huge fairy shortage. So I had to share my Fairy Godparents with Chloe. I was shocked and screamed for 47 hours.

Me: Wow! A scream like that defies the laws of physics.

Lisa: Indeed.

Me: But I'm glad that this Fairy Shortage happened. It was like this brought you and Chloe together as friends.

Timmy T.: I guess it did.

Aqua: Yeah. Vicky how did you become so evil to begin with?

Vicky: I was badly abused by extremely bad babysitters and it was because of them that I was a pure evil monster hellbent on ruling the world.

We gasped.

Me: We should've learned about that earlier.

Vicky: It's not your fault J.D.

Me: You're right. But what really infuriates me is Mr. Crocker. That crackpot is one insane nut.

Suddenly we felt a huge explosion and a seismic wave shook us.

Me: Wow! What was that!?

Tara: That wasn't me.

Me: I know it wasn't you Tara. (Points to another spot of the park)

But it came from over there!

Maria: Francis, remember when we were in the Meta Breed and we pulled a heist in Vegas?

Francis: Yeah. That was from when we went into a bank full of security guards. What about it?

Maria: Just had a feeling about that one, a sixth sense that things were going to go bad.

Francis: And they would have, if Ebon hadn't have pulled us out of there. What about it?

Maria: I'm getting the same feeling now.

Just then Mystique ran up to us and Gambit saw her.

Mystique: Gambit? Is that you? (avoids Gambit's staff) Thank goodness. Where are Rogue and Nightcrawler?

Gambit: Somewhere off not being criminals! (throws a card at her but she ducks)

Mystique: You really need to work on your aim.

Gambit (smirks): Do I? (the card rebounds and hits Mystique, knocking her down) Remy LeBeau never misses.

Me: Raven Darkholme A.K.A. Mystique! What are you doing here?

Mystique: I left Magneto and my former teammates to join you guys. Magneto killed my friend Toad.

Me: Mortimer Toynbee A.K.A. Toad is dead!?

Laney: Why would he kill him like that in cold blood!?

Mystique: Because he objected to our methods and he killed him.

Nico: That monster! But I heard from Charles Xavier that his friend Erik Lehnsherr was brutally beaten and tortured by the Nazis and that's why he is the way he is.

Me: Those Nazis are complete monsters! They are completely Anti-God.

Lana: No kidding. Those guys are pure evil.

Lola: You said it.

Gambit: I don't care. Mystique here obviously came to kill us.

Me: Wait Remy. She's telling the truth. If Magneto and his teammates are here then we have a fight on our hands. Raven you are more than welcome to join the Redemption Squad if you want to.

Mystique: Thank you J.D.

Me: You're welcome. Lets go!

We rode up to the area in the park.

Lincoln is being pinned down by Blob.

Magneto (Blob pins Lincoln down): Blob, you won the coin toss. Would you like to crush Lincoln Loud's head or rip him in half?

Blob: I vote for crushing his head!

Lincoln: Just try it, tubby!

Blob: What's the matter, Loud? Too scared to make a last joke? (about to punch Lincoln)

Deathstrike (stops Blob): Wait!

Blob: What?

Lincoln (smugly): She said, "Wait."

Blob: I heard her!

Deathstrike: You promised me things were going be like old times.

Avalanche: It is like old times, only better. The humans are about to become extinct. And the X Men are going to be ancient history!

Deathstrike: And yet the likes of the Legion of Doom are giving us orders.

Magneto: You leave Grodd and those others fools to us. We always have a plan. You know this.

Deathstrike: Well, fill me in.

Omega Red: When the time is right.

Deathstrike (saracastically): But of course! We're fellow mutants, aren't we? Except when you all refuse to tell me what's going on.

Lincoln took this time to escape from Blob. The latter's about to follow him but Deathstrike slashes her soon to be former teammate in the arm.

We swooped in and kicked them in the face each.

They got up and saw us.

Me: The Brotherhood of Mutants.

Cyclops: We didn't expect to see you all here.

Magneto: That's right.

Me: Arkady Gregorivich Rossovich A.K.A. Omega Red, Frederick J. "Fred" Dukes A.K.A. Blob, Dominikos Ioannis Petrakis A.K.A. Avalanche, Yuriko Oyama A.K.A. Lady Deathstrike, and Erik Lehnsherr A.K.A. Magneto.

Omega Red: That's right J.D.

Linka: We didn't come here to tell you how we know about your resumes.

Me: We came here to kill you. Just like we killed your other teammates Sabretooth and Pyro. Juggernaut is actually in one of our prisons and Sabretooth we did kill. Well except for Pyro. We didn't kill him, he decided to blow himself up and try to take us with him.

Blob: So Pyro and Sabretooth are dead?

Lori: That's right and they literally deserved it.

Lincoln: Just like you are going to.

Me: Yeah. Erik I don't understand you. Why do you hate all humans so much? What have we ever done to you that would warrant such terrible behavior towards us?

Magneto: Because humans are pathetic and evil monsters that only deserve death. Mutants are the next step in evolution and we are the superior being.

Me: No. I don't believe that at all and you don't have any idea how wrong you are. Mutants are very much like everyone else. After we threw Trask into the Neptune prison for all eternity, Humans and Mutants put their differences aside and are now working together to help each other regardless of what they are and how different they are from everybody else.

Cyclops: That's right! Humans and Mutants can now Coexist with each other.

Me: Maybe fighting you will help you see that.

Magneto: We shall see.

Carol: Let me talk to Yuriko first.

Me: Okay Carol.

Carol walked up to Lady Deathstrike.

Carol: Yuriko, before we fight I want to know why you hate Wolverine so much. What has he ever done to you that would warrant such terrible behavior?

Lady Deathstrike: (Japanese Accent) Because he and Weapon X killed my family. Here's my life story.

Yuriko Oyama was born in Osaka, Japan. Her father was Lord Dark Wind, a Japanese crime lord and criminal scientist who created the process by which adamantium can be bonded to bone. Kenji was a former Japanese kamikaze pilot during World War II. His face was horribly scarred in a failed suicide attack on an American battleship. Feeling shamed by his failure decades earlier, he scarred the faces of Yuriko and her two brothers in a ritual design. Her two brothers would later die while in the service of their father. Yuriko teamed up with Daredevil to free her lover, Kiro, from her father's servitude, and to gain vengeance against her father for her scarring and the death of her two brothers. She guided Daredevil to Lord Dark Wind's private island in search of Bullseye. When Yuriko slew Lord Dark Wind (just as he was about to kill Daredevil), the devoted Kiro chose suicide to honor his master. Distraught, Yuriko belatedly embraced her father's ideals and sought to track down whoever dishonored him and restore Japan's honor. She adopted a costumed identity, as a samurai warrior. She attempted to rediscover her father's adamantium bonding process. Her trail led to Wolverine, whose skeleton had been bonded with adamantium, which she desired to retrieve for study. Deathstrike sought to kill him to right the wrong what she considered the theft of her father's theories and thus restore her family's honor, ignoring the fact that Wolverine had been forcibly enhanced with adamantium; however, Yuriko and her followers were defeated by Wolverine and Vindicator of Alpha Flight.

---

Carol however refused to believe that.

Carol: Yuriko you don't have any idea how wrong you are about that.

Me: And here is why Yuriko.

I handed her a file on everything that Weapon X has done and what she saw was horrific. She saw that it was Weapon X that orchestrated the events that befell her family and that she was used as a weapon for their own selfish purposes to destroy Wolverine.

Carol: After we killed Sabretooth, we destroyed Weapon X and completely eradicated it and its insane experiments.

Lady Deathstrike began to realize that everything she was told and has done was a lie and was wrong and she broke down crying and Carol comforted her.

Omega Red: I heard all about Weapon X and the horrible deeds it did.

Magneto: Yes. It's good it was destroyed.

Me: I agree Erik. But a fight still has to be done.

Lady Deathstrike: I agree.

She slashed Blob and cut him badly.

Lady Deathstrike: I'm through with this! I'm through with the Brotherhood! We're not helping people by killing them. We're only bringing this world closer to extinction. There's no honor in that!

Me: That's right. What the Brotherhood is doing is nothing short of cold-hearted genocidal murder. Come on guys.

Most of us go Super Angel, Nico went Super Saiyan 4, and everyone else spread their wings.

Me: Brotherhood of Mutants you all will pay for everything you have done.

Omega Red: We shall see.

Omega Red fired a cloud of his death spores at us. But our powers completely destroyed them.

Me: You're gonna have to do better than that.

Magneto: How about this to even the odds?

We saw that Magneto had a dark orb in his gauntlet and he summoned a Grim Reaper, Trickmaster, Storm Rider, Blizzard Lord & Volcanic Lord, Heartless Deathstrike and a Shadow Stalker/Dark Thorn Heartless.

Me: You have a Dark Orb that enables you to summon Heartless.

Magneto: That's right. Handy tool if I must say.

Francis: Just how many remnants of Xehanort's Darkness are there?

Me: Countless from what I can see. Lets go!

We went at them.

---

Battle 1: Shadow Stalker/Dark Thorn

---

Jubilee, Ace, Linka, Luna Frost, Fu, and Olette were facing the Shadow Stalker/Dark Thorn.

Luna: Not this guy again dudes.

Jubilee: I heard you all faced this guy before.

Linka: Yeah. It's not pleasant.

Fu: Lets get him!

They went at him and Fu kicked him in the face.

Fu: (Echoing) **SEVEN-TAILED NINJA ART: SATURNIAN LOCUST RINGSTORM!**

Fu fired rings made of glowing yellow locusts of pure energy and they hit the Heartless and exploded.

KABOOM! BOOM! BOOM! KABOOM! BOOM!

They hurt the Heartless badly.

Linka: That was so awesome Fu!

Fu: Thanks Linka. When you're a Jinchuriki of one of the Tailed

Beasts you can access many abilities nobody can even dream of.

Olette: That is amazing.

Fu: It sure is. Lets do a combo Olette.

Olette: You got it Fu.

Olette had her Keyblade turn into a Flower Blaster and Fu had rings of orange energy butterflies ready.

Fu and Olette: (Echoing) **SEVEN-TAILED LIGHT ART: JUPITER BUTTERFLY SATURNSTORM!**

Olette fired orange energy balls and Fu fired energy rings. They combined and turned into mini-energy Saturns and they hit the Heartless and exploded all over the place.

BOOM! KRABOOM! BOOM! KABOOM! BOOM! BOOM! KABOOMM!

Olette: That was so awesome!

Linka: It sure was Olette. Great Combo.

Jubilee: I'll say.

Fu: You are learning fast Olette. Great job.

Olette: Thanks Fu.

Luna fired a blast of ice and froze the Heartless in place.

Linka: Lightning time!

Linka fired a huge blast of lightning and electrocuted the Heartless.

Suddenly a call was heard and out came a Lunala, the Moon Pokemon.

Luna: Wow! It's a Lunala!

Linka: It sure is beautiful.

Lunala fired it's Moongeist Beam at the Shadow Stalker/Dark Thorn and it hit it with a powerful explosion. Luna threw a pokeball and caught the Lunala.

Luna: My very first Pokemon dudes.

Jubilee fired a blast of fireworks and burned the Heartless and Ace formed a flock of phoenixes and they burned the Heartless.

Jubilee: Lets finish it with our combo Ace!

Ace: You got it Jubilee!

Ace formed a dragon out of thin air and Jubilee fired a blast of fireworks at it.

Jubilee and Ace: FIREWORKS DRAGON EXPLOSION!

The fireworks combined with the dragon and it roared. It flew at the Shadow Stalker/Dark Thorn Heartless and it hit it and exploded into a powerful explosion of fireworks and dazzling beauty.

KRABBOOOMMM!

Linka: That was awesome!

Luna: Great combo dudes.

Jubilee: Thanks Luna.

Ace: That was fun and awesome. Lets help J.D.

Luna: You got it dude.

---

---

Sakura, Lynn, Edzilla, Tara, Inque, Storm, Beast Boy, Cornelia and Bobby were facing Avalanche.

Tara: In the immortal words of Nico, Dominikos Ioannis Petrakis A.K.A. Avalanche, you have failed this world.

Sakura: People like you are never welcome in our world.

Edzilla: ED SMASH EARTHQUAKE MAN!

Cornelia: Lets get him!

They went at Avalanche and Sakura punched Avalanche with devastating power and force.

POW!

She punched him in the face with devastating force and knocked out some of his teeth.

BLAM!

She kicked him in the stomach.

KROW!

She bashed him in the crotch with a powerful kick and it made Avalanche scream like a little girl.

Sakura: Now you are finished!

Sakura activated the Hundred Strengths Seal and kicked him into the air and jumped up and pile drove him in the back and sent him flying to the ground. She went at him with incredible speed.

Sakura: CCHHHHHAAAAAAAAAAAAAAAAAAAA!

KRABBLLLLLLLAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

She slammed her punch into Avalanche with incredibly devastating force and it caused a massive explosion of dirt and rock as Sakura slammed him into the ground.

Lynn: Wow! That was awesome!

Cornelia: What power!

Tara: He sure asked for an incredible punch.

Storm: He sure did.

Inque: We're not finished with him yet.

When the dust cleared Avalanche was in a huge hole badly mangled and bruised to the point where all his bones in his legs were protruding through his skin.

Inque: Whoa!

Tara: Sakura really destroyed him.

Bobby: No kidding.

Cornelia: It's combo time.

Bobby: You got it Cornelia.

Bobby touched the ground and a sapphire crystal fist grew underneath Avalanche and punched him high into the air. Bobby and Tara went at him with fists of crystal.

Bobby and Cornelia: CRYSTAL PULVERIZER FIST!

They slammed their crystal fists into Avalanche and pulverized him with a ferocious flurry of fisticuffs.

Lynn fired globs of lava and burned him badly.

Tara hit him all over the place with powerful boulders.

Storm: It's our turn Inque.

Inque: You got it Ororo!

Inque anchored Avalanche's feet to the ground and Storm formed a powerful lightning storm overhead and then lightning struck Avalanche head on.

ZAP!

Lightning hit him again.

ZAP!

Avalanche: (Groans) That's twice. What's the chances?

Lightning then hit Avalanche 20 times. (Think of how Billy was hit by lightning in the episode Dumb Luck)

Inque: Now for the grand finale.

Inque formed rods in the ground and Storm fired a tremendous blast of lightning.

Inque and Storm: SUPERLIGHTNING ELECTROCUTION STRIKE!

The lightning hit him and he was screaming in pain as he was being electrocuted with 100,000,000,000 volts of electricity. When the lightning faded Avalanche was completely numb and paralyzed.

Cornelia: Ouch. That must've really hurt.

Tara: No kidding.

Gloria M.: But that was so awesome!

Tara: It sure was sis.

Edzilla: Now to send you far away.

Edzilla hit Avalanche with his tail and sent him flying through the sky.

Avalanche: I'M BLASTING OFF!

When he was far away a star appeared and vanished as it appeared.

TING!

Ash: HEY! THAT'S TEAM ROCKET'S LINE!

Serena: He sure ripped them off.

Sakura: Maybe so but who knows where he will end up.

Tara: Yep. Lets help J.D. out.

Storm: Right.

They did so.

Miles away in the middle of the ocean, Avalanche landed into the ocean miles away from North America.

They went at the two Heartless of Fire and Ice. Lea, Lori J., Lori Volcana, Lola, Sasuke, Taranee and Sunstreaker went at the Blizzard Lord and Nick, Iceman, Dana Ice, Lana, Aqua, Irma and Octane were fighting the Volcanic Lord.

Lea fired blasts of fire at the Blizzard Lord and it burned it bad and Lori J. fired blasts of fire at it.

Lori Volcana: Now to really burn you up!

Lori Volcana fired a huge blast of fire and burned the Blizzard Lord.

Sasuke: (Echoing) **INFERNO STYLE: FLAME CONTROL!**

Lea fired a blast of fire and Iceman fired a blast of ice.

Lea and Iceman: FIERY ICESTORM DEATHWIND!

The blasts combined and completely obliterated the Blizzard Lord and Volcanic Lord Heartless.

Lori Volcana: That was literally awesome!

Lola: It sure was.

Lea: Those freaks sure got what was coming to them.

Nick: They sure did. Lets go help J.D. out.

Lori J.: Good idea.

---

## Battle 4: Blob

---

Colossus, Sandman, Liam, Carmen, Luan, Eddy, Sam M., Leni Ivy, Venom, Hinata, Ino, Yugito Nii, Hay Lin and Lori's Children were facing Blob, the hugely fat and strong super villain.

Luan: You sure are a big heavy hitter. (Laughs) But seriously, you are one fat monstrosity.

Yugito: And he REALLY needs to go on a huge diet.

Venom: We agree. He needs a strenuous exercise regimen in the Moon Prison for the rest of his worthless and pathetic life.

Blob: Shut up! I'll crush you!

Sandman attacks Blob, punching him again and again. Blob stands there.

Blob: Uhh! Oh, that was good. [Sandman repeatedly punches him, to no effect] Hey, guess what? [Blob punches him, knocking Sandman down]

Yugito then slapped Blob with a blue fire tail and she held out her hands and two tails formed. 5 balls of pure blue fire appeared in a fan formation.

Yugito: (Echoing) **TWO-TAILS NINJA ART: HELLFIRE FAN SHOT!**

She fired the blue fireballs and they all hit Blob and exploded with the power of 4 pounds of C4 explosives.

Luan: That was awesome!

Luan fired a blast of white light and it hit Blob in the eyes and blinded him.

Leni: You totes need more tomatoes in your diet.

Leni used her plant powers and formed tomato plants and fired big tomato bombs and they hit him and exploded all over him. Resulting in him becoming a majorly disgusting mess.

Liam: (Southern Accent) You are one ugly guy!

Blob: Same to you pig boy!

Liam: Pig!? Are you talking to me?

Carmen: Uh oh! He called Liam a pig!

Liam: Are you talking to me!?

Carmen: He shouldn't have done that.

Liam: ARE YOU TALKING TO ME!?

Carmen: Now he's in for it!

Liam: THEY CALL ME MR. PIG!

Liam charged and viciously pulverized Blob all over the place with incredible rage.

Ino: (Echoing) **NINJA ART: MIND DESTRUCTION JUTSU!**

Ino made Blob punch himself all over the place.

Hinata: He's within my field. (Echoing) **WATER STYLE EIGHT TRIGRAMS: 256 WATER PALMS!**

Hinata had water around her hands and she hit Blob all over his body 256 times with extreme ferocity and punched him all over the place with the sheer force of massive mega tsunami waves.

Hay Lin fired a powerful blast of wind and blew Blob around in a circle at an incredible speed. Blob was spinning around in a tornado at an incredible speed.

Hay Lin: Lets use a combo guys.

Roxanne: You literally got it Hay Lin.

Hay Lin and Lori's children fired a tremendous blast of wind.

Hay Lin and Lori's Children: TORNADIC SPEED SPIN!

The blasts of wind spun Blob in a powerful tornado at a blazing speed.

Sandman: Lets send this oversized blimp flying.

Colossus: You got it Flint.

Sandman covered his fist in sand and it turned into a huge fist with spikes and Colossus turned his body into steel.

Colossus and Sandman: SUPERMETAL FIST SANDSTORM!

Their punches slammed into Blob with incredible force and sent Blob flying all the way up into the sky with incredible force.

In the Moon Prison, Stan Lee was working as a Janitor cleaning up after the prisoners lunches. Then suddenly Blob crashed through the ceiling of the Moon Prison. Blob had stars, planets, moons and swirls were spiraling around his head and his eyes were spinning and he was chuckling stupidly.

Stan Lee: I think you need to go on a diet here Blob.

Warden: I agree Stan.

Blob was condemned to eternity in the Moon Prison and was forced to exercise for life.

---

A montage followed. We all demonstrated all kinds of moves and combos.

Aylene C., Laney, Lucy, Kraven and Nightcrawler were facing the Guard Armor Heartless and Nightcrawler and Kraven used a powerful combo called PRIMAL JUNGLE PUNCHSTORM and reduced the Guard Armor Heartless to scrap metal.

Beast (X-Men) And Fuzzy's Nephews used a combo on the Groundshaker Heartless called CARNIVOROUS MEATLOVERS CHEWSTORM and it reduced the Heartless to pieces with meat.

Angel and Teresa used a combo on the Storm Rider Heartless called SONIC ANGEL DEATHWING.

Calypso and Wolverine used a combo that killed the Heartless Deathstrike called PRIMAL SLASHSTORM OF THE JUNGLE and it reduced it to dust.

Cyclops and Francis used a combo on the Trickmaster Heartless called LASERFIRE FIRESTORM and it reduced the Heartless to ash.

Stalker and Gambit used a combo on the Grim Reaper Heartless called JUNGLE CARDSPEAR SKEWER and it caused the Grim Reaper Heartless to explode.

Rogue and Rubberband Man used a combo on Omega Man called RUBBERLEECH DUST REDUCER and it reduced Omega Man to dust in an instant.

---

Final Fight: Magneto.

---

Now it was all of us facing Magneto.

Me: Get ready Erik. It's gonna be the battle with Humans and Mutants.

Magneto: Yes it will. And Mutants will win.

Me: Lets dance.

I charged and punched him in the face and Lincoln fired a blast of lightning and electrocuted Magneto. Magneto got up and Lincoln fired more lightning as he fired a blast of magnetic energy and the blasts were intensely powerful as they clashed. Lincoln then surprised us by firing a powerful blast of magnetic energy and the power coming off of their blasts was so strong that lightning struck all over the place.

Me: Their power is equal!

Goku: It's unbelievable!

Vegeta: No kidding Kakarot.

Lincoln teleported and kicked Magneto in the face and they both flew into the air and Nico flew into the air with him.

Nico: Erik Lehnsherr A.K.A. you have failed this city! (launches Thrust's missiles at him)

The Missiles hit him and exploded.

Magneto (to Optimus Prime and Magnet Man): Foolish mechanical creatures. Thinking you can best the Master of Magnetism!

Magnet Man: You're not the only one who can use magnetism!

Optimus Prime: And don't even try to magnetize us. J.D. made us immune to magnetism

Magneto (to the X Men): I should've eliminated you all when I had the chance! Do you have any idea how infuriating it is to know that Bolivar Trask of all people was right?

Me: Trask was never right and I should've killed that little freak too. People like him have no right to live.

Jean Grey then activated the Phoenix Force and fired blasts of fire at Magneto and burned him.

Bleez fired blasts of red Rage Energy and burned holes in his clothes.

Bleez: Combo time Jean!

Jean Grey: You got it!

Jean Grey fired a blast of fire and Bleez fired red Rage blasts.

Jean Grey and Bleez: PHOENIX FIRE RAGESTORM!

The blasts combined and turned into a red firebird and it hit Magneto and exploded!

Lincoln: My turn. Celica?

Celica: You got it Lincoln.

Lincoln fired a blast of lightning and Celica unsheathed her sword.

Lincoln and Celica: LIGHTNING SWORD SLASHSTORM!

The lightning turned the blade of Celica's sword and into a blade of pure lightning and she slashed Magneto a lot.

Me: Final Smash Time!

Cyclops: You got it. LASERVISOR DEATH RAY!

Cyclops fired a powerful laser blast from his visor at Magneto and it burned him across his chest.

Magnet Man: My turn. ELECTROMAGNETIC RAY SCRAMBLE!

Magnet Man fired a powerful electromagnetic ray and it hit Magneto and warped his powers up really bad. Magneto was down for the count.

Magneto: Alright. You win. Go ahead and finish me off. I had a good run. But I guess every leader has to expire sometime.

Nico: No. Professor X still thinks you can change. And I'm going to grant you that chance. But first, let's do something about your

powers.

Nico stripped him of his powers and he was now a normal human.

Nico: And I know just where to put you.

Cyclops: (To the Viewers) This is now the end of the Brotherhood of Mutants.

We put Magneto in a nice retirement home.

Magneto: So even after all I've done, you're still putting me in a retirement home.

Nico: Well, you are getting old. I also feel sorry for you because of all the pain and suffering that the Nazis caused you. And you know how we feel about Nazis.

Magneto: Oh, I know. But even without my powers, this isn't the last you'll see of me.

Nico: That's why this retirement home allows visitors.

Me: Trust me Erik. If there's one thing we despise out of everything that's evil it's Naziism and people like the Nazis have no right to be on this planet. They are completely Anti-God.

Charles Xavier arrived.

Professor X: (British Accent) I agree.

Me: Hello Charles.

Professor X: Hello J.D. Thank you for helping Erik. I have some business with Him.

Me: Certainly.

Nico: Have a nice chat you two.

We left.

---

Back at the estate we were training and out came a Magnemite, A Magneton and a Magnezone.

Lincoln: A Magnemite, Magnezone and Magneton.

Me: These are perfect for me.

I threw three Pokeballs and caught them.

Lincoln: Way to go J.D.!

Me: Thanks and that's not all that came. Look!

A Growlithe and a Poliwrath came.

Nico: A Poliwrath and a Growlithe! They're mine!

Nico threw two Pokeballs and caught them.

Earlier I caught a Lunala and a Solgaleo. Luan and Eddy caught a Solgaleo too. Mystique and Lady Deathstrike have joined the Redemption Squad and the Brotherhood of Mutants has been stopped for good.

THE END

Another Fanfiction Complete

Magneto is one of the most awesome Mutant Supervillains in X-Men. Ian McKellan did a great job in the 3 X-Men movies. I used the Animated version of Mystique in this one. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Crimes of Fashion

[The episode begins in the Fortress of Solitaire.]

One-Eyed Jack: [in Clyde's voice] "Well, Ace, we've narrowed down the suspects to… the Card Shark, Snake Eyes, and the Old Maid." [shows said cards] "But which one made off with the golden die?"

Ace Savvy: [in Lincoln's voice] "It's as clear as the mustache on your face, Jack. Only one of these villains could've done the deed. And that is…"

[It reveals that Lincoln and Clyde are reading the comic in Lincoln's living room, dressed up as Ace Savvy and One-Eyed Jack, respectively. Me, Laney, Nico, Nick, Lori J., Varie and Lily are with them. Laney is dressed up like Lady Solitaire.]

Lincoln: "My money's on the Card Shark."

Me: My money is on Old Maid.

Laney: I'm thinking it's the Card Shark.

Lori J.: Me too.

Nick: This is so cool.

Clyde: "Same. The guy never blinks, you just can't trust him. OK, let's see." [turns the page to show that it was indeed the Card Shark.]

Lincoln: "Boom!"

Clyde: "Nailed it! We just solved our fifth case in a row." [Me, Laney, Clyde and Lincoln fist bump] "We're on a hot streak."

Nico: Card Shark you have failed this city.

We laugh.

Lily: That is always a great line Nico.

Nico: Thanks Lily.

[Right then, the front door opens and a pretty sad Leni walks in.]

Lincoln: [concerned] "Hey, Leni. How was work?"

Leni: [on her knees hugging the newel] "Terrible!"

Me: (Concerned) Leni, what's wrong?

Lincoln: [he and Clyde rush over] "What happened? I thought things were going great at the store."

Leni: "They were… until this afternoon…"

Me: What happened?

[Flashback to Reininger's that afternoon. Leni is helping Girl Jordan at the check-out counter.]

Leni: "Your receipt's in the bag, along with some samples of our new scent: Sugar Cookie Sunshine."

[Girl Jordan beams at this and looks in her bag.]

Girl Jordan: Thanks Leni.

Leni: You're totes welcome Jordan.

[Leni notices a woman picking out a skirt and she walks over.]

Leni: "That skirt would look great on you. And it also makes a cute poncho."

Woman: [gasps with delight] "You just changed my life!"

Ms. Carmichael: [clears her throat] "Uh, Leni?"

Leni: "Hi, Mrs. Carmichael. How's the monthly inventory going?"

Ms. Carmichael: "Not great. Several scarves have gone missing.

Can you come with me?"

Leni: "Are we going on a scavenger hunt?"

[End of flashback]

Leni: [tearing up] "There was no scavenger hunt. She thinks I stole the scarves!"

Lincoln: "What? Why would she think that?"

Laney: Yeah. I don't understand.

Leni: "They were all from my department, and they all went missing in the month that I've worked there, so she said she had to let me go. And I said, 'Go where?', and she said, 'That means you're fired!'" [wails screamingly]

Ed comforted her.

Ed: There there Leni. (Pats her back) There there.

Lincoln: [to Clyde] "That is so unfair. Leni would never steal anything."

Me: I agree. This is taking things way too far.

Laney: Yeah. Leni is not the kind of girl that would steal things like that.

Clyde: "This is worse than the time Crazy 8 was falsely accused of stacking the deck." [Lincoln gets an idea] "If only there was someone who could help clear Leni's name."

Ed (to a crying Leni): Leni, it's gonna be ok. I'm going to talk to the mall owner to straighten this whole mess out.

Leni (crying): Just don't beat her up, ok?

Ed (smiles): I won't. (Leni smiles back)

Ed leaves the house and he grins evilly.

Ed: But Edzilla will!

Me: I have a strong feeling that someone is out to ruin Leni's good name.

Nico: Yeah. I can feel it.

Nick: Whoever it is must have some kind of personal vendetta against Leni and whoever it is really hates her.

Laney: I don't think they would go that far.

Me: We'd better do some detective work and clear Leni's name as we figure this out.

Eddy was watching cartoons with Luan, Linka, and Double D when they heard Edzilla roar.

Eddy: That doesn't sound good.

Luan: That's Edzilla!

Linka: It's coming from the Mall.

Edd: Oh dear! Ed must've gone over there!

Me: Lets go guys!

We rushed over to the mall.

* * *

We arrived at the Mall and saw Edzilla smashing up the store.

Karai: (Japanese Accent) Ed! What ware you doing?!

Edzilla: MALL OWNER HURT LENI! NOW ED WILL SMASH MALL OWNER!

Xion: Ed, she's not worth it!

Edzilla: ED NO CARE! MALL OWNER WILL BE SMASHED!

Eddy: And then what, Lumpy? After you smash her, you'll go to jail for the rest of your life!

Double D: Ed, there are other ways we can solve this. But smashing the mall owner isn't one of them!

Me: That's right Ed. We'll find whoever did this to Leni and make sure that she suffers the consequences for their crimes.

Edzilla changed back.

Ed: You're right guys.

We went to Reininger's, where Leni worked. We saw the manager of the store.

Me: Excuse me? Are you Mrs. Carmichael, the manager of Reininger's?

Mrs. Carmichael: I am. J.D. Knudson and Team Loud Phoenix Storm. It's such an honor to see you all here.

Me: It's a pleasure to meet you as well. We have a couple of questions regarding an incident that happened here with Leni.

I pull out a clipboard.

Me: Can you tell us what went down just a couple of hours ago?

Mrs. Carmichael: Sure.

Mrs. Carmichael told us that she believes that Leni stole scarves from her department but that's all that she gave us.

Me: That is so strange.

Maria: Excuse me. You fired Leni because you thought that she stole several scarves. But she would never do that.

Me: I agree. Something is very fishy here. Mind if we take a look at the security cameras?

Mrs. Carmichael: Not at all J.D.

Jackie, Mandee, Fiona and Miguel arrived.

Miguel: Guys! We heard what happened to Leni.

Fiona: Yeah. We heard she was fired for stealing scarves. But I don't think she did it.

Jackie: Yeah Leni is not like that.

Mandee: I have a feeling someone is out to ruin her name.

Me: We think so too guys. Would you like to help us?

Jackie: Sure.

Mandee: Leni is our best friend at school.

Fiona: And our best friend at work so we're gonna help her.

We went to the security camera room and reviewed the footage from over the last 24 hours.

Kraven: (Russian Accent) So what exactly are we looking for?

Me: Any information that will tell us who or what is behind getting Leni fired.

Kraven: Who would have a grudge against Leni besides the Legion of Doom?

Me: That's what we intend to find out.

I scrolled through the footage and at 12:37 AM on the tape, I saw a strange figure in Leni's department. It was wearing a black shirt with black hair and blue jeans with sneakers.

Me: Wait. Look here guys.

We saw the figure.

The figure then swiped the scarves from Leni's department. We gasped.

Mandee: That is not Leni. She does not have black hair.

Me: Yeah. Your hunch was correct Nico. Someone stole the scarves from Leni's department and framed her for it.

Laney: She cost Leni her job.

Lori: Can you literally find out who it is?

Me: The image is too blurry to get a clear image of the face.

Lisa: Perhaps I can be of assistance.

Lisa pulled out her computer and downloaded the image to it.

Me: Okay. Nico, you take some of the group and go search. We'll let you know if we find anything.

Nico: You got it.

Mrs. Carmichael: When this is over, I owe Leni an apology.

They did so.

---

In the lobby of the mall, Nico, May, Lincoln, Laney, Lana, Lola, Luan, Eddy, Edd, Linka and Clyde were getting ready.

Nico: Let's split up and search for whoever framed Leni.

Lincoln: Okay. Me, Laney, Lana, Lola, and Clyde will search the east side of the mall.

Nico: And we'll take the west side.

Nico sent out his Raichu.

Nico: Raichu you come with us. Lets go.

They split up and searched.

---

Lisa had the image we found on the cameras enhanced and we got a much better description of the girl that framed Leni for stealing scarves. She had black hair and red eyes and a scar on her face in the shape of a ninja star.

Lisa: The image is all better.

Me: Lets see.

We looked at the image and Lori gasped.

Lori: I know that girl! That's Belle Muldoon.

Fiona: No way!

Miguel: Evil Belle is behind all this!?

Nick: Who was she?

Lori: She used to be one of Leni's best friends before Jackie and Mandee here. But something happened to her that literally made her bore a terrible vengeance against her.

Me: What happened Lori?

Lori: She got jealous of Leni being much prettier than she was. They literally got into a nasty fight and it ended up with Leni slashing her face, leaving a scar in the shape of a ninja star. Ever since then, Belle has literally hated Leni's guts with a terrible vengeance.

Fiona: I know Belle. She never talked to me that much, but she has a really rotten temper. One time, I saw a bunch of pictures in her house plastered over her wall and had them all covered in red paint with the words "Kill Leni." She hates Leni with a terrible vengeance and she even had dolls that looked Leni with their heads cut off.

Me: Geez! That is not just a terrible vengeance, that's a merciless vendetta. When did this happen?

Lori: It was 1 year before you moved here J.D.

Me: Oh man. This girl has some serious problems.

Lori: She literally does. She was expelled from school and she swore to get revenge on Leni no matter what.

Me: That is awful. This girl needs to go to prison or a psychiatric hospital.

Varie: She should never be allowed to walk the streets of Gotham Royal York ever again.

Aylene C.: She's far too dangerous.

Lori: I literally agree with you Aylene. Not just to everyone around her but also to herself. When I get my hands on her I'm literally going to turn her into a human pretzel!

Me: Oh she will pay for this. She'll pay with interest in not just blood, but also money and jail time. Or Mental Hospital time, whichever sounds appropriate.

My eyes glowed red with righteous fury.

I pulled out my radio and called Nico. I told him to regroup at Reininger's.

When we regrouped we told him what we found out.

Lana: So Scarred Belle is behind this!

Luan: I thought we had seen the last of her for trying to attack Leni.

Me: Now she's back for revenge. She must've been planning this for weeks after Leni ruined her life.

Fiona: We know Belle and she has a lot of problems up here. (Taps her head)

Laney: She needs to be stopped.

Me: I agree.

I concentrated and found her.

Me: She's this way.

We went to an employees only room and opened the door. We saw Belle Muldoon with the scarves.

Me: Belle Muldoon.

Belle: That's right. J.D. Knudson. It's such a pleasure to meet you.

Me: Skip the pleasantries Belle. You got Leni fired for your crime. All because you wanted revenge for what Leni did to you.

Belle: That's right! Leni ruined my life! She gave me this ugly scar and got me expelled.

Me: That scar looks cute on you Belle. But you brought all that on yourself because of your own petty jealousy.

Nico: Belle Muldoon, you have failed this city!

Edzilla: ED SMASH PUNY GIRL!

Lori: No Ed. She's mine.

Lori walked up to Belle and grabbed her by the shirt. Lori had a massive fire in her eyes as a Satanic Cultist Choir sang in the background and real fire blazed in the background. Her teeth were now razors and her eyes were now demonic and slitted.

Lori: You got Leni fired you shameless little (Censored)! For that I am literally going to turn you into a Human Pretzel!

The vicious sounds of punching, kicking, biting and screaming was heard as Lori ferociously and mercilessly pulverized Belle practically to within an inch of her miserable life.

Fiona: Let me join in!

Mandee: Save seconds for me!

Jackie: Count me in!

Mandee, Jackie and Fiona joined in the fray and they mercilessly pulverized her into pulp!

POW! BIFF! CRACK! CHOMP! CRUNCH! BAM! BLANG! BLAM! QUACK! HONK! ZONK! KROW! KATOW! THWACK!

We winced and covered our eyes as Lori, Mandee, Jackie and Fiona viciously and mercilessly thrashed and pulverized Belle to an incredible level. When it was done Belle was rushed to the hospital handcuffed to her hospital bed and wrapped in a full body cast.

Ed growled at Belle as she was carted off.

Leni (pets Ed's head): Hey, big guy. Sun's going real low. I'm right here. No one's going to hurt you.

---

[And so, Leni is at her job and was happy to be back. She then sees a woman near the jackets looking at a black top.]

Leni: "Cute top! And did you know that you can also wear it as a pencil skirt?"

[Ms. Carmichael appears]

Ms. Carmichael: "Oh, Leni, I can't apologize enough for accusing you of stealing those scarves. Is there any way I can make it up to you?"

Leni: [thinking] "Hmm… Are there any sweaters I can fold?" [Ms. Carmichael smiles, just then, we all arrive.] "Hey you guys! Thank you so much for getting my job back. I've been telling everyone at the mall what totes amazing detectives you are."

Me: Ah you're welcome Leni.

Fiona: It's great to have you back Leni.

Miguel: Same here.

Varie: What Belle did to you was wrong on so many levels and we had to help out.

Aylene C.: Yeah. And now she's paying for it. After she gets out of the hospital she's going to spend 60 years in the Antarctica Prison with Lenny Baxter as her cellmate.

We laughed.

Lola: Not only that but she has to pay $230,000,000,000,000.00 in restitution to you.

Me: The lesson here is, never challenge the ferocity of Lori, Fiona, Jackie and Mandee's wrath.

Lori: (Laughs) You literally got that right J.D.

Bobby: That's my awesome babe.

We laughed some more.

Kraven: (To the Viewers) Never mess with my comrades or there will be debts to pay in blood.

Me: True to that Comrade Sergei.

THE END

Another Fanfiction Complete.

Crimes of Fashion was a really cute and awesome episode that aired last year in 2018. What Lincoln and Clyde did was truly brave and heroic of them. In the episode it was actually Mrs. Carmichael's little son that stole the scarves because of his imaginative ways. Which I thought was cool and funny. I wanted to make this more interesting by having a former friend from Leni's past come back for revenge to ruin her life. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Spice of Death!

At the Gotham Royal York Retirement Home, Quicksilver and Scarlet Witch were visiting their father Magneto.

Varie: Well hello Pietro, Wanda. How was Hawaii?

Scarlet Witch: It was great Varie. Thank you for asking.

Quicksilver: We also stopped a lot of bad guys over there. It was mostly bank robbers, muggers and thieves.

Varie: Glad you two had fun. But a superhero's job is never done.

Scarlet Witch: True to that.

They went in and saw Magneto playing chess with Professor X.

Scarlet Witch: How are you feeling, Father?

Magneto: I'll let you be the judge of that.

Quicksilver: Could be worse. You could've been killed or turned into a Heartless.

Magneto: I know… My children, I am very sorry about all of this.

Scarlet Witch: Say no more, Father. There's plenty of blame to go around, on all three of us. After all, me and Pietro were the ones who left you alone. I'm just glad we got back from our vacation in Hawaii in order to visit you.

Quicksilver: And there's plenty of damaged family bonds to repair.

Magneto: I'm just hoping that we can make things right and be a family again like we once were.

Quicksilver: I'm not sure if things will ever be the same as it used to be between us.

Scarlet Witch (smiles): But that doesn't mean they can't be good again.

Professor X: Glad you all can pay Erik a visit.

Quicksilver: He may have been an enemy Charles but he is still family.

---

At the estate in the dining room. We were eating spicy chicken wings.

Me: Mmm. Delicious wings.

Nico: These are my favorite food.

Me: We know.

Wolverine: You couldn't find Avalanche, Fury?

Nick Fury: We tracked him down to where Edzilla launched him into the ocean. But by the time we got there, he was gone. The Legion of Doom must've extracted him.

Cyclops: Well, if he does show his face again, we'll be ready for him.

Me: Looks like the Legion of Doom got him before S.H.I.E.L.D. could get to him.

Nico: But we'll be ready for him.

Nico then noticed that May was feeling a little jealous.

Nico: May, I noticed that you've been jealous of Rachel. Is that true?

May: Well, yeah. I mean, me and Rachel are friends since we stopped the Yeerks. But I noticed that you and her have been talking with each other. And I can't help but feel jealous.

Nico: May, I understand how you're feeling. But me and Rachel are just friends. It's ok for me to talk to other girls as long as I stay faithful to you. Plus, Rachel already has Tobias as a boyfriend.

May: Really?

Nico: Sure. You are the only girl for me.

May: Oh Nico. You are so sweet.

They kissed.

Everyone: AWW!.

Lola: Aw isn't it sweet MAD Cat?

MAD Cat: (Purrs)

Lola: (To the viewers) I adopted MAD Cat after we killed Dr. Claw. He was really mean to him and I felt sorry for him. So I took him in and Cliff now has an awesome cat friend.

MAD Cat meowed.

Me: I'm glad you adopted him Lola. Usually I'm not one to carry a grudge but because Dr. Claw burned my hand, I was willing to make an exception. Also in a sense of poetic justice I slashed off Dr. Claw's right hand. In a cruel twist of fate, we both had grudges.

Lincoln: That is kind of ironic.

Me: Good way to put it buddy. But I would call it an act of karma dealt to Dr. Claw.

Lincoln: Yeah.

We laughed.

Nick: Yeah. How did you and Maria met William?

William: That was an awesome experience.

Maria R.: I was swimming and William was wanting to get wet.

---

Maria R.: (Narrating) **William saw me in my swimsuit and he was**

**in love with me.**

William arrived at the swimming pool and he saw Maria in her aqua blue swimsuit.

William was blushing and he was instantly in love with Maria.

William: Wow!

Maria: (Giggles) You like what you see big boy?

William: Yeah. I'm William Dunbar.

Maria R.: Maria Rockell.

They shook hands and Maria winced in pain.

Maria R.: **I was sore from my Water Form when he shook my hand.**

FLASHBACK ENDS

Maria R.: Ever since then we were in love.

Me: Aw.

May went over to Rachel (Animorphs).

May: Rachel, I want to say that I'm sorry.

Rachel (Animorphs): What for?

May: For being jealous. When I saw you talking to Nico occasionally, I thought that he had developed feelings for you. But now I know that you and him will only be friends. I just hope you can forgive me.

Rachel (Animorphs): Oh I forgive you May.

May: Thanks Rachel. By the way. When you turn into animals like that, doesn't it hurt you.

Rachel (to May): I know when I'm about to morph when I get this weird headache in my head and my stomach starts to have a cramp.

And then, my bones start to stretch painfully into different shapes. And finally, I feel something growing inside of me, wanting to burst out of my skeleton.

Me: Ouch. Whenever I turn into animals I'm used to it. But it's mostly the monsters from The Thing that I turn into.

Tobias: Oh yeah. I saw that.

Nick: That was so awesome that you can do that.

Me: It was. But you don't know this Nick, but Kate Lloyd was scared out of her mind down in Antarctica because of The Thing. Her time down in Antarctica was a complete nightmare.

Kate L.: It's true Nick. It was a nightmare of incredible fear, distrust and paranoia.

Me: That's what the Thing can do. Because nobody can tell who's human and who's not because it's a perfect imitation, it causes total fear and paranoia among everyone.

Nick: Oh man. I'm so sorry that happened to you Kate.

Kate L.: It's all right Nick. But thank you for your concern.

Nick: You're welcome.

Lincoln: That was nothing compared to the pain I had when I had Appendicitis.

Me: You had appendicitis Lincoln?

Lincoln: Oh that's right J.D. you weren't here back then. But yeah it was a horrible experience. My appendix ruptured and it felt like someone was hacking me to death with an axe.

Me: Jeez!

Lincoln: Yeah. I had a very high fever and I had to be rushed to the hospital. Lisa took out my appendix.

Me: Man. That's horrible.

Lincoln showed me a scar on the lower left side of his belly. It was about 2 inches long.

Me: Wow! That's a nasty one. If you hadn't gotten to the hospital in time you would've bled to death.

Lisa: Actually Appendicitis can cause the infection of the ruptured appendix to spread to other parts of the body and infect the blood, resulting in Septicemia.

Me: Septic Shock. That is potentially fatal.

Lincoln: Yeah. I'm glad they got to it in time.

Me: Me too. I would've lost my little bro.

Me and Lincoln hugged.

Everyone: AWWW!

Laney: I know what would really make these hot wings enjoyable even more.

Laney came back with a tray full of bottles of hot sauce.

Laney: Hot sauce!

Me: Your own hot sauces. Nice!

Lucy: I can partake in the fire.

Lola: Same here.

Lynn: Oooh! Now you're talking.

Me: Same here.

We tried chicken wings covered in different hot sauces and each of them were hotter than next.

Rita: Whoo! That is some awesome hot sauce guys! Laney I'm amazed that you can make all kinds of hot sauces sweetie.

Laney: Thanks mom. It's a hobby. I work on a lot of hot sauces in my garden.

Lori J.: Laney sure makes great hot sauces.

Me: She turned most of us into chili heads.

Raven: But there is one pepper that can make us into true chili heads.

Me: And what's that Rachel?

Raven: You'll see. AZARATH METRION ZINTHOS!

She formed a portal and out of a blast of fire around the portal came a black pepper.

Raven picked it up.

Raven: Behold, the Tears of Zephos! Grown in the gardens of Eternal Flame. These peppers inflict great pain and suffering on any foolish enough to consume them.

Shanan gasped.

Me: Oh no!

Shanan: Guys don't eat that pepper! It's the hottest pepper in the entire universe!

Me: I've heard legends about that pepper. It's the ultimate pepper and the most insanely spicy pepper of all!

Lori: If it's that spicy then we're literally trying it.

They took a bite out of it.

Bai Tza: (To the viewers) I got an extremely bad feeling I know what's coming next.

Me: You guys are making a big and terrible mistake!

Lola: Yummy.

But then an enormous blast of fire exploded out of Rita, Lori, Lynn, Lucy, and Lola's mouths.

Me: Look out!

We ducked behind the sofa and Yuko absorbed the fire as they screamed in intense pain from the intense heat and spiciness of the pepper.

Me: Wow!

Shanan: That is an insanely spicy pepper dad.

Me: No kidding. I may like nuclear hot spicy food but that is BIG BANG NOVA hot!

Lola: MILK!

Raven got them milk and they chugged the whole jugs.

Rita: It's not working!

Me: That pepper turned their stomachs into nuclear reactors!

Bai Tza: Why can't me and Manaphy just use our water powers to put out the spice in Lori, Lynn, Lola, Lucy and Rita?

Me: Because that pepper is way too strong to be put out with milk or water. There is one thing that might work.

I pulled out my legends book and scrolled through pages and found it. It showed a page with a castle in the shape of a milk bottle.

Me: We have to travel to the lair of the Dairy King and get them to drink the Mystic Infinity Milk in the Fountain of Milk.

Zoe: I've heard of the Dairy King. His milk is so powerful and so sacred that he guards it like gold. It won't be his guard cows are going to kill us. But if he saw that they ate the Tears of Zephos then I'm sure that he'll let us get the milk.

Hercules: We have to get that milk to them or their tongues are gonna be burned off and they'll never speak right again. Also the Dairy King knows me and Zoe and he'll let us in.

Me: Good thinking guys.

Ben: If we can't get the mystical milk in time, I'll just use Alien X to get ride of the spice in the others.

Powerglide: I'll use my jet mode to cover more ground.

Me: Good idea Powerglide.

Manaphy: Guys, how far is the mystical milk?

Zoe: It's right on the edge of the United States Canada border in Wisconsin.

Me: That's convenient. Lets get that milk!

Maria R.: You know, William. This almost sounds like a heist.

William: Well, if you consider getting mystical milk a heist, then I guess you could call it that.

Maria R.: When I was still in the Meta Breed, Ebon taught us four rules for us to remember: make the plan, execute the plan, expect the plan to go off the rails, and then, throw away the plan.

Cosmos turned into a flying saucer and took Lori, Lynn, Lucy, Lola and Rita.

Me: Lets roll!

We set out for the castle of the Dairy King.

---

We flew over the land of Wisconsin and Lori, Lynn, Lucy, Lola and Rita were screaming like Hell as fire was blowing out of their mouth. Cosmos was in his flying saucer mode. Beachcomber looked like a dune jeep, Powerglide was in his plane mode, Seaspray was in his ocean hovercraft mode and Warpath was in his tank mode. Along the way I caught an Eevee, Jolteon, Flareon, Vaporeon, Leafeon, Glacieon, Umbreon, Espeon, and a Sylveon. Nico sent out his Pidgeot.

Cosmos: Wow! That pepper must be really hurting them if they are in that much pain.

Shanan: Keep it together Cosmos. It'll all be over soon.

Cosmos: That's easier said than done.

Me: I know.

We arrived at the Dairy King's castle. We went into the castle and stood before the Dairy King himself.

Dairy King: Who dares come into my castle?

Zoe: Hello Dairy King.

Dairy King: Why Zoe. How Mmmarvelous of you to come.

Zoe: We're sorry to arrive like this but my friends need some of your mystical infinity milk.

Lori: Our mouths are literally on fire!

Lola: IT HURTS REALLY BAD!

Dairy King: They ate the Tears of Zephos didn't they?

Me: They sure did your majesty.

Dairy King: That pepper is extremely notorious to everyone. You have my permission.

Lori, Lynn, Lucy, Lola and Rita jumped into the milk pool and they emerged and steam came out of their mouths.

Me: Wow! It worked!

Lincoln: It sure did.

Later we went back home and watched TV. Lori, Lynn, Lucy, Lola and Rita had ice on their tongues.

Varie: That pepper must've been too spicy for you guys huh?

Lynn: It sure was.

In the Training Ground I ate the Tears of Zephos and then an enormous vortex of fire explode out of me and I was completely enveloped in a massive aura of fire.

Me: WOW! What power! The Tears of Zephos enhanced my power 10,000,000-fold. I can sense that a huge battle is coming.

Another Fanfiction Complete

I got the idea for this one when I saw the funny episode of TTG called Spice Game. That was one of my all time favorite episodes because I'm a lover of nuclear hot spicy food and it was extremely funny how all that fire came out of Raven, Cyborg, Beast Boy and Starfire's mouths when they ate the hottest pepper in the universe. I got the idea for Lincoln showing me the scar from Appendicitis from Crazygirl2030's fanfic Sibling's Day. Thanks for the idea and inspiration. Credit goes to you for that. I never had appendicitis in real life but it is not pretty as I have seen it on cartoons and movies and the pain is incredible. NicoChan11 gave me the ideas for this one. Thanks man as usual. At the Venus prison, Me, Nico and Spiderman were walking through the halls of the prison.

Nico: So why are we here Peter?

Spiderman: We're here to visit my former boss J. Jonah Jameson.

Nico: The disgraced former president and CEO of the Daily Bugle Newspaper company?

Spiderman: That's him. You would hate him Nico. He hates all Superheroes with a terrible vengeance. He thinks that all supervillains are the heroes where all superheroes are the true monsters and bad guys.

Nico: That's not right.

Me: No it's not. But I've been going over his history and found some shocking info. His father was a big war hero that he looked up to. But he was really abusive towards him. His wife was murdered by a mugger and his career as a journalist is what caused his hatred to build. As a result, he no longer believes in real heroes, knows that many role models aren't what they seem, and thinks if you beat up folk wearing a mask you obviously want to hide your identity because you're a no-good criminal.

Nico: That is just pure evil.

Me: I wouldn't call it evil Nico. He's a broken man with no faith in heroes.

Spiderman: I never knew that he was like that. He never talked about his past that much.

Me: I don't think we knew what happened to him back then Peter. And now look at him. He's a disgraced man that is now sitting in here until the day he dies for demoralizing heroes everywhere.

Nico: Yeah. And that was just in New York City.

Spiderman: Yeah.

Me: The question is why would he think that? He has been living a lie this entire time ever since he started the Daily Bugle.

Spiderman: I only put on this mask to protect my loved ones from my enemies. Though I think that's become a moot point since Venom, Kraven, Shocker, Rhino, and Sandman have joined us, Electro, Vulture, and Mysterio are permanently in prison, and Doc Ock, Scorpion, Hobgoblin, Green Goblin, and Hydro Man are dead.

Me: That could very well be the case Peter. But because of his short fuse temper there's no doubt that he will never believe us.

We got to his cell and it had evil symbols all over the cell door. It had the Star of Satan and many symbols that are racist.

Me: (Whistles) A lot of people have a strong hatred for him.

Spiderman: No kidding.

Nico: From the looks of things I would say all of New York City and Gotham Royal York hates him with a vengeance.

Me: Not only that but because everyone here in the prison hates him with a terrible vengeance, he's not allowed to be among the prison population because everyone here will kill him.

Spiderman: They must really hate his guts.

Nico: They sure do and he deserves it.

Me: I agree. He did make a lot of enemies in N.Y.C. and G.R.Y.

Nico: Oh I get it.

Spiderman: Right. G.R.Y. is for Gotham Royal York like N.Y.C. is for New York City.

To open the door we needed to use a handprint and retina scanner.

Computer: Authorized Access only.

I placed my hand on the hand on the scanner and a laser scanned my eye.

Computer: Access approved. Welcome back J.D. Knudson.

Me: Thank you.

The door opened and we went in. There was another door. It was a barred door and in a small room was J. Jonah Jameson.

Me: Hello Jameson.

Jameson: J.D. Knudson. Who is he and why is Spiderman with you?

Nico: In order, my name is Nicolas Chan. But everyone calls me Nico and Spiderman is with us because he wants to show you something.

Me: How are you liking your home here on the planet Venus?

Jameson: The chili is good but I would really like to get a Daily Bugle newspaper subscription.

Me: Well we're 24 million miles away from Earth. So that's gonna be a problem.

Nico: J. Jonah Jameson, you have failed New York City.

Spiderman: You know it was Green Arrow that invented that line right Nico?

Nico: I know. But I use it all the time when we fight bad guys. And sometimes for humorous purposes.

Me: I saw that.

Spiderman: I want to show you who was working with you the whole time.

Spiderman took off his mask and J. Jonah Jameson was shocked to see that Spiderman was really Peter Parker!

Jameson: Parker?! You're Spider Man?!

Spiderman: Ironic, isn't it? The one person that you thought of as a menace was working for you as a photographer the entire time. I'm glad Robbie is in charge of the Daily Bugle now.

Nico: I would consider what you've been doing as an act of slavery. You hired Peter Parker and it was fate that made him into Spiderman.

Jameson: How did Parker become Spiderman!?

Me: You remember that Neogenics lab you sent him to get a story at?

Jameson: What about it?

Me: He was bitten by a radioactive spider and it mutated him and gave him his powers. Super Strength, the ability to climb on walls, sense his surroundings, web slinging. All kinds of spider powers. He was hit by a double whammy of how superheroes get superpowers: Laboratory Experimentation and a Laboratory Accident.

Nico: That's right.

Me: I was given my powers when I was a baby because of Cosmic Radiation. It gave me omnipotent power.

Nico: I'm what is called a Saiyan. I was born on another planet, but I was raised here on Earth.

Me: Now look at you. You're a disgraced journalist here in prison 24 million miles away from Earth left here to rot.

Then J. Jonah Jameson went berserk! He went into a temper tantrum of unimaginable rage and fury at an incomprehensible.

Nico used Stinkor's fart powers and stunk up his cell big time. Giving him the worst ever Dutch Oven of all time.

KRAFAAAARRRRRRTTTTTTTTTTTTTTTT!

We left as he ranted.

Me: Burn in Hell you monster.

The door to his cell closed.

Me: Well that went rather well.

Spiderman: It sure did.

Nico: Lets get a snack here.

Me: Good idea.

We went to the cafeteria and to our surprise we saw that the chef at the prison cafeteria was Stan Lee.

Me: Stan Lee!?

Stan Lee: That's right.

Nico: You're a chef here too?

Stan Lee: That's right Nico. I heard you were visiting Jameson.

Nico: We sure did.

Me: How many jobs do you have besides writing comic books?

Stan Lee: Too many to count J.D. A guy my age has to make a living somehow.

Me: That's true.

We had delicious chili at a table. Stan Lee joined us.

Me: So here is our latest comic we made Stan.

I pulled out a comic wrapped in plastic wrap.

Me: It's called "Ace Savvy and The Merciless Plot of The Texas Hold'em Gang."

The cover showed Me as the King of Flaming Hearts, Lincoln & Clyde as Ace Savvy and One-Eyed Jack, Lincoln's Sisters as the Full House Gang, and all of us in our Ace Savvy Personae fighting Chandler, Hawk, Hank, Trent and Richie as the Texas Hold'em Gang.

Stan Lee: Genius work guys!

Me: Thanks Stan.

We went back to Earth later on.

---

In the Training Grounds, I was practicing Earthbending. During the events of Extinguishing the Fire of Evil, I somehow got the ability to Earthbend, Waterbend and Airbend without the need of having to be the Avatar in order for that to happen. We killed a lot of Earthbenders and Waterbenders. Mostly criminal Earthbenders and Waterbenders. Lori, Sakura, Hinata, and Toph have been teaching me how to bend said elements. I was hurling stones and boulders at training dummies that looked like all of Naruto's Most Dangerous Enemies. Including the Evil Sasuke's we killed. Toph was looking over my work. Even though she is blind and can't see she was amazed.

Toph: You are learning a lot J.D.

Me: Earthbending is so cool!

Toph: I wish I could see physically so I can see you in action.

Me: Hmm. I think I can make that happen.

I snap my fingers and Toph's eyes suddenly turned green and her vision started coming in. It went from total darkness, to blurry, to totally perfect and clear. For the first time in her entire life, she can see everything perfectly.

Toph: I… I can see! I CAN SEE!

Me: How do you feel Toph?

Toph: I can see everything! The Sky is so beautiful, The ground is amazing! And everything is so clear and beautiful!

Me: I'm glad you're cured of your blindness. What did you see before? Nothing but total darkness?

Toph: Nothing. Everything was totally dark and black.

Me: And now you can see everything perfectly.

Toph: I sure can.

Toph hugged me and cried hard.

I comforted her.

Meanwhile, in the middle of the city of Melbourne in Australia, something evil was brewing. Walking down the street was the ruthless enemy of Johnny Blaze A.K.A. the Ghost Rider: BLACKHEART, the son of Mephistopheles A.K.A. Mephisto. And with him were his cronies, The Hidden: Gressil - the Demon of Earth, Abigor - the Demon of Wind, and Wallow - the Demon of Water.

A racist police officer named Harrison Yates is pointing his gun at Blackheart and the Hidden.

Harrison Yates: Alright, let's get this over with. I have rich black guys to frame. (Gets killed by Blackheart's sulfur touch)

Gressil: And this racist is a cop?

Abigor: I think we did this world a favor.

Wallow: Well, I think that was a waste of our time.

Blackheart: Not entirely. I think we can use this dead corpse to our advantage.

---

In the Estate we were playing card games and reading books when the Alarm went off.

Me: Uh oh.

We went to the computer and saw a series of unexplained murders over in Melbourne.

Me: This is weird. Theres 15 people dead in Melbourne, Australia

Lincoln: What do you think it is J.D.?

Me: I don't know but we better find out. Lets go!

We set out for Melbourne, Australian.

---

We arrived in the darkness of the night and we saw a body on the ground.

Me: I got a really bad feeling about this guys.

Nico went over and looked the body over.

Nico (sees Yates' body): Guys, why is this dead body out in the open?

Spider Man (Spidey Sense tingling): And why is my Spidey Sense tingling?

Toph (hears beeping inside the body): Everybody, get down! (Yates' body explodes)

I protected us in a force field. I sensed someone.

Me: I sense an evil force here. I have an idea on how we can lure them out. Ben, Thundercracker, we're gonna disguise you both as Albedo and Starscream.

Ben: Good idea.

I used my magic and disguised them both.

We hid and out came Blackheart, Gressil, Abigor and Wallow.

Me: (Whispering) It's Blackheart, Gressil, Abigor and Wallow.

Linka: (Whispering) The dangerous enemies of Ghost Rider.

Gressil: Starscream, Albedo. What are you guys doing here?

Ben (Disguised as Albedo): We came to help you guys out.

Gressil: I find it very suspicious that you two came back. After all, Team Loud Phoenix Storm permanently beat you.

Thundercracker (disguised as Starscream): Well, you just can't keep good villains down.

Gressil: Is that so? (grabs a barrel and throws it at Ben)

Ben turned into XLR8 and dodged the barrel.

Gressil (sees XLR8's green eyes): Just as I thought. No red eyes.

We jumped out and punched them both in the backs of their heads and they saw us and roared.

Me: You guys are ugly freaks.

Blackheart: So you all came Team Loud Phoenix Storm.

Me: That's right and we're gonna kill all of you.

Gressil: So we're about to become your next victims. Is that it?

Nico: Don't you even dare try to make us the bad guys here! Not when you've all committed several murders in the last few days.

Abigor: Figures that you'd say that. You know, one of the advantages of being in the Legion of Doom is that we got access to the Internet. So we went online and found out a few interesting stories.

Lynn: And that would be?

Wallow: You and the rest of the Loud Sisters making that Sister Fight Protocol and nearly tearing your own family apart. As well as treating your brother like trash when he lied about being bad luck.

The Loud Sisters' eyes widened.

OH NO THEY DID NOT!

Blackheart: I must say. I'm very disappointed. Behind all those combo attacks and Final Smashes, you're all just angry little girls who only kill villains to ease the guilt of mistreating their own brother. It would be funny if it weren't so pathetic.

Nico (senses the Loud Sisters getting angry): Girls, calm down. He's just trying to get under your skin.

Blackheart (smirks): Oh, what the heck! I'll laugh anyway! (laughs maniacally)

Me: Shut the (Censored) Up!

Blackheart got behind me.

Blackheart: (injects me with sulfur) This probably won't kill you. But it will put you out of comission for an hour.

Me: Want to take that bet (Censored)?

My powers released a blast of fire and blew Blackheart into a bunch of cars and a blast of blue fire formed on my shoulder where Blackheart touched me and I threw it at him and burned him in his face.

Me: When we fight you Blackheart, you'll pay for everything you've done.

?: **I agree.**

We turned and saw the Ghost Rider.

Me: Johnny Blaze A.K.A. the Ghost Rider.

Lynn: It's good to see you again Johnny.

Ghost Rider: **You too Lynn.**

Me: Blackheart, we will fight you in San Venganza and we're going to kill you.

Blackheart: See you there. Kill them guys!

Gressil: With pleasure.

Blackheart: And here's a friend to play with you all.

Blackheart held up his hand and in it was a Dark Orb.

Blackheart: The Contract of San Venganza obviously has enough souls to make me powerful. But let's see what happens when I add the Dark Orb's power to the mix.

Blackheart had a Dark Orb and he summoned a Prison Keeper Heartless. I grabbed the Dark Orb and crushed it with my bare hands and shattered it into a million pieces. I got an incredible power boost because of it.

Me: Not this time. Lets get them guys!

We went at them.

Battle 1: WALLOW

---

Maria, Girl Jordan, Irma, Lily, Varie, Tantrum and Bai Tza were facing Wallow the Water Demon.

Bai Tza: You give demons everywhere a really bad name.

Wallow: You think you know what we demons can do?

Bai Tza: I know, because I AM a demon!

Bai Tza turned into her Sea Demon form and fired a massive blast of water at Wallow and it hit him and hurt him bad.

Girl Jordan: It's time to face a dragon!

Girl Jordan fired a huge dragon made of pure water at Wallow. Wallow fired a blast of water at the dragon and it made it stronger. The dragon of water hit Wallow and exploded and blew a huge hole into his chest. Exposing his black heart to the open.

Irma: It's combo time!

Lily: You got it Irma!

Irma and Lily fired blasts of water.

Irma and Lily: GLOWWATER MAELSTROM SHREDDER!

The blasts combined and turned into a deadly sawblade of pure water and it hit Wallow and shredded him.

Varie and Maria bashed him in the face with a powerful punch and kicked him in the stomach and punched him in the face again.

Tantrum: Lets combo attack!

Bai Tza: Right!

Girl Jordan: Lets do it!

Tantrum turned into a bull and Bai Tza and Girl Jordan fired a huge blast of water.

Tantrum, Bai Tza and Girl Jordan: AQUA BOVINE DEATHSMASH!

The water covered Tantrum and it turned him into a rampaging bull made of pure water and it slammed into Wallow with devastating force.

Bai Tza: Lets finish him off with our Final Smash!

Lily: Lets get him!

Girl Jordan: Yeah!

Bai Tza charged up a Kamehameha Wave and Maria, Girl Jordan, Irma, Lily and Varie fired blasts of water in a pentagon formation and the blasts of water converged into a focal point.

Bai Tza, Maria, Girl Jordan, Lily, Irma and Varie: CHICXULUB MEGATSUNAMI KAMEHAMEHA!

They fired a massive Kamehameha Wave made of pure water and it hit Wallow and exploded in a massive explosion of pure water and completely obliterated Wallow in an instant.

Nicole sealed Wallow into the Book of Vile Darkness.

Lily: That's it for Wallow.

Bai Tza reverted back to her Human Form.

Bai Tza: Yep. He gave all us demons a really bad name. He was just as big a pain as my siblings.

Girl Jordan: Yep. But good riddance. (Sees something) Hey what's that?

They saw a strange purple fire heading to them and it got closer and it was really the Ghostly Chandelier Pokemon Chandelure.

Nico: Oh wow! It's a Chandelure. This Pokemon is perfect for Lucy.

Lucy: I agree.

They jump as a pipe organ plays.

Varie: (To the viewers) We haven't had that happen to us in a while.

Nico handed Lucy a Pokeball.

Nico: Since you like ghosts and vampires, you should catch this Pokemon.

Lucy: Thank you Nico.

Lucy threw the Pokeball caught the Chandelure. When the red light turned off. That meant she caught it.

Nico: Great job Lucy! Your very first pokemon.

Lucy: Thanks Nico.

Irma: There are gonna be more Pokemon like that I'll bet.

Nico: There will be.

## Battle 2: Abigor

Lori, Divebomb, Lori's children, Hay Lin, Arpeggio, Teresa, Rachel S.D. and Carol were facing Abigor, the demon of the Air. They were flying in the air. Abigor fired blasts of wind at them and they dodged them and Lori fired a tornado blast at him.

Abigor (to Teresa): You should've kept your Big Bang powers. Because without those mechanical wings, you can't fly at all!

Teresa: Go suck on a lemon!

She fired a sonic blast at him.

Divebomb flew at Abigor with incredible speed and slashed and bashed him all over the place. Lori's children flew and bashed him all over the place with incredible speed. Teresa fired sonic blasts and they hurt him badly. They used a powerful combo called ATOMIC HURRICANE OBLITERATOR and it completely obliterated Abilor into nothing.

Lori: That freak literally disgusted me.

Roxanne: You literally said it mommy.

Lydia: Yeah what a clod.

Teresa: Yeah he deserved to be destroyed.

Hay Lin: He sure did deserve it.

Rachel S.D.: Yeah. We really blew him away.

Nico: Hey look.

Out of the shadows came a Machoke and an Alakazam.

Nico: A Machoke and an Alakazam.

Hay Lin: Go for it Nico.

He threw two Pokeballs and caught them.

Nico: Yes!

## Battle 3: Gressil

Sandman, Tara, Clayface, Rampage, Toph, Cornelia, Sakura, Laney, Lynn and Bobby were facing Gressil, the Demon of Earth and he was putting up a fight.

Gressil (to Rampage): You guys aren't so tough. I don't know why everyone's so afraid of you all.

Ramoage: Because as long as evil exists in this universe, no one is safe.

Tara: That's our job. To protect it from people like you!

Gressil fired rocks, boulders and moved through the earth.

Rampage went at him in his tiger form and tore him apart. Their combo was called GAIA EARTH CRUSHER and it smashed and obliterated Gressil in an instant.

Sandman: That's it for him.

Tara: Gressil was no match for the power of the Earth working together.

Cornelia: No he wasn't.

Sakura: I would say he got what was coming to him.

Toph: Oh yeah and his teeth were ugly.

Laney: They sure were.

Lynn: When was the last time he brushed those bones?

Bobby: Probably never.

They laughed.

---

Battle 4: Prison Keeper Heartless.

---

Francis, Lea, Headstrong, Taranee, Lola, Sam S.L. Aylene C., Yuko, Jared, Eion, Azula and Zuko were facing the Prison Keeper Heartless. Headstrong smashed the Prison Keeper in his Rhinoceros form.

Headstrong: One of us needs to get in the Prison Keeper's mouth and damage it from the inside.

Lola: I'll do it.

Lola did so and fired blasts of fire from inside it.

Azula and Eion burned him badly with fire and blasts of fire and deadly martial arts moves at an unprecedented scale. Turns out he wasn't that hard to beat and they used a powerful combo on him called VULCAN'S INFERNO INCINERATOR FIRESTORM. It incinerated him in an instant and we got a power boost.

Me: That's it for the Hidden. Now lets head for San Venganza.

Astrotrain: I can take us there.

Me: Okay. Thanks Astrotrain.

Astrotrain turned into a space shuttle and we got in. We flew all the way to San Venganza. It was 500 miles west of Melbourne.

## Battle 5: Blackheart/Legion

We arrived at San Venganza and it was a small village.

Me: So this is the village of San Venganza.

Lori: This place literally gives me the creeps.

Nico: It sure does.

Me: And this place reeks of evil. It's Australia's version of Sodom and Gomorrah.

Lana: This place needs to be destroyed.

Lola: I agree.

Me: Yeah.

We saw Blackheart.

Me: Blackheart.

Blackheart: That's right.

Me: It's over. We killed all your cronies and now it's time to kill you.

Blackheart: Then come and get me.

Nico: Blackheart, you have failed this city!

Razorclaw fired a beam blast at Blackheart.

Blackheart (avoids a blast from Razorclaw): Tell me, Predacon. Do you even know how you're going to kill me?

Razorclaw: We always find a way.

Elena, Shocker, Razorclaw, Will, Lincoln, Linka and Nico went at him and they savagely pulverized and electrocuted him with incredible ferocity. Razorclaw was in his lion form and he slashed Blackheart. Then they used a powerful and deadly combo called ZEUS LIGHTNING LION PRIDESTORM and the lightning turned Razorclaw into a deadly lightning lion and it electrocuted him badly. Blackheart was beaten but he was not finished yet.

Blackheart: I'm not finished yet. I still have… (Holds up the Contract) The Contract!

We gasped.

Me: You wouldn't!

Blackheart: I would.

He unrolled the contract.

Blackheart: This is the Contract of San Venganza. All of you… COME TO ME!

Then hundreds of evil spirits came out of the buildings of the town and they went into Blackheart. We saw them go into Blackheart and his power was increasing fast at a tremendous rate. When it was done he was completely different. He opened his eyes and they were red like blood and overflowing with pure evil and the level of darkness coming off of him was completely incomprehensible.

Legion: (Demonic Voice) **My name is Legion. For we are many.**

Me: It's Legion from the Book of Mark in the Bible.

Vince: His power is completely unreal.

Me: It sure is partner. This is gonna get ugly. Lets see how he likes facing my power.

A massive vortex of fire exploded out of the ground around me and I was enveloped in a huge dome of fire. It turned into a massive phoenix. When it faded I was now a Super Angel 50,000 Phoenix Fire. My aura was red and overflowing with pure fire.

Will: Everyone lets unite our power with J.D.

Irma: Right!

The Guardians channeled their Auramere's into me and I got an incredible power boost.

Me: (Echoing Voice) **Now you will face the ultimate power of the Fire from Heaven.**

We went at each other and I punched him in the face and kicked him in the stomach and punched him in the mouth and knocked out some of his teeth. But his teeth grew back instantly. I punched him and he punched at me and I blocked it and we locked hands and looked at each other with indescribable hatred towards each other. We flared our auras up. Mine was red with the elements of the Guardians of Candrakar and Legion's aura was pitch black and overflowing with pure unrestrained evil. Our power was so incredibly powerful that it caused the entirety of the planet to shake violently. The full force of our fight was shaking the entire planet at an extremely powerful rate. The skies stormed up with dark clouds and lightning struck everywhere. I headbutt Legion and kicked him in the face. We went at each other and punched and kicked each other at a ferocious and powerful rate that shook the very fabric of the entire universe to the core. Thunderous shockwaves from our punches and kicks rattled the land and massive fiery explosions blew the area apart in a powerful conflagration on an epic scale. I fired a powerful blast of fire at Legion and he dodged it and it exploded behind him and blew him to me and I clotheslined him and pile-drive him into the ground with explosive force. He recovered quickly and I kicked him into the air and fired a powerful blast of fire at him and it hit him and exploded with incredible power in a raging inferno and he landed on the ground as a pile of black mush and he quickly pulled himself back together by taking in more evil souls and more evil from the village.

Me: **What does it take to kill this guy!?**

We went at each other some more.

Vince: Wow! Look at them go!

Carol: This is completely unreal!

Lincoln: Their power is both equal.

Will: Unbelievable!

Lisa: The combined power of J.D.'s Super Angel 50,000 form and the power of the Guardians of Candrakar has made J.D. an incredibly powerful force to be feared in the eyes of all evil.

Lori: This is literally getting intense.

Razorclaw: Predacons, merge into Predaking!

They did so and became the Predaking.

Lori: Lets help J.D. out.

They all did.

I kicked Legion in the face and everyone came.

Me: **Lets get him guys!**

Everyone: YEAH!

We all went at Legion and punched him all over the place with elemental energy blasts and punched and kicked him all over the place all the way into oblivion. It was an explosive battle that was rattling the entirety of the planet and the very fabric of the universe to the core. Suddenly we got a surprise when we saw bramble vines erupt out of the ground.

Me: Is that your doing Laney?

Laney: It's not me.

Riley: It's not me either.

We saw where the vines were coming from and we saw a woman dressed in a beige reporter dress and she was controlling the vines.

Me: **Roxanne Simpson!**

Ghost Rider: **Roxanne. What are you doing here?**

Me: **You know her Johnny?**

Ghost Rider: **Yes. She's my girlfriend.**

Lola: How did she get those plant powers?

Roxanne S.: I don't really know.

Me: I think I might know. Blackheart gave you these powers when you became Black Thorn and some of the remnants of those powers were still in you.

Roxanne S.: That could be the case.

Predaking fired numerous missiles from his feet and he fired his X-Ray laser gun at Legion and burned him bad and punched him in the face with devastating force.

Sideswipe: It's combo time guys!

Kixx and Sideswipe went at Legion.

Sideswipe: SUPER PUNCHSTORM MISSILE BARRAGE!

Kixx punched Legion all over the place with a ferocious barrage of punches and Sideswipe fired missiles and they exploded and blew Legion apart.

Ace: My turn. Astrotrain?

Astrotrain: Lets do it Ace.

Ace formed a dragon with her powers and Astrotrain flew at 50,000 miles per hour.

Ace and Astrotrain: HYPERSONIC DRAGON SMASHER!

The dragon merged with Astrotrain and they went at 50,000 miles per hour and slammed into Legion and he exploded all over. Legion's flaming remains fell to the ground and put himself back together.

Johnny Blaze: How does it feel to have all that evil inside of you? All their power…

Johnny turned into Ghost Rider.

Ghost Rider: **All their souls. 1,000 souls to burn. Look into my eyes. Your souls are stained by the blood of the innocent. Now… feel their pain.**

Legion screamed and he saw directly into Ghost Rider's eyes and he was seeing and experiencing all the pain and suffering of all the crimes the souls in the Contract caused over the centuries and then he was dead as his eyes were now smoldering cinders.

Me: **Now to finish him off for good once and for all. Final Smash Time!**

I throw Blackheart high into the air.

Ghost Rider: **I'll start things. NETHERWORLD VENGEANCE FIRESTORM!**

Ghost Rider fired a massive blast of fire from his hands.

Danny Phantom: Lets combine it. GHOST STORM SONIC WAIL!

Danny Phantom screamed and fired a powerful sonic wail and the blasts combined and hit Blackheart and burned him.

Me: **Now for the Grand Finale!**

Nico formed a Nuova Star and fired it, Carol fired Godzilla's orange atomic ray, Aylene fired a blast of fire, Vince fired a blast of fire and so did the Ghost Rider. I fired a Kamehameha Wave

Me, Vince, Nico, Aylene, Carol and Ghost Rider: NETHERWORLD FIRESTORM KAMEHAMEHA!

The blasts combined and turned into blast of pure fire and it enveloped Blackheart and completely incinerated him in an instant to nothing. Nicole then sealed him into the Book of Vile Darkness.

?: Congratualations to all of you.

We turned and saw Mephisto.

Me: Mephistopheles, the German Devil.

Mephisto: That's right J.D.

Me: Has anyone ever told you that you look just like Peter Fonda.

Mephisto: (Laughs) I do don't I?

Me: I know a lot of his movies. I take it you came to congratulate us for killing Blackheart.

Mephisto: Yes. And Johnny you were the worst (Censored) I ever made.

Nico: You'll get what's coming to you eventually, Mephisto.

Mephisto: I'm not ashamed of my actions, Mr. Chan. I just do what people ask of me but twist their fates in the process.

Nico: Playing God has consequences. The only people who deserves the fates that you give people are scumbags like Xehanort and X.A.N.A.

Mephisto: Well, you should still be thanking me. After all, if it weren't for me, Blaze wouldn't have become Ghost Rider.

Nico: True. But the next time you try something, we're coming for you.

Mephisto (smirks): We'll see about that.

Me: Count on it.

Mephisto disappeared.

Ghost Rider: (To the Viewers) **Remember this folks, you mess with the innocent and I'm coming for you.**

Me: You mess with us and you face him. (Points to Ghost Rider).

We laughed.

Another Fanfiction Complete

Ghost Rider is one of my favorite movies created by Marvel Comics. Nicolas Cage, Eva Mendes, Wes Bentley, Sam Elliott, Donal Logue and Peter Fonda did a great job in that movie back in 2007 and it was awesome! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# The Jeweled Techno-genius Richboy

It starts at the estate. We were watching TV and reading books.

The doorbell rang.

Me: I'll get that.

I did so and it was Peter Parker's aunt, Mrs. May Parker.

Me: Oh hello Mrs. Parker.

May Parker: Hello J.D. Is Peter here?

Me: He is. Come on in.

May Parker did so.

Spiderman: Sorry I haven't visited you, Aunt May.

May Parker: It's all right Peter. I know you are always busy with your job.

She saw Venom and whacked him with her purse. Stewie laughed.

Me: Mrs. Parker please calm down. Venom has redeemed himself. Or themselves rather.

Venom: It's all right J.D. We understand.

Me: You have our sympathies for what happened to Ben.

Sandman: Yes. I'm sorry I killed him. But it was an accident. I was desperate and scared.

Me: His daughter Penny needed a heart transplant and during the Paul's Sinister 6 Travesty I gladly volunteered to give her my heart.

Penny M.: It's true Mrs. Parker.

Penny revealed a scar on her chest.

Me: I gave her my heart and it's now inside her. My immortality and invincibility allow me to regenerate all my organs.

May Parker: That is an extremely selfless deed J.D.

Me: I had to save her life somehow.

Sandman: Yeah. She was dying and I didn't have the money for it. I was scared and I'm so sorry I killed Ben.

Spiderman: I've forgiven Flint, Aunt May.

Me: But I sensed that Peter and his uncle were very close a while back. So I think I'll bring them back together.

I snapped my fingers and there was a knock at the door.

Lori: I'll get that.

Lori did so and in came Peter's uncle, Ben Parker back from the dead.

Spiderman and May were shocked.

Spiderman: Uncle Ben?

May Parker: Ben?

Ben Parker: Yes. I'm back.

They got up and hugged him for the first time in a while.

20 minutes later we were talking to him.

Me: Do you know about Peter becoming Spiderman?

Ben Parker: I do. It was my death that made him become Spiderman.

Me: So it was your death that became the catalyst for him to become Spiderman. Peter was bitten by a Radioactive Spider and it mutated him and gave him Spider Powers.

May Parker: That explains why he came home sick that day.

Ben Parker: And he had a nasty bump on his hand.

Me: Yeah. It was from that spider.

I drew a picture of it. It was a black widow spider that was mutated by radiation and it had a red and blue abdomen. I showed them the spider.

Me: This is it.

Spiderman: That's the very spider that bit me.

Me: And it's also the spider that gave you your powers.

May Parker: Oh my.

Sandman: (to Ben Parker) I'm very sorry about killing you all those years ago. It was an accident and I was trying to save my daughter.

Ben Parker: I know Flint. I understand. You were trying to save your family.

Me: Fear and desperation have a nasty way of causing people to do terrible things.

Ben Parker: That is true.

* * *

William was talking to Thundercracker and Skywarp in his room with Mary and Susan Test eavesdropping on them.

William: (to Thundercracker and Skywarp) Guys, I need Bling Bling Boy out of the picture.

Thundercracker: Permanently?

William: As permanently as possible.

Mary and Susan's eyes widened before they ran out of the house. What they didn't hear was the rest of the conversation.

Skywarp: I just hope we have enough fuel to send Bling Bling Boy to Singapore.

---

At Bling Bling Boy's multi-billion dollar mansion island, he was looking at a picture of Susan Test. Surprisingly said person arrived with Mary.

Bling Bling Boy: Ah, Susan Test. Have you finally decided to confess your love to me?

Susan: Eugene, you need to get out of here while you can!

Bling Bling Boy: What's the occasion?

Mary: Trust us. You need to leave right now!

Bling Bling Boy: Well, I'm not going anywhere until Susan gives me a kiss.

Susan (sighs): Fine. Close your eyes.

Bling Bling Boy closes his eyes, expecting a kiss. But she and Mary put him on a catapult and launch him out of the house.

KRAFLING!

He was sent flying and he crashed through the wall and thrown far.

CRASH!

Thundercracker and Skywarp walk to Bling Bling Boy's house.

Thundercracker (knocks down the door): Hey, Bling Bling Boy! You in here?

But all he and Skywarp saw was the Test Sisters in the room along with a Bling Bling Boy shaped hole in the roof.

Skywarp: Where is he?

Mary: Somewhere far away, I hope.

It took the 2 Decepticons 10 seconds to figure out what happened.

Thunddercracker: You two let him escape?! Why?!

Susan: Because he doesn't deserve to get slaughtered like an animal! Just because he has a hopeless crush on me!

Skywarp: We didn't come here to kill him.

Mary: Yeah, right! We heard you two talking to William!

Thundercracker: What did you hear? That we're supposed to take Bling Bling Boy out of the picture?

Susan: Yeah! William even told you two to make it permanent.

Skywarp: We were going to take him with us on a "special Decepticon mission" to Singapore. Which is pretty far out of the picture, don't you think?

Mary (eyes widen): So you two weren't going to kill him?

Thundercracker: Nope. But now, we might not have any choice thanks to you two.

WHOOOPSSSS!

But he is extremely persistent and knowing Bling Bling Boy he will be back.

---

Back at the estate we were relaxing and playing board games. I was playing chess with Dukey.

Me: (Thinking) Hmm.

I moved the White Queen to H3 and took his black knight.

Me: Checkmate.

Dukey: You're really good J.D.

Me: My friend Shikamaru says that you have to have a strong strategy to overcome your opponents in any tough situation.

Dukey: He is very smart I'll give him that.

Then the alarm went off.

Me: Uh oh.

We went to the computer and saw that Bling Bling Boy was up to something.

Me: Looks like Eugene Hamilton A.K.A. Bling Bling Boy is at it again.

Johnny T.: He just will never learn.

Thundercracker: We were gonna send him to Singapore.

Skywarp: But Susan and Mary ruined that.

William: We were gonna remove him from the picture as permanently as possible. But Susan and Mary thought we were gonna kill him. They got to him first and flung him out of the house with a catapult before we got to him.

Me: That was just a misunderstanding. No big deal. But it goes against our code to kill kids. Even if they're super villains.

Nico: That's right. Since we can't kill him we're gonna have to get him grounded for a long period of time.

Nick: I heard you guys got Dr. Drakken and his stupid cousin grounded for a long time.

Me: We sure did Nick. It was extremely funny.

Then we heard a phone ringing.

Me: Is that the telephone?

Penny G.: No that's the Top Secret Gadget Phone.

Inspector Gadget answered it by growing an antenna out of his pinky finger and turning his thumb into a receiver.

Inspector Gadget: Is that you chief? Oh it's for you J.D.

Inspector Gadget stretched his hand to me and I answered his phone.

Me: Hello? (Garble) You're where? (Garble) Be right over.

I went to the fireplace and Chief Quimby was hanging upside-down in the chimney.

Me: Chief Quimby? How did you get in our fireplace?

Penny G.: He has a habit of showing up in places you would never expect.

Me: I can see that.

Chief Quimby: Read this J.D.

He hands me a piece of paper and it was an assignment.

Me: "We strongly suspect that remnants of M.A.D. may be lurking about all over the world and are hiring themselves out to numerous supervillains and organizations around the planet. After Dr. Claw was killed, M.A.D. was made leaderless and the remaining agents are being hired by them. We suspect that the first remnant of M.A.D. is working for Eugene Hamilton A.K.A. Bling Bling Boy. Arrest the agents. This message will self-destruct in 5 seconds." Uh oh!

I throw the message in the fireplace and it exploded in Chief Quimby's face.

BOOM!

When the smoke cleared Chief Quimby was covered in soot.

Me: I'm so sorry Chief. Does this happen to you all the time?

Chief Quimby: You have no idea J.D.

Me: I'll make sure this doesn't happen again. But we'll get those M.A.D. clods. Lets roll guys!

We set out for Bling-Bling Boys island.

---

Eugene's mom was out getting groceries when Thundercracker came to her.

Thundercracker: Hi there, Mrs. Hamilton! I need to talk to you about your son.

Eugene's mom: What about him?

Thundercracker told her what Eugene was doing over the years and she was INFURIATED!

Eugene's Mom: ***HE'S BEEN WHAT!?***

HE'S IN FOR IT NOW!

---

At Bling Bling Boy's house he was working on his latest work to win Susan Test's heart.

M.A.D. member: You Bling Bling Boy?

Bling Bling Boy: Who wants to know?

M.A.D. member: Don't be scared. We're here to help you against Team Loud Phoenix Storm. We even got you a Tentacool, Victreebell, and this. (gives him a Dark Orb)

Then a fiery explosion blasted through the roof of Bling Bling Boy's lab and we came in through the roof.

We landed.

Me: Okay M.A.D. agents, you're all under arrest!

M.A.D. Agent: How did you find us?

Me: That's none of your business Buttcracker. So give yourselves up or we'll kill you just like we killed your boss Dr. Claw.

M.A.D. Agent: You all killed Dr. Claw!?

Me: And we show no remorse for doing so. If there's one thing we never tolerate, it's world domination.

Lori: That's right. And if you don't give yourselves up I will literally turn you into a human pretzel!

M.A.D. Agent: I would like to see you try you dumb blonde!

We gasped.

Me: Uh oh.

Lori: (ENRAGED SCREAMING) NO BODY CALLS ME A DUMB BLONDE!

Me: Now he is dead meat!

Lori jumped the M.A.D. agent and pulverized him completely senselessly. She viciously thrashed him into pulp. (Think of how Ren mauled that horse doctor in the infamous Ren and Stimpy Adult Party Cartoon episode Ren Seeks Help)

Nico: Eugene "Bling-Bling Boy" Hamilton, you have failed this city! (fires Wallow's water at him)

The water punched him in the face.

Bling Bling Boy: (Coughing) You'll have to do better than that! I got this!

He showed us that he had a dark orb gauntlet and we saw him build a huge robot with his mind.

Me: Wow! What a huge robot!

Bling Bling Boy and say hello to my little friends.

We saw a Tentacool and a Victreebell.

Nico: A Tentacool and Victreebell.

Me: You should catch the Victreebell and I'll catch the Tentacool. Or No. Lets flip a coin. Heads you get the Victreebell and I'll get the Tentacool and Tails I'll get the Victreebell and you'll get the Tentacool.

Nico: Deal.

I pull out a gold dollar coin.

Me: Heads is the Sacagawea side and tails is the eagle side.

Bling Bling Boy: Hurry up!

Me: Don't count your bars of gold before they get turned into cash Eugene. Hold on.

Bling Bling Boy: What?

Me: It was my way of saying be patient. Plus it was the best I could come up with.

Bling Bling Boy: Oh. Sorry.

Me: No prob.

Nico: Heads.

I flip the coin and it landed in the palm of my hand and I put it on the back of my other hand and it turned out Heads.

Me: Heads. You get the Victreebell and I get the Tentacool.

Nico: Okay.

The Protectobots used their abilities on the Victreebell and the Tentacool and they are as follows:

Hot Spot's fire truck hose shoots high-pressure water 1200 feet. As a robot, he can press 60,000 pounds, and he uses fireball cannons that shoot bursts of 2000 degrees Fahrenheit blue flame 1.5 miles.

In vehicle mode, Blades' maximum speed is 400mph and his range is 1200 miles. He has twin launchers fire "smart" rockets that seek targets based on encoded computer images. In robot mode, he uses photon pistol.

In vehicle mode, First Aid carries dual-barreled decrystallizer cannon, which weakens metal by disrupting crystalline structure, and photon pistol in robot mode. In robot mode, his fists shoot laser beams used for welding in surgery.

In vehicle mode, Groove's speed is 140mph and his range is 800 miles. In vehicle mode, he uses twin vaporators, which shoot mists of oxidizing, freezing, and corrosive liquids, and a photon pistol in robot mode.

As a car, Streetwise has powerful double-mounted air-compressor cannon with 50 mile range. As a robot, he uses a blinding photon pistol.

They used these abilities and we caught the Tentacool and Victreebell.

Hot Spot: Protectobots, merge into Defensor!

The Protectobots merged into Defensor. His abilities are as follows:

Defensor can lift 300,000 pounds with one hand. He is impervious to most artillery, can surround himself with force field for brief periods and carries fireball cannon.

Me: Lets get him!

We went at the robot and punched and blasted it.

SpongeBob: Lets blast him with our combos.

Mirage: You got it SpongeBob.

SpongeBob fired a machine gun of Krabby Patties and Mirage fired his missile blaster.

SpongeBob and Mirage: KRABBY PATTY MISSILEGUN STRIKE!

The missiles turned into a Krabby Patty Burger storm and they hit the robot and exploded. The robot was blasted to scrap metal!

Me: That was clever!

Lily: Great combo Mr. Squarepants!

SpongeBob: Thanks Lily. How are you feeling?

Lily: Leg is still sore but recovering.

Defensor was blasting all the robots Bling Bling Boy was making with his mind.

Me: I hope he runs out of materials needed for robots.

Lori had finished the M.A.D. agent and he was beaten to within an inch of his miserable life.

Lori: Nobody calls me a dumb blonde and literally lives to tell about it.

Lincoln: You said it Lori.

Sixshot: Lets do a combo Plant Man!

Plant Man: You got it Sixshot!

Sixshot turned into tank and fired lasers and Plant Man fired rose vines.

Sixshot and Plant Man: ROSE LASER DEATHRAY!

The vines merged with the lasers and fired powerful laser blasts and blew some of the robots he made apart.

Skywarp: Final Smash Time! HYPERSONIC BOOMSTORM!

Skywarp turned into an F18 and flew at the robots and attacked them with a Mach 10 Sonic Boom and shattered them into a thousand pieces.

Tecna: (British Accent) My turn! PRISMATIC DEATH RAY!

Tecna fired a rainbow laser blast and blew some more robots apart.

Johnny T.: Now to finish the rest of the robots off.

Johnny and Dukey turned into Johnny X and Super Pooch.

Johnny X and Super Pooch: FIRESTORM DUTCH OVEN!

They released a massive Super Fart of pure fire.

FFFAAAAAAAAAAARRRRRRTTTTTTTT!

It burned Bling Bling Boy.

Lynn: Lets give him a true Dutch Oven!

Lynn, Johnny X and Super Pooch a massive and powerful Dutch Oven.

FAAARRRRRRRTTTTTTT!

Bling Bling Boy was coughing and was green around the gills and hurling his guts out.

Bling Bling Boy's mom came in and she was madder than Hell!

Mrs. Hamilton: EUGENE HAMILTON, YOU ARE IN SERIOUS TROUBLE!

Bling Bling Boy was frightened. She grabbed his ear and pulled him in a powerful earlock.

Bling Bling Boy: Mother let go please.

Mrs. Hamilton: You're grounded for 49 years and you will never get another robot or toy again!

She ripped off the gauntlet and I caught it. I pulled out the Dark Orb and crushed it with my bare hands. I got an immense power boost because of it.

Me: No he won't.

Skywarp: (To the Viewers) If you're a kid, never let your kids do world domination acts or you will regret it with an extreme grounding.

Me: You said it.

Bling Bling Boy will never be trusted again. And he will never be allowed to be in his lab again.

THE END

# The 6 Heroes of San Fransokyo

It starts at Gotham Royal York Elementary School. School had just gotten out and we were waiting for Lincoln and his siblings to come out.

Me: So you excited about the wedding with Mai and Zuko coming up Nico?

Nico: You know I am J.D. I'm so happy for them both.

Me: Me too. I can't wait.

Lincoln and his siblings and friends came out.

Me: Hey guys!

Lincoln: Glad you all came.

Me: Yeah.

Nico: Did you have fun Mindy?

Mindy: I sure did big bro.

We were walking home.

Me: So what did Mrs. Johnson teach you today Lincoln?

Lincoln: She taught us all about the history of the French Revolution.

Laney: She invited Marie Antoinette over to tell us what happened during that time.

Me: That's so awesome!

Nico: It sure is. I heard you guys brought famous historical figures back to life.

Me: We sure have Nico. Joan of Arc, Marie Antoinette and Ciacco.

They are some of my favorite historical figures.

As we walked down the sidewalk to the estate a kid the same age as Lincoln came out. He had blond hair, brown eyes, a scar in the shape of a flame in the middle of his forehead, blue jeans and sneakers and he had a black shirt on that said "I Hate Blond Kids" on it.

Kid: Well if it isn't the blond dead meat girl.

Mindy: Oh no. Colton Orenthal Kirk.

Me: You know this guy Mindy?

Mindy: I have a horrible history with this freak! He tormented me all my life and he hates my guts with a terrible vengeance.

Me: You have a lot of nerve picking on a girl like Mindy and that makes you one of the lowest of the low.

Nico: Colton Orenthal Kirk, you have failed this city!

Mindy: Now I have a score to settle with you Colton. It's payback time!

Mindy swooped in and kicked him right where the Sun doesn't shine.

CRUNCH!

We winced.

Me: Geez! That must've hurt.

Lola: No kidding.

Lana: But he deserved it.

Laney: Yep.

Mindy punched him in the face and knocked out some of his teeth and punched him in the face and gave him a nasty black eye.

Nico: Wow! She is REALLY giving him his just desserts.

Me: No kidding. She learned well under us.

Lily: She sure did.

Mindy punched him in the face again and kicked him in the stomach and then she did something none of us expected. She grabbed his hand and bit his fingers off and he screamed in excruciating pain.

Lincoln and Linka hurled their guts out.

Lola: Oh man!

Laney: She bit his fingers off!?

Me: Ooh that must've really hurt!

Nico: No kidding. Mindy may have learned a lot from us but this is too vicious even for her.

Me: We have to stop her. Come on!

We went at her and grabbed her.

Me: Mindy that's enough!

Nico: Sis calm down. He's had enough.

Colton: (Weakly) Mommy.

Mindy then hugged Nico and cried hard into his chest and Nico comforted her. We saw what she did to Colton and he was a completely mutilated and pulverized mess.

Me: Holy (Censored)! She destroyed him.

Lola: She did more than just that.

Lana: She obliterated him.

Lisa: The past abuse she experienced from him was so brutal that she released all her pent up rage and fury on him at an incredible level.

Me: Colton Orenthal Kirk, You have not only failed this city but you also failed everyone.

Nico: Well said J.D.

We called an ambulance and Colton was taken to the hospital. We continued walking home with Mindy crying.

Nico: It's alright Mindy. It's alright.

Lucy: Even I am not that dark when it comes to fighting bad guys.

Lola: Mindy was merciless on that guy.

Lisa: Indeed she was. But from all accounts he lacked all the qualities of a human and deserved it.

Earth: I agree Lisa. But he deserved it regardless.

Lincoln: That was so disgusting how she did that.

Linka: No kidding.

Earth: It's gonna be all right Linky.

We arrived at the estate and Lori and the others saw Mindy crying.

Lori: What happened to Mindy?

Me: She viciously destroyed a bully from her past and got revenge.

Everyone gasped.

I looked up his info.

Me: This is him. Colton Orenthal Kirk. Age 12. He is a drifter and he hates all blond hair people with a terrible vengeance. His background says that he came from an extremely dark livelihood. His father was a raging alcoholic and his mother loved him more than anyone. His father was so physically abusive to him that Colton hated his father with a terrible vengeance and he killed his own mother and sister right in front of his eyes with a 12-gauge shotgun. Colton snapped and slashed his fathers whole leg off and he ran away from home and became a drifter.

Lori: Poor guy.

Lola: But why did his shirt say I Hate Blond Kids on it?

Me: It says that his father had blond hair.

Lincoln: What happened to his dad?

Me: He was executed for Capital Murder in Florida.

Mindy: I didn't know he was going through all that.

Me: Yeah. Poor guy. He's a troubled soul with a fractured mind.

Luna: Does he have any relatives?

Me: No. He has no one to turn to.

Lori: That is literally so sad.

Me: Yeah. But because of his past, he'll get a lot of therapy in a group home in the Saturn Asylum.

Lola: He needs a lot of help.

Lana: No kidding.

Laney: Yeah.

Lucy: His past is even darker than mine.

Me: Yeah.

Then we heard a creature call in the backyard.

Me: Wonder what that is.

We went out and we saw a Dragonair.

Nico: It's a Dragonair.

Lori: That is literally a beautiful pokemon.

Me: It sure is. I heard a lot about this majestic pokemon. It is said that Dragonair has the magical ability to control the weather.

Lincoln: That is so cool!

Lori: It literally is.

Then an Ekans came out.

Me: An Ekans. These two are caught by me.

I threw two Pokeballs and caught them and they were now my pokemon.

I caught a Darkrai and a Lucario earlier and Nico caught an Ekans, Tentacool, Golem and a Rapidash as well.

---

In the living room we were watching Big Hero 6, an awesome 2014 Disney movie and it was an awesome movie. It took place in the futuristic city of San Fransokyo in California. It's is a fusion city of San Francisco in California and Tokyo in Japan.

Long before the city was conceived, San Fransokyo initially was a spot of land in California where Japanese immigrants flocked to in the late 1800s. But history was changed when the 1906 earthquake struck the land and caused unspeakable devastation. What many did not know was that the earthquake was caused by none other than the renowned artist Lenore Shimamoto. Shimamoto was finishing an ambitious project-an energy amplifier-she created as a revolutionary power source, but the effects yielded a massive star that created the disaster known as the "Great Catastrophe". Filled with guilt, Shimamoto hid her work away praying that no one would find it and continue her research. The events of the earthquake, ironically, inspired the city to be reborn, for San Francisco was rebuilt by Japanese immigrants using techniques that allowed movement and flexibility in a seismic event. After the city was finished being rebuilt, it was renamed San Fransokyo due to it being a city made greater than it was before from Japanese and American architecture combined.

We watched the movie and it was an awesome movie.

Lincoln: This movie is so awesome!

Me: It sure is.

Sora: I've been to San Fransokyo and it was so amazing. Me, Riku and Kairi met Hiro and his friends when we were younger.

Kairi: Yeah. He's a really cool guy.

Riku: We met them before we became keybladers.

Me: That's amazing.

Miranda: I can believe it. Baymax is a really cool and amazing robot.

Lincoln: He sure is Miranda.

Miranda: I know a lot about robotics. When I was in the Legion of Doom, I built most of their robots. That's how I created the robot versions of those Heartless.

Lincoln: That's amazing!

Lisa: Indeed it is.

Miranda: Watch.

Miranda then built an amazing robot that looked like the T-800 robot.

Me: Wow! It's a T-800 from the Terminator series.

Lisa: Very impressive feat of mechanical and cybernetic engineering.

Me: It sure is. These robots in those movies were created to destroy all of Humanity because of SKYNET. I also have a very strong suspicion that the building of SKYNET is underway and we're gonna have to stop it somehow.

Lori: If the Terminator Movies are real then we have to stop SKYNET at all costs.

Me: But lets worry about that later. Still I can't believe that Callaghan would want to kill Krei and thousands of others because he thought that his daughter was dead because of him when in actuality she was alive the whole time.

Lori: That is literally so wrong.

Me: Yeah. Lets head into the Simulator and journey through Big Hero 6.

Everyone: YEAH!

We went to the Simulator.

---

In the Simulator we were getting ready. Katara was gonna watch because she's pregnant and she is due at any day now.

The Simulator activated and we found ourselves in the world of San Fransokyo.

Me: Wow!

Lola: San Fransokyo!

Varie: It's absolutely incredible.

Earth: It sure is. It's like a city from the year 2300.

Lincoln: It sure does.

Me: Lets find Hiro.

We did so. We found out that he lives in a small apartment complex.

Me: Hiro lives here with his Aunt Cass and his brother Tadashi.

Lola: How did they end up living here?

Me: It says here that Hiro and Tadashi live here with their aunt after their parents died.

Lana: How did their parents die?

Me: It says insufficient data.

Nico: After we stop Callahan, lets sue Krei for everything he has and get Hiro and his family out of this place and into a better house.

Me: That's just what I was thinking Nico. Good work. Lets go.

We went into the apartment and I knocked on the door. Hiro answered it and he saw us.

Me: Hello. Are you Hiro Hamada?

Hiro: (Gasp) Team Loud Phoenix Storm! It's such an amazing honor to meet you all.

Me: It's a pleasure to meet you too Hiro.

Sora: Long time no see Hiro.

Hiro: Sora, Riku, Kairi! It's been a while!

Riku: How have you been?

Hiro: I'm doing great.

We went in and saw that he was working on Baymax. Miranda decided to help him and she and Hiro built Baymax.

Baymax: I am Baymax. Your personal Health Robot assistant.

Me: It's a pleasure to meet you Baymax.

Hiro: So what brought you all here to San Fransokyo?

Me: We came to help solve what happened to your brother Tadashi. First you have our condolences for what happened to your brother.

Hiro: Thank you J.D. I appreciate that.

Me: You're welcome.

Later we went to the park and we met Hiro's friends Fred, Go Go, Wasabi and Honey Lemon.

Fred: Team Loud Phoenix Storm!? Awesome!

Go Go: You guys are awesome in all of your adventures.

Fred: One of my favorites was when you guys had Bob the Killer Goldfish eaten. Now that was very funny!

Gatomon: I was the one who ate Bob.

Me: And he was turned into a sushi dinner for Gatomon.

Kari: (Laughs) He sure was.

We explained the situation to them and we got to work. We gave them the ability to bend the elements and we made Lightning an official form of bending. Go Go was given Airbending. Wasabi was given Waterbending. Fred was given Earthbending. Honey Lemon was given Firebending and Hiro was given Lightningbending. We trained them in all sorts of abilities and fighting styles. Azula taught Honey Lemon in all kinds of moves in Firebending. Aang taught Go Go in Airbending. Toph taught Fred in Earthbending. Lily taught Wasabi Waterbending and I taught Hiro in Lightningbending. Hiro not only has a genius mind and an awesome armor but he now has Lightningbending. Honey Lemon not only has a purse that fires chemical bombs, but now she has Firebending. Go Go is an awesome skater and her suit allows her to skate fast and the disks on her feet are not just for that but also for throwing and now she's a powerful Airbender as well. Fred has the ability to turn into a Japanese Kaiju and he has Earthbending as well and Wasabi has a suit that enables him to use energy blades and weapons and he is an awesome Waterbender to boot. Baymax now has a red suit of armor like he does in the movie.

Then a massive Tyrannosaurus Rex-like Heartless appeared.

Sora: What the!? A Catastrochorus!

Me: Ugly thing.

Onslaught: Combaticons, we can't let the Catastrochorus get to Hiro and the others! Time to combine into Bruticus!

Nico: Do it guys.

They did so.

Nico: Sorry I forgot to mention that after we killed Megatron, I became the leader of the Decepticons and Predacons.

Me: Nice!

Lori: That is literallyl awesome!

Carol: It sure is.

The Catastrochorus was chasing Hiro and his friends when Bruticus intervened and punched it in the face and blasted it with lasers.

Nico: I also discovered that I have the ability to do this!

Nico then created a Devastator Heartless and it went at the Catastrochorus and fired blasts of lasers and pulverized it all over the place.

Sora: You can create Heartless now!?

Nico: I sure can Sora. When you guys killed Xehanort I got that power.

Me: Awesome!

Edzilla: ED SMASH T REX!

Edzilla headbutted the Catastrochorus.

SLAM!

The Catastrochorus roared at Edzilla. But Edzilla roared back only more louder.

Ben turned into Humongosaur.

Ben: HUMONGOSAUR!

Humongosaur punched the Catastrochorus in the nose.

POW!

Hound: Lets get him with our combo Tara!

Tara: You got it Hound!

Tara called huge boulders and threw them at the Catastrochorus and Hound turned into an awesome jeep tank and fired a barrage of missiles.

Tara and Hound: EARTHQUAKE BOULDERMISSILE DEATHBARRAGE!

The boulders slammed into the Catastrochorus and the missiles hit it and exploded. Killing the Heartless.

Hiro: That was so awesome!

Go Go: It sure was. Awesome display of teamwork.

Fred: It sure was awesome.

Me: Thanks guys.

Hiro: Was that one of Xehanort's Heartless?

Sora: That's right Hiro. Xehanort was the ultimate enemy to everyone.

Me: Yep. He was going to balance all of light and darkness by reassembling the χ-blade. The most powerful keyblade of them all and it contains omnipotent power. To do this he was going to gather the 7 Guardians of Light and the 13 Guardians of Darkness. But in the process, this would ultimately destroy the entire universe.

They gasped.

Hiro: But no force alive can destroy the entire universe!

Baymax: That is correct. To do so would require the powers of 100 gods.

Me: That's right. Xehanort had to be stopped. The entire universe was in great danger and we had to stop him or everything would've been completely destroyed.

Nico: And we are the ones that killed him.

Vince: And he deserves to spend all of eternity in the darkness of Hell for all eternity.

Carol: You said it Vincey.

Me: Yeah.

Sora: I'm glad he's dead.

Riku: Me too. He and Maleficent poisoned my mind with so many lies and evil.

Kairi: Yeah.

Me: But lets stay focused on the matter at hand. We need to find out what caused the explosion that killed Hiro's brother Tadashi. And I know just where to find some answers.

We went to the laboratory where it all began. As we walked, the Combaticons were talking to Hiro and his friends.

* * *

Onslaught: Do you know exactly what happened to your brother Hiro?

Hiro: No I don't. But I have a very strong feeling it was not good.

Onslaught: I'm sorry about what happened to your brother. I may be a robot but even I have feelings when it comes to these things.

Hiro: That's true.

Miranda: Your brother wouldn't want you to feel sad like this Hiro. He would have wanted you to follow his legacy and continue to help the people of San Fransokyo.

Hiro: That's true. Thanks guys.

Onslaught: You're welcome.

---

Brawl: You're quite the skater Go Go.

Go Go: Thanks Brawl. Skating has always been one of my favorite things in my life and I figured I can use it as a superhero.

Brawl: That's really interesting. I've always been known as the most violent of the Combaticons and it's been with me ever since.

Go Go: That's interesting.

---

Vortex and Honey Lemon were flying above the ground. Vortex was in his helicopter form and Honey Lemon was inside him in the cockpit.

Vortex: So you are a chemist Honey?

Honey: I sure am Vortex. I know a lot about chemistry and it's always fascinated me ever since I was little.

Vortex: I can see that. I've always been known as the Decepticon interrogator.

Honey: That's neat.

---

Wasabi: So you are the con man of the Combaticons Swindle?

Swindle: You can say that Wasabi. I had a nasty reputation of swindling others of their livelihoods. It's how I got my name.

Wasabi: That's interesting.

Swindle: Yeah but it was not a pleasant lifestyle.

---

Blast Off was flying over the ground in his space shuttle form and Fred was in the cockpit.

Fred: This is so awesome man.

Blast Off: I'm glad you like flying Fred.

Fred: I love flying.

Blast Off: I've always been the egotistical one of the Combaticons.

Fred: I can tell dude.

---

We arrived at the laboratory.

Me: So this is the lab your brother worked at Hiro?

Hiro: It is.

We go in and it was a run down place and it empty.

Me: Boy this place has seen better days.

Lori: What do you think happened here?

Sasuke: I don't know Lori. But this place was recently shut down. I can tell because of the level of dust. It hasn't accumulated for that long.

Me: The Uchiha Clan has a way of telling what went down in a place.

Honey Lemon: Maybe the security cameras can tell us what went down.

Me: Good idea.

We went to the security cameras and in another room with a clear window we saw a ring-shaped gate device.

Me: Looks like this lab was experimenting with transdimensional portals.

Lisa: It would appear so 2nd elder brother.

Me: Lets see what they were working with.

I turned on the security footage and we saw that Krei was the man in charge of this project. His project was a transdimensional matter transporter designed to get objects from one part of the world to another. They called it project Silent Sparrow. They launched a pod with Professor Robert Callaghan's daughter Abigail in it as a field test. But something went wrong when the pod didn't return and the 2nd portal exploded and the portals gravitational field destabilized and sucked in a lot of junk and the whole lab exploded into flames.

Me: This project was a bust from the beginning.

Lisa: Indeed it was. The gates tachyon field destabilized and created a massive gravitational pull that sucked in everything.

Lily: Like an black hole here on Earth.

Lisa: Correct.

Me: I have a very strong feeling that we can save Abigail. Lisa, can you use your technokinetic powers to fix the gate?

Lisa: Affirmative. But it's going to take time.

Me: Okay.

Lisa got to work and she fixed the gate in 20 minutes. It was 100% stable.

Lisa: It's all fixed.

?: Then it will be used to kill Krei.

We turned and saw YOKAI!

Me: Yokai!

I swooped in and kicked his mask off and we saw that it was really PROFESSOR ROBERT CALLAGHAN!

Me: Professor Callaghan!

Lori: He's literally alive!?

Laney: But we saw him die in the explosion!

Hiro: The explosion… You died.

Callaghan: No. I had your microbots.

Hiro: But, Tadashi. You just let him die.

Callaghan: Give me the mask, Hiro.

Hiro: He went in there to save you!

Callaghan: That was his mistake!

Ben: Hiro, you need to cool it, ok? Don't engage! We have this jerk where we want him!

Hiro: Baymax, destroy.

Baymax: My programing prevents me from injuring a human being.

Hiro: Not anymore.

Hiro was removing Baymax's Healthcare chips.

Miranda: Sorry about this, Hiro. Emergency shutdown code! Password: Meridian!

Baymax shutdown.

Hiro: WHAT ARE YOU DOING!?

Wasabi: What you just did, we never signed up for.

Go Go: We said we'd catch the guy. That's it.

Hiro: I never should have let you help me!

Onslaught: We just stopped you from making a big mistake!

Hiro: BIG MISTAKE?! I was doing what you guys do all the time! You guys killed your share of villains! How is Callaghan getting his just desserts any different?!

Me: Because revenge never solves anything! All it does is it makes things worse.

Sasuke: That's right Hiro. Revenge is a double-edge sword and all it will lead to is a path to your own demise.

Hiro: HOW WOULD YOU KNOW SASUKE! YOU NEVER HAD YOUR OWN FAMILY KILLED IN FRONT OF YOU AND HAD TO WATCH HIM DIE!

Sasuke: You are wrong Hiro. I lost everything.

Hiro: What do you mean?

Sasuke: When I was 7, my whole clan was killed because of my older brother Itachi. He was forced against his will to kill the entirety of my clan in what seemed to be cold blood. But in actuality, it was because of the corruption of the elders in my villages council that was responsible for it. They forced Itachi to kill everyone in my clan and leave no one alive. I was consumed with rage and hatred towards my brother and I almost lost myself to the darkness of my own hatred and evil. I wanted to get revenge on my brother and I was willing to kill anyone that got in my way and prevented me from doing so. But Nicole and everyone on Team Cosmic Dragon and Loud Phoenix Storm helped me realize that revenge is never the answer for anything. All it will lead to is a path to my own destruction.

Red Hood: Sasuke is right Hiro. Revenge almost consumed me as well. I was savagely beaten to death by The Joker. Ra's Al Ghul revived me with the Lazarus Pit. But my mind was badly damaged as a result. I was consumed with hatred towards the Joker and I wanted nothing more than to kill him and anyone that got in my way. But thanks to J.D. and Batman I realized how foolish I was to get revenge. And with the Joker dead at the hands of J.D. and his friends I am finally free of the Joker. But I nearly killed J.D. But he and Batman reminded me of what a fool I was and that revenge is never the answer for anything.

Katara: (Telepathically from the Control Room) I almost got revenge too Hiro. I'm talking to you telepathically. My name is Katara. During a terrible war that lasted 100 years, Me and my brother Sokka lost our mother when the Southern Raiders of the Fire Nation captured and killed all the Waterbenders in the Southern Water Tribe and when Zuko told me who they were, I vowed to get revenge on them by hunting them down and killing them for taking our mother and the Waterbenders of my people away from us. I hate that man with every fiber of my being and I wanted nothing more than to end his life for ruining our lives during the war. But Aang told me that it would only kill me in the end. So revenge isn't the answer.

Punisher: I got my revenge Hiro.

Hiro: How did that happen Frank?

Punisher: A ruthless mob boss and corrupt business man named Howard Saint killed my wife and son in front of me and I vowed to kill him and all his men and anyone that follows him. I succeeded in getting my revenge. But in the end, it left me with nothing but an empty hole in my heart that can never be filled. I almost killed myself as a result. But my wife came to me in spirit and I became The Punisher, an anti-hero vigilante that has killed so many criminals that are the worst of them all.

Hiro and his friends were horrified. He never imagined that there were others that have had it worse far than anyone else.

Hiro: Guys I had no idea.

Me: Yeah. Vengeance goes against everything that I believe in. My father once told me that if you get revenge on the very person or people that took your loved ones away from you, you will end up becoming just as bad as they are. Revenge is a double-edge sword and it will only kill you in the end.

Nico: We gave you a really bad example on how we do things Hiro.

Me: But lets give you Tadashi back.

I snapped my fingers and Tadashi was resurrected.

Tadashi: Hiro?

Hiro: Tadashi!

They hugged for the first time in a while.

Tadashi: Hiro, I'm sorry I got myself killed and left you alone.

Nico: And we're sorry, too. Sorry we gave you the wrong idea that killing all types of villains is okay.

Me: Yeah. We only kill those that are completely honorless, beyond all form of redemption and are pure evil. Those are the kinds of people that deserve death.

Hiro: It's all right guys. But thank you for helping me.

Me: No problem.

Tadashi: I'm very proud of you little bro.

Hiro: Thanks Tadashi.

Baymax was back online.

Me: The portal is fully operational.

Baymax: Indeed. My sensors are picking up signs of life. The life signs are female and she appears to be in hyper sleep.

Hiro: Callaghan's daughter. She's still alive.

Me: We have to go in and save her. Baymax, you and Hiro stay out here with everyone else. We're gonna go in and save Abigail.

Hiro: Okay. Just be careful guys.

Me: We will. Lets go!

We flew through the portal and what we saw when we passed through it was unbelievable. The portal lead into an amazing pocket dimension beyond the reach of time and space. It was covered in nebula clouds and it was littered with all kinds of debris from the lab.

Me: (Echoing) Wow!

Lori: (Echoing) What is this place?

Me: It's a pocket dimension completely separated from the rest of the universe.

Lisa: (Echoing) The machine was actually a portal that lead to another dimension completely separated from the entirety of our universe.

Me: This is incredible!

Luna: This is amazing dudes.

Luan: It sure is a pocket full of fun. (Laughs) Get it?

Me: Love the jokes Luan but now is not the time.

We dodged all the floating debris and then out of the clouds came a swarm of numerous Darkube Heartless!

Sora: Darkube Heartless!

Me: Those things are hideous!

Kairi: They sure are.

Lea: Lets get these freaks!

Shrapnel: You got it Lea!

Shrapnel transformed and Lea fired numerous blasts of fire at the Darkubes and blew some of them apart and blasted them to pieces. Shrapnel fired blasts of energy and lasers at them.

Shrapnel: Combo time!

Lea: You got it.

Lea fired numerous blasts of fire and Shrapnel fired numerous lasers.

Lea and Shrapnel: LASERFIRE EXPLOSION FIRESTORM!

The blasts of combined and blew the entirety of the Darkube swarm to dust. We got stronger because of it.

Me: Nice work!

We flew and I saw the pod.

Me: There's the pod Abigail has.

We flew to it and I wiped the frost off it and saw that she was breathing.

Me: She's breathing. Lets go!

We took the pod and flew out with it. We placed it on the metal platform and opened it.

Lisa looked her over and outside we made a fire. Abigail was waking up.

Me: Abigail are you okay?

Abigail: What happened?

Me: You were inside that pod drifting in a pocket dimension. We found you and brought you back to Earth.

Abigail: How did that happen?

Me: The portal in the experiment malfunctioned somehow.

Lisa: It created a massive gravitational pull that lead into that pocket dimension. You were drifting in the pod while in hyper sleep.

Baymax: That is correct. But we saved you and restored you.

Me: We don't know how long you were in there but your father thinks that you died because of this failed experiment. He thinks that you were killed by Krei and that he was the one to blame for it. And he wants revenge on him by killing Krei.

Abigail: What!? We have to stop dad from doing that!

Me: You're still too weak to walk. We don't know how long you were in that pod like that but we'll help you get to him.

Abigail: Wait a second. I know all of you. You're Team Loud Phoenix Storm. You are widely known throughout the entirety of the universe.

Me: That's right. It's a pleasure to meet you.

Tadashi: I got you Abby.

Tadashi lifted her up and he helped carry her.

Me: I'll give you guys this temporarily.

I pulled out a capsule and pressed the button on it and it exploded and out came a hovercraft.

Lincoln: Nice hovercraft!

Me: You would be amazed at what kind of technology Master Goku's world has.

Tadashi and Abigail got in and we flew to KreiTech Industries.

---

We arrived and saw KreiTech Industries completely under siege by Robert Callaghan. Just as he was about to assemble the portal together I fired an energy blast and destroyed the portal and blew it to scrap metal.

Me: The Game is over Callaghan.

Tadashi: Professor! Stop this!

Yokai: Tadashi? You're alive?

Tadashi: I am, Professor. Please, don't do this!

Yokai: It doesn't matter. You, Hiro, and the rest of your friends won't stop me!

Hiro: Your daughter would never have wanted this!

Yokai: I have no choice! Krei has to answer for what he's done!

Nico: And what about the people you'll kill in the process?!

Yokai: I'LL KILL A THOUSAND PEOPLE BEFORE I LET KREI GET AWAY! AND I'LL SILENCE ANYONE WHO TRIES TO STOP ME!

Then out of the blue came an evil version of Baymax! It was DARK BAYMAX!

Me: It's a Dark Baymax!

Sora: He sure is wicked.

Nico: Robert Callaghan, you have failed this city!

Abigail: Wait! Dad this is not what I would've agreed with!

Professor Callaghan was shocked. His daughter was alive and well.

Callaghan: Abigail? You're alive!

They hugged.

Me: That's what we were going to tell you Professor. Abigail is alive and well. The dimensional teleporter you built lead into a strange pocket dimension completely beyond the reaches of time and space and she was in hypersleep the entire time you thought she was dead.

Professor Callaghan knew we were right and that he tried to kill Krei all for nothing.

Lincoln and Laney were holding Krei in place.

Nico: Lets worry about Krei later. Lets get this Baymax Imposter!

We powered up.

We went at the Dark Baymax and unleashed a ferocious fight on him. Honey Lemon threw chemical bombs at him and they exploded and she kicked him in the face and punched him in the face.

Swindle blasted him with powerful lasers and missiles.

Swindle: Combo time Honey Lemon!

Honey Lemon: You got it Swindle!

Swindle Fired his gyro gun and fired bomb pellets and Honey Lemon fired chemical bombs.

Swindle and Honey Lemon: NITROGLYCERIN EXPLOSION STORM!

The missiles and bombs exploded with the power of 10 pounds of C4 explosives.

KRABOOOOOOOOOOOOOOMMMMM!

I fired a blast of energy and blew off the Dark Baymax's arm.

Brawl fired a lightning gun and electrocuted the Dark Baymax. Fred breathed a huge blast of fire and burned the Dark Baymax and punched him into the ground with his super strength.

Brawl: It's combo time.

Fred: You got it dude!

Brawl fired a powerful blast of lightning and Fred had pieces of flaming metal.

Brawl and Fred: ELECTRON FIRESTORM SLASH!

The lightning and flaming metal combined and slashed the Dark Baymax's leg off and it exploded.

Blast Off fired a powerful blast of X-Rays and blew a massive hole in Dark Baymax's chest and Go Go skated around him and burned holes and gashes into his armor with incredible speed and left them with red hot gashes.

Blast Off: Combo time.

Go Go: You got it Blast Off.

Blast Off flew into the air and dove down at 26,000 miles per hour and Go Go had red hot spinning saw blades ready.

Blast Off and Go Go: HYPERSONIC SONIC BOOM SLASH!

The speed of Blast Off combined with Go Go's saw blades and she slashed the Dark Baymax and it emitted a massive sonic boom that shattered all the windows in the KreiTech Industries building.

Me: Wow! That was powerful!

Lincoln: It sure was.

Vortex hurled his rotor blades and spun the Dark Baymax in a powerful sonic tornado and Vortex slashed at the Dark Baymax with laser blades.

Vortex: It's combo time!

Wasabi: You got it Vortex!

Vortex threw his rotor blades and Wasabi had his laser swords ready.

Vortex and Wasabi: TORNADO LASER SLASHSTORM!

The tornado rotors merged with his laser swords and slashed Dark Baymax in a massive tornado of light and wind.

Onslaught fired powerful missiles each with the power of 3,000 pounds of TNT and blew apart some of Dark Baymax's armor and the remainder of his limbs.

Onslaught: Time for our combo!

Hiro: Lets get this imposter!

Baymax: I am inclined to agree Hiro.

Onslaught fired his powerful missiles and Hiro fired his microbots and Baymax fired his fist.

Onslaught, Hiro and Baymax: MEGABOMB MISSILE FIST!

The missiles, microbots and fist merged and they hit the Dark Baymax and exploded with incredible power.

KRABOOOOOOOOOOOOOOMMMMM!

Me: Wow! Now it's Final Smash time!

Optimus Prime: Lets get him. MAXIMUM BLAST!

Optimus Prime fired a powerful barrage of red lasers from all over his body and they hit the Dark Baymax and exploded with incredible power! When the cleared all that was left of Dark Baymax was his torso and head.

Baymax: It is my turn. BAYMAX FIST STRIKE.

Baymax fired both his fists and they hit the Dark Baymax and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Me: Now for the grand finale. Hiro, Baymax, Honey Lemon, Go Go, Fred, Wasabi, lets finish him!

Hiro: Right!

Me: Sonar, Jetstorm, Runway, power link!

Sonar, Jetstorm and Runway turned into the Star Saber.

Me: STAR SABER!

Me, Hiro, Baymax, Go Go, Wasabi, Fred and Honey Lemon: BIG HERO 6 STARSLASH!

Hiro, Baymax, Go Go, Wasabi, Fred and Honey Lemon fired energy beams and their energy was channeled into the Star Saber and the blade turned into a rainbow energy blade. I slashed Dark Baymax and he exploded and was completely obliterated in an instant.

Me: That did it. Great job everyone!

Laney: He deserved it.

I reached into Professor Callaghan's coat and found a Dark Orb and crushed it with my bare hands.

Me: Never again.

Krei: Who are all you guys?

Hiro and his Friends revealed themselves.

Hiro: I'm Hiro Hamada.

Honey: I'm Honey Lemon.

Wasabi: I'm Wasabi.

Go Go: I'm Go Go.

Fred: And I'm Fred.

Me: And we are Team Loud Phoenix Storm. And together we'll save everyone and all this city and the universe from evil.

Everyone saw us and cheered wildly.

---

Later we moved all of San Fransokyo into Gotham Royal York.

Gotham Royal York was now much bigger than ever before.

In the Antarctica Prison, Nico was talking Professor Callaghan.

Nico: I understand why you did all those crimes. But you hurt people. You have to pay for that.

Callaghan: Fair enough. But when does Krei pay?

Nico: He's not getting off scot-free either.

Callaghan: That's the closest to justice I'm going to get, is it?

Nico: Pretty much. But at least you're not dead like Floyd Lawton. Now he's killed people for plenty of years.

Professor Callaghan was sentenced to 20 to 30 years in prison and with good behavior he will be out in 10 years. Abigail understood why her father did what he did. Nico was in Krei's office with a piece of paper saying "You have been Served."

Krei: You're sueing me for $1,000,000 dollars?!

Nico: Yep. Enough money for Hiro to become as rich as Fred.

Krei: You can't make me give you 1 million dollars!

Nico: You're right. Make it $750,000,000,000.00!

Krei was shocked. He was being sued for every single penny he has. This was the first ever high class lawsuit we had ever done in our history. KreiTech Industries was completely bankrupt and out of business. Abigail now has full ownership of the company and is now working to further benefit all of humanity.

In the estate we were watching TV. Hiro and his family now live with us and the Big Hero 6 are now members of Team Loud Phoenix Storm.

Baymax: (To the viewers) Never give yourself into vengeance or the person you become will be one of evil.

Me: Ain't that the truth.

THE END

# Poacher in Australia

It starts at the estate.

We were watching TV and reading books. The doorbell rang.

Me: I'll get that.

I went to the door and it was the Fire Sage Enzo of the Fire Nation.

Me: Fire Sage Enzo. What can we do for you?

Enzo: I have a message for you from Fire Lord Zuko. He told me to give you this.

He handed me an invitation.

Me: "You are cordially invited to the wedding of Fire Lord Zuko and Mai. Tomorrow at 5:00 PM at the Fire Nation Capital." This is a huge honor Enzo. And as Ambassador of the Fire Nation, I accept.

Enzo: Thank you J.D. You all can come too.

Me: We'll be there. Zuko is our friend and we helped him through so many hardships.

Enzo: Indeed. I will let him know at once.

He vanished in a vortex of pure fire.

Me: That was a like a Fire Style Body Flicker.

I went back in and closed the door.

Me: We just received an invite to Zuko and Mai's wedding.

Lori: (Squeals) I'm so excited for them.

Leni: I am totes excited too.

Varie: That was a funny joke.

Then the computer spoke.

Computer: ALERT! CODE DIMENSION JUMP IN PROGRESS.

Me: Uh oh. We haven't had one of those in a while.

We went to the computer.

Me: Triangulating position of wormhole.

The hologram of Earth showed that the wormhole was right on top of our neighborhood.

Me: It's right on top of our neighborhood. Lets go.

We went out to look and we saw the vortex leave and we saw a beautiful castle in an empty lot and it had a symbol in the shape of a bird-like fairy.

Me: Wow! What a castle!

Alicia: (Gasp) I know this castle. It's the castle of the guild of my favorite show and manga Fairy Tail.

Nico: I remember that. This is so cool having Fairy Tail here in our dimension!

Me: Lets go check it out.

We went into the main room and saw that it was extremely hectic.

Ed: Excuse me. May I have everyone's attention? (All the Fairy Tail members look at him) I have to use the bathroom.

Me: Wow. This is really hectic.

?: It's always like this.

We saw a woman with white hair, blue eyes, a beautiful appearance and her power was incredible.

Mirajane: It's a pleasure to meet you all. I'm Mirajane Strauss.

Me: Pleasure to meet you too Mirajane. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Everyone stopped when they heard me say that.

Mirajane: Wow! It's such an honor to have you all here in Fairy Tail.

Gajeel: It sure is awesome to have the legendary Team Loud Phoenix Storm here. I'm Gajeel Redfox, the Iron Dragon Slayer.

Lucy H.: My name is Lucy Heartfilia, the Celestial Wizard.

Erza: I'm Erza Scarlet. It's such an honor.

Everyone introduced themselves.

Me: It's an honor to meet all of you.

We introduced ourselves.

Erza: It's an honor to meet you all.

Me: We would like to get to know all of you more. We don't know what everyone here can do.

Natsu: No problem.

---

Earlier in Australia, the Aerialbots were flying over the land.

Silverbolt: Ok. Somewhere around here is a… (sees a Dark Orb near some trees)… Dark Orb.

Slingshot: Well, that was easy. (sees a vortex open up far away from the Dark Orb) Why did I say that?

Air Raid: We need to check out who's coming out of that vortex.

Skydive: What about the Dark Orb?

Fireflight: I'm sure it'll still be there when we get to that spot.

They left. But little did they know that someone found it. It was the infamous and notorious poacher PERCIVAL C. MCLEACH!

Mcleach: Wonder what this is? (picks up Dark Orb) Dunno what this is but I bet it'll make me rich! (puts it in his pocket) Well, time to continue hunting that bird.

He left.

Back in the Fairy Tail Guild building I was talking to Erza Scarlet.

Me: So you are one of the strongest female wizard here in Fairy Tail?

Erza: That's right. They don't call me Titania for show.

Me: I can believe it. Your energy levels are amazing. I also heard from Nico that you are highly skilled in using the sword. How did you start out here?

Erza: It's something I don't like to talk about. But you have a right to know.

Me: What happened?

Erza: (Sighs) My story is very dark.

Erza revealed her background. The daughter of Irene Belserion and the general of a foreign country, Erza was conceived four hundred years ago, prior to the Dragon King Festival, but was kept from growing in Irene's womb by magical means. She remained unborn during Irene's several-hundred-year-long physical stint as a Dragon, and was finally born after her mother, who regained her human shape courtesy of Zeref, tried to become a true human again by enchanting herself onto her unborn child. When this failed, Irene considered Erza to be worthless and discarded her in the back alleys of Rosemary Village. The daughter of Irene Belserion and the general of a foreign country, Erza was conceived four hundred years ago, prior to the Dragon King Festival, but was kept from growing in Irene's womb by magical means. She remained unborn during Irene's several-hundred-year-long physical stint as a Dragon, and was finally born after her mother, who regained her human shape courtesy of Zeref, tried to become a true human again by enchanting herself onto her unborn child. When this failed, Irene considered Erza to be worthless and discarded her in the back alleys of Rosemary Village. One day in X776, Shô came up with a plan for the eleven-year-old Erza and all their friends to escape from the tower. They were unfortunately caught by the guards, who decided to send the escape's mastermind to the tower's disciplinary chamber, while the rest would be deprived of food for three days.

Seeing how fearful Shô was, Erza prepared to take the blame herself, but Jellal announced himself as the mastermind instead. However, the guards reasoned that Erza was the one responsible and sent her to the disciplinary chamber, where she was tortured to the brink of death and lost her right eye. Jellal rescued her, but was captured soon after. Finally fed up with their torment, Erza staged a revolt against their captors so they could escape and save Jellal. The revolt appeared to be successful at its inception until the tower's Mages arrived to repress the slaves, causing most of the other slaves to retreat. During the attack, Erza watched in horror as her friend Simon's lower jaw was blasted off by a magical attack, while Rob sacrificed himself to defend Erza from another Mage's attack. In her rage, Erza's latent Magic Power was activated for the first time, and she used it to turn all of the discarded weapons and tools around her against the guards, finishing the revolt. As the other slaves boarded ships meant to ensure their freedom, she reunited with Jellal, but discovered that he had changed; the kind and compassionate boy she knew him to be was suddenly twisted and violent, using Magic to slaughter the defenseless guards around them. Jellal had been possessed by what he claimed to be the spirit of Zeref, and decided that the only way for them to attain true freedom was to complete the Tower of Heaven and revive Zeref. Erza refused to help him, prompting Jellal to cast her out of the tower by herself, only letting her live because she helped take care of all the guards who would have opposed him. Before letting her escape, Jellal told Erza to keep the Tower of Heaven a secret from the government, as well as to never return to the tower, threatening to destroy the tower and kill everyone in it, including their friends, if she disobeyed. After washing up on the shores of Fiore, Erza made her way to and joined the Fairy Tail Guild. She habitually began to wear armor and acted distant from the other members. After Gray, who tried picking fights with the reclusive Erza, saw her crying by herself and questioned why, she began to open up to her guildmates more. Around this time, Fairy Tail's master Makarov brought Erza to see Porlyusica, who gave her an artificial eye to replace the one she lost. With her eye healed Erza shed tears of joy, which only came out of her real, left eye, though Erza didn't mind as she said she had already shed half of her tears. When Mirajane first joined the guild, Erza tried to welcome the girl and commented that she had heard about her strength. However, the Take Over Mage left the building without speaking a word. As the years passed, Erza became more and more strict until she could be called the guild's disciplinarian. She took responsibility for breaking up fights between Gray and Natsu. At the same time, however, she was driven to constantly fight and bicker with fellow member Mirajane, which eventually ended after Mirajane greatly mellowed out in the wake of her younger sister Lisanna's apparent death in X782. In the year X780, Erza passed Fairy Tail's annually held S-Class Mage Promotion Trial, becoming the youngest member of the guild to do so at fifteen years of age.

When she was done I was horrified. Erza had been through Hell 100-fold.

Me: That is horrible. Erza, I'm so sorry. You've been through just as much as my little brother has. I completely understand how you feel and Naruto Uzumaki Namikaze has been through so much pain just as much as you have. He has had a dark past like you have and his childhood was just as bad. If it were me I would hunt down every single one of those guys that put you through all that and kill them for you. And send every one of them off to Hell.

Erza: I appreciate that J.D. But they are already dead.

Me: Well whatever fate they got they deserve every second of all that eternity suffering in the fire and darkness of Hell.

Erza: Thank you J.D.

Me: You're welcome. So you're the enforcer of Fairy Tail in a sense.

Erza: That's right. That's a good way to put it J.D. My job is to maintain order here in Fairy Tail.

Me: That's a hefty job and you have a lot of your work cut out for you. But I know that feeling as well. As leader of Team Loud Phoenix Storm, I have to maintain order throughout the whole team. But we all get along really well.

Erza: I can tell.

Lori was talking to Lucy Heartfilia.

Lori: So Lucy, what is your story like?

Lucy H.: Well Lori, I'm a Celestial Wizard and I use the spirits from the keys of the Zodiac.

Lori: That is literally amazing.

Lucy H.: It is.

Lori: Do you have anything that happened to you in particular?

Lucy H.: Lets see.

Lucy revealed her story and she had an interesting tale.

Lucy was born in the once extremely wealthy and powerful Heartfilia family. Her father and mother were originally part of a merchants' guild called "Love & Lucky" where they met; they decided to become independent when Lucy's mother, Layla, became pregnant. They chose her name when they noticed that the sign of the guild was missing the letter "K," and instead read 'Love & Lucy'; it made an impression on them, so they decided to name their daughter after it. Back in her home, Lucy shared a good relationship with the staff in the estate as well as, presumably, her mother, until she passed away when Lucy was around the age of ten in the year X777. However, because her father was overly obsessed with his business and money, he had neglected his daughter, which eventually led her to run away from home just over a year before the beginning of the story.

Lori: Your father literally is a jerk. He has all the money in the world and that is all he cares about.

Lucy H.: My dad is such a jerk and he doesn't deserve to have me as a daughter, let alone to be a part of the Heartfilia family.

Lori: You are right Lucy. Your father doesn't have any right to call himself a father. All he ever cared about is money and his own selfish desires and he even arranged for you to marry someone you haven't even met. If that doesn't spell Extremely Heartless Tyrant then I don't know what does. But if he tries anything, I will literally turn him into a human pretzel and it won't be pretty.

Lucy H.: Yeah. But what will I do?

Lori: What is it Lucy?

Lucy H.: If we're here on Earth and not at home, I won't be able to pay my rent at home.

I came.

Me: Don't worry Lucy. You can now live with us. Because you don't have to pay the rent anywhere with us.

Lucy H.: (Gasp) Thank you so much J.D.

Me: You're welcome Lucy. What spirits do you have?

Lucy H.: I'll show you.

Lucy pulled out a key and it had the symbol of Virgo the Maiden on it.

Lucy H.: Gate of The Maiden Key, Open!

A portal opened and out came a beautiful girl with pink hair, blue eyes and she was in a French Maid dress and had shackles on her arms and legs. The Symbol of Virgo the Maiden appeared behind her in the background.

Me: Virgo the Maiden.

Virgo: J.D. Knudson of Team Loud Phoenix Storm. It's an honor to meet you.

Me: Pleasure to meet you too Virgo.

Virgo: You too. (To Lucy) Are you going to punish me now milady?

Me: Punish you? For what? You didn't do anything wrong.

Virgo: No I did when Princess first found me.

Lucy H.: It's a long story.

Me: I'll have to hear that another time.

---

Back at the estate we were watching a movie. We were watching the 1990 sequel to The Rescuers, The Rescuers Down Under. It was the sequel to the movie and it was about a boy named Cody down in Australia and he was kidnapped by the notorious poacher McLeach. He was after one of the rarest birds on the planet: The Great Golden Eagle, a critically endangered and magnificently graceful bird with feathers that shine like pure gold. The eagles name is Marahute and she was one of the last of her kind. We saw Bernard and Ms. Bianca going out to rescue Cody. We saw McLeach fall over the falls. It was a 4,000 foot drop.

Lana: What a fall.

Me: That is instant death.

Laney: McLeach deserved it.

Lola: Go to Hell.

We saw Marahute get freed by Jake and Ms. Bianca and she saved Cody and Bernard and we cheered.

Me: What a save!

Lori: That literally was awesome!

Lucy H.: It sure was Lori.

Lucy L.: Talk about in the nick of time.

Nick: You said it Lucy.

We saw Bernard propose to Ms. Bianca and she said yes and we cheered for them.

We also heard Wilbur watching over Marahute's eggs and they hatched and one of the babies bit his hand and there was a sickening crunch.

CRUNCH!

Me: OUCH! Geez that must've hurt.

Lincoln: No kidding. That must've REALLY hurt.

Juvia: It sure must've hurt.

Lynn: If I was on the receiving end of that it would really hurt.

Lisa: An eagles beak contains enough pounds per square inch to bite off a human limb.

Me: Wow! That is powerful. I would hate to imagine what would happen if that happened to me.

Cliffjumper: No kidding. But that was a great movie.

Me: It sure was. I've known this movie ever since I was little.

Natsu: I can tell J.D.

Penny L.: I think Cody is cute. He and I have been through the same thing.

Me: But with two different events Penny. You were kidnapped because Medusa wanted to find the largest diamond in the world price $582,000,000,000,000.00. McLeach kidnapped Cody to get to the Great Golden Eagle.

Chione: So what happened to them was somewhat similar.

Me: Exactly.

* * *

1 hour later I was monitoring for crime when suddenly a morse code radio transmission was detected.

Me: Uh oh. It's Morse Code. Lets see here.

I write it down.

Me: "Attention… Boy Kidnapped in Australia… Immediate Action Required." (Gasp) CODE RED!

The alarm sounded and we gathered at the computer.

Lori: What's going on J.D.?

Me: The Movie The Rescuers Down Under is real guys. McLeach just kidnapped Cody.

Everyone gasped.

Lucy L.: Gasp!

Juvia: We have to help him!

Me: And we will.

Silverbolt (G1): We found a Dark Orb down in Australia when the Dimensional Vortex appeared.

Me: I have a strong feeling that McLeach found it. We don't know anything about McLeach though. Lets see here.

I pulled up McLeach's info and it revealed some extremely shocking information.

Me: Oh man. McLeach is much worse than what we first thought.

Shannon: What does it say?

Me: We know he's a poacher. But he goes after extremely rare animals and sells them onto the black market for enormous amounts of money.

Luan: That is an Animal of All Trades. (Laughs) But seriously he is such a despicable man.

Me: You got that right Luan. We got time because the wedding isn't till tomorrow. Lets get over there!

We set out for Australia.

---

We arrived in Australia.

We just got to the spot where we saw the Dark Orb only to find it gone.

Sora: The Dark Orb's gone!

Elena: McLeach must've picked it up without knowing what it really does. He must be planning to sell it on the black market.

Me: We better find McLeach and get him. But he could be anywhere here in the Melbourne area.

Rachel (Animorphs): I'll check him.

Rachel held her head in pain.

Rachel (grins despite suddenly getting a cramp in her stomach): McLeach is in for a surprise!

Scales began to merge with Rachel's flesh as the fingers in her left hand retracted towards her broadening palms. Her arm was deflating and pulling closer towards her body as it shortened. Then her muscles bulged before being covered with scales. Her human teeth then sank into her gums. Rachel groaned as her expanding jaw and mouth were forced open wide as though she was at the dentist's. So many sharp teeth were growing inside her jaw. Then her neck began to shorten to fit her changing body. Rachel's spine straightened in a single motion.

Rachel (groaning): I think I feel my tongue changing now!

Her backside tingled as her spine stretched away from her and grew a scaly green tail out of her shorts. This, in turn, caused her shorts to rip to shreds. She felt ridges race from the top of her head down her neck, down her back, and down her tail, tearing her shirt apart. The ridges then flared and sharpened. Her right hand then changed into an alligator hand just like her left one. Rachel's jaw began to push out into a snout as her skull flattened.

Rachel: I think I'm almost done!

Rachel's hips rotated as her feet shrank, destroying her tennis shoes. At the same time, her torso expanded. Her ears turned into alligator ears. Finally, her blonde hair disappeared into her body. This completed Rachel's transformation into an alligator.

Maria (pats Rachel's head): I'm sorry if that was painful for you, Rachel.

Rachel (Animorphs): I'm used to it.

She got the scent and we were walking while following her.

Silverbolt (G1) was talking to Natsu. He looked like a Supersonic Concorde jet and Natsu was riding in the cockpit.

Silverbolt: Hey Natsu, how did you get your abilities as a Fire Dragon Slayer?

Natsu: That is a question I haven't been asked in a long time.

Natsu revealed his background. 400 years ago, Natsu was born as the younger brother of Zeref, and they lived peacefully in a small village with their parents. However, Natsu died at a young age alongside their parents, courtesy of a Dragon attack. This caused Zeref to research Magic and its relation to life and death and, much later, with Zeref using his dead body, he was revived as the strongest Demon: E.N.D; whose purpose was to kill Zeref. During this time, he also met Igneel, however the Dragon chose not to kill him because he loved him extremely so. With Igneel as his guardian, Natsu became acquainted with Gajeel (with whom he frequently fought), Wendy, Sting and Rogue. All five of them met several times a year, when their Dragon parents got together for meetings. He also had his signature scarf knitted from Igneel's molted scales by Anna. Igneel went out of his way to teach Natsu how to talk, write, and perform his own signature form of Lost Magic: Fire Dragon Slayer Magic; Igneel ultimately chose, like four other Dragons of that time period, to seal his damaged soul inside Natsu's body and leap four hundred years into the future, recover his strength with the future's high Ethernano concentrations and kill Acnologia. While initially thought to have been abandoned by Igneel on July 7, X777, it was actually the day and year Natsu awoke in the future, like the other four Dragon Slayers; however, when Natsu woke, he believed that Igneel had abandoned him, not knowing that he had instead opted to reside inside Natsu's body for many years to come. The departure of E.N.D. from the past also gave rise to many legends about the strongest Demon from Zeref's works, including his creation and leading of Tartaros (when in fact, Mard Geer happened upon E.N.D.'s tome and used it to unify the other Etherious under a single cause and was the one who created Tartaros), and the fact that he was the most vile creation in Zeref's library of works. After waking up, Natsu left on a quest to find Igneel and was eventually found by the Guild Master of Fairy Tail: Makarov Dreyar. Natsu ended up joining Fairy Tail, in which he formed a close, sibling-like rivalry with Gray Fullbuster and Erza Scarlet. He was also shown to be on good terms with Lisanna Strauss and Elfman Strauss not long after they arrived to the guild. One day, Natsu found an egg in the forest east of Magnolia. Thinking it to be a Dragon Egg, Natsu took it to the guild and asked Makarov to make it hatch, but Makarov and Erza told him that he was the only one that could make the egg hatch; through love and care. Lisanna offered to help Natsu care for the egg until it hatched, to which Natsu happily accepted. The two built a shabby straw house in the park to keep the egg warm, becoming very close in the process. The next morning, Natsu discovered that the egg was missing, and began to blame several of his guildmates. After arguing with almost everyone in the Guild and nearly starting a fight with Mirajane, Elfman appeared, carrying the egg, explaining that he only wanted to help, but was too embarrassed to ask. Suddenly, the egg hatched and a blue cat with wings came out. Lisanna remarked upon the sudden change in the guild's atmosphere after the cat's birth, prompting Natsu to name the cat Happy. A few years passed and Lisanna partook upon an S-Class job with her siblings, in which she was supposed to hunt a creature called "The Beast." Natsu wished to go with her, but Elfman opposed, as he felt he should be the one to take care of his family. Lisanna was accidentally killed (supposedly) by Elfman during his attempt at taking over the monster. Though Natsu forgave him, he was greatly saddened by the event.

Natsu: And my past is something I don't really like to talk about.

Silverbolt: I'm sorry. I didn't know you had it rough.

Natsu: It's all right Silverbolt.

Me: I didn't know you and Erza have a thing going on. A competition in a sense.

Natsu: It's all right J.D.

Lola: I know how you feel Natsu. We met a lot of people that have had it rough.

Natsu: That's what we heard.

Lola: I can use fire as well. I got my powers because of the Flame of Gabija in Lithuanian myth.

Me: Most of us got our powers from Gods and Goddesses from all over the world.

Natsu: That's amazing.

Nico: It sure is.

Lucy was in the cockpit of Skydive in his McDonnell Douglas F-4 Phantom jet form.

Fireflight: So Lucy out of all the spirits you know, who is the most difficult of them to get along with?

Lucy H.: Oh. That would be Aquarius?

Me: Aquarius the Water Holder?

Lucy H.: Yeah. She has a really rotten temper and she has an extremely foul disposition.

Me: Oh man. We'll have to have a talk with her when we're done here. What does she look like?

Lucy H.: She's a beautiful blue hair mermaid and she has a really rotten temper and an extremely short fuse.

Me: Sounds like she needs a serious attitude adjustment Team Loud Phoenix Storm Style.

Lucy H.: If you can get her to stop being a meanie I would appreciate that.

Fireflight: Some people are like that Lucy and they need to be reminded the hard way.

Me: Ain't that the truth. Lucy I noticed something. All the spirits you have are named after the constellations of the Celestial Zodiac. That is so awesome!

Lucy H.: Thanks J.D.

Me: Also any mage in Fairy Tail would be perfect for you. You have looks many women would kill for.

Lucy blushed.

Lucy H.: You really think so J.D.?

Me: I do Lucy. I'm no matchmaker but I think you and Natsu would be perfect for each other. After this is over see if he'll give you a chance.

Fireflight: Go for it Lucy.

Lucy H.: Well okay. By the way what's your birthday J.D.?

Me: I know why you would ask that Lucy. My birthday is October 14th and I am a Libra.

Lucy H.: Libra the Scale.

Me: Yep. Virgo the Maiden is in late August to mid September and Libra is in Late September to Mid October. And Aquarius is in late January to mid February.

Lucy H.: You sure know about the constellations and the Zodiac.

Me: Well the Stars tell us a lot.

Fireflight: That's true.

Me: Yep. The universe is always loaded with secrets just waiting to be discovered and the universe has so much to share with all of us.

Lucy H.: That's amazing.

Me: It sure is. But what really makes me mad is that your father arranged to destroy all of Fairy Tail. Pompous Windbag.

Lucy H.: You got that right J.D. But I faced him with my power and told him that I'm a grown woman now and I'm old enough to make my own decisions whether he likes it or not.

Me: Good for you Lucy. You sure put him in his place.

Lucy H.: You got that right.

Wendy was in the cockpit of Skydive as an F-16 fighter jet.

Wendy: It's so amazing up here.

Skydive: It sure is.

Me: Wendy how did you become a Sky Dragon Slayer?

Wendy: That is a rather interesting story.

Wendy revealed her background. Born around four hundred years prior to X777, Wendy was orphaned at a tender age. She was adopted and raised by Grandeeney; during her tenure as Grandeeney's child, she became affiliated with the four other Dragon Slayer children, and met with them several times a year when their foster parents got together for meetings, wherein she would frequently beg Natsu and Gajeel to stop fighting. Wendy, at some point after, was used as a vessel for Grandeeney to travel to

X777 using the Eclipse Gate. After wandering around trying to locate her lost mother, Wendy ran into Mystogan, who introduced himself to her as Jellal. Mystogan allowed her to travel with him, though he was also hopelessly lost on the road. One day, Wendy heard Mystogan utter something by the name of "Anima," and, shortly afterwards, he deemed it too dangerous for Wendy to travel with him further. He left her in the care of a nearby guild by the name of Cait Shelter, where she stayed until she was chosen by her guild to aid the Allied Forces in their mission against the Oración Seis.

Skydive: Sounds like this Oración Seis guild posed a lot of problems for you guys.

Wendy: They did.

Me: I can tell that Fairy Tail has had more than their share of problems.

Wendy: We sure did.

Me: I can tell. I take it you've read so much about all our adventures here on Earth.

Wendy: We sure did. You all have done so much for Earth and have saved the universe more times than we have saved all of Magnolia from several evil guilds.

Me: Boy our achievements have spread all over the universe like wildfire.

Wendy: They sure did.

Me: I can tell.

Skydive: I believe it.

Me: What is the guild Oración Seis?

Skydive: Sounds like an evil organization.

Wendy: It is.

The guild was created by a man who called himself "Brain". He took five children, former slaves from the Tower of Heaven who possessed the highest Magical potential there, and raised them to be members of the Oración Seis (and also made them his keys, which served the purpose of sealing his even-more-sinister alter-ego, Zero). Ultear was considered at one point to be either used for Brain's Organic Link Magic or to be one of the Oración Seis, but Brain decided that Ultear's Magic was too great that it did not need to serve his purpose.

Me: That is awful. What was the true goal of Oración Seis?

Wendy: To destroy all Magic Guilds with a powerful weapon called Nirvana.

Me: Nirvana? The Pinnacle of Spiritual Energy in Buddism?

Wendy: Yes.

Their goal was to retrieve the Dark Magic "Nirvana" which was capable of turning "light" (good) into "dark" (evil). In other words, if this Magic was acquired, they could turn members of good guilds against each other and bring forth total chaos. They were, however, eventually defeated by the Allied Forces after initially crushing them.

Me: That is horrible!

Skydive: No kidding. A weapon like that would endanger everyone in the world.

Me: No kidding.

Wendy: But we all destroyed them and made sure they got what was coming to them.

Me: Well that's a relief.

Air Raid was in his McDonnell Douglas F-15 fighter jet form and Erza was flying in her Heaven's Wheel Armor. She was extremely beautiful with this armor.

Me: Wow! Erza you look awesome in this armor.

Erza: Thanks J.D.

Me: You're welcome. You look like a true angel in this armor.

Erza: Thanks J.D.

Me: No problem.

Air Raid: Erza who was your most dangerous opponent you've ever faced?

Me: That's what I was wondering too.

Erza: That's a really good question. But from all accounts I would say that every enemy that Fairy Tail faced has been a tough and dangerous adversary.

Me: Wow! I can see in your eyes that you've faced a bunch of evil guilds and dangerous enemies and all kinds of evil monsters.

Erza: That's right.

---

Slingshot was in his British Aerospace Sea Harrier fighter jet and Gray was in the cockpit.

Slingshot: So Gray I hear you like to run around in your underwear.

Gray: (Stammers) What!? No I don't!

Me: Oh really? Then how come I saw you in your underwear when we first met? How do you explain that Mr. Streaker? Hmm?

Gray knew he was caught.

Me: Anyway that's not important. What is your story Gray?

Gray: Well I have a unique past.

Gray revealed his background. Gray was from a village up in the

North, but the entire village was destroyed by the Demon Deliora. Gray's parents were killed in the incident as well. Lyon, along with Ur, a powerful ice Mage who Jellal claimed could have been one of the Ten Wizard Saints, came investigating Deliora's destruction, and found Gray alive among the ruins. Ur took Gray in as her second student and taught him and Lyon Ice-Make Magic. Gray accepted the training in order to eventually avenge his deceased parents by killing Deliora using Ur's unorthodox methods. Gray also obtained the unusual habit of stripping unconsciously from Ur's training methods. When Gray heard of Deliora's current location, he decided to challenge it, ignoring Ur and Lyon's warnings. Gray collapsed from battling Deliora and woke up to see Ur battling it. Ur told him to take Lyon and run. Gray carried Lyon and saw that Ur had lost her leg and replaced it with ice. Suddenly, Lyon woke up and tried to cast Iced Shell, but Ur stopped him by freezing him. She explained to Gray that Iced Shell was the only thing that would beat Deliora, and was surprised to know that Lyon had tried to do what she planned. She then used Iced Shell which caused her body to be destroyed. Before turning into ice, she made Gray promise to tell Lyon that she died and told him to step into the future, since she would seal his darkness. The next day, Lyon woke up and discovered Deliora encased in ice and Ur's sacrifice. He berated Gray for Ur's death and the two apprentices parted ways. Following Ur's advice to find strong wizards in the west, Gray arrived at Fairy Tail and asked the master for a way to reverse the effects of the Iced Shell. Makarov, however, told him that the only method that could possibly reverse it would kill Ur in the process as she lived on as the ice encasing Deliora. Gray was present when Erza entered the guild, having been told by Cana that that day would be lucky for him, though he regarded it as one of the worst days of his life, having lost his wallet and fallen in ditches. Later, when Cana pointed out Erza's loner behavior and how she ignored Cana's own conversation attempts, Gray went over to talk to her, giving the excuse that he didn't like it when new members of the guild didn't introduce themselves to 'Gray the Great', but ended up arguing with her. He would constantly challenge Erza to battles after that, but was defeated each time. That is, until the day he found her crying by the riverside. He became flustered and refused to battle her. Upon questioning her about why she was always alone, she replied that she preferred being alone, but Gray retorted that she wouldn't be crying if that was true. Gray was also present to welcome Mirajane, Elfman, and Lisanna into the guild, happily speaking with the latter two siblings who were able to fit in more readily than their older sister. Gray was present when Natsu brought the egg from which Happy would later hatch to the guild. He suggested that they all eat it together, but was astonished when Natsu claimed the egg to be a dragon's egg as the marks on it were akin to those made by a dragon's claw. He watched on skeptically as Lisanna and Natsu decided to hatch the egg together. The next day, he was as surprised as everybody else when Natsu stormed into the guild, raging about the egg's mysterious disappearance. Gray got angry when Natsu went around accusing people randomly of having stolen the egg. But everybody calmed down when Elfman returned, revealing that he had taken the egg to help warm it up in the night. Soon afterwards, the egg hatched to reveal a winged, blue cat. After the event, everybody returned to their usual jovial mood.

Me: Wow. Now I can see why you and Natsu are always at each others throats. You use Ice Magic and Natsu uses Fire Dragon Slayer Magic.

Gray: That's right.

Me: That's been one of the oldest known battles that's been raging on ever since the beginning of time.

---

As we continued on we saw a cliff up ahead.

Me: Cliff coming up!

We flew over the cliff and Cliffjumper just drove across a cliff in vehicle mode.

Cliffjumper: That's why they call me Cliffjumper!

Me: You are awesome Cliffjumper.

We arrived at a cliff not far away from Crocodile falls and we saw McLeach's truck.

Me: There they are.

Rachel closed her eyes and began to demorph. Her scales turned back into skin as the length of her arms began to increase back to their original height. Her muscles shrank as her snout pulled back into her face. Rachel's jaw reverted back to normal as her alligator teeth were replaced by her human teeth.

Rachel (regains her neck): It always feels refreshing to demorph back to human.

Rachel's tail and ridges vanished into her body as she stood up. Her hands became human again as her skull regained its' original shape. Her feet reverted back to normal and so did her torso. Finally, her blonde hair sprouted out of her haid as her ears became human again, completing her morph back to human. She was still wearing her black leotard.

Maria (hugs a dizzy Rachel): How do you feel, Rachel?

Lucy (Fairy Tail): Do you still have some of your alligator mind?

Me: She's a shapeshifter called an Animorph. We can talk about that later Lucy.

I had my binoculars out and saw a sickening and horrible sight. McLeach had Cody tied and hooked onto a crane from his truck. He was using Cody as live bait for the Crocodiles and a storm was coming in.

Me: He's using Cody as bait for crocodiles! He's gone too far.

I unsealed a case from a scroll and opened it. In it was a 40 caliber sniper rifle equipped with a laser scope.

Me: Here's what we do guys. I'm going to shoot McLeach in the leg with my sniper rifle and when he's down we'll go and face him. Penny. You go and free Cody.

Penny: Okay. And I love him.

Me: I had a feeling Penny. You both have been through the same ordeal.

I put the gun together and load a magazine full of 40 caliber bullets. I had the stand ready and I was set up.

Me: Cover your ears guys.

They did so.

McLeach fired from his shot gun

BANG!

But he missed the rope holding Cody.

McLeach: Blast!

He reloaded. I had a laser on McLeach and had his leg caught in the crosshairs. Just as McLeach was about to pull the trigger on his gun…

Me: Make… My… Day.

I pulled the trigger and I fired.

BANG!

A bullet flew out of the rifle at 1,000 feet per second and it blew a huge hole into his left ankle. McLeach screamed in excruciating pain and threw his gun away.

Me: Showtime!

I put my gun away and we went at McLeach and I kicked him in his face.

Nico: Percival C. McLeach, you have failed this country!

Venom: He sure has! (punches McLeach)

Cody saw us.

Cody (RDU): (Australian Accent) Team Loud Phoenix Storm!

Me: It's a pleasure to meet you Cody. We came to rescue you.

Cody (RDU): I appreciate it guys.

Laney kicked McLeach in the face.

McLeach: C'mon! Can't we work out some kind of deal?

Marco (Animorphs): Sure. You give us that orb and we give you life in prison.

Varie: I got it Marco. It was in his coat.

Me: Good work Varie.

She gave it to me and I crushed it with my bare hands and we got a massive increase in power.

Erza: Wow! What was that?

Lucy H.: That was intense!

Me: It's one of our most prominent abilities. Whenever we absorb negative energy we get a massive increase in power. Our bodies allow us to convert it into positive energy and it makes us more powerful.

Natsu: That's awesome!

Gray: I like it.

McLeach: I'll get that bird if it's the last thing I do!

If anyone was paying close attention to him, they would've seen his eyes turn yellow for a split second.

Me: You will never get Marahute. Not if we have anything to say about it.

Lana: Wait! Look!

We saw a pitch black smoke come out of McLeach!

Natsu: Guys, why's there smoke coming out of McLeach?

Cliffjumper: That's not smoke. It's darkness!

Kickback: McLeach is starting to become a Heartless!

Sora: We faced these monsters all the time guys.

Erza: That's what I heard.

Venom (webs McLeach up): Have a nice trip! See you next fall! (throws McLeach into river)

Me: I hope he likes getting a long trip down stream.

Suddenly a massive crocodile Heartless appeared from the river.

Me: What is that Heartless!?

Sora: It's called a Krokodylus!

Me: He sure is a nasty gator! Lets power up!

We did so and transformed and powered up and transformed.

I punched the Krokodylus in the snout and fired a powerful blast of energy at it and it exploded.

KRABOOOMMMM!

Nico punched it in the stomach and kicked it in the snout.

Nico: NUOVA STAR!

He fired a powerful ball of fire and it him and exploded in a huge piller of pure fire.

Edzilla: ED SMASH GATOR! (stomps on Krokodylus)

Me: Lets finish him with our combos!

Erza: You got it J.D.

Silverbolt (G1): Lets get him!

Natsu: FIRE DRAGON ROAR!

Natsu fired a powerful blast of fire from his mouth and Silverbolt fired a blast of electromagnetic energy from his nosecone.

Natsu and Silverbolt: FIRESTORM LASER DEATHRAY!

The blasts combined and turned Natsu's fire into a powerful deathray of pure fire and it hit Krokodylus and exploded.

KRABOOOMMM!

Gajeel: IRON DRAGON ROAR!

Gajeel fired a massive blast of metal from his mouth and Slingshot fired a powerful neutron blast.

Gajeel and Slingshot: ATOMIC SHRAPNEL BURST!

The blasts combined and turned into a massive energy wave of pure metallic fire and it hit the Krokodylus and sent him crashing into the rock cliff with devastating force.

Lucy H.: GATE OF THE HEAVENLY SCALE, OPEN!

Lucy summoned Libra and the symbol of Libra the Scale appeared in the Background.

Libra: What is thy bidding Lucy?

Lucy H.: Lets use a combo on that monster Libra.

Libra: You got it.

Skydive: Lets do it!

Skydive went flying at 1400 miles per hour and Libra fired a powerful blast of gravity.

Skydive and Libra: SUPERSONIC SONIC BOOM GRAVITY CRUSHER!

Libra's gravity sent the Krokodylus flying and Skydive's sonic boom crashed into it and sent him into the air.

Leni: Lets totes get him Cliffjumper!

Cliffjumper: You got it Leni!

Leni fired a gravity laser and Cliffjumper fired multiple missiles of Glass Gas.

Leni and Cliffjumper: GRAVITY GLASS SMASHER!

The missiles exploded and turned all of Krokodylus' armor into glass and Leni's gravity laser hit him and exploded.

KRABOOOMMM!

Elena: Our turn!

Kickback: You got it Elena!

Elena fired a barrage of lightning and Kickback fired multiple missiles.

Elena and Kickback: LIGHTNING MISSILE RAIN!

The missiles and lightning hit the Krokodylus all over and exploded.

Gray: ICE-MAKE UNLIMITED: ONE SIDED CHAOTIC DANCE!

Gray created a large number of big Ice Swords, which he commanded to attack Krokodylus.

Fireflight fired a Fire-Fog Missile.

Gray and Fireflight: ICE AGE SWORDFOG SKEWER!

The Fire-Fog missiles created a fog that obscured Krokodylus' vision and Gray's attack skewered him in multiple spots all at once.

Erza Requiped into her Flame Empress armor.

Me: Wow!

Erza: FLAME EMPRESS'S SOARING FIRE BLADE!

While equipped with the Flame Empress Armor, Erza's used her flaming blade and quickly rose in an uppercut spiral fashion.

Air Raid fired his 80,000 PSI torque gun.

Erza and Air Raid: HYPERSONIC INFERNO FIRESTORM!

The blasts combined and turned into a massive tornado of pure fire that incinerated the Krokodylus!

Silverbolt: Aerialbots, merge into Superion!

They did so and punched Krokodylus with devastating force and speed.

Superion (Krokodylus bites him on the leg): That tickles! (shoots it with electrostatic discharger rifle)

Outback fired a laser blaster from a gun in his vehicle form and it burned the Krokodylus.

Me: Now to finish him off with our Final Smashes!

Rachel (Animorphs): You got it J.D. I'll start.

Rachel turned into a bear.

Rachel (Animorphs): URSUS CLAWSLASH!

I turned into a Zaidanian Inferno Beast and fired a massive blast of fire at the Krokodylus.

Rachel slashed the Krokodylus at a ferocious pace with her claws.

Lucy H.: It's my turn.

Lucy opened all 12 gates of the Celestial Spirits.

Lucy H.: CELESTIAL ZODIAC SUPERLASER!

She fired a powerful energy blast and the 12 spirits of the Zodiac fired a focused energy laser from 12 points and the blasts converged and combined and fired as a massive blast of energy and they hit the Krokodylus and exploded with unbelievable power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

The Krokodylus was completely obliterated in an instant.

We cheered wildly. Penny climbed down the rope of the crane.

Me: Oh man. Hold on.

I went to the controls for the crane and Lincoln used his lightning powers to start it up and I moved the crane over to dry land and Penny took Cody off the hook and he landed on the ground.

Vince untied him.

Vince: Are you all right Cody?

Cody (RDU): Thanks to all of you guys. You all were so awesome!

Me: Thanks Cody.

Penny and Cody looked at each other and they were instantly smitten. They were in love with each other now. Almost instantly they became boyfriend and girlfriend.

Cody (RDU): Lets free Marahute.

We did so and she got out.

Gajeel: You and that bird really got close, huh, Cody?

Cody (RDU): Yep. Marahute may be an animal but she has a heart like the rest of us. The only reason that an animal isn't like the rest of us is if it's heart is full of darkness. Like Mcleach. He fell deeper into darkness thanks to the Dark Orb. That's why he lost his heart. If you have no heart, then you don't have friends.

Me: Very wise words.

Cody (RDU): Where's that poacher?

Me: He's heading over the falls. Lets go see.

We went to the edge of the waterfall on a rock and we saw McLeach go over the edge of the fall.

McLeach: NOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO!

We saw McLeach fall to his death. A 4,000 foot fall. He was killed instantly.

Me: That is instant death.

Laney: There's absolutely no way anyone could survive a fall like that.

Lucy: He's in Hell now and he deserves to spend the rest of eternity there.

Shannon: Yep.

Me: Burn in Hell, McLeach.

Erza: McLeach was a truly honorless slimeball.

Me: You said it Erza. Lucy can you summon Aquarius? I know you're scared of her but let me talk to her.

Lucy H.: Well okay. GATE OF THE WATER BEARER, OPEN!

Out of a vortex of Water arose Aquarius the Water Bearer!

Aquarius: What meaningless task did you summon me for Lucy?

Me: To talk to me.

Aquarius saw me.

Aquarius: J.D. Knudson of Team Loud Phoenix Storm. It's an honor. Lucy called me for this!?

Me: That's right.

Aquarius: YOU ARE DEAD BIMBO!

I stepped in front of her and look into Aquarius' eyes as my eyes glowed red with righteous fury.

Me: (Menacingly) QUIET.

Aquarius backed off in fear.

Me: Aquarius I don't know what your deal is with Lucy, but you have an extremely out of control temper that has caused some serious problems and it has to stop now.

Lori: That's right. You literally need to treat Lucy with love and respect. Look at her!

Lucy was shaking in fear because of Aquarius.

Me: See? Your temper causes even Lucy to be scared of you.

Aquarius: I know what you are doing and I do have a rotten temper. But I love Lucy with my heart. She and I are close.

Me: I can tell. But you need to be a lot nicer and friendlier to her. Do it for her and show her you care and show her that you have good in your heart.

Aquarius began to realize that I was right and she went up to Lucy and hugged her. She broke down crying and she begged Lucy for forgiveness. Lucy did forgive her. But Aquarius told her that she can't help herself. But regardless Lucy doesn't care about that.

Me: Come on guys. Lets get Cody home.

Everyone agreed.

We did so. At Ayer's Rock as the Moons were in the sky we saw Cody's house by Ayer's Rock.

Me: Is that your house Cody?

Cody (RDU): It is.

We landed and we saw Cody's mom crying hard. She thinks that her own son is dead.

Cody (RDU): Mom?

Cody's mom saw him alive and well and she gasped.

Cody's mom: (Australian Accent) Cody?

She had tears of joy and she ran over.

Cody's mom: CODY!

They hugged and cried joyously. She was so happy to have him back. We told her everything that went down.

Cody's mom: You all saved Cody and killed McLeach?

Me: That's right. McLeach kidnapped Cody to try and get the last of the Great Golden Eagles, Marahute here. But we sent McLeach falling over Crocodile Falls to his death.

Cody (RDU): That's right.

Laney: He wanted to get rich. His goal was to get Marahute to sell onto the black market. But we killed him and ended his miserable life for good.

Lana: And I now have Joanna as a friend and as a pet.

Lola: That's cool Lana.

---

We raided McLeach's home and freed all the animals he caught and we found a Slowbro and Magneton and Nico caught them. We also kept his taxidermy as trophies.

---

The next day it was time for the wedding of Zuko and Mai. We were all dressed in red for this occasion and I had a Fire Nation medal on that showed that I am the ambassador of the Fire Nation from

Gotham Royal York. The Fire Sage then pronounced Zuko and Mai as husband and wife. They kissed and we cheered for them. We firebend and created a Phoenix in the sky and it showed the power of love that rose from the fire.

Me: I'm so happy for the both of you Zuko, Mai.

Zuko: Thanks J.D. Thank you for all for coming to our wedding.

Lori: It was literally our pleasure.

I got a call on my cell phone.

Me: (Answers) Hello?

Lana: J.D. it's Lana.

Me: What is it Lana?

Lana: Katara has gone into labor!

Me: (Gasp!) It's time!? We'll be right over! (Hangs up) Guys! The baby is coming!

Varie: Katara's baby is coming!?

Laney: We have to get over there!

Me: Lets go!

We rushed over to the hospital in Gotham Royal York.

---

In the delivery room Katara was screaming in pain as she was delivering her baby. Lady Tsunade was delivering her baby.

Lady Tsunade: One more push Katara.

Aang was with her.

Katara: AANG, WHEN I GET MY HANDS ON YOU, YOU'LL WISH THAT AZULA'S LIGHTNING KILLED YOU BACK IN BA SING SE!

We were waiting in the waiting room.

Me: Boy it sounds like the labor pains are bad.

Juvia: No kidding.

Me: Yeah. Juvia how did your story come into being?

Juvia: It's something I don't like to talk about. Before I became a part of Fairy Tail, I was a part of a guild called Phantom Lord.

Juvia revealed her background. She was born in the year X767, and spent her childhood shunned by the other children for constantly making it rain around her. She took up making teru teru bozu dolls in an attempt to make it stop raining, but it only served to make the other children tease her even more. As she grew older, she would overhear other people commenting on the gloominess of the rain around her, making her feel increasingly depressed. At one point in her life she was in a relationship with Bora, but he broke up with her because he couldn't stand the rain. Eventually, she was accepted into the Phantom Lord Guild, noting that it was the first time anyone had accepted her, and formed a quarter of the guild's elite Mage team: Element 4.

Me: That's sad.

Juvia: Yes it was. I should've never joined Phantom Lord to begin with!

Me: I'm glad you found the light at the end of the tunnel when Phantom Lord was killed.

Juvia: Yes it is.

Katara came out in a wheelchair being pushed by Aang and in Katara's arms was a beautiful baby girl with brown hair and blue eyes.

Me: Oh Katara she's adorable.

Naruto: She sure is.

Zuko: Congratulations Katara.

Katara: Thank you Zuko.

Toph: What are you gonna call her?

Katara: Her name is Kya. After my mother.

Aang: It's a perfect name for her.

Lynn: I think it's a cute name.

Me: Me too. Congratulations you guys.

Aang: Thanks J.D.

Lucy H.: (To the Viewers) Never mess with the rights of animals or the magical power of Fairy Tail Guild and Team Loud Phoenix Storm will hunt you down.

We went back home to the estate. Natsu and Lucy started dating and they were now in love. Cody and his mom live in the estate.

THE END

Another Fanfiction Complete.

Fairy Tail is an awesome show. I like the magic and the powers they all have. Fairy Tail is a really awesome show. Erza Scarlet, Wendy Marvell and Lucy Heartfilia are my favorite characters in that show. It's like a combination of Dragonball Z, Sailor Moon and Naruto. The Rescuers Down Under is an awesome movie from the year 1990 and I've known that movie since I was a little kid. It was so awesome and everyone in that movie did a really great job back then. NicoChan11 gave me the ideas for this one. Thanks man as usual. I created the Heartless in this one. Let me know what you all think.

See you all next time.

Fairy Tail is owned by Hiro Mashima and FuniMation.

# The Final Blast Off

It starts with us William, Riku, Stewie and Venom in the living room.

William: Alright, you guys, I got eight crates of ipecac from the remains of the Griffin House from before we blew up Quahog. Now whoever goes the longest without puking gets the last piece of pie in the fridge. [William, Riku, Venom, and Stewie drink the bottles] Okay, here we go. [pause] How's everybody doing?

Venom: Good. Good so far.

William: Alright, alright.

Riku: Nothing yet.

William: Cool, cool. You know, I don't know if any of you guys have had that pie yet, but that's… that is some tasty stuff. That's from the bake sale at the school. Maria and Elena actually made it all by (vomits)

Riku: Ooh, one down, I know someone who won't be having any (vomits)

Stewie (feels sick): I'm starting to feel funny. I hope this isn't a repeat of last time.

Venom: Well, we feel fine. Guess we're gonna (vomits)

Stewie: Yes! That means I win! I get to eat (vomits) DEAR LORD NOT AGAIN!

Riku (vomits): Oh… Oh, man! Why didn't anybody tell me (vomits)

William: Oh, man! My insides are on fir… (vomits)

Riku: No, please… no more… no more, no… (vomits)

Stewie (holds his stomach): Guys, I'm scared! (vomits)

Venom: Get the phone! Call nine-one-on… (vomits)

William: Maria, Elena, please get in here (vomits)

Venom (seems to stop vomiting): Okay. We think it's all gone. We think it's (vomits)

Riku (cries hysterically): I don't wanna, I don't wanna throw (vomits)

Venom (William holds the sides of his head: William, we need you to hold the sides of our head and (vomits)

William vomits all over Venom's head as the latter throws up yet again. The vomiting stops for a bit, and the whole living room is covered in puke. Maria and Elena come into the room.

Maria: Hey, guys. Is something wrong?

William, Venom, Stewie, and Riku vomit simultaneously one last time.

Elena: WHAT THE HECK HAPPENED HERE?!

We were cleaning up the living room.

Me: What the heck did you guys do to yourselves!?

William, Venom, Riku and Stewie were wrapped in blankets drinking water.

William: We were having a contest to see who can go the longest without puking for the last piece of pie in the fridge.

Me: I know Mr. Lynn and Ms. Rita makes really good pies for dessert but this is taking things too far.

Lincoln: Yeah guys.

Laney had one of the ipecac bottles.

Laney: Where did you guys even get all this ipecac anyway?

William: We found a bunch of crates of it in the remains of the Griffin

House before we destroyed Quahog.

Lois: You know I remember Peter, Chris and Brian did this and there was vomit everywhere.

Me: That was really stupid. I don't know which town is more idiotic Quahog, Rhode Island or Springfield, Oregon.

Lincoln: Well I think they both were the biggest towns of idiots in the world.

Me: Langsley Falls where Hailey lives is an exception.

Keith: That's true.

Me: We can't destroy that town anyway. It's home to the C.I.A. building. And it's people are not as stupid as Quahog and Springfield were.

Nico: Yeah. But Springfield, Oregon and Quahog, Rhode Island you both have failed this country.

We laughed.

Me: You got that right buddy.

Vince: I agree.

Nick: They sure have.

At Gotham Royal York Middle School, Lynn was getting ready for her math test when she heard some kids picking on someone.

Kid 1: Hey look it's the newbie!

Lynn saw a kid with black hair, hazel eyes and wearing a red shirt with flames on it and red pants and he was around her age.

Kid 2: You oughta go home to your filthy family. People like you are not welcome here!

Lynn was enraged when she heard him say that.

Lynn: Margo I need you to go get the Principal. Things are about to get crazy here.

Margo: You got it Lynn.

She did so.

Lynn walked over to the kid that said that and slugged him hard in the mouth. Knocking out all his teeth and knocking him out.

Lynn: You shut up you monster! What you said to this kid was completely inhumane and that makes you no different than all the bad guys we killed!

Kid 1: Why don't you say that to my…

POW!

Lynn kicked him in the face and knocked him out.

Margo came back with the principal.

Lynn: Sorry to call you here Principal Ramirez.

Principal Ramirez: No problem Lynn. But what happened here?

Lynn: These two jerks were harassing this kid here with racial remarks and I wouldn't stand for it. I told Margo to go get you.

?: It's true sir. They said that "People like me are not welcome here." And then this girl saved me and knocked them out. But that was so cool!

Principal Ramirez: I see.

The 2 kids got up and Principal Ramirez grabbed them by their ears and dragged them to the principals office.

Lynn: Are you okay?

Nathan: I sure am. Thanks to you. Sorry I'm Nathan Freeman and

I'm brand new here.

Lynn: Pleasure to meet you Nathan. The name's Lynn Loud.

Nathan: (Gasp) The famous Lynn Loud of Team Loud Phoenix Storm!? The ultimate sports athlete!?

Lynn: That's right.

Nathan: Dude you are like a legend in those fights and in the world of sports!

Lynn: I'm glad I have a fan.

Nathan: I play Hockey and Wrestling.

Lynn: Sweet! Do you like spicy subs?

Nathan: I love all nuclear spicy food!

Lynn: You are awesome man!

Nathan: Thanks. You have awesome Earth powers from what I saw. Watch this.

Nathan held out his hand and a ball of fire appeared in it and he threw it at the wall and it exploded. Blowing a hole into it.

Lynn: Wow! You have Fire Powers!

Nathan: Yep. I've had them since I was born. I can also fly with wings made of pure fire.

Lynn: Sweet! You should join us on Team Loud Phoenix Storm. You would make an awesome addition to the team.

Nathan: I would be honored Lynn.

Lynn: Cool.

Back at the estate I was conducting a little experiment with Marco and Rachel of the Animorphs.

Me: Now I'm sure you're wondering what this test is all about. Well you guys have the ability to transform into animals. We know that and we recently discovered that you can turn into Digimon, which I thought was a scientific impossibility because they are made of data. But that proved that theory wrong. So I want to try something interesting. Lets see if you have the ability to morph into Pokemon.

Rachel (Animorphs): Okay.

Marco (Animorphs): That's an interesting experiment.

Me: It sure is. Marco for the experiment, here's your test.

I called out my Articuno.

Me: Articuno this is all for an experiment I am conducting. So no reason to be alarmed.

Articuno: I'm not afraid J.D.

Marco touched my Articuno and got its DNA.

Marco (Animorphs): Okay here goes.

Marco concentrated and his head turned blue and so did his skin and he grew three spikes on his head and his mouth turned into a beak. His arms grew feathers and he grew a tail and his feet turned into talons. He turned into a full fledge Articuno.

Me: It works!

Nico: Lets see how Rachel reacts.

Nico called out his Nidoking.

Rachel touched the Nidoking.

Rachel (Animorphs): Okay here goes.

Rachel's chest flattened and her skin turned purple.

Rachel (Animorphs): Yep! We can definitely morph into Pokemon! (braces herself on the table): FYI, I'm not giving myself a boy name as a Nidoking!

In a nearby mirror, Rachel simply stared in shock as her face became purple and her eyes turned black. Just as she was about to say something out loud, a loud snap followed by an intense pain in her jawbone struck out.

Rachel screamed in pain as she braced herself against the wall. Looking in the mirror, she was horrified on what she saw and felt happening. Her mouth was becoming much wider and larger in size, accommodating her skull to its shape as it grow. Rachel's nose quickly pushed down and fused with her growing upper jaw, leaving only two nostrils on it. Her eyes became more triangular in shape and separated farther apart from each other.

Finally, Rachel's jaw was fully grown to its new size. Her entire head was now much bigger than before. But, it was far from over. Five extremely sharp teeth grew on each side of her lower jaw near the back. Her tongue became much bigger and the rest of her human teeth fell out onto the ground. Before she could even do anything, a large horn grew out of her forehead.

Rachel (tries to talk): Grrhrrrnnn.

Misty (feeling sorry for her): I don't think your new mouth will let you say anything clearly.

Suddenly, two spines grew out of the back part of Rachel's head, making all of her blonde hair fall out onto the ground. Finally, her ears quickly enlarged in size and grew small spikes on the tops of them. The outsides of her ears were purple while the insides were green.

Rachel (tries to say something again): Raaghhhh.

Nico: I think you should talk when your morph is done.

Rachel felt a tingling start up on her torso. Looking down, she was horrified at the sight of her chest flatenning before becoming much larger and muscular. Her yellow summer shirt was no match for the transformation as it tore off to reveal grey skin on her chest. More spines grew down her back. Due to the spines growing, it started to make her back much larger.

With her back bulking up, it made the rest of her torso start to change. Her central and lower torso both starting becoming much more muscular and larger. A ridge formed on her chest and on her lower torso, leaving a band of lower skin on her mid torso. Due to her enlarging body, Rachel became slightly hunched forward. However, she noticed that it was a normal feeling.

Rachel noticed that purple skin had already covered both of her arms. Holding them out, she simply watched as her hands changed. Both her hands and wrists widened, leaving no visible separation between them. Rachel's fingers painfully fused into three and shrank back into her hand, leaving three short nubs on each hand. Rachel noticed that the nubs hardened and turned white while becoming sharper, making her fingers into razor sharp claws.

Rachel's shoulders became very round and muscular. As a small white ridge formed on the top parts of her arms, the upper section of her arm became very muscular. Wiggling her claws, Rachel was in complete awe on the sight of them on her hands. Looking back down, she noticed that her entire torso was now fully changed

Suddenly, an immense pain struck from Rachel's lower spine and pelvic bone. Looking behind herself, she watched in agony as a massive purple tail started to grow out from herself and out of her black pants, ripping them off. As her tail grow, Rachel's legs were being much more separated from each other and her torso accommodated to the separation. Rachel felt another tear roll down her face as she felt her legs beginning to change.

Both of Rachel's legs quickly became much shorter, taking off some of her height. The upper part of her legs widened and became extremely muscular to support her body. A ridge formed on her knees while the lower part of her legs also widened and became stronger. While Rachel's lower legs widened, it fused her ankles and feet to the main bone, making both of them vanish. Finally, blunt white claws grew out of what used to be her feet, destroying her black boots and finishing her Nidoking transformation.

May (hugging Rachel): So, Rachel. How do you feel about being a Pokemon for the first time?

Rachel (Animorphs): I feel amazing!

Nico: Ok. But why don't you revert back? Don't want to ruin that outfit before an actual mission.

She did so.

Rachel (roars in pain): Why didn't Elfangor make the morphing process instantaneous?!

Rachel's feet became human again as the ridge on her knees vanished. Her legs reverted back into their human shape as her tail vanished into her butt. The ridge on her arms disappeared as they and her shoulders became less muscular and more human. Rachel's claws became hands as her arms went back to their human color. She lost the ridge on her chest as her torso became shorter and less muscular.

Rachel (stops hunching forward): I actually felt like a boy as a Nidoking.

Rachel's grey skin and the spines on her back vanished as she regained her breasts. Her ears regained their human shape as the spines on her head disappeared. she regained her blonde hair as she lost her horn. Her Nidoking teeth were replaced by her humn teeth as her tongue reverted back to normal. She regained her nose as her jaw and head regained her original shape. Finally, her eyes went back to blue as the purple skin on her face disappeared, completing her demorph back to human.

Nico (hugs Rachel): How do you feel now that you're a girl again, Rachel?

Rachel (Animorphs): Great. It was cool being morphed into a Pokemon and it was so cool too.

Me: There's so many of them out there Rachel. You can become hundreds of kinds of Pokemon. They would be perfect for your morphing repertoire.

Rachel (Animorphs): Good idea.

Later we rested and waited for everyone to come home from school. I was having some tea with Master Roshi.

Me: Hey Master Roshi I have a question.

Master Roshi: What is it J.D.?

Me: How did you invent a powerful energy technique like the Kamehameha Wave?

Master Roshi: Well it was a technique that took me 50 years to create.

Me: (Gasp) It took you that long to make the most powerful energy blast we can use!? That's a long time.

Master Roshi: Yep. But Goku my student managed to learn it in seconds.

Me: Wow! What a major difference. And he mastered it with photographic memory just from watching you do it?

Master Roshi: Yep. That's correct. I knew Goku was a special kid back then.

Me: I mastered the Kamehameha Wave almost the same way.

Master Roshi: How did you manage to do that?

Me: That is something I will never forget.

---

Me: (Narrating) **It was back when I was 4 years old. I was watching my favorite TV Show Dragonball and it was an awesome show. I watched how Goku managed to master the**

**Kamehameha Wave when he learned it from you when you blew up Fire Mountain by accident. It was a relatively easy series of signs and stances. So I figured why not see if I can do it in real life.**

Past me was in the backyard and stood ready.

Past me: Okay, here goes.

Me: **I got into the stances I saw.**

Past me: KAAAAAAA! MEEEEEEEE! HAAAAAAA! MEEEEEEEE! HAAAAAAAAA!

Me: **I fired a powerful Kamehameha Wave and it was so powerful and so strong that it was amazing. The energy blast hit a hill and exploded with such incredible power. The Mushroom Cloud could be seen all the way from Denver. When the smoke cleared I had created a massive crater where the hill once stood. That's when I realized that I can now use the most powerful energy blast in Master Goku's Arsenal of techniques.**

FLASHBACK ENDS

Me: I used photographic memory just like Master Goku did when he saw you do it.

Master Roshi: It's a sense of Deja Vu.

Me: It sure is. That was my first thought too.

Master Roshi: I knew you were very special just like Goku is.

Me: I get that all the time Master Roshi.

Lynn came in.

Lynn: Hey J.D. Hello Master Roshi.

Master Roshi: Oh hello Lynn. How was school?

Lynn: It was great! I saved a kid from being racially tormented by two kids. This is him here.

Nathan came in.

Nathan: J.D. Knudson. Wow it's such an honor to meet you in person.

Me: Pleasure to meet you too. And you are?

Nathan: I'm Nathan Freeman and I recently just moved here 1 week ago from Ohio.

Me: It's a pleasure to meet you Nathan. Welcome to Gotham Royal York.

Nathan: Thank you.

Lynn: And he has Fire Powers. Show him.

Nathan: Okay.

Nathan formed a chain of pure fire and lashed the wall and it exploded. When the smoke cleared there was a huge hole in the wall.

Me: Wow! That was awesome!

Nathan: Thanks J.D. I've had my fire powers since I was born. I got my powers from cosmic radiation.

Me: Wow! You and I are very similar. I got my powers from the exact same source.

Nathan: That's awesome!

Vince: I got my powers the exact same way.

Carol: Same here.

Me: So did the Fantastic 4.

Nathan: I also want to try out for Team Loud Phoenix Storm.

Me: We're always willing to give you a shot Nathan. We'll give you that shot when we get a mission. But so far things have been very quiet.

Nathan: Okay.

Me: But you're free to hang with us for the time being.

Nathan: Thanks J.D.

Me: No problem.

* * *

We were watching TV and resting.

Me: So Misty how did you and Ash meet?

Misty: That is an unusual story.

Me: We would like to hear it.

Misty: Okay. It was a long time ago. I first met Ash unexpectedly when he and Pikachu were being chased by a flock of Spearow. He took my bike to try and run away from them.

Me: They were trying to hurt him and Pikachu.

Ash: Yeah it was awful.

Misty: And you still haven't paid me back for my bike!

Ash: I'm sorry Misty! I was running away in fear for my life!

Misty: That's still no excuse!

Ash: Says you!

Me: All right you two that's enough! Fighting like a couple of 2-year-olds never solves anything.

Ash: You're right.

Misty: Yeah.

Erza: You sure are an enforcer J.D.

Me: It's part of my job as leader of Team Loud Phoenix Storm.

Lucy H.: I believe it.

Me: Also Misty, Ash told me that you are the Gym Leader of Cerulean City right?

Misty: That's right J.D. I use Water Pokemon.

Me: Wow! And Brock you are the Gym Leader of Pewter City right?

Brock: That's right J.D. I specialize in Rock Pokemon.

Me: That is awesome! It must be cool having Gym Leaders for friends Ash.

Ash: It sure is.

Me: What was the most unusual part of your adventure Ash?

Ash: That would be the Ghost of Maiden's Peak.

Me: Ooh. What happened there?

Lucy: What happened during that time?

Ash: It is a ghost that has lilac hair and a flower in her hair. She lived 2,000 years ago and her love went off into a war. She swore to wait for him to come back but he never did and her body perished. She was turned into stone. Legend says that her ghost is in that town waiting for her love to come back.

Me: That is one powerful love.

Lincoln: No kidding. Did she ever find out about it?

Ash: No. Her love perished in the war and she continued to wait regardless.

Me: She was never told about what happened.

Lucy: Maybe we can go over to where Maiden's Peak is and help her.

Me: If the Pokemon World is here on Earth as well as all the worlds of Master Goku and the Five Great Nations, then Maiden Rock is here as well. Ash can you show us where it is?

Ash: Sure.

We set out for Maiden Rock.

---

We arrived at Maiden Rock and it was on an island in the middle of the Caribbean.

Me: Is that it?

Ash: It sure is.

We saw a tall spire rock and on it was a human shape rock.

Laney: So that's Maiden Rock.

Lana: It sure is interesting.

Lola: I'll bet she's really beautiful.

Me: Lets get a closer look.

We did so and we saw that the rock was of the girl Ash described.

Me: She is beautiful.

Varie: She sure is.

Me: Poor girl. I can't believe that she would wait so long all for nothing.

Luan: It's really sad.

Lori: She literally has been through a lot.

Luna: Dude. She refused to believe that her love was dead.

Me: No kidding. If I went into a war like that I would come back to her like I promised. My grandpas both came back safe. Lets go ask around and get more information.

In a shrine we were talking to the founder of the Maiden Peak Festival.

Me: So you see sir. We came to find out more about the Maiden. What is her name?

Founder: Her name is Eileen MacKarren. She waited for her love to return to her 2,000 years ago.

Me: Poor girl.

Leni: She totes waited for her love all for nothing.

Aylene C.: That is so sad.

Nathan: No kidding.

Nick: She waited all for nothing.

Nico: Her love towards that man was too strong.

Me: Maybe we can help her. We can bring her back and help her.

Founder: How can you do that?

Me: We're Team Loud Phoenix Storm. I have the power to do anything.

We went over to the rock and I snapped my fingers and Eileen was brought back to life.

She fainted and I caught her.

Me: Lets get her to the Shrine.

We did so and had her covered in a blanket. She woke up and saw us.

Eileen: J.D. Knudson of Team Loud Phoenix Storm.

Me: That's right. Your spirit must've known all about us.

Eileen: That's right. Your achievements are widely known.

Me: We get that all the time. Eileen you know that your love is gone right?

Eileen: Yes. I do. He's dead. He told me so in Heaven. But I made peace with him.

Me: I'm glad.

Eileen: But he turned me down. The war changed him and said that I wasn't the one for him! (Crying)

I go over and comfort her.

Me: It's all right Eileen. But there are still plenty of fish in the sea out there.

Varie: It's all right Eileen. You can have us as your friends.

Eileen: Thank you all.

Me: You're welcome Eileen.

* * *

Back at the estate we were talking and having tea and watching TV.

I made a huge dinner for Eileen and she was eating like no tomorrow. Being dead for over 2,000 years really took its toll.

Me: Boy you sure are hungry Eileen.

Lola: No kidding. Being dead for 2,000 years really had an effect on her.

Lisa: Indeed it did.

Nico: That's more than what I usually eat. Even though I'm a Saiyan and we eat a lot of food and fight a lot that is more than my standards.

Me: No kidding man.

There was a knock at the door and May answered it.

May was shocked to see that her frenemies James, Jessie, and Meowth were at the door. But the R's on their shirts were torn off.

May: (shocked) What are you three doing here?!

Meowth: (about to cry) Hey, Twerp. Can we please come in?

Then they broke down crying.

Lori: Ash, your archenemies are literally crying in our house!

Jessie: (cries) We're utter losers!

Lynn: Yep. That part we got.

James: We've been fired from every bad guy job in town. Team Rocket members, Iceberg Lounge waitors, Wayne Powers Industries employess, and even Guys in White assistants!

Me: Maybe you guys weren't cut out to be a part of Team Rocket. You can work for us and in return we'll give you a good pay and also we'll go after all of Team Rocket and kill every single one of those clods.

Jessie: You're not gonna kill us too?

Me: No way. You helped Vince, Naruto, Lucy and Dawn get justice on Butch and Cassidy. So we should help you out by destroying all of Team Rocket as well.

Serena: We're gonna go after Team Rocket?

Me: We sure are Serena. They terrorized our planet for far too long and we can't let them get away with everything they did.

Ash: Who is their leader?

Me: Giovanni. You remember him right Ash? He was the Viridian City Gym Leader and you were also looking at the leader and boss of Team Rocket.

When Ash and his friends heard that, they were shocked.

Ash: Giovanni is Team Rockets Leader!?

Me: That's right and he's the one responsible for all the terrible events that have been taking place because of Team Rocket.

Ash: He will pay for his crimes!

Pikachu: PIKA!

Me: He sure will. Jessie, James, Meowth you guys stay here. This is gonna get rough.

Jessie: Okay.

Me: This'll be the Final Blast Off for Team Rocket and it will explode into flames. The Valor of Team Loud Phoenix Storm and the Courage we have to protect humans and Pokemon everywhere will destroy them in the fire of Hell.

I snapped my fingers and I had the symbol of Team Valor from Pokemon Go emblazoned on my right elbow. Everyone had the symbol of Team Valor emblazoned on their right elbows.

Lincoln: Awesome Tattoo!

Lucy: I can live with this.

Ash: I like it. It looks like a Moltres.

Me: It is a Moltres. It's the symbol of Team Valor. I like the symbol because it looks like a phoenix. Lets go guys. We're coming for you Team Rocket and you will never terrorize our planet again. Normally we would put people like them in prison for this. But that's too merciful for them. Death is their only fate. Lets get them!

We set out for the headquarters of Team Rocket!

---

We arrived at Team Rockets Headquarters and we saw that it was a building out in the middle of the forest and it was a secret base.

Me: There it is. Lets go.

We flew at the headquarters and to make sure that no one escaped we put up a barrier that prevented that from happening.

In the headquarters the members of Team Rocket were devising plans for their next move. Suddenly a massive fiery explosion blasted through the roof and the alarm sounded as we came in.

Me: Team Rocket's days are numbered!

We fired blasts of fire and incinerated most of the members into ashes.

Nico: Alright, let's split up and take out all the Team Rocket members. After we're done, let's radio each other before we take Giovanni down.

Me: You got it Nico. Lets go!

We split up.

Nico, Bluestreak, Swapper, Tai and Agumon were blasting apart more members of Team Rocket. But then he sensed something.

Nico: (sees a mysterious room) Bluestreak, Swapper, Tai, Agumon, I sense something behind that door. Let's go check it out.

Bluestreak: What could it be?

Nico: I don't know. But lets find out.

They went into the room and saw a bunch of wires and they saw

Mewtwo!

Nico: Mewtwo!

Bluestreak: Mewtwo is a Pokemon?

Nico: That's right. But he was a pokemon created using Genetic Replication technology.

Tai: Genetic Replication?

Bluestreak: You mean like Cloning?

Nico: Exactly. This was part of a special project Team Rocket worked on. It's purpose was to create Superclones, which are 10 times more powerful than any living pokemon. Mewtwo is the most powerful living pokemon of them all. He was genetically created from the fossil of the ancient pokemon Mew. After many failed attempts they succeeded in creating Mewtwo. A genetically engineered pokemon that is the most powerful Psychic Pokemon of them all.

Tai: That is insane!

Bluestreak: Who funded this whole project?

Nico: It was Giovanni that did it.

Tai: These guys were really playing with fire.

Agumon: And they got a Pokemon that rivals all of them combined.

Nico: They sure did. Even though it was successful the experiment completely backfired. He came to the conclusion that humans treat pokemon like nothing but slaves and that Mewtwo was created for the exact same purpose. He created a massive storm that was gonna destroy the entire planet and kill everyone and everything. But as Mewtwo Battled Mew, Ash jumped in front of their blasts of energy and killed himself.

Tai: What!? Why would he do that!?

Bluestreak: I think I know. He made the ultimate sacrifice to show that Humans and Pokemon care for each other just as much as anyone else does.

Nico: That's right. But the Pokemon cried and their tears brought him back to life and Mewtwo changed his ways as a result. He realized how big a fool he was.

Mewtwo: Now you all will die.

Tai: What's the deal, Mewtwo? I thought you changed your ways!

Mewtwo: Giovanni showed me how much of an idiot I was to abandon my destructive ways. I have all this power and I'm expected to use it to help people? How pathetic! (laughs evilly)

Bluestreak: Mewtwo never laughs evilly. Giovanni must have him under mind control!

Nico: Guys, hold him off. When he's weakened, I'll catch him with a Master Ball to snap him out of it!

Bluestreak (shoots Mewtwo with rifle): Sorry, Mewtwo, But this is for your own good!

Nico went Super Saiyan 2 and punched Mewtwo in the face.

Agumon Digivolved.

Agumon: AGUMON DIGIVOLVE TO…

He turned into Greymon.

Greymon: (Echoing) GREYMON!

Karai slashed at Mewtwo and Ravage pounced on him. Ravage slashed him with his claws.

Karai: (Japanese Accent) Lets combo attack him.

Ravage roared and they went at Mewtwo.

Karai: BLACK PANTHER SLASHSTORM!

They slashed up Mewtwo.

Nico: Now to catch him. MASTER BALL GO!

Nico threw the ball and caught Mewtwo. He picked up the ball.

Mewtwo: What happened? The last thing I remember was those Dark Creatures attacking me.

Tai: Oh, nothing much. You just got mind controlled by Giovanni.

Nico: Giovanni did this to you Mewtwo. He will pay for everything he did. Lets go guys!

They went back to the battle.

---

The Battle in Team Rocket Headquarters raged on.

Me: Sonar, Runway, Jetstorm!

Sonar, Runway and Jetstorm became the Star Saber. I slashed numerous Team Rocket members and obliterated them.

Me: You Team Rocket Wretches are finished!

We collected all the pokemon they have stolen and took all the pokemon and pokeballs they have as trophies. Lana and me got a Regice. I got a Regirock and Nico got a Registeel and Regigigas. Nico also got a Dodrio and a Farfetch'd. Nathan was blasting apart and incinerating numerous Team Rocket members with his fire powers and blowing them apart into ash. We were amazed at his fighting prowess.

Butch and Cassidy then arrived.

Dawn: Butch and Cassidy!

But their faces and bodies were now horribly scarred and disfigured.

Butch: You and your friends completely destroyed us!

Cassidy: Look at me! I'm now a scarred mess!

Me: You two brought all that upon yourselves. But I'm impressed that you two were able to survive a powerful energy blast of that magnitude. Nice to know Vince, Naruto, Dawn, Lucy and all the Pokemon left their mark.

Dawn: We sure did.

Lucy H.: You guys sure did a number on them.

Me: They deserved it. But how did you guys escape from prison?

Butch: It's easy. We rammed the door on the transport and ran.

Me: That simple huh?

Swapper fired a green energy ray from its heads and they hit Butch and Cassidy and swapped their bodies and minds.

Butch (In Cassidy's Body): What happened to me!

Cassidy (In Butch's Body): I don't know.

They looked at each other and when they saw that they were in each others bodies they screamed.

Me: Jeez this is what I call a Freaky Friday situation.

Dawn: They'll be in those bodies in death. Final Smash time. COSMIC DRAGON STARRAY!

Dawn fired a powerful blast of cosmic energy from her hand and it turned into a dragon. It enveloped them and completely obliterated them in an instant.

Dawn: Go to Hell.

Me: Great job Dawn.

Ash: Those two deserved it.

After killing all of the members of Team Rocket we found Giovanni attempting to make a getaway in his helicopter and I blasted the helicopter and it exploded into flaming rubble.

Me: You aren't going anywhere Giovanni. You are gonna pay for your crimes.

Giovanni: So Team Loud Phoenix Storm has come.

Me: We came here to kill you. You've terrorized this world for far too long.

Ash: It's over, Giovanni. No more hiding behind your lackies.

Nico: This probably won't take too long. I bet you can't even fight!

Giovanni: Oh, I'm much more competent than those trio of buffoons that used to work for me! Rhydon, attack!

Giovanni's Rhydon came.

Scattershot: Alright, Technobots! Let's merge into Computron!

They did so.

Me: Now it's time to pay. You're going to face up to your crimes.

Nico: Giovanni, you have failed this region!

Me: More like he has failed the entire world.

Giovanni: You all will fail this world. Thanks to this dark orb I have I can do this!

He then formed a sword of pure negative energy. It was a purple scimitar sword. (Think of the energy sword Galvatron used on Transformers Cybertron)

(Star Wars I Final Duel of Fates plays)

Giovanni: Prepare to meet your end J.D.

I go Super Angel 50,000 Phoenix Angel.

Me: You don't know how wrong you are Giovanni. It's your reign of evil that's ending.

We went at each other

Me: Take your best shot!

And we engaged in a powerful sword fight.

Me: What you did to the world of Pokemon is completely unforgivable Giovanni. The Flames of Valor are now going to kill you.

Giovanni: Only one shall stand and the other will die!

Me: And that other person is going to be you!

We continued our sword fight and it was shaking the very foundation of the planet to the core. Sparks were flying everywhere and setting the entirety of the forest on fire and turning the landscape into a massive raging inferno of epic proportions. Massive fiery explosions rattled the forest and the lands. Miles away in Pallet Town, everyone saw a massive column of smoke rising out of a mountain on the horizon. They saw the battle from the distance and knew something big was happening. We were clashing our energy swords at an incredible rate and more sparks and embers flew all over the place and they exploded and turned the whole forest into an epic conflagration.

I slashed Giovanni in the face and he was dripping blood from his left cheek.

Me: One for me.

Giovanni screamed in rage and slashed at me and I ducked and I kicked him in the face and punched him in the stomach.

Computron: (punches Rhydon) Probability of Giovanni winning: 0%.

Misty: No he won't win.

Me: And he won't ever! Lets get him guys! Combo time!

Bluestreak: Lets go Swapper!

Swapper fired a laser from his heads and Bluestreak fired his rifle.

Bluestreak: SWITCHENERGY BULLETSTORM!

Swappers energy turned Bluestreak's energy shot from his rifle into a beam of ice and froze Giovanni in ice.

Scattershot fired numerous missiles.

Ash: Pikachu Electro Ball! Go!

Pikachu fired a ball of pure lightning.

Scattershot and Ash: LIGHTNING ATOMIC BLAST!

The missiles orbited around the lightning ball in an atom formation an it hit Giovanni and blew him into the sky with a powerful explosion.

Me: Now to try something we never tried before. Combine four combos into one.

Varie: That's gonna be interesting!

Dawn: Lets do it!

Strafe: Lets!

Dawn fired a blast of cosmic energy.

Strafe fired a laser blast.

Dawn and Strafe: COSMIC LASER DEATHRAY.

The blasts combined.

May fired a blast of Icefire and Lightspeed fired a bunch of missiles.

May and Lightspeed: ICEFIRE MISSILESTORM!

Misty: Gyarados HYPER BEAM!

Misty's Gyarados fired an orange beam of energy and Afterburner fired a laser blast.

Afterburner and Misty: SUPER HYPER BURNLASER!

Brock: Steelix, DRAGON BREATH!

Steelix fired a blast of white fire and Nosecone fired a laser.

Nosecone and Brock: METAL FIRESTORM LASER!

May, Dawn, Brock, Misty, Afterburner, Strafe, Lightspeed and Nosecone: COSMIC POKEMON ELEMENTAL ENERGYSTORM!

Their combos combined and hit Giovanni and exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Giovanni landed on the roof and he was a charred and burned mess. But he still had a huge amount of fight left in him.

Ash: I've had it with this guy. It's time to make sure he never torments Pokemon ever again.

Me: Have at him Ash.

Ash went at Giovanni and punched him in the face and knocked out some of his teeth. He flipped and kicked him in the chin with a deadly uppercut kick and punched him where the sun doesn't shine. Ash punched him in the stomach and kicked him in the face and knocked out some more teeth.

Me: Wow! Ash sure has learned a whole bunch of moves.

Dawn: He sure has.

Nathan: I never saw him do those moves.

Vince: Me neither.

Dawn: Now to help out. Lets go Pachirisu! Spark attack!

Dawn fired a blast of cosmic energy and Pachirisu fired a blast of lightning.

Dawn: COSMIC LIGHTNING DEATH RAY!

The blasts combined and turned into a deadly blast of energy and it hit Giovanni and exploded.

Lucy H.: Now it's time for my Final Smash. This is my Final Smash that is also my most powerful spell.

Me: This is gonna be interesting.

Lucy then chanted a powerful incantation.

Lucy H.: Survey the Heavens, Open the Heavens…

All the stars, far and wide…

Show me thy appearance…

With such shine.

Oh Tetrabiblos…

I am the ruler of the stars…

Aspect become complete…

Open thy malevolent gate.

Oh 88 Stars of the heaven…

Shine!

**Urano Metria!**

Lucy fired 88 planets at Giovanni and they blasted and pulverized him all over the place with incredible force.

Me: Wow! What a spell!

Lori: That was literally unbelievable!

Leni: It sure was.

Nicole: That is a spell worthy of the stars.

Me: It sure is.

Greymon: Here's my Final Smash. (ECHOING) NOVA FLAME FIRESTORM!

Greymon fired a powerful blast of fire from his mouth and it exploded when it hit Giovanni.

Me: Wow! Lucy, lets use a combo Final Smash on him and Finish him off once and for all.

Lucy H.: You got it J.D.

Me: Giovanni, you will now be burned by the Flames of Valor. Go to Hell and Stay there! (Cups Hands to The Side) KAAAAA! MEEEEEE! HAAAAAA! MEEEEEE!

Lucy summoned the 12 spirits of the Celestial Zodiac and they fired 12 lasers in the shapes of the Zodiac.

Aries: ARIES THE RAM!

Taurus: TAURUS THE BULL!

Gemini: GEMINI THE TWINS!

Cancer: CANCER THE CRAB!

Leo: LEO THE LION!

Virgo: VIRGO THE MAIDEN!

Libra: LIBRA THE SCALE!

Scorpio: SCORPIO THE SCORPION!

Sagittarius: SAGITTARIUS THE ARCHER!

Capricorn: CAPRICORN THE SEA GOAT!

Aquarius: AQUARIUS THE WATER BEARER!

Pisces: PISCES THE FISH!

Me: HAAAAAAAAAAAAA!

I fired a Kamehameha Wave.

Me and Lucy: CELESTIAL ZODIAC KAMEHAMEHA!

The lasers of the Zodiac merged with the energy wave and turned into a rainbow energy blast. It enveloped Giovanni and completely obliterated him in an instant. The blast vanished harmlessly.

I powered down.

Me: See you in Hell, Giovanni.

Giovanni's spirit then appeared.

Nicole: And that Hell is locked in the Book of Vile Darkness for all eternity! (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLEN LIRUS-NOR!

Giovanni was sucked into the book.

Giovanni: DAMN YOU TEAM LOUD PHOENIX STORM!

Me: The fires of Valor incinerated you.

We cheered wildly. Team Rocket had been officially silenced for all eternity and Nico got his very first Legendary Pokemon.

Back at the estate we were in Lori's Room.

Me: Now we're all here to welcome our newest member to the team. Nathan Freeman, you have shown great skill in the battle and we are proud of you.

I pulled out a red shirt with flames on it and the Team Loud Phoenix Storm logo on it.

Me: Nathan Freeman you are now an honorary member of Team

Loud Phoenix Storm. Welcome to the team.

We cheered for him.

Nathan: Thank you so much J.D.! I will not let you down.

Me: I know. But we still have the other teams to worry about in the future. Team Magma, Flare, Aqua, Galactic, All the villain teams. We have to be ready for them and kill any of those teams that get in our way.

Everyone: Right!

Me: Team Rocket has fallen. And the other teams are next.

Dawn: (To the Viewers) Team Rocket may have bitten the dust but Evil will always exist wherever we go.

We now had a new team member on TLPS. We also had numerous pokemon as a result of Team Rocket's demise, we caught all kinds of pokemon for all of us. Jessie, James and Meowth are now also on the Redemption Squad and they are also our gardeners. They get a much better pay with us than with Giovanni. Team Rocket has now been officially silenced forever.

# Bikini Bottom's Robot Invasion

It starts in a field on the outskirts of the city. I was doing some horseback riding in the field on my Rapidash. Me and Rapidash got to the top of a hill and we were just taking in the sights and beauty of the beautiful lush countryside of western Michigan.

Me: Boy it sure is such a beautiful day.

Rapidash neighed.

Me: It sure is gorgeous. It's so invigorating.

We continued to ride through the field and we saw an interesting sight.

Me: Hey what's this place?

It was a fenced in ranch with lots of Pokemon.

Me: Wow! Look at all the Pokemon. There's Nidorina, Nidoran, Raticate, Tauros, all kinds of Pokemon.

We jumped over the fence and we saw a woman with blue hair in a ponytail coming and she was riding a Rapidash.

Lara: (Southern Accent) Howdy there.

Me: Oh hello there.

Lara: You must be new here. I'm Lara Laramie.

Me: Pleasure to meet you Lara. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Lara: Wow! We were told so much about you! Your achievements have made quite an impact on the planet.

Me: We get that all the time. Hey, by any chance are you friends with Ash Ketchum?

Lara: I sure am. He helped me in winning a race after I was injured.

Me: Wow! I didn't know that. He really helped you out.

Lara: He sure did. He raced against my rival Dario and his Dodrio.

Me: And he won!? Awesome! Congratulations.

Lara: Thank you.

Me: You're welcome.

We were strolling in the ranch.

Lara: So what was your recent adventure?

Me: Well we killed Team Rocket. Remember them?

Lara: Those horrible hoodlums that were after Ash's Pikachu?

Me: That's right. Team Rocket has been a major problem for numerous Pokemon Trainers all over the planet. Their leader was the Gym Leader of the Viridian City Gym, Giovanni.

Lara: I've heard of him. He was a no good snake in the grass.

Me: He sure was. But he and Team Rocket got what was coming to them. But Jessie, James and Meowth were fired before we killed Team Rocket and we gave them a much better job than being on Team Rocket. We hired them as some of our gardeners and they're on our Redemption Squad.

Lara: I'm glad they're on the right path.

Me: I am too Lara. The Flames of Valor have destroyed Team Rocket and set three of its former members on the path of light and out of the darkness.

Lara: That's a very good quote.

Me: Thanks.

---

Later back at the estate I walked into the door.

Me: What a great day.

Ash: You're in a happy mood J.D.

Me: I sure am Ash. I went Horseback Riding and I met your friend Lara Laramie.

Ash: Lara is here!?

Misty: How is she doing?

Me: She's doing great. Her Pokemon Ranch is on the outskirts of the city in Western Michigan.

Nico: That is so cool!

Brock: I'm glad she's here too.

Me: I guess when you all came here to our world, your version of planet Earth merged with ours and now Pokemon are here too.

Laney: That explains why there are Pokemon all over the place.

Lana: I like it.

Naruto: And now we have all kinds of Pokemon all over the place.

Me: We sure do.

Suddenly the alarm went off.

Me: Uh oh.

We went to the computer and we saw all of Bikini Bottom in the grip of chaos. Robots were running around all over the place and wreaking havoc. They were vandalizing property, harassing the citizens, and causing all kinds of damage and trouble.

Laney: What in the world are those Robots?

Lisa: Whoever built those robots did an extremely terrible job.

Lana: Wait I see something. Go back a couple of seconds.

I did so on the image.

Me: I see it too. Magnify and enhance.

The computer did so and the image showed a tag on a robots butt that said "Property of Plankton"!

Me: Property of Plankton!?

Laney: That can't be!

Lily: I thought Plankton was forever banished into space!

Me: Let me see here.

I used the space scanners and it showed that Plankton was still drifting in space.

Me: Plankton is still in space.

Lily: Hmm. If Plankton is not the one that's causing these robots to appear then what is?

Varie: This must be a backup plan that Plankton set up in case he was removed from the picture permanently.

Lily: That could very well be the case.

Irma: We have to get over there and stop all this before the whole of Bikini Bottom is destroyed.

Inferno (BW): What is your command Your Highness?

Nico: Ok, Inferno. I'm not really comfortable with you calling me "Your Highness" all the time.

Inferno (BW): What may I call you then?

Nico: You can call me "Boss".

Inferno (BW): As you command my boss.

Nico: That's much better.

Varie: Neptune's Crusaders lets help all of Bikini Bottom!

Misty: I want to help out.

Nico: Same here.

Clayface: Me too!

Me: I gave him the ability to never be disintegrated in water with my magic.

Hot Spot: Protectobots, lets lend a hand!

Davis: Lets help too!

Yolei: You got it!

Cody H.: Lets do so!

T.K.: Yeah!

Kari: Lets do it!

Carol: I want to help too.

Varie: Okay Carol. Lets do this!

The Neptune Crusaders went into Lily's room through the portal to Bikini Bottom. I gave Misty the power to transform into a mermaid so she can breathe underwater.

Misty was now a mermaid and they were standing outside of Spongebob's Pineapple and treedome. The whole town was now a mess.

Nico: Wow! Those robots really did a number on this whole place.

Irma: I can't believe they would cause so much destruction.

Lana: And damage all sorts of stuff.

Lily: Whoever or whatever is making these robots we have to make sure that they are stopped and destroyed.

Varie: You got that right Lily.

Girl Jordan: Yeah. We have to stop this. If Plankton is not the one behind this then who is?

Nico: That's what I would like to know as well.

Varie: Lets get going. We have to find Spongebob, Patrick, Mindy, Sandy and friends and destroy these robots.

Lily: Okay.

They looked and found SpongeBob, Patrick, Mindy and Sandy. They told them but they already knew.

Nico: We have to hurry guys. We have to find these robots and take them out.

SpongeBob: Lets start with Jellyfish Fields.

Mindy: That's a good place to start.

Patrick: Are we gonna go Jellyfishing?

Nico: No Patrick. We got to find those robots and destroy them.

SpongeBob: Nico is right. Lets get em!

Lily: Okay Mr. SquarePants. Lets go.

---

## Part 1: JELLYFISH FIELDS

---

French Narrator: (French Accent) Ah. The rolling green hills of Jellyfish Fields. A place to experience nature at its most raw and sometimes a bit tender from the stings.

They arrived at Jellyfish Fields, where Lily, SpongeBob, Patrick, Mindy and Sandy like to have fun and play and catch jellyfish and go Jellyfishing.

Lily: Jellyfish Fields. It's always as beautiful as I know.

They saw Squidward being chased by a robot half his size and it had a 20,000,000 volt cattle prod. Squidward then got shocked by nasty jellyfish.

SpongeBob: Just my size.

Patrick: I will crush them!

Lily: Lets get them!

Sandy: Buzz off ya little pests.

They went at the robot and Lily kicked it and it exploded and a bunch of golden objects that looked like flowers flew at them and went into Lily's wallet.

Lily: I don't know what that was about but that was cool!

Lana: There's more robots guys.

Girl Jordan: That was just the beginning.

Misty: It sure was.

Nico: But we saved Squidward.

Squidward: OOOWWWWW!

SpongeBob: Squidward, are you okay?

Squidward: No I'm not okay you Barnacle Head! Do I look like I'm okay?

Lana: You have a major league problem Squidward.

Girl Jordan: Yeah.

SpongeBob: Well your nose does look pretty. I mean bigger than usual, because it's usually pretty big. And you look clammy. And OH MY GOSH - YOU'RE BALD!

Squidward: I've always been bald! But now I'm stung all over!

Varie: By all accounts you look better stung.

Mindy: I agree.

Spongebob: Well, according to the Jellyfisher Field Manual, Severe Jellyfish Stings can be treated effectively by applying a thick layer of King Jellyfish jelly to the affected areas. (Gulp) (Fearful) K-K-K-K-KING J-J-J-JELLYFISH…

Squidward: Well, I guess you're all off to scale spork mountain and die a horrible death under the vicious tentacles of King Jellyfish. Ha, ha, ha! Ow! I'll stay here, balled up here in excruciating pain.

Rumble: You sure I can't just shoot Squid Jerk right now? No one's gonna know.

Lily: As much as anyone would like that Rumble, because he's a loser we can't. But that's not important. Lets go!

They went further into the fields and they saw more robots.

Sandy: Buzz off ya little pests.

Carol fired her Spiral Atomic Ray and blew the robots to pieces.

Carol: That'll teach you robot buttkissers!

Shiny Objects went into Carol's wallet.

Then they came across a robot with a huge ham hammer. It slammed its meat hammer on a fish and flattened it flatter than a pancake.

Varie: Ooohh! That's got to hurt!

SpongeBob: Ham-mer! I get it!

Patrick: I don't get it.

Lily: Oh I just got the joke!

Lana: Me too. That is funny!

Luna: You said it dude.

Maria R.: I think that is hilarious.

Misty went at the robot and slapped it with her fish tail and it shattered apart. Shiny Objects went into her backpack.

Misty: That was really interesting.

They went over cliffs and destroyed numerous robots and they found a Duplicatotron. Lana smashed it to pieces.

Lily: Nice job Lana!

They turned and saw Jellyfish Rock.

Patrick: Wow! Jellyfish Rock. I never thought I would see it with my own eyes. This week.

Lily: It sure is amazing.

Lana: Now I see why they call it Jellyfish Rock. It looks just like a jellyfish.

Varie: It sure does. Lets get moving.

Just then they saw a huge Pokemon swim over them. It was the Legendary Ocean Pokemon, KYOGRE!

Nico: A Kyogre!

Lily: Oh wow!

Nico: I'll have 2 Legendary Pokemon now.

Nico threw a Master Ball and he caught it.

Nico: Yeah!

They continued on destroyed robots. They came across a robot that has a huge tank full of Tartar Sauce on its back and it was hooked up to a blaster and it did target practice on targets that look like real versions of Lily, SpongeBob, Patrick, Mindy and Sandy. Patrick was biting his hands and quivering in fear.

SpongeBob: TARTAR SAAAUUUUCCCEEEEE! THE HORROR!

Sandy: Not as good as Texas Barbecue Sauce.

Lily: I don't even like Tartar Sauce.

Lana fired a blast of ice lightning and froze the robot in a block of ice and Luna shattered it with her axe.

Luna: Robots have no good taste in anything dudes!

Sandy: Boy howdy.

Clayface: That is true.

They blew apart all the robots and made it all the way to Spork Mountain where they saw KING JELLYFISH!

Lily: King Jellyfish!

Girl Jordan: Me and Trailbreaker will take this electrified tyrant on!

Trailbreaker: Lets get him G.J. TRANSFORM!

Trailbreaker turned from his truck mode into his robot mode. Girl Jordan fired a powerful blast of water and it turned into a dragon of pure water and it hit the King Jellyfish and it chomped onto the King Jellyfish and Trailbreaker fired lasers and burned off its tentacles.

Girl Jordan: It's combo time!

Trailbreaker: You got it!

Girl Jordan made a dragon of pure water and it had a road on its back and Trailbreaker went into his vehicle mode.

Girl Jordan and Trailbreaker: WATER DRAGON ROADKILL!

Trailbreaker drove on the water dragons back and ran over the King Jellyfish and flattened him into a pancake and it squirted jellyfish everywhere and some landed on Squidward and it cured him.

Varie: Nice work you two!

King Jellyfish packed his bags and swam away.

SpongeBob: That was awesome!

Girl Jordan: Thanks SpongeBob.

They went back to the entrance to Jellyfish Fields and headed for the next part of Bikini Bottom.

---

## Part 2: DOWNTOWN BIKINI BOTTOM

---

French Narrator: Downtown Bikini Bottom. Once a bustling metropolis. Now a debris covered crater.

Downtown Bikini Bottom was a complete war zone. Robots were destroying cars, boats, buildings, everything.

They saw Mrs. Puff in a state of fear.

Mrs. Puff: Guys! The robots are destroying downtown Bikini Bottom. We have to evacuate!

Varie: We'll do everything we can Mrs. Puff.

Sandy: It's gonna be tough but we'll do it.

SpongeBob: Can't we just load them up in the boats?

Mrs. Puff: That won't do any good.

SpongeBob: Why not?

Mrs. Puff: Because the Robots have taken all the Steering Wheels.

Lily: Those robot freaks!

SpongeBob: Never Fear Mrs. Puff! We'll get those Steering Wheels back!

Lana: Those robots will be scrap iron by the time we're finished with them.

Spongebob: Mrs. Puff, after I get those steering wheels back, will I get my license?

Mrs. Puff: Nice try.

Nico: Can't blame a guy for trying. Lets go!

They went all over the city and they found bipedal robots and UFO shape robots.

They faced a UFO Robot.

SpongeBob: Somehow I don't think he needs a hand.

Patrick: It's kind of hypnotic.

Mindy (SB): Lets focus on the matter at hand.

Sandy: I'm getting dizzy just watchin'.

Nico fired an energy blast at the UFO robot and blew it apart.

Misty: That takes care of that robot.

Gali: You said it Misty.

Bai Tza: He deserved it.

Juvia: He sure did.

They continued searching all over the city. In the upper buildings of the city they found a robot throw a goo missile and it hit a fish and she went into a chimney.

Nico: Wow! Nice shot.

Juvia: That is a sick sight.

May: It sure was. I got this.

May fired a blast of ice fire and froze it in ice and it fell to the ground and shattered into a million pieces.

Nico: Nice work May.

May: Thanks Nico.

They completed the city and wiped out all the robots.

## Part 3: GOO LAGOON

French Narrator: Ah. Goo Lagoon, a sun-drench beach of sludge at the bottom of the sea. But all is not well here at paradise.

Varie and team were in Goo Lagoon and they saw a robot floating by an umbrella and he had a strange remote that made him control the weather. He pressed a button and a storm cloud appeared over a fish and struck him with lightning.

Lily: Wow!

Luna: Did you dudes see that!?

Gali: We sure did!

Nick: Lincoln would not like the sight of that.

Lori J.: No he would not.

SpongeBob: Rain, Rain go away!

Gali fired a powerful blast of water and destroyed the robot.

Gali: Take that robot!

Nokama: You got him Gali!

Nico: You said it!

They got to Goo Lagoon and it was a beautiful beach.

Nico: A Day at the beach and we didn't bring our beach gear or swim clothes.

Varie: We'll have plenty of time for fun at the beach later. Lets focus on the matter at hand.

Lily: Okay.

They continued on and found Larry the Lobster.

Larry: You can't spend a day at the beach without sunscreen. That sun is way too hot. That robot is out on the island. Nobody can get to him. Maybe you guys can use those sun reflectors to point the suns rays on that robot. If you hit one of the buttons on the side of a lifeguard tower, the reflector will turn. Connect all the towers and the light will shoot right out to the big reflector on the island. Then all you have to do is swim out to the island and turn the big reflector onto the robot. I'll stay here and protect the babes.

Maria R.: Good thing I'm a good swimmer.

Varie: Okay. Maria you swim out and destroy that robot. Seaspray you go with her.

Seaspray: You got it Varie.

Maria was in her mermaid form and she swam out to the island the sunscreen was on and destroyed the robot and she loaded all the sunscreen on Seaspray.

Maria R.: Can you handle all this weight Seaspray?

Seaspray: I may be a hovercraft but I can handle this amount of weight.

Maria R.: Okay.

After it was done all the people of the beach were happy to have their sunscreen back.

---

## Part 4: POSEIDOME

---

They were now in the Poseidome. Rumble, Lily, and Clayface and Varie were in the arena. They were standing before the Mighty King Neptune, God of the Seas.

Varie knelt before him.

Varie: My Lord Neptune. It's an honor to finally meet you my king.

King Neptune: Yes. Thank you Varie. I have brought you three here to face a great challenge.

Rumble: They don't call me Rumble for nothing.

Clayface: I may be made of pure clay but I'm ready for anything.

Varie: What is this great challenge you have for us my King?

King Neptune: My Poseidome has been BREACHED! By a mighty foe that you must vanquish.

Varie: Consider it done my King.

Clayface: Bring it on your majesty!

Rumble: BRING! IT! ON!

Lily: As my sister Lynn says. OH! IT IS ON!

Realistic Fish Head: IN THIS CORNER, DEFENDING THE POSEIDOME, BIKINI BOTTOM'S HERO OF THE SURFACE AND OCEAN, LILY LOUD!

Everybody cheered.

Realistic Fish Head: And her challenger…

A giant robotic version of Sandy came onto the arena.

Realisitic Fish Head: A Huge Murderous Robot shaped like a Squirrel!

Everyone booed.

Patrick: Look. It's a giraffe.

Nick: Patrick you dolt! That's a giant robot that looks like Sandy.

Sandy (sees her robot self): Why couldn't my robot self be normal size? It would've been more fair that way.

Maria R.: Evil never plays fair Sandy. (Hands her popcorn) Want some popcorn?

Sandy: Where did you get popcorn?

Maria R.: (Points to the right) Over there.

She pointed to a snack bar.

Sandy: Oh.

Lily: Bring it on you Metallic Overgrown Chipmunk! No offense Sandy!

Sandy: None Taken Lily.

Lily then snapped her fingers and she increased her size to the Robot Sandy's size. Lily then punched the robot in the helmet and kicked it in the chest.

Lily: Your turn Rumble.

Rumble: You got it Lily!

Rumble transformed. He was in his robot form and he punched and kicked the robot Sandy in the face and stomach.

Rumble: You're turn Varie!

Varie: Okay!

Varie went onto the Arena and fired a powerful blast of water at the robot and it started shorting out.

Varie: Now for the grand finale. Rumble, Clayface, combo time!

Clayface: You got it!

Rumble: Lets do it!

Rumble turned into a tank and Clayface formed his hand into a massive hammer.

Rumble and Clayface: LASER HAMMER PILEDRIVE!

Rumble fired a laser blast that merged with Clayface's hammer and Clayface slammed the hammer into the Robot Sandy and smashed it apart into a million pieces.

King Neptune: (LAUGHS) Well done! That was quite a battle!

Varie: Thank you your highness.

They succeeded.

## Part 5: ROBOTS IN THE TREEDOME

The robots were invading Sandy's treedome.

Trailbreaker: You robots have until the count of 10 to get out of Sandy's treedome!

Varie: These robots are stubborn.

Girl Jordan: Lets blast them!

Nick fired globs of acidic slime and melted them and Lori fired blasts of pure fire and incinerated them.

Lori J.: No one messes with our friends homes and lives to tell about it.

Nick: You know it Lori.

They got rid of all the robots and patched up the dome.

## Part 6: ROCK BOTTOM

French Narrator: Welcome to the dark depths of Rock Bottom. Home of strange creatures and souvenir t-shirts.

The Neptune Crusaders were in the darkness of the town of Rock Bottom. Rock Bottom is a town encroached in total darkness and it is inhabited by all kinds of strange creatures.

Varie: Boy it sure is dark down here.

Lily: It's almost to the point where we can't see anything in front of our faces.

Lana: Lucy would love being down here in this kind of darkness.

Luna: She sure would dudes.

Gali: This place sure is creepy.

They saw a robot that was sleeping. It was snoring. They saw a creature poke it and it woke up MADDER THAN A SWARM OF ANGRY HORNETS! It fired a laser from its face and burned the creature and sent it flying.

Varie: Wow!

Lana: That is one cranky robot when it's disturbed.

Lily: No kidding.

Spongebob: Time for a little sleepy sneak.

Nick fired a glob of acid slime and melted it.

Nick: He can now Rest In Pieces.

They laughed.

Yolei was riding on Groove in his Motorcycle form.

Yolei: This place is really scary. And it's really cold down here.

Groove: I know it's cold Yolei but we'll get through this. By the way Yolei, how did you become a Digidestined with Nico?

Nico heard him say that and he had a guilty look all of a sudden.

Yolei: Groove please. I'm sorry I didn't tell you this, but during one of our adventures Nico accidentally killed Ken Ichijouji and it devastated him.

Groove: Oh no. Nico, I'm so sorry. I had no idea you were going through so much pain.

Nico: It's okay Groove. You didn't know.

Varie: He's had a very traumatic experience back then and it permanently scarred him for life.

May: Yeah. It was awful. He told me so himself.

Suddenly they smelled something really foul and horrible.

Nico: (Sniffs) Oh what the heck is that smell!?

Luna: Lans was that you dude!?

Lana: It wasn't me! If it was I would know.

Misty: I know this kind of smell. It smells like sludge.

Then a living pile of sludge came out. It was really a Muk.

Misty: I knew it! It's a Muk.

Nico: A Muk. I knew it was a Pokemon like that. But I didn't know they can live underwater at this depth. But it'll be perfect for me.

Nico fired a blast of lightning and electrocuted it and weakened it. Nico threw a pokeball and caught the Muk.

Nico: YES!

Varie: You caught a Muk! Way to go Nico!

May: That was awesome!

Groove: You sure did great.

Yolei: It may not be a good smelling Pokemon but it's great.

Nico: Thanks Yolei. Misty how did you know what Muk smelled like?

Misty: Me, Ash and Brock encountered a bunch of Grimer and Muk in a town called Gringey City. It was a depressing place where the ocean and air is polluted. The Grimer blocked the seawater intake valve to the Hydroelectric power plant and cut off all the power to the city. We stopped them with the help of Magnemite and Magneton.

Nico: Wow! That's interesting.

Misty: It was not one of our most pleasant adventures that's for sure.

Lily: I'm sure J.D. would say it would smell worse than puke.

They laughed.

Carol: Knowing J.D. you would be right.

They continued on and they ran into Mrs. Puff and she was distress. She told them that the robots have stolen some paintings from the Rock Bottom Museum and they need to be retrieved.

Yolei: Don't worry, Mrs. Puff. We'll make sure to get that artwork back!

They searched all over the town and found it and returned it to Mrs. Puff.

## Part 7: MERMALAIR

At the Shady Shoals' Retirement Home the Neptune Crusaders went into the beginning part of the entrance into the Mermalair.

They leapt over all kinds of obstacles and they encountered a robot in a cowboy suit and he had a doghouse and the robot dogs he has explodes.

Gali: That is an inhumane robot.

Patrick: Here doggy doggy.

Cody kicked it and reduced it to scrap.

Varie: Nice work Cody.

Armadillomon: Yeah that was really well done.

Cody H.: Thanks guys.

They then arrived at the Mermalair.

French Narrator: The Mermalair, secret fortress of the wrinkly superheroes Mermaidman and Barnacleboy.

Barnacleboy: Welcome to the Mermalair, guys! Hope you like it.

Varie: This is so awesome!

SpongeBob: This is the lair of our favorite heroes guys.

Lily: I remember that Mr. SquarePants. Your heroes are legends here in the ocean and on land.

They got to work and fixed up the Mermalair and in a secret room they encountered the enemy of Mermaidman and Barnacleboy: PRAWN!

SpongeBob: Oh no! Prawn!

First Aid: Lets get him!

Kari: You got it First Aid. (ECHOING) DIGI-ARMOR ENERGIZE!

Gatomon: Gatomon Armor Digivolve too…

She turned into Nefertimon.

Nefertimon: (Echoing) NEFERTIMON, THE ANGEL OF LIGHT!

Prawn: You think I'm afraid of you stupid idiots!

Varie: Who are you calling an idiot you shrimp!?

Lily: You make me sick Prawn!

Nefertimon: He would not make a good snack for me.

Gali: No he wouldn't.

Nefertimon: Lets get him. (Echoing) ROSETTA STONE!

Nefertimon fired a pink light beam from her back and out came a stone tablet and it hit Prawn and knocked out some of his teeth.

First Aid fired some missiles and they hit him and exploded.

Kari: Lets finish him with our combo.

Nefertimon: You got it Kari.

First Aid: This is gonna be fun.

First Aid fired a laser from his gun.

Nefertimon: (Echoing) CATS EYE BEAM!

Nefertimon and First Aid: SPHINX FIRESTORM LASER!

The blasts combined and hit Prawn and badly hurt him and destroyed his clothes and weapons.

Lana walked up to him and grabbed him.

Lana: I'm hungry for some shrimp.

Lana picked him up and much to their disgust she ate him in one bite.

Everyone: EW!

Nico: Lana ate him whole!

Luna: I've seen Lana eat some gross things but that one takes the cake dudes.

Lana: (Munching) (Gulp) Mmm. Delicious. Tastes better than the pudding we eat at Aunt Ruth's.

May then turned green around the gills and she went to a wastebasket and hurled her guts out. Nico went over to her and pat her back.

Varie: Lana you are a silly and very interesting girl.

Later they left the Mermalair.

---

## Part 8: SAND MOUNTAIN

---

French Narrator: Sand Mountain, where sea creatures go to enjoy an afternoon of falling down.

They arrived at an awesome ski resort on Sand Mountain and they saw Squidward there.

SpongeBob: Squidward, am I glad you're here! I need to borrow your toothbrush again.

Squidward: What!? You've used it before?

SpongeBob: Oh yeah, lots of times. I figured if you didn't know, you wouldn't mind.

Squidward: Fine. What do I care. I'm a wreck anyways.

Lily: You're always a wreck because you're a loser that hates SpongeBob, Patrick and everyone else.

Squidward: Oh you just had to bring that up! How can I ski with those ugly things beating everyone up? Listen, you guys have to help me. I'm going to lose my marbles if I don't get some relaxation.

Nico (sighs): Alright. Since you asked nicely.

Lily: Don't mind him Nico he's always like that.

They got to work and cleaned up the ski slopes and got rid of all the robots and destroyed them. Along the way Nico found a Dewgong and he caught it.

They left the slopes.

---

## Part 9: INDUSTRIAL PARK

---

In the Industrial Park they saw a huge robot that looked like Patrick and it had an ice cream cone made of radioactive slime. It was chasing Squidward.

They saw the robot blow freeze breath and it froze Squidward in a block of ice.

Sandy: Wow that robot looks like Patrick and it's breath seems just as bad.

SpongeBob: This day doesn't seem to be getting any better.

Hot Spot: We need to destroy this robot. Ready Davis?

Davis: You got it Hot Spot! Lets go Veemon! (Echoing) DIGI-ARMOR ENERGIZE!

He activated the Digiegg of Friendship.

Veemon: Veemon Armor Digivolve to…

Veemon became Raidramon.

Raidramon: (Echoing) RAIDRAMON, THE STORM OF FRIENDSHIP!

Irma fired a powerful blast of water at the Patrick Robot and it destroyed his Radioactive Ice Cream.

Raidramon: I'll hit him first. (Echoing) THUNDER BLAST!

Raidramon fired lightning from his lightning bolt shaped spines on his back and formed them into a ball and fired it at the Patrick Robot and electrocuted it.

Hot Spot: My turn.

Hot Spot fired a powerful blast of water from his firehose in his vehicle mode.

Hot Spot: Time to finish him with a combo.

Davis: You got it. Lets go Raidramon!

Raidramon: You got it Davis.

Hot Spot fired a water blast.

Raidramon: (Echoing) ELECTRIC BITE!

Raidramon fired a blast of lightning from his mouth.

Raidramon and Hot Spot: STORM SURGE LIGHTNING TSUNAMI!

The water and lightning combined and formed an electrified wave of water and destroyed the Patrick Robot.

Varie: That did it!

Nico thawed out Squidward.

Squidward: Thanks for saving me, guys. I'd never thought of this, Spongebob, but I owe you big time.

Irma: We'll figure out how you can repay us later.

Varie: Right now we still have robots to destroy.

## Part 10: THE KRUSTY KRAB'S

They went further into town and they saw The Chum Bucket rebuilt! But there was something different about it.

Varie: That's the Chum Bucket!

Lily: Wait this one is different. The Chum Bucket Mega Bucket?

SpongeBob: Sounds familiar. Plankton tried to turn Goo Lagoon into the Chum Bucket Mega Bucket and he used me to clear everyone away so he can build it.

Lana: That is sick.

Gali: Plankton is a true honorless slimeball.

They then heard Mr. Krabs crying and went over.

Spongebob: What's wrong, Mr. Krabs? You don't look so good?

Mr. Krabs: You've all gotta help me! The Krusty Krab's have been overrun by a bunch of them Hoodlum Robots of yers. They've booted me out. And worse, they've got all me beautiful money!

T.K.: Not on our watch!

Varie: Lets get those robots!

They went into the Krusty Krab original and they saw that the robots were everywhere in the restaurant.

T.K.: Time for some action. (Echoing) DIGI-ARMOR ENERGIZE!

T.K. activated the Digiegg of Hope!

Patamon: Patamon Armor Digivolve to…

Patamon became Pegasusmon.

Pegasusmon: (Echoing) PEGASUSMON, FLYING HOPE!

Blades: Lets get them T.K.

T.K.: You got it Blades.

Pegasusmon: (Echoing) EQUUS BEAM!

Pegasusmon fired a triangular energy beam from its forehead and blew some of the robots to dust. Blades slashed them apart with his swords and techniques.

Blades: Time to finish them with our combo.

Pegasusmon: You got it! (Echoing) STAR SHOWER!

Pegasusmon fired numerous shooting stars from his wings and Blades threw his helicopter swords.

Pegasusmon and Blades: STARSTORM SWORD SLASH!

The techniques combined and slashed all the robots and Duplicatotrons to pieces.

Nico: That's that.

Lily: Yep.

Irma: These robots just keep on coming. The sooner we get to the Mega Chum Bucket the better.

## Part 11: THE KELP FOREST.

French Narrator: Here we are in the Kelp Forest. An interesting area with many sights to see. Although they don't get hopelessly lost first.

They ran into Mrs. Puff again.

Mrs. Puff: Thank goodness you're all here.

Lana: What's wrong this time Mrs. Puff?

Mrs. Puff: These robots showed up and scared all the campers off into the forest. Before the Ranger arrives, someone needs to go out and find them!

Lana: Good thing I'm a Bluebell scout!

Lily: This'll be the perfect opportunity to put everything you and Lola learned at Bluebell Scout Camp to the test.

Lana: Yep.

They got to work and found all the campers. They ran into a robot that was three robots stacked onto each other floating with inflatable pool toys.

SpongeBob: Terror in triplicate!

They destroyed the robots and rescued all the campers.

Streetwise and Cody were having a nice talk about what his life was before he became a Digidestined. His father died somehow. But he never let that get him down.

Davis and Hot Spot had the same talk and so did T.K. & Blades and Kari & First Aid.

---

## Part 12: FLYING DUTCHMAN'S GRAVEYARD

---

French Narrator: The Graveyard of Ships, somewhere among this haunted mess a fearsome specter waits.

They were walking through the graveyard and they were shivering with fright.

Varie: Wow. This place really gives me the creeps.

Irma: This place is terrifying.

SpongeBob: This place is home to the Flying Dutchman.

Patrick: Oh yeah.

They walked and saw The Flying Dutchman.

Flying Dutchman: (Yawns) Oh yes. WHO DARES DISTURB THE FLYING DUTCHMAN!?

Varie: We are the Neptune Crusaders. An elite underwater fighting team that works for Team Loud Phoenix Storm.

Flying Dutchman: Look guys I'm too nervous right now to scare the crud out of you.

Nico: Why are you scared of us.

Flying Dutchman: It's these darn robots. They've thrown me off my own ship, they have. Bein' throwin off yer own ship is like having your plants pulled down in front of casual acquaintances! It's a sad, sad thing. Now those robots have got their own pirate ship, and they're blasting away at each other.

Spongebob: Is there anything I can do to make you feel better?

Flying Dutchman: Well now that you mention it. Get up to my ship and use the cannons to single-handedley defeat the robot ship. Any questions?

Broadside: Do you know that we're going to permanently end you if you decide to double cross us?

Flying Dutchman: No.

Varie: We're going to destroy you and rid the world of you.

The Flying Dutchman was trembling in fear. Along the way they saw a robot that blows bubbles made of oil and is protected by a barrier of pure oil. They destroyed all the robots and got the Flying Dutchman's Ship back and they got his booty as a reward.

## Part 13: THE DREAM WORLD

French Narrator: With Sleep come dreams. What mischief can be found in this somnambulant realm?

The Dream World was an amazing and beautiful and truly unusual place.

Maria: Looks like we're in the dream world again.

Lana: We sure are.

They went into everyones dreams and saw some silly dreams of everyone in Bikini Bottom and it was funny. (Think of the Dreams SpongeBob visited in the episode Sleepy Time)

## FINALE: THE MEGA CHUM BUCKET

Nico: Time to put an end to this for good.

Varie: Lets get him.

They went into Plankton's laboratory and they saw a ROBO-PLANKTON! They also saw the main Duplicatotron!

Varie: Oh my word! Plankton is now a robot himself! And he's using a Dark Orb to power himself!

Nico (sees the Dark Orb in Robo Plankton's possession): So that's how Robo Plankton is operational. The Dark Orb must've brought him to life and made hm as smart as the original Plankton!

Robo-Plankton: (Robotic Voice) That's right and now I will kill every single one of you and your puny friends. They will all be obliterated and sent to the darkness of the inferno for all time.

Lana: You will do nothing like that you wretched Malignant Mechanical DEMON!

Robo-Plankton: I will and you won't stop me because I have him.

They then saw an evil robot Spongebob come out!

SpongeBob: It's a robot me!

Squidward: This is why I will always hate you Spongebob.

Lana: Shut up Stupid Squidward!

Nico: Robo-Plankton, you have failed this city!

Hot Spot: Protectobots, let's merge into Defensor and teach that Robot Spongebob a lesson!

The Protectobots merged into Defensor!

Defensor (to Robo Spongebob): You definitely won't be ready for this! (fires fireball cannon at him)

The fireballs burned the Bobo Spongebob. He blasted and punched the Robot Spongebob until it was reduced to Scrap metal.

Lily: You are next Robo-Plankton.

Lily, SpongeBob, Patrick and Sandy were facing the Robo-Plankton.

Robo-Plankton: I will destroy you and reduce you to ash.

Lily: Not if I kill you first.

The Protectocons separated.

Yolei: Lets get him Hawkmon! (Echoing) Digi-Armor Energize!

Yolei activated the Digi-egg of Sincerity.

Hawkmon (Yolei): Hawkmon Armor Digivolve to…

He turned into Shurimon!

Shurimon: SHURIMON, THE SAMURAI OF SINCERITY!

Cody H.: (Echoing) DIGI-ARMOR ENERGIZE!

Cody activated the Digi-Egg of Reliability.

Armadillomon: Armadillomon Armor Digivolve to…

He turned into Submarimon.

Submarimon: SUBMARIMON, RELIABLE GUARDIAN OF THE SEAS!

Lily: Lets get him guys!

They all went at him and Robo-Plankton fired his ion laser blaster machine at them and they dodged his attacks.

Submarimon: (Echoing) OXYGEN TORPEDO!

Submarimon fired torpedoes made of pure oxygen at the Robo-Plankton and they exploded when they hit him.

Shurimon: (Echoing) DOUBLE STARS!

Shurimon threw his star hand and they hit him and blew his laser gun apart.

Groove: Lets get him with our combos.

Shurimon: You got it. (Echoing) DOUBLE STARS!

Shurimon threw his huge shuriken and Groove fired a powerful laser.

Groove and Shurimon: LASER SHURIKEN DEATHSTAR!

The lasers merged with the giant Shuriken and it slashed one of Robo-Plankton's rockets on his machine.

Streetwise: Time for our combo Submarimon!

Submarimon: You got it Streetwise. (Echoing) OXYGEN TORPEDO!

Streetwise fired missiles.

Streetwise and Submarimon: OXYGEN MISSILESTORM BARRAGE!

The Oxygen and Missiles completely destroyed the Duplicatotron machine and reduced it to scrap.

SpongeBob: Lets finish it with our Final Smashes.

Lily: You got it Mr. SquarePants. You go first sir.

SpongeBob: Thank you kindly. KRABBY PATTY BOMB!

SpongeBob made an explosive Krabby Patty with Combustible Cooking Oil, Fire Algae Paste and Extra Spicy Coral Dust and Disulfide. He threw it at the Robot Plankton and it exploded with a lot of power.

KRABOOOMMM!

Lily: Wow! Must be Explosive Patty Wednesday.

SpongeBob: It is.

Patrick: My turn. FILTH BOMB SLUDGE!

Patrick threw a bomb made of filth and it exploded on the Robot Plankton.

KRASPLAT!

Lily: Now it's my turn.

But just as Lily was about to strike with her Final Smash a glowing ball of light appeared out of nowhere and Lily had a vision. She saw a Transformer unlike anything she had ever saw before.

Lily: Whoa! Who are you?

Vector Prime: I am Vector Prime, Guardian of all Time. Lily, I have watched you and your friends help Optimus Prime and Optimus Primal fight Megatron and Galvatron and you all have my debt of gratitude for a great job. And for that I am truly grateful. Just remember I will always be watching you throughout all time and now I have a gift.

Lily reached into the orb and she pulled out a sword with an amazing blue blade and a magenta hilt.

Lily: Wow!

Nico: (Gasp) That sword! That sword is Vector Prime's Time Sword!

Varie: Wow! It's power is incredible!

Gali: I didn't know a sword like that even existed.

Robo-Plankton: No matter what weapon you have it won't matter when I kill you.

Lily: I'm gonna make you eat those words Robo-Plankton! Here's my new Final Smash! TIME SWORD SLASH!

She charged and with one fast moving slash that was faster than a bullet fired from a gun she slashed Robot Plankton in half right down the middle and he exploded into a flaming pile of scrap metal. But then an alarm sounded.

Lily: Uh oh!

Computer: SELF DESTRUCT SEQUENCE ACTIVATED. 10

SECONDS TILL DETONATION!

Varie: Time to go!

They ran fast and the entire place exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole restaurant was now a flaming pile of rubble and the Chum Bucket was now completely destroyed. This time forever.

Nico: Sheldon J. Plankton, you have failed the entirety of the ocean.

Varie: He sure has. But we saved all of Bikini Bottom.

The crisis with the robots is over.

SpongeBob: (To The Viewers) Remember this folks, never build robots for the purpose of world domination or else we will stop you.

They went back home to the estate and reported everything to us. We were so proud of them.

THE END

Another Fanfiction Complete

SpongeBob SquarePants Battle For Bikini Bottom is one of my favorite games for Playstation 2 and it was so funny and awesome! NicoChan11 gave me the ideas for this one. Let Me know what you all think.

See you all next time.

# Dethroning the Queen of Hearts

It starts at the estate. We were watching TV and reading books. The doorbell rang and Ash got it.

Gary: Hey, Ash! Nice to see you again!

Ash (smiles): Gary! How'd you find us?

Gary (gestures to Gray awkwardly): Well, this streaking guy found me. He must be one of your new friends.

Megan: Gray found you? While streaking?

Cornelia: Gary, we'll let you catch up with Ash. Me, Megan, Sonia, and Nancy need to have a long talk with Gray!

Ash: Okay Cornelia.

Gary and his fans came in.

Me: Gary Oak. It's a pleasure to meet you. Ash told us that you had a fierce rivalry with him.

Gary: It's truly an honor to meet you J.D. Yeah we have a big rivalry.

Me: We have a lot to tell you about what was happening.

While we were talking to Gary, Cornelia, Megan, Sonia and Nancy were talking to Gray.

Megan: Gray, you can't just run around publicly in your underwear!

Gray: Oh, c'mon! Most people don't mind back in Fiore.

Cornelia: Well, this isn't Fiore. This is Earth! And we have rules here on this planet that everyone has to follow whether they like it or not.

Sonia: Gray, going out in your underwear regularly could get you arrested!

Nancy: Why do you think me and Sonia wear leotards under our clothes for whenever we transform?

Nicole and the Anti-Pervert Patrol came to them.

Nicole: That's right Gray. We are also enforcing the safety and dignity of all women everywhere. We deal with perverts on a regular basis and look where they end up.

Nicole handed him photos of their work in dealing with perverts and it showed Jiraiya in a full body cast, Kakashi with a broken leg, broken arm, a black eye and bite marks and Ebisu had his arms and legs wrapped in casts and he had bruises all over his body.

Nicole: This is your fate if you ever show any perverted antics in the estate or anywhere else.

Nicole made the finger gesture that said "We're watching you." And Gray knew she wasn't bluffing. So he had better watch out.

Back in the estate, we were having a nice talk with Gary.

Gary: So Paul and Team Rocket are dead?

Me: Yep. Paul was killed by the rest of the Sinister 6 and we killed all of Team Rocket except for Jessie, James and Meowth. They were fired from Team Rocket and no villain would take them.

Nokama: I hope you're ok with that.

Gary: Of course I am! Even I wasn't abusive to my Pokemon in my early Trainer days like Paul was. And hiring Electro, Hydro Man, Mysterio, and Vulture was sinking to a new low. As for Team Rocket, they've menaced the Pokemon world for a long time. I'm just glad James, Jessie, and Meowth changed their ways. To be honest, they weren't villain material.

Gary's fans: GARY! GARY! HE'S THE MAN! IF HE CAN'T DO IT NO ONE CAN!

Me: Are they your fansquad?

Gary: They are fans.

Me: And I thought that Sasuke had it rough. He had lots of fans following him around when he started out in the academy.

Sasuke walked by me.

Sasuke: Don't remind me J.D. Those girls always chased me and wanted to take me to their homes and rape me.

Gary: Man that is really rough!

Me: Tell me about it. You girls wouldn't do that to Gary would you?

Gary's Fans: NO WAY!

Me: Well that's a relief.

Later we conducted an experiment with Rachel volunteering.

Me: Okay now. Rachel you are able to transform into Pokemon, Animals and Digimon. But one question is still left unanswered: Can you all transform into Silicon-Based lifeforms like Diamondhead?

Rachel (Animorphs): Lets find out.

Me: Okay. Here goes.

I turned into Diamondhead.

Diamondhead: Okay Rachel. You know what to do.

Rachel (Animorphs): Okay.

She touched me as Diamondhead.

Rachel (Animorphs): Okay here we go.

Rachel clutched her stomach in pain as her blonde hair fell out.

Rachel: I lost my hair already?!

Rachel's muscles increased as her body expanded, ripping apart her green summershirt, black shorts, and flip flops apart. Her skin became durable pale green crystals. Her back gained four crystal shards and her head turned sharp. Finally, her eyes turned yellow as she completed her transformation into a Diamondhead. She was still wearing her black leotard.

Ben: You look awesome as Diamondhead, Rachel!

I reverted back.

Me: It works!

Rachel reverted back.

Rachel (Animorphs) (eyes turn blue): I'm sorry if my transformations aren't like yours, Ben.

Rachel's head regained its original shape as her 4 crystal shards receded into her back. Her skin reverted back to normal as her muscles decreased and her body shrank to its normal size. Finally, her blonde hair sprouted out of her bald head. Gwen gave Rachel a hug as the latter became human again.

Gwen (rubs Rachel's back as she moans in agony): Did you enjoy being one of Ben's aliens?

Rachel (Animorphs): I sure did. It was really cool.

Me: I'm glad. This experiment was a success.

Lisa: Indeed it was.

---

Later we were watching one of my favorite childhood movies: Alice In Wonderland. We saw Alice lost in the Tulgey Wood and then we saw her cry. It made our hearts hurt. But then we saw Alice in the court of the tyrannical Queen of Hearts and when the Cheshire Cat called her a Fat, Pompous, Bad-Tempered Old Tyrant she yelled "OFF WITH HER HEAD!" and they were gonna kill her by chopping her head off. In my opinion, getting your head cut off is considered to be the worst form of execution because of all the blood and gore.

But when Alice got to the door, she saw that she was asleep and it was all a dream that quickly turned into a nightmare in the end.

Me: That Queen of Hearts is a malevolent beast!

Lola: You said it J.D.

Jessie: Here's lunch guys.

Jessie made us noodles.

Me: Thanks Jessie.

Ash: (Skeptical) Are you sure this is not blazing hot like you guys did last time?

Me: What do you mean Ash?

Misty: After Ash won the Pokemon League at the Indigo Plateau, Jessie, James and Meowth spiked our food with nuclear spicy sauce.

Me: Wow!

Jessie: It's actually just for J.D. The rest is not spiked.

Me: I do like nuclear hot spicy food. But lets go outside and eat just to be safe.

Lori: Good idea J.D.

We did so and I take a bite of the noodles and it was tasty and then suddenly I had an aura of pure fire exploded out of me and my power got incredibly strong and powerful.

Me: Wow! What spice and power!

Lori: That literally must be so delicious.

Everyone took a bite and it was all good food. Lori then suddenly have a blast of fire explode out of her nose.

Meowth: Whoops! My noodles I gave to Lori had my special super spicy Wasabi sauce.

Lori: Mmm. It's literally tasty.

Me: Well now that we have had lunch what do you say we head into the Simulator and make the Queen of Hearts pay for everything she has done?

Madness Returns Alice: (British Accent) Count me in.

Lola: Lets dethrone that tyrant!

Naruto: And this time it's gonna be her head that will roll.

Carnage: You said it Naruto!

Me: Lets do it. Get Ready Queen of Hearts, we're coming for you!

---

In the Simulator we were ready. The Simulator activated and we were in Alice in Wonderland.

Me: Wow! It's just as amazing as I remember.

Lola: It sure is breathtaking.

Blackarachnia: It sure is an amazing place.

Scorponok: I would call a place like this home.

Sora: Its been a long time since we were here.

Me: It sure was. It makes me feel like a little kid again.

Lily: It sure does.

Suddenly something flew past me. We saw a little fairy Pokemon.

Nico: Oh wow! It's a Celebi!

Me: The Time-Travel Pokemon? That is so cool!

Ash: Oh wow! We encountered a boy that met a Celebi and he was from 40 years ago.

Me: Wow! That is an intense adventure. We are no strangers to Time Travel Ash. We went 9,000 years into the future and we were known as The Brave 12.

Misty: Oh wow! I read that book and you guys were amazing!

Me: It was one of the greatest adventures we ever had. Celebi is perfect for me.

I threw a Pokeball and caught it.

Me: Nice!

Nico: You're getting to become a great Pokemon trainer J.D.

Me: Thanks man. But I still have a long way to go before I catch up to Ash.

Ash: You can do it J.D.

Me: Thanks.

Then a Cloyster came out.

Nico: A Cloyster.

Me: Go for it Nico!

Nico: You got it!

Nico threw a Pokeball and he caught it.

We continued and we came across a kingdom and it was the Kingdom of The Queen of Hearts.

Me: It's the Kingdom of The Queen of Hearts.

Madness Returns Alice: It's not like the one that I know.

Laney: It sure is an interesting place.

Lana: And I like playing cards.

Me: Lets check it out.

We go into the kingdom and when we got to the courthouse we saw Alice on trial.

Me: It's Alice and she's on trial. Lets go!

We charged in.

Me: This court is adjourned!

Alice saw us.

Alice (Disney): Sora! It's good to see you again!

Sora: Hey, Alice! Sorry we didn't get a chance to talk much before.

Me: It's a pleasure to finally meet you Alice. We are Team Loud Phoenix Storm.

Alice (Disney): You all killed Xehanort.

Me: That's right.

Riku: Listen, Alice. I'm extremely sorry about helping Maleficent kidnap you. She actually manipulated me into doing her dirty work. So… no hard feelings?

Alice (Disney): No hard feelings.

Me: I'm glad things have been settled.

Alice (Disney): I can't believe we both look alike.

Madness Returns Alice: I know, right? It's like we're sisters!

Me: It sure looks like it.

Queen of Hearts (to Sora): Hello, Keyblade Master. It's been a long time. How've you been? Oh, wait. Don't answer that. I don't really care. You really have a lot of nerve showing your face here after how you humiliated me in front of the entire Wonderland population!

Sora: Don't underestimate me! I'm not the rookie Keyblade Master you first met anymore!

Me: That's right Queen of Hearts.

Sakura: You will never terrorize this land again.

Fu: This time we're gonna destroy you.

Nico: Queen of Hearts, you have failed this Kingdom!

Me: And she has failed everyone. Lets power up!

We did so.

Suddenly Alice was enveloped in a white light and she had a Lady Luck Keyblade and the Cheshire Cat was beside her.

Me: Alice you're now a Keyblader!

Alice (Disney): I sure am.

Aqua: We can teach you all we know later.

Scorponok: Lets destroy this queen and make sure she never rules this land again. Scorponok TERRORIZE!

Blackarachnia: Blackarachnia TERRORIZE!

Terrorsaur: Terrorsaur TERRORIZE!

Waspinator: Waspinator TERRORIZE!

Transquito: Transquito TERRORIZE!

Inferno (BW): Inferno TERRORIZE!

They transformed and the Predaking Predacons transformed.

Queen of Hearts: I have prepared for this.

The Queen of Hearts had a Dark Orb and she fired a blast of lightning that turned all her card soldiers into Heartless.

Me: She turned all her soldiers into Heartless!

Kairi: What a monster!

Me: Lets get them!

We went at them and it erupted into a massive battle. Numerous Heartless were being destroyed and we were getting stronger and stronger at an accelerated rate.

Razorclaw: Time for some combos.

Sora: You got it Razorclaw.

Razorclaw turned into his lion form and Sora fired a powerful blast of fire.

Razorclaw and Sora: FIRELION FIRESTORM SLASH!

The fire covered Razorclaw and turned it into a Lion of pure fire and it slashed numerous Heartless.

Terra (KH): Now it's our turn Rampage!

Rampage: You got it Terra!

Rampage turned into a tiger and Terra fired a blast of lightning.

Terra and Rampage: LIGHTNING TIGER SLASHSTORM!

The lightning covered Rampage and turned him into a tiger of pure lightning.

Tantrum: Time for our combo Aqua!

Aqua: You got it Tantrum.

Tantrum turned into a bull and Aqua fired a powerful blast of ice.

Tantrum and Aqua: BLIZZARD BULL RAMPAGE!

The ice covered Tantrum and he became a bull of ice and smashed into some Heartless.

Divebomb: Our turn.

Ventus: You got it Divebomb!

Divebomb turned into an eagle and Ventus fired a blast of wind.

Divebomb and Ventus: HURRICANE EAGLE FLOCK!

The wind enveloped Divebomb and turned him into a deadly flock of powerful eagles made of pure wind. They flew at the Heartless and slashed them apart.

Nokama: Lets do this!

Blaster: Right!

Blaster fired missiles and Nokama fired blasts of water.

Nokama and Blaster: MAELSTROM MISSILE DELUGE!

The missiles and water blew some of the Heartless apart.

Riku: Our turn Ratbat!

Riku fired blasts of darkfire and Ratbat turned into a bat.

Riku: DARKFIRE BAT COLONY!

The fored merged with Ratbat and turned him into amhuge bat colony and they burned most of the Heartless.

Lea: Our turn!

Headstrong: You got it Lea!

Lea fired a blast of fire and Headstrong charged.

Lea and Headstrong: INFERNO RHINOCEROS CHARGE!

The fire covered Headstrong and he became a fire rhinoceros and burned the remaining Heartless.

We stood ready to face the Queen.

Me: Now you are next.

Queen of Heart: Oh I'm just getting warmed up. It's time to bring out the big guns.

The Queen of Hearts summoned a Trickmaster Heartless!

Me: A Trickmaster!

Razorclaw: Predacons, let's merge into Predaking and destroy the Trickmaster!

They did so and became the Predaking!

Predaking (zaps Trickmaster with X-ray laser cannon): Stupid Heartless!

Me: You hold him off Predaking. We're going for the Queen.

Naruto became Carnage!

Me: Your reign of terror is over Queen.

I fired an energy blast and it hit her throne and blew the Dark Orb out of her hand and I caught it. I crush it with my bare hands and we got an incredible power boost.

Me: Now to dethrone you. Final Smash time!

Alice (Disney): You got it! ROYAL FLUSH SPADE STORM!

Alice fired numerous spades and slashed the Queen in numerous places.

Madness Returns Alice: My turn! LIDDELL AVENGER STRAIGHT STORM!

Madness Returns Alice fired a stream of Hearts, Diamonds, Clubs and Spades and they exploded when they hit her and she was a badly beaten up mess.

Carnage walked up to the queen.

Carnage (to Queen of Hearts): What do you always say to people? Oh yeah. (forms axe) OFF WITH YOUR HEAD!

Carnage slashed off the Queens head and the Queen of Hearts, the terror of Wonderland was killed.

Me: The Queen has been dethroned.

Sakura: Good riddance.

Rachel S.D.: You said it Sakura. The world will never welcome tyrants like her ever.

Alice (Disney): Yes.

Then out came another Cloyster.

Me: Hey it's another Cloyster.

Alice (Disney): That's right. He's my friend and we met when I came here and was captured by the Queen's guard.

Nico: I think he's a perfect Pokemon for you Alice.

Nico handed her a Pokeball.

Nico: You should have the honor of keeping it. I already got one.

Alice (Disney): Thanks Nico.

She caught it.

Nathan: Her very first Pokemon.

Nick: But it won't be her last.

Me: There's 800+ species of Pokemon out there and we've only begun to scratch the surface of how many Pokemon there are out there.

Lincoln: That is amazing! I can't believe there are that many Pokemon.

Laney: Me neither.

Lana: It's awesome!

Alice (Disney): (To the Viewers) Tyranny never stands a chance as long as Team Loud Phoenix Storm is on the job.

We added Wonderland to the orbit of the Land of Departure and exited the Simulator. Alice is now a member of Team Light Key.

Another Fanfiction Complete.

Alice In Wonderland has always been one of my favorite Disney Movies ever since I was a little kid and it was an awesome movie. It was so cool! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# The Queen from The Moon's Dark Side

It starts with Nico, May, William and Maria walking to the Burpin' Burger.

Nico: I hope nothing ruins this day today.

May: Nothing ever ruins a day other than fighting crime.

Suddenly an explosion blew a hole in the bank as they walked up to it.

Nico: Uh oh! Looks like we got a 2-11 in progress!

May: Lets get them!

They went to the bank and saw some bank robbers with huge bags full of money.

Bank Robber 1: (Evil Laughter) Thanks for the loot suckers!

Nico: (Offscreen) You Bank robbers have failed this city!

Nico swooped in and punched the robber.

Bank Robber 2: It's Nico! Kill him!

The other 5 Bank Robbers fired their machine guns and Nico grabbed all their bullets with lightning fast reflexes out of the air faster than the bullets flew until they ran out of ammo.

Nico dropped the slugs.

Nico: I believe these are yours.

May kicked the 2nd robber in the face and slammed an ice rod into his head.

May: Some scum just can't take a hint.

William: No they won't.

?: And they never will.

Suddenly they saw a girl swoop in out of nowhere and as she was flying she had a stream of rainbow light appear out of her back. She punched the 3rd robber in the face and knocked out some of his teeth.

Nico: Wow!

They saw Lightspeed, a member of the youngest superhero team in history: Power Pack.

They also saw her brothers and sister, Zero-G, Mass Master and Energizer.

Nico: Oh wow! The Power Pack!

May: They are just kids.

William: They sure are good though.

Maria R.: They sure are.

Zero-G knocked out the 4th robber with his gravity powers and Energizer and Mass Master knocked out robbers 5 and 6. Energizer blasted the 5th robber with an energy blast that sent him crashing into the wall and Mass Master knocked out the 6th robber with a belly flop.

May: That was so awesome!

Nico: It sure was.

Everyone cheered for all 8 of them. Nico, May, William and Maria included.

Nico: Thanks for helping us.

Zero-G: No problem Nico. It's an honor to meet the members of Team Loud Phoenix Storm.

Nico: Same here. We were on our way over to the Burpin' Burger for a quick lunch. Want to join us?

Lightspeed: Sure!

Energizer: We would like that!

Mass Master: Oh boy!

They continued on to the Burpin Burger.

---

They walked into the restaurant and they saw Vince working at the grill.

Vince: Hey Nico.

Nico: Hey Vince. We just stopped a bunch of bank robbers and we got some help from the Power Pack here.

Lightspeed: Pleasure to meet you.

Vince: Same here. Your usual?

Nico: You know it Vince. (Hands him money)

Vince: Coming right up.

They sat at a table.

After their food came they got to eating.

Nico: You 4 were awesome! Thanks for helping us.

Zero-G: No problem.

May: So what are your real names?

Zero-G: My real name is Alex Power and these are my siblings. I'm the oldest.

Lightspeed: I'm Julie Power and I'm the 2nd born.

Mass Master: I'm Jack Power and I'm the 3rd Born.

Energizer: And I'm the youngest, Katie Power.

William: Wow. You all must've had to do a lot of growing up very quickly when you got these powers.

Lightspeed: We sure did.

Nico: I can tell. How did you get your powers if I may ask?

Zero-G: We got our powers from an alien named Whitey.

Lightspeed: He was dying. He was badly wounded by a race of aliens called the Snarks.

Energizer: He gave us these powers to protect our friends and family and our loved ones.

Nico: Wow. That's incredible! And I heard a lot about the Snarks. They are an extremely dangerous reptilian warrior race that is said to be right on par with the Saiyans.

May: Sounds like these creatures pose an extremely dangerous threat to all creatures great and small.

Zero-G: They do May.

Nico: I can tell. My people the Saiyans were considered to be one of the most feared races in the entire universe. We love to fight.

Zero-G: That is so strange.

Lightspeed: I heard that they were all destroyed by an evil galactic tyrant.

Nico: That's right Julie. Me and 2 other Saiyans named Kakarot who we call Goku and Prince Vegeta are the only 3 Saiyans left. I was born on the planet Vegeta and raised here on Earth. My Saiyan name is Bokrua but everyone calls me Nico.

Energizer: That's so awesome!

May: It is.

Nico: Yeah. Do your parents know that you are the Power Pack?

Zero-G: No. We're worried about what they will do if they found out.

Nico: I know you're nervous Alex. But you can tell your parents. They are trustworthy and they have a right to know the truth.

Zero-G: You're right.

Maria R.: And we'll be there to vouch for you when the time comes.

Zero-G: Okay.

After they finished eating they left the restaurant and were heading back to the estate. The Power Pack was with them.

Nico: I hear something.

They turned and they saw what looked like Optimus Prime coming.

Lightspeed: (sees what appears to Optimus' vehicle mode) Looks like we finally get to meet Optimus Prime in person.

Nico: (sees the Decepticon and Heartless symbols) Wait. I don't think that's Optimus!

It got closer and went passed them. Nico pulled out his radio.

Nico: (contacts Brawn and Runabout) Guys! A bot's headed your way! And it's not Optimus!

Brawn: We'll keep our eyes out Nico.

Nico: Okay.

Nico put his radio away and they went after the fake Optimus.

Nico then got a memory relapse.

Nico: Wait I remember that imposter! That's Optimus Prime's evil Decepticon Twin: NEMESIS PRIME!

May: Nemesis Prime!?

William: This guy sounds like he's really bad news.

Maria R.: No kidding.

Zero-G: We have to stop him.

Nico: And we will!

They flew after him.

Brawn and Runabout saw Nemesis Prime coming.

Runabout: (sees Nemesis Prime run away) That definitely wasn't Optimus.

Brawn: Of course it wasn't. Primes don't run.

They went after him.

In the park, Jen saw Nemesis Prime coming.

Jen: That's not Optimus.

Jen started to transform.

Jen (takes off her black leather jacket): Time to take this knock off out!

Jen's height increased as her clothes got tight. Her green shirt stretched to its limits before it ripped to shreds. Her legs got stronger as her growing feet ripped out of her blue sneaker. Her blue jeans tore off and fell to the ground in a pile. Jen could feel her humanity fading away as her She Hulk side came out.

Jen (her muscles increase): TIME FOR SHE HULK TO COME OUT!

It seemed as though Jen was finished transforming only for her hair to get longer. It turned green along with her skin. With that, She Hulk stood in the spot where Jennifer Walters was before.

She-Hulk: She-Hulk is ready!

She-Hulk bashed Nemesis Prime in the face with a devastating punch and kicked him in the stomach with a powerful kick of incredible power.

We all came.

Nemesis Prime transformed and he was a black version of Optimus Prime.

Me: He looks like an evil version of Optimus Prime. But who would send such an abomination?

Nico: I don't know but it's power is menacing.

Me: Lets stop this clod. Sonar, Runway, Jetstorm!

The Air Defense Minicons formed into the Star Saber.

Nemesis Prime: NEMESIS PRIME WILL DESTROY!

Me: So he can talk.

Nemesis Prime formed a Dark Version of the Star Saber called the Dark Saber.

Me: Lets dance you abomination.

I went Super Angel 10,000 and grew to Nemesis Prime's size and we engaged in a powerful sword fight. We were clashing our swords at an incredible rate and it shook the city around. We were moving at such incredible speed that it was unbelievable.

Me: It's a total stalemate.

Then Voltron appeared.

Me: Voltron!

Keith: That's right J.D. Lets get him team!

Voltron punched Nemesis Prime and fired a blast of fire out of his hands and feet.

Nico (fires lightning at Nemesis Prime): Nemesis Prime, you have failed this city!

Optimus Prime then arrived and he transformed. He punched Nemesis Prime.

Optimus (to Nemesis Prime): I'm the real Optimus Prime! Not you, copycat!

He fired his blaster and blew holes into Nemesis Prime.

Edzilla: (punches Nemesis Prime in the face) ED SMASH FAKE PRIME!

Brawn, Psylocke, Runabout, Gears, Windcharger, Huffer and Stone Man arrived.

Brawn: Lets get this Optimus Prime Imposter!

Psylocke: You got it Brawn!

Me: Elisabeth Braddock A.K.A. Psylocke. It's a pleasure to meet you.

Psylocke: You too J.D. We can talk later.

Brawn transformed and Psylocke's katana glowed a neon pink. Brawn fired lasers.

Brawn and Psylocke: LASER MISSILE KATANA SLASH!

Psylocke slashed Nemesis Prime and the missiles hit him and exploded.

Runabout fired his laser blaster and Stone Man threw a Power Stone.

Runabout and Stone Man: STONE LASER SLAM!

The lasers merged with the stone and turned it into a powerful spike ball and it slammed into Nemesis Prime and exploded.

KRABOOMM!

Gears jumped high into the air and Lightspeed flew into the air and a stream of rainbow light was emitted from her as she flew.

Gears and Lightspeed: PRISMATIC RAINBOW AIRSLAM!

The force of their combo slammed into Nemesis Prime with devastating force.

Windcharger was in his car form and Zero-G was on top of him.

Windcharger and Zero-G: GRAVITY SLAMSHOCK!

Zero-G's gravity strengthened the force of Windcharger's ram and they slammed into Nemesis Prime with incredible force.

Huffer fired his laser and Energizer fired a blast of energy from her chest.

Huffer and Energizer: LASER ENERGY BOMB!

Brawn: My turn again. Lets go Mass Master!

Mass Master: You got it.

Mass Master grew to a huge size and Brawn threw him.

Brawn and Mass Master: HUMAN BOULDER SLAM!

Mass Master slammed into Nemesis Prime with devastating force.

Bloom: Now for my Final Smash! DRAGON FIRE BURN!

Bloom fired a massive blast of fire that turned into a dragon and it burned Nemesis Prime badly.

Me: Now to finish him off.

?: Let us help you with that.

Out came 3 Minicons. It was the Space Team consisting of Astroscope, Pay Load and Sky Blast.

Me: What can you three do?

They transformed and turned into a powerful blaster.

Me: Wow!

Nico gasped.

Nico: J.D. that is the Requiem Blaster! The most powerful blaster in the history of the universe! It contains the destructive power of the three most powerful forces in the entire universe: A Supernova's energy, a Quasar's Sonic Output and a Black Hole's Gravity!

Me: (Gasps) Unbelievable! A blaster like this can obliterate the most powerful of all Transformers in the Blink of a Cosmic Eye.

Optimus Prime: Use this blaster well J.D. It's the only chance we have to kill Nemesis Prime.

Me: You got it Optimus. Your evil twin has ruined your name for the last time. Lets see how powerful this blaster is.

I picked up the Requiem Blaster and held it like I was ready to fire a bazooka.

Me: It's combo time. Keith, Voltron, you ready?

Keith: We're ready J.D. FORM BLAZING SWORD!

Voltron formed its sword.

Me: Lets see how powerful this blaster is.

Optimus Prime had his hand against my back.

Me: Oh thanks Optimus. If this blaster has humongous power then I have a feeling that the recoil from it is gonna pack an extreme wallop.

Optimus: Yes.

Voltron slashed Nemesis Prime with the Blazing Sword and I fired the Requiem Blaster and it fired a massive blast of red energy at an incredible level of power.

Me and Voltron Force: REQUIEM STARSLASH BLAST!

Voltron got out of the way and the blast from the Requiem Blaster hit Nemesis Prime and he was completely obliterated in an instant! The power of the Requiem Blaster was so strong and so powerful that we felt the shockwave from the recoil.

Me: WOW! What power!

Nico: That was unbelievable. I can't believe that the Requiem Blaster packs that much destructive power.

All that was left of Nemesis Prime was its head.

She Hulk closed her eyes and screamed in pain. Her height decreased as her legs got smaller. Her feet shrank as She Hulk felt her humanity come back.

Jen: Can someone get me my jacket?

It seemed as though She Hulk was finished transforming only for her hair to get shorter. It turned back to black as her skin reverted back to its original color. With that, Jennifer Walters stood in the spot where She Hulk was before.

I handed her jacket to her.

Jen: Thanks hun.

Me: No problem Jen.

Optimus Prime: (to Nemesis Prime's corpse) I rise. And you fall.

Then it's mouth opened and a video image appeared. We got a rude awakening when we saw the evil Queen Nehelenia, the ruler of the Dark Moon Circus and enemy of Queen Serenity.

Natilee saw her and she was enraged.

Natilee: Queen Nehelenia!

Sailor Moon: Nehelenia!

Nehelenia: Hello, Sailor Moon! Did you like my new pet?

Sailor Moon: Nehelenia, you coward! You have some nerve disgracing Optimus Prime's name!

Nehelenia: Oh, the disgracing hasn't even begun! I think I'll head over to see my creation's second fight!

Sailor Moon: She did it. That witch actually did it!

Sailor Mars: But how? Nehelenia doesn't even know how to make technology.

Sailor Mercury: Hmm. Nehelenia must have a Dark Orb. She must've used it to create a duplicate of Optimus.

Sailor Jupiter: Add a little Heartless touch from the Dark Orb…

Sailor Venus: And say hello to Nemesis Prime!

Natilee: Nehelenia, you monster! I have a lot of unfinished business with you. You tried to take our planet and destroy all our dreams. I will never forgive you for everything you've done. Having Sailor Moon let you live was a catastrophic mistake. This time I'm going to finish what she started. I'm going to kill you and send you off to Hell! Get ready Nehelenia! We're coming for you! And you will pay for everything you have done. I SWEAR IT! (Eyes glow red with righteous fury)

Natilee was gonna make sure that Nehelania pays for everything she has done. She flew off.

Me: Nico, Sailor's you better go with her.

Sailor Moon: Right.

They flew off to follow Natilee.

Lana: Is Natilee gonna be okay?

Me: She will be. She's a strong girl.

Lincoln: Who is this Nehelenia?

Me: She's someone you all would despise with a terrible vengeance.

---

Back at the estate I was revealing all about Nehelenia's background.

---

Placed in a more sympathic light, Nehelenia was raised on the notion that beauty is everything and lost her sanity upon seeing the hideous hag she would eventually become. It made Nehelenia obsessed with staying young and beautify forever, taking the Dream Mirrors of her subjects who were transformed as her Remless and established the Dead Moon Circus. Nehelenia desired the Moon Kingdom, seeking Helios and the Golden Crystal and only acquired the former's body before she was sealed in her mirror by Queen Serenity. A mirror was eventually found by the Amazoness Quartet (Ves Ves, Cele Cele, Jun Jun, and Para Para), through which Nehelenia spoke to them, and she gave them power in the form of magic orbs called Amazon Stones, giving them eternal childhood and making them her servants. With Nehelenia inside her mirror, she created an construct in the form of her aged self Zirconia to oversee the Dead Moon Circus when it attacked Elysion, Helios' dream world, damaging it. Helios was imprisoned inside Nehelenia's mirror, but before she could take the crystal, Minimoon's dream light turned his soul into Pegasus, and he left Elysion to hide in Rini's dreams. At a solar eclipse, the Dead Moon Circus arrived on Earth and searched for Pegasus. Eventually, Nehelenia discovered that Chibiusa was the one whose dreams Pegasus was hiding in, so Zirconia imprisoned her in Nehelenia's mirror where Nehelenia forced Pegasus to become Helios again, and she took the golden crystal from him and walked outside of her mirror, destroying Zirconia in the process. She fought the Sailor Scouts, and was unbeatable with the golden crystal, but the Amazon Quartet switched it around for a pineapple and gave it to Sailor Moon. Its power was restored by everyone on Earth, and Sailor Moon used it to defeat Queen Nehelenia. Unfortunately, Nehelenia survived and kidnapped Sailor Minimoon, taking her to the top of the circus tent (which lifted up towards the Dead Moon), with Sailor Moon following her, but the battle destroyed her beauty, leaving her as an ugly old hag. With her plans for total domination and absolute beauty foiled, she decided to take her revenge on Sailor Moon and Sailor Minimoon, then seal herself back inside the mirror in the Dead Moon's shadow to restore her youth. She threw Sailor Chibi Moon over the edge, and Sailor Moon jumped after her (they were saved when Pegasus turned them into their princess forms with wings). Nehelenia, believing she had defeated Sailor Moon, reentered her mirror, restoring her youth and beauty once more, and left Earth in it, never to be seen again.

---

Me: The reason Natilee hates Queen Nehelenia with a terrible vengeance is because she not only tried to destroy the entire planet and the entire universe but also she tried to destroy everyones dreams and the realm of dreams in its entirety. Natilee is one of the guardians of the realm called Elysion. Natilee is the protector of the dream world and she vowed to get justice on Nehelania.

Lori: Wow! That is literally a powerful grudge.

Lincoln: Nehelenia is much worse than the Devil and Madara Uchiha and all the most dangerous villains we faced all together.

Me: By all estimates Lincoln, that is an understatement.

Varie was looking out the window showing great concern.

Varie: Natilee please come home safe my Celtic Princess.

---

Natilee, Nico and the Sailors were flying over to where Nehelenia was at.

Natilee was determined to make her pay for everything she has done to our planet and to the realm of dreams. She was hellbent on making Nehelenia pay the Ultimate Price for everything she has done. Natilee had the Golden Crystal with her and only those that are pure of heart are allowed to use it.

Natilee had the Golden Crystal with her.

Natilee: Golden Crystal, Helios, please forgive me for what I'm about to do but I can't allow Nehelenia to get away with everything she has done and for that she has to pay for it. I'm sorry.

Helios: I understand Natilee. And you're right. Be careful.

Natilee: I will.

Sailor Moon: Natilee is determined to make Nehelenia pay for everything she did.

Sailor Jupiter: I would too if she did all that. She tried to kill everyone and everything.

Sailor Venus: Nehelenia was a tough adversary. Even though we never faced her here in this time.

Sailor Mars: We won't let Nehelenia destroy the dreams ever again.

Sailor Mercury: Lets use a tactical plan this time to take her down.

Natilee: Not this time guys. We're gonna take her down my way.

They continued flying on and they saw a disturbing sight. The moon was in front of the sun over Tokyo and the umbra was only over Tokyo and not moving as the planet rotates.

Natilee: That is really strange. The Sun is eclipsed by the Moon but the Umbra of the eclipse is not moving.

Sailor Moon: That is weird.

Nico: From what I remember Nehelenia is extremely phobic of light and she only can thrive in darkness.

Natilee: Interesting. If it's light she doesn't like then it's light she'll get.

They flew on. They arrived in Tokyo and it was dark and desolate.

Nico: We must be getting close.

Natilee saw the Dead Moon Circus tent. It was an unusual tent.

Natilee: Target sighted. Lets go!

Natilee unsheathed her sword and they flew in and slashed and blasted all of Nehelenia's minions and henchmen. After they killed all her minions they were searching in the main throne room. Nico caught a Hypno and an Onix that was in Nehelenia's employ.

Natilee: All right Nehelenia! I know you're here! Come on out and fight us you coward!

A dark portal appeared and out of a portal sitting on a throne came QUEEN NEHELENIA!

Nehelenia: As you wish.

Natilee: It's been a long time Nehelenia.

Nehelenia: Yes it has Natilee.

Sailor Moon: Alright, Nehelenia. Now it's just you and us!

Nehelenia (grins evilly): I'm fine with that!

Sailor Moon then realized something.

Sailor Moon (frightened): Eep! Now it's just her and us!

Natilee: Nehelenia we came here to kill you once and for all. You've tormented our planet for the last time.

Natilee jumped into the air and cupped her hands to the side.

Natilee: KA! ME! HA! ME! HAAA!

Natilee fired a powerful Kamehameha Wave right at Nehelenia. Before Nehelenia could react it hit her and exploded with incredible power.

KRABOOOOOOOOOOOOOOOMMMMM!

The explosion from the power of the blast completely destroyed the tent.

When the smoke cleared the tent was completely gone.

Nico: That moon does not belong in the sky. That is not our moon. Allow me.

Nico fired a powerful energy blast at the moon and it hit it and the evil moon exploded!

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM

When the smoke cleared, the Sun shined onto the planet and Nehelenia got up and the light of the Sun was burning her like a vampire in the sunlight. She was screaming in excruciating pain.

Natilee: You weren't kidding Nico. She IS phobic of light. Now to finish her for good! Final Smash time!

Sailor Moon: You got it. MOON GORGEOUS MEDITATION!

Sailor Moon fired a blast of kaleidoscopic glass from her scepter and it slashed at Nehelania.

Sailor Mercury: My turn! MERCURY AQUA RHAPSODY!

Sailor Mercury fired a blast of water from a harp of pure water. It drenched her and froze Nehelenia.

Sailor Venus: VENUS LOVE AND BEAUTY SHOCK!

Sailor Venus fired an energy blast in the shape of a heart and it hit Nehelenia and exploded.

Sailor Earth: EARTH WIND SHRED!

Sailor Earth fired a powerful blast of wind at Nehelenia and it slashed her in various places.

Sailor Mars: MARS FLAME SHOOTER!

Sailor Mars fired an arrow of pure fire from a fire bow and it burned Nehelenia.

Sailor Jupiter: JUPITER OAK EVOLUTION!

Sailor Jupiter fired numerous green leaves of pure energy and they hit Nehelenia and exploded.

Sailor Saturn: SATURN SILENCE GLAIVE SURPRISE!

Sailor Saturn fired a blast of energy from her glaive and it hit Nehelenia and exploded.

Sailor Uranus: URANUS GROUND SHAKING!

Sailor Neptune: NEPTUNE DEEP SUBMERGE!

Sailor Pluto: PLUTO DEADLY SCREAM!

Sailor Uranus, Neptune and Pluto fired powerful ringed energy balls and they combined and hit Nehelenia and exploded with incredible power.

KKKKKRRRRRRRRRRAAAAAAAAAAAAAAAAAAAAAAAAAAAABBBBBBBBB

The Explosion sent her crashing into a building.

Nico: You and your kind will never be welcome here on our planet. As long as we're here to protect it, you will never be welcome here.

Nico threw Nehelenia into the air.

Natilee: Now to make sure that you never terrorize our universe again.

(Goku's Spirit Bomb Theme Plays)

Natilee raised her hands into the air.

Nico: The Spirit Bomb.

Natilee: EVERYONE, SHARE YOUR ENERGY WITH ME!

Everyone all over the planet raised their hands and numerous balls of energy flowed into the Spirit Bomb and it became a massive ball of energy as big as the Moon. Natilee condensed it to the size of her hand.

Sailor Moon: Lets channel our power into the Spirit Bomb.

Sailor Jupiter: Let do it.

They joined hands and glowed in auras of their respective colors.

Sailors: PLANET COSMIC POWER!

The Astrological Symbols of the planets and their energy poured into the Spirit Bomb and turned it into a black orb with the stars and planets of the universe.

Natilee went Super Angel 10,000.

Natilee: Now you will feel the power of the entire Solar System and perish for all the terrible crimes you've done to the Moon Kingdom and to the land of Dreams! Now DIE! PLANET SPIRIT FORCE BOMB!

Natilee fired the Spirit Bomb at Nehelenia and it hit her and exploded with unbelievable power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nehelenia was completely obliterated in an instant.

Natilee powered down.

Natilee: Go to Hell and stay there Queen Nehelenia.

The terror of Queen Nehelenia had been officially silenced forever.

Natilee: It's done. Justice has been served. May I say your line Nico?

Nico: Go for it.

Natilee: In the immortal words of my friend Nico Chan: Queen Nehelania you have failed this universe.

Nico: Well said Natilee.

They cheered wildly.

Nehelenia's spirit appeared and Nicole arrived.

Nicole: You've been dethroned Nehelenia.

She sealed Nehelenia into the Book of Vile Darkness.

---

Back in America at the Power House, we all were there. The Power house now lives in Gotham Royal York.

Me: I know you're nervous Alex but you will have us with you for support.

Zero-G: Thank you for that J.D. And you're right they all have a right to know.

Lightspeed: Lets tell them.

They went up to the door.

---

Inside the house, the Power Pack's parents Dr. James Power a world famous brilliant physicist that discovered a process to generate energy from antimatter and his wife Margaret were worried for their kids. The door opened and in came their kids.

James Power: There you are.

Margaret: Where were you guys?

Zero-G: We had a run in with some famous people.

We came in.

James Power: Team Loud Phoenix Storm!?

Me: It's a pleasure to meet you Dr. Power. We heard so much about your Antimatter Energy conversion process.

Nico: It's an amazing achievement.

Dr. James: Thank you guys.

Me: We apologize for showing up unannounced, but your kids have something they would like to share with you all.

Zero-G: And I want Caitlin to find out too.

Varie came back with Caitlin.

Caitlin: Alex, what's going on?

Me: We apologize for bringing you here Caitlin but we have some things to tell you and it involves Alex and his siblings.

Caitlin: What is it J.D.?

James Power: Yeah what is it?

Eddy: If you think you can get us to spill about what your kids have been doing when you two aren't around, you got another thing coming.

James Power: Well, we didn't want to have to play this card. But you've left us no choice.

Eddy: What are you talking about?

Margaret Power (talks out coupon): If you tell us about what our kids have been doing, we'll give you and your friends a coupon for a free night at Spunk E. Pigeon's Pizza Palooza Paradise.

Eddy (changes his mind): Your kids are actually working as superheroes. (takes the coupon) Bye! (leaves the room)

Me: (Sighs) Eddy just said it. Show them guys.

Alex became Zero-G, Julie became Lightspeed, Jack became Mass Master and Katie became Energizer.

James and Margaret were shocked.

Me: You see Dr. Power, your children became the Power Pack when a dying alien they call Whitey gave them powers. They became known as the Power Pack.

Nico: That's right. They helped me and May beat a bunch of Bank Robbers earlier this morning.

May: It's true.

Me: And they have also been helping the greatest superhero forces in the world: The Justice League and the Avengers.

Lincoln: And now us.

Energizer: It's true mommy. We've been helping so many people.

Lightspeed: We didn't mean to keep all this a secret from you all.

Zero-G: We were worried that you wouldn't trust us even after everything that we have been doing behind your backs.

Me: You see Dr. Power, lots of superheroes were given their powers for a reason and with Great Power comes a Great Responsibility.

Mass Master: It's true. We didn't want you guys to find out what we're doing as superheroes because we were worried that our enemies would come after you guys.

Me: That would be the case with all kinds of villains but so far we killed most of them and threw them into prisons all over the Solar System. You all have seen what we can do right?

Margaret: We sure have J.D. You are widely known throughout the world

James Power: But Alex we understand and you are very special people now.

Caitlin: Oh Alex.

Caitlin hugged Alex and kissed him.

Everyone: Awwww.

Lori: That is literally so adorable!

Zero-G: But Caitlin I thought you would hate me.

Caitlin: No way Alex. You are more awesome than ever now!

Me: So what do you say Dr. Power? Will you accept your children as the youngest superhero team in the world?

James Power: We will. But they have to be careful.

Margaret: Yes. If they have this power then we accept.

Me: I'm glad.

I hand Zero-G a watch.

Me: If you ever need the assistance of Team Loud Phoenix Storm, just press the face on that watch.

Zero-G: You got it J.D. And thank you all for helping us.

Me: No problem.

Nico: You helped us first and we helped you. So we're even.

Maria R.: That's right.

Then we had an unexpected visitor arrive into the house. It was a Cresselia.

Nico: It's a Cresselia.

Me: The Lunar Pokemon. Amazing!

Lori: It's so amazing!

Me: It sure is pretty too. Go for it Nico.

Nico: I will.

Nico caught it with a Master Ball.

Me: Way to go Nico. That's your third Legendary Pokemon.

Lincoln: It sure is.

Sailor Moon: (To the Viewers) Dreams are an important part of life and they can be achieved as long as you have hope that you can believe that they can come true.

We went back home. Queen Nehelenia and Nemesis Prime have been killed and we got coupons for Spunk E. Pigeons Pizza-palooza Paradise. It was a win win for all of us.

THE END

Another Fanfiction Complete

Queen Nehelenia on Sailor Moon Super S was by far the most ruthless villainess in the series. Funny thing is after Queen Nehelenia was defeated, she vanished into the Dead Moon and was never seen again after episode 155 of the series which was the final episode of Sailor Moon. It left us in a massive cliffhanger afterwards. We still had Shadow Galaxia to cover but we never saw it here in America. What a Rip! NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# Tournament in The Demon World

In the Demon World, everyone was gathered in a special stadium for a special event. It was a special tournament called the Tournament of The Supreme, a Special three-on-one tournament what will show who the strongest is in not only the Demon World but also the Entire Universe. We were registering for the event.

Donna Diego: Excuse me. We'd like to register for the tournament.

---

We were signed in and we were so excited.

Me: This is gonna be so awesome!

Nico: It sure is J.D. I can't wait to show how strong I am against some of the strongest demons here in the Demon World.

Me: Me too Nico.

With us was Patrick "Eel" O'Brien A.K.A. Plastic Man.

Plastic Man was a crook named Patrick "Eel" O'Brian. Orphaned at age 10 and forced to live on the streets, he fell into a life of crime. As an adult, he became part of a burglary ring, specializing as a safecracker. During a late-night heist at the Crawford Chemical Works, he and his three fellow gang members were surprised by a night watchman. During the gang's escape, Eel was shot in the shoulder and doused with a large drum of unidentified chemical liquid. He escaped to the street only to discover that his gang had driven off without him.

Fleeing on foot and suffering increasing disorientation from the gunshot wound and the exposure to the chemical, Eel eventually passed out on the foothills of a mountain near the city. He awoke to find himself in a bed in a mountain retreat, being tended to by a monk who had discovered him unconscious that morning. This monk, sensing a capacity for great good in O'Brian, turned away police officers who had trailed Eel to the monastery. This act of faith and kindness-combined with the realization that his gang had left him to be captured without a moment's hesitation-fanned Eel's longstanding dissatisfaction with his criminal life and his desire to reform.

During his short convalescence at the monastery, he discovered that the chemical had entered his bloodstream and caused a radical physical change. His body now had all of the properties of rubber, allowing him to stretch, bounce and mold himself into any shape. He immediately determined to use his new abilities on the side of law and order, donning a red, black and yellow (later red and yellow) rubber costume and capturing criminals as Plastic Man. He concealed his true identity with a pair of white goggles and by re-molding his face. As O'Brian, he maintained his career and connections with the underworld as a means of gathering information on criminal activity.

Plastic Man soon acquired comedic sidekick Woozy Winks, who was originally magically enchanted so that nature itself would protect him from harm. That eventually was forgotten and Woozy became simply a bumbling but loyal friend of Plastic Man.

Me, Nico, May, Scream/Donna Diego, Huffer, Runamuck, Clawful, Plastic Man, Yumi, Poromon, and Linka we're known as Team Nico and we were going to prove ourselves in a tournament of incredible magnitude.

Everyone on Team Loud Phoenix Storm was in the audience.

Ed and Lightspeed were in the audience.

Lightspeed: So, Ed. Besides Nemesis Prime, what other villains have you smashed as Edzilla?

Ed: Well, to name a few, I've smashed Atrocitus, Leonard the Pig King, Freddy Krueger, King Goobot, Beast Man, Loki, Cedric, Parasite, Princess Morbucks and a clone of Tantrum aka Thomas Kim.

Irma: Ed has smashed all kinds of villains.

Luan: He smashed them good.

Eddy: (Laughs) That's Lumpy for you all.

Poromon: Are there snacks around here?

Nico: We'll have plenty of time to eat later Poromon.

?: Hey looks like you're all here too.

We saw famous former Spirit Detective Yusuke Urameshi, Kazuma Kuwabara, Hiei of the Jagan, Kurama the Spirit Fox and Seaman.

Me: Wow! Yusuke Urameshi.

Linka: Kazuma Kuwabara!

Yumi: Hiei of the Jagan.

Clawful: Kurama the Spirit Fox!

Nico: And Seaman. It's an honor to meet the famous Team Urameshi.

Yusuke: You too guys.

Kuwabara: We heard so much about all of your achievements.

Hiei: We're going to be working with you in the Tournament.

Me: Nice! So it's Team Nico-Urameshi.

?: That's a good way to put it J.D.

We saw Koenma - the son of King Enma.

Me: Koenma, son of King Enma. It's an honor to meet you.

Koenma: You too J.D. I'm the Team Captain of Team Urameshi.

Me: Nice! It's gonna be so cool working together.

Koenma: It sure is J.D.

Me: I wonder who our opponents are gonna be.

?: That would be us.

We saw our opponents: TEAM TOGURO!

They were who Team Urameshi defeated in the Dark Tournament years ago. The members are as follows:

Younger Toguro (Leader)

Elder Toguro

Sakyo (Manager)

Karasu

Bui

Amphibia

Vulturos

Hypnomica.

Kuro Momotaro

Zeru

and a Krabby and Electrode.

Me: So Team Toguro is our opponents. You're all gonna give us a challenge.

Nico: Not only that but he has a Krabby and an Electrode. I could use those Pokemon.

Sakyo: I brought them here for you Nico.

Nico: Thanks Sakyo.

Me: Wait a second. What's the catch?

Sakyo: No catch.

Me: This is gonna be an interesting challenge. But I'm ready for anything.

Nico: Me too.

Yusuke: Same here.

Yusuke's fiance Keiko and his friends Yukina, Botan and Kuwabara's sister Shizuru were with everyone else.

Me: Now it's gonna get exciting.

Nico caught the Krabby and Electrode.

Nico (to Krabby and Electrode): Don't worry, You guys can fight in the final battle.

The Tournament of the Supreme was underway.

---

Battle 1: Linka, Poromon and Hiei VS Zeru.

---

The first match was against Zeru. A demon that Hiei defeated before.

Linka: I thought you killed this guy Hiei.

Hiei: I did. Somehow he must've been brought back to life.

Poromon: How did you kill this guy?

Hiei: I killed him with the Dragon of The Darkness Flame.

Linka: That must've incinerated him into ashes. Lets see how he fairs against the power of lightning.

Zeru: You weak things can rest in Hell!

Linka: We're sending you back to Hell.

Zeru: I'm gonna squash you with my foot, puffball!

Poromon: You really think so?

Linka: Don't listen to him Poromon. He's just a big bully.

Juri: Hey guys.

Linka: Juri. It's cool having you here as a referee girl.

Juri: It is. I was a referee Girl here the first time.

Linka: I believe it. Nicole did tell my brother about that.

Juri: She did. Now first match Linka Loud, Poromon and Hiei VS Zeru begin!

Linka: Lets teach this guy a lesson he will never forget!

Linka went Super Angel 3.

Zeru: Lets see you survive this!

Zeru then turned blazing red and glowed with pure fire and he fired a powerful blast of fire at her. Linka fired a blast of powerful lightning and it overtook the blast of fire and electrocuted Zeru. She swooped in and kicked him in the face and fired more lightning and electrocuted him with 1 billion volts of electricity.

Linka: Poromon you're up.

She tagged Poromon.

Poromon: Let me at them! I learned some new tricks under Nico. (Echoing) LIGHTNING JAVELIN!

Poromon fired a blast of lightning from its wing and it electrocuted Zeru with 50 billion volts of electricity.

Linka: Way to go Poromon!

Nico was proud.

Nico: I taught Poromon well.

Me: You're a great teacher Nico.

Zeru: How can I be defeated so easily? BY A TALKING SMALL PINK PUFFBALL OF ALL PEOPLE?!

Poromon: Hiei it's your turn.

Hiei: Thank you Poromon.

Hiei channeled his power into his fists.

Hiei: FIST OF THE MORTAL FLAME!

Hiei's fists glowed with pure fire and he viciously punched Zeru with incredible power and it burned him with ferocious fire.

Linka: Now to finish with a combo. Ready for our combo Hiei, Poromon?

Hiei: I heard a lot about your combos you all do. So yeah. I'm up for it.

Poromon: Lets go for it!

Hiei revealed his Jagan Eye! It was a third eye in the middle of his forehead.

Linka: Wow! So that is the legendary Jagan Eye. Nicole told me stories about it and how powerful it is.

Hiei: Yes.

Linka: I also remember that the Jagan Eye is extremely prideful and loathes disrespect with a vengeance.

Hiei: That's right Linka. You've learned very well. Lets do this on him. I killed him once and I can do it again. DRAGON OF THE DARKNESS FLAME!

Linka: Lets do this. This is a technique I've been wanting to try out. LIGHTNING DRAGON STORMFORCE!

Hiei had a mass of black fire in his hand. The level of murderous intent coming off of the dark fire of the Netherworld was unbelievable.

Zeru: Those flames but they're from the deepest pit of the spirit world.

Zeru was in helluva lot of trouble. He was completely incinerated the first time he was killed by the Dragon of The Darkness Flame. And it's ironic that he was about to be killed by it again.

Linka held out her hand and a massive surge of lightning formed in her hand at an incredible level. Emitting billions of volts of electricity at an incredible level.

Linka: Lets see how powerful they are together. Lightning from Heaven and the Black Fire from Hell.

Hiei: DRAGON OF THE DARKNESS FLAME!

Linka: LIGHTNING DRAGON STORMFORCE!

Hiei fired a powerful dragon made of pure black fire that burned with flames as hot as the Sun and Linka fired a dragon made of pure blue lightning that surged 750 billion volts of electricity

Poromon: LIGHTNING JAVELIN!

Poromon fired a blast of lightning from his wing.

Linka, Hiei and Poromon: PURGATORIC DRAGONSTORM HELLFIRE!

The two dragons merged and turned into a dragon of fire and lightning and it hit Zeru and completely obliterated him in an instant and the dragon hit the wall of the stadium and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, we all saw that Zeru was completely incinerated like before and there was a charred outline on the wall that was him. Lightning was electrifying the ground around it.

Linka: Zeru, you have failed this world.

Juri: Wow! That was awesome guys!

Linka: Thanks Juri. That's all that's left of him over there.

Juri: You're right about that. Linka, Hiei and Poromon win!

Hiei: You were trained really well Linka. I'm impressed you have come so far.

Linka: You're gonna give me a swollen head Hiei.

We cheered wildly for them.

Me: Linka that was well done!

Nico: We're proud of both of you.

Linka: Thanks guys.

Poromon: It was so much fun.

---

Match 2: Clawful, Yumi and Kuwabara VS Vulturos.

---

Clawful, Yumi and Kuwabara were facing Vulturos, another one of Sailor Moon's enemies.

Ulrich: Good luck, Yumi. (kisses her on the cheek)

Yumi blushed.

Yumi: Thanks Ulrich.

Shanan: Vulturos is gonna be extremely tough. He's what's called an Angelite from the planet Anges IV.

Lana: These guys sound like they are really tough.

Lola: No kidding.

Shanan: They are. They have the ability to turn their fingers into deadly razor sharp claws that can cut through steel like butter and they can fly at incredible speed.

Laney: These guys sound like they are deadly.

Lucy: I would not want to face an opponent like that.

Shanan: Lets watch and see how this turns out.

Vulturos: Bring it on, Goth Freak and Lobster Thing!

Yumi: Hey! That's racist!

Clawful: I'll show you Lobster Thing!

Kuwabara: Guys! Don't listen to him. He's trying to get you all riled up so he can cloud your judgements.

Yumi: You're right.

Clawful: Lets get this clod!

They went at him.

Kuwabara: SPIRIT SWORD!

Kuwabara formed an orange energy sword and slashed Vulturos and cut his wings off and Yumi fired a blast of dark energy and it hit him and exploded. Clawful snipped Vulturos' legs off.

Yumi: Lets use our combo on him.

Kuwabara: You got it Yumi!

Clawful: This is gonna be fun!

Clawful fired a blast of red energy and Yumi fired a blast of dark energy. The blasts merged with the Spirit Sword and it turned into a deadly red energy scythe.

Kuwabara, Yumi and Clawful: SPIRIT SCYTHE SLASH!

Kuwabara slashed Vulturos with the scythe. It made Vulturos explode into a fiery mess.

Juri looked over Vulturos.

Juri: He's out! Kuwabara, Clawful and Yumi win!

Yumi: As Nico would say: Vulturos you have failed this world.

Clawful: You said it.

They went back to us and we cheered wildly.

Me: Great job guys.

Linka: That was so awesome!

Yumi: Thanks guys.

## Battle 3: J.D. and Hiei VS Bui.

Me and Hiei were facing But. He was a huge tall guy and he was wearing armor that looked amazingly heavy.

Juri: This is a 2 on 1 battle. You know what to do.

Me: You sure are a tall guy Bui. You make all basketball players look like shrimps and me and Hiei look like a couple of anchovies.

Hiei: That's an interesting analogy.

Me: It was the best I can come up with Hiei.

Bui then formed a huge battle axe and he charged us and swung it and we ducked and I kicked it out of his hands. He formed another axe with a bigger blade and sliced through the arena floor and threw big blocks of the arena at us and I kicked the rock blocks and smashed them to pieces.

Me: Wow! He is strong!

Hiei: He sure is. But so are we.

Me: Lets get him Hiei!

Me and Hiei: FIST OF THE MORTAL FLAME!

Our hands were enveloped in orange fire and smashed through the rock blocks and blew them to pieces. Bui then threw his axe at Hiei and he shocked us by grabbing the blade and obliterating it with just his hands.

Me: Wow! Hiei that was amazing!

Hiei: Thank you. (To Bui) I knew that was a foolish maneuver. But you refused to listen much to your disadvantage and to my boredom. And that is not forgivable.

Me: Hiei don't let your arrogance and overconfidence cloud your judgement. The one thing a powerful and honorable fighter should never do is let his emotions get the better of him during a fight with a powerful and worthy adversary.

Hiei know that I was right.

Bui's eyes glowed red.

Bui: (Deep voice) Sorry to bore you. I'll remove my armor.

Me: I have a feeling that there is more to your armor than just for show Bui.

Bui: You are correct. You should know two things J.D. Knudson of Team Loud Phoenix Storm and Hiei the swordsman, I was saving this for someone else and this is the highest compliment I give.

Me: How so?

Hiei: Hmm. I am honored. Really I am but are you sure you're strong enough to take a direct hit from the both of us without any armor?

Bui: I'll handle it.

Bui threw an arm armor band and it flew over to Kuwabara and Koenma and we got a shock from how heavy it was. It was so heavy that it imbedded itself into the ground.

Me: Holy (Censored)! That is extremely heavy!

Kuwabara: And that's just one of his arm things!?

I use the Force to bring it over and I lift it up and it was so heavy that it was unbelievable!

Me: Holy mackerel! Bui how much weight is in this armor!?

Bui: My armor weighs as much as a whole planet.

Lisa was floored!

Lisa: That is an unbelievable amount of weight!

Me: That's over 1 Octillion pounds!

Bui: Yes.

Kuwabara: How did he manage to fight in all that stuff let alone stand up straight in it?

Me: That's what astounds me.

Bui took off his armor and we were amazed.

Bui: Most fighters wear armor to protect themselves from their opponent.

Bui took off his helmet and he had aqua blue hair and a scar in between his eyebrows.

Bui: But I'm the opposite. (Takes off his face plate) I actually wear this armor to protect my opponent from myself.

His scar glowed and he had a neon green aura emanating from his fist.

Bui: You see, my powers are so great I can't control them on my own.

Me: I get it. That armor was to contain your power because it grows out of control so fast.

Bui: That's right.

Bui's eyes glowed white and a massive neon green aura exploded out of him at an incredible rate. The level of power Bui had was so incredible that it was mind boggling.

Me: WOW! WHAT POWER!

The aura was making Bui fly.

Bui: I call this Battle Aura. I'd like to see you both try and top it.

Me: Lets see what it is capable of. Hiei, let me take a crack at him for a bit and then I'll let you get some in.

Hiei: Of course.

Me: This is gonna be interesting.

I stood ready and I went Super Angel 10,000.

Me: Lets see how strong you are against my 2nd most powerful transformation.

I flew at Bui and kicked the aura and punched Bui in the face and kicked him in the stomach. I fired a powerful energy blast and Bui fired a Battle Aura Cross and they hit and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful that it blew the arena floor apart into dust.

We landed and we went at each other and exchanged numerous blows at a ferocious and powerful level. The power of our blows was so strong and so powerful that it rattled the entire stadium and the entire demon world.

We locked hands and we were starring at each other.

Bui: I'm impressed J.D. You are equal to my power in this form.

Me: Sheer training and the power to fight for protecting everyone and everything I love. My friends are my ultimate strength. We all get stronger because of friendship.

I kneed Bui in the face and I tagged Hiei in and he went at Bui and fired blasts of his Mortal Flame and they didn't affect Bui at all.

Me: Wow! That Battle Aura is unbelievable. But something doesn't make sense here.

Juri: What is that J.D.?

Me: Bui said that he was saving his power for someone else and I have a strong feeling I know who it is. It's the younger Toguro. He wanted to unleash his power on him so he can prove that he is far more powerful than him.

Juri: You may be right.

Hiei got done.

Me: Lets finish him with a combo Hiei.

Hiei: You got it J.D.

Me: Get ready Bui.

Hiei: You are the next Sacrifice…

Me and Hiei: (In Unison) To the DRAGON OF THE DARKNESS

FLAME!

We were both surrounded by rings of pure black fire hotter than the Sun and it was releasing a tremendous amount of deadly murderous intent. Shizuru in the audience was feeling the pain from it and Naruto was protecting her from it.

Naruto: It'll be all right girls. I won't let anything hurt you.

Shizuru: Thanks Naruto.

Naruto: You're welcome.

Me: Get Ready Bui. Our combo is the same technique.

Me and Hiei: TWIN DRAGONS OF THE DARKNESS FLAME!

We fired two Dragons and they merged and became a twin-headed dragon made of pure black fire and they enveloped Bui and killed him in an instant.

Juri was crying and she was on the arena floor scared because of our attack.

I held out my hand and she took it and she hugged me and was crying hard into my chest as I comforted her.

---

## Battle 4: Plastic Man, Huffer and Kurama VS Karasu

---

Plastic Man, Huffer and Kurama were facing Karasu.

Huffer: (To Karasu) We really don't want to hurt you. Do yourself a favor and give up now.

Karasu: Oh I won't ever give up to the likes of you.

Kurama: Karasu is not the kind of fighter to go down easy.

Huffer: So I noticed.

Plastic Man: You better not underestimate us.

Kurama became Yoko Kurama.

Huffer fired a blast of thick black smoke at Karasu and blocked his sight.

Plastic Man: Lets finish him with our combo.

Kurama: Yes. ROSE WHIP!

Huffer fired a laser blast and Plastic Man wrapped Karasu around and bound him.

Huffer, Plastic Man and Kurama: SPIRIT ROSE SMOKEDEATH!

The rose merged with the smoke cloud and shredded Karasu into nothing but a thousand pieces. Killing him instantly.

Huffer: Go to Hell Karasu.

Plastic Man: Like Nico says: Karasu you have failed this world.

They won.

---

Battle 5: Runamuck, Scream, May and Kuwabara VS Elder Toguro

---

Runamuck, May and Kuwabara were facing Elder Toguro.

Kuwabara: So we're facing the honorless elder brother Toguro.

Elder Toguro: Yes it would seem Kuwabara.

Runamuck (to Elder Toguro): Any last words before we waste you?

Elder Toguro: (Laughs Maniacally) You'll find that killing me has never been easy. I can't die ever. Even if you destroy my heart or brain I'll still live! I'm INVINCIBLE! (Laughs)

May: So total obliteration is needed.

Scream: It would seem.

Kuwabara: I faced him before and he is a completely honorless slimeball that deserves only death.

May: You said it.

Runamuck: You don't deserve to live and Hell is too good for you.

May: Lets get this guy.

They went at Elder Toguro and engaged him in a savage and brutal fistfight. May fired powerful blasts of ice fire and froze his arms and legs and they shattered into a million pieces.

Runamuck fired missiles and lasers and blew holes into him.

Kuwabara slashed him with his Spirit Sword.

May: Lets finish him with our combo!

Kuwabara: You got it!

Runamuck fired laser blasts and Kuwabara slashed apart Elder Toguro.

May fired blasts of ice.

May, Kuwabara and May: ICEFIRE MISSILE SLASHSTORM!

The missiles and ice froze him and blew him into a thousand pieces.

Scream: Now it's our turn. SYMBIOTE TENTACLE SLASHSTORM!

Scream slashed Elder Toguro with her tentacle spears and ripped him to pieces.

May: Now to finish you for good Toguro.

Kuwabara threw Elder Toguro's severed head into the air.

May: KAAA! MEEE! HAAA! MEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAA!

May fired a Kamehameha Wave at Elder Toguro and it completely engulfed him and completely obliterated him in an instant. Nothing of him was left. Not even an atom remained.

May: In the words of my most awesome boyfriend: Elder Toguro, you have failed this world.

They won. Surprisingly the Elder Toguro had a Dark Orb on him that was giving him the ability to rearrange his body around. We got a massive power boost when it was destroyed.

---

A montage played and it showed us killing all the members of Team Toguro. May and Hiei killed Amphibia with a bunch of slashes and ice and fire attacks and burned and froze her and they used a combo called SWORDS OF THE DARKNESS AND CRYO FLAMES.

Huffer and Linka faced Kuro Momotaro and they savagely overwhelmed him and used a powerful combo on him called ACID RAIN MELTSTORM. It dissolved him in an instant.

Runamuck and Clawful were immune to Hypnomica's hypnosis spell and they used a powerful combo called LASER LOBSTER ASSAULT. It snipped her in half in an instant.

---

FINALE: J.D., Nico and Yusuke VS Younger Toguro.

---

The battle everyone was waiting for had come.

Toguro: Well done J.D., Nico and Yusuke. At last the 4 of us fight again. Only this time things are going to be different for you 3. I'm not throwing this fight for anyone.

Me: I have that to look forward to. You two step back. I want to see how I fair against him.

Yusuke: Okay J.D.

Nico: Be careful man.

Me: Will do. I hope you're ready Toguro. This is personal for me.

Toguro: You don't think this is personal for me too!? I'll start with 80%!

Toguro was enveloped in a purple aura and his muscles were increasing in size and he was building up incredible strength. The power of his energy was increasing at a tremendous rate and some of the arena crumbled. When it was done Toguro was huge! The level of energy he had was so strong that everyone felt it. Toguro's power was literally melting the flesh right off of the weaker demons.

Me: So that's your 80% power form. Amazing. Lets get it on.

We went at each other and I punched Toguro in the face and he threw a punch at me and I dodged it and kicked him in the face and knocked his glasses off. I fired a powerful blast of energy and it hit him and exploded with incredible power.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM!

When the smoke cleared Toguro's muscles were slightly shrunk.

Me: I've only begun to fight Toguro.

Toguro: So it would seem.

Me: Lets go.

I rushed and unleashed a ferocious flurry of fisticuffs on Toguro at an extremely ferocious rate and I let all of Hell loose on him. I punched him in the solar plexus with devastating force and knocked him down into a crater. When he emerged from the crater his muscles were shrunk big.

Toguro: At last J.D., you've done as I've asked.

His body then started to get veiny and a purple aura appeared out of him. He continued to get really veiny.

Toguro: I've waited a long time for this moment. Now destiny has rewarded my patience.

Me: Here it comes.

The ground then started to shake violently.

Suddenly Toguro had a massive surge of purple energy explode out of him and we felt the sheer magnitude of his power.

Me: Wow! What power!

His power was continuing to increase at a phenomenal rate and it was destroying numerous demons and everyone else was protected by a powerful barrier. Toguro's muscles increased at a powerful rate and they were bigger than the Incredible Hulk's. He covered the whole field in a dome of darkness. His body grew massive as his energy level increased and when it was done, Toguro was now a hulking monstrosity. He had grey skin, veins outside his wrists, bigger and sharper shoulders and shoulder chimneys on each of his shoulder blades. And the level of power I was feeling off of him was unbelievable.

Me: Wow! So this is your full power. Unbelievable!

Toguro: Yes. Now you will face me at my full power.

Me: You're not the only one that was hiding his true power.

(Gohan's Anger theme plays)

I had a ring of fire form around my feet and I unleashed the full extent of my power and I was enveloped in a massive dome of fire and my energy levels were rising at an astronomical rate and then the dome exploded into a massive vortex of pure fire that turned into a powerful phoenix. When the phoenix faded I was now a Super Angel 50,000 Phoenix Fire.

Me: This is my ultimate transformation. This is Super Angel 50,000 Phoenix Fire. Guys, it's action time.

Nico: You got it J.D.

Nico flared up his Super Saiyan Aura and went Super Saiyan 4 and Yusuke went Mazoku.

Me: Now lets see how you fair against our ultimate power.

We all went at Toguro and let all hell loose on him. I punched him in the face and kicked him in the stomach.

Nico: Toguro, you have failed this city!

Nico punched Toguro in the face with devastating force.

Nico: DRAGON THUNDERCLAP!

The 5-Star ball glowed and Nico fired a powerful blast of purple lightning from his finger and it hit Toguro and electrocuted him and Nico punched him in the face and Yusuke unleashed a ferocious flurry of powerful fisticuffs and kicks and Yusuke fired a Spirit Gun at him and it hit him and exploded with incredible power.

KRABOOOOOOOOOOOOOOMMMM!

When it was done Toguro was down but not out.

Me: Get ready Toguro. This time you will die after this one attack. Now get ready and give us everything you've got!

Toguro: The eyes of determination. I've encountered them many times on glory seeking fools. And I always give their owners what they ask for. Nearly always it's a fight with me. What I see they truly wanted I'm obliged to kill. But you've actually asked me to give it all I have. So be it.

Then we saw Toguro increase in power again. His muscles grew bigger than before and he grew two more shoulder blades but they were puffy and his pants and shoes were shredded. And his head was more enlarged.

Toguro: I'll admit I haven't been truthful. What I said was 100 was more like 85.

Me: Wow! This is 120% power!? Incredible!

Nico: Unbelievable!

Yusuke: I'll never forget the sight of this.

Toguro: To fully become a master of a trade you must commit your all to it and throw everything else away.

Me: Sorry but that is not gonna happen.

Nico: We don't run away from a sniveling little coward like you Toguro.

Me: Lets finish him off with our final smash combo guys.

Nico: You got it J.D.

Yusuke: Lets do it.

I charged up a red Big Bang Kamehameha Wave.

Nico had all 7 Dragonballs on his bracelet glow red and they fired 7 red beams of energy into the air and formed a massive energy ball of negative energy and it grew to a massive size and condensed to the size of him.

Yusuke then charged up a Spirit Gun to incredible power.

Me: Time to finish you once and for all Toguro. 100X BIG BANG KAMEHAMEHA!

I fired my blast.

Nico: NEGATIVE KARMA BALL!

Nico fired his concentrated energy ball.

Yusuke: MEGA SPIRIT GUN!

Yusuke fired his Mega Spirit Gun!

The blasts then combined.

Me, Nico and Yusuke: 100X BIG BANG KARMA GUN!

Then Toguro charged and pushed the blast back. But it was far too much for him and it enveloped him and completely obliterated him in an instant. The blast flew up into the depths of space and exploded with incredible power.

KRAAABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared, Toguro was dead.

Koto and Juri: WINNER OF THE TOURNAMENT OF THE SUPREME - TEAM NICO-URAMESHI!

Everyone cheered wildly for us as we were crowned the victors of the tournament.

Sakyo had lost everything. We went to him and gave him a much better job than being a business man for crime and all that. We gave him his dream job as a tour guide for our museum.

Yusuke: (To the Viewers) You have the power to become great things in the future and it's up to you to do your dream and how you do it.

Me: Ain't that the truth.

We were given the trophy and the title of the most powerful fighters in the universe. But we weren't in it for the fame, fortune or notoriety. It was all for fun.

## Part 1: CONFRONTING A DISGRACED FIRE LORD

---

Me, Ursa and her daughter Kiyi were in the Neptune Prison heading for Ozai's Cell. With us was Iroh.

Me: Are you sure you want to do this Ursa? I know the great amount of pain and suffering he put you and your family through.

Ursa: I'm ready J.D. I want to make sure that he never torments us ever again.

Iroh: Okay but remember that you can't let emotions like fear cloud your judgement.

Kiyi: I hope mommy scares him bad.

Me: (Chuckles) I'm sure she will Kiyi. But you have to remember that she was forced into a life like this and this was something she never wanted. Your half father was the most evil monster in all of history. We call him the Devil of The Fire Nation.

Kiyi: (Giggles) I like that.

Me: Me and Zuko chose it.

We got to the door of his cell and stood by it.

Ozai saw us.

Ozai: Ursa I heard you returned. That was a mistake. I promised you that if I ever saw you again, I would END you and everyone you've ever LOVED! But I'm going to do so much more than that. By the time I'm through with you, you will beg for oblivion! You hear me you WRETCHED THING?! BEG!

Kiyi: You leave my mommy alone!

She threw a punch and fired a small fireball from her fist that hit him square in the left side of his face it burned him bad. He screamed in pain as he was burned. He covered his face in pain.

We were amazed.

Me: Kiyi is a Firebender?

Iroh: She's a strong one too.

Me: She sure is.

Ozai lifted his hands away and he had a nasty 3rd-Degree burn scar over 40% of his face.

Me: Now I'm getting a sense of poetic justice here. Ozai gave Zuko a scar just like that and now Kiyi gave Ozai a scar like that too.

Iroh: That is a sense of poetic justice.

Kiyi: You stay away from my mommy!

Me: You tell him Kiyi!

Ursa looked into Ozai's burned face and into his eyes and she saw the very essence of pure evil inside of him and she saw him for who he truly was.

Ursa: You. I see you. After all these years, I finally see you, Ozai. You're just a SMALL, SMALL MAN trying with all your might to to be big. Your heart is so small, you've no room for your son, or your daughter, or your brother… or even yourself.

Me: I said the exact same thing to him when I visited him the last time.

Ursa: I had a feeling J.D.

Ozai: B-B-But-!

Me: Not only that Ozai, but you forced Ursa into a life that she never wanted and you are worse than a monster not just to Ursa and your family, but to the entire world as well. You, your father and grandfather killed more people and destroyed countless lives over the course of 138 years and you make the Devil himself look like a saint compared to you. Avatar Aang should've killed you when he had the chance. But this is a much better punishment for you. Being stripped of your Firebending and rotting in a prison cell 2.7 billion miles away from home is just as good. You have a lot to answer for when you meet your maker. But as far as I'm concerned, Hell is too merciful for you. There should be a much better place for people like you that's worse than that. Sorry Ursa.

Ursa: That's all right J.D. (To Ozai) Goodbye Ozai.

We turned and left and Ozai was infuriated.

Ozai: DON'T YOU TURN YOUR BACK ON ME! COME BACK AND GROVEL BEFORE ME! DO YOU HEAR ME?! COME BACK AND GROVEL!

We closed the door.

Kiyi: That man is a monster.

Me: He's worse than that Kiyi. But you are right and he deserves to be locked in a cage.

Ursa: You're right about that.

We left the prison.

## Part 2: TROUBLE IN DARK CITY

---

Me and Lincoln were riding on Rapidash around the state. We got to a hill and we were taking in the sights of the Michigan Countryside.

Me: (Inhales) Ahh. What a beautiful day for a horseback ride.

Lincoln: You said it.

Both our Rapidash neighed.

We continued our ride and we came across a deserted town. It looked like it was run down from a war.

Me: This town looks like it's seen better days.

Lincoln: What happened here?

Me: Lets find out.

We went to the entrance of the town and it had an arch entrance and on a plaque was the name Dark City.

Me: Dark City. Boy this place gives me the creeps.

Lincoln: It sure does.

We went into the city and it was a scary and creepy place.

Lincoln: Where is everybody?

Me: I don't know. But something is going on here and we have to find out what it is.

We rode through the town and looked around.

Me: It looks like everyone just got up and left.

Then I sensed something coming towards me and I grabbed it out of mid air. It was a rock.

Me: All right who threw this rock!?

I looked around and saw three kids on the roof.

Me: So you kids are the ones.

Kid 1: Get out of here Pokemon Trainers!

Me: Whoa! Easy there! We mean you all no harm. What's going on here? Where is everyone?

Kid 1: We don't trust Pokemon Trainers ever since THEY arrived.

Lincoln: Who is they?

Kid 2: The Gym Leaders of Yas and Kaz.

Me: Yas and Kaz? (Gasp) Ash told me all about this.

Kid 1: Hold up. Are you guys friends of Ash Ketchum?

Me: We sure are. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Lincoln: And I'm his best friend and little brother Lincoln Loud.

Kid 1: Oh wow! It's such an honor!

Kid 2: We heard so much about you. Maybe you can help us get rid of the Yas and Kaz Gym's.

Me: Before we do that we have to know more about them.

Kid 1: Sure. Lets head to the restaurant.

Me: Okay.

We did so and we were having a snack.

Restaurant owner: In Dark City, there are two Pokemon gyms: The Yas Gym and the Kaz Gym. The two gyms are in the middle of a gang war and they'll hire any wandering Pokemon Trainers as Soldiers to battle for them.

Me: That is completely disgraceful!

Lincoln: It looks like we got here just in the nick of time.

Me: We sure did. We were horseback riding on our Rapidash when we came here.

Restaurant Owner: I see.

Then we heard the sounds of crashing.

Kid 1: It's them!

Restaurant Owner: The Yas and Kaz Gyms are fighting again. If you don't want to get dragged into this, I suggest you go upstairs and hide.

Me: We're Team Loud Phoenix Storm and we don't run from any battle. Looks like it's go time Lincoln!

Lincoln: You got it!

We ran outside and it was gonna be a fierce fight. I fired a powerful blast of fire and burned the Kaz gym members. Lincoln fired a tremendous blast of lightning and electrocuted the Yas gym members.

Me: Lets split them up Lincoln. You take the Yas Members and I'll take the Kaz Members.

Lincoln: You got it.

Kaz: You better not mess with Kaz Gym youse guys!

Me: Your gym doesn't even deserve to be one. You guys are a disgrace to Pokemon trainers everywhere.

Lincoln: You give all Pokemon Trainers everywhere a really bad name. Using Pokemon in a Street fight is the ultimate disgrace to all pokemon everywhere.

Yas: Nobody talks to us that way! You two will die!

Me: Bring it on (Censored)!

Lincoln: You guys make me sick!

I kick the Kaz Gym leader in the face and let loose a barrage of punches on his stomach and knee him in the face and punch him in the mouth and knock out most of his teeth.

Me: How do you like your face, Medium Rare or Well Done?

I fired a blast of fire and it burned him bad.

Lincoln fired a powerful 500 million volt blast of lightning and electrocuted the Yas leader and members and they were hurt bad.

Lincoln: That leaves quite a shock to all of you.

Me: In the immortal words of my friend Nico: Yas and Kaz Gyms you both have failed this city.

Lincoln: You got that right.

Me: Yep. Alright you bozos listen up. You two have messed with this town for far too long. Everyone is now in fear because of you so I'm gonna give you two choices: 1): You either kiss and make up and work together or 2): I'll make you leave by force.

Kaz: We're not scared of you.

Yas: We're gonna kill you long before then!

They all went at us.

Me: I tried to be nice.

I fired an energy ball and it hit the ground in front of them and exploded.

KRABOOOMMM!

The explosion sent them skyward and flying through the air.

Kaz: I think I just realized something.

Yas: Same here. Those two were the famous Team Loud Phoenix Storm!

They flew into the distance.

Kaz and Yas: DAMN YOU J.D. KNUDSON!

TING!

Me: Wow! I sent them a long distance.

Everyone came out and cheered wildly for me and Lincoln.

Restaurant Owner: Thank you so much for saving us.

Me: No problem sir. We were just doing what we do best and that is making sure that all bad guys get their just desserts.

Lincoln: Yep. They need to be stopped no matter what.

Me: As long as evil exists we'll always be there to stop it.

Restaurant Owner: Now we can rebuild our city to what it was.

Me: We're glad we can help you. We have to head home.

We got on our Rapidash and headed home. As we just were about to reach the outskirts of Gotham Royal York, a mysterious blue light was coming from the forest. We saw the light.

Me: Look at that.

Lincoln: What is that light?

Me: Lets go see.

We went to take a look and then we saw an unbelievable sight. We saw a Xerneas, the legendary Pokemon of Life. It was a beautiful blue deer pokemon and it had rainbow points on its antlers.

Me: A Xerneas, the Pokemon of Life.

Lincoln: She's magnificent.

Me: She sure is.

Xerneas then began to transform and we saw her change into a beautiful woman with long light blue hair and blue eyes as blue as the ocean and she had a black dress with a blue skirt and black shoes with gold heals and she had a crown on her head in the shape of her antlers and she had black and gold gloves.

Me: Wow! Xerneas you are so beautiful.

Xerneas: Thank you J.D.

Me: How did you know my name?

Xerneas: I know everything that is full of life and I want to be with you for all of life.

Me: I can understand that. What is your human name?

Xerneas: Xenia.

Me: Beautiful name.

I held out my hand and she took it.

Lincoln: This is similar to how you and Varie met.

Xerneas: Yes Lincoln. I know about the ordinance you and J.D. are on.

Me: Yes.

Xerneas got on my Rapidash and she had her arms around my stomach and we rode off to home.

## Part 3: PHOENIX'S IN TOYLAND

It was movie night and we were watching the three best movies in all of Disney: Toy Story 1, 2 and 3. It took us until dinner to watch them all in one sitting.

Lynn Sr.: Kids dinner!

We were at the table.

Me: So what was your favorite movie from Toy Story?

Everyone: ALL OF THEM!

Me: Wow! You guys liked all of them.

Xerneas: They sure did like them all.

Varie: They sure did.

Sora: We went to the world of Toy Story and it was awesome!

Donald: Yeah!

Goofy: It was so much fun to help Woody and his friends.

Me: I can tell. Lets head into the Simulator after dinner and help out Woody and his friends.

Sora: It'll be awesome to see Woody again.

Kairi: It sure will.

Riku: This is gonna be awesome!

We ate Lynn Sr.'s cabbage casserole.

Me: Oh boy! Mr. Lynn I love your cabbage casserole.

Lynn Sr.: I know you do J.D.

Jared: I'll say and it's better for me without the fish sauce.

Allenby: And you love the cabbage.

---

In the simulator we were getting ready. We had everything all set. The Simulator Activated and we found ourselves in the world of Toy Story. We were in front of the daycare center where Andy donated his toys to them.

Me: It's the Daycare Center where Andy donated Woody and his toys. Lets go.

Ironhide: Hey look at me guys.

Ironhide now looked like his Live Action Movie counterpart.

Me: Wow! You guys look like the live action versions of Transformers.

Optimus Prime: We sure do.

Scorponok (BW): I still look the same.

Nico: This is awesome!

Ironhide: Check out these cannons, guys! They're pretty awesome!

Nico: I know, right?

Ratchet: Don't get too attached to them, Ironhide. When we get home, they'll disappear.

Ironhide: I know.

---

In another part of the world, something evil was going down. The evil Lots-o-huggin bear from Toy Story 3 and the evil prospector Stinky Pete from Toy Story 2 were planning something devious.

Stinky Pete walked up to Lotso.

Lotso: What do you want?

Stinky Pete: Heard a lot about you, Lotso. I'm Stinky Pete.

Lotso: Do I look like I care? Right now, I have to think of a way to get back at Sheriff Woody and his friends!

Stinky Pete: I want them dead too, Lotso. That's why I've been looking for you. Oh yeah, I know all about you. Like the fact that Woody and his friends overthrew your rule over Sunnyside. And this Dark Orb that I found will help us get what we want.

Lotso: Which is?

Stinky Pete: Look, I want to kill Woody and his friends. You want to kill Woody and his friends. Together, they don't stand a chance. Interested?

In the Daycare we went in and Woody and his friends saw us.

Woody: Sora, Donald, Goofy!

Sora: Long time no see Woody.

Buzz: How have you all been?

Goofy: We've been doing good.

Me: Woody, Buzz, guys it's an honor to meet all of you.

We introduced ourselves.

Woody: It's a pleasure to meet all of you.

Buzz: We heard so many big thing about all of you.

Potato Head: You guys have done so much.

Rex saw the Transformers.

Rex: Oh wow! It's the Autobots and the Decepticons from the Transformers Video Game me and Slinky played!

Ironhide: That's right Rex.

Hot Spot: We have a lot of stuff that honors us.

Scorponok (BW): It's a huge franchise that has been very popular for years.

Hamm: That's what I remember.

Gears: Out of curiosity, what are Space Rangers like?

Buzz: Well, Gears, Space Rangers are stationed at the Gamma Quadrant, Sector Four. As a member of the elite Universe Protection Unit of the Space Ranger Corps, I protect the Galaxy from the threat of invasion from the evil Emperor Zurg, sworn enemy of the Galactic Alliance! (gets serious) At least, that's what I thought I was doing at first.

Gears: That's amazing.

Me: It sure is.

Later I sensed something going on over at Galaxy Toys and we all went over there.

Scrapper: So Woody how did you and Sora meet?

Woody: We have known each other since Sora was a little kid. He was quite an adventurous personality.

Kairi: He sure does. He loves adventure and always does everything he can to protect his friends.

Woody: That is like Sora all right.

Buzz: Megan I noticed how close you are to Cornelia.

Megan: We have been best friends for a long time Buzz.

Buzz: I can tell. You two are perfect as sisters.

Cornelia: Thanks Buzz. That is a powerful bond.

Lucy H. I believe it. They do have the qualities to be great sisters.

Cornelia: Thanks Lucy.

Megan: We are very close.

Buzz: Indeed. Gears was Megatron really that dangerous to all of you?

Gears: "Dangerous" is an understatement Buzz. He was the most dangerous enemy the Autobots and all of Cybertron have ever known. His ultimate goal was to destroy the entire galaxy and remake it in his own image.

Buzz: That is absolutely evil.

Gears: You're telling me Buzz.

We arrived and we saw amazing Gigas Mech suits and they looked awesome.

Me: These Gigas suits look amazing!

Maria: It's a shame that the Gigas toys can't move on their own.

Lotso: Oh, we can make it move for you.

We see Lotso and Stinky Pete!

Woody: Stinky Pete!

Buzz: Lotso!

Stinky Pete: Glad to see that you remember us!

Heartless entered the Gigas mechs, activating them. One of the red Gigas looked ready to smash Hamm.

William: Hamm, look out!

Sora, Donald and Goofy blocked the incoming punch as Woody got Hamm out of harm's way.

Lotso (to Buzz): Don't worry, Buzz. I won't control you again. Especially since we've got new helpers!

Xion: Why are you doing this?

Stinky Pete: Sheriff Woody, Buzz Lightyear, and their friends cost us everything! So now, we're going to make them suffer in the most painful way possible!

Lotso: Hope you can survive those mechs! (he and Stinky Pete teleport away)

Ben: Time to fight Gigas with Gigas! (turns into Upgrade)

Ben: UPGRADE!

Upgrade went onto a Gigas Mech suit and transformed it with Galvanized Mechamorph technology.

I hopped into a purple suit and fired cannons and they fired energy balls that exploded with a lot of lightning. They vaporized numerous Heartless and knocked down some of the Gigas suits.

Buzz: I wonder why I feel stronger after defeating those Heartless in those mechs?

Me: It's one of our powers Buzz. When we kill Heartless we absorb Negative Energy and convert it into Positive Energy and it makes us more powerful.

Woody: That's amazing!

We destroyed all the Heartless.

Arpeggio: (British Accent) Woody, not all of us have watched your movies. Can you please explain why Lotso and Stinky Pete have a grudge against you and Buzz?

Woody: It's something we'll never forget. I was stolen by this crazy collector and I was to be put on display in a museum in Tokyo. Me, Jessie, Stinky Pete and my horse Bullseye were going to this museum in Japan. Everyone rescued me. But I couldn't let my friends go back into storage. I convinced Jessie and Bullseye to go with me but Stinky Pete cut off our escape. He was jealous and resentful that all the toys were sold and not him and he hates all space toys with a vengeance.

Me: That is completely delusional. What about Lotso.

Woody: He wanted to rule over the entirety of the daycare with an iron fist and make sure that all toys never escape.

Me: That is completely sick!

Nico: I can't believe he is a loving bear with a tyrants heart.

Laney: Just when you think you know people.

Me: Yep.

Slinky: Woody, Rex got dinonapped! Me and Potato Head saw him get hauled up to the second floor.

Potato Head: No sign of Hamm and the Alien either! But don't worry. Slinky and I are gonna look for them.

Lea: We'll catch up to you guys as soon as we can!

Slinky: Okay!

We went up to the second floor and we couldn't get in through the store front. It was closed. Slinky came up to us.

Slinky: Guys, me and Potato Head spotted Hamm near Babies and Toddlers.

Jessie (Toy Story): Where's Potato Head?

Slinky: He sent me to get you guys and meet back with him there.

We went into the Action Store and then a Supreme Smasher came to life!

Sandman (sees the Surpeme Smasher): Another toy's being controlled!

Rubberband Man (sees Buzz get his laser ready): Buzz? You sure?

Buzz: If it wanted to play nice, it shouldn't have messed with my friends!

Me: Lets go!

Wheeljack fired his laser and it made Buzz's laser real.

We went at the Supreme Smasher and I punched it in the face.

Gears punched the Supreme Smasher with devastating force.

Cornelia fired leaves at it that cut it up.

Gears: Time for a combo Cornelia.

Cornelia: You got it Gears!

Cornelia fired numerous leaves and Gears fired a bunch of missiles.

Cornelia and Gears: RAZOR LEAF MISSILE SLASH-AND-BLAST!

The missiles blasted and slashed it apart.

Me: That's it for that.

Then we saw something coming towards us. We saw an Exeggutor.

Nico: It's an Exeggutor.

Me: Go for it man.

Nico: You got it.

Nico threw a pokeball and caught it.

Me: Yeah! Way to go Nico!

May: You said it.

Xerneas: I can tell there is so much potential in the life of all trainers.

Me: There sure is Xenia.

We went through the air vents and we arrived in the Baby Store. We saw all kinds of stuff for girls and babies.

Me: This place is really perfect for a bunch of people that love dolls.

Lola: I would love this place.

Lana: Excuse me while I go barf.

Me: I think I see Mr. Potato Head. He's stuck in that Tuba.

Slinky (Riku pulls Potato Head out of the tuba): Potato Head! You ok?

Potato Head: Yeah. Peachy.

Riku: Did you find Hamm?

Potato Head: Yeah. But after I sent Slinky to get you guys, a giant hand grabbed me and stuffed into that tuba!

Me: We have to find whatever did that and stop them.

Laney: I think THAT is what is responsible!

We saw a gothic style doll surrounded by a black aura.

Venom (sees the Heartless possessed Doll): Ok, we don't know what this ugly doll is. In fact, that's what we'll call it. The Ugly Doll. Because blue haried doll with bunny ears sounds way too long. And Porcelain Black was already taken.

Woody: Hamm, take cover!

Hamm: Got it! One stay at the dread and breakfast was enough for me! (gets to safety)

Xion: This doll makes we want to throw up.

She slashed the doll with her Keyblade. Scrapper fired missiles at the doll.

Xion: Time for a combo.

Scrapper: Lets do it Xion.

Xion fired a beam of light from her Keyblade and Scrapper fired a bunch of missiles.

Xion and Scrapper: LIGHT MISSILE BARRAGE!

The light and missiles hit the doll and exploded. The doll was back to normal.

Buzz (sees the doll): Wait. What if we end up just like her? Forgetting ourselves and attacking each other?

Nico: Don't worry, Buzz. That won't happen.

May: Yeah. You guys are too strong!

Buzz: You can't be sure! What if I get taken over and attack all of you?!

Scrapper: Swerve wondered about that same kind of thing before.

I opened Buzz's helmet and slapped him in the face and closed his helmet.

Me: Pull yourself together Buzz. Sorry about that but you're overreacting.

We continued on and found a possessed UFO stealing the Aliens.

Thundercracker (sees the possessed UFO holding the aliens hostage): Skywarp, hope you remember our Seeker training.

Skywarp: I sure do. Guys, me and Thundercracker are getting the aliens out. You keep the Heartless off of us.

Me: You got it Skywarp! Lets get them!

We went at the Heartless and killed many of them and they kept on coming. We kept on getting stronger and stronger and stronger at an accelerated rate with each Heartless we killed. Thundercracker and Skywarp got the Heartless possessed UFO stopped.

Buzz: Still no sign of Stinky Pete and Lotso.

Elena: Well, what's the one place in this place that we haven't looked?

Rex (Toy Story): The video game store!

Nicole: That's perfect for me.

We went to the Video Game store.

Me: Wow! Nicole this place has video games you would love.

Nicole: I beat all these games and they are awesome!

Me: They sure don't call you the Goddess of Video Games for nothing.

We walked into the store and almost immediately I smelled a fruity scent.

Me: (Sniffs) Mmm. Do you guys smell that?

Lana: Yeah it smells very fruity.

Lola: Smells like strawberries.

Lily: Wait I remember from the Third Toy Story Movie that Lotso smells like strawberries.

Me: You're right Lily and he must be close.

Woody: Stinky Pete! Lotso! Show yourselves!

Lotso (he and Stinky Pete appear): All you had to do was ask, Sheriff.

Killer Frost: Ok. Let's settle this. Right here. Right now!

Stinky Pete: Or we can let history repeat itself.

A Marionette Heartless snuck up behind Buzz and went into him.

Stewie (sees a shadowy aura appear around Buzz): Buzz? What's wrong?

Buzz pointed his laser at Woody.

Woody: Buzz, stop fooling around!

Buzz shot his laser at Woody

Goofy: Look out! (blocks the laser with his shield)

Sora: What did you do to him?!

Lotso: We just put him under our control again.

Stinky Pete: You see, if it weren't for Woody, I would've gone to that museum in Japan being adored by millions.

Lotso: And if it weren't for the Sheriff and his pals, I still would've been ruling Sunnyside. Luckily enough, the bad feelings that Lightyear have towards us weakened his heart a bit.

Carmen (restraining Buzz): Guys! Do something!

Nicole: I'm on it!

But Stinky Pete shoved her into the War For Cybertron video game. She woke up in the game to see Decepticon soldiers looking down at her.

Stinky Pete: You call yourself the Goddess of Video Games, Nicole? Here's your chance to prove it!

Nicole: Bring it on! (Goes Super Angel 10,000 Star Dragon)

She was dominating the game.

She beat the game at 150%.

Outside the Video Game overloaded and exploded and Nicole was freed.

Nicole: You need to give me a much better gave I HAVEN'T beaten yet.

Me: You're gonna have to do much better than that STINKY FEET!

Stinky Pete: It's Stinky Pete you stupid idiot!

They left.

Nicole: Guys, where's Buzz?

Cornelia: Stinky Pete and Lotso took him through a Dark Corridor.

Woody: How do we get them back?

Xion: Me, Lea, and Elena can't open up Dark Corridors ever since we killed Xehanort.

Slinky: Guys, it might be a long shot but me and Potato Head found a shadowy portal in Kid Korral.

Me: Then that's where we're headed. Lets go!

We went into the Kid Korral and we saw that it was an awesome kids playground.

Me: Wow! It's an awesome playground.

Nico: It sure looks like a fun place my siblings would like.

Laney: It would be perfect for most of us.

Lily: Yeah it would.

Then out of the ball pit came a Marowak.

Me: Hey its a Marowak.

Nico: That Pokemon is mine.

Nico threw a pokeball and caught it.

Me: Way to go Nico!

Woody: YEE HAW! Rope them doggies!

Me: Lets see.

I concentrated to sense for Negative Energy spikes and I found one in an air vent.

Me: It's coming from that air vent up there! Lets go!

We went into the vent and we saw a portal that lead into a dark area.

Me: Lets go.

We head into the portal and entered it, coming out in a dark space.

Me: (sees Buzz float above with Lotso and Stinky Pete in front) There they are!

Woody: This ends now!

Stinky Pete: When are you going to learn, Woody? Children destroy toys! You'll all be ruined, forgotten! Spending eternity rotting in some landfill! And after you're all dead, me and Lotso are going after Andy and Bonnie.

Woody: Are you saying that we'll all end up like Buzz? If you guys kill Andy and Bonnie?

Maria: That's not true! Whether they're alive or not, Andy and Bonnie are a part of their hearts, just as Carmen and my mom are a part of mine. I also kept them inside my heart even when I served Ebon in the Meta Breed.

Lotso: Cut the (censored), Rockell. You all think of us toys as just trash, waitin' to be thrown away! That's all a toy is.

Maria was going to say something before Woody stepped forward.

Woody: Your tricks aren't going to work on me anymore, Lotso. Give Buzz back, then leave us alone!

Stinky Pete: Or else what, Woody? In case you've forgotton, you're a toy just like us!

Woody: Yeah, I am a toy, and a friend. No one's ever loved you two for a long time. Because you both forget everything about hearts and love. But our new friends aren't like you two. Especially not Maria. She knows more about hearts and love than you two ever do.

Maria: He's right. There are hearts all around us, trying to connect. Your loneliness only made our connections stronger. Especially the bond between Woody and Buzz. That's the heart's true nature. To never, EVER let go.

We applauded for her.

Me: Well said.

Buzz then broke out of the darkness he was enshrouded in and he was back with us.

Me: Welcome back Buzz.

Buzz and Woody showed Andy's name on their feet.

Stinky Pete: So your stupid friendship really is powerful. We'll have to remember that.

Buzz: Remember this. Our hearts will always be connected to Andy and Bonnie's whether they're our owners or not!

Woody: And that's something you two will never understand. Because you're both hollower then any toy.

Lotso: You're right about one thing, Sheriff. It's time to end this game!

Then out came the King of Toys! It was a giant UFO Heartless and it was the most incredibly huge Heartless we had ever encountered.

Me: Wow! So that is the King of Toys!

Sora: It sure is huge.

Kairi: No kidding.

Stewie: It's time to send that Heartless back to the manufacturer.

Me: Lets get him!

Edzilla (pummels Lotso): ED SMASH STRAWBERRY BEAR!

We all went at the King of Toys and fired all kinds of energy blasts and attacks at it. They all exploded when they hit it. We punched, slashed and kicked it at an extremely ferocious level and we blasted it with all kinds of attacks.

Xerneas fired a blast of energy and blew a huge hole in it.

Me: Final Smash time guys!

Woody: You got it J.D. COWBOY STRING BIND!

Woody wrapped up the King of Toys in his pull string.

Stewie: My turn! RAY BLAST OBLITERATOR

Stewie fired a powerful blast from his ray gun and completely obliterated the King of Toys.

The dark area faded. We picked up Lotso and Stinky Pete.

I reached into the back of Stinky Pete and picked up a dark orb.

Me: You will never torment other toys with this again.

I crushed the Dark Orb and we got a massive power boost from it.

Nico: Stinky Pete and Lots o Huggin Bear, you both have failed their toymaker brands!

Lotso: You wouldn't kill us, would you, Sheriff?

Woody (smirks): Nope. But Ironhide will.

Ironhide pointed his cannons at the two evil toys.

Ironhide (smirks): Boom. (fires cannons)

The cannons blew the two bad toys to pieces.

Me: Now we can throw the rest of the remains of these disgraces of toys in an incinerator.

Lotso and Stinky Pete appeared as spirits.

Lotso (as a spirit): It's only a matter of time before Bonnie leaves you, Sheriff.

Stinky Pete (also as a spirit): Just like Andy did!

Woody: Big talk from two dead toys.

Buzz (to Nicole): I think it's time you paid those two back for trapping you in that video game. Even if it did look interesting.

Nicole: I had a fun time but I think these two deserve worse. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLEN LIRUSNOR!

The spirits were sucked into the Book of Vile Darkness for all eternity.

Me: You two have been forgotten.

Woody: (To the Viewers) Never mess with the toys that love an owner like a family or you will face the wrath of us.

Me: You said it Woody.

Later we were getting ready to go.

Ironhide (sighs): I'm going to miss my cannons.

Woody: It's a shame you guys have to go. You've all been great friends.

Optimus Prime: Yes. It is a shame that we have to leave you all.

Miranda (smirks): If only there were some way for us to be close to you guys.

Me: Actually there is.

I snapped my fingers and beamed the world of Toy Story into the Orbit of the Land of Departure and it was perfect. With the Land of Departure now in orbit around Earth we are now close to the world of Toy Story.

Another Fanfiction Complete.

The Toy Story Franchise is one of the greatest series in all of Disney and it's been one of my favorites series since it first came out. Tim Allen, Tom Hanks, Don Rickles, Jim Varney, Wallace Shawn, John Ratzenberger, Anne Potts and all kinds of stars starred in these movie and they did a fantastic job over the course of 24 years and a 4th Toy Story movie is coming out later this year in 2019. NicoChan11 gave me the ideas for this one. Thanks man as usual. I have to go in for Gallbladder removal surgery on Friday tomorrow. So I won't be doing fanfics until Sunday after I finished recuperating. But do send your prayers and wishes and wellness. Let me know what you all think.

See you all next time.

# Phoenix's and Insects VS Grasshoppers

It starts on the Destiny Islands in Lake Huron. Sora, Riku and Kairi were showing Me, Nico, Lincoln and Laney their home island.

Me: Wow! Sora, your home island is amazing!

Sora: Thanks J.D. It's our little paradise.

Laney: It sure is beautiful.

Lincoln: I would call this a sanctuary paradise.

Nico: Me too Lincoln.

Me: Sora how did your adventure begin?

Sora: I'll show you.

Sora took us into a cave and we saw all kinds of drawings on the walls.

Me: Wow.

Laney: These drawings are amazing.

Lincoln: They sure are.

Sora: These drawings are pictures we did over the years. We've been coming in here since we were kids.

Nico: So you all have known this place for a long time.

Kairi: We sure have.

Riku: It's a spot we'll always treasure.

Me: I can tell. (Sees something) What's that over there?

I point to a strange hole that once had what looked like a door in it.

Sora: That hole once had the keyhole that was here on this island.

Me: Is that the door that began your adventure?

Kairi: It was.

Me: How did that happen?

Sora: It was an adventure that would decide the ultimate fate of the universe. As I was getting ready for dinner, an incredible storm appeared out of nowhere and the Heartless appeared and I got the Keyblade.

Me: And then the ultimate adventure that would decide the fate of the entire universe began.

Riku: That's right.

Aqua: It's hard to imagine. But you haven't seen anything yet.

Aqua opened a portal and we were lead to a vast, twisted and barren wasteland and keyblades of hundreds of keybladers were stuck into the ground.

Me: What is this place?

Ventus: It's the Graveyard of our fallen comrades in the first Keyblade War.

Me: This is horrible.

Sora: Yes. Xehanort was going to start another Keyblade War and it was gonna decide the fate of the Universe.

Me: That's awful.

Lincoln: I can't believe that Xehanort was that evil.

Laney: Me neither. He was a monster worse than the Devil Himself.

Me: No kidding.

Terra (KH): Yeah. But he poisoned my mind with so much evil and lies and it was awful.

Aqua: And he tried to get me too. But my will was far too strong.

Me: I'm glad we got you out of the darkness Aqua.

Aqua: I am too.

Lincoln: Xehanort got what was coming to him and he will never terrorize the universe ever again.

Me: No he won't. Xehanort was the ultimate mastermind behind everything that went down and if he wasn't stopped, he would've balanced light and darkness and that would've ultimately destroyed the entire universe. We couldn't let that happen.

Laney: No we couldn't.

Nico: Xehanort you have failed this entire universe.

Me: You said it man.

At the estate we were watching one of my favorite movies: A Bug's Life. It was about these ants that lived on an island and they were being forced to gather food for a bunch of marauding grasshoppers lead by Hopper. He was a selfish and completely heartless grasshopper who only cared about no-one but himself. We saw that an ant named Flik, a wood-be inventor was doing his best to help out his colony and all his attempts failed until he brought circus bugs to be warriors to fight for the ants. This worked out well until P.T. Flea exposed the lie unintentionally and got Flik exiled. We thought that was completely unfair. But we saw Flik make the ants revolt against Hopper and the Grasshoppers and in the end they got him eaten by the one thing he feared of all: Birds. Flik was now a hero and he and Princess Atta were a couple.

Me: That will always be one of my favorite movies.

Laney: It was an amusing movie.

Lola: It sure was.

Lana: I can't believe that Hopper is that selfish! What a monster!

Lori: He literally disgusted me.

Leni: He is totes icky. And I did not like that spider. Ew!

Me: Hopper gives all grasshoppers everywhere a really bad name. And to top it all off he was gonna kill the queen. But he never realized that if he killed the queen of an ant colony he would kill the entire colony.

Lisa: That is correct. Without the Queen of Formicidae colony, the entire colony will die out in a matter of days.

Lynn: That grasshopper was a jerk!

Luan: He was a Grass Hopping jerk! (Laughs to rimshot) Get it? But seriously he was a big time jerk.

We all laughed.

Nathan: (Laughs) That was funny Luan!

Eddy: (Laughs) That is a good one!

Me: (Laughs) That was funny! But yeah. I agree Luan. Lets head into the Simulator and show Hopper that we mean business. By the way Sora, have you ever been to a world for A Bug's Life?

Sora: No I haven't.

Me: There must be numerous worlds you all haven't covered.

Sora: There must be. And A Bug's Life is one of them.

Me: Yep. Lets head to the Simulator.

We did so.

---

We were in the Simulator and getting ready. The Simulator activated and we were on Anthill Island. It was a small island in the middle of a lake and it had a single tree and an anthill.

Me: So this is Anthill Island.

Lori: It sure is literally amazing.

Lisa: Indeed.

Me: Lets get to work. Those grasshoppers are going down.

Everyone: YEAH!

We got to work helping the ants.

* * *

Meanwhile in another part of the world, the Grasshoppers were plotting.

Molt: Why are we out here again, Hopper?

Hopper: Well, Molt, like I told you earlier, those ants outnumber us and the rest of our army. Even the Heartless and the Dark Orb that Reverse Flash gave me won't be enough. So we'll need to get some muscle.

Molt: Why not ask Grodd and the other villains for help?

Hopper: That's very tempting. But I know that Team Loud Phoenix Storm will defeat them easily. No, I need some backup that those heroes won't be willing to kill.

The two of them then come across a Yanmega, Hitmonchan, and Lickitung.

Hopper (smirks): Bingo! (approaches the three Pokemon) Excuse me! You three seem to be lost. How would you all like to work for me?

The three Pokemon agreed to help them. Then a Heartless came.

Molt: Hopper, some of the Heartless reported that Team Loud Phoenix Storm are helping the ants. And the Insecticons are with them!

Hopper: Really? Well, I think this is a perfect opportunity for us to get the Insecticons back to our side.

Molt: You sure that's possible?

Hopper: Of course! After all, the Insecticons might be with Team Loud Phoenix Storm now. But they're still Decepticons at heart. I just need to bring that side of them out again.

Molt: How are we gonna do that Hopper?

Hopper: You'll see. LETS RIDE!

The Grasshoppers were flying towards Anthill Island.

---

We were building up their hopes and telling the ants that they were never meant to serve the Grasshoppers and that they are always at the bottom.

Me: You ants are much stronger than they are not just mentally but physically as well. You are better than this. You can send all those grasshoppers packing. So what do you say? Have you all had enough of Hopper's oppression?

Ants: YEAH!

Me: Are you gonna rise up and get rid of him and his grasshopper cronies!?

Ants: YEAH!

Me: And are you gonna make sure that you all keep the food you need to survive!?

Ants: YEAH!

Me: Then lets send Hopper away!

Ants: YEAH! (CHEERING)

---

The Insecticons were flying over the land to make sure that the Grasshoppers didn't come too soon. But then they saw them coming and stood ready to fight.

Hopper (to the Insecticons): Now, we don't have to fight. I just want to make you three a deal.

Shrapnel: What kind of deal?

Hopper: I understand that Megatron treated you badly when you were still serving him. But are you sure that J.D. Knudson is any different from him.

Bombshell: What are you trying to say?

Hopper: When was the last time that he ever took you three out on missions? He might claim to care about you but once he's bored of you three, he'll throw you away like yesterday's garbage.

Kickback: You're lying! J.D. would never do that to us!

Hopper: He would. But if you all join me, I'll be a better leader to you three then J.D. or Megatron. I'll even share with you the power of darkness from my Dark Orb. All you three have to do is join me in crushing those ants once an for all! (smiles) What do you say?

Kickback fired his laser at Hopper and flew away. This was Kickback's way of saying Take your Offer and Shove it.

Kickback: Sorry Hopper. But you won't get me to turn that easily.

They flew back to us.

---

We got the ants courage built up.

Kickback: Hey guys! The Grasshoppers are coming.

Kickback told us what happened.

Nico: (to the Insecticons) Well, I'm glad you three didn't accept Hopper's offer.

Shrapnel: I know, right? I mean, you guys redeemed us and the rest of the Decepticons when you killed Megatron and Starscream.

The horn sounded and we saw the Grasshoppers coming.

Me: Here they come. Stand ready!

Suddenly a bunch of Heartless appeared and we went at them.

Me: Lets get them!

We slashed all the Heartless apart and we got an immense power boost because of it.

Flik: Wow! We got stronger. How did that happen?

Me: We have the ability to absorb negative energy and it makes us more powerful. Our bodies convert negative energy into positive energy and it makes us more powerful.

Lincoln: It's a very powerful ability we have.

Flik: Well, good to know that killing those Heartless makes you guys stronger. Because I don't feel atronger. Not after my recent blunder.

Me: Lets worry about that later.

Then we saw Hopper come out.

Me: Hopper, so we meet at last.

Hopper: J.D. Knudson. Say hello to my little friend.

We saw a huge butterfly heartless come out. It was a huge butterfly heartless with 20 legs, scary butterfly wings and powerful antennae.

Dot: Flik, what happened?

Flik: Hopper cheated.

Hopper: Cheated? [To Kaleidofly] Hold on there, big guy. [To Flik] Oh, grow up. What, you think this is a game of kickball on the playground? You and your friends never had a chance to defeat me, fool! And you know why?

Flik: Because you cheated?

Hopper: No, not because I cheated! Because I'm a powrful grasshopper. And you're just an ant. A stupid ant! [He and his minions laugh]

Flik: I guess you're right, Hopper. I am just an ant.

Hopper: Of course I'm right. Okay, Kaleidofly, time to kill-

Flik: And you know, I've been through a lot in the past several hours. And if I've learned anything during that time, It's that you are who you are.

Hopper: That's right. Okay, Kaleidofly…

Skids: Let Flik speak!

Flik: And no amount of powers… [Turns to JD, who looks nods at him]… or skill of inventing… [Turns to Princess Atta, who looks down] can make me anything more than what I really am inside: An ant.

Hopper: That's great. Now, get back against the wall.

Flik: But that's okay! Because I did what you said an ant couldn't do. I made new friends in the circus bugs, taught them how to fight, believed in myself, and when the Heartless attacked us, I helped to defeat them!

Scavenger: You tell them, Flik!

Hopper: Let this be a lesson to all you ants: Getting help from other people is a very dangerous thing. You are mindless soil-shoving losers put on this earth to serve us.

Flik: You're wrong Hopper. Ant's are NOT meant to serve Grasshoppers. I've seen these ants do great things and year after year they somehow manage to pick food for themselves and you!

Me: You're nothing but a weaker species that actually fears the ants. They are stronger than you say they are.

The Ants turned against Hopper.

Me: You grasshoppers are not welcome here.

Princess Atta: You see Hopper, Nature has a certain order: The Ants pick the food, The Ants KEEP the food and the Grasshoppers LEAVE!

Me: ATTACK!

We charged and we were thrashing the Heartless and Grasshoppers.

Hopper (sees the Kaleidofly about to fight us): Finally, this is just what I need to take over Ant Island. But first, I am getting rid of all of you! Destroy them, my pet

Nico: (hits Hopper with Stinky Pete's pickaxe) Hopper, you have failed this island!

Hopper: Well, you're about to fail those ants!

I kick Hopper in the face.

Hopper: (grabs Francis Stone by the throat) The former Hotstreak. If only Ebon could see you how pathetic you are now. You were a force to be reckoned with when you had your fire powers. But now, all you have is that stupid flamethrower!

I kicked Hopper in the face again.

Me: Gorilla Grodd must've told you about us coming.

Edzilla: (punches Thumper) ED SMASH RABID GRASSHOPPER!

Eddy: Thumper was actually Feral.

Nico summoned Winterhorn Heartless and they trampled all the other grasshoppers.

Star Butterfly was hitting numerous grasshoppers with her magic.

Star B.: NARWHAL BLAST!

She fired numerous Narwhals and squished them. We blasted the Kaleidofly with our energy attacks and combos. Yoshi and Skids used a combo called DINOSAUR RAMPAGE MISSILESTORM. This is where Yoshi threw numerous eggs and they explode on the Kaleidofly along with the missiles. Scavenger fired numerous missiles and Stalker fired numerous lightning darts and they hit and exploded and electrocuted the Kaleidofly. They used a combo on him called LIGHTNING NEEDLEMISSILE BARRAGE and the missiles and needles both electrocuted and exploded on the Kaleidofly and weakened it.

Me: Final Smash time!

Flik: You got it! I'll start! GRAINSTORM BARRAGE!

Flick used his harvester machine he invented and fired grain missiles at the Kaleidofly and they exploded and hurt it.

Wasp: My turn! YELLOWJACKET DEATH STING!

Wasp summoned a massive swarm of yellow jacket bees and they brutally stung the Kaleidofly and weakened it. Nico flew up and placed his hand on its head and tamed it and it was now under his control. The Kaleidofly fired lasers from his eyes, wings and antennae at Hopper and he tried to dodge them all but his speed wasn't enough.

Yoshi, Francis (Static Shock), Poison Ivy, Karai, Teresa, Stalker, Shocker, Rhino, Clayface, Demona, Bowser Jr., Inque, Bai Tza, and Shego each demonstrated their own fighting moves on the Grasshoppers. Yoshi threw numerous exploding eggs at the

Grasshoppers and grabbed them with his tongue and threw them off the island. Francis fired blasts of fire and burned the grasshoppers to a smoldering crisp. Poison Ivy used her plant powers and entangled them in poisonous vines and crushed them. Karai was slashing the grasshoppers apart with her sword. Teresa fired sonic blasts and blew them to pieces. Stalker was bashing them with his staff and ripping them apart with his strength. Shocker fired blasts of lightning and electrocuted the grasshoppers to a crisp. Rhino charged and flattened the grasshoppers into pancakes. Clayface smashed them with mace hammer hands. Demona kicked and slashed the grasshoppers apart and Bowser Jr. fired blasts of fire and incinerated the grasshoppers. Inque formed whips of ink and slashed the grasshoppers in half. Bai Tza drowned the grasshoppers in water and Shego fired blasts of chemical fire and vaporized the grasshoppers until only Hopper was left.

After we tamed the Kaleidofly we saw the three Pokemon.

Me: A Lickitung, A Hitmonchan and a Yanmega. I'll take the Yanmega and you take the other 2.

Nico: Okay.

We both threw Pokeballs and I caught the Yanmega and Nico caught the Hitmonchan and Lickitung.

Me: Boy I would hate to get licked by a Lickitung's tongue. I would drown in it's spit.

Nico: No kidding.

Me: Lets finish Hopper off for good. (Whistles)

I whistled and called a bird.

A red, orange and yellow bird appeared and I grew to giant size and I squished Hopper with my foot

Me: Dinner is served.

And I peeled him off my shoe and the bird took him and fed him to her chicks.

Me: You are now a birds dinner Hopper.

Hopper's spirit then appeared.

Luan: This is one situation that you can never Hop away from. (Laughs to rimshot) Get it?

We all laughed not only at Luan's Joke but also at Hopper.

Hopper (as a spirit): You stupid brat! You think this is funny?!

Slim: Hilarious. The more you whine, the more funnier it gets!

Flik: There's no place for you anymore, Hopper. You and your gang are through pushing us around.

Hopper: You morons are gonna be sorry when I find my way back and I finally take over this island!

Nicole: Don't count on it bug head. (Chants an incantation) ALDRUON ENLENTHRANEL VOSOLEN LIRUS-NOR!

Hopper was forever sealed into the Book of Vile Darkness.

Me: I think he's the first ever insect villain we killed.

Nico: He sure is.

Nathan: But this was so awesome!

Mindy: It sure was. Great job guys. And Captain J.D. you were awesome!

Me: Thanks Mindy.

Nick: That was so funny how we beat all the Grasshoppers and sent them packing.

Me: It sure was.

Xerneas: It was awesome beating Grasshoppers with the help of ants.

Me: Yep.

Flik: (To the Viewers) Ants can lift 5,000 times their own weight and when working together we are far stronger than anything. Teamwork is extremely essential to the insect world.

Me: That's right Flik.

We helped the ants rebuild their colony and we got to learn all about the ways of ants and it was so cool. We beamed Anthill Island to the orbit of the Land of Departure. P.T.'s circus was put out of business and we gave the circus bugs a much better job as the protectors of Anthill Island.

See you all next time.

# The POW Chicken Farm

It starts at the estate. We were watching TV and reading books and playing card games.

Lightspeed came down and she had goth clothes on.

Me: Love the new look Julie.

Nico: Julie, what's with the Goth look?

Lightspeed: I'm trying to impress Greg, who I have a crush on.

Brittney: You have a long way to go before you can accept the darkness like I have.

Sam M: Is that my Goth outfit?!

Lincoln: It's her own version of it.

In James' room he was looking back on all the things he and Jessie did while they were working with Team Rocket before we killed them and he remembered his Pokemon Weezing.

James: Weezing! (Crying)

Then the window opened and in came Weezing!

James: Weezing!

He was reunited with his Weezing!

Later I was looking for any crimes being done but so far everything was quiet.

Me: So far nothing.

Then I picked up a radio transmission. It was coming from the bottom of the sea off the coast of central western Africa.

Me: This is interesting. We better check this out.

Me, Nico and Shockwave went to the signal source.

We landed in eastern Somalia.

Nico: So what are we looking for J.D.?

Me: The computer picked up a signal coming from here. Lets see.

I went to a rock and flipped it over and it uncovered a hatch.

Me: A Hatch?

I opened it and we went down into a cave.

Me: This is unusual. We never saw this cave.

Shockwave: I know this cave and I believe I know what is emitting that radio signal. Let me see here.

Shockwave went to a control console and he opened a computer.

Me: What does this lead to?

Shockwave: It leads to the Decepticon Flagship Nemesis.

Nico: The Nemesis!? The flagship of the Ancient Decepticon Spacefleet?

Shockwave: That's it.

Me: Lets head into the Submersible and see the ship.

We went into the submersible and activated it. We cruised through the ocean on a rail and we arrived at our destination and we saw THE NEMESIS! It was the biggest ship we had ever seen. My computer eyes did a scan on the whole ship and it was the most incredible ship we had ever come across. 2 and a half miles long and it was the most amazing ship ever.

Me: Wow! So that's the Nemesis.

Nico: It's the most powerful Decepticon Warship in the history of Cybertron. It's the very ship that shot down the Ark itself.

Shockwave: That's right.

We went into the control room and then we dodged a laser blast.

Computer: Intruders you are ordered to stand down.

Nico: (avoids the laser fire from the Nemesis) Guess the Nemesis doesn't realize that the war's over!

Shockwave: With Megatron, Soundwave, and Starscream dead, I am the only one that the Nemesis will listen to. All of you draw its fire while I reprogram the control console.

Me: You got it!

Shockwave got to work and we were dodging lasers and energy beams.

Shockwave: There we go. Now the Nemesis will listen to me and you, Nico.

Nico: (smiles) I knew I made the right choice redeeming you, Shockwave.

Me: (Pats Nico's back) You made the right choice man.

Shockwave: Stop it guys. You'll give me a swollen head.

We got the ship into the air and set the course and have it land in the estate. Lana and the Decepticon's got to fixing up the Nemesis.

As we were playing card games Lightspeed came in and she was crying.

Lightspeed: (cries) It's no use! Greg will never love me!

Me: Julie, Greg will like you for who you REALLY are and you are perfect just the way you are. He'll accept you for who you are and not as something else.

Lightspeed: (Cheers Up) You're right J.D. Thanks for that.

Our advice worked well for her and she told him how she feels about him and he accepted her feelings. Greg and Julie were now official boyfriend and girlfriend.

* * *

Later we were watching one of me and my moms favorite movies: Chicken Run. It was about a Prisoner Of War Camp style chicken farm run by the greedy Tweedy's. And she was going to turn all of the chickens into Chicken Pot Pies and it was absolutely disgusting how they treated all their chickens. A chicken named Ginger and her fellow chickens are trying everything they can to escape from the farm by any means necessary. But in the end the Tweedy's got their farm out of business and they escaped.

We cheered wildly that the chickens were freed.

Me: That is always one of my favorite movies.

Lori: The Tweedy's are literally disgusting people.

Leni: They totes give chicken farmers a really bad name!

Luna: No kidding dude.

Me: Hmm.

I went to the computer and just as I surmised the Tweedy Chicken Farm is indeed real and it is in Yorkshire, England.

Me: It IS real. And it's located in Yorkshire, England. And we have to stop it at all costs. If there's one thing I despise more than anything else it's concentration camps and Prisoner Of War Camps. Lets roll!

We set out for Yorkshire, England.

* * *

In Yorkshire, England we saw the Tweedy's Chicken Farm. We were hiding behind a hill.

Me: Okay here's what we're gonna do. We're gonna go undercover as Chicken Farm inspectors and get all the chickens to a special sanctuary we'll have built at home.

Lana: If there's one thing I never tolerate, it's CHICKEN MURDERERS!

Me: Shh! You want them to hear you Lana?

Lana: Sorry.

Me: Lets go.

We got dressed in disguises and we walked up and knocked on the door. Mrs. Tweedy answered.

Teresa, Francis and Shocker were dressed in huge trench coats, Clayface was disguised as an inspector and Bai Tza was in his waterbottle.

Teresa: Hello, I'm Inspector Chickenegg - Chicken Farm Inspector.

Francis: I'm Inspector Featherbrain.

Shocker: And I'm Inspector Eggscrambler. We're here to inspect your barn.

Mrs. Tweedy: Chicken Farm Inspectors?

Teresa: We're affiliated with the C.I.A., the F.B.I., Scotland Yard and Interpol.

Mr. Tweedy: What can we do for you?

Teresa: We're here to inspect your chicken farm.

Mrs. Tweedy: Is it that time already? Go ahead.

Teresa: Thank you ma'am.

We went into the chicken farm area.

Me: We're in.

Ed: CHICKENS! (hugs Ginger) Hug a chicken, hug a chicken, hug a chicken!

Leni: I want to hug the chickens too!

Sam S.L. clucked and all the chickens came to her.

Lincoln: I didn't know you spoke chicken Sam.

Sam S.L.: It's one of my hidden talents. Liam's farm is perfect for me to practice.

Liam: (Southern Accent) Boy howdy. You sure know your farming.

Carmen: She sure does apple butter.

Luna: She is perfect dudes. (Blushes)

Everyone: Aww.

Sora: Time to call in some help.

Sora then summoned Chicken Little.

Sora: Nice to see you again, Chicken Little!

Chicken Little: You too, Sora! I haven't seen you since your second adventure.

Me: Chicken Little from 2005. It's a pleasure to meet you.

Chicken Little: It's an honor to meet you J.D. Knudson. We heard so much about you and all of Team Loud Phoenix Storm.

Me: I'm glad you know all about us.

Mrs. Tweedy: (Offscreen) So all of Team Loud Phoenix Storm is here.

We saw her and with Mr. & Mrs. Tweedy was a Rhyhorn and 2 Koffing.

Me: So you knew it was us?

Mrs. Tweedy: I knew there was something off about you three. The fake names you had were almost chickenlike.

Shocker: Believe me. Me and Francis aren't proud of it either.

Me: They were the best I could come up with.

Ed became Edzilla.

Lana: You two are an absolute disgrace to all chicken farms everywhere!

Liam: That's right. You all are running a Concentration Camp for Chickens!

Me: And that is Animal Cruelty on Steroids.

Edzilla: ED SMASH CHICKEN ABUSERS! (punches Mr. Tweedy)

Nico: Mr. and Mrs. Tweedy, you two have failed the entire world of poultry!

Me: And they lack good taste in awesome eggs.

Lana: What he said you animal murderers!

Nico saw the Pokemon with them.

Nico: Hey it's a Rhyhorn and 2 Koffing!

Me: I don't have a Koffing and James once had one. Maybe he can give me some pointers with it.

Nico: Good thinking.

Mixmaster poured cement onto Mr. & Mrs. Tweedy's feet and it hardened and stuck them to the ground and Inferno doused them with a massive deluge of water.

Laney: We'll deal with you two Chicken Murderers later.

Me: Now lets catch those Pokemon!

James then arrived.

James: Let me help you all out.

Me: Sure James. I'm gonna get a Koffing and maybe you can give me some pointers with it.

James: I would be more than happy to.

Me: Nice!

James: I have an old friend. Weezing Go!

Out of a Pokeball came a Weezing!

Me: Hey you have your Weezing.

James: I do.

Mixmaster fired a blast of acid at the 1st Koffing.

James: Weezing use Sludge Bomb!

Weezing fired a glob of sludge.

James and Mixmaster: CHEMICAL SLUDGE EXPLOSION!

The chemicals and sludge combined and hit the Koffing and exploded and it was knocked out.

Nico: Now It's my turn.

Nico threw a Pokeball and caught it.

Me: Way to go Nico! My turn.

I fired a blast of lightning at the 2nd Koffing and I threw a Pokeball and caught it.

Me: Yes!

James: Good job J.D.

Me: Thanks James.

Fryno: Lets burn that Rhyhorn!

Inferno: You got it Fryno.

Inferno fired a blast of water and Fryno turned into a motorcycle and burned rubber, leaving a trail of fire.

Inferno and Fryno: FIRETRAIL STEAMWATER PUNCH!

The steam and fire from his punch sent the Rhyhorn into the air and Nico threw a pokeball and caught it.

Xerneas: You guys are learning fast.

Celica: They sure are.

Nathan: Now lets free these chickens.

We beamed them to a special sanctuary we built back at the estate.

Me: Now to deal with the Tweedy's.

Ginger: (British Accent) It's payback time.

Rocky: Lets get these monsters.

Shanan pulled out a whistle and blew it and she summoned the Angry Birds.

Red (AB): Hey Shanan.

Shanan: Hey Red. We're dealing with these two. They are murderers of chickens and they give all chicken farms everywhere a really bad name.

Red (AB): Say no more Shanan. It's Final Smash time!

Ginger: I'll start things off. ROTTEN EGG STINKEXPLOSION!

Ginger threw a rotten egg and it hit Mrs. Tweedy in the face and it exploded.

KRABOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

But the smell was so rank and so horrible that it made most of us hurl our guts out.

Me: That is so rank! (VOMITS)

Most of us all had nose plugs on.

Red (AB): My turn! SLINGSHOT DYNAMITE BIRDSLAM!

Red fired himself from a slingshot and exploded when he hit them.

KABOOM!

Me: That must've hurt!

Nathan: No kidding.

Me: (To the Tweedy's) Now you two are going to prison for a long time.

I beamed the Tweedy's to the Moon Prison and they were sentenced to 60 years in prison and ordered to pay £400,000,000,000. We took the pie machine they bought and turned it into a fruit pie machine. The chickens of the disgraced Tweedy Farm were happy and they were now forever free. The chickens all live with us under our protection. Among them was a Torchic and I caught it. May once had a Torchic so she was gonna give me some pointers.

Sora: It was great teaming up with you again, Chicken Little!

Chicken Little: Same here. Though I might need your help again in the future.

Me: You'll let us know right?

Chicken Little: I sure will.

Chicken Little went back to his world.

Ginger: (To the Viewers) Chickens are part of the everyday necessities for the lives of humans. We give them eggs and meat. But we are never going to be eaten by J.D. Knudson and Team Loud Phoenix Storm.

Another Fanfiction Complete.

Chicken Run has been one of mine and my mother's favorite movies since 2000 and it was awesome! Mel Gibson, Julia Sawalha, Miranda Richardson, Tony Haygarth, Benjamin Whitrow, Timothy Spall and a bunch of interesting stars were in that movie and it was so cool! They did a great and outstanding job in that movie back then. Now Mel Gibson mostly does history movies. The most gut-wrenching movie he made was The Passion of The Christ from 2004 and the most gore-filled movie he did was Apocalypto and that is one of my favorites. But what the Tweedy's did to all those chickens was absolutely horrible! They ran a Prisoner Of War Style Chicken Farm and that is sick! I would call that a North Korea Concentration Camp in the form of a Chicken Farm and they were gonna turn those chickens into Chicken Pot Pies! I love Chicken Pot Pie but it's loaded with too much salt and cholesterol. If it were me I would use fruit pies and harvest the eggs. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# A University For Monsters

## Part 1: Trouble from James' Past.

It starts with me, Lincoln, Laney, Lola, Earth, Natsu, Lucy H., William, Maria, Xerneas, Eileen and Nico were riding our Rapidash across the lush countryside and it was such a beautiful and joyous day. Jessie, James and Meowth and were in their Meowth shape hot air balloon.

We stopped and took in the beautiful scenery.

Me: (Inhales) Ah! What a gorgeous and beautiful day!

Lucy H.: It sure is J.D.

Natsu: You said it.

Lincoln: I love going horseback riding. It's so much fun.

Lola: You said it Linky.

Earth: I love going horseback riding. It's so invigorating.

Laney: It sure is.

James: What we came here for is right up ahead.

Me: What is this place James?

James: This is the land I was born in and my estate is right over that hill.

Me: This we got to see.

We rode on and we went through some gates and we saw a huge acreage of land.

Me: Wow! This land is beautiful.

Lucy H.: It sure is. It's just as beautiful as all the land we had on the Heartfilia estate.

Me: Wow! When you lived in Fiore, how big was the land the Heartfilia estate was on?

Lucy H.: It was as big as the state here you call Rhode Island.

We were shocked.

Me: Holy mackerel!

Laney: That is enormous!

Lincoln: You really did come from a filthy rich lifestyle.

Me: Unbelievable. That is amazing.

Nico: It sure is.

Xerneas: That is amazing. But having all the money in the world never brings happiness at all.

Me: No it doesn't Xenia.

James: Yes I was born here in the lifestyle of the rich and lavish. But I was forced into marrying a woman I didn't love and she wanted to primp me up and turn me into the perfect gentleman.

Me: That is not right. I can't believe your parents would do that to you.

Lucy H.: It's Deja Vu all over again.

Me: It sure does feel that way Lucy. But that is not holy matrimony.

Lincoln: I would call it Unholy Matrimony.

Me: You took the words right out of my mouth Lincoln.

We rode up to the estate James used to live in and we saw that

James lived in a massive mansion that rivals even the size of the estate.

Me: Wow! What a mansion!

Lucy H.: It's just as big as the mansion I used to live in.

Me: I think this mansion is only 3 quarters of that size Lucy. But wow!

Laney: No kidding. What a mansion.

The Meowth balloon landed and Jessie, James and Meowth got out.

Me: Okay. When we face Jessebelle we're gonna tell her that it's his choice to marry who he wants to be with and it's his choice alone and his decisions to make with how he wants to live.

Lucy H.: You said it J.D.

Natsu: If we don't get her to listen we'll make her by force.

Me: You got that right Natsu.

William: Lets go.

Maria: This is gonna be so awesome!

Me: It sure is. James how about we get your Growlithe out of here too?

James: I would like that!

We went up to the door and rang the doorbell. The door opened and out came the butler Hopkins.

Hopkins: Yes?

Me: Hello. I'm J.D. Knudson, the Leader of Team Loud Phoenix Storm.

Hopkins: It's a pleasure to meet you J.D. The master and mistress told us all about you.

Me: I'm honored. We came here to speak to James' parents and Jessebelle.

James: That's right Hopkins.

Hopkins saw James and he was shocked.

Hopkins: James! It's so good you're home sir.

James: I want to talk to my mom and dad and Jessebelle!

We went into the mansion and the foyer was amazing.

Me: Boy James your house is amazing on the inside.

James: It is lavish. But the reason I left the estate is because it's hard and the styles of the rich and lavish have rules to everything.

Me: I may be filthy rich but we don't let those rules come between us.

Then we felt rumbling and coming down the stairs was James' parents and Jessebelle. We saw Jessebelle and we were shocked to discover that she looked like another Jessie!

Me: Are my eyes playing tricks on me or does Jessebelle look like Jessie's twin sister!?

Meowth: That's what we all thought too. We thought that Jessebelle was Jessie's twin sister.

Jessie: She looks nothing like me!

James: I'm through being with you Jessebelle! All my life you have plagued me and tried to turn me into someone I'm not! I'm not James of the rich and lavish! I'm James, former member of Team Rocket and member of the Redemption Squad of Team Loud Phoenix Storm!

Me: That's right! (To James' Parents) You two have no right to decide who James wants to be with. It's his choice to make and his choice alone!

Nico: You two have failed being parents.

Me: I may be filthy rich like you guys, but I don't take things too far like you do.

Lucy H.: That's right. I was born into a filthy rich family and my father was a major jerk and he cared only about one thing and that was money! You two make my father look like a saint compared to him!

Me: That's right. James is now under our protection and a member of Team Loud Phoenix Storm's Redemption Squad and if you want to get to him you'll have to take all of us on. And I assure you that it won't be easy because it'll be like going into a war with the entire universe.

Jessebelle: Then I will take him by force! Vileplume go!

Jessebelle sent out her Vileplume.

William: Sorry, Jessebelle. But James is part of my team. And when you go after one of my team, I get involved!

Maria: Same goes with me since I'm second in command!

Jessebelle (sees William freeze her Vileplume): Hey! Humans aren't supposed to fight Pokemon!

Nico: You think we want to fight your Vileplume? Well, we don't! But the only real reason that we even fight Pokemon sometimes is if they attack us, like you're doing right now!

James: I know you all meant well for me, but this is all too much for me to handle. The lifestyle of the rich was never meant for me. So let me do what I want to do.

Jessebelle was not going to let that happen.

Jessebelle: Well James will be mine whether he likes it or not and I will make him the greatest gentleman there is! (Laughs Insanely)

Me: You want him then come and get him!

Maria fired a blast of water at Jessebelle and she was dripping wet. Jessebelle had eyes blazing red with rage.

Me and William: Uh oh.

James: Uh oh.

Jessie: This looks bad.

Meowth: She sure is angry!

Jessebelle: (soaking wet) You brown haired (censored)! Nobody soaks me and gets away with it! (tackles Maria to the ground and they start punching each other)

POW! BIFF! CRACK!

Maria: (punches Jessebelle) YOU WANT SOME, YOU LITTLE (censored)?!

We grabbed them.

Me: Wow! What a catfight! Boy Maria you really socked it to her. (To Jessebelle) But you want James, then come and get him.

We vanished in a massive puff of smoke. We got on our Rapidash and rode out of there and Jessie, James, Meowth and James' Growlithe got out on their Meowth balloon. We made it back to the estate.

Lincoln: That's good we got away from there.

Me: Yep. But if Jessebelle even comes close to the estate, we'll be ready for her.

Lisa, Nicole and the transformers got to work and built all kinds of laser turrets and auto guns and missile blasters honed in on Jessebelle's signature and all kinds of criminals that intrude on the estate. it was equipped with detectors that detect hostile activity and can only be activated by me.

## Part 2: Trouble in Monsters University.

---

We were watching the prequel movie to Monsters Inc. "Monsters University" from the year 2013. It was such an awesome movie and it was both funny and captivating. We got done with it and we cheered wildly.

Me: That movie is so funny!

Ben: It sure was. I can't believe Randall was nice and kind before he became a jealous freak of nature!

Lisa: Indeed.

Eddy: He went from a nice monster to a major stick in the mud.

Luan: He sure turned Muddy. (Laughs) Get it?

We laughed!

Me: (Laughs) That was a good one Luan.

Varie: It sure was.

Me: But maybe there's a strong possibility that we can warn Randall of the evil monster that he will become and is now in the Moon Prison for all time.

Lincoln: That's not a bad idea.

Me: Lets head to the Simulator.

Ben: You guys go ahead. I got to check on something.

Me: Okay Ben. Here.

I hand Ben a video camera and it was gonna record Randall to show the past Randall the future that will happen to him.

Ben: Oh I see what the camera is for.

Me: Yep. It's gonna be hidden in this cap you'll wear and it'll record Randall for this.

Ben: Got it.

I put the cap on his head.

Ben went to the Moon Prison to check on Randall.

Randall saw him outside his cell.

Randall: Back to visit me again Ben?

Ben: I'm afraid so. Just wanted to make sure you didn't escape your cell.

Randall (to Ben): I don't appreciate how short our little… dispute was, Tennyson. You only won because you caught me off guard!

Ben: Well, you shouldn't have dropped it.

Randall: If you had any guts, you'd let me out of this cell so we can finish our fight properly!

Ben: Sorry but I'm afraid that won't happen. You brought all this on yourself because of your jealousy and inferiority complex towards Sulley. People like you deserve being here forever.

Ben went back to Earth.

* * *

In the simulator we got ready.

Me: Okay we're gonna need to have Donald use his magic on us. We have to blend in somehow.

Donald: You got it J.D.

He used a magic spell and it made us all turn into monsters from the Monsters universe. I was in my J.D. The Nocturnal form, and most of us were all monsters. But the Transformers and Robots weren't changed because robots can't be affected by magic. The simulator activated and we were in the world of Monsters University from 2013. We were on the campus of Monsters University.

Me: What an amazing college.

Bai Tza: It sure is amazing. I'm in my Sea Demon form.

Poison Ivy: I look like a different version of Wildvine.

Me: It's Wildvine from 2016's Ben 10. That version is a funnier version but it was cool.

Nico: I look really cool though. I like being a monster.

Nico was a four armed purple monster with many eyes.

Matilda was a Chief Puff Heartless.

Inque was in her Ink form.

Shego was A green monster with rows of razor sharp scary teeth and a tongue that looks like a lamprey.

Killer Frost was a Yeti.

Rhino was a purple monster with many eyes.

Karai was a red version of Ricky.

Bowser Jr., Demona and the transformers and Wood Man were left the way they were because Demona and Bowser Jr. were already monsters and Wood Man and the Transformers can't be affected by magic for some reason.

I noticed I'm wearing an awesome fraternity jacket and everyone was wearing cool frat jackets.

Me: Hey look at this. We're wearing cool fraternity jackets. But we don't go to college yet.

Nico: Yeah. Most of us are still in high school, middle school and elementary school.

Xerneas: It's really confusing to be in a college when you're not ready for this yet.

Me: It sure is.

I saw Greek Letters on my jacket.

Me: ΓΘΞ

Lincoln: What does that mean?

Me: It's Greek. A lot of Fraternity and Sorority clubs on college campuses have clubs that have these symbols on them. This means Gamma Theta Xi.

Lori: That's literally interesting.

William: That's right. During our date we stopped a bad frat club on the Gotham Royal York University campus and it was causing a huge number of problems.

Me: I remember you telling me about that William. Those guys were nothing but trouble. But we're wasting time. Lets get started.

We got to work and we were in the dorm room of Mike and Sulley.

Ben: Can I tell you something, Mike? It's important.

Past Mike: Alright.

Ben: Don't ever let anyone hurt you. Ever. Not here (points to his head) and especially not here (points to his heart). No matter what, you always have to stand up for yourself. Okay? You understand?

Past Mike: I think so.

Randy Boggs: What are you doing in me and Mike's room?

Ben: Randy. We have something you need to see.

Randy Boggs: (sees Ben put a video recorder on the table) What's that?

Ben: A video recorder that you need to see. But before you watch it, I have something to say.

Randy: And that is?

Ben: I know who you are. I know the person you become. So if you even think of trying to cause trouble, I will take you down.

Randy watched the video and he was horrified when he saw the conversation Ben had with his future self in the Moon Prison.

Randy: Is that me?

Me: It's a worse version of you.

I showed Randy everything he did in the future and it was a horrific time for him. He let his jealousy and inferiority complex consume him to beyond the point of no return.

Randy: I won't let that happen! I am gonna change!

Me: You had better. We'll be watching you.

Later we were talking about all the awesome things that Sulley and Mike became and we were having lunch. Then some Frat Monsters from the RΩR Frat club came. Nico got in front of them.

Nico: (to the Roar Omega Roar frat) C'mon. Let's just be bros. Ok, bro?

They agreed and they put all their differences aside. But the one that was not gonna bow down to the loser frat monsters was Johnny Worthington III. A Satan-like monster who is often called The Jaw. He is a monster with a Superiority Complex as big as Mount Everest and he does not take losing well. He is in every way like Lynn was before the darkness separated from her.

Worthington: Well hello losers.

Me: Johnny Worthington III. Nice to know you like sludge that goes with that big fat ego of yours.

Worthington: Not as big as yours will be when we crush you in the scare games coming up.

Me: We have three words for you: BRING… IT… ON!

Worthington: We will and we're gonna rub it in your faces!

Me: We'll see.

Sora: You all ready for the Scare Games, guys?

Me: We were born ready Sora.

The games were on and we had to participate in the following events:

Toxicity Challenge

"A child's room is where you scare, but avoid the toxicity lurking there."

Long Haul (avoids a stinging glow urchin): Is that all you got?!

The Sewers

Avoiding the toxic items in a child's bedroom.

Run through a sewer tunnel in the dark, avoiding the stinging glow urchins.

Avoid the Parent

"If a kid hears you coming, they'll call Mom or Dad, then you'd better run fast or things will get bad."

The Library

When scaring, don't alert the parents and get caught.

Grab their team's flag from a statue and get out, all without disturbing the librarian.

Tracks sneezed, getting the Librarian's attention.

Tracks (pales as the Librarian sees him): Oh slag!

Don't Scare the Teen

"To frighten a child is the point of a scare. If you frighten a teen, then scarer beware."

Wood Man almost roared at a picture of a teen but stopped himself.

Wood Man: Phew. That was a close one

In a Maze

Avoid scaring teenagers.

Run through a maze and scare kid pictures, but don't scare the teen pictures.

Hide and Sneak

"Someone is coming, this could ruin your night; stay hidden, take cover, and stay out of sight."

Matilda (hiding under the stairs): Good thing my small size makes me hard to spot

In the ΣΚΘ House

Keep yourself hidden so you don't get caught when scaring.

Hide in the fraternity house from a referee and escape without getting found.

Simulated Scare

"Every one of your skills will be put to the test. The Scare Simulator will prove who's the best."

The Scaring Stadium with 2 Scare Simulators

How scary are you?

Nico: Here's goes nothing. (scares the training dummy using Beast

Man's roar)

One by one, team members go head to head in Scare Simulators, set to the very highest difficulty level.

Team ΓΘΞ partnered with Oozma Kappa won each event fair and square and during said events Nico caught a Solrock, Lunatone, Tangela and a Chansey and I caught a Seviper.

Worthington was infuriated. If there was one thing he despised more than us it was losing.

Worthington: How dare you losers beat me!?

Me: You are the loser Worthington. You are nothing but a total sore loser.

Worthington: You think you can beat us and get away with it?!

Nico: Hey, we won fair and square!

Reggie Jacobs: Fair and square this (punches me)

POW!

He knocked Nico down.

Me: Oh so it's a fight you want? Bring it on hornboy!

Lori: I am literally going to turn you into a Monster Pretzel!

We went at him and viciously pulverized all of his frat buddies into pulp and it was a vicious fight. Then we got a surprise when we saw Worthington summon the Lump of Horror Unversed.

Me: A Lump of Horror Unversed!

Sora: He has a dark orb!

Me: Lets get it!

We went at the Unversed and slashed, blasted and pulverized it all over the place.

Long Haul blasted it with missiles and blasted it with lasers.

Long Haul: Time to use our combo Wood Man!

Wood Man: You got it Long Haul.

Long Haul fired numerous missiles and lasers and Wood Man fired a blast of leaves.

Long Haul and Wood Man: LEAFCUTTER MISSILE STORM BARRAGE!

The leaves, missiles and lasers burned, exploded and cut the Lump of Horror.

Tracks turned into a jet car and fired missiles and lasers and Matilda fired bomb eggs all over the Lump of Horror and they exploded.

Matilda (AB): Lets finish him with our combo Tracks.

Tracks: You got it Matilda.

Tracks fired missiles and lasers and Matilda fired egg bombs.

Tracks and Matilda: BOMBSTORM MISSILE BARRAGE!

The missiles and egg bombs exploded all over the Lump of Horror and burned it bad.

Me: Lets finish it with Final Smashes.

Randy Boggs: You got it J.D. PAINTBALL BARRAGESTORM!

Randy fired numerous blasts of purple paint and drenched the Lump of Horror.

Demona: My turn. MOONLIGHT WINGSLASH!

Demona's wings glowed yellow and they fired crescent moon shaped energy blades and slashed the Lump of Horror.

Me: Lets use a combined Final Smash on him guys.

Nico: (Groans) Wow! Did someone get the number of that truck? But yeah!

Mike: Lets do it!

Sulley: Yeah!

Randy: You got it!

I formed a sword of pure moonlight and Nico formed a sword of Sunlight.

Sulley, Mike and Randy fired beams of Blue, Green and Purple light into our swords.

Me, Nico, Mike, Sulley and Randy: MONSTER ECLIPSE SWORD SLASH!

We slashed the Lump of Horror and it was completely obliterated in a massive fiery explosion that shook the campus. We then turned our sights on Worthington.

Me: It's over Worthington.

Nico: Johnny Worthington III, you have failed this university! In more ways than one!

?: And I agree.

We saw the headmaster of the University Mrs. Hardscrabble.

Worthington (Hardscrabble gets out riding crop): Mrs. Hardscrabble, if you just let me explain things…

Hardscrabble: No! Let me explain things! In a manner that I think you can understand! (raises riding crop)

For the next hour, the university was filled with Worthington's screams.

I picked up the Dark Orb and decided to hold onto it for further analysis. Worthington was disgraced and expelled from Monster

University and sent to the Moon Prison. Randy now works at Monster's Inc where they use laughter for power and is now Sulley's partner. They rekindled their friendship. Now we have a Randy in Monsters Inc as a good guy and a disgraced Randall in prison for the rest of eternity.

Randy: (To the Viewers) Monsters may be scary, but now I get a great thrill out of helping people laugh and it's awesome!

# The Mysterious Wardrobe

It starts in the estate. I was doing an analysis on the Dark Orb I took after we defeated Johnny Worthington III in Monsters University.

Lincoln: So how many dark orbs are there J.D.?

Me: Well Lincoln, each Dark Orb is really a fragment of Xehanort's evil and when we killed him we scattered all those fragments across the infinitely vast distances of the entire universe. Each villain we faced has been using them for their own selfish goals and purposes.

Lincoln: Clayton was the first villain we encountered using one and that one brought him back to life.

Me: That's right Lincoln. And he died twice. Let me see here.

Lincoln: What are you gonna do?

Me: I'm gonna use the space scanners to determine where all the dark orbs are at.

I typed in a sequence and the space scanners revealed a horrifying sight. Dark Orbs were scattered all over the galaxy and not just in our galaxy but in all the galaxies all over the entirety of the Virgo Supercluster!

Me: This is really bad! The Dark Orbs are all over the entirety of the Virgo Supercluster!

Lincoln: The Virgo Supercluster? What's that?

Me: It's the name of the group of galaxies we live in. It stretches across 110 million light-years and there's 47,000 galaxies in the group. The scanners reveal that there are Dark Orbs not just in planets all over our galaxy but on planets in galaxies all over the Virgo Supercluster. And it will take thousands of years to destroy all of them.

Lincoln: That is gonna be a major job for all of us.

Me: It sure is. And whoever has all these dark orbs has no idea of the terrible consequences they bring.

I take the dark orb we got from Worthington and I crushed it and we got an immense power boost because of it.

Me: We have not yet begun to scratch the surface of the Great Dark Orb Cleanup.

Lincoln: Is that the name of what we're doing?

Me: It sure is Lincoln. And our biggest mission is to rid the entire Virgo Supercluster and the entire universe of the fragments of Xehanort.

Lincoln: Yeah!

Me: Lisa can you come down here please?

Lisa: I have come to you as requested 2nd Elder Brother.

Me: We need you to make a device for all of us that will detect the presence of a Dark Orb. The Dark Orbs are all over the entirety of the Virgo Supercluster and with 47,000 galaxies over a 110 million light-year radius to cover we're gonna need to find them on our travels all over the universe.

Lisa: Ah. That sounds logical. I'll get to work right away.

Lisa got to work. She built a special fingerless glove gauntlet. It was the Dark Orb Tracer. It has a special orb that emits a holographic compass that guides to a dark orb whenever it detects one in a 5 mile radius and in space over the radius of a 1 light-year. She made one for all of us.

---

In the lush countryside of the forests of Kentucky, I was pulling a hovercar while riding my Rapidash and Xerneas was on my Rapidash and holding on to me and in it was Ash, Eileen, Serena, Misty, Brock and Iris, and Nico was riding his Rapidash beside me, and May, Dawn and Maria were flying beside me.

Maria: Ok. If Serena's mom gets into a catfight with me, I'm gonna let her have it!

Serena: Don't worry Maria. My mother is not like that.

Nico: Stupid Roar Omega Roar monster punching me while I wasn't ready. That's not going to happen again.

Nico had a nasty black eye and it was a doozy.

Me: He sure got the drop on you huh man?

Nico: Yeah he sure did. That's a mistake I won't make again.

Xerneas: I think it's great we're visiting Serena's mom.

Me: It sure is Xenia.

Ash: So why are we visiting Serena's mom?

Me: Ever since the whole Wereshark travesty Serena was separated from her family. And when our worlds merged, I figured we have to let her know that she is in good hands.

Ash: Good point.

May: That's a good point. We have to at least let her family know.

Me: Right. Also how would you all like to fly Ash?

Ash, Misty, Brock, Eileen, Iris and Serena cheered.

Brock: How are you gonna do that J.D.?

Me: I trained the three legendary birds a new ability.

I threw three Pokeballs into the air and they opened and out came Articuno, Zapdos and Moltres.

Me: Now here's the Ability. Articuno, Zapdos and Moltres, New

Flight!

They fired a couple of their feathers and they stuck to Ash, Misty, Brock, Eileen, Iris and Serena's backs and they grew wings that looked just like Articuno, Zapdos and Moltres wings. Serena and Iris had Moltres Wings, Ash and Eileen had Zapdos Wings and Misty and Brock had Articuno wings.

Brock: Oh wow!

Misty: This is so awesome!

Ash: What does New Flight do?

Me: It allows the 3 Legendary Birds to bestow anyone I choose to get wings. They send 2 of their feathers into that persons back and it enables them to get wings like theirs. But this is permanent though.

Eileen: That is so amazing!

Ash: It sure is!

Me: Go on guys. Try them out.

They spread their wings and they were having an awesome time flying!

Serena: This is so awesome!

Pikachu: Pika!

Me: Great job you three!

Then we got an unexpected surprise. We saw a beautiful kaleidoscope of numerous Vivillon.

Nico: Oh wow! It's a group of Vivillon.

Me: It's a like a kaleidoscope of butterflies.

Serena: It's so beautiful!

Me: It sure is.

A Vivillon with purple wings flew up to Ash and it was one that he knew. It was a Vivillon he saved from a Pokemon Smuggler.

We arrived at Serena's house and it was a nice house. We saw her mother in the yard tending to her garden.

We rode and flew up to the gate.

Serena: Mom!

Grace: Serena?

Grace saw Serena for the first time ever since the events of Night of The Weresharks.

Grace: Oh Serena!

They hugged for the first time in a while.

Grace: Oh my baby. I'm so glad that you're all right.

Me: Are you Serena's mom?

Grace: I sure am.

Me: J.D. Knudson, Leader of Team Loud Phoenix Storm.

Grace: Oh wow! It's such an honor to meet you. I'm Grace and yes I'm Serena's mom.

Nico: It's a pleasure to meet you. I'm Nicolas Chan, but everyone calls me Nico.

Xerneas: I'm Xenia, but I'm known as something else.

Ash: You know me. I'm Ash Ketchum and this is my partner Pikachu.

Pikachu: Pikachu.

Misty: I'm Misty, Gym Leader of Cerulean City.

Brock: I'm Brock, former Gym Leader of Pewter City and I'm a

Pokemon Doctor in Training.

May: I'm May and I come from the Hoenn Region.

Dawn: I'm Dawn and I'm from the Sinnoh region.

Eileen: I'm Eileen.

Iris: I'm Iris and I come from the Village of Dragons and this is Axew.

Axew: Axew.

Maria: And I'm Maria Rockell, 2nd In Command of Team Loud Phoenix Storm's Redemption Squad.

Grace: It's a pleasure to meet you all. Thank you so much for looking out for my daughter.

Me: It was our pleasure Grace. She is in good hands.

Serena: Mom I have something to tell you.

Ash: Me and Serena are now boyfriend and girlfriend.

Grace was shocked. She then squealed in joy.

Me: (Laughs) I had a feeling this was gonna happen.

Maria: Me too.

Serena: Mom?

Grace hugged her daughter with happiness.

Grace: I'm so happy for you both! I know you two will be perfect for each other!

Serena: Mom! You're embarrassing me!

Me: Grace calm down please.

Xerneas: I can tell she's ecstatic.

Me: Me too Xenia.

We later talked about our achievements and our adventures she was on and all the pokemon we have. We also revealed how she got Moltres wings and Grace was amazed.

Grace: So you all killed the notorious Team Rocket?

Me: We sure did and they were terrorizing the Pokemon world for far too long.

Maria: We couldn't let them get away with all their crimes and now we have 3 of their former members on the Redemption Squad.

Grace: That's amazing.

Me: It sure is. But there are numerous Villain Teams out there. Our next target is called Team Flare and their goal is to turn the world into a perfect utopian paradise. Their intentions may be good but it's one of pure evil.

Nico: That is never gonna happen.

Me: No it's not Nico. As long as evil exists there will never be such a thing as a perfect utopian paradise. That's why Team Loud Phoenix Storm is going to destroy them: to stop them and all the evil forces that threaten the entire universe.

Grace: I believe in all of you J.D.

Me: Thanks Grace.

Xerneas: We'll all do it together.

Ash: We sure will.

Pikachu: Pika!

---

At home we were cleaning up the attic and sorting things out.

Me: (Lifts a chest full of dolls) These are all some old dolls.

Patti: Put those over there. (Points to a corner)

Me: Okay mom.

I did so.

Randy: Nico, why do you have some of my abilities?

Nico: Well, I gained the powers of your evil self when Ben defeated him as Chamalien and Cannonbolt.

Ben: And a part of me is wanting to enter Randall's cell just to complete our fight properly like he said. It really was a little short.

Lana was fixing some loose floorboards.

Lana: All fixed.

Then she saw something really unusual in the back wall. It was something covered by a large tarp.

Lana: What's that?

She went up to it and pulled off the tarp and it uncovered a mysterious looking wardrobe.

Lana: Wow. What is this?

I saw Lana with it and I walked up to the wardrobe.

Me: Wow.

Lana: What is this thing J.D.?

Me: It looks like a wardrobe of some kind. But there's something familiar about it.

I looked at the wardrobe and got a closer look and then I had a memory come in.

Me: Oh my gosh! This is the wardrobe that is the doorway into the world of Narnia!

Laney: Narnia from C.S. Lewis's book series The Chronicles of Narnia?

Me: That's the very one.

Aylene C.: How did it get here?

Me: I don't know.

Laney: From what I remember the world of Narnia is home to all kinds of magical features and it has lots of talking animals and all kinds of creatures of legend.

Me: I remember. Also from what I remember I know four kids that found this door. They live over in London. It's the Pevensie siblings.

Lincoln: How do you know the Pevensie Siblings?

Me: My grandfather rescued their grandfather during the aftermath of the Battle of The Blitz in 1940 and they were like brothers during World War II.

Lori: That is literally amazing!

Me: It sure is. And my mom and dad know their mother and father.

Patti: That's right. Eve and Adam Pevensie are good friends of our family.

Luna: That is amazing dude.

Sam S.L.: We have to check this out.

Rachel S.D.: If this doorway leads to this Narnia then we got to see this.

Me: We will Rach.

I opened the door to the Wardrobe and it lead into Narnia. We were shocked and amazed. It was a cold landscape with lots of beautiful trees and forests and there were lots of forests and amazing animals.

Me: So this is Narnia. Wow.

Lori: It's literally magnificent.

Isabelle: It sure is Lori. There's a lot of magic in the air.

Lana: Why is it snowing a lot?

Me: From what I remember this is the work of the evil Jadis the White Witch.

Laney: She is pure evil.

Lola: I remember. She has a heart that is as cold as ice.

Me: And she'll be a deadly challenge. Looks like we arrived here just in time.

We walked around and we saw statues on the ground and they were statues of different animals. Elsa was with us.

Randy: Those are some nice looking statues.

Elsa (remembering about what happened to Anna): Guys, I don't think those are statues!

Me: No they aren't. This is Jadis' work. Her scepter has the ability to turn anything it touches to stone.

Beast Boy: If this Jadis is pure evil then we're in a lot of trouble.

Starfire: We won't let her win.

Lori: No we won't.

Then we heard horses coming.

Me: Horses coming. And I have a feeling I know who is coming.

4 horses arrived and we saw Lucy, Peter, Edmund and Susan arrive.

Peter: (British Accent) J.D. Knudson?

Me: Peter it's been a while.

He got off his horse and we hugged for the first time in 6 years.

Me: It's good to see you again.

Peter: You too J.D.

Lucy P.: (British Accent) J.D. you're all here in Narnia?

Me: We sure are Lucy. Wow you sure have grown the last time I saw you.

Lucy giggled.

Edmund: (British Accent) What brings you all to Narnia?

Nico: We stumbled upon the door here when we were cleaning our attic.

Lori: It's literally amazing that we found it.

Laney: Yeah.

Susan P.: (British Accent) It was a surprise for us as well when we found it.

Lucy P.: We were amazed ourselves.

Peter: Lets head for the castle and you can tell us all about your adventures.

Me: Okay.

We were then walking to the Castle of was an amazing place and we saw all kinds of amazing landscapes and all kinds of legendary creatures.

Me: Narnia is so amazing.

Peter: It is. It's a place where all animals can live together in peace. Me and my siblings are the Kings and Queens of Narnia. We are also the protectors of Narnia.

Me: That's a big job. And our job as Team Loud Phoenix Storm is to protect the entire universe and kill the most evil of bad guys.

Peter: That's a big responsibility.

Me: It sure is.

Susan P: My favorite part of your adventures is when you guys defeated Leonard the Pig King's army.

Ed: I went Edzilla and ate most of the pigs!

Shanan: Yeah those porks had it coming.

Susan laughed.

We continued on and we saw a Horsea.

Maria: Hey it's a Horsea.

Me: How did a Pokemon end up here?

Maria: I don't know but it's a cute and perfect one for me.

Maria threw a Pokeball and caught the Horsea.

We got to the castle and we saw the benevolent lion king Aslan.

Aslan: Welcome Peter, son of Adam. Welcome, Susan and Lucy, daughters of Eve. Welcome Team Loud Phoenix Storm and Redemption Squad. Welcome, Autobots and Decepticons. And welcome to you too, Beavers. You have my thanks. But where is the fourth?

Beast Boy (lies weakly): Um… out eating lunch?

Me: King Aslan it's an honor to meet you. We apologize for arriving in Narnia unexpectedly, but we found the door into Narnia in our attic.

Aslan: I understand J.D. We heard so much about all of your achievements and how you saved the universe more times than anyone.

Me: Thank you your majesty.

We were told that Jadis the White Witch is on the move and is making plans to rule over Narnia with an iron fist.

Me: Looks like we arrived here just in time. I know how evil Jadis is and this is gonna be a battle that's as old as the universe in it's entirety: Fire VS Ice.

Aslan: Indeed.

My device beeped and on the viewing orb it showed that Jadis had a dark orb and it can give her the ability to control people with darkness.

Me: Jadis the White Witch has a Dark Orb and she's close. 3 miles northwest.

Peter: She's coming.

Then Edmund groaned as he grabbed his head in pain.

Me: Edmund what's wrong?

Edmund: Something's attacking me!

Me: Uh oh. Fight it Edmund!

Jadis then appeared.

Me: Jadis the White Witch!

Jadis: (British Accent) That's right J.D. I have come to kill you all.

Me: You have a lot of nerve showing up here Jadis. I'm going to kill you right here and now.

Killer Frost: (to Jadis) You're everything Elsa and I would've become if it weren't for J.D. and the others!

Peter (sees Edmund possessed by darkness): Edmund? What happened to you?!

Jadis: You see, Knudson. Before my invasion of Narnia can begin, one more thing must happen.

Bonecrusher: And what would that be?

Jadis (sadistically): You're all going to kill Peter's brother in front of him! (teleports away)

Me: Get back here you coward!

Grapple: Peter, I know Edmund's still in there but we have to fight him.

Peter: I know. The Edmund that I know wouldn't want to be a slave to the White Witch!

Me: Lets go. I'll hold him.

Edmund unsheathed his sword and we clashed with him. I kicked the sword out of his hand and held him.

Me: Edmund, you have to snap out of this! Jadis is controlling you! You have to fight this!

Randy: Maybe if I sneak up on Jadis, I can catch her off guard before she even realizes what's going on!

Laney: That won't work Randy. Jadis is extremely crafty and she'll know you're coming.

Randy: Maybe I can sneak up on Edmund.

Landy: Good idea.

Randy went invisible and snuck up on Edmund and he scared him.

Bonecrusher: Lets get him with our combo Bubble Man.

Bubble Man: Right!

Bubble Man fired numerous blasts of water and Bonecrusher fired lasers.

Bonecrusher and Bubble Man: LASER BUBBLESTORM!

The blasts hit the floor under Edmund.

Elsa: Final Smash time. ICESTORM RAGE!

Elsa fired a blast of snow and ice and froze Edmund.

Isabelle grabbed Edmund's head and chanted an incantation and pulled the darkness out of him and the darkness exploded into nothing and was vaporized. We got a massive power boost as a result.

Edmund was back.

Me: Edmund are you all right?

Edmund: Last thing I remember was something invading my mind and everything went black.

Me: Jadis invaded your mind and controlled you. Now it's personal. This time Jadis dies!

My eyes glowed red with righteous fury.

Aslan: All people of Narnia prepare for battle! (Roars)

Elsa: How about I freeze Jadis to death like what almost happened to Anna? Only I'm doing it to someone who deserves it for real!

Me: A battle with two ice queens. That would be something to see.

Killer Frost: This is gonna be interesting.

Me: This time fire will win. Get ready Jadis, we're coming for you!

We got ready. The battle that would decide the fate of Narnia was gonna begin.

---

In the plains of Narnia we saw the forces of Jadis the White Witch. She had a huge army of Minotaurs, wolves, snow tigers, and all kinds of creatures.

Nico was now riding an Infernicus dragon. His spirit animal is a Dragon and my spirit animal is the Wolf. We all had different rings on that told us what our spirit animals were.

Me: There they are.

We also saw a Kangaskhan and a Seadra in the White Witch's control.

Me: This is it guys. The War for Narnia.

Aslan: Jadis will never get away with her crimes.

Peter: She messed with my family and my friends.

Sora: That's not all she has. Look!

We saw that Jadis had an enormous Wolf Ghost Heartless called a Sköll.

Sora: It's a Sköll! It was the Heartless created from the Darkness in Hans heart.

Me: That monster!

Laney: Let us free the creatures she has.

Lana: Lets do it.

Laney and Lana chanted incantations and they glowed in bright red and blue light.

Laney and Lana: SPIRIT ANIMAL FREEDOM!

A Deer and a Whale spirit appeared and they went down to the forces of Jadis and severed the control she had over them and they destroyed the Sköll Heartless with ease. The Dark Orb Jadis had was completely destroyed too.

Me: That did it.

We received an incredible power increase.

Me: Lets go! CHARGE!

We ran and Nico caught the Kangaskhan and Seadra and we went at Jadis. I kicked her in the face and got her out of her chariot. I took her scepter.

Me: It's over Jadis. Now you will pay for everything you've done to to Narnia.

Jadis: You fools will die before that happens.

Nico: Jadis the White Witch, you have failed the entirety of this land!

Me: Let me face her first.

I then went Super Angel 50,000 Phoenix Fire.

Me: You messed with the wrong angel Jadis.

Jadis: I'll do anything to win.

Me: Controlling Edmund was your last.

I went at her and she went at me and we engaged in a massive and powerful sword fight. Maria, Randy, Bonecrusher, Bubble Man, Grapple, Beast Boy, Warpath, Beachcomber, Elsa, Seaspray, Powerglide, and Cosmos unleashed the powers of their Spirit Animals. Maria's was a Dolphin, Randy's was a crow, Bonecrusher's was a Tiger, Bubble Man's was a hummingbird, Grapple's was a Phoenix, Beast Boy's was all the animals, Warpath's was a Snow Leopard, Beachcombers was a Flamingo, Elsa's was a Snow Leopard, Seaspray's was a whale, Powerglide's was a condor and Cosmos was a Crow. Nico rode in on an Infernicus Dragon. His Spirit Animal is a Dragon and his dragon fired an enormous blast of fire. We were clashing our swords and massive sparks of fire ignited the land and everything was engulfed in a raging and powerful inferno. My sword then snapped her sword like a twig and I punched her in the face and kicked her in the stomach and kicked her in the face and knocked out some of her teeth. It was an extremely savage and brutal fistfight and massive thunderous shockwaves rattled the land. Everyone joined in and massive explosions of pure fire decimated the land and shook it with extreme ferocity.

Edzilla: ED SMASH SNOW QUEEN! (grabs Jadis by the throat)

Edzilla punched her and smashed her in the face and slammed his tail into her.

Lori: You literally disgust me Jadis! You are literally the worst person… No! The worst monster anywhere!

Lori punched her and blew her into a rock with her wind powers.

Elsa fired blasts of ice and icicles at Jadis and skewered her all over with ice.

Sandman, William, Maria, Riku, Arpeggio, Xion, Rubberband Man, Stewie, Lea, Killer Frost, Elena, and Venom Were taking down the remnants of Jadis' army and it was a savage and bloody fight.

Jadis: (grabs Lola by the throat): If I can't have Narnia, then I'll just have to settle with killing one of you!

Lola: Not bloody likely!

She flared up a fire aura and burned Jadis which made her let go of her.

Grapple fired his arc-welder rifle and fired a tremendous blast of fire and Beast Boy slashed her face while in his tiger form. Tara threw huge rocks at Jadis and crushed her legs and Grapple threw her into the air. Grapple and Beast Boy as a Kangaroo used a combo called FIRE KANGAROO HOP CONFLAGRATION and it turned Beast Boy into a flaming kangaroo and it burned Jadis badly. Warpath fired missiles and powerful explosives at Jadis and blew her around like a ragdoll. Aslan slashed at Jadis and she was badly wounded. But she was not that easy to beat. Warpath and Aslan used a powerful combo called FROST LION SLASHSTORM and it froze and wounded her badly. Beachcomber rammed Jadis and slammed her all over the place at a ferocious level and Lucy fired numerous magic spells at Jadis. Beachcomber and Lucy P. used a powerful combo called FIREBIRD LANDMINE BOMBSTORM. Beachcomber fired numerous landmines and Lucy P.'s spell turned them into firebird bombs and they hit Jadis and exploded with the power of 50 pounds of Napalm. Seaspray fired a barrage of lasers and missiles at Jadis and they hit her and exploded and blew her into a rock. Peter slashed Jadis with his sword and wounded her bad. Seaspray and Peter used a powerful combo called SEA DRAGON STORMSLASH and it turned Seaspray into a powerful dragon of pure water a Peter was riding on it and they slashed Jadis and the dragon fired a massive blast of water that hit Jadis with devastating force and broke her bones. Powerglide fired numerous concussion bombs and blew Jadis all over the place and Edmund slashed Jadis in her face and scarred her bad. Powerglide and Edmund then used a combo called AERIAL HEATSLASH STORM and it slashed and burned Jadis from in the air. Cosmos fired a super powerful particle beam and it hit by Jadis and exploded with incredible power and sent her crashing through a mountain and Susan threw some potions and they hit Jadis and exploded. Cosmos and Susan used a combo called MOLECULAR POISON BOMB and it hit Jadis and burned her badly and she screamed in pain. It was an extremely savage and brutal fight.

Me: Now to finish her off for good. Final Smash time!

Aslan: I'll start. LIONSLASH CLAW!

Aslan ran with incredible speed and slashed Jadis with incredible power.

Me: Now for the grand finale.

(Goku's Spirit Bomb Theme plays)

I raised my hands into the air.

Nico: The Spirit Bomb.

Energy from all over Narnia poured in.

Me: Everyone share your energy with me!

Everyone and everything raised their hands and energy from all over Narnia and all of us poured into the Spirit Bomb and it formed a massive energy ball as big as the planet Venus.

Me: Jadis, this ball of energy is the energy of everyone who has ever suffered at the hands of evil villains like you!

Jadis got up and she was horrified to see me holding a massive energy ball. She was on her last legs and she knew that her death was upon her. Not even her immortality can save her.

Me: Now you will pay for everything you have done.

Jadis: (In fear) Wait! Wait! Hold on!

Me: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I threw the massive energy ball right at Jadis and when it touched her she was completely obliterated in an instant. Not even an atom of her was left and the massive Spirit Bomb went all the way out into space and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We powered down.

Peter: Is it over?

Me: Yes. Her energy signal has disappeared. She's dead. Burn in Hell, Jadis!

Jadis' spirit then appeared.

Jadis (as a spirit): One month! In one month, you'll wish you had me back!

Nicole: Sorry but you are never welcome here again Jadis.

Jadis: I HATE YOU ALL MORE THAN LIFE ITSELF!

WE got a massive increase in power.

Nicole: Thanks for the power increase. You're finished. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Jadis was sucked into the Book of Vile Darkness.

Jadis: DAMN YOU J.D. KNUDSON! (Fades)

Me: Enjoy the darkness of Hell.

Isabelle: Never again will you torment all of Narnia.

Me: Fire has won.

Aslan: (To the Viewers) Love all animals like you love your own family.

Lana: You said it Aslan.

We went back home and we rested. Narnia was now free. And we can visit whenever we're needed. I kept Jadis' scepter as a trophy.

# The Robot Cop

It starts with us walking home from the mall. Me, Nico, Maria, Ash, Lincoln and Pikachu were walking back from the mall with bags in our hands.

Ash: So what did you get Maria?

Maria: I got awesome custom made shirts for all of us on the Redemption Squad.

Maria was wearing one. Her shirt was aqua blue and it had a different logo on it. It had the Team Loud Phoenix Storm Logo and a halo was below the phoenix sun.

Me: That's a great logo Maria and it's perfect for the Redemption Squad.

Maria: Thanks.

Hawk: (Offscreen) You little twerps are perfect for punching bags.

We saw Hawk and Hank and they were bullying 6 kids from Lisa's class.

Me: Oh no. It's Hawk and Hank.

Maria: Those two just never learn.

Ash: Who are Hawk and Hank?

Me: You would hate those two Ash. They are two jocks that go to Hazeltucky, and they are the worst ever bullies in all of Gotham Royal York. They enjoy seeing people suffer all for their own amusement and I scared the living daylights out of them 2 and a half years ago on Halloween by turning into a gruesome and horrifying fusion monster made of all the monsters from the series The Thing.

Lincoln: It was awesome Ash and J.D. made them soil their pants 3 times because of it.

Me: Yeah we got them sent to prison twice.

Ash: Those two are going too far by picking on those kids.

Maria: That's right Ash.

Me: Lets get them!

We went at them and Ash swooped in and kicked Hawk in the face.

Me: Over here kids.

The kids went over to us and I comforted them.

Me: Are you all okay?

Claire: We're fine J.D. Thanks to you.

Me: No problem. (To Hawk and Hank) You three buttfaces just will never learn. Picking on little kids. This is a whole new low for you.

Maria (smirks at Hank and Hawk): You two really want to go through this again?

Hawk: Yeah we do.

Hank: And beating you guys up will be sweet revenge!

Ash: I don't think so! Come on Pikachu!

Pikachu: Pika!

Lincoln and Ash spread their wings and they charged at then and Ash punched Hawk in the face and kicked Hank in the stomach and crotch. Hank screamed like a little girl. Lincoln fired a blast of lightning and electrocuted them and they screamed in agony as they were electrocuted with 1 billion volts of electricity.

Nico: Ouch. That is cool but powerful. Hawk and Hank you two have failed this state!

Me: You tell them man!

Ash: Lets send these two back to prison! Pikachu lets electrocute them!

Ash and Pikachu fired a blast of lightning and it electrocuted them with 5 billion volts of electricity. OUCH!

Ash: You two are never gonna be welcome here.

Lincoln: You tell them Ash. It's back to prison for you.

Me: But I think another trial is in order.

Lincoln: Good idea.

We slapped the cuffs on them and the cops took them away.

Hawk: They attacked us first!

Officer: Tell it to the judge Hawk!

They took them away.

Me: Those buttheads just will never learn.

Nico: No they won't.

Lincoln: Those two are pure evil.

Me: They sure are. There are kinds of people in this world that will never change and will never be rehabilitated. They will just keep ruining other peoples lives and the world is much better off without them.

Smokescreen: It's amazing how even Cybertronians have spirit animals. I wonder what mine will be.

My watch device beeped.

Me: Uh oh.

I looked at my device and saw a nasty war going down in Downtown Gotham Royal York and the cops were at war with the mercenaries of Omni Consumer Products, a major mega corporation that makes all kinds of advanced cybernetic technologies.

Me: Wow! Looks like a war is going on.

Then the signal was interrupted by a video signal from a woman being held prisoner in OmniCorp named Dr. Marie Lazarus.

Lazarus: People of Gotham Royal York, this is an illegal broadcast! It may be cut off at any time so listen to me. OCP is lying to you. They're destroying people's lives for big business. Those Rehabs you see on TV, they're mercenaries hired by OCP to throw people out of their homes and into the streets! You've got to believe me. I'm speaking for all the homeless and jobless citizens of this city and every city like it run by the heartless, capitalist scumbags who want you to think their way and do whatever will make them more money. See those commercials for Delta City where the future has a silver lining? Well, only silver is lining their pockets. OCP doesn't care about the people. OCP cares about rich people. Right now, as I speak, the people of Cadillac Heights are being forced out of their very own neighborhood. Your neighborhood's next unless you fight back now! Time is running out. OCP is the enemy. For God's sake, help us! Innocent people are dying.

Me: Looks like we have an evil company to destroy.

I press the Prime Omega Emergency button.

Me: Lets roll!

All of Team Loud Phoenix Storm was called in and so was the Justice League, The Avengers and the Redemption Squad. We set out for downtown Gotham Royal York.

---

In the middle of Downtown Gotham Royal York we saw the entire city in the grip of a massive war with OCP. We saw fiery explosions break out and destroying cars, buildings and more. The rebels were firing bullets, grenades, bazookas, missiles and more at the OCP tanks, mercenaries and Otamu androids. Then a blast of gravity lightning hit the OCP tanks and they all exploded. Superman and

Green Lantern fired laser and green laser blasts and blew the mercenaries away.

Nico: You OCP buttfaces have failed this city!

Smokescreen turned into his car mode.

Smokescreen: Just call me the Autobot who isn't there! (emits smoke from tailpipe to create a cloud of smoke, distracting the Otomo androids)

Shockwave: Your androids are inferior compared to my weaponry! (fires at androids)

Aqua Man (Mega Man): I bet water can short these scrapheaps out!

Aqua Man fired blasts of water at the androids and they did short out and explode.

Lodestar (magnetiizes some androids): They just don't build drones like they used to.

Carol: Eat radioactive death!

Carol fired Godzilla's Spiral ray and it hit an android and it exploded and burned all the other androids into exploding rubble.

Aqua Man: Combo time!

Hook: Lets get them!

Hook grabbed a chunk of a destroyed building and hurled it at the OCP scum and Aqua Man fired a powerful blast of water.

Aqua Man and Hook: AQUA MACE SMASH!

The water wrapped around the rubble and turned into a massive mace ball of pure water and it slammed into the OCP cronies and crushed them.

Smokescreen: Time for our combo Patrick.

Patrick: Okay!

Patrick rolled into a tight ball and Smokescreen threw him into the air and fired lightning.

Smokescreen and Patrick: ELECTRIC CANNONBALL STARFISH SLAM!

The lightning merged with Patrick and he slammed into the OCP scumbags and electrocuted them and the androids exploded.

Patrick Star: Can we get ice cream later?

I facepalm.

Shockwave: Now for my Final Smash. LIGHTNING CAUTERIZER BURST!

Shockwave fired a massive blast of lightning and electrocuted more members of the OCP force and blew them all to pieces.

Me: Some (censored) are always trying to ice skate uphill.

Then we heart a jetpack booster coming and to our surprise we saw Robocop!

Me: Robocop!

He fired machine guns and missiles at the remaining OCP thugs and members and the rebels had won.

Me: Go to Hell OCP!

We had taken back all of Gotham Royal York.

Nicole sealed all of the OCP members into the Book of Vile Darkness.

Robocop approached us.

Robocop: You did me a huge favor.

Me: Alex Murphy A.K.A. Robocop. It's an honor to meet you. A lot of movies and a major franchise about you was made 32 years ago.

Robocop: I'm glad I have some friends, fans and some helpers.

Me: We do what we can.

Robocop saw Megan's armor.

Robocop (to Megan): Your armor is similar to mine, Megan.

Megan: Well, my armor actually used to belong to the original Dark Samus, who was a villain.

Robocop: And you're certain she won't be angry about you using her suit for good?

Megan: Considering that she's in the Book of Vile Darkness right now, I don't think she'll mind.

Nico (to Robocop): You might think of yourself as not human. But I think you're more human then most bad guys out there.

RoboCop: Thanks Nico.

Me: We can talk later. Right now it's time to put OCP out of business permanently. Vince, (Hands him a CD) Give this to the President of the United States of America and tell him it's a code Economy Ω emergency.

Vince: You got it partner.

Vince teleported to Washington D.C.

Me: J'onn prepare the Satellite Laser cannon and have it target the OCP building. Fire on my command.

Martian Manhunter: It will be done.

Me: Lets roll!

We then went to OCP!

---

In Washington D.C., the President was at work on an important document when the General of The Joint Chiefs of Staff and Vince came in.

General: Mr. President. Vince here has some information regarding OCP industries in Gotham Royal York. It's a code Economy Ω emergency.

Mr. President: Vince my boy what have you discovered?

Vince: J.D. Knudson sent me Mr. President and on this disk is incriminating information about Omni Consumer Products.

Vince handed the disk to him and the President played it and it revealed all of the extremely illegal and treasonous activity OCP was doing to not just the United States but to the entire planet as well. They did numerous crimes that would put even Lex Luthor to shame. The President of The United States was shocked. He immediately called for all the assets of OCP seized and all the employees of the company arrested and indicted for treason and numerous crimes.

Mr. President: Thank you for telling me this Vince. Tell J.D. to bring all the employees in for Treason and other charges and have OCP completely destroyed to nothing.

Vince: Yes sir Mr. President.

Vince teleported back.

---

We were flying towards OCP and Vince told me everything.

Me: It shall be done. Good work partner.

Vince: Thanks man.

We flew and then we smashed through the top window of the OCP building. We saw the main boss of OCP: PAUL MCDAGGETT!

Me: Paul McDaggett. You and all of OCP are hereby placed under arrest for crimes against the United States of America and the world.

Nico: McDaggett, you have failed this city!

Me: More like he has failed this whole country.

Then two more Androids came out.

RoboCop: You won't get away. ROBOMACHINE GUN STORM!

RoboCop fired machine guns at the androids and blew them apart.

Me: Now lets go.

I snapped my fingers and beamed all of the OCP employees to a federal prison. We flew out of there.

Me: J'onn, Fire!

Martian Manhunter fired the Watchtower Laser and it hit the OCP building and blew it apart in a massive and fiery explosion.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entirety of OCP was completely obliterated in an instant.

Me: Burn in Hell OCP.

Nico: Anyone caught in the blast was vaporized in an instant.

Me: Yep.

Carol: That corporation was bad and corrupted from the very start.

Me: Yep.

RoboCop: (To the Viewers) Never mess with the city we protect or you will face all of us.

Me: Yep.

All of OCP was found guilty of numerous crimes including Treason, Murder, Fraud and more and they were sentenced to eternity in the Neptune Prison for Traitors. Being the mastermind behind it all, Paul McDaggett was sentenced to death. He was executed by firing squad. During the fight Nico caught a Staryu and a Seaking.

---

The Trial of Hawk and Hank got underway.

(The Peoples Court Theme plays)

Hawk and Hank were in orange prison jumpsuits and we were sitting in the crowd representing the prosecution.

Bailiff: All rise! Calling courtroom to order in the case of people of the city of Gotham Royal York VS Hawk and Hank. Honorable Judge Camille V. Harm presiding.

Judge Harm: You may be seated.

We did so.

Judge Harm: The Prosecution may present it's case.

Each member of the Loud Family gave their testimony. The testimony was more than enough.

Everyone gasped in absolute horror!

Juror 1: THOSE TWO ARE MONSTERS!

Juror 2: Hawk and Hank are both worse than Attila The Hun!

Juror 3: They deserve the chair!

Juror 4: Lock them up forever!

Juror 5: That is completely awful!

Juror 6: Awful! Awful!

Hawk: YOU LIARS!

The judge banged her gavel.

Judge Harm: Order order! I know these two caused a lot of problems to everyone in the city and to most of our children. And I know you want to see them both get what's coming to them and I do too. But let us hear what everyone else has to say before we reach a decision. Also we can't give these two the Death Penalty because they are only 13 and 15 and it's completely unconstitutional to execute children with the methods of Capital Punishment.

Lincoln did his testimony.

Lincoln: Those two monsters Hawk and Hank ruined our families Halloween on October 31st, 2016 by stealing our candy and vandalizing everything on our block.

Lynn gave her testimony.

Lynn: Those two roughed me up and made me sprain my ankle during a football game. (This was before I moved to Royal Woods)

All the Loud's and everyone in Gotham Royal York testified for the Prosecution and the evidence was completely overwhelming.

After all the testimony and closing arguments the case went to the jury. It didn't take them long to reach a decision.

---

French Narrator: (French Accent) Approximately 35 minutes later.

---

Me: Boy that was quick.

Judge Harm: Has the jury reached a verdict?

Jury foreman: We have your honor. We the jury in the above entitled case do find the defendants Hawk and Hank guilty on all charges.

Hawk: NO!

Hank: NO!

Judge Harm: YES! I can now do it! Hawk and Hank, as punishment for your horrible actions and your crimes against the populous of Gotham Royal York, it is the judgement of this court that you are both hereby sentenced to Life In Prison without the possibility of parole and you are hereby ordered to pay the Loud Family a restitution of $500,000,000,000,000.00. You will be remanded to the Uranus Prison for the rest of your natural lives effective immediately. Court is adjourned! (Bangs gavel)

Hawk and Hank were taken away.

Me: Burn in Hell you two!

Hank: You will pay for this you freak!

Hawk: We'll have our revenge!

Me: Don't count on it you meatheads.

Hawk and Hank will never terrorize the city ever again. We celebrated getting justice for everyone in Gotham Royal York by going to the Burpin' Burger. At the Uranus Prison, Hawk and Hank were given a special cell in Solitary Confinement and they were gonna be carried out in coffins by the time they get out. Life means life. They were gonna remain in prison until the day they die. BURN IN HELL HAWK AND HANK!

Another Fanfiction Complete.

RoboCop has been a very popular franchise ever since the 1980's. I love how he always brings the bad guys to their knees. And it was so cool how they made Alex Murphy into the most awesome cybernetic police officer ever! It was awesome! Peter Weller, Nancy Allen, Daniel O'Herlihy, Ronny Cox, Kurtwood Smith and Miguel Ferrer all did an awesome job back 32 years ago! I know the first and third movies and they were awesome! Too bad the 3rd movie was a major box office bomb. But it was awesome nonetheless. Who cares what those critics said back then? NicoChan11 gave me the ideas for this one. Thanks man as usual. And it was VinJedi1995 that gave me the idea for the RoboCop Chapter. Thanks man. Let me know what you all think.

See you all next time.

RoboCop franchise is owned by Paul Verhoeven and Orion Pictures.

# Severed Brain Conqueror

It starts in the beautiful lush countryside of Idaho. Me, Xerneas, Varie and Laney were in a beautiful meadow and it was a beautiful day. The weather was beautiful and it was a gorgeous sunny day. I was riding on my Rapidash and Laney was riding on a Flygon. We stopped on a hill and we were enjoying the beauty of the meadow and it was gorgeous.

Me: (Inhales) Ah. It's so beautiful.

Laney: Boy it sure is.

Xerneas: I love the splendor and beauty of all life. It's so majestic and invigorating.

Varie: You said it Xenia.

Flygon saw something and he trilled.

Laney: What is it Flygon?

Flygon pointed to something. Laney saw two girls in a dried up riverbed and there was a rotten bridge over it.

Laney: What are those two girls doing over there?

Me: Hmm.

I pull out my binoculars and look at the bridge. They were wearing Japanese School uniforms and one girl had brown hair and glasses and the other had blonde hair in a braided ponytail.

Me: I wonder what those girls are up to.

Xerneas: Looks like they're testing out that bridge.

Me: Looks like it.

Varie: I wonder how come.

Then we saw the bridge break into pieces and the brown hair girl fell deep into the riverbed and was chest deep in the ground. But it was not ground, it was quicksand!

Me: That's quicksand! Come on! Hyah!

Rapidash neighed and we rode and flew to the bridge.

Xerneas: We have to hurry!

We rode and flew and we stopped at the bridge.

Me: Hold on! Stay calm and don't move.

I pulled out a rope and tied it into a lasso. I threw the lasso and it landed by the girl.

Flygon grabbed the blond girl to make sure she didn't fall in.

Me: Tie that around your waist.

Xerneas: Hold on Milinda.

Me: You know her Xenia?

Xerneas: No. All of life tells me everything.

Me: That makes sense. Pull!

We pulled and we succeeded and pulled her out.

Varie: Are you all right?

Milinda: Thanks to you. (Gasp) Wow! You're J.D. Knudson of Team Loud Phoenix Storm!

Erica: It's so awesome to meet you. I'm Erica.

Milinda: And I'm Milinda.

Me: It's a pleasure to meet you both.

Varie: Let me clean you up Milinda.

Varie drenched her in water and cleaned her off.

Milinda: (Blubbers) Thanks Varie.

Varie: You're welcome.

I did an analysis on the bridge and it was really old. But it was just recently broken before it broke in half.

Me: This bridge was recently broken before it broke in half.

Laney: How did that happen?

Erica: That's what I would like to know.

Then we got an unwelcome surprise. We saw three Ducklett.

Me: Three Ducklett.

The Ducklett laughed at us.

Laney: Why are they laughing at us?

I remembered something Ash told me on his travels in the Unova region. He, Iris and Cilan had a run in with three mischievous Ducklett that really caused them a lot of trouble and he and Iris got burned with their Scald and frozen with Ice Beam. It was no pretty picnic. They took Ash's hat, a Sandile's sunglasses and Cilan's serving dome.

Me: Ash told me about these three Ducklett. They caused him, Iris and Cilan so much trouble in the Unova region and it was not funny!

Laney: I didn't know that Ash and his friends had a bad history with these Ducklett.

Erica: These three are perfect for me.

Me: These three will be perfect for you, Laney and me.

I give her a poke ball.

Me: I'll weaken them and we can go for it.

Erica: Thanks J.D.

Me: Okay.

Xerneas: This is gonna be so awesome.

Me: It's time to demonstrate my Z-Move!

I had a special bracelet on my right arm called the Z-Ring and it enables me to utilize powerful abilities for pokemon depending on what element they are called Z-Moves.

Laney: Z-Move? What are those?

Xerneas: They're ultra powerful moves pokemon can use that are used through elemental stones called Z-Crystals.

Me: That's right. And here is a demonstration.

I pulled out a Firium Z crystal and insert it into my Z-Ring.

Me: Lets do this Rapidash. INFERNO OVERDRIVE!

Rapidash was enveloped in a huge amount of fire and it charged and hit the three Ducklett and rammed them with incredible power. The three Ducklett were down.

Laney: Here's our chance! Pokeball Go!

Erica: Pokeball go!

Me: Pokeball go!

We threw the pokeballs and they opened and the Ducklett went into them. The red lights turned on and they turned off 5 seconds later and we had caught them!

Me: Erica you did it!

Erica: No J.D. WE did it.

Me: We sure did.

Laney: My own Ducklett. I think it's a cute Pokemon.

I gave her the thumbs up.

Milinda: You guys are awesome!

Me: We get that all the time.

Laney: Where were you trying to go before you ran into trouble?

Erica: We were heading home. We decided to take a shortcut and it only lead to trouble.

Me: And we arrived and saved you.

Xerneas: We sure did.

Me: Lets get you two home.

We got Milinda and Erica home and we later went back home. They were forever indebted to me.

---

In the Endsville part of the city we were walking down the streets and enjoying the sights of the city. We saw former villain of Evil Con Carne, Mr. Skarr tending to his garden.

Skarr: Hello, Team Loud Phoenix Storm. I hope you don't mind the mess. I just had a big lunch.

Donatello: It's not a problem, Mr. Skarr.

Skarr: Anyway, I don't exactly know why you're here. I gave up on villainy a long time ago. I'm still trying to come up with ways to form Underfist now that Mindy's cursed.

Me: We were just walking around the Endsville part of the city and keeping an eye out for trouble.

Nico: Mr. Skarr, I know you gave up on villainy. But if you help us take down your former boss, we'll make sure that no one tries to harm your garden again. Not even Billy.

Billy: (Offended) Hey!

Me: I heard a lot about Hector Con Carne. He's a disembodied brain and stomach.

Lori J.: How did he get like that?

Me: He was a rich playboy that was blown apart in a huge explosion that left only his brain and stomach. He wants to rule over the world with an iron fist. His brain and stomach were attached to the body of a circus bear named Boskov. And I should know. Because I'm the one that blew up his body and left him as nothing more than a brain and stomach.

Lincoln: That is awesome!

Lynn: You sure showed him!

Lori L.: I literally hate people like that!

Me: Me too Lori and you all know how we feel about people that try to dominate the world. Not only that but he's also the 23rd most wanted villain on the F.B.I.'s 10 most wanted list.

Laney: Looks like we have another villain to take down.

Skarr: (To the Viewers) Hector Con Carne is not on The Grim Adventures of Billy and Mandy anymore. But it'll be good to get him out of the picture for good.

Me: Lets get ready for him. Skarr, you know where Hector Con Carne lives right?

Skarr: I sure do.

Me: Okay.

Skarr: But we'll need the help of two former friends. I heard that Hector has fired Major Doctor Ghastly and Boskov for some reason.

Luna: But dude, wasn't Boskov his body?

Skarr: This isn't the first time that Hector's fired Boscov. But it is the first time that he's fired Ghastly.

Me: Where are they now?

Skarr: They're on that island where you banished that abusive trainer. Paul I think his name was.

Me: All the way down there!? Thank you Skarr. When this is over we'll give you a garden that is worthy of 100 Eden's.

Skarr: You're welcome J.D.

We flew over to the island.

* * *

Off the coast of southern Africa we arrived at the Island of Banished Comic Relief Villains.

We landed on the island and we saw Major Doctor Ghastly and Boskov crying.

Me: Major Doctor Ghastly and Boskov?

Major Dr. Ghastly: Team Loud Phoenix Storm? What are you all doing here?

Me: We came to get you out of here and bring Hector Con Carne to justice.

Major Dr. Ghastly: He threw us away like yesterdays garbage and ruined our lives!

Me: He will pay for it. I promise you and we'll give you both much better jobs.

Major Dr. Ghastly: You will!? Oh thank you J.D.

Me: Lets go dish out some payback Team Loud Phoenix Storm Style! (Cracks Knuckles)

Then Paul's spirit appeared.

Me: Paul. So it is true. You are dead.

Paul: That's right. My own Sinister 6 turned against me and killed me!

Nico: Paul, you have failed the world of Pokemon!

Sandman: I think you deserved this Paul.

Kraven: (Russian Accent) You are a worthless waste of space.

Paul: (to Sandman and Kraven) I should've made sure to keep you two in line!

Kraven: You have no honor, Paul. You threatened my life and kept me from my beloved.

Sandman: And you didn't even care that my daughter was dying!

Nico: I don't blame Doc Ock, Hobgoblin, Scorpion, and Mysterio for killing you over getting Electro, Hydro Man, and Vuiture killed the first time. If you got May killed, I would've done the same thing!

Shocker: You know, Paul. Me and Rhino chose to stay at our Australia base when the rest of our Sinister Six teammates went after you.

Paul: Why? Because you two are pathetic and weak?

Rhino: Because we didn't want to risk destroying our friendship with Flint at that time!

Me: You give all Pokemon trainers everywhere an extremely bad name. All you use them for is nothing but tools for your own selfish purposes.

Nico: Don't worry, Paul. Your Pokemon are in good hands. We've even been treating them a lot better than you did too! (shoots Pyro's flames at him)

Nicole then sealed Paul into the Book of Vile Darkness for all eternity.

Ash: Good riddance to that stupid jerk.

Dawn: Yeah.

Serena: He deserved death and he will never be loved.

Me: No he won't. Lets head back and set out for Hector Con Carne's home.

We did so. We went back to Skarr's house and got him and he lead us to Hector Con Carne's island.

---

We were flying over to Hector Con Carne's Island and we saw that it was in the shape of a bunny.

Me: It's an island shaped like a bunny.

Lucy: What a pathetic creature.

Natsu: I hope Hector likes being burned.

Lori L.: I will literally turn that brain into a flat pancake pretzel!

My Dark Orb detector gauntlet detected a dark orb.

Me: Looks like Hector Con Carne got himself a Dark Orb. Lets go!

We flew in.

Hector Con Carne was almost ready to do his latest plot to dominate the world when a fiery explosion blasted a hole in through the ceiling and we flew in. We saw that Hector Con Carne had his body back and he was stronger than ever.

Hector: (Spanish Accent) J.D. Knudson and all of Team Loud Phoenix Storm.

Me: Hector Con Carne! You were just a brain and stomach from what I remember. Because I'm the one that blew up your body.

Hector was infuriated.

Hector: You! (Enraged Screaming) I AM NOW JUST A BRAIN AND STOMACH BECAUSE OF YOU! I HATE YOU MORE THAN LIFE ITSELF!

Our auras flared up and we got a tremendous power increase.

Me: Thanks for the power boost.

Hector: Do you like it? Thanks to the Dark Orb, I managed to create my original body that you blew up!

Nico: I'm pretty sure J.D. was trying to blow up all of you!

Me: Just like old times huh Hector?

Hector: It is. Now lets dance.

Nico: Hector Con Carne, you have failed this world!

Blade Man: And you give brains a bad name!

Hector: Skarr, baby, I thought we had a thing going on!

Skarr: You and I are not a thing! Besides, the last time I followed you, my garden got wrecked!

Me: Lets take him down!

Hector: Guards, ANNIHILATE!

The guards fired cannonballs with skull and crossbones on them from their blasters and we dodged them. The cannonballs slammed into the guards faces and smashed their skulls open.

Me: My turn.

I kicked a guard and grabbed his blaster and I took another blaster.

Me: Check this out.

I sprouted 10 squid tentacles and grabbed 10 blasters and I was firing cannonballs all over the place and everyone else was behind me.

BANG BANG BANG!

SMASH SMASH SMASH! CRASH! CRASH CRASH!

Hector: Are you all really going to beat up Willy Wonka in his chocolate factory?

Megan: Well, we did do the same thing with your Oompa Loompas.

Me: Your guards are completely stupid and imbecilic morons.

Guards were dropping like flies as their skulls were being smashed in by the cannonballs and blood and brains were flying everywhere and smashing everything apart.

The guards fired more cannonballs and Matilda used her psychic powers and blew the cannonballs back at them and smashed their faces in.

Ransack (Cybertron): Time to burn some rubber.

Ransack turned into a motorcycle.

Ransack: Lori you want to have some fun?

Lori J.: I think I know what you're gonna do Ransack.

Lori got on Ransack and he gunned it.

Ransack: CYBER KEY POWER!

The Velocitron Planet Key went into his seat and it turned it into a turbo rocket booster. Ransack really was burning rubber and Lori was firing blasts of fire at the guards and incinerated them.

Lori J.: Lets make these freaks suffer. Dirt Boss, Downshift and Mirage!

The Race Minicon Team became the Skyboom Shield and Lori took it and the Guards fired more Cannonballs and the Skyboom Shield blew them back when it hit them and smashed their skulls in.

Ransack: You're doing really well Lori.

Lori J.: I only got started.

Ransack: Lets get them Lori!

Lori J.: You got it.

Me: Combo time guys!

Matilda: You got it J.D.

Matilda channeled energy into her hands and she formed a powerful energy ball and Windcharger formed a powerful ball of Electromagnetic energy.

Matilda and Windcharger: MAGNETIC PSYCHIC BLAST!

Matilda fired a blast of Psychic energy from her hands and Windcharger fired his magnetic energy blast and they combined and obliterated many of the guards in an instant.

Ransack: Lets get this on.

He transformed.

Ransack: CYBER KEY POWER!

The Velocitron Planet Key went into his seat and it turned into a powerful blaster.

Blade Man had his swords ready.

Ransack and Blade Man: LASERSWORD SLASH!

Ransack fired his lasers and they merged with Blade Man's swords and Blade Man slashed and incinerated more guards in an instant.

All of Hector Con Carne's guards were destroyed.

Me: Now it's just you and us Hector Con Jerk.

Hector: Bring it on Pig!

Me: Pig!? Are you talking to me?

Lincoln: Uh oh, he called him a pig!

Me: Are you talking to me!?

Laney: He shouldn't have done that.

Me: ARE YOU TALKING TO ME!?

Luan: Now he's in for it.

Me: THEY CALL ME MR. PIG! (Echoing) **COMEDY STYLE: STINKBOMB VOMITSTORM!**

I fired a green ball of energy and it hit Hector and exploded and released a mondo fart!

KABOOM! FART!

The stinkbomb covered him in raw sewage, skunk oil and a lot of unmentionable crud that smelled so horrible that it made the whole island smell worse than puke. The smell was so horrible that it made all of us hurl our guts out.

Donny and Skarr had nose plugs on. The stench brought out a Talonflame, an Omastar, a Mr. Mime and a Scyther.

Me: A Talonflame and an Omastar.

Nico: And a Mr. Mime and a Scyther. I'll catch those two.

Me: And I'll catch the Talonflame and Omastar.

We did so.

Me: Now to finish him off. Final Smash time!

Donatello: I'll start. BO STAFF SLAMMER!

Purple energy enveloped Donny's bo staff and he slammed it into Hector with devastating force.

Skarr: My turn! THIS IS FOR ALL THE YEARS OF NEVER BEING APPRECIATED! SCARSTORM BLAST!

Skarr took a powerful ray gun and fired it. It blew Hector's body to pieces and completely destroyed the dark orb he had. It gave us a massive power boost. All that was left of Hector was his brain and stomach and I put them in a jar.

Skarr (to the defeated Hector): You know, I could kill you right now. But fortunately for you, J.D. and the others have something else in mind.

Me: You are going to prison for a long time Hector. You will never dominate the world again.

We condemned Hector Con Carne to eternity in the Sun Prison for world conquerors. We honored our promise and gave Skarr a garden better then 10,000 Eden's combined and used our magic to make it completely indestructible. We gave Major Dr. Ghastly a much better job in our laboratory and Boskov had the jar attachments removed and was a normal circus bear again. He is Luan's entertainment bear. We seized all of Hector's weapons and machines and money.

Evil Con Carne was the funny sister cartoon of The Grim Adventures of Billy and Mandy and it was extremely funny. The reason it was cancelled after two seasons was because its creator Maxwell Atoms was juggling two cartoons all at once and it was really stressful. Which lead to The Grim Adventures of Billy and Mandy becoming more popular than Evil Con Carne. Making it one of the Underrated Cartoons. I thought Hector Con Carne was a funny guy and a silly villain but he was always defeated in the end. NicoChan11 gave me the ideas for this one. Thanks man as usual. Let me know what you all think.

See you all next time.

# The Time-Traveling Scientist

It starts with us watching Meet the Robinsons and it was a great movie about a young orphan boy that travels in time to the year 2037 and he finds out some surprising revelations that forever change his life. With us were the future versions of William, Maria, Elena, Riku, Stewie and Venom.

Nico: (to Future Riku, Stewie, Elena, and Venom) So what have you guys been up to in Neo Gotham?

Future Riku: We've been fighting the Jokerz and it was an incredibly tough group. They would rather use pranks for crime.

Future Riku looks like how he looks in Kingdom Hearts III.

Elena is wearing a white lab coat with a lightning t-shirt and black pants and black stiletto shoes.

Venom looks the same but he's stronger than ever. Eddie Brock however has a beard and is married to Anne and they have 4 kids. 2 boys and 2 girls.

Stewie looks like his future self in Stewie's Excellent Adventure. He is now married to Penelope and has 3 girls.

Luan: Those people give all comedians everywhere a really bad name!

Me: You said it Luan. But I have a strong feeling that the movie Meet The Robinsons is a real movie. And lets be ready for anything.

Luna: You got it dude.

Later we went to a science fair. We saw all kinds of awesome experiments.

Ed (sees a baking soda volcano): Yum! Soda! (about to drink it)

Me: Ed drop it!

Ed: Okay.

We met Lewis and his invention is a Future Viewer.

Lewis: Wow! Team Loud Phoenix Storm! It's such an honor to meet all of you.

Me: It's a pleasure to meet you too Lewis.

Lewis: It's so awesome.

Me: We have had numerous adventures that defy the laws of all physics.

Lewis: I'm surprised that the only Decepticons dead are Megatron, Frenzy, Starscream, Dirge, Soundwave, and Thrust.

William: Honestly, I expected the body count to be pretty high by the time we finished Megatron off.

Maria: But it turned out that some of the Decepticons didn't need saving from themselves. The whole Decepticon army minus the 6 deceased aforementioned Decepticons need saving from themselves.

Nico: It's amazing what you can accomplish when you simply reason with redeemable people in a calm and civilized manner.

I tested his invention and it worked perfectly. I saw my future and I had it showed me and my fiancés tying the knot and having a wonderful family and saving the universe and more.

Me: Wow! Lewis your invention works perfectly!

Varie: It sure does. I love that future.

Celica: Me too. I can't wait for it all to happen.

Rachel S.D.: Me too.

Then suddenly we saw a T-Rex appear and it was being controlling. Ed went Edzilla.

Edzilla (to mind controlled T Rex): Stupid T Rex can't punch because of tiny arms. ED SHOW YOU HOW TO PUNCH! (punches T Rex)

He knocked it out and we then met Wilbur, a Time Travel Cop.

Static: You sure you're a Time Cop, Wilbur. Because you look a little young to be one.

Wilbur: It's all true.

Wilbur told us that he was from the year 2037 and that he came to tell Lewis that he has an amazing life ahead of him.

Wilbur: My favorite adventure that you guys went on was when you guys fought Blight.

William: I remember that. Me and Maria got to see our future selves there.

Me: It was an extremely Radioactive adventure. (Rimshot)

Luan: (Laughs) good one J.D.

Me: Thanks Luan.

I then sensed another presence behind me and I saw a man that looked like a stereotypical villain from the 1920's about to swipe Lewis' invention. Nico swooped in and kicked him in the face. It was BOWLER HAT GUY and on his head was the evil hat Doris.

Lewis: Something about Bowler Hat Guy looked familiar.

Me: Lewis, Bowler Hat Guy is really your best friend Goob. He became like this because he missed a prominent catch and he couldn't handle anything like a man should.

Lynn: He's like me and I could never accept defeat no matter what. But now I am a girl of honor and I realize what a complete and total fool I was.

Lewis: So Goob became a bad guy… because of me?

Mr. Incredible (thinking of Syndrome): Don't worry, Lewis. You're not the only one who accidentally created a villain.

Batman: And I did the same with the Joker.

Me: Also I'm sorry you got abandoned by your mom and I think she wasn't ready for parenting. But we can help you with that.

Nico: Lewis, I assure you. After this mess is over, we'll let you see your mom.

Lewis: Thank you Nico.

Bowler Hat Guy got up.

Lewis knew what he had to do.

Lewis: Goob. I know it's you. What happened was not my fault. I'm sorry you became like this and how it all played. And for that I'm so sorry.

Nico (to Bowler Hat Guy): Look, you may have missed out on the winning catch. But you never getting adopted was your own fault because you couldn't handle things like a man! Now, I'm giving you a choice. You can take responsibility for your own life and keep moving forward. Or you can keep living in the past and mess up everyone's future!

Bowler Hat Guy realized that Nico was right. Then my device detected a Dark Orb in the hat he was wearing.

Me: That hat he has it's got a Dark Orb!

The hat was called Doris and it was an invention that Lewis made gone bad. It was a hat designed to be the perfect helper for anyone. But something went wrong and it turned evil.

Bowler Hat Guy: Is this the part where you kill me or throw me in one of your prisons?

Nico: (sees Doris gaining a dark Aura as well as a Heartless Symbol): Nope. You're not the real bad guy. Your partner in crime is.

The hat flew away and everyone flew after it.

Future William (to Future Stewie, Maria, Venom, Riku, and Elena): What do you say guys? Up for one last mission together?

They agreed.

Elena: Just like old times.

Venom: We're always up for an awesome fight.

Riku: Lets get him!

Lisa: Wait 2nd Elder Brother. I have a new invention that can help you and the Voltron Force beat that headwear monstrosity. Follow me.

I did so and Lisa took me to her lab.

---

Out in a field, everyone was fighting Doris. It was proving to be a worthy adversary.

Nico: Doris, you have failed this city!

Hoist (Armada): More light he has failed this timeline!

Hoist fired lasers and missiles and Static fired lightning and blew its arms off.

Hoist: Combo time Static!

Static: Right!

Hoist fired a bunch of missiles and Static fired a huge blast of lightning.

Hoist and Static: LIGHTNING MISSILE FIRESTORM!

The lightning and missile blew Doris' arms off.

Crumplezone fired lasers.

Crumplezone: CYBER KEY POWER!

The Velocitron turned his jet thrusters into powerful shoulder lasers.

Star Sapphire: Lets get him Crumplezone.

Crumplezone: You got it!

Crumplezone and Star Sapphire fired a bunch of lasers.

Crumplezone and Star Sapphire: LOVELASER FIRESTORM!

The lasers and Purple light beams bombarded Doris and severely burned it.

Lewis: Final Smash time! PHOTON BOMBARDMENT!

Lewis fired a powerful photon laser blast and it hit Doris and burned it.

Future Elena fired a massive blast of lightning at Doris and electrocuted it. She slashed its limbs off with her lightning keyblade. Future Venom fired webs into Doris' eye and blinded it and kicked it and sent it into the air. Future Stewie fired numerous blasts from ray guns. Future Riku fired numerous blasts of water from his keyblade. Future Maria fired a massive blast of water and drenched Doris. Future William fired a tremendouse blast of fire and burned Doris.

Then a blast of ice appeared, a blast of lightning and a cloud of Stun Spore appear and they hit Doris and electrocuted and immobilized and froze Doris in place. We saw a Jynx, a Dustox, a Beautifly and an Electabuzz.

Nico: A Jynx, a Dustox, a Beautifly and an Electabuzz. I'll catch the Jynx and Electabuzz and leave the Dustox and Beautifly for J.D.

May: I have a Beautifly and I can give J.D. some pointers.

Nico: That's thoughtful May.

Nico caught the Jynx and Electabuzz.

Jessie: I miss my Dustox. I released it before Team Rocket was destroyed.

Lincoln: That's sad Jessie. I'm sorry.

Jessie: Thanks Lincoln.

Doris tried to take over Maria but she turned into her water form when the evil hat got close.

Maria (smirks): Go on, Doris. Try to take me over. All you need to do is make contact with me and you'll be finished!

Batman 2039: My turn! THE WORLD NEEDS A BATMAN!

Batman's from all of the Space Time Continuum appeared and threw numerous bat bombs and they hit Doris and exploded.

Lewis: (To the Viewers) These battles are awesome!

The a Lion Roar was heard and they all saw the 5 lions.

Keith: Looks like you all could use some help.

Nico: We owe you one Keith.

Keith: Thanks Nico.

The Lions slashed and blasted Doris.

Keith: Ready to form Voltron. (Pulls a handle) Activate Interlock. Dynotherms Connected. Infracells up. Mega Thrusters are go!

Voltron Force: GO VOLTRON FORCE!

The lions flew into the sky and were changing.

Keith: Form Feet and Legs.

The Blue and Yellow Lions became feet and legs. The Black Lion became the torso.

Keith: Form Arms and Body.

The Green and Red Lions became the arms. The Arms and legs attached.

Keith: And I'll form the head.

Voltron's head formed and it was ready.

---

In Lisa's lab she was showing me an awesome Voltron Lion.

Lisa: I've been analyzing the Voltron Lions during our assistance with the Voltron Force and I figured why not build a Voltron Lion for you 2nd Elder Brother.

Me: Awesome!

Lisa: Indeed. It's a purple lion with angel wings. When it merges with Voltron it will enhance its power 100-fold and give it enhanced speed and flight with angel wings.

Me: This is amazing!

Lisa: Indeed. To get to it you'll use this.

Lisa pressed a button on a remote and a chute rose up.

Me: Okay I know what to do.

Lisa hands me a Voltron key.

Me: Thanks Lisa.

I go down a chute and it landed in a pod that took me to the purple lion and it had awesome angel wings. I was in the cockpit of the lion.

Me: Insert Key!

I insert the key into the control panel and it was activated.

Me: Key set! Launch Lion!

The lion roared and flew to the battle site.

Me: This is so awesome!

Voltron and the Doris hat were equal. It was blocking Voltron's Blazing Sword with no problems.

Keith: We're too equally matched!

Me: Sorry I'm late. Need some help Keith?

My lion fired a cosmic laser from its eyes and it hit Doris.

Keith: You have a lion J.D.?

Me: Lisa made it. It's a cosmic lion for the Voltron Force.

Keith: This is fantastic!

Princess Allura: How will it help us J.D.?

Me: You're about to find out now Princess Allura. (Turns a Handle) Activate Interlock, Dynotherms Connected, Infracells Up and Mega Thrusters are go! ANGEL VOLTRON ACTION!

My lion glowed purple and turned into a backpack with angel wings and it latched onto Voltron's back.

Keith felt Voltron get stronger.

Keith: Voltron got supercharged!

Hunk: What is your lion doing to Voltron J.D.?

Me: It's increasing his strength 100-fold and it enhances its power just as powerful.

Pidge: This is fantastic!

Lance: It's amazing!

Keith: We appreciate your help again J.D.

Me: Anything for friends Keith.

Doris came at Angel Voltron.

Me: Watch what the wings can do Keith. FIRE FEATHER LASERS!

The wings folded and fired laser feathers and they hit Doris and exploded.

Hunk: That was amazing!

Me: You haven't seen anything yet.

Doris got up and fired lasers.

Me: WING SHIELD DEFENSE!

The wings shielded Voltron.

Me: Watch this. FIRE TRI-LASER CROSS!

The wings pointed and fired a triangular laser beam and it hit Doris and exploded with incredible power.

KRABBOOOOOOOOOOOOOOOOOOOMMMM!

Keith: Lets finish this bad cloth. FORM BLAZING SWORD!

Angel Voltron formed its sword and flew with incredible speed and slashed it in half and Doris exploded into nothing.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Yeah!

Keith: Way to go team! And thank you J.D. for helping us.

Me: No problem Keith.

Lori: That was literally awesome!

Leni: Totes! That hat was a bad fashion sense.

Me: No kidding.

The lions separated and landed. I caught the Beautifly and Dustox.

Lewis (Bowler Hat Guy is starting to fade away): Goob, wh-what's happening to you?

Bowler Hat Guy: [looks at himself] I think… my timeline has been erased! The timeline where I became a villain no longer exists! (smiles) Goodbye, Lewis. [finally fades away]

Me: I'm sorry Lewis. But you can still make things right Lewis.

And we did so and managed to help Lewis make things right. Goob got the winning catch and everything was corrected. We decided to adopt Lewis and he was now a Cornelius and we reunited him with his biological mother and she was so proud of how far he had come.

See you all next time.

# End of A Cheapskate

It starts in the middle of the night. Lily and SpongeBob were looking over Mr. Krabs personal information. Lily was starting to notice that Mr. Krabs is a pathological liar and his greed has risen to whole new heights.

SpongeBob: So you see Lily, Mr. Krabs may be the owner of the Krusty Krab's but he is a cheapskate that only cares about one thing: Money.

Lily: He's like Flip. He was like Mr. Krabs in every way possible. If we stop him we can have you become the owner of the Krusty Krabs and bring his greed down.

They went to the computer and saw that Mr. Krabs had done so many crimes that it makes even Plankton himself look like a joke. The crimes he did are as follows and they appear in the following episodes:

Pizza Delivery: He antagonized Squidward by making him deliver the Krusty Krab Pizza with SpongeBob. This marks the first time Mr. Krabs acted antagonistic. This is also a labor law violation because it was closing time before the pizza order even began.

Lily: A Krabby Patty Pizza sounds tasty.

SpongeBob: Oh it is delicious Lily.

Lily: Maybe I should bring one home for the family.

Squeaky Boots: He took SpongeBob's boots away from him, because of the squeaky noise. The squeaky noise hallucination forced him to tell the truth (similar to the Narrator of "The Tell-Tale Heart"), eating them, and at the end of the episode, he got hiccups sounding exactly like the squeaky noise of the boots.

Lily: I would call that as an act of karma.

Spongebob: Me too.

Scaredy Pants: He pranked SpongeBob with a ghost story with aid from Squidward just for amusement. This shows that Mr. Krabs is also a sadistic bully.

Lily: What a Bully! And I thought Luan's pranks were bad enough on April Fools Day. No offense Mr. SquarePants. I know April Fools Day is your favorite holiday.

SpongeBob: None taken Lily. But yeah I know what you mean. But those pranks your sister did were really dangerous.

Lily: That was before I started working for you.

Arrgh!: This is the first episode where Krabs is entirely the main antagonist of an episode. His first notorious deed was he hired Patrick just so he can fire him. Then, he kept harassing SpongeBob and intruded his pineapple house just to keep playing the board game, as while SpongeBob is exhausted and wants to go to sleep. The next morning, Mr. Krabs gets SpongeBob and Patrick to be pirates and help him find the Flying Dutchman's treasure. He becomes a tyrannical control freak towards the two, condemning them that they're tired and hungry from the treasure hunt, then makes them sleep on the cold ground while he himself gets a warm tent. The two eventually see that Mr. Krabs was using their gameboard as a map and that he wanted the treasure for himself. SpongeBob and Patrick then finally get fed up with Krabs's greed and fight over the treasure chest, then when the Flying Dutchman gets angered at how loud their arguing is and that they dug up his treasure, Krabs immediately incriminates SpongeBob and Patrick. In a twist of irony, the Dutchman rewards the latter two with actual gold doubloons and only gives plastic to Krabs.

Lily: What a jerk of a pirate. But Nicole loves treasure hunts.

SpongeBob: That was a fun adventure.

Hooky: Humiliated SpongeBob in front of his daughter Pearl and her friends by stripping him naked.

Lily: That was so mean.

SpongeBob: I've never been so humiliated in all my life.

Neptune's Spatula: After telling SpongeBob he has full confidence that SpongeBob will win the fry cook challenge, Mr. Krabs bets all his money on Neptune winning. However, SpongeBob was declared the winner and Mr. Krabs started crying. SpongeBob, thinking Krabs is crying since the former is being forced by Neptune to move to Atlantis to be a fry cook, tries to assure Krabs "I'll miss you too", but Mr. Krabs complains he's crying about losing all his money.

Lily: He bet on you!? That is sick!

SpongeBob: But I did get to teach King Neptune how to make Krabby Patties the right way.

Lily: That's good.

Bubble Buddy: Makes Squidward cater to Bubble Buddy, threatening to make his life miserable otherwise. Later he joins Squidward and everyone else in popping Bubble Buddy because SpongeBob had paid Krabs in (worthless) bubble-money for expensive services and food until they found out he was alive.

Lily: Squidward I can accept because he's a worthless loser.

SpongeBob: He may be a loser but Mr. Krabs already made his life miserable more than it is.

Lily: True.

Patty Hype: Takes over SpongeBob's Pretty Patties stand so he can earn money (even though he and Squidward laughed at Spongebob earlier about the pretty patties). However, the Pretty Patties turned out to have side effects that angered the customers. After pointing out the Patties added unnatural color to their appearances and demanding refunds, Mr. Krabs then ran away screaming in fear (because he's worried he'll lose his money, not because the crowd is angry at him). The angry mob of color-mutated fish may have caught up on Mr. Krabs and physically beat him up.

Lily: You sold colored Krabby Patties?

SpongeBob: I sure did Lily and they were a success. 46,853 customers.

Lily: Wow! That's a lot of customers!

SpongeBob: It sure was a lot.

Lily: Looks like karma got him again. In a rainbow justifiable way.

Lily and SpongeBob laughed.

Life of Crime: Steals various objects from people and lies to SpongeBob and Patrick about borrowing. The lesson he taught them caused them to fight after a candy bar incident and the lollipop incident (Patrick also accused the policemen).

Lily: He stole lots of stuff and lied to you and Patrick!? What a thief!

SpongeBob: I know and it was Free Balloon Day that day.

Lily: That was a misunderstanding. You didn't know it was Free Balloon Day.

Pressure: Joined Squidward, SpongeBob & Patrick into mocking Sandy just to prove that Sea Creatures are more superior.

Lily: I may be a human and breathe in both air and water but that is too far. I think Land and Sea Creatures are both amazing regardless.

SpongeBob: That's very grand of you to say that Lily.

The Smoking Peanut: Mr. Krabs steals Clamu's pearl and abuses Free Day. SpongeBob believed he was the one who did it, but it was Patrick who became the scapegoat and people threw peanuts at him as revenge. The zookeeper explains Mr. Krabs angered Clamu by stealing her egg (containing a baby clam). Mr. Krabs doesn't apologize, only making up the excuse "But it's Free Day!" and the fish all throw peanuts at him. Off-screen, Mr. Krabs presumably was arrested by the police for petty theft.

Lily: Boy Mr. Krabs loves the word "Free" but even I wouldn't abuse Free Day like that.

SpongeBob: Me neither.

Lily: And he took Clamu's pearl? What a jerk.

Graveyard Shift: Made his employees work 24 hours without a break or hiring extra employees for the night shift (much to Squidward's dismay).

Lily: That's another labor law broken. If I worked for 24 hours nonstop, I would be so tired I couldn't even move.

Sailor Mouth: He used foul language along with SpongeBob and Patrick after explaining to them about swearing and was about to punish them by making them paint the restaurant. However, this only began when he stubbed his foot and lost his temper from the pain.

Lily: I think we need to wash his mouth out with soap. Dish soap.

SpongeBob: That sounds too poisonous Lily.

Lily: You're right. Bar soap is just fine.

Jellyfish Hunter: Tricks SpongeBob into collecting jellyfish. SpongeBob soon discovers that Mr. Krabs is squeezing jelly out of them so more Jelly Krabby Patties can be made (this even kills off lots of jellyfish up to where the factory resorted to using barrels to store their dead bodies). The jellyfish are set free and sting Mr. Krabs all at once, burning and electrocuting his body. He has no choice but to take jelly off the menu.

Lily: He made you catch all those Jellyfish for a sweatshop!? That is completely inhumane!

SpongeBob: I know. It was the most despicable thing he has ever done to Jellyfish.

Lily: I love Jellyfishing just as much as you do Mr. SquarePants.

Squid on Strike: Forcefully charges his employees for their "slacking", even though the stuff they did on the slacking list were needed to do their jobs (such as existing, talking, standing) and fired both of them. After Spongebob destroyed the Krusty Krab in revenge, Mr. Krabs forces him and Squidward to pay for the damages by working for him "FOREVER".

Lily: Mr. SquarePants, is the Krusty Krab unionized?

SpongeBob: I don't think so Lily.

Lily: More labor laws broken by Mr. Krabs. We'll unionize the Krusty Krabs after this.

My Pretty Seahorse: Mr. Krabs tried to get rid of Mystery (in which SpongeBob tries to hide her from him and Squidward). He told SpongeBob about a story about losing a friend (actually a dollar he spent on soda) which inspired SpongeBob to release Mystery into the wild. It should be noted that Mr. Krabs wished for Mystery to be given up as he noticed she was not enjoying her unnatural surroundings and did console Spongebob when he tearfully gave up Mystery stating he had done the right thing for her. After Mystery does gallop away, Mr. Krabs tries to comfort SpongeBob who is lamenting her (as Krabs is in a good mood about having gotten rid of Mystery), Squidward teases that Mystery managed to eat the Krusty Krabs's cash reserves and therefore Krabs yells at SpongeBob to quickly get her back. The audience can imply that SpongeBob and Mr. Krabs never found Mystery since she didn't make another appearance and so Mr. Krabs never recovered the money she ate.

Lily: Animal Cruelty to his list. What a jerk!

Nasty Patty: Forces SpongeBob to help him make a Nasty Patty, because he thought the health inspector in his restaurant was a phony. He along with SpongeBob try to get rid of the "body" which was still alive, getting the health inspector injured more and more.

Lily: The Nasty Patty!? Gross! And you guys thought you killed the Health Inspector?

SpongeBob: Yeah we had no idea. We thought he was a phony.

Lily: That's a simple misunderstanding taken way too far. As J.D. would say, "That burger would taste and smell worse than puke!"

They laughed.

Lily: But making a burger that is THAT rotten is a major health code violation.

The Sponge Who Could Fly (Lost Episode): Mr. Krabs along with everyone else in Bikini Bottom took advantage of SpongeBob and his flying pants by making him do their favors.

Lily: That is not right! Being taken advantage of like that is sick! I would never do that to you Mr. SquarePants.

SpongeBob: Thanks Lily.

One Krabs's Trash: Mr. Krabs tries to take back a soda-drinking hat he sold to SpongeBob after hearing about its price. He scares SpongeBob out of it with a paper ghost and defiles a grave to get it back, only to find out it was worthless. He also kills an army of skeleton people who just wanted the hat back.

Lily: Grave-robbing. Another bad crime. But I think that curse was all a bunch of nonsense.

SpongeBob: I have a feeling you're right Lily.

Can You Spare A Dime?: Accuses Squidward for stealing his first dime, until SpongeBob shakes him. He then accuses Squidward for putting the dime in his pants at the end of the episode.

Lily: I heard he has a caveman wheel for a dime.

SpongeBob: He sure does Lily. He was in business for a long time.

Lily: He sure jumped to conclusions didn't he?

Wet Painters: Asks SpongeBob and Patrick to paint the walls of his house and messes with them by scaring them into thinking the paint they were using was permanent and tells them if any paint got onto anything but wall, he would chop their butts off. After they get some on his first dollar, he licks it off and confesses his lie and that it comes off with saliva and laughs while the two walk out angrily. He ruins Spongebob and Patrick's work by laughing about his own joke, causing saliva to hit the walls. It was noted that his first dollar came from his childhood.

Lily: He threatened to cut off yours and Patrick's butts!? That is disgusting! Without a butt you can't even go to the bathroom!

SpongeBob: Yeah but I found out that because I'm a sponge and Patrick is a starfish we can grow our limbs back.

Lily: Well that's a relief.

Clams: He throws away the food, made SpongeBob and Squidward stay in the fishing boat, and holds them hostage to get back his millionth dollar from a giant clam. It gets worse when he refuses to take another dollar Squidward had. He gets his dollar back after trading his body with the clam.

Lily: He tried to feed you and Squidward to a giant clam!? What a maniac!

SpongeBob: No kidding.

Lily: And all because he lost a stupid dollar.

Born Again Krabs: Tries to sell a rotten Krabby Patty to customers. He gets sick after eating it and is persuaded to be generous by the Flying Dutchman. However, after realizing it wasn't a dream, he steals back toys from children, soda from a customer, stopped another customer from watching free TV, nearly rips someone's arm off for a penny, and trades SpongeBob's soul for 62 cents. Squidward was the one who was horrified that Mr. Krabs would sell SpongeBob's soul, especially when SpongeBob defended Krabs.

Lily: He tried to sell a rotten Krabby Patty to customers and he sold you for 62¢!? What a monster! More health code violations. That is botulism.

SpongeBob: Yeah.

Lily: I think Mr. Krabs deserves far worse than Davy Jones Locker.

Krabby Land: Creates a bogus theme park and masquerades as a clown so he can collect children's money. This brings SpongeBob to tears, and the children beat Mr. Krabs up and take his money after finding out he didn't care one bit about them, only their money. As punishment for his scam, Mr. Krabs gets forced to eat a truckload of lima beans.

Lily: He tried to con kids!? What a thief!

SpongeBob: You said it.

Lily: But at least he got what was coming to him with Lima Beans.

Fear of a Krabby Patty: Makes the Krusty Krab open for 24 hours, making Squidward upset, and SpongeBob fearing Krabby Patties.

Lily: He made you afraid of Krabby Patties?

SpongeBob: Yeah. He kept us up for 43 whole days without a break and it made us so tired and insane we couldn't even think straight.

Lily: More labor and health violations. But did you ever think that the order you got for 10,000 Krabby Patties was a prank?

SpongeBob: Not really Lily.

Krusty Towers: Plagiarizes the motto of the hotel he visited into the Krusty Towers making Squidward miserable. Squidward quit and returned as a customer ragging Mr. Krabs the same way he did with him. At the end of the episode, he decides to build a hospital and force his employees to become doctors making Squidward miserable again.

Lily: Stealing a good hotel slogan. What a thief.

Bummer Vacation: Keeps SpongeBob away from the Krusty Krab to avoid paying a fine to the Fry Cook labor union, eventually leaving him lost in the forest. Doing so, he managed to save five cents - more than what SpongeBob makes in a year.

Lily: More labor law violations. How much vacation time did you accumulate?

SpongeBob: I don't know Lily.

Born To Be Wild: Invites the Mild Ones to the Krusty Krab much to SpongeBob's chagrin. Counts as an antagonism because SpongeBob still mistook the Mild Ones as the Wild Ones.

Lily: He tried to invite a motorcycle gang that you thought was going to destroy the city to exploit them!? That is sick!

SpongeBob: Yeah but they weren't who I thought.

Lily: Another misunderstanding. But it's still inexcusable.

Money Talks: Does not listen to his money when they want to be spent on objects. He also kicks an elderly couple out of their seat after being bribed by a fish who wanted the seat. This episode also shows that he has sold his soul to many demons, depressing the Flying Dutchman. He also sold his soul to SpongeBob because he was five cents short on payday.

Lily: You own Mr. Krabs soul Mr. SquarePants?

SpongeBob: Yeah but I don't need it anymore.

The Krusty Sponge: Mr. Krabs makes Squidward cook spongey patties (rotten patties), thus poisoning the customers and bringing himself to court. He made Squidward ride the judge around on a train to pay.

Lily: He poisoned customers with rotten patties!? Yuck!

SpongeBob: Yeah.

What Ever Happened To SpongeBob?: He forced SpongeBob to leave Bikini Bottom forever (along with Squidward, Sandy, and Patrick).

Lily: That wasn't nice.

SpongeBob: Yeah I don't know what I was thinking after that.

Lily: What did you do that would cause them to kick you out of Bikini Bottom?

SpongeBob: I was a klutz and they called me Idiot Boy.

Lily: Oh gosh. I'm sorry Mr. SquarePants.

Atlantis Squarepantis: Opened an illegal stand by a museum, which had free admission, and forced an old woman to pay for entering. Then the woman told a guard on him causing Mr. Krabs to run away from him.

Lily: What a con artist.

Penny Foolish: Mr. Krabs sees SpongeBob picking up a "penny" (which was actually $500 dollar bill) and tries various plans to take it from him, even to the point of breaking into SpongeBob's house with a metal detector.

Lily: He broke into your house with a metal detector just for a penny.

SpongeBob: Yeah. But it was a $500.00 bill.

Lily: If he just wanted a penny you could've given it to him.

SpongeBob: I know Lily.

Patty Caper: He stole the secret ingredient of the secret formula, so he wouldn't have to pay for delivery ($1.99) and tried to frame Spongebob for it to the police. As punishment, he was forced to sell free Krabby Patties all day and watch it go down.

Lily: Grand theft. Another bad crime.

SpongeBob: Yeah it was all a wild goose chase.

Plankton's Regular: Grows jealous of Plankton having a regular customer (even though he gets way more), and tries to steal his secret recipe. It was later revealed that the "customer" was only eating at the Chum Bucket to get paid, and Plankton started crying over his failure once again while Mr. Krabs watched with joy.

Lily: Plankton I could care less about. Then again if I ate at the Chum Bucket I would have to have my stomach pumped.

Krabby Kronicle: Creates a newspaper and makes SpongeBob write lies about people, ruining their lives. SpongeBob tries to stop but Mr. Krabs threatens to take away his spatula. When Spongebob exposes his Mr. Krabs's scheme, an enraged crowd (including Plankton) steals his money. However, one dollar is left behind and he puts it on the newspaper printer creating counterfeit cash.

Lily: Counterfeiting is a federal offense and forcing you to write and spread all those lies is despicable.

The Slumber Party: Makes SpongeBob spy on Pearl and her friends. Pearl's party is ruined and Mr. Krabs was forced to spend his money for a new party at Goo Lagoon.

Lily: If you ask me Mr. SquarePants, I don't think Mr. Krabs loves Pearl at all.

SpongeBob: I agree. Pearl told me that he ruined all of her birthdays by being cheap.

Lily: What a tightwad. I can't believe that Mr. Krabs ruined Pearl's birthday 16 times in a row. He has no love for his daughter.

Krusty Krushers: Puts SpongeBob and Patrick in danger of being killed by huge wrestlers so he can earn the $1,000,000 prize. However, at the end of the fight, SpongeBob and Patrick choose wrestle camp instead, much to Mr. Krabs's dismay.

Lily: Attempted Murder. What a jerk.

No Hat for Pat: Made a fortune when Patrick kept falling on his face, disappointing SpongeBob. Eventually, he made Patrick fall into a bucket of spiny sea urchins and while Squidward was falling, he charged the customers more money to watch them both get hurt. People took their money back, because only Squidward was hurt and not Patrick. Also, he made Patrick cry by firing him and taking his Krusty Krab hat away.

Lily: Assault & Battery. Patrick could've gotten a major concussion from all that.

SpongeBob: Actually Patrick doesn't have that big of a brain.

Lily: Oh.

Greasy Buffoons: He and Plankton sell customers greasy food (mostly just grease period). This eventually turns people (including Patrick) into overweight, mindless zombies. SpongeBob calls a health inspector, resulting in both the Krusty Krab and the Chum Bucket being shut down until the grease was cleaned up.

Lily: Major health Violation. Grease is pure fat and it will cause a lot of heart attacks.

Kracked Krabs: Mr. Krabs charged everyone $1 per footstep as shown in a video tape.

Lily: Swindling.

Growth Spout: He steals numerous food items from characters' houses. Though he only does so to satisfy Pearl's extreme hunger.

One Coarse Meal: On discovering Plankton's crippling fear of whales, Mr. Krabs dresses up as Pearl and terrorizes Plankton for 17 days. He scares Plankton into being too scared to eat dinner, having nightmares, and even trying to commit suicide. It was shown he was cruelly enjoying and even laughing at Plankton's anguish and responded gleefully and uncaring when informed Plankton was trying to kill himself.

Lily was shocked!

Lily: He tried to get Plankton to kill himself after tormenting him with his fear of whales and didn't care if he died!? What a heartless monster!

SpongeBob: Yeah and nobody told anyone about it.

Lily: I may not care about Plankton but that is disgusting! All that's about to change Mr. SquarePants. Mrs. Puff and Plankton may not have done so many bad things like Mr. Krabs has done, but Mr. Krabs is the worst ever.

The Play's The Thing: Mr. Krabs made money by letting customers throw objects and food at his employees.

Lily: More Assault and Battery.

The Cent of Money: Mr. Krabs uses Gary as a coin magnet. He steals everyone's money, brings Gary to exhaustion, all the while completely ignoring or writing off the poor animal's suffering, and distracts SpongeBob by giving him tedious chores. Mr. Krabs is soon crushed by a tidal wave of money and put in the hospital, where every cent he collected is used up to pay his bill.

Lily: Gary accidentally swallowed one of your fridge magnets?

SpongeBob: Yeah it was my Mermaidman & Barnacle Boy Fridge magnet. It was a pretty powerful magnet.

Lily: From the looks of it I believe it.

The Curse of the Hex: Refused to let Madame Hagfish have a krabby patty and takes away the krabby patties SpongeBob made for Madame Hagfish.

Lily: What a jerk.

The Wreck of the Mauna Loa: Mr. Krabs gives away SpongeBob and Patrick's secret hideout by turning it into an amusement park ride. Most of the people had a severe accident and Mr. Krabs was arrested.

Tentacle Vision: Mr. Krabs ran an illegal commercial on Squidward's show and had stated on his illegal commercial that he wants to take people's money.

The Googly Artiste: Adds Artistic Advice on the menu for $25 after Squidward said it wasn't on the menu, and forces him to give advice to Patrick. Then while Mr. Krabs was scolding Patrick and Spongebob for taking his customers from him and selling merchandise made from his own, which was illegal, Patrick explained to Mr. Krabs that he was trying to follow Squidward's "advice", making Mr. Krabs blame Squidward for being responsible for his actions. Then Mr. Krabs agrees to let Patrick sell his art, but only he gets payed, and gets Squidward to be his student.

Barnacle Face: Decides not to help Pearl with her barnacle problem. It was soon revealed that he used krabby patty grease to make the soap used by Pearl, thus revealing the cause for the barnacle problem. He loses his diamonds because of this and tries to run after Pearl for his diamonds.

Lily: Ew! Making soap from Krabby Patty grease!? That can't be good for your skin.

The Krabby Patty That Ate Bikini Bottom: Steals growth serum from Sandy's house so he could test it on a Krabby patty to increase the success in his business. This results in a monstrous krabby patty creature wreaking havoc.

InSPONGEiac: Snaps at SpongeBob and being picky at his work, like too much mustard (101%) and saying the way that he filps krabby patties is wrong and kicks him out to get some sleep for he believes he's wasting his profits, claiming that he'd be broke in 411 years. Then after seeing Spongebob crying out the right amount of mustard, he starts saying it's a terrible thing just to make him cry more.

Lily: You're not an insomniac are you Mr. SquarePants?

SpongeBob: No thank goodness.

Lily: Well that's a relief. Mr. Krabs is a Pathological Liar.

Hello Bikini Bottom: When Colonel Carper promotes SpongeBob and Squidward to become a band, Mr. Krabs steals this band for the money they would bring in. He also steals his sound equipment (since his equipment was sabotaged) and takes things from several other people. Basically, he denies Squidward and SpongeBob their happiness (Squidward from performing in concerts and SpongeBob from the Krusty Krab - since he sold it).

Patrick-Man: He was about to carry groceries for an old woman crossing the street (who is actually The Dirty Bubble in disguise), when he spots a dollar, and then it blows away making him chase after it leaving the old woman behind in the middle of the crosswalk trapped in the middle of cars passing by.

Squid Baby: Doesn't show sympathy for Squidward who was suffering from "head-go-boom-boom-itis."

Lily: Head-Go-Boom-Boom-itis? What the heck is that?

SpongeBob: Squidward hit his head on my mailbox and got a nasty big head that turned him into a baby. It would've caused him to stay that way forever had he got anymore damage.

Lily: Ouch. And Mr. Krabs didn't show any sympathy!? What a jerk!

Safe Deposit Krabs: Tried to take money from the Bikini Bottom Bank, but was kicked out twice. Then he got locked into the money safe becoming savage from hallucinations.

Lily: Robbery. What a monster.

SpongeBob You're Fired: Fires SpongeBob to save a nickel. He later relents and rehires SpongeBob after his own horrendous cooking almost destroys his business (he solves the nickel problem by installing a pay toilet).

Lily: Mr. Krabs fired you to save a nickel!? What a monster tightwad!

SpongeBob: Yeah.

Tutor Sauce: His driving methods to SpongeBob were illegal. He mentions that he taught Pearl how to drive without her needing a license. After using Gary to stir the wheel to help SpongeBob, the police checks on them. Mr. Krabs tells the officer that he isn't a registered driving instructor to where instead of getting a ticket (or even having SpongeBob paying for it), he gets to be a student at Mrs. Puff's Boating School to his shock.

What's Eating Patrick?: Teaches Patrick how to eat in order to win the eating contest, even in means of depriving him from tasting the patties. During the contest, Patrick tries to leave because he was tired of not tasting, only for Krabs to tell him if he does, he bills him, stating that all the training patties become eating patties. While Krabs's threat to Patrick held some morality (such as how the boy and the rest of the town would be upset if they lost the contest yet again), his methods were still harsh to Patrick's esteem of eating.

The Sewers of Bikini Bottom: He, along with Crupski, showed no concern about the customers' safety at the stadium and cared less about the consequences when the plumbing system begins to go haywire.

Larry's Gym: After overhearing Larry about that the opening of the gym is free only for today, Mr. Krabs takes advantage of the opportunity and stays there thoroughly. He even taunts Larry several times (especially when he becomes unfit). However, at the end of the episode, Mr. Krabs becomes cooked from staying in the sauna in preserves from abusing the opportunity.

Lame and Fortune: After Squidward won money as an award for being the most miserable cashier thanks to a fortune cookie, Krabs took the money from Squidward abrasively stating "Me register, me money" (also considered stealing), making Squidward miserable again.

Bulletin Board: He intended on hitting a nice old lady after she refused to tell everyone about her satisfaction. But luckily, he was immediately stopped by SpongeBob.

Mutiny on the Krusty: Acted like a tyrant and abused his power throughout the episode. He cared less about the rip current that's endangering everyone and the only thing he cared about was having his customers spend their money in his restaurant, mostly out of petty crankiness due to the fact that this was the day that he must pay his employees for their service. He even berated and belittled the customers and his workers after being called tyrant and claimed himself as the captain of the restaurant, much to everyone's disdain. He even acted like a spoiled child when he selfishly refused to save the customers from the monster. However, SpongeBob managed to get him to his senses when he almost spent his first dime on candy. At the end of the episode, he forced Squidward and the customers to push the Krusty Krab back to Bikini Bottom, despite performing a heroic act of saving them from a sea monster.

Lily: Mr. Krabs is a monster and a major league jerk! He doesn't deserve to be a boss or a restaurant manager!

Krusty Katering: Lied to a hi-class lady about being a hi-class caterer just so he can get her check, but he did cater for her party (which Patrick ruined in the end).

Spongebob's Place: he becomes jealous of SpongeBob for getting all the customers' attention. He tries to get rid of him by lying about the restaurant being haunted with ghosts. He tries to cook the same way SpongeBob does, but this fails. He goes over the edge when he traps the customers by putting a river of lava around the restaurant. But this also fails when the customers stretched him into a bridge for them to cross, which resulted in him getting burned, which is considered karma.

Out Of The Picture: Tried to murder Squidward to make the latter's horrible art (which Mr. Krabs had purchased for a few pennies) more valuable.

Spin the Bottle: He selfishly demands the bottle to use it for corruptive matters.

Lily: What kind of bottle was he trying to use?

SpongeBob: It was a genie bottle.

Lily: I love Genies! But that is mean and sick.

There's A Sponge In My Soup: He grabs some rotten food from the trash cans in order to make the Krabby Soup.

Lily: Oh that is disgusting!

Sanitation Insanity: He cared less about the punishment he got from the trash inspectors and forces SpongeBob and Squidward to clean up the mess for him. When he sees them in a trash fight with Patrick, he blatantly lies that they are ruining his hard work, even though he did not clean up any trash. Soon, he gets involved with the trash fight. Luckily, the trash inspectors puts their fight to a stop and Mr. Krabs sadly accepts the punishment by helping SpongeBob, Patrick, and Squidward clean up the trash, even though Patrick is not seen with them.

Pat the Horse: He forced Patrick to carry a lot of kids on his back to make money. He even did the same thing with Squidward and bragged SpongeBob that his horse is better than Patrick. He and SpongeBob challenged to a race to see who gets to deliver the food to a customer at Black Devil Bay first. During the race, he cheated in hopes of winning even though Sandy told them not to, which means that Mr. Krabs doesn't want to play fair. He even impersonated an officer during the race which almost lead him to getting arrested by the police. He eventually wins the race, but gets the punishment he deserves when Patrick steals his arms and starts acting like a real crab.

Bottle Burglars: He stuffs both SpongeBob and Squidward in the safe of the Krabby Patty formula as his "new security system." This is yet another time he abuses his workers.

Shopping List: he gives SpongeBob a phony shopping list containing strange, exotic items and sends him and Sandy on a dangerous but pointless mission to retrieve them. When Plankton steals the fake ingredients, he revealed that he wanted SpongeBob to keep Plankton away from him just so he can go shopping for the real ingredients at the Barg'N-Mart. Which meant that he lied about the supposed apocalypse if SpongeBob loses the list. Sandy gets really mad at Mr. Krabs since his stupid little ruse almost got her and SpongeBob killed and it costed the loss of her tail and her submarine. Mr. Krabs gets the karma he deserves when Sandy beats him up in his office, takes his bag of money, and sends him flying out through the roof of his restaurant as payback for deceiving his employee. He even admits his defeat at the end when he says to himself, "Well, I guess I had that coming."

Whale Watching: he imprisons Pearl in his own home by barricading everything with prison bars when she was intending on going to a teen party. He even threatened Squidward, who was hired to babysit Pearl, that if anything happens to his daughter while he's away, he'll have SpongeBob torment him for the rest of his life.

# The SpongeBob Movie: Sponge Out of Water

In this sequel to The SpongeBob SquarePants Movie, Mr. Krabs commited several heinous acts, making himself different from his more innocent self in the previous movie. Examples are down below:

Mr. Krabs and numerous Krusty Krab customers constantly tease Plankton, who is actually a robotic decoy of him, thinking that he's suffered from another failure to steal the Krabby Patty secret formula.

After SpongeBob and Plankton see the secret formula surprisingly disappear, Mr. Krabs shows up and accuses Plankton of stealing it, even though Plankton truthfully said that he didn't do it. Mr. Krabs wouldn't listen, even when SpongeBob was defending him that he's telling the truth, and traps Plankton in tape and tells a knock-knock joke to make Spongebob do his signature laughter and torture Plankton forcing him to tell where the secret formula is. Then, while Mr. Krabs and the Bikini Bottom citizens attempt to attack him, SpongeBob rescues him with a giant bubble. Mr. Krabs instantly thinks that Spongebob has been a double agent working for him and Plankton all these years as they both float away.

Mr. Krabs then becomes a leader of a savage group of apocalyptic sufferers. Then, while they were planning a sacrifice for the burger gods, which a savage Sandy explained, Spongebob and Plankton return from time traveling. Then, even when Spongebob tried to convince the people how savage they've become with the formula missing, Mr. Krabs and the rest attempt to sacrifice Spongebob by having him get squashed by a falling burger-bun-shaped stone. Spongebob smelled the familiar scent of Krabby Patties coming from the outside surface, which is coming from Burger-Beard who's the one that really stole the formula. Then, as the stone is about to fall on Spongebob, Mr. Krabs stops it after he and the others smell the scent as well, as they aid Spongebob to follow the scent.

Mr. Krabs notices that Burger-Beard is selling his Krabby Patties for $8.99 and says to himself, "Why didn't I think of that?"

During the end credits, he pulls Patrick's wallet out of his pocket.

Battle For Bikini Bottom

He has a large possession of Golden Spatulas which he knows are needed for Bikini Bottom to be saved, but refuses to let Spongebob have them unless he trades them for a large quantity of shiny objects.

When Spongebob reluctantly disagrees to give him a hard earned Golden Spatula, Mr. Krabs makes Spongebob's break time at work -5 minutes, effectively meaning he has no break and has to work an extra 5 minutes.

After having bought all the Golden Spatulas Mr. Krabs has, the player can still talk with him. However, he only ever says the one thing; "The only good robot is the one that's givin' me them shiny objects". This is a subtle reference to the possibility that Mr. Krabs thinks of Spongebob as a robot which is actually another word for slave.

Lily: The police are in for a major surprise when they find out about all of this. Mr. SquarePants, do you have photos of all these things Mr. Krabs did?

SpongeBob: I sure do Lily.

Lily: We'll need those as evidence. And they do say "A Picture is Worth 1,000 words."

SpongeBob: Good idea.

Lily printed the crimes Mr. Krabs did and SpongeBob got the pictures.

---

The next day as Mr. Krabs was watching the customers eat, the police stormed the Krusty Krab and entered and they placed Mr. Krabs in handcuffs.

Mr. Krabs: What's going on here!?

Officer: Eugene H. Krabs, you're under arrest for counterfeiting, theft, attempted murder, human trafficking, animal cruelty, assault & battery, numerous Health Code Violations, slave driving, and forcing your employees to work 24/7 with NO BREAKS!

Mr. Krabs: WHAT!? YOU CAN'T DO THIS! YOU CAN'T TAKE ME TO THE POKEY!

Officer Nancy: Yeah yeah. Tell it to the judge cheapskate. Lets go Krabs.

They took him away.

---

(The Peoples Court Theme Plays)

Bailiff: Calling the courtroom to attention in the case of People of Bikini Bottom VS Mr. Krabs. Honorable Judge Horace A. Whopper presiding.

Lily, SpongeBob and friends all testified for the prosecution and Lily presented a slideshow of all the horrible crimes Mr. Krabs has done to everyone in Bikini Bottom including Plankton. It was a mind boggling and overwhelming testimony and everyone explained how bad Mr. Krabs is to the core. The Corrupt Business owner is worse than Plankton. After everything was done, it didn't take long for the Jury to reach a verdict.

Judge Whopper: Has the Jury reached a verdict?

Harold: We have your honor. We the Jury find the defendant Eugene Harold Krabs guilty on all charges.

Judge Whopper: Very well. Eugene Krabs?

Mr. Krabs: Your honor?

Judge Whopper: As punishment for your actions, you are hereby sentenced to 15,523 years of the following events: The plaintiff, SpongeBob SquarePants receives full ownership of the Krusty Krabs permanently.

Mr. Krabs: (In his head) No.

Judge Whopper: All the items on the Krusty Krab's menu will be given out for free for the first 96 hours of your sentence.

Mr. Krabs: No.

Judge Whopper: All of the counterfeit money you manufactured, and the printing press you used, will be confiscated and destroyed, on camera.

Mr. Krabs: NO!

Judge Whopper: A collaboration between Bikini Bottom's best mime and Doggy Williams will be shown live at the Krusty Krab.

Mr. Krabs: **NO!**

Judge Whopper: And to top it all off, not only will you be forced to watch this for yourself, but once you reach the halfway mark, you will pay Lily Loud, SpongeBob SquarePants, Sandy Cheeks, Patrick Star and Mrs. Puff $500,000,000,000,000,000,000,000.00 in restitution each and spend the rest of your sentence and your miserable and cheap life in the Bikini Bottom Federal Prison system without the possibility of parole!

Mr. Krabs: **NNNNNOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO!**

Judge Whopper: COURT IS ADJOURNED! (Bangs Gavel) Take him away.

The guards took Mr. Krabs away.

Lily: This is what you get Mr. Krabs.

---

Lily still works for the Krusty Krabs and now Mr. Krabs is a convicted criminal and a disgraced cheepskate. The Krusty Krabs were made better than ever and Lily got a great Pay Raise. A new law was later made that said that being a cheepskate will never be tolerated in

Bikini Bottom and is now a federal offense punishable by Eternity In Prison. All the cheepskates were run out of town and exiled into the Bikini Badlands for all eternity where they will die of dehydration. Never to touch a single red cent or dollar bill ever again. SpongeBob now owns the Krusty Krabs and he was now filthy rich along with Sandy, Patrick and Mrs. Puff. Mrs. Puff still loves Mr. Krabs regardless. Afterwards the Krusty Krabs merged and became a bigger restaurant than ever. Mr. Krabs was taken to the Ross Ice Shelf Maximum Security Federal Prison where he will spend the rest of his miserable life in prison without the possibility of parole. Mr. Krabs is now declared the most hated creature in all of Bikini Bottom and all of the 7 seas. He will never touch a single cent or dollar bill ever again. Every day Mr. Krabs cries in his special cell in Solitary Confinement knowing that he will never get any amount of money ever again.

---

Back at the Krusty Krab, Lily was finishing up her talk with SpongeBob.

Lily: Okay Mr. SquarePants, I'll see you next week.

SpongeBob: Good night Lily.

Lily went back home. She came through a portal to her room and was dripping wet.

Lily: Well that was an eventful and extremely profitable week.

Lily hung up her hat and went to the shower to clean off all the salt water.

Outside the bathroom we were all waiting.

Lori: Come on Leni, hurry up. Other people have to use the bathroom too!

Leni: I'm right here Lori.

Lori: Oh sorry Leni. Wait. If you're not using the bathroom then who is?

Lily came out and she was wearing her lavender robe and a towel in her hair.

Lily: Sorry guys. I was.

Lori: Oh hey Lily.

Lincoln: We didn't see you come in or head to the bathroom.

Lily: Sorry guys. I was showering after being in the ocean for 7 days. Have to get all that salt water off and I just got home from work 30 minutes ago. I have quite a story for you all.

Lori: We'll have to hear it when we're done.

Lynn: I'll bet it's a great one.

Lily: It is Lynn.

Lily went back to her room to get dressed. After everyone was done with the bathroom we sat at the Dining Room table and we heard everything from Lily. We were floored and shocked.

Me: That is unbelievable!

Varie: I can't believe that Mr. Krabs is that despicable!

Gali was looking over the long rap sheet of crimes that Mr. Krabs did and she was horrified.

Gali: I can't believe that Mr. Krabs was doing all this and no one ever suspected it.

Irma: But I'm glad that cheapskate is now behind bars for the rest of his worthless life.

Luan: He sure was CRABBY. (Laughs) Get it? But seriously, he was by far the worst of the worst.

We laughed at Luan's joke.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) Good one Luan!

Lensay: (Laughs) Good one Mommy.

Me: But yes I agree with you. I can't believe that Mr. Krabs is that much of a skinflint. People like him have no place in this world or anywhere else.

Aylene C.: You got that right

Lynn Sr.: But we're very proud of you for exposing that rotten crustacean for what he is: A SELFISH TIGHTWAD.

Rita: Yes we're very proud of you sweetie.

Lily: Thanks mom and dad.

Me: We're all proud of you Lily. And he now has 15,000 plus years to think about his crimes.

Luna: You said it dude.

Nico: Eugene Harold Krabs you have failed the entirety of the 7 seas.

We laughed.

It was a better restaurant life for Lily.

Megan: (To the Viewers) Remember this everyone: No one likes a cheapskate and people like them are never welcome in the world anywhere.

THE END

Another Fanfiction Complete.

Mr. Krabs is without a doubt the worst ever cheapskate ever to the world. I got the idea for this one out of inspiration from Blackwolf249's fanfic One Course Meal Alt. Ending Remastered. Thanks for the idea and inspiration and credit goes to you for the inspiration. Mr. Krabs may be a cheapskate and has done all kinds of unspeakable crimes but that's what makes him funny and silly. Let me know what you all think.

See you all next time.

# Scream of The Irish Banshee

HAPPY SAINT PATRICK'S DAY 2019 EVERYONE!

---

It starts at Fairy Tail Castle. I was having a cup of tea and I saw Cana drinking a barrel of beer. I was wearing a green shirt with the Celtic Tree of Life Knot on it and I had a tartan kilt skirt on. I also had a green Fairy Tail guild symbol on the back of my left hand meaning I am now an honorary member of Fairy Tail.

Me: Cana isn't that a little too much for you?

Cana: No I have a high tolerance to alcohol.

Me: Boy I can tell.

Lucy H.: Cana drinks alcohol like there is no tomorrow. When it comes to alcohol there's no end of it.

Me: I believe it Lucy. Cana aren't you even aware about alcohols dangers?

Erza: I've been trying to tell her to lighten it up but she can't listen.

Me: Some people have their own tastes.

I saw Wakaba smoking. I fired an energy beam at his pipe and blew it apart.

Me: Sorry Wakaba but I don't like it when people smoke. It's bad for you and it can kill you.

Lucy H.: You have quite a good shot J.D.

Erza: He sure does.

Me: Tell me something I don't already know.

I saw a member of the guild in front of the request board wondering what to do.

Me: Don't waste your time Nab. Those jobs are only available in Fiore. They're not available here on Earth.

Erza: He just won't pick a job.

Juvia: It's hard to pick a job huh?

Me: It sure is Juvia. But some people just can't be satisfied.

Cana: I agree with you there J.D.

I took a sip of tea and then my watch beeped. It was 8:00 AM.

Me: It's time for me to get going. We're going to Ireland for a festival.

Natsu: Have a good time J.D.

Me: Will do. Thanks for the tea Mirajane.

Mirajane: You're welcome J.D. Have a good time.

Me: I always do whether at home or away or fighting crime. See ya guys.

I left.

I walked back to the estate.

Me: (To the viewers) I'm sure you're all wondering what that was all about. Today is March 17, 2019 A.K.A. Saint Patrick's Day. It's a very special holiday over in Ireland and here in the USA. It commemorates Saint Patrick and how he brought Christianity into Ireland as well as celebrating the history and culture of Ireland in general. I'm wearing all green because it's part of the holiday tradition. If someone doesn't wear green on this day, they get a nasty pinch and boy does it hurt. We have all kinds of fun on this day over in Ireland. There's all kinds of fun things to do. But mostly the people in Ireland like to drink alcohol like there's no tomorrow. People in bars do it too and that's what gets them into trouble with the law. (Points to something) As you can see, the police are on high alert and anyone that has had more than the legal limit will be placed into jail. No exceptions. Over the Limit, Under Arrest. Thousands of people die each year from automobile accidents caused by drunk driving. We're heading over to Ireland to attend the annual Saint Patrick's Day Festival to celebrate with the Irish. Natilee loves Ireland and she is called my Celtic Princess. There's gonna be all kinds of Dancing and all kinds of fun activities. I'm looking forward to having fun.

I arrived back at the estate.

---

We were in Vanzilla 2.0 flying in Jet mode flying towards Ireland.

Maria: I honestly thought that Mr. Krabs had changed. I mean, it's not like he tried to intentionally kill us.

Lily: I thought so too Maria. But no matter what some people will never change no matter how hard we try.

Lincoln: That's true.

Jen: You know, if a bad guy attacks, me and Bruce will Hulk out in honor of St. Patrick's Day.

Me: We have to be ready for anything.

Poliwag: Happy St. Patrick's Day, Nico.

Nico: Same to you Poliwag.

Poromon: Happy St. Patrick's Day, Nico.

Nico: Thanks Poromon.

Poromon: I hope there's food at the festival.

Me: They always do have food Poromon. It's really good food.

Luna: I love Ireland dudes. Shepherd's Pie is really good and it's

Mick Swagger's favorite.

Laney: I love Irish food. And I also like the Irish dancing and the songs.

Natilee: I love the Irish songs too Laney. One of my favorites is Star of The County Down.

Jared: That's one of my favorites too.

Brittney: Same here. It was made back at the end of the 19th century. It's about a man from his point of view who tries to meet a young lady named Rose McCann who is often called the Star of The County Down. It takes place in Banbridge Town in Northern Ireland.

Lori: That literally sounds interesting.

Lana: Can you sing the song Natilee?

Natilee: I sure can.

The song played.

Natilee: (Singing Divinely)

Near Banbridge town, in the County Down

One morning in July

Down a boreen green came a sweet colleen

And she smiled as she passed me by.

She looked so sweet from her two white feet

To the sheen of her nut-brown hair

Such a coaxing elf, I'd to shake myself

To make sure I was standing there.

Chorus

From Bantry Bay up to Derry Quay

And from Galway to Dublin town

No maid I've seen like the sweet colleen

That I met in the County Down.

As she onward sped I shook my head

And I gazed with a feeling rare

And I said, says I, to a passerby

"Who's the maid with the nut-brown hair?"

He smiled at me, and with pride says he,

"That's the gem of Ireland's crown.

She's young Rosie McCann from the banks of the Bann

She's the star of the County Down."

Chorus

I've travelled a bit, but never was hit

Since my roving career began

But fair and square I surrendered there

To the charms of young Rose McCann.

I'd a heart to let and no tenant yet

Did I meet with in shawl or gown

But in she went and I asked no rent

From the star of the County Down.

Chorus

At the crossroads fair I'll be surely there

And I'll dress in my Sunday clothes

And I'll try sheep's eyes, and deludhering lies

On the heart of the nut-brown rose.

No pipe I'll smoke, no horse I'll yoke

Though with rust my plow turns brown

Till a smiling bride by my own fireside

Sits the star of the County Down.

The song ended and we cheered for her.

Me: That was great Natilee!

Natilee: Thanks dad.

Laney was practicing Irish Dancing. She was really good at it.

Lincoln: Laney I didn't know you can dance Irish.

Laney: I've learned all kinds of dancing from our travels all over the world Lincoln. It's amazing at how many styles of dancing there are all over the world.

Me: There sure are Laney. The world has many styles of dancing.

Shannon: I like dancing too. You know the funny thing is, in Chicago every Saint Patrick's Day they dye the water in the river green. I thought that was cool.

Me: I see that on the news and it is so cool! It must be a way to celebrate the holiday.

Later we landed in Dublin, Ireland. The Capital City of Ireland. We were in the town square of the city where the festival was setting everything up. The Festival doesn't begin until 6:00 PM. It was 3:00 PM over in Ireland.

Jared was thinking about what to do for the dancing. Then suddenly he felt a telepathic call. His eyes glowed neon red and he heard a voice in his head.

?: (Irish Accent) Help me Jared. They're going to kill me! Help me!

Jared: (GASPS IN SHOCK!)

Me: Son what's wrong?

Jared: I have to go guys. Something called me.

Me: I'll come too son.

Lincoln: Same here.

Jared: Okay guys.

We flew with Jared.

---

At Stonehenge a sacrificial ritual was taking place. We saw a bunch of women with glowing neon red eyes and they screamed in the most horrific manner ever known. Their hair was waving all over the place. They had one of their own strapped to a sacrificial alter. It was Sh'lainn Blaze.

Me: The Banshee's of Celtic Legend.

Jared: And they're about to sacrifice one of their own.

Lincoln: That is completely disgraceful.

Me: You said it buddy. If there's one thing we never tolerate it is Satanic Ritualistic Murder.

Jared: She's the one that called out to me.

Me: That's Sh'lainn Blaze. Lets roll!

We flew in and Lincoln fired his lightning and electrocuted the Banshee Clan queen and Jared swooped in and ripped the shackles

off.

Jared: Are you all right Sh'lainn?

Sh'lainn: Thanks to you Jared. You saved my life.

Jared: No one deserves to be sacrificed like this.

Me: That's right.

The Banshee's fired blasts of energy from their hands and they were flying. We dodged them. They were emitting the most horrifying scream imaginable. It was enough to send shivers down my spine.

Me: That is so creepy.

We flew into the air and we saw the Banshee's hands become long claws and they fired powerful energy blasts at us. We deflected and dodged them.

Lincoln fired powerful lightning and electrocuted them.

Jared fired blasts of fire and burned some of them.

We flew back to the Festival. But knowing the Banshee's they we're not going to stop until they kill us.

---

Back at the festival everyone was getting ready. But then, Nico saw a Magmar and a Pinsir.

Nico: Is that a Magmar and a Pinsir?

Ash: It sure is Nico. I battled the gym leader of Cinnabar Island, Blaine and he had a powerful Magmar. Charizard and Magmar were both equally matched.

Nico: Wow! That must've been quite a battle.

Ash: It was. But not as big as the battles on Team Loud Phoenix Storm.

Serena: That's true.

Misty was shaking in fear at the sight of the Pinsir.

Lana: Misty what's the matter?

Brock: She's never been a big fan of Bug Pokemon. They creep her out.

Misty: Bugs really bug me!

Nico: That's very common in some girls but I think it's very stereotypical. No offense girls.

Lori: None taken Nico.

Lola: I don't like bugs either and Lana has all kinds of pets.

Nico: I know. But those two Pokemon are mine.

Nico threw two Pokeballs and caught them.

Me, Jared, Lincoln and Sh'lainn landed and we told everyone everything.

Brittney: So the Banshee's will be coming for us?

Me: That's right and they're going to kill us to get to Sh'lainn here.

Laney: We won't let that happen to her.

Lana: YEAH!

Jared: And I can always be with her because of the ordinance I'm on.

Me: Like me and Lincoln son.

Jared: You got that right dad.

?: You're doing a great job J.D.

We turned and saw a friend of mine: Nick Logan.

Me: Nick Logan.

Nick: It's great to see you again J.D.

We hugged.

Me: It's great see you again Nick.

Nick: You too.

We told Nick about all our adventures.

Nick Logan: My favorite part of your adventures was when you guys defeated Fright Knight.

Nico: Now that's an adventure to remember. I conquered my fear of Slappy the Dummy from Goosebumps.

Ed: And I smashed a clone of Tantrum A.K.A. Thomas Kim!

We laughed.

Me: And you achieved Super Saiyan 2.

Nico: That's true.

?: Dawn!

Dawn saw a Pokemon she met on her adventures and it was one she knew all too well. It was a Shaymin.

Dawn: Shaymin!

It jumped into her arms and she was reunited with it.

Me: You know this Shaymin, Dawn?

Dawn: I sure do. We encountered it when we were having lunch and it has an amazing and powerful ability.

Me: I heard it has this explosive ability called Seed Flare.

Brock: That's right J.D. Seed Flare is Shaymin's unique ability. It absorbs polluted air through it's body and converts it to light and water and releases it all explosively.

Me: Wow! That's amazing Brock.

Brock: It is. We got a first glimpse of what Shaymin's Seed Flare can do. He absorbed the polluted air from the smoke of our barbecue and it was powerful enough to blow our picnic away.

Me: Wow! If it packs that much explosive power from just a little polluted air, then who knows how much explosive power it can get from a majorly polluted city.

Lori: That is literally amazing.

Shaymin: That's right.

Me: No kidding.

Shaymin: I do have a unique ability don't I?

Me: How is it able to talk?

Dawn: It's telepathy.

Me: That is neat.

Laney: It sure is.

Then we heard a horrific scream.

Me: Here come the Banshees!

Eddy: Man that is loud.

Brittney: The Banshee's of Celtic legend.

Shannon: Lets get ready.

The Banshee's landed in front of us and we stood ready. A Force Field was placed over the city of Dublin except for the town square.

Banshee: I hope you're all having a Happy St. Patrick's Day. It's gonna be your last!

Me: Not if we have anything to say about it. You want to get to Sh'lainn, you'll have to go through us!

We transformed.

Sideways: This is gonna be awesome guys! I'm glad J.D. changed me.

Red Alert (Cybertron): (British Accent) This is gonna be amazing.

We went at the Banshees and I punched one in the face and fired a powerful energy blast and it hit her and exploded.

KRABOOOOOMMMMM!

Me: You all will never be welcome here on this world! Sh'lainn Blaze is the only one welcome!

Edzilla: Banshees loud. BUT ED LOUDER. ED IS LOUDEST THERE IS! (roars at the banshees)

Edzilla's roar blew the Banshee's away.

Nico: Banshee Clan, you have all failed this city!

Me: More like they have failed the world.

(Transformers Cybertron theme plays)

Red Alert: CYBER KEY POWER!

The Autobot Cyber Planet Key went into Red Alert and the Missile on him turned into a super deadly particle laser.

Nico: That is so awesome!

Me: It sure is.

Red Alert fired a powerful death ray and burned some of the Banshee's into dust.

Blue Beetle fired numerous laser beams and burned the banshees.

Blue Beetle: It's combo time Red Alert!

Red Alert: You got it Jaime.

Red Alert fired his particle Laser and Blue Beetle fired a blue laser.

Red Alert and Blue Beetle: PURPLE LASERSTORM DEATHRAY!

The blasts combined and turned into a deadly purple death ray and it obliterated most of the Banshee's in an instant.

Blue Beetle: That was awesome!

Sideways in his fighter jet mode and he was awesome looking. Much better than a motorcycle. He fired numerous missiles and blew the banshee's apart. Fire Man incinerated them.

Sideways: Combo Time Fire Man.

Fire Man: You got it Sideways.

Sideways fired numerous lasers and Fire Man fired a massive blast of fire.

Sideways and Fire Man: INFERNO LASERSTORM!

The blasts turned into a deadly firestorm of lasers and fire and burned and incinerated some of the banshees.

Natilee: (Irish Accent) You wretched monsters are never going to be part of our world!

Metroplex: (Scottish Accent) That's telling them wee lass. Lets get them.

Metroplex transformed and his bucket head excavator shoveled turned into a giant powerful battle axe called the Sparkdrinker.

Natilee: Lets dance wretches!

Natilee fired a blast of energy and Metroplex slammed his

Sparkdrinker into the Banshees and smashed them to pieces.

Natilee: Lets finish these wretches with our combo Metroplex.

Metroplex: You got it lass. You can use this. CYBER KEY POWER!

The Gigantion Planet Key went into the wheel and turned it into a deadly axe. Metroplex gave Natilee his axe and channeled energy into it and jumped into the air. The Axe Head turned neon green and turned into an energy four-leaf clover.

Natilee and Metroplex: AXE OF THE LUCK OF THE IRISH!

Natilee swung the axe and slashed through many Banshee's and killed them and reduced them to ash.

Metroplex: Well done lass!

Natilee: Thanks Metroplex. Those wee roaches will never be welcome here.

Now it was just me and the Banshee Queen, Mab.

Me: How can you do that to Sh'lainn, Mab?

Queen Mab: She is a traitor and wants us to coexist with humans.

Me: How can that be a bad thing!? She wants to be a part of our race!

Queen Mab: I won't let that happen.

I charged and then just as I was about to punch her she created a powerful force field of pure dark energy.

Me: Wow!

Mab: Let's see how you like dealing with a force field for a change! Not so fun now, is it?!

Me: You have a Dark Orb in your possession.

Mab: That's right J.D. (Forms a sword of dark energy) And I believe you know this ability.

Me: How can I not? That's Galvatron's dark energy sword projection.

Mab: That's right.

Me: I have that ability as well.

I did the same thing.

Mab: How can that be? Galvatron is dead.

Me: True, but I accidentally acquired Nico's ability to use all the abilities of the villains and bad guys we kill or capture and Galvatron had numerous abilities including energy sword projection. As long as evil exists in this universe, we will always be there to stop it and protect everyone we care about.

Mab: Humans are nothing but monsters and they have no right to exist. That's why we're going to destroy everyone!

Me: You have no right to decide that! We have a right to live and to protect the people we care about and that's something a warped freak like you can never understand!

Varie: You tell her hon!

Mab: You will all die!

Me: You first!

(Battle of The Heroes from Star Wars III plays)

We dashed at each other and engaged in a powerful and deadly sword fight. Sparks were flying everywhere and massive fiery explosions rattled the land. Thunderous shockwaves from the explosions shook everything. Luckily the force field was holding. I fired energy blasts at Queen Mab and she protected herself in a force field. We clashed our swords again and it was turning into all of Ireland into a deadly and epic conflagration. We stopped and looked at each other. My eyes were filled with righteous justice and Queen Mab's eyes were filled with burning malevolent hatred.

Me: All that hatred inside you and you have no love for anyone but yourself. I pity you Mab.

Mab: Save your pity for the weak! Only the strong shall live and the weak will die!

Jared: Let me take over dad.

Me: Go get her son.

Jared: With pleasure.

Jared unsheathed his sword and it glowed red.

Jared: My grandpa once told my dad this: If all you ever think about is nothing but hatred, you're destined to go to Hell.

Mab: I will kill all of you and take you with me to Hell!

Jared: You have no honor and now I'm going to finish you!

Jared then flared up his rainbow aura.

Allenby: Show no mercy!

Jared: With pleasure.

Jared went at Mab and teleported and slashed her face.

Mab had a cut on her face that was bleeding blue blood.

Jared: Your blood is blue.

Jared and Mab clashed their swords and sparks were flying everywhere and he kicked her in the face and sent her crashing into the force field.

Jared: Time to finish you Mab.

Nick L.: It's final smash time! CRYPTOZOOLOGY SPIRIT STRIKE!

Nick released astral spirits that looked like all the creatures in cryptozoology and legend and they went at Mab and hit her and

exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOMMM!

Me: Nick that was so awesome!

Nick L.: Thanks J.D. I've seen it all in my job on the Alliance.

Me: I believe it.

Musa: Now it's my turn. MUSIC SONG BOMBER!

Musa fired a massive energy blast with a musical note on it and it hit Mab and exploded.

Brittney: Now for our Final Smash.

GOTHS OF DARKNESS: NIGHTFLAME HORSEMEN RIDE!

The Goths of Darkness rode on horses made of pure black fire and like the Four Horsemen of The Apocalypse they unleashed a massive assault on Mab and it was extremely brutal.

Jen and Bruce became the She-Hulk and the Incredible Hulk and they unleashed a brutal assault on Mab by punching and smashing her face in.

Shaymin: Let me show you how strong my technique is.

Dawn: Are you sure Shaymin?

Shaymin: I'm sure Dawn.

Me: The smoke from the fire should give you enough.

Shaymin: Okay.

Shaymin sucked all the smoke from the fire we made and it was a lot of smoke. Then it glowed.

Me: Brace for impact!

We shielded ourselves and Shaymin released a massive explosion of light, energy and water and it was unbelievably powerful!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The Shaymin's Seed Flare it released was so powerful that it sent Mab crashing into the force field and she was badly electrocuted and burned.

Me: Wow! What power! That was awesome and powerful!

Nico: No kidding. I can't believe it packs that kind of explosive power!

Dawn: Shaymin that was incredible!

Shaymin: That was amazing huh?

Courage: You guys might want to cover your ears.

Nico: Ok. (covers ears)

We did so.

Courage took a deep breath and he released his biggest scream ever. (Ball of Revenge Scream)

Courage: ***AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA***

The scream was so powerful and so loud that it blew Mab to pieces and obliterated her in an instant.

Me: Holy mackerel!

Francesca: Courage that is a powerful scream.

Courage laughed.

The spirits of the banshees appeared.

Banshee spirit: You shouldn't have been able to kill us the way you did. No one has ever been able to scream as loud as us!

Courage: First time for everything.

Banshee: What, are you going to scream our spirits to death too?!

Nicole: As tempting as it is but we have a better place for you. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLEN LIRUS-NOR!

The spirits of the Banshee's all went into the Book of Vile Darkness.

Nicole: You people will never terrorize our planet again.

We powered down and saved Sh'lainn, all of Ireland and the world from the terror of the Banshee clan.

We went back to the festival. We were now the Heroes of Ireland.

Nico: Shall we dance milady?

May: You know it fair sir.

We did all kinds of dancing to Irish music and traditional songs and it was awesome. We also had great food and no beer because we don't drink. Nick and Sh'lainn now live in our estate.

Nick L.: (To the viewers) Never mess with the greatest team in the universe or you are asking for trouble.

Me: You said it Nick. (To the Viewers) This has been a great Saint Patrick's Day for all of us and have a great Saint Patrick's Day to you all my friends.

I pull out bagpipes and played a traditional Irish song. A Four-Leaf Clover irised in and closed around my face and I winked at the screen.

Part 1: A Treasure Hunting Pokemon Adventure

---

It at the estate. I was sparing with Hitmonchan and it was was proving to be an incredibly powerful sparring partner. It was giving me one helluva workout and I was sweating like there was no tomorrow.

Me: (Panting) Wow! You are a perfect sparring partner Hitmonchan. You deserve a break.

I called him back into his pokeball.

Me: Wow! After I shower it's time for some horseback riding.

---

I went back inside and everyone was watching TV and playing card games. I was dripping sweat.

Me: Whew! Hey guys.

Lori: Wow! J.D. you literally worked up a sweat.

Lynn: I'll say. I don't sweat that much in a day.

Me: I was sparring with Hitmonchan and he puts up as much of a fight as Master Goku and Master Piccolo combined.

Lincoln: Boy you really worked up a sweat.

Me: I sure did. After I shower I'm gonna go horseback riding. Any of you want to come with me?

Lincoln: I'll gladly come with.

Laney: Same here.

Xerneas: I'll go too.

Me: Okay.

I went to take a shower.

---

We were in the forests outside of St. Louis, Missouri. Me and Lincoln were riding our Rapidash and Laney was flying on her Flygon. Xerneas was holding onto me.

Laney: Wow! Look at all these trees.

Lincoln: The beauty of nature is so amazing.

Then we saw a Mothim.

Me: Hey it's a Mothim.

It was squeaking frantically.

Xerneas: It says that a woman named Cheryl is hurt and wants us to follow it.

Me: Uh oh. Show us Mothim!

We flew after the Mothim and we saw a woman with long green hair and green eyes and green clothes and her leg was caught in a bear trap.

Me: Oh no.

We got off our Rapidash and Flygon and ran to help.

Me: Are you Cheryl?

Cheryl: I sure am.

Me: Hold on we'll get you out of this.

Me and Xerneas grabbed the trap and pulled and we got her leg out. Cheryl's leg was bleeding bad.

Laney: That injury is bad. Hold on Cheryl.

Laney got out her first aid kit and started tending to Cheryl's wound.

Me: Are you all right Cheryl?

Cheryl: I am now thanks to you.

Me: Oh I'm sorry. I'm J.D. Knudson, leader of Team Loud Phoenix Storm.

Cheryl: Oh wow! I've read so much about you all.

Me: Your Mothim told us where to find you and we found you out here.

Laney: My name is Laney Loud.

Lincoln: I'm her big brother Lincoln Loud.

Xerneas: And I'm Xenia. It's a pleasure to meet you Cheryl.

Cheryl: Same here.

Me: I think Ash told me that he, Dawn and Brock helped you find the legendary Amber Castle and the enchanted honey of Vespiquen and Combee.

Cheryl: That's right. I'm a treasure hunter and my father's dream was to find the Amber Castle and the enchanted honey.

Me: You and my daughter Nicole all have something in common. She's a treasure hunter too. But I'll bet that honey must've been amazing.

Cheryl: It was.

Laney: That's as good as I can do it.

Me: Can you walk Cheryl?

Cheryl: I think so.

She tried to get up but her leg was badly hurt and she fell and I caught her.

Me: I think your leg might be broken Cheryl. We're gonna have to get you to the infirmary at Team Loud Phoenix Storm Estate.

Cheryl: Okay.

Then a Liepard, a Magcargo and a Marill came out.

Me: Hey it's a Liepard, a Magcargo and a Marill. They are so awesome.

I threw 3 pokeballs and caught them.

Me: Okay. Lets get you to our infirmary Cheryl.

Laney: You can ride on Flygon.

Cheryl: Thank you Laney.

Me: Okay now I'm going to help you up Cheryl. Now don't take this the wrong way.

Cheryl: Okay.

I lifted her up bridal style and place her behind Laney.

Me: Okay. Hold on tight to Laney okay.

Cheryl: Thank you so much J.D.

Me: You're welcome Cheryl.

We went back to the estate. Cheryl was amazed at what she was seeing from the air. The surface of the planet went on forever and the view was amazing.

Cheryl: The view of the land is so amazing!

Laney: It sure is. The beauty of the planet goes on forever.

We arrived back at the estate. I opened the door and I Cheryl was holding on to my shoulder.

Me: Hold on Cheryl you're gonna be all right.

Ash and friends saw her.

Ash: Cheryl!

Dawn: It's great to see you.

Me: Easy guys. Her leg is broken.

Brock: What happened?

Laney: We were in the forests of Missouri and her Mothim showed us that her leg was caught in a bear trap.

Xerneas: So we pulled it off her and we got her here.

We put Cheryl in a bed in the infirmary and Lisa wrapped her leg in a cast.

Lisa: There we go. The bear trap fractured your leg in 3 places and I'm afraid You'll have to rest that leg for 10 to 12 weeks. You should be back on your feet in 4 weeks with crutches.

Cheryl: Thank you all so much.

Me: You're welcome Cheryl. Get some rest and if you need anything let us know.

Cheryl: I will J.D.

Me: And Brock, No funny business. Misty told me about how you instantly fall head-over-heals with beautiful girls. So don't even try anything.

Brock: Oh please. You know I would never… (Goes over to Cheryl and kneels down) You are so beautiful and so…

I grab Brock by his ear and pull him out of the infirmary.

Me: Love has an extremely funny way of dealing with you Brock.

Sorry Cheryl. He gets like this all the time.

Cheryl: It's all right.

Cheryl was on the road to recovery. But it was gonna take a while.

## Part 2: The Start of a Canadian Sequel

In my room, I was packing my things.

Me: (To the Viewers) Today is another great day guys. Today starts day 1 of the most popular show in all of North America: TOTAL DRAMA ISLAND! But this one is gonna be much different than the one me and Naruto attended. It's called Total Drama All Stars World Tour Style! They altered the show to make it have a Heroes VS Villains theme but with a Total Drama World Tour style flare. We're gonna go around the world and do all kinds of awesome challenges that many would find to be death sentences. When me and Naruto were on the show, we dominated the whole show as the Atomic Owls. This time it's gonna be different. We're not gonna be called the Atomic Owls this time. They really raised the stakes in this season and the prize money is now much bigger than ever before. The winner gets the biggest prize in the history of the world: $10 Decillion. That's 10 with 33 zeroes! Unbelievable! This time however it's not gonna be just me and Naruto. Nico, May, Maria, William, Lincoln, and Lynn are gonna participate. It's gonna be so awesome having us all on the show!

I finished packing.

Me: All set. Now to head downstairs.

I went to my closet and pulled out an awesome leather vest. It had the Atomic Owls logo on the back.

I take my suitcase and slide down to the living room. We were all at the front door.

Me: Are you all excited to see us on TV?

Lori: We sure are J.D.

Lana: It's gonna be so cool seeing you guys travel the world and do challenges in different places!

Laney: I don't think our global trip had that.

Me: No it did not.

Lincoln: This is gonna be so awesome!

Nico: We're gonna have an awesome time!

May: We sure are.

Me: You guys know how to reach us right?

Lola: We sure do J.D.

Me: Okay then. Well that's it guys. We'll see you all in a few weeks.

Everyone: Bye guys.

We took a bus to the docks.

Bus Driver: Good luck on Total Drama guys.

Me: Thanks man. It's gonna be awesome!

Bus Driver: Win that money guys.

Naruto: We will.

Lightning: Lightning is ready for some action! Sha-yeah!

Lynn: Me too!

Lincoln: Lets head on over.

Duncan: I'm excited man. I'm ready to kick some major butt.

The Bus Driver left.

Me: Chris said to meet him at Toronto Pearson International Airport. Lets go.

We dashed and flew and we went all the way across the United States Canada Border into Ontario, Canada. Along the way Nico caught a Wingull. We crossed the lake and we were in Toronto, Canada. We arrived at the airport.

Me: Here we are guys. Toronto Pearson International Airport.

We saw a massive Antonov Plane, the largest aircraft ever built by Russia.

Me: We're flying in an Antonov Miri Plane!? Awesome!

Shockwave and Wheeljack we're there too.

Shockwave: That's right J.D. We're gonna be helping Chris out with the challenge ideas.

Me: Sweet!

We saw Chris McLean.

Chris: Hey guys! You're early.

Me: We like being early Chris. How have you been since the Sore Loser Fiasco?

Chris: Been doing good. Lets go in the plane and we'll show you around.

Me: Okay.

Chris: Duncan. I didn't expect you and Lightning to be here before I even announced the contestants.

Duncan: The two of us have been hanging with J.D. and the others for a while.

Chris: I can see that. Lets go.

We went into the plane and it was a breathtaking feat.

Me: Wow! Chris this plane is awesome! I can't wait to get started.

Maria: It's great to be a contestant on this show!

Chris: I know.

We went over our backgrounds and Nico's background shocked Chris and Chef.

Chris (to Nico): So let me get this straight. You killed Ken by accident. And his parents still blamed you for his death?!

Nico: That about sums it up.

Chef (sarcastically): Well, I guess you guys should go to prison, right? After all, you killed your share of villains!

Lynn: Actually, we already explained things to Ken's parents. And they really feel bad about blaming Nico for Ken's death.

Nico: So what? Am I just supposed to just forgive them for all the stuff they said to me?

Chris: Nico, take it from someone who's put several contestants through dangerous challenges. It's probably time for you to just forgive Ken's parents and move on.

Chef: Yeah, man! All these bad feelings you have towards them isn't healthy.

Me: I agree with Chef man. Having all those bad feelings is not good for you. You have to learn to let things go and move on. I know it's tough. But you have to move on.

Nico: (Sigh) You're right J.D. Thanks for that.

Me: No problem. No one can stay mad at anyone forever.

Lincoln: That's true.

Me: Also we have some things to discuss.

We asked Chris to bring back contestants like Heather, Scott, Amy and Eva.

Chris: You sure you want me to include contestants that are like Scott and Heather? I mean, I did promise you guys that I wouldn't.

Nico: We've changed our minds. Just make sure to have them voted off early.

Me: And how about this rule for you?

We went over a new rule for Chris and we discussed that if anyone does Anything and I mean ANYTHING like with Amy, Scott, Heather and Eva, they'll get automatically voted off the plane. But we're not kicking them out of the plane like they did in Total Drama World Tour.

Chris: I like it J.D.

Me: Yeah. Also you're gonna be watching everyone like a hawk and besides what fun would this be if there wasn't a villain to disgrace and ruin?

Chris: That's true and that's a really good point.

Chef: Yeah.

Me: Also we're gonna have some special help for you.

Chris: For the challenges?

Me: Yep. Shockwave and Wheeljack here are gonna help you with that.

Chef: So you guys are gonna help out with setting up challenges.

Shockwave: That is correct.

Chris: Just don't do anything that'll get someone killed! I was lucky enough to get a new season started.

Wheeljack: We'll try not to.

Chris: Good.

We went over the footage of the previous shows and it showed that Heather, Eva, Scott and Amy had done more terrible things than anyone else on the show and they were pure evil incarnate. We had to make sure that the contestants would never do stuff like this again.

An intern came and it was time for the other contestants to arrive.

* * *

The Show began.

Chris: It's time for another awesome season of Total Drama. This time it's gonna be an all star season with a World Tour twist. Lets welcome our contestants. First is our greatest contestant of all time. Please welcome back the Leader of the World Famous Team Loud Phoenix Storm: J.D. Knudson.

Me: Hello everyone! Great to be back.

Chris: Lets also welcome back his brother, the famous Shinobi of the Leaf and son of the 4th Hokage: Naruto Uzumaki Namikaze.

Naruto: Thanks Chris and I'm ready to rock it like last time.

Chris: I know. We also have new contestants with them. First of our newest contestants is Nicolas Chan.

Nico: Thank you all.

Chris: And his awesome girlfriend May.

May: Hey guys!

Chris: Making his debut is Lincoln Loud and his older sister Lynn Loud.

Lincoln: Hello.

Lynn: Sup sports fans?

Chris: We also have the leader and 2nd in command of Team Loud Phoenix Storm's Redemption Squad: William Dunbar and Maria Rockell.

William: Hello everyone!

Maria R.: What's up?

Chris: And we have members of our original cast coming back as well as the members of Revenge of The Island, Pakitew Island and our sister show The Ridonculous Race coming on.

Geoff: Glad to be back on this show, Chris. Especially since the one that I hosted before didn't exactly work out.

Chris: I know. I'm sorry Geoff.

Geoff saw us.

Geoff: Wow! J.D. Knudson it's so awesome to meet you man.

Me: Pleasure to meet you too Geoff. Congratulations on your engagement with Bridgette.

Geoff: Thanks man and we're now officially husband and wife.

We cheered for them.

Me: Congratulations you guys.

Bridgette: Thanks J.D.

Chris: I'm happy for you all.

We also had Kitty, Emma, Crimson, Ennui, Taylor and Blaineley with us. It was gonna be so cool!

Jo (to Lightning and Duncan): You two won't even be a challenge!

Lightning: You really think so?

Duncan: Try telling that to Red Herring, Hun, Fireball McPhan, and Titanic Twist.

Me: You better watch yourself Jo. Your overconfidence and sports pride will be your downfall.

We also had bracelets on that showed our titles.

Lynn: That's true.

Lightning: Lightning likes it. Sha-Blam!

Me: The Atomic Owls are back in business. But I have a feeling we're not gonna be called that.

Chris: And you're right. This season is a whole new theme. We're doing a Heroes VS Villains theme.

Me: I like it!

Chris called all of the Atomic Owls the Angelic Doves. Our logo was a yellow circle with a dove flying with a halo over it's head and rainbow light was shining in the background. Taylor, Crimson and Blaineley were placed on our team. And Chris called the Villains team the Devilish Bats. Their logo was a red circle with a demonic bat with devil horns on its head and fire burned in the background.

Chris (sternly): Alright. Now let me make one thing clear. The old me might've tolerated sore losers and cheaters on this show. But the new me isn't gonna stand for it. If I find out that you've been doing things that would make the Legion of Doom proud, you will be voted off after a challenge is done. Got it?

We nodded.

Me: Way to grow a backbone Chris.

Chris: I know. You'll find out what our first challenge is later. We got some flying to do.

Me: This is gonna be awesome!

Chris: I know. The first challenge is in the Ural Mountains in Central Russia.

Me: The Ural Mountains. That's 13,000 miles away.

I added the Angelic Doves logo to the back of my vest and we were on our way to the Ural Mountains.

---

We were flying at an incredible speed over the Atlantic Ocean. I was talking to Lori on my laptop as we flew.

Me: So we're heading over to the Ural Mountains in Central Russia and our first challenge is gonna be a tough one.

Lori: We're literally rooting for you J.D. It's gonna be so awesome seeing you all do some amazing challenges.

Me: It's gonna be awesome Lori. I don't know what our first challenge is but I have a strong feeling it's gonna be awesome.

Chris: We'll be landing in a couple of hours so I'll explain the first challenge to you all.

Me: It's time for our first challenge.

Chris: The first challenge will be very cool for most of you! We're heading into a mine in the Ural Mountains to face the Boundary Pokemon, Kyurem!

Me: Kyurem?

Chris explained that we have to face Kyurem with the help from the legendary Pokemon called the Swords of Justice: Cobalion, Virizion, Terrakion and Keldeo.

Me: I've heard about the legendary Swords of Justice. They are a Pokemon group that is very similar to that of the Three Musketeers. They help both Humans and Pokemon alike.

Nico: That is so cool!

Me: What kind of pokemon is Kyurem?

Chris: He's a Dragon Type Pokemon.

Me: Let me see here. Lori, can you put Iris on please?

Lori: Sure.

Iris was on.

Iris: What's up J.D.?

Me: The first challenge is for us to take on a dragon Pokemon called (In Slow Motion) Kyurem.

Iris gasped in horror when she heard the name of that pokemon.

Me: Uh oh. Sounds like you know something about Kyurem.

Iris: Yes. The elder of my village The Village of Dragons told me about Kyurem once. I asked her what the strongest Dragon Type Pokemon is and she told me that Kyurem came into being with Zekrom and Reshiram. Kyurem was bestowed with unsurpassed strength and power. Kyurem is constantly giving off a harsh freezing wind. Kyurem is the most powerful dragon type pokemon in the world!

We gasped when we heard everything she said.

Me: Are you serious Iris!? Kyurem is THAT powerful!?

Iris: He is. Kyurem is that powerful. He has the power to transform and that allows him to wield the power of Reshiram and Zekrom.

Me: Unbelievable. If Kyurem is as strong as you say he is Iris then we're in for one heck of an extremely wild ride.

Iris: That's right J.D. Kyurem beat Keldeo and the Swords of Justice the first time and it showed us how powerful Kyurem is.

Me: Unreal.

Nico: I can't believe Kyurem is that powerful.

Lincoln: Me neither.

Lynn: A pokemon like him must be incredibly tough.

Me: But a Pokemon like Kyurem would be an amazing challenge for all of us. The Most Powerful Dragon type Pokemon taking on all of us.

Then we got a huge surprise when a Meloetta appeared right in my lap.

Me: (Gasp) Oh wow. A Meloetta.

Iris: How did Meloetta get there?

Me: It sure surprised me.

Nico: Same here.

Lincoln: Ash told me a lot about Meloetta. It's a pokemon that is full of surprises. They are usually very shy and tend to appear when you least expect it.

Me: I believe it.

Nico: Would you like to be one of my pokemon Meloetta?

Meloetta agreed and Nico caught it with a Master Ball.

Iris: I wish you all luck guys.

Me: Thanks Iris. Nico is gonna try to catch Kyurem.

Iris: If he does that will make him a legend in the world of Dragon Type Pokemon.

Me: He already is a legend. When we killed Team Rocket he caught Mewtwo and broke their control on him.

Mewtwo: That's right. It's true.

Me: I agree. Thanks guys. We'll let you all know how the challenge went. Or you'll see it on TV.

Lori: We will J.D. Be careful.

Me: Will do.

The call ended.

Me: I'm ready for anything Chris.

Chris: Great. And you'll be awesome for the challenge.

Lynn: OH IT IS ON!

Lincoln: Okay! Operation Win Nico A Kyurem is a go!

Me: You got it buddy.

Gwen: This is gonna be so awesome!

Taylor: I've heard you guys caught a lot of Pokemon.

Me: We sure did Taylor.

D.J.: Will we be hurting animals on this journey?

Me: D.J. I promise you no animals will be hurt. And you heard Chris. As long as we all play by the rules and make sure that villains get their just desserts nothing will happen.

D.J.: Thanks J.D. I feel very protected.

I give him the thumbs up.

Sierra was hugging Cody too tight and she made him hurl his guts out.

Me: Uh Sierra.

Sierra: Oh sorry.

Geoff: Hey Lincoln I heard you won the Big Kahuna of Hawaii contest.

Lincoln: I sure did Geoff. It was an awesome day for me on our global trip.

Me: Lincoln defied the impossible by performing one of the most impossible moves in all of surfing: The Reverse 720 Topside Surf.

Bridgette gasped.

Bridgette: That move is completely impossible!

Me: Lincoln succeeded in pulling it off Bridgette. I'm so proud of him.

Lynn: Me too J.D. Dad taught him how to surf and that was awesome!

Bridgette: That's awesome Lincoln!

Geoff: Way to stuck the surf dude.

Chris: You guys have a lot of talent.

Me: Not to brag but yeah.

Later we arrived at our destination.

---

We went into an abandoned mine and we were accompanied by Cobalion, Virizion, Terrakion and Keldeo - The Swords of Justice!

Me: It's an honor to meet the legendary Swords of Justice.

Cobalion: You too J.D.

Virizion: We heard so much about your adventures and how you have done so much for the world.

Terrakion: You all have a strong heart for everyone you care about.

Keldeo: That's right.

Me: We get that a lot and we have to do everything we can to deliver justice swiftly to our enemies. As long as evil exists in this universe, nothing and no one will be safe from the darkness it casts.

Lincoln: That's right.

We got into a huge cave and out of the shadows came Kyurem.

Kyurem is a gray and blue, bipedal Pokémon of indefinable but seemingly draconic basis. Kyurem has a blue head and snout and has yellow eyes without pupils, has a pair of pointed light bluish horns on its head and a yellow crest on its skull. Three pointed teeth jut out the bottom of either side of its jaws, which are frozen shut by the ice covering its head. Its long, gray neck has lines running around its whole body, legs, arms and tail. It has two arms, each with its own claw and each arm is jointed together from its oddly shaped blue wings, which are believed to be used for flying and storing cold air. Each wing has two spikes of ice. The ice covering the wings can break, revealing gray tendril-like appendages on Kyurem's back. The right side of its body seems to be damaged in some way, as the wing and horn on its head on that side are shorter; the right side of its head also has a spiked edge near its jaw hinge that is absent from its left. Its legs are somewhat slender, and has three sharp ice-like claws on each enormous foot. Its tail has three blue conical spikes on its tip, and appears to be some sort of propulsion device or a container of energy; exactly what it is based on is unclear, but it may be a damaged turbine.

Kyurem has two alternate forms, White Kyurem and Black Kyurem, which are formed by combining with Reshiram and Zekrom, respectively, and share many aspects of their designs with them. It can use Absofusion on their respective Dragon Stones to change to White or Black Kyurem. When transformed into either, its legs are just like before, but shorter and the middle toe becomes ice. As White Kyurem, it has some extra icy details on the legs. Its tail resembles that of Reshiram or Zekrom, but they are attached to the body with three gray parts of skin. The tail is capable of movement and contains four holes: they are horizontal on White Kyurem and vertical on Black Kyurem. The torsos of each form are similar, but White Kyurem's torso is more slim than Black Kyurem's bulky torso. Its shoulders are covered in 'squares' of ice with two pins protruding from each which can come out and 'plug in' the aforementioned holes. As White Kyurem, it has thin arms with two rings and three claws each, wings between the rings on its forearms, and its right arm and wing are frozen. As Black Kyurem, it has Zekrom's arms, but more muscular and without wings, and its left arm and wing are frozen. Its neck is the same shape, but becomes upright; White Kyurem uses Reshiram's fur and Black Kyurem uses Zekrom's skin. In both forms, the ice covering one of Kyurem's jaws (upper for White Kyurem, lower for Black Kyurem) has partially disappeared, allowing it to move its mouth. During battle, Black Kyurem and White Kyurem enter Overdrive mode and tubes sprout from its back to its tail. In White Kyurem's case, the ends of its hair and wings become fiery and its tail acquires fiery highlights. In Black Kyurem's case, parts of its right arm and the tip of the horn on the back of its head turn blue, while its tail lights up with electricity. In Kyurem VS. The Sword of Justice, Kyurem can also change into Black Kyurem or White Kyurem without fusing by channeling the power of powers of both Reshiram and Zekrom it has within itself.

Kyurem generates a powerful, freezing energy inside itself, but its body became frozen when the energy leaked out. Due to an old legend, it may be assumed Kyurem may be hostile towards Pokémon and humans, due to the fact it supposedly ate them if they were found outside at night. It is said to be an extraterrestrial Pokémon according to folklore. Kyurem is the only Pokémon that can learn Glaciate, while its alternate forms White Kyurem and Black Kyurem can respectively learn Ice Burn and Freeze Shock instead. White Kyurem and Black Kyurem can also learn Reshiram's and Zekrom's signature moves Fusion Flare and Fusion Bolt, respectively.

Me: Wow! So that's Kyurem.

Nico: His power is unreal. I can't believe he's that strong.

Lynn: This is gonna be interesting.

Lincoln: It sure is.

Gwen: I'm ready.

Kyurem: So you all have come to challenge me?

Me: We have Kyurem. If we win Nico will catch you and if you win you can go.

Kyurem: You have a deal.

Me: At least he's a pokemon of honor. Lets get him guys!

We powered up and transformed and we all went at Kyurem and he fired a massive blast of fire and I fired a blast of energy and he dodged it and the energy blast blew a hole into the wall.

Me: He's really strong! This is gonna be tougher than we first thought.

Nico: Guys, we need to weaken this Kyurem. Then, I'll catch it with a Master Ball!

Me: Okay.

Lincoln: Lets do it!

Lynn: Yeah!

Lightning: Sha-Blam!

We all went at Kyurem and bombarded him with energy blasts and more. Anne Maria was more concerned about her good looks more than the challenge.

Lightning hit Kyurem with a powerful punch and William fired blasts of fire from his blaster at it.

Lightning: It's combo time William! Sha-Pow!

William: You got it Lightning!

William and Lightning charged and were enveloped in an aura of pure fire.

Lightning and William: FIRESTORM PUNCH ASSAULT!

They hit Kyurem with devastating power.

With one light blast of lightning Lincoln weakened Kyurem.

Nico: Now Master Ball go!

Nico threw a Master Ball and caught Kyurem.

Me: You did it Nico!

Nico: YES!

Cody: Way to go man!

Chris: The Angelic Doves win the first challenge!

We cheered.

Me: This was so awesome!

Chris: I'm glad you all had fun. Now, let me review the footage to make sure everyone followed the rules.

Me: Okay.

Chris looked over what everyone on the villains did and all he saw was Anne Maria styling and standing there doing nothing.

Chris: Well it looks like Anne Maria is out.

Anne Maria: What!?

Chris: Refusing to take part in the challenge is an automatic elimination from the show.

Anne Maria: It's not my fault I have to worry about my looks!

Chris (to Anne Maria): So while everyone else was fighting for their lives, you were admiring yourself?!

Anne Maria: Why do you care? You just want ratings.

Chris: Things change! J.D. and the others made me a better person. Who do you think told them about Heather, Amy, Eva, and Scott, huh? Do you know that I didn't even want someone like you as a contestant? Most of the others thought I was crazy bringing in a Jersey Shore Reject who cares only about herself and her good looks!

Anne Maria: Hey, I'll have you know-

Chris: UH UH! THIS IS WHERE YOU ZIP IT! THE ADULT IS TALKING! What if someone got killed by that Kyurem because you were lazy, huh? Big deal right? Because that's on you. And if you died because of that Pokemon, I feel like that's on me.

Nico: Anne Maria you have failed this challenge.

Me: You said it man. (We high five) But.. (Gulps) Chris remind me never to get on your bad side.

Chris: I know.

Anne Maria was eliminated. In the cargo hold there was a section for the eliminated contestants.

We got on the plane and set out for our next destination.

Me: Great job guys.

Lincoln: Thanks J.D.

Me: So how you liking being on Total Drama, Lincoln?

Lincoln: It is AWESOME!

Lynn: I have a feeling that the next challenge is gonna be just as awesome as this one.

William: I have a feeling too.

Maria: And I can't wait.

Chris: Well the first challenge is done and a competitor was eliminated thanks to the new rules enforced. We have another great challenge ahead. Who will get sent to the loser section next? Find out next time on TOTAL.. DRAMA.. ALL STARS!

End of Part 1

Another Fanfiction Complete

Part of the sequel saga of Total Drama is complete. I got the idea for the first challenge of fighting Kyurem from the awesome 2012 movie Pokemon Kyurem VS The Sword of Justice. That was an awesome movie! NicoChan11 gave me the ideas for this one. Thanks man as usual. The next part is in the Roman Colosseum in Italy and that's gonna be a combination of the Phobia Factor and a fight challenge. Let me know what you all think.

See you all next time.

# Face your Fear in Rome

In the air, the plane was flying over central Europe.

Me: I can't wait for the next challenge guys.

Lincoln: Me too J.D.

Lynn: This is gonna be sweet!

Me: It sure is.

Nico: I hope we get to stomp some bad guys.

Gwen: Me too.

Jo: Whatever. I'm gonna leave all you losers in the dirt and smear my victory in your faces.

Lynn: Bring it on you loser!

Jo: (Ticked) WHAT DID YOU JUST CALL ME!?

Chris: All right everyone. It's time for our next challenge. We're going to be doing it in my favorite gladiatorial arena: The Roman Colosseum!

Me: Aw sweet! We're going to Rome, Italy.

Lincoln: This is gonna be so cool! We were there on our global vacation.

Chris: I know. We have an awesome challenge set up for you all.

May: We can't wait for it.

Maria: This is gonna be awesome!

Bridgette: Lets do this.

We landed in Rome, Italy and we were in the famous Roman Colosseum, home to 3,000 years of the famous Gladiator Fights during the Roman Empire.

Me: Wow! We're in the Roman Colosseum! Just like the awesome gladiator fights of history.

Lightning: Lightning ready to fight! Sha-Blam!

Me: Me too man!

We high five!

Chris: Okay guys. Here's how the challenge goes. It's gonna be a combination of Phobia Factor and Sucker Punched

Me: I love those challenges!

Chris: I know.

Chris went over the rules and they were pretty simple.

Jo: I'll pound all you losers into the dirt and make you all cry for your mommies.

Chris: Jo, was I not making myself clear on the rules? Or do I speak Spanish?!

Owen: I wouldn't mind if you spoke Spanish, Chris.

Chris: That was a rhetorical question, Owen!

Me: Obviously she has wax for brains.

Chris: Since J.D. and Naruto won Phobia Factor last season J.D. and Naruto get a free pass because J.D. is afraid of nothing and Naruto conquered his fear of ghosts and we don't have the resources to help Naruto conquer his new fear. I have something special planned for J.D.

Gwen: What's your current fear Naruto?

Naruto: My current fear is losing all the people that I have that are precious to me.

Me: Naruto has been through what many people would make a walk through Hell seem like Child's Play.

Gwen: Oh that's right.

Geoff: Naruto, I heard about what you went through and I'm so sorry.

Naruto: It's all right Geoff.

Trent: That must've been awful for you.

Chef: It's enough to give the hardest known soldier nightmares.

Me: Yeah.

Chris: I'm sorry that happened to you Naruto. But lets get the challenge started. First up is Lynn Loud Jr.!

Lynn: Wish me luck guys.

Me: Not that you need it but good luck Lynn.

Lincoln: Show no mercy Lynn!

Lynn: You got it bro!

Lynn walked onto the arena and she was facing Jo.

Me: This is gonna be a tough one.

Lincoln: It sure is.

I set up a holographic view screen and it showed everyone back home.

Me: Hey guys. I set up a view screen for you all to watch.

Lori: Thanks J.D.

Leni: It's totes gonna be awesome to see you all during the challenge.

Luna: Show no mercy dude!

Me: We won't.

Brick: How bad do you think this is gonna be sir!?

Me: This is gonna be a tough one Cadet Brick!

Lynn: I'm gonna make you eat everything you said Jo!

Jo: I would like to see you try you bad luck loser!

We gasped in sheer horror.

OH SHE DID NOT JUST GO THERE!

Me: Uh oh!

Lori: Oh crud! Jo just literally pushed Lynn over the edge!

Lucy: That girl just dug her own grave.

Lynn was infuriated!

Lynn: WHAT DID YOU JUST SAY!?

Jo (to Lynn): Yeah. You heard right! I know about the Bad Luck Karma Travesty. For all the villains you take down, you're the worst of them all! I guess you're a hypocrite as well! You know what the worst part is. Your sister Lily got her boss Mr. Krabs arrested when he was nothing but kind to her. And your other sister Lola killed Deadshot and made his daughter fatherless.

Me: How the heck does she know all that?

Nico: She must've heard all about our adventures.

Me: Oh (Censored).

Lynn then suddenly WENT BALLISTIC! She went level 11 rage and screamed in so much rage and fury that it was unbelievable! She lunged at Jo and mercilessly thrashed her into oblivion in a deadly rage. Jo was badly beaten up and Lightning stepped in and restrained her.

Lightning: Lynn stop it! She's had enough! Just calm down Lynn.

Lynn did so and she saw what she had done and she broke down crying hard into Lightning's chest as he comforted her.

Chris: What Jo said made her the lowest of the low.

Me: What an honorless scumbag. She's nothing but a sore loser.

But Jo suddenly got back up. She was bleeding bad and her clothes were shredded and she was covered in bloody bruises, scrapes and some of her teeth were knocked out.

Me: Wow! She is REALLY tough.

But Jo collapsed from being to weak from the thrashing she received.

Nico: Jo you have failed Canada.

Me: You said it man.

Lori: Jo literally disgusts me!

Luna: What she said to Lynn was major harsh dudes!

Luan: I'm so mad at her I can't think of a joke!

Lucy: I hope she burns in fire for that!

Lola: Let me at her!

Lana: Save some for me!

Lana and Lola flew out to us and got to Rome really quick.

Chris: Wow! You two got here fast.

Lana and Lola went at Jo and they pulverized her really bad and

Lola bit Jo in the ankle and she screamed in excruciating pain. Lola's bite was not only strong enough to draw blood but it was strong enough to really cause some nasty damage!

Me: Oh man!

Chris: Aye yi yi!

Chef: Man she is gonna feel that!

Me: No kidding.

Lincoln stepped in.

Lincoln: Okay you two. She has had enough.

Lincoln saw the nasty wound on Jo's ankle and he saw that Lola's bite was powerful enough to rip a huge chunk out of her ankle!

Me: Holy Ham Hawks! Lola's bite ripped her ankle to shreds.

Lola got the taste of blood in her mouth and she spit it out and we saw the chunk of flesh and tissue she ripped out of Jo's ankle and we hurled our guts out.

Me: (Vomits)

Nico: That is gross! But Jo the Jock you have failed all of Canada.

Jo was automatically eliminated and the challenge continued. Lola and Lana decided to stay and watch the rest.

---

Nico was up next.

Chris: You're not gonna like this one Nico.

Out onto the arena floor came a Robot version of Slappy the Living Dummy from Goosebumps.

Nico: Slappy!

Slappy (to Nico): Slappy's not happy!

Nico: (uses Undergrowth's vines to pull Slappy over) Get over here! (punches Slappy) Eat your heart out, Scorpion!

Nico fired a blast of energy and blew the robot Slappy to pieces.

Chris: Nico wins a point for the Doves!

Me: Way to go Nico!

Nico: Thanks guys. And Chris I conquered my fear of Slappy when we faced the Fright Knight.

Chris: I heard. But I wanted to see if it was true. (To the blown apart Robot Slappy) Slappy you have failed this world.

Nico: Hey that was my line!

Chris: (Laughs) Sorry man I couldn't resist.

---

Zoey was up next. Out onto the arena came disgraced Total Drama competitor Scott.

Duncan: Scott!? What is he doing here!?

Me: He's back for a rematch.

Zoey (to Duncan): I'll face Scott, Duncan. It's what I should've done when he came after J.D. for revenge.

Me: Show no mercy Zoey.

Zoey: I intend not to.

Zoey walked onto the Arena.

Scott: Zoey, it's been a while.

Zoey: I'll never forgive you for what you did to Mike. You got him kicked off because of your own selfishness.

Scott (to Zoey): After I'm done with you, Duncan's next!

A storm was building up above them. Thunder rumbled above us. Zoey remembered all the horrible things that Scott did to her and Mike. Then she roared in extreme rage and lightning and thunder crashed behind her.

She ripped off the bottom part of her tank top and tied it around her head like a headband and she put on war paint. The Wrath of COMMANDO ZOEY has been unleashed!

Cameron: Oh man! When Zoey turns into Commando Zoey, she will not stop until her enemy pays in blood.

Me: I saw this and Zoey is gonna make Scott suffer.

Lana: I like it.

Lola: Get him Zoey!

Zoey: It's payback time! And I don't care if that's okay with everyone! (Evil Laughter) (Thunder Crashes)

Zoey then shocked us all by sprouting angel wings made of Rose Petals. Zoey slammed her fist into Scott's face and she kicked him in the stomach and she dealt a deadly roundhouse kick into his face with devastating force. Scott was bleeding bad. Then a figure appeared and it was a Pokemon.

Me: Look at that Pokemon. It looks like a jellyfish.

Nico: Oh no. That's a Nihilego!

Me: A Nihilego? The Parasite Pokemon that can cause people to go insane by latching onto their heads!?

Nico: That's the very one. But it is said to act like a little human girl. No offense Lana, Lola.

Lana and Lola: None taken.

Lana: But that Pokemon doesn't sound very friendly.

Lola: It sure doesn't look like it either.

Me: No it doesn't. But wait. From what I remember Nihilego is an Ultra Beast Pokemon and you don't have an Ultra Beast yet Nico.

Nico: You're right J.D. and no I don't.

I give him an Ultra Ball.

Me: Use an Ultra Ball for this one man.

Nico: No problem.

Me: But lets wait for the right moment.

Nico: Okay.

The Nihilego latched onto Scott and his eyes were blank and glowing red with pure unrestrained evil. Scott went nuts! The Nihilego-Scott punched at Zoey and she fought back viciously and pulverized both Scott and Nihilego. The Nihilego let go of Scott.

Me: Now's your chance Nico!

Nico: You got it. Ultra Ball go!

Nico threw the ball and the Nihilego was caught.

Me: You did it Nico!

Nico: My first Ultra Beast Pokemon.

Me: First of many.

Chris: Zoey wins!

We cheered.

Nico: Scott the Loser you have failed Canada!

Me: You tell him man!

It was a win-win. Zoey got to dish out some justice on Scott and

Nico got his first ever Ultra Beast Pokemon.

---

Next up was Bridgette.

Chris: We have a guest returning to our show. Here's EVA!

Everyone: OH NO!

We saw Eva and she was back for revenge!

Chris: Don't worry. Eva's not returning as a contestant. But she got out of jail early for good behavior. So she's participating as a guest contestant just for you guys to kick her butt!

Eva (to Bridgette): Your girl buddies aren't here to help you this time!

Bridgette: I have my friends with me in my heart you old hag!

Then Eva suddenly was enraged.

Me: Uh oh.

Eva: What did you just CALL ME!?

Lincoln: You heard her! She called you an old hag you wretch!

Me: Lincoln you're not helping.

Lincoln: Sorry.

Eva then WENT BALLISTIC!

Eva: NO ONE CALLS ME AN OLD HAG!

Me: Oh (Censored)! NOW SHE'S IN FOR IT!

Bridgette: I'm not scared of you anymore Eva!

Bridgette punched Eva in the face with devastating force and leg swept her and kicked her in the back and sent her flying into the air. Bridgette spread wings made of pure water and flew up to her and dealt a spinning axe kick to her stomach and sent her crashing into the ground. Eva was a broken and battered and bloody mess.

Me: Wow! What a kick!

Geoff was even more in love with Bridgette than ever before.

Nico: Good show! Eva you have failed all of Canada.

Me: You tell her man.

Chris: Bridgette wins!

Bridgette: I'm not the same Bridgette who cowered in fear before you Eva! I am now much stronger than you both physically and mentally. You tried to hurt my friends and I will never let you affect me. Let me warn you Eva. If you ever come near or threaten my friends again, I will kill you!

Bridgette grabbed her by the shirt.

Bridgette: Do you understand me you psycho!?

Eva was now terrified of Bridgette. She nodded in pure fear.

She dropped her and left the arena and Bridgette and Geoff hugged and kissed.

Geoff: I'm so proud of you babe.

Bridgette: Thanks Geoff Bear.

They kissed.

Everyone: Awww.

We cheered for them.

Chris was choked up.

---

Next was Gwen and she was facing Heather.

Gwen: Hello Heather. You're looking really well for a narcissistic psychotic (Censored)

Heather: Oh shut up you goth loner!

Gwen: You're the true loner Heather and you have a curse that's going to kill you.

Heather (to Gwen): I might die in a few years thanks to this curse. But at least I'll make sure you die too! And this time, Little Beverly isn't here to bail you out!

Nico: Curse? What curse?

Me: You heard about how Heather came and how she was going to get revenge on me right?

Nico: I sure did.

Me: After Gwen and Beverly defeated Heather, we sent her to the Antarctica Prison forever. But she now has a terrible curse on her. It's a death curse and it will kill her in four years. (I look at a timer on my device) This is a timer that shows how much time is left before the Curse claims Heather's Miserable life and the Grim Reaper sends her wretched soul to the Afterlife. She has 2 years, 5 months, 2 weeks, 3 days, 4 hours, 12 minutes and 47 seconds left.

Nico: (Whistles) That's a long timer. But won't her parents be sad that she will die?

Me: No way. I talked to them about this and they were throwing a party and they were actually glad that Heather is gonna die.

---

Me: (Narrating) **I visited Heather's Parents in Manitoba, Canada and they were actually glad that Heather was gonna die because of this curse. They told me something that no parent should ever have to hear.**

Heather's mom: Are you crazy J.D.!? Heather is the worst ever mistake we could've made. She hates everything and all of us and claims to be much better than all of us combined.

Heather's dad: Heather is a menace to her family and we even tried electroshock therapy to get her back to her sweet self. But it didn't work!

Me: **I was actually shocked when they did that to her. I may hate Heather for all the terrible things she has done on all the shows but that is taking things way too far.**

FLASHBACK ENDS

Me: Normally I would despise such behavior. But in Heather's case I'm more than willing to make an exception.

Nico: I can tell they hate Heather. And I have a feeling that when the curse kills her she will be buried in an unmarked grave.

Me: I have that same feeling too Nico.

Lori: Heather literally disgusts me! I can't believe that little freak!

Leni: She totes needs to die!

Luna: Dude! That is low even for you Leni!

Luan: Yeah Leni. Heather needs to go Low! (Laughs to rimshot) Get it? But Seriously, I hate Heather, but I would never wish that on her.

We laughed at Luan's joke.

Me: (Laughs) That was a good one Luan! But I agree with you.

Lucy: I hope Heather dies a horrible and agonizing death.

Laney: Lucy! That's not nice.

Lucy: Sorry Laney. I hate Heather just as much as anyone else.

Nathan: I hate her too Lucy. But that is taking things too far.

Nick F.: It's absolutely awful that she did all the things she did.

Vince: I agree Nick. But she deserves it.

Me: I agree guys. Heather was a nice girl back when she was a little kid and now she is a psychotic sociopathic freak.

Lincoln: You're telling me J.D.

Lynn: That girl has some serious problems.

Lightning: Lightning agrees with you Lynn. Sha-Blam!

Me: Yeah Lightning.

Gwen spread her black angel wings and flew at Heather and punched her in the face with incredible force and slammed her knee into her stomach and Heather belched up a huge amount of blood. Gwen kicked her in the face and elbowed her in the mouth and knocked out most of her teeth.

I noticed something on my timer. The countdown sped up.

Me: This is unusual.

Nico: What is it?

Me: It seems that whenever Heather takes a powerful hit it hastens the curse.

Leshawna: I hope Heather dies in the ring.

Me: That would be nice. But I prefer to have nature take its course and kill her when time is up. Gwen! That's enough.

Gwen stopped and Heather was knocked down.

Chris: Gwen wins!

We cheered wildly for her and the timer now said that Heather has 18 days left to live.

Me: Well. 18 days left.

Nico: Heather you have failed this world.

Me: She sure has. She has 2 and a half weeks left to live. I hope she finds death enjoyable.

---

Sammy was facing her evil twin sister Amy.

Sammy: You are the worst sister in the world Amy.

Amy: You make me sick Samey. I HATE YOU MORE THAN LIFE ITSELF!

Sammy had a blue aura flare up to an incredible degree.

Sammy: Wow! That was intense!

Me: It's what happens when someone hates us to an incredible degree and it makes us more powerful.

Sammy: I like it. Amy you are the sister from Hell and you need to be destroyed!

Amy: But why is your hair blue?

Sammy: I dyed it blue to avoid confusion between us. I'm the pure good twin from Heaven and you are the pure evil twin from Hell.

Amy (to Sammy): If I can't have that money, I'll make sure you can't have it either!

Sammy: Bring it on loser!

Sammy spread blue angel wings glowing in a Kirlian Lightning Aura. Amy was shocked.

Amy: Samey what happened to you!?

Sammy: I'm not the same as I was when I beat your face in the first time. And for the last time my name is Sammy!

Sammy dashed and kneed Amy in the face and kicked her in the stomach and punched her in the mouth and knocked out some of her teeth.

Chris: How did Amy get all the way over to the Team Loud Phoenix Storm estate that one time?

Me: It was a genius method Chris. She found this really amazing cave system that stretched all the way from Muskoka, Ontario, Canada to the forest outside of Gotham Royal York. Here's what it said.

On a holographic screen on my device I showed him the cave.

Me: It was a 338 mile long cave system that went all the way underneath Lake Huron and that's how the sore losers were able to get across the United States Canada Border completely undetected.

Chris: That is really awesome!

Chef: And it's very clever too.

Nico: It was an amazing sight. It took thousands of years to form a cave like that.

Nicole: We were amazed at how it became like that.

Me: We sure were.

Sammy knocked Amy out and she blew on her fist.

Sammy: You mess with my friends again and you will pay for it dearly.

Chris: Sammy wins!

We cheered for her.

Nico: You sore losers have failed Canada!

Me: That's telling them Nico! (We high five)

---

Maria was facing her fear: SHARKS! She was standing in the middle of a giant water tank on a platform in the middle of the tank and three sharks were circling her.

Wheeljack (to Maria): We were considering on bringing in your former Meta Breed teammates. But then we would've gotten Chris in trouble for bringing in former metahuman criminals.

Maria: That's all right guys.

Chris: If you can survive for 10 seconds on that platform you win.

Maria: Oh that's easy.

William: You can do it Maria!

Me: Show those sharks who's boss!

The timer began and Maria was standing in the circle. She was scared but she was getting better. When the timer buzzed at zero, Maria did it! We cheered for her.

* * *

William was facing a robot that looked like him when he was brainwashed by X.A.N.A.

William fired a blast of fire from his blaster and it burned the robot and revealed it's metal underneath.

William then kicked it's head clean off it's body and it exploded.

KABOOMM!

Chris: William Wins!

We cheered for him and Maria kissed him all over and left blue lipstick marks all over his face and he giggled goofily.

Nico: Robot X.A.N.A. you have failed the Digital World and this world.

Me: That's telling him Nico. What's left of him anyway.

Nico: Yeah.

* * *

Lincoln was up next and he was facing his fear: Being beaten up by his sisters. He was facing Robots that looked like his sisters and they were ready to kill him. But Lincoln summoned up every ounce of his courage and went at them and pulverized them in their faces and blew them apart and then the Robot Lynn got the drop on him and grabbed his leg and slammed it on her leg and broke it.

Lincoln: (SCREAMS IN EXCRUCIATING PAIN)

Me: Geez!

Nico: That Robot Lynn broke his leg!

Lincoln's sisters: LINKY/LINCOLN/BIG BROTHER!

Lana and Lola jumped in and smashed the robot Lynn to pieces.

We carried Lincoln and we saw that his leg bone was protruding through his leg.

Me: Wow! That is an nasty broken leg!

Lola: Oh Linky!

Lana: That robot Lynn was merciless.

Nico: I can't believe I'm about to say this again but Loud Sisters you have failed this world.

Me: No kidding. But thank goodness those robots weren't the real thing.

May: No kidding.

Lincoln was taken to the infirmary on the plane and the rest of the Loud Family arrived and Lisa was looking him over. Lincoln had to undergo surgery and Lisa did some amazing stuff. She had to use a special torch to weld and reset the bone. But he'll be out of commission for 12 to 16 weeks. He was now in a wheelchair. The rest of the Loud Family decided to stay and root us on and Vince and Carol along with Nathan and Nick decided to watch too. Nico used a potion Sora gave him on Lincoln and it healed him.

May was facing the scariest pokemon she has ever encountered: a Dusclops.

Me: She's facing a Dusclops?

Nico: She sure is. That Pokemon is a wicked one. It can hypnotize people and pokemon.

Me: Cool and dangerous.

Then we saw another cool Pokemon land by May.

Me: Hey it's a Dragalge!

Nico: That's a cool Pokemon.

Me: Go for it man.

Nico: I will.

Nico threw a Pokeball and caught the Dragalge.

Lily: That Pokemon is really cool. It looks like a Leafy Sea Dragon.

Lynn: A Leafy Sea Dragon?

Me: It's a type of Seahorse that lives in the ocean off the coast of Southern Australia.

Carol: Those creatures are really cool.

Vince: They sure are.

Ella: I think they are all extraordinary creatures.

Me: Me too Ella.

The Dusclops used it's Hypnosis on May. But her will was far too strong and she flared up her ice fire and froze it. Nico caught the Dusclops.

My match was next.

Chris: J.D. your match is a special match. I believe you know this pokemon.

We got a surprise and a Primeape came out.

Me: It's a Primeape.

Nico: This is gonna be a tough one for you J.D. I already have a Primeape.

Me: This one is mine. I also heard that Ash had a Primeape and it nearly beat him up really bad and sent Jessie flying into a rock.

Jessie: Don't remind me.

Ash: Yeah I still get pain from the bruises it gave me.

Me: Ouch. Lets dance Primeape. Come on you overgrown banana chewer!

Primeape then went crazy!

I went Super Angel and we went at each other I slammed my fist into its nose. Then it WENT BALLISTIC! It's eyes glowed red with pure unrestrained rage and madness. Primeape began its most relentless and strongest attack: THRASH! It was now completely out of control and set its sights on me and we really went at each other. Our strength and speed was incredible and it was a vicious and dangerous fight of unimaginable fury. Primeape was punching me at a ferocious level and I was getting beaten up at a vicious rate. When it stopped I had blood dripping from my mouth and I had nasty cuts on my face and blood dripping from my nose and nasty cuts and bleeding bruises from my arms and legs and my clothes were torn up. I was getting slaughtered!

Me: (Spits out blood) This monkey is starting to make me mad!

I kicked it in the face and knocked it out. I threw a pokeball and caught the Primeape.

Nico: He did it!

I fainted.

Xerneas came and I was badly hurt. But I was gonna be all right. What doesn't kill you makes you stronger. My accelerated healing was gonna make me better in 12 hours.

But the Angelic Doves won the challenge and Jo was kicked out. But Lisa had to cut off Jo's foot because of how badly mangled it was. Jo's jock life was over.

THE END

---

Part 2 is done. This had to be the most brutal fight chapter we ever did. NicoChan11 gave me the ideas for this one. Thanks man as usual. Next for part three is Morocco and were gonna have a nuclear hot spicy food eating contest. Get ready to feel the fire! Let me know what you all think.

See you all next time

# Spicy Moroccan Death

In the air we were eating an awesome breakfast. We were flying over the Central Mediterranean Sea.

Me: I don't know what our next destination is but I have a feeling it's gonna be good.

Lori: I literally can't wait either.

Lincoln was talking to Sora on a holoscreen.

Lincoln: Thanks for healing me, Sora. I don't even need the wheelchair anymore since my leg's all better.

Sora: Glad to hear it, Lincoln. But one of these days, we'll have to give you accelerated healing like J.D.

Lincoln: I'm sure that can be arranged.

Then we heard Manaphy cry.

May (to Max): I know you didn't just make Manaphy cry!

Max: So what if I did!?

Me: You're disgusting Max!

May pulverized Max ferociously.

Chris (to Max in disgust): Insulting a baby girl, Max? That's a new low even for you!

Me: Actually Chris, Manaphy is a Pokemon and May and Manaphy have been very close ever since she found it as an egg.

Chris: I never knew about that. But Max is the one that's getting booted next!

Me: You said it Chris.

Chris: We'll do that later. Cause it's time for our next challenge. In Morocco!

Me: Morocco! Awesome! I can't wait. I saw on the Ridonculus Race that you all had to eat a super spicy stew made from super powerful spices.

Naruto: And we ate that super spicy stew in the Brunch of Disgustingness 2.0 last time.

Me: I'll never forget that bro!

Lori: That must've been good stew.

Me: It was.

Chris: Then you'll like what this next challenge is gonna be.

Harold just ate a spicy pepper.

Harold: MY BISCUITS ARE BURNING!

Lily fired a blast of water and got Harold wet and steam was coming off of him.

Lily: Sorry about that Harold. Are you okay?

Harold: I'm fine Lily. But thank you.

Lily: You're welcome.

We landed in Morocco and we were at a Moroccan restaurant.

Chris went over the challenge.

Chris: Todays challenge is gonna be what I like to call the **12 Spicy Stews of The Apocalypse.** 🌶🔥🌶

Satanic cultist choir plays and thunder and lightning crashes and real fire burns in the background.

Me: Oh yeah! I love nuclear hot food Chris.

Chris: I know and you have an amazing iron stomach J.D. You each will be given 12 stews made with some of the hottest spices in the world and each one will be hotter than the next. The team that finishes the most bowls of stew wins the challenge.

Lincoln: I love spicy food Chris.

Lynn: I do too Chris. I eat blazing hot Spicy Subs.

Lightning: Lightning is ready to burn! Sha-Wow!

Chris: Love that spirit guys. Here's the first stew.

We were given big bowls of spicy stew with Moroccan couscous in it and the broth was made of different spices.

Me: (Sniffs) Mmm. Delicious.

Lincoln: It sure smells good.

Chris: You may eat.

I took a spoon and slurped it up and it was good.

Me: Yum. There's cinnamon and saffron in it and lots of ginger and cumin.

Lincoln: It's really tasty.

Lynn: It sure is.

We drank our bowls.

Me: Whew! (Sniffs) Loaded with enough cinnamon to rival toothpaste.

Lincoln: That was tasty.

Lynn: At least it makes your breath smell good.

Lola: I think that soup looks tasty.

Chef: Here Lola. Try some.

Lola: Thank you Chef.

Lola had some too and it was tasty.

All of our team finished.

Chris: The Angelic Doves win the first round!

Me: Tasty soup Chris.

Chris: I'm glad you liked it. Here comes the Level soup. The level of spice increases as we go on.

We had the Level 2 soup and it had A LOT of Paprika.

Me: Tasty and spicy.

Round two was won by us.

Beth (to Maria): You're not feeling any pain from the spicy food.

Maria: I have water powers, remember?

Beth: Oh yeah. You guys have a lot of awesome powers.

* * *

A Montage showed us eating all the stews from 3 to 11. Stews 3, 4, 5, 6, 7, 8 and 9 were mild to moderate. But levels 10 and 11 were insanely spicy and they had so much explosively spicy spice in them that they were hot enough to blow your head right off your entire body.

* * *

Chris: Boy you guys are really spicy people!

Me: I love it Chris.

Nico: This spice has failed this country.

Me: (Laughs) That was a good one Nico.

Luan: You guys sure know how to Spice things up! (Laughs to rimshot) Get it?

We laughed at Luan's Joke.

Me: (Laughs) That was a good one Luan!

Eddy: (Laughs) That was so funny!

Chris: (Laughs) That was a good joke. Now here's the final stew.

We got a surprise. A Mega Camerupt came in and on its volcano horn was a pot with a nuclear symbol on it and a Charmeleon was next to it.

Nico: Oh wow! It's a Mega Camerupt!

Me: We don't have any Mega Pokemon.

Nico: It's perfect for you J.D.

Me: Thanks Nico.

Chris: I actually had these two pokemon come to help out. You two can catch them when the challenge is done.

Me: Thanks Chris.

Nico: But first bring on the soup!

Charmeleon took the pot off of the Mega Camerupt and put it on the floor and put on a welding mask and gloves and poured us the soup. It was a glowing neon red soup that burned with the intensity of lava from the surface of the sun and it was so spicy that it was making my geiger counter go haywire and it was even making me sweat like a pig.

Me: Wow! The heat coming from it is incredible!

Chris: This is the hottest stew ever made. It's made from the spice powders and capsaicin extracts of the hottest peppers ever known to man. It's made from the Ghost Pepper, The Trinidad Moruga, The Carolina Reaper, The Dragons Breath, The Guatemalan Insanity Pepper and the Tears of Zephos.

We gasped in sheer horror!

Laney: There is absolutely no way anyone can eat that level of spice!

Lori: That kind of stew will literally kill them!

Lucy: I'll be sure to say something nice at all your funerals.

Me: The Seven Deadly Peppers of Sin. I love it Chris.

Then we heard guns cock and we saw disgraced Ridonculous Race competitors, the figure skaters Josee and Jacques pointing guns at us.

Me: Ridonculous Race competitors Josee and Jacques!? What are you two doing here!?

Jacques: What else?

Josee: We're here to kill you all!

I fired my laser vision and melted their guns.

Maria: Guys, me and William will handle these two. Just continue with the challenge!

Me: Okay guys.

Maria and William faced Josee and Jacque.

Maria (to Josee and Jacquee): We're giving you a chance to turn back now. While you still can!

Jacques: Never! We're not going to stop until we kill J.D. for making us lose!

Bridgette: Did you win Ridonculous Race?

Me: Believe it or not yes I have. I won the whole competition back 7 years ago and dominated the whole competition. Jacque and Josee we're infuriated about it and they now hate me with a vengeance.

Chris: That is disgraceful that they can't accept defeat like that.

Lynn: What a couple of sore losers!

Lincoln: You said it Lynn.

William (to Josee and Jacquee): You two give figure skaters a bad name! Cornelia is way more better then you two!

Josee had eyes burning with rage and ballistic fury!

Josee (throws knife at Maria): See how you like this!

Maria turned into her water form and the knife went through her, rebounded off the wall and hit Josee in the shoulder.

She screamed in pain.

William: You two like figure skating on ice with your skates. Let's see how well you skate on ice without them! (fires ice below Josee and Jacquee)

The ice blast froze the floor and they slipped and fell and William and Maria viciously pulverized them both into a bloody mess.

William: Two more sore losers down for the count.

The two of them didn't realize that Scarlet was glaring at them.

Nico: Jacque and Josee, you two have failed not only all of Canada but the entirety of the world of Olympic Skating!

Me: You tell them man!

I scooped up my soup with my spoon and it melted through the spoon onto the floor and burned through the floor and through the ground in an intense fire.

Me: WOW! This soup is like magma from the core of the Sun!

Nico: It sure looks potent.

I drank my soup and then a massive aura of fire exploded all around me and it was so mindblowingly hot and spicy and it was delicious too and my powers were intensified to an unbelievable degree.

Me: Wow! What power!

My fire aura was so incredibly strong that it was unbelievable! But we won the challenge regardless. Most of the contesttants were screaming in excruciating pain as fire exploded out of their mouths. We left the restaurant and in a bazaar we saw a Hypno.

Me: Hey look there! It's a Hypno.

Nico: You don't have one J.D.

Me: I heard it has a powerful hypnotic spell. Let me try something on it. I don't know if I told you all this but I have the ability to hypnotize people with just my eyes.

Owen: Wow! J.D. That is so awesome!

Geoff: That is amazing dude!

Me: It sure is. It takes incredible focus and concentration to achieve a feat.

We saw a Moroccan man and he was having a contest. If anyone can withstand Hypno's hypnosis for 60 seconds they win 500 billion Dirhams which is $52,110,000,000 in American money.

Me: Let me see if I have what it takes.

I go over.

Me: Has anyone ever lasted 1 minute against Hypno's hypnotism?

Man: (Arabic Accent) No my friend. No has even come close.

Me: Maybe I can try.

I was looking at the Hypno and it used its pendulum to try and hypnotize me. But my will was far too strong to be hypnotized and I managed to defy the impossible. I won with no problem! The man gave me a case full of gold bricks totaling $52,110,000,000.00. I also tested my hypnotic glare on the Hypno and I still had it. I threw a pokeball and caught the Hypno. Max was thrown into the loser section. Josee and Jacque were tied up and were later gonna be going to one of prisons. Nico caught the Chameleon and I caught the Mega Camerupt.

End of Part 3.

---

Part 3 done. I wanted to make this a Spice challenge. NicoChan11 gave me the ideas for this one. Thanks man as usual. Part 4 is in the Seychelles Islands in the Indian Ocean and we're gonna be having a dancing challenge. Let me know what you all think.

See you all next time.

# Tropical Dancing

In the air, we were flying over southwestern Africa for the next destination.

I was reading a book and having a great breakfast.

Scarlet: Can I talk to you for a second J.D.?

Me: Certainly Scarlet. But if this has anything to do with the last challenge then what is it?

Scarlet: You really want to bring up Jacques and Josee right now when they're still being hospitalized in one of your prisons?

Me: (Confused) Wait. Why are you putting that on me?

Maria (walks into the room): Because J.D., I think she's just reached her main point - us being here isn't her main problem.

Scarlet: (scowling) I don't think you were invited into this conversation, Maria.

Maria: (raises an eyebrow) I wasn't? So you weren't about to blame J.D. for Jacques and Josee's injuries, which they brought on themselves?

Scarlet: Well, now that you're here, I'm perfectly capable of blaming you. Since it was you and William who put that beating on them.

Maria: (narrows her eyes) After they pulled guns on us. And after we asked them repeatedly to stand down. That was when Josee decided the best course of action was to pick up a (censored) knife and throw it at me. She got herself stabbed in the shoulder due to choices she made. Did me and William beat her and Jacques up? Yes, we did. That was after they threatened our lives. Pretty self-explanatory, if you ask me.

Scarlet: (snarls) And you two seemed all too eager to give them a beating. Didn't you?

Maria: If that's what it took to get them to back down, then that's what we were willing to do. You clearly weren't.

Scarlet: Because I still think they could have been talked to!

Maria: Words weren't going to work with them. Actions spoke louder. We told them not to take a single step. They took that step. And we upheld our word.

Scarlet: (snorts) Because a villain's word means so much.

Me: C'mon, now-

Maria: (chuckles darkly) No, J.D., let her say it. That's her biggest problem. It's not us being here. It's that an entire team of former villains have your complete trust just like the rest of Team Loud Phoenix Storm. (to Scarlet) Actually, you're implying that it's more regarding me and William.

Scarlet: (narrows her eyes) And what do you plan on doing about it?

Maria: Simple. Keep the fighting where it belongs. It doesn't belong with the rest of our friends. But I bet that they're gonna want a piece of you as well.

Scarlet: Just beating someone up doesn't solve everything!

Maria: And we know that. But don't try to change the subject. Right now, we're discussing your animosity towards the trust that J.D. and the others have towards me, William, and the rest of the Redemption Squad.

Scarlet: (snorts) An intelligent baby who tried to take over the world and attempted to kill his own mother, X.A.N.A's former servant, and a former metahuman criminal. Those are only 3 members of your so called Redemption Squad. So forgive me for being a little wary.

Maria: (growls lowly) William didn't serve X.A.N.A by choice. He got brainwashed into doing so.

Scarlet: (pretends to think) Yeah, remind me who let him go and take on the Scyphozoa by himself. Right… that was your Lyoko Warrior buddies.

Maria (scoffs): So they were supposed to let the entire school of Kadic know about the supercomputer and Lyoko? What a brilliant alternative. As for Stewie, you clearly haven't read up on Quahog's destruction and our battle against Evil Stewie and Evil Adam West. Because Stewie really has changed.

Scarlet: He fooled his own mother into believing he was an ordinary baby. He could be easily fooling you guys just so he can kill you all in the future.

Maria: (scoffs) So all he's done in the past year has been a lie? Not likely.

Me: She's right. Stewie told me about his past crimes when we first met him. And we forgave him for that. That's also why he helped form the Redemption Squad in the first place.

Maria: And yes, I've been a villain. I was exposed to the Bang Baby gas. I tried to kill Virgil and Richie under Ebon's orders. And I also committed several other crimes as well. I will always regret those actions. But just because J.D. trusts me with his life doesn't mean that you can take out that anger out on him. Because that's what is gonna lead to your downfall in just a few moments. You obviously don't like that two former villains like me and William are watching J.D. and the others' backs during this Total Drama season.

Scarlet: (eyes flaring) Maybe if it wasn't a girl who helped Ebon commit so many crimes and try to kill Dakota's heroes, I wouldn't feel so off about it. I can't say much for the other Redemption Squad members, but you and Dunbar, you leave trails of bodies everywhere you go. You've both abandoned teammates before. You could very well do it again!

Maria: (snarling) We both have also killed for J.D. and the others before. One of my bodies you mentioned? That was Hydro Man A.K.A. Morris Bench. He used water just like me. And I killed him to protect J.D., Spidey, and Grim.

Scarlet: (snorts loudly) You killed one comrade like Hydro Man before. You could do it again.

Maria: (growls lowly) I would rather slit my own throat before I either kill or abandon J.D. and the others, including my sisters Carmen and Carol. But that's one thing I have over you… my crimes don't include abandoning my own partner to his fate.

Me: (Scarlet's about to punch Maria) No!

Maria snarled and ducked under Scarlet's fist before punching her in the stomach. As Scarlet recovered, her eyes flashed murderously.

Scarlet: (growls as Maria turns into her water form) Like I said. Every time I hear that you and Dunbar have changed, I almost believe it and then you go and pull that.

Maria: (prowling in a circle opposite Scarlet) I'm not the one who threw the first punch. But that doesn't matter to you, apparently. After all, you never trust a villain's word.

Me: All right you two knock it off! We already had suffered enough problems with the sore losers and Lincoln getting hurt. Jo infuriated Lynn and Heather only has 4 days left to live. Everyone getting worked up about what we have done is not gonna help anyone.

Maria went to the sofa and William was comforting her as she was crying.

Chris: (glares at Scarlet while William tries to calm Maria down) Well, I guess we know who's getting voted off next.

Scarlet: She's the one that started it!

Nico: It doesn't matter who has started it Scarlet. You have failed all of Canada and all of this season of Total Drama.

William: Maria, please don't cry. Scarlet's just a sore loser who doesn't know what she's talking about.

Maria: But William what she said was horrible! Carol was insulted the same way with Lois!

William: Scarlet is wrong Maria. Carol and J.D. changed you for the better. You are much better than Ebon and all those losers.

Later Stewie was told about everything Scarlet said.

Stewie: SCARLET SAID WHAT!

William: You heard right. She even said that you could be fooling us into thinking that you've changed. But we know that Scarlet's lying.

Stewie: William, I'll be on my way there. I've got a few things to say to that (censored)!

Stewie teleported to the plane.

Me: Oh hey Stewie.

Stewie: Hi J.D. I'm here to talk to Scarlet and I need you to do that thing you made me do to Lois.

Me: I know just what you want me to do Stewie. Scarlet is not paying you your money.

I give him one of my old golf clubs.

Lincoln: I hope that's not one of Lori's golf clubs.

Me: No it's one of my old throw away golf clubs. Here Stewie. Want some Orange Juice?

Stewie: Oh sure. I could always use some good O.J.

I hand Stewie a glass of Orange Juice.

Stewie: Thanks J.D.

Stewie went into Scarlet's Room.

Scarlet saw him.

Scarlet: Oh hello little one.

Stewie: Good day to you ma'am. Are you Scarlet?

Scarlet: I sure am.

Stewie: I see. Mmm, that's good O.J. [smashes glass on Scarlet's head]

Scarlet: Aaargh! Aaarghh!

Stewie: Yeah, that hurt?

Scarlet: Aargh!

Stewie: That hurt?

Scarlet: What the heck?! [continues yelling]

Stewie: Yeah, that don't feel so good, does it? No, huh? [punches Scarlet] Yeah, that's what happens, man!

Scarlet: Oh, my gosh!

Stewie: So, you think I'm planning to kill J.D. and the others, do you?

Scarlet: Well, you might be!

Stewie: Let me inform you of something. I know full well about the crimes I committed in the past. But those days are behind me now! Yeah, that's what happens. [punches Scarlet again] Where's my money?! You gonna give me my money? Where's my money, man?! [Scarlet coughs up blood, Stewie gets towel rack, continuously hits her with it] Where's the money, man?! Yeah, you like that?! That feel good?! [holds her head in toilet water, Scarlet starts screaming more and Stewie takes her out of the toilet] Where's the money, man?! Where's my money?! [Stewie hits her head with a golf club] Argh!

Stewie: Getting real tired of you duckin' me, woman!

Scarlet: Oh, my gosh!

Stewie: Yeah, gettin' really tired. Huh?

Scarlet: Ogh! Arg-argh!

Stewie: Where's my money?! Where's my money?! Yeah, you got money to pay for anything! How much was your scholarship!

Scarlet: $20,000. [Stewie shoots her left knee] Aaargh! Ow! Oh! Oh..! [Stewie shoots her right knee] Aaargh!

Stewie: Don't make a fool out of me, woman. Don't make a fool out of me. I want my money. I want my money, woman!

Scarlet: Listen, Stewie, I'm sorry! I know you're… Oh, my gosh! [Stewie shoots his flamethrower at her] Aaarrrgghhh! Aaagghh-aghh..! [the flames extinguish itself]

Stewie: Yeah you better be sorry. Next time I will kill you.

Stewie walked away.

Stewie: She learned her lesson.

Me: I hope so Stewie.

I give him $10,000.00.

Me: Good job man.

Stewie: Thank you good sir.

Stewie teleported back home.

Scarlet was in the loser section and she was all badly burned and mangled up.

Chris: We are now at our destination: The Seychelles Islands!

Me: The Seychelles!? Awesome!

Lincoln: I've always wanted to go to the Seychelles.

Laney: They are beautiful islands.

Lola: I can't wait to get an awesome tan there.

Lori: Me too.

Chris: You'll get to. After todays challenge. We're gonna have a dance competition.

William: The challenge is a dance off? (nervously) I didn't exactly do a lot of dancing in Kadic.

Maria: Don't worry, William. Just follow my lead. Lynn. May. You two do the same for Lightning and Nico.

Lightning (nervously): Ok, I'm not one to be nervous. But I've never danced before!

Lynn: No sweat Lightning. I can show you how to dance.

Me: And Nico you are an awesome dancer! You and May dance phenomenally.

Nico: We sure do.

We landed in the Seychelles and in the capital city of Victoria on Mahé Island.

Me: Mahé Island. I've always wanted to come here.

Lincoln: You've never been here before J.D.?

Me: No it's a first time for all of us Lincoln.

Maria: I can't wait to swim in the lagoons. They are so crystal clear and so beautiful.

Chris: We all could use a little vacation couldn't we? Lets do our challenge first.

We got to the town square and there was a dancing festival. In the middle of a crowd were 4 dancing bird Pokemon: Oricorio.

Me: Hey it's 4 Oricorio.

Nico: The Dancing Pokemon. Those four are awesome dancing birds.

Me: They sure are. I recognize the 4 styles of dancing they each have. The red one uses the Flamengo style dance from Spain, The Green One uses the cheerleading dances, the Pink one uses Hawaiian Style Hula Dancing and the lavender one uses the Chinese Fan Style dance.

Chris: That's right J.D. Now the rules are simple. You get to dance to some of your favorite songs and the team with the best scores wins the challenge.

Me: That's simple.

We danced to Hawaiian music first and it was awesome. We saw the Hula Oricorio dance with us and it was dancing amazingly. Lily was singing Somewhere over the Rainbow by Israel Kamakawiwo'ole. She was playing a ukulele.

Lily: (Singing Divinely) (Numerous rainbows graced the skies.)

Ooh, ooh, ooh

Ooh, ooh

Somewhere over the rainbow

Way up high

And the dreams that you dream of

Once in a lullaby

Somewhere over the rainbow

Bluebirds fly

And the dreams that you dream of

Dreams really do come true

Someday, I wish upon a star

Wake up where the clouds are far behind me

Where trouble melts like lemon drops

High above the chimney top

That's where you'll find me

Somewhere over the rainbow

Bluebirds fly

And the dreams that you dare to

Oh why, oh why can't I?

Well, I see trees of green and red roses too

I'll watch them bloom for me and you

And I think to myself

What a wonderful world

Well, I see skies of blue and I see clouds of white

And the brightness of day

I like the dark

And I think to myself what a wonderful world

The colors of the rainbow so pretty in the sky

And also on the faces of people passing by

I see friends shaking hands saying

How do you do?

They're really saying I, I love you

I hear babies cry and I watch them grow

They'll learn much more then we'll know

And I think to myself what a wonderful world

World

Someday I wish upon a star

Wake up where the clouds are far behind me

Where trouble melts like lemon drops

High above the chimney top

That's where you'll find me

Oh, somewhere over the rainbow

Way up high

And the dreams that you dare to

Why oh, why can't I?

Ooh, ooh

Ooh, ooh

We cheered wildly for her and it was awesome!

Me: Way to go Lily!

We got really great scores for the dance and the song too.

Luna: Lily that was so rockin' dude!

Lily: (Holds up the Hang Loose sign) ROCKIN!

Courtney and Duncan were dancing and I was singing Into the Night by Santana. The red Oricorio was doing a tango dance.

Courtney (smirks as she and Duncan dance together): Plan to steal a kiss, Duncan?

Duncan (smirks back): Babe, I'm a pretty good thief.

Me: (Singing Divinely)

Like a gift from the heavens, it was easy to tell

It was love from above, like it saved me from hell

She had fire in her soul, it was easy to see how the devil himself could be pulled out of me

There were drums in the air as she started to dance

Every soul in the room keeping time with their hands and we sang

Ay oh ay oh ay oh ay

And the voices rang like the angels sing

We're singing, ay oh ay oh ay oh ay

And we danced on into the night

Ay oh ay oh, ay oh ay oh

And we danced on into the night

Like a piece to the puzzle that falls into place

You could tell how we felt from the look on her face

She was spinning in circles with the moon in her eyes

The room left them moving between you and I

We forgot where we were, and we lost track of time

And we sang to the wind as we danced through the night, and we sang

Ay oh ay oh ay oh ay

And the voices rang like the angels sing

We're singing, ay oh ay oh ay oh ay

And we danced on into the night

Ay oh ay oh, ay oh ay oh

And we danced on into the night

And we danced on into the night

Like a gift from the heavens, it was easy to tell

It was love from above, like it saved me from hell

She had fire in her soul it was easy to see

How the devil himself could be pulled out of me

There were drums in the air as she started to dance

Every soul in the room keeping time with there hands, and we sang

Ay oh ay oh ay oh ay, and the voices rang like the angels sing

We're singing ay oh ay oh ay oh ay

And we danced on into the night, ay oh ay oh, ay oh ay oh

And we danced on into the night (And the voices rang like the angels sing)

Ay oh ay oh, ay oh ay oh, and we danced on into the night, ay oh ay oh ay oh ay

(Ay oh ay oh) Ay oh ay oh ay oh ay

(Ay oh ay oh) Singing ay oh ay oh ay oh ay

(Ay oh ay oh) And we danced on into the night

We cheered wildly.

Me: Thank you Seychelles!

Chris: You guys have quite some talent.

Lori: We literally do.

Laney: It's an amazing deal we have Chris.

Laney was on the stage and Nico and May were dancing as she played a Chinese Song and the Blue Oricorio was dancing the Senzu style. Dragons from China appeared and we were in awe and they flew all over the sky and danced in the air. Laney was playing Chinese Dragon by Derek & Brandon Fiechter.

When it was done we cheered wildly.

Me: Awesome Chinese song!

Laney: Thanks guys.

Chris: That was impressive.

Chef: She has quite the talent.

Lincoln: Laney is one of the most talented out of all my siblings.

Chris: She sure has a lot of talent.

The Green Pom Pom Oricorio cheered us all on.

Lori and Bobby danced to the Tango and the Red Oricorio danced with them. Bobby had a rose in his mouth and they were dancing to the song like no tomorrow. When it was done we cheered wildly for them.

Me: Way to go you two!

Lori: That was literally so much fun!

Bobby: You said it babe.

Me: I wanted to do the tango for you two and Bobby and his family are from Mexico so I decided to add some cultural fun.

Bobby: That's cool amigo.

Me: Glad you had fun compadre.

Lynn and Lightning danced to Get Off of My Cloud by the Rolling

Stones and it was a Cheerleading Song and the green Pom Pom Oricorio danced with them.

Lincoln was singing the song.

Lincoln: (Singing Divinely)

I live in an apartment on the ninety-ninth floor of my block

And I sit at home looking out the window

Imagining the world has stopped

Then in flies a guy who's all dressed up just like a Union Jack

And says, "I've won five pounds if I have his kind of detergent pack"

I says, "hey, you, get off of my cloud

Hey, you, get off of my cloud

Hey, you, get off of my cloud

Don't hang around 'cause two's a crowd

On my cloud, baby"

The telephone is ringing

I say, "hi, it's me, who is there on the line?"

A voice says, "hi, hello, how are you?"

"Well, I guess I'm doin' fine"

He says, "it's three a.m., there's too much noise

Don't you people ever want to go to bed?

Just 'cause you feel so good

Do you have to drive me out of my head?"

I says, "hey, you, get off of my cloud

Hey, you, get off of my cloud

Hey, you, get off of my cloud

Don't hang around 'cause two's a crowd

On my cloud, baby, yeah"

I was sick and tired, fed up with this

And decided to take a drive downtown

It was so very quiet and peaceful

There was nobody, not a soul around

I laid myself out, I was so tired

And I started to dream

In the morning the parking tickets were just

Like a flag stuck on my window screen

I says, "hey, you, get off of my cloud

Hey, you, get off of my cloud

Hey, you, get off of my cloud

Don't hang around 'cause two's a crowd

On my cloud, baby"

"Hey, you, get off of my cloud

Hey, you, get off of my cloud

Hey, you, get off of my cloud

Don't hang around 'cause two's a crowd

On my cloud, hey, you

When it was done we cheered wildly.

Maria and William were dancing to awesome Tropical Music native to the Seychelles and they were dancing magnificently. The Blue Oricorio danced with them and it was so awesome! We cheered wildly for them.

We won the challenge and went back to the plane.

Lightning: Man I didn't know dancing was so much fun!

Lynn: You had an awesome time man.

Me: You danced awesomely for your first time man!

Lightning: You said it J.D. Sha-Blam!

We high-fived.

Maria: You were great William!

William: Thanks Maria. I never knew that dancing was so much fun.

Me: You did great for your first time William.

Lori: He sure did. And Boo-Boo-Bear you are literally amazing in the tango.

Bobby: Thanks babe.

Me: You sure were compadre.

Me and Nico went into the loser section of the plane and we saw Scarlet all bandaged up.

Me: Whoa. Stewie sure did a number on you.

Nico: (to Scarlet) Can you give me one reason why I shouldn't have the entire Redemption Squad beat you up right now?!

Me: Nico calm down. She already has had enough.

Nico: You're right.

Me: Good. But Scarlet, what you said to Maria was completely uncalled for. Sure we kill people but only those that deserve it and I mean ABSOLUTELY deserve it. Those are the people that have no honor and death is their only punishment. Most of the times we can be merciful and throw them in jail. Villains like Deadshot, The Joker, we've killed many villains that were completely ruthless and honorless and death is their only punishment. We only kill those that are completely honorless. Villains like Volcana, Stewie, Blackfire, Bai Tza, Shocker, they have become better people and we formed the Redemption Squad because they have a chance to redeem themselves and prove to everyone that they were lead down the wrong path because of another villains influence or they had bad experiences in their lives that made them become what they are. I know it's wrong but we have to do everything we can to make sure that everyone is safe. All in the name of justice and in trying to defend the peace. As long as evil exists in this universe, no one is safe from its dark power.

Nico: Be sure to think about that.

Me: Just remember that you can still help people and make a difference in the world like we have.

We left.

End of Part 4.

---

Part 4 is done. The Dance Contest in the Seychelles was a great one. NicoChan11 gave me the ideas for this one. Thanks man as usual. Next for part 5 is China and we're going to make the largest fireworks in the world. Let me know what you all think.

See you all next time.

# Chinese Fireworks Fun

In the air, the plane of Total Drama was taking us over India. Nico was feeding his latest Pokemon Ivysaur and we were having breakfast.

Lincoln: It's great that Heather is dead.

Me: You said it Lincoln. I'm glad she's gone. (To the Viewers) You're probably wondering what Lincoln meant by that, well see for yourself.

I show everyone in the audience the curse timer on Heather and it said zero.

Me: The curse we put on Heather claimed her life and she will never be welcome here ever again.

Gwen: I'm glad we've seen the last of Heather the Heathen.

We laughed at her nickname.

Nico: (Laughs) That was funny Gwen.

Lincoln: (Laughs) That is a good nickname.

I had a holographic screen on and Dawn, Ash and Brock were on the screen.

Me:: So Dawn what did you specialize in?

Dawn: I'm a Pokemon Coordinator and I win in Pokemon Contests.

Me: Oh wow. What is that like?

Dawn explained what a Pokemon Contest is like. A Pokémon Contest is divided into two parts. In the first round, called the Performance Stage, Coordinators have their Pokémon performing their moves in order to showcase their style and skill. The appeals are awarded points by a panel of judges, usually formed by Mr.

Contesta from the organizing committee, Mr. Sukizo from the Pokémon Fan Club, and the Nurse Joy from the local Pokémon Center. The Coordinators with the highest scores proceed to the next round. The number of Coordinators that advance to the second round varies. The second round is the Battle Stage, in which Coordinators compete in Pokémon battles while continuing to show off their Pokémon's style and skill. Each battle lasts five minutes and the object of the battle is to decrease the opponent's points. Coordinators lose points when their Pokémon are hit by an attack, when their Pokémon's attack fails, when the opponent's Pokémon performs a particularly appealing move, or when the opponent's Pokémon uses their Pokémon's attack to its own advantage. A battle can also end when one of the Pokémon is unable to battle, called Battle Off by the judges. In this case, the Coordinator with the remaining Pokémon is declared the winner.

Me: Oh I get it. It's like a beauty pageant for Pokemon.

Dawn: That's the right way to describe it.

Lola: That sounds like an interesting thing. I would love to participate in that.

Me: It takes a lot of practice and training Lola. Dawn had to work really hard to get to where she is at. With a lot of blood, sweat and tears.

Dawn: That's harsh but that is right.

Me: Sorry Dawn, it's the best I could describe it.

Dawn: That's all right.

Me: Good. Hey Brock you know a lot of Officer Jenny's and Nurse Joy's right?

Brock: (Lovestruck) How can I not!? They are the most beautiful…

Misty grabbed Brock by his ear.

Misty: Calm yourself lover boy.

Ash: It turns out that Nurse Joy and Officer Jenny are all over the regions we went on.

Serena: There are lots of them and they have an extended family.

Me: Let me see here.

I looked up Officer Jenny and Nurse Joy's family tree and what I saw was astonishing! Officer Jenny and Nurse Joy's family had the largest family tree's ever seen and there are too many to even count!

Me: Holy Gyarados Scales! These are the largest families anywhere!

Brock: I was shocked myself when I read about it.

Me: I believe it Brock.

Maria: I can't believe all those nasty things Scarlet said about us. What a Jerk!

Justin (to Maria): I just want you to know that I'm perfetly fine with you and the others being here. I might care about my good looks but unlike Anna Maria, I have a heart.

Maria: Thanks Justin. Thank means a lot.

Chris: All right guys. We have arrived at our next destination: CHINA!

Me: Oh wow! I love China.

Nico: Me too. It's loaded with all kinds of unique culture and more.

Poromon: And lets not forget Chinese food! (Slurps)

Me: He sure likes Chinese Food huh?

Nico: Poromon LOVES Chinese food. He goes absolutely crazy for it.

Me: I can believe it man.

Chris: And when we land we're gonna do our challenge: Making Fireworks!

Me: Oh wow! I love fireworks and China is where Fireworks came from. They were made back in the 9th century as a way to scare off ancient demons. And now they are one of the most magnificent pyrotechnic celebratory tools of the holidays.

Lana: I love fireworks.

Zoey: Me too.

Chris: We're gonna be making our own fireworks and we're gonna launch them in Beijing.

Laney: I can't wait!

Chris: As a special treat, after the challlenge, we'll be having Chinese food for dinner.

We cheered.

William: You know, my uncle is a Demolitions worker. He taught me a few tricks when he took me to work sites.

Maria: Think you can apply that to fireworks as well?

William (smiles): Babe, just watch me.

Me: I didn't know your uncle worked in the demolitions field William.

William: Oh yeah and he is awesome! He knows a lot about explosives.

Me: Think you can pass on what you know from your uncle to us?

William: I would be more than happy to J.D.

Me: Thanks William.

We landed in China.

Me: Ah China. Loaded with 12,000 years of history. I can't believe that China has been around much longer than Egypt.

Lincoln: Me neither. It's amazing!

Courtney: I remember the first time we came here.

Me: That was during World Tour. Chinese Fake-Out.

Sierra: That's right J.D. You've been watching over in America haven't you?

Me: We sure have Sierra.

Lana: It's my all time favorite show.

Me: And I was on Total Drama last season.

Cody (TD): That's so cool J.D.! You all won the million dollars last time.

Me: Well in America 1 Million Dollars in Canadian Money is $800,000 and compared to the prize money we're going for, $800,000 would be considered small pocket change.

Duncan: That's true J.D.

Mulan: (Offscreen) Hey guys!

We saw Mulan and Mushu.

Me: Mulan, Mushu!

We hugged.

Mulan: It's great to see you guys again.

Mushu: Are those cameras?

Chris: They sure are.

Mushu: Cool! I want to be on TV!

Me: You're gonna get your chance Mushu. We're here in China to make our own fireworks.

Mushu: Can I help with the fireworks as well?

Me: You sure can Mushu.

Chris: How do you guys know Mulan and Mushu?

Me: We helped her beat the ruthless Hun, Shan Yu.

Nico: Shan Yu was defeated twice here. The first time was when Sora put him in that coma. The second time was when he was blown up. Both times, Mulan was recognized as China's hero.

Me: She's the bravest woman in all of China's history. For over 2,000 years, she had been recognized as an amazing hero.

Courtney: That is so amazing!

Lori: It's true Courtney. We watched Mulan on the Chinese New Year and it was literally awesome.

Lucy: I'm glad Shan Yu is dead.

Lincoln: Me too Lucy.

Nico: Chef, make sure that Poromon doesn't fly off and eat all the food here.

Chef: Okay.

Poromon: I can't wait to eat.

Chef: I'm watching you, Poromon. Save the eating for after the challenge. Got me?

Poromon: Okay.

Chris went over the rules and we got to work. The team with the biggest, brightest and most colorful firework wins and gets invincibility. We were gonna build the largest firework in the world and far surpass all the others all over the world combined. We got to work and gathered all the tools and ingredients together and it was a difficult process. During the construction Lola and Lana caught some Pokemon. They are as follows:

LANA

Spinarak

Sentret

Scolipede

Sawsbuck

Panpour

Pachirisu

Mudkip and

Mamoswine

LOLA

Ponyta

Magcargo

Chimchar

Gogoat

Florges

Leafeon

Flareon and

Ferrothorn.

Nico: Oh wow! You two got some awesome Pokemon!

Lana and Lola: Thanks Nico.

May: They sure did.

Me: Not bad for their first catches. Lana already has Regice and those Pokemon are perfect.

We finished our work and we made a massive 120 inch aerial firework shell. At night we got ready for the moment of truth.

The Devilish Bats went first and Mushu fired a blast of fire that lit their fuse and then the firework exploded and didn't even get off the ground.

KABOOM!

It was a total failure.

Me: Boy that one was a total bust.

Chris: You got that right.

Nico: Your firework has failed all of China.

We laughed.

Luan: (Laughs) Good one Nico. It sure failed to FIRE up. (Laughs to Rimshot) Get it?

We laughed at Luan's joke.

Me: (Laughs) That was a good one Luan!

Eddy: (Laughs) Good one!

Chris: (Laughs) That was a good joke.

Me: Lets see if our firework is better.

Mushu lit our fuse.

Me: Fire in the hole!

The firework went high into the air and when it exploded it put on a magnificent display of color, light, beauty and designs. It exploded at

3,000 feet up and it had a magnificent design of all the planets in the solar system and all the dead faces of all the villains we killed and threw in prison and our logo in the middle. When it faded everyone all over China that was watching the show applauded and it was awesome!

Chris: That was so awesome! The Angelic Doves win again!

We cheered for it.

Me: (To the Bats) You all did a great effort.

Mulan: That's right. And you did try your hardest for the honor of China.

Me: That's right.

We had an awesome Chinese Dinner and it was loaded with a lot of food. Not only that but we succeeded in breaking the record for the largest firework in the world and we got placed into the Guinness Book of World Records. But we saw that Justin was voted off.

Nico: Sorry, Justin. I didn't want you getting voted off. But we ran out of jerks to get rid off. It's nothing personal.

Justin: It's cool Nico. And I was the one that messed it up. I was more concerned about looking cool. I'm sorry man.

Nico: It's all right man.

They shook hands.

End of Part 5.

---

Part 5 is done. I wanted to do a special Chinese Chapter where we make an awesome firework. NicoChan11 gave me the ideas for this one. Thanks man as usual. Next up for Part 6 is London, England and for that one we're going after the ruthless Jack The Ripper!

See you all next time.

# Victorian Era Spector

On the plane we were having a nice talk and a nice afternoon snack. Suddenly a massive blinding light illuminated the skies and I was knocked out.

Xerneas: J.D.!? What's wrong!?

In my subconscious I was in a massive sea of fire!

Me: What the!? Why is everything all on fire!?

?: Because I merged with you.

I saw a figure come out of the flames and it was a blonde man with rainbow eyes and fire sclera and red, orange and yellow angel wings and a black version of Gohan's clothes and a sword on his left hip and a Letter E symbol was emblazoned in the middle of his forehead.

Me: Wow! Your power is unbelievably strong! Who are you?

J.D. 2: Isn't it obvious? I'm you. But I'm from another universe.

I was floored!

Me: How can you be me!? I don't even look like you!

J.D. 2: Let me explain. I'm actually the supreme leader and commander of the most powerful Elite Fighting Force that the Entire Universe has ever witnessed. We are called the Ebonwu Squadron.

Me: The Ebonwu Squadron?

J.D. 2: That's right and I am their leader. You see, my race has been around way before the entire universe was even created. My race started out 220 trillion years ago.

I was floored.

Me: 220 trillion years!? That's incredible!

J.D. 2: It is. My ancestry is a long line that stretches back to that time. The founder of my family is Semyon Knudson the Great. We are said to have been born out of a tremendously intense fire that burns with the fury of a trillion suns and Semyon was the first member and leader of our family. As our family grew we formed a powerful friendship with another family that was equal in power to us: The Ice Union.

Me: So the families of Fire and Ice.

J.D. 2: That's right. We became friends with the Ice Union and we were a prosperous and loving group. But then something happened that caused the Ice Union to turn against us. This lead to the start of the most horrific war ever known to both our families. The Ebonwu Squadron-Ice Union War. This war lasted for 199 trillion years and as it raged on, it was a stalemate every time.

Me: This war was that terrible!? That's awful!

J.D. 2: It was. Both sides were even in everything. But my father Eon Knudson turned the tide of the war in our favor by using his most powerful move. He used a power called the Seven Elemental Spirit Snakes. These spirit snakes are made of the elements of Darkness, Light, Water, Earth, Air, Fire and Lightning. This was a decisive factor in the war and for the Ebonwu Squadron. We ended up winning the war. My father married my mother, the Princess of The Ice Union Camille. My parents gave birth to me and my sister Neri. Then the Big Bang created the universe we know today. It took a long time for me to recover and I resurrected the Ebonwu Squadron on Planet Earth. We have done all kinds of magnificent adventures all over the entirety of the universe and we have been to so many planets that it defies all logic.

Me: That's incredible! I never knew you had done just as many deeds all over the universe like we have.

J.D. 2: You sure did. When I came into your mind I saw all your memories. You have done so much for planet Earth and many people all over the universe and I'm very proud of you.

Me: I don't like to brag. But it's true.

J.D. 2: But the reason I came here is because I want to merge with you and help you on all your journeys. You have also had to endure many hardships on your travels over the course of 150,000 years.

Me: I sure have. I want to help everyone all over the universe. We're also having numerous…

J.D. 2: Yes. I know. You have your hands full with Xehanort's Dark Orbs and how they are scattered all over the universe.

Me: That's right. He may be dead but his evil still lives on.

J.D. 2: I know. It's absolutely horrible what he was going to do. Remember that I will always be with you J.D. in your heart and in your memories.

He turned into a spirit and merged with me. I got a massive power increase unlike anything I had ever experienced and then I had the Ebonwu Squadron Symbol emblazoned on my forehead in the middle of the phoenix sun symbol.

In the real world I had a headache as big as the entire solar system.

Me: Wow! (Groans) Oh man!

Xerneas: Are you all right J.D.?

Me: All right? I feel better than ever. And I have so much to tell you and I had an amazing experience happen to me.

I revealed everything that happened and everyone was absolutely shocked!

Lincoln: J.D. That is amazing!

Lynn: That is incredible! I can't believe that there was another version of you that has been around since before the universe even began.

Lisa: While I do find that to be a huge scientific impossibility it doesn't surprise me that this was all possible.

Lori: That is literally amazing. I had no idea that there was a far more powerful version of you in another universe.

Me: I was shocked myself.

Lucy: I had no idea myself either.

Chris: Okay guys. We're now landing in London, England. Our next challenge will be starting in 5 hours so feel free to take this time to do what you like before then.

Me: Okay. Lincoln, Nico, lets make a pit stop before we start.

Nico: Okay.

Lincoln: Where are we going?

Me: You'll see.

I whistled and then my Rapidash arrived.

Nico: Wow! Your Rapidash got here in 5 seconds!

Me: I had Rapidash ever since I was a little boy. I had it when it started as a Ponyta. We went through so much together.

Nico: That's amazing J.D.

Lincoln: It sure is.

Lincoln called his Rapidash and we rode and flew into the British Countryside. We were in the Cheshire countryside and it was so beautiful.

Me: Wow! The Cheshire countryside. It's so beautiful.

Lincoln: It sure is.

Nico: I would call this a perfect rest stop.

Me: Me too. Let me show you why we're here.

We rode and flew up to a house and we saw a young man with purple hair in a cronmage working in the yard and there were a lot of Pokemon.

Me: Wow look at all the Pokemon.

?: Oh hello there.

Me: Hello. Sorry to arrive like this.

Reggie: No worries. I'm Reggie.

Me: It's a pleasure to meet you Reggie. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Lincoln: I'm Lincoln Loud.

Nico: And I'm Nicolas Chan.

Reggie: Oh wow! It's such an honor to meet you all.

Me: You too Reggie. You sure have a lot of pokemon. Are they all yours?

Reggie: No they are all my little brother Paul's Pokemon.

When we heard about Paul being Reggie's Little Brother we were shocked.

Me: (Gasp) You're Paul's Older Brother!?

Nico: Oh my gosh! We had no idea.

Lincoln: Me neither.

Me: Reggie. I'm afraid we have some bad news about Paul.

Reggie: Lets go inside and you can tell me.

Me: Okay.

We did so.

Me: I'm afraid it's not gonna be easy for us to say this.

Reggie: Let me guess. Paul is dead.

Me: Yes. He is. He was murdered by Dr. Octopus and his Sinister Six group.

Nico: I'm sorry Reggie.

Reggie was shocked. But he accepted it.

Reggie: It's funny. I told Paul that his attitude would be the death of him one day. And he eventually did meet his end at the hands of Ock's Sinister Six group. I'm just glad his Pokemon are still ok.

Me: Yes. They are in good hands. Paul treated everyone like dirt and he didn't care about anyone but himself. But that's not the worst of it.

Reggie: What do you mean?

We told him what Paul did and Reggie was floored!

Reggie: So my brother hired the Sinister Six to kill you all?!

Lincoln: Let me explain the fates of the members that he hired. Sandman and Kraven are in the Redemption Squad. Electro, Vulture, and Mysterio are in jail. And Hydro Man's dead.

Me: Sandman's daughter Penny was dying and I sacrificed my heart to help her get a second chance at life.

Reggie: That is an amazingly selfless deed J.D.

Me: It was. And because of my immortality and invincibility my organs can regenerate.

Reggie: That's amazing! But what Paul did to you all was extremely low. I can't believe that he would sink so low.

Me: Kraven said that he had no honor and he got what he deserved. I'm sorry about your brother. If there is anything we can do to make it up to you…

Reggie: Is it ok if I tag along with you guys?

Me: If that is what you want then we won't stop you.

We went back to London and it was time for our challenge. Along the way Nico caught a Wartortle.

* * *

We were on a London double decker bus.

Tyler: The last time we were here, we captured two of us posing as criminals.

Me: I saw that Tyler. That was a misunderstanding.

Tyler: Yeah.

Chris: London. Home to loads of wicked stuff: Big Ben, The London Eye, The sandwich stuffed with french fries known as the Chip Buddy.

Owen: Yes please!

Me: I love those sandwiches.

Luna: They sure are delicious dudes.

Me: You really love to eat don't you Owen?

Owen: I sure do J.D.

Chris: London is also home to Scotland Yard, the worlds biggest crime-busting outfit. But there was one case even Scotland Yard couldn't crack: JACK THE RIPPER!

We gasped!

Chris: (Holds up a portrait of Jack the Ripper with evil red eyes) The Wacko Serial Killer who terrorized Victorian London.

Me: Oh man! I read a lot about Jack The Ripper. It is said that he killed 25 people and only 5 of them were confirmed. And you guys are gonna flip when you hear about this. On March 18th, 2019 Mitochondrial DNA forensic science finally identified who Jack the Ripper really was after 131 years.

Gwen: Who was he J.D.?

Me: His real name was Aaron Kosminski, a Polish Immigrant that worked as a barber here in London. He killed all those people because he was really insane. He was diagnosed with Paranoid Schizophrenia and it was because of those delusions that he killed all those people. He died 100 years ago this year in an insane asylum in 1919 from Gangrene. He was a total Homicidal Psychopath. He killed all those people without a single shred of mercy or remorse and he even wrote taunting letters to the police. He was regarded as an incredible madman and a genius. The guy was Pure Evil.

Everyone: Wow!

Lincoln: Wow! J.D. that is terrible that he did all that! And I thought Azula was screwed up when we fought her.

Me: Yeah you got that right Lincoln. He was one seriously screwed up guy. He is forever remembered as one of the most prolific and most notorious serial killers in all of London.

Lori: That man must've literally been a wacko.

Me: He was Lori and the most disappointing part is we were looking at him the entire time but never suspected it. The reason for this is because we didn't have 21st century Forensic Technology back 130 years ago. We were too technologically primitive back then.

Laney: I would rank him at Level 22 on the Scale of Evil. But because of his damaged mental state and deranged mind, I would rank him at level 13.

Courtney: That is absolutely horrible what he did. But how do you know all this Laney?

Laney: I'm a forensic psychologist in training. In my dreams I interviewed the most dangerous criminals ever to walk the earth and it was an awesome experience.

Gwen: I can't believe he was that mentally damaged.

Courtney: Me neither.

Chris: I know. Today, you'll be tracking that bad boy down. But be careful. Jack's also hunting you.

Me: So he wants to kill us. Bring it on Chris!

Maria: Oh great! Hell wasn't willing to accept Jack's spirit.

William: And we didn't bring Nicole with us.

Lincoln: If it's a fight he wants it's a fight he will get.

Gwen: We're with you Lincoln. Also I know tons about Jack The Ripper. I did a speech on him in Grade 6.

Courtney: Wow. That's useful.

Me: It sure is.

Gwen: The librarian said that my fascination was morbid and occasionally offensive. But J.D. how do you know all about Jack the Ripper?

Me: I did a history report on him for school before I moved to Michigan. It was the last report I did in Colorado.

Luna: That's neat dude.

Chris: Next stop, the Tower of London!

Me: One of the most powerful prisons in all of London. For 1,000 years it has stood here.

Courtney: Get this. My Grade 6 speech: The Tower of London.

Me: Wow Courtney that is truly coincidental.

Laney: I read all the Sherlock Holmes books and Sherlock Holmes had been trying to catch Jack the Ripper all the time and he failed.

Me: So not even the worlds greatest fictional detective could do it?

Laney: No he couldn't. Jack the Ripper was that crafty and cunning.

Me: What a monster!

---

We arrived at the Tower of London. It was an amazing building.

Lincoln: How are we gonna find him in this big building? He could be anywhere.

Me: I know how to find him.

I looked up at the sky and the Full Moon came out of the clouds and I turned into the werewolf hero J.D. The Nocturnal! I howled at the sky.

Me: **I can find anything when I'm J.D. The Nocturnal. My senses are enhanced beyond their parameters and I'll find him. I can even see in the dark.**

Lori: This is literally gonna be something.

We went into the Tower of London and I had my eyes, ears and nose on full alert. My vision saw everything in the darkness. My ears picked up footsteps.

Me: **I hear something.**

Lincoln: But I don't see anything.

I smelled a foul odor in the air.

Me: **I can smell the stench of death. He must've been brought back to life somehow.**

My dark orb detector gauntlet beeped. It showed a dark orb 50 meters ahead.

Me: **He's got a dark orb. It brought him back to life after 100 years.**

Nico: So he has a fragment of Xehanort's evil.

Lucy: He has come back to continue his killing spree.

Me: **Just what the universe needs. Another wacko serial killer terrorizing our planet.**

We continued on and my vision was looking out for him and I heard footsteps and I saw a figure looking out of a corner and I fired a blast of dark lightning at the corner and it exploded!

KABOOM!

Me: **It's him! Get him!**

We went at him and he got up and I slashed him in the face with my claws and revealed him. It was Aaron Kosminski AKA Jack The Ripper back from the dead and a dark orb was imbedded in his chest!

Me: **Aaron Kosminski A.K.A. Jack The Ripper.**

Jack: (British Accent) (Laughs Maniacally) You all will die!

Me: **You died before and now you will die again!**

Nico: Jack the Ripper, you have failed this city!

Me: **For 131 years he has.**

Jack: On the contrary it is you that has failed.

He unsheathed his sword and went at us and he knocked out D.J. and we engaged in a powerful sword fight. Sparks were flying everywhere.

Me: **WELCOME TO THE 21ST CENTURY!**

We clashed violently and fire was burning everywhere in the building.

Gwen: We need Nicole.

Courtney pulled out her cell phone.

On the island of Mauritius in the Indian Ocean, Nicole was doing some treasure hunting and she found a magnificent haul.

Nicole: The Museum is gonna love this!

Nicole's cell phone rang.

Nicole: (Answers) Hello?

Courtney: Nicole it's Courtney!

Nicole: Courtney what's up?

Courtney: We're facing Jack the Ripper in London, England!

Nicole: What!? But that's impossible! He died 100 years ago!

Courtney: He did but a Dark Orb brought him back to life and he's back to continue killing people!

Nicole: Guys, keep Jack busy. I'm on my way!

Nicole hung up and sealed the treasure she found in Mauritius into a storage scroll and flew to London.

We were fighting Jack the Ripper and he was proving to be quite a formidable adversary. But because my J.D. Knudson of The Ebonwu Squadron merging with me I have skills I never even dreamed of having. My powers and my skills were far more powerful than anything I had ever imagined.

Lucy: We have to use a combo on him Maria.

Maria: You got it Lucy.

Lucy fired a blast of dark lightning and Maria fired a blast of water.

Lucy and Maria: DARKSTORM TORRENT!

The blasts combined and turned into a black water maelstrom and it hit Jack and trenched him in water that burned like acid. Crimson and Ennui went at Jack and punched him in the face and kicked him in the stomach and punched him in the mouth with incredible power.

Gwen and Lucy fired blasts of black lightning at Jack and electrocuted him.

Then out of the blue a ball of dark energy hit Jack and exploded.

Gwen: Was that from you Lucy?

Lucy: No it wasn't Gwen.

We then saw a Murkrow.

Nico: Oh wow! It's a Murkrow.

Lucy: Wicked. I can get a pokemon like that. Lets work together and destroy Jack Murkrow.

It agreed. Lucy and Murkrow fired a blast of darkness at Jack and it hit him and exploded. A Gengar then appeared and so did a Mimikyu.

Nico: A Gengar and Mimikyu.

Lucy: Wicked. Lets work together Pokemon of Darkness.

They agreed to be with Lucy and it was a powerful partnership of darkness for Lucy.

Lucy: Lets get him with our final smashes.

Chris: I've always wanted to try this. I'll start! CHRIS IS REALLY, REALLY, REALLY, REALLY HOT LOGO SLAM!

Chris fired an energy disk and it was in the shape of the Chris is Really, Really, Really, Really Hot Logo from Total Drama World Tour and it slammed into Jack the Ripper and exploded. Blowing him to pieces.

Gwen: Now it's my turn. RAVENWING FEATHERSTORM SLASH!

Gwen spread her wings and fired a massive storm of numerous black feathers sharper than a thousand razor blades and they slashed all of Jack apart.

Courtney: Now it's my turn! FIRESTORM CALLIGRAPHY!

Courtney wrote the kanji for fire in a blast of fire and it burned Jack.

Lucy: Now it's my turn. STORM OF DARKFIRE!

Lucy fired an enormous blast of powerful black lightning and reduced all of Jack the Ripper to ashes and destroyed the dark orb.

We got a massive power boost because of it. Then Jack's spirit appeared and it went into D.J.'s body and he got up.

Gwen: D.J., are you alright?

Jack (in D.J.'s body): Sorry. But DJ's not here right now. Can I leave a message?

Me: **He possessed D.J.'s body!**

Nicole arrived.

Nicole: Oh no! He possessed D.J.! Hold him off guys and I'll exorcise him out of him!

Jack (in D.J.'s body): Go ahead and kill me! But you'll end up killing DJ as well!

Me: **We're not going to kill him. We're going to kill you.**

Dawn (TD): Lets hold him down with our final smash Lucy.

Lucy: You got it Dawn!

Lucy and Dawn: AURA CHAIN RESTRAINT!

Lucy and Dawn fired beams of Light and Darkness and they latched onto D.J.

Nicole: (Chants an Incantation) Exorcizamus te, omnis immunde spiritus, omni satanica potestas, omnis incursio infernalis adversarii, omnis legio, omnis congregatio et secta diabolica, in nomini et virtute Domini nostri Jesu Christi, eradicare et effugare a Dei Ecclesia, ab animabus ad imaginem Dei conditis ac pretioso divini Agni sanguini redemptis! AMEN!

The spirit of Jack the Ripper was expelled from D.J.'s body.

Gwen: Nicole, seal Jack's spirit before he possesses someone else!

Nicole: I'm on it! (Chants another incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

Jack The Ripper was sucked into the Book of Vile Darkness.

I went back to normal.

Me: That takes care of that.

We cheered wildly as the terror of Jack the Ripper had been silenced forever.

Chris: The Angelic Doves win!

D.J. woke up.

Me: Are you all right D.J.?

D.J.: I think so. (Groans) My aching head! What happened?

Me: You were possessed by the evil spirit of Jack the Ripper and we got him out of you. Are you all right?

D.J.: Yeah. I'm fine now. But I'm glad it's all over. Thank you so much guys.

Me: No sweat D.J.

Reggie: You guys were awesome!

Me: Thanks Reggie.

We went back to the plane and Lucy had a Murkrow, a Gengar and a Mimikyu as part of her Pokemon friends. Unfortunately we found out that D.J. was voted off because he was possessed by Jack the Ripper.

Nico: Sorry, DJ. But because you got possessed, Chris thinks it would be best for you to sit out the rest of the season. I hope you can understand.

D.J.: I understand Nico. Thanks for helping me out man.

Nico: Anytime dude.

Lynn: (To the Viewers) We sure rocked it but evil spirits better watch out!

End of Part 6.

---

Everything I said about Jack the Ripper is all true. Also I am now merged with my self insert OC from all the books I wrote at home. It's an awesome series. NicoChan11 gave me the ideas for this one. Thanks man as usual. Part 7 is in Colombia in South America and we're going on a Quicksand Rescue spree. Let me know what you all think.

See you all next time.

# Jungle Rescue Extravaganza

The plane with us was flying over the Atlantic Ocean and we crossed into eastern South America. I was talking to Ash and he was looking down.

Serena: What's wrong Ash?

Ash: I haven't talked with my mom in a while ever since we came here to Earth.

Me: You miss her huh Ash?

Ash: I sure do.

Me: After we get home and finish settling down we'll go to Pallet Town and see her. She must be worried about you.

Ash: Sounds like a plan J.D.

Chris: I honestly didn't think I was able to do a Final Smash.

Lily: That shows that unlike Mr. Krabs, meeting us has made you a better person. Mr. Krabs never did a Final Smash with us before getting arrested.

Lana: Is this your first time doing a Final Smash Chris?

Chris: It sure was and it was awesome!

Laney: I'm glad you had fun doing one.

Maria (to Chef): I actually had a run in with the mascot of the Nuclear Bears before.

Chef: Really?

Maria: Long story short, I now know what to do in order to not attract them.

Chris: Shut up! You met El Gordo? The Mascot of The Nuclear Bears?

Maria: Is that his name?

Me: We saw him Chris and he was the mascot of the Nuclear Bears from last season.

Lincoln: He was huge and ugly.

Maria: I got mauled by him badly and I had to spend a lot of time in the infirmary.

Lori: It was literally not a pleasant time for her.

Then there was a knock at the door of the plane?

Me: What the? Is someone knocking on the door of the plane?

Chris: How can anyone knock on the door of a plane when we're 30,000 feet up?

Me: Lets find out.

I go over and create an air lock bubble to prevent the air from escaping and the suction of the air from sucking everyone out.

Me: Okay here goes.

I open the door and in came a blonde hair boy with glasses in an engineering uniform and with him was a little girl with blonde hair, a brown shirt a puffy skirt, black shorts and pink shoes and with her was a Dedenne in her purse and the boy had a jetpack on.

Me: Wow!

?: That was a wild and tough journey!

Me: That's an amazing Jetpack.

Clemont: Oh thank you. My name is Clemont.

Bonnie: And I'm Bonnie and this is Dedenne.

Me: It's a pleasure. One sec.

I closed the door to the plane and got rid of the air lock bubble.

Me: Okay sorry about that. I'm J.D. Knudson, leader of Team Loud Phoenix Storm.

Clemont: Oh wow! It's such an honor!

Bonnie: We heard so much about you and how you destroyed all of Team Rocket!

Me: Well Jessie, James and Meowth were canned before we set out to destroy them.

We went to the sofa and everyone introduced themselves.

Nico: It's so cool to meet you guys.

Me: By any chance do you two know Ash Ketchum?

Clemont: We sure do! We went on his journey with him and he is an awesome friend.

Bonnie: It's so amazing what he and Pikachu have done.

Me: I know.

Bonnie then looked at Lori and she went up to her.

Bonnie: Lori you are a keeper!

Lori: What are you talking about?

Bonnie knelt onto one knee.

Bonnie: I mean, please take care of my brother?

Lori: I'm literally flattered you would like that but I'm spoken for already.

Clemont's backpack had a robot arm extend out from it and it grabbed Bonnie by the back of her shirt.

Clemont: Bonnie stop! I told you not to do that again. It's so embarrassing.

We laughed.

Me: (Laughs) That is so funny! I'm getting a sense of deja vu.

Nico: Me too J.D.

Me: But at least it's not like how Brock does it. I take it Bonnie does this all the time?

Clemont: You have no idea J.D.

Me: I think it's cute how she wants to help you Clemont.

Xerneas: I think so too.

Leni: That is totes adorbes how she wants to help.

Lincoln: Clemont I know just what you're going through. My sisters always had this nasty habit of meddling in trying to help me out and it's suffocating.

Me: Lincoln has 11 sisters biologically and it was a constant struggle for him being the only boy with 11 sisters.

Luan: Yeah it's always a constant challenge for him being our only brother.

Luna: That's right dude.

Lynn: Lincoln is the best brother we ever have and we care for him a lot.

Lori: He is literally an amazing brother.

Lucy: We're always there for him and he's always there for us.

Laney: He is a great brother and teacher.

Lana: And he loves us.

Lola: You got that right.

Lisa: Indeed.

Lily: We love Linky no matter what.

Chris and Chef got really choked up

I called home on the holoscreen.

Ash: Hey J.D.

Me: Hey Ash. We have a surprise here on the plane. You and Serena know these two faces?

Clemont and Bonnie came.

Clemont: Hey Ash.

Bonnie: Long time no see.

Ash: Clemont!

Serena: Bonnie and Dedenne!

Clemont: It's great to see you again.

Ash: You too Clemont.

Pikachu: Pika!

We told Clemont and Bonnie about our adventures.

Clemont: Wow! So you all have been through so many adventures in Team Loud Phoenix Storm?

Me: We sure have. We don't like to brag but it's what we have to do to ensure the safety, future and survival of the human race and everyone all over the universe. We've had a major dramatic impact on everyone all over the galaxy and on people all over the universe.

Bonnie: That is so amazing!

Clemont: And I heard you all have some amazing Pokemon.

Me: We sure have and we have only begun to scratch the surface of how many pokemon there are all over the world. With 800+ species of Pokemon and the number continuing to rise, you never know what's out there.

Bonnie: That's true.

Chris: Okay guys! We're gonna be landing in the jungles of Colombia for our next challenge and you're in for quite a good one.

Me: I can't wait.

Bonnie: What does Chris mean by that?

Me: Oh that's right. We're on this really awesome show called Total Drama and it's a very popular show up in Canada and we have to compete in all these crazy death-defying challenges that are dangerous enough to get somebody seriously hurt or killed. And we are part of a team called the Angelic Doves. We're competing for the biggest prize money in the history of the world: $10,000,000,000,000,000,000,000,000,000,000,000. That's 10 with 33 zeroes.

Bonnie: That's a huge number!

Clemont: That's an enormous amount of money!

Lori: We were literally shocked when we heard about the prize money they were going for.

Clemont: But aren't you all already rich?

Me: Yes we are. But we're didn't come onto this show to be famous. We're only in it for the fun.

Lincoln: That's right. We just love the fun and the adventure.

Naruto: It's true guys.

Me: Me and Naruto were on the show last time and we only went for a small fraction of the prize money we're going for: $1,000,000.00 in Canadian money which is $800,000.00 in America.

Bonnie: Did you both win?

Me: We sure did. We dominated the whole competition.

Nico: And they put a lot of sore losers in their places.

Chris: That's right and it's amazing at what they can do.

We landed in the jungles of Colombia and it was a beautiful rainforest loaded with amazing plants and animals of South America.

Me: Colombia, South America.

Lincoln: We were here on our Global Vacation and we stopped a madman's plot to poison the world with a deadly plague that was made centuries ago by his ancestors and he was going to cause Total Biological Annihilation.

Nico: That is completely insane!

Me: Jessie said that the tribe he brought the plague back to life from was called the Malenque. They were a tribe from the Aztec's that were wiped out from the very plague they made and it killed all of them. The antidote for the plague came too late and now the only two present day remaining descendants of the Malenque Tribe are in our space prisons forever for Attempted Genocide and Biological Warfare which is a major league violation of the United Nations Biological Weapons ban.

Lincoln: It was awful what he was trying to do.

Nico: Malenque Tribe you have failed this world.

Me: They died out centuries ago. So it's too late to say that.

Nico: True.

Sam (to Mixmaster): It's hard to believe that you and the entire

Decepticon army now have Nico as your new leader.

Mixmaster: Well, we do owe him for helping us see the error of our ways. Of course, we had to have some sense beaten into us first. And I mean that literally.

Nico: It's true Sam. I am now the leader of the Decepticons and I am leading them on the right path.

Sam: Hey that is awesome man!

Dakota: It sure is Sam-bear.

Then we heard something.

Me: What's that sound?

Nico: I know that sound. It's Diglett.

Me: The mole Pokemon. Neat.

We saw a bunch of Diglett poke their heads out of the ground.

Me: Oh wow.

Lisa: Very interesting Pokemon.

Bonnie: It's so cute!

Me: Ash told me that he, Misty and Brock encountered a bunch of Diglett and Dugtrio and they were foiling a bunch of construction workers from building a dam that would destroy their home. The Pokemon didn't come out of their Pokeballs because they knew that they were an important part of the area. I heard that they are the gardeners of the pokemon world.

Then a bunch of Diglett popped out.

Me: There's a lot of them.

Lisa: Perhaps I can catch one. Here goes.

Lisa threw a pokeball and caught one.

Me: You did it Lisa!

Lisa: It was so invigorating.

Bonnie: Let me catch one.

I give her a Pokeball.

Me: Go for it Bonnie.

Bonnie threw the Pokeball and caught one.

Me: Way to go Bonnie!

Chris: She's off to a great start. Now here's the challenge. It's called Quicksand Rescue Spree.

Me: Now you're speaking my language Chris!

Chris: I had a feeling you would like this one J.D.

Me: One of my fiancé's Celica was rescued by me from Quicksand.

Laney: We rescued a lot of people from Quicksand.

Me: We sure did.

Chris went over the rules of the challenge.

We got started. Then my device went off.

Computer: Alert. Code Dimension Jump in progress.

Me: We haven't had one of those in a while.

We saw a Dimensional Vortex appear over the jungle and it was a tornadic wormhole.

Me: Lets see here.

I analyzed where the vortex was coming from and it showed a rather unusual sight. The vortex started in California and it lead to Colombia.

Me: This is unusual. The vortex starts out in Beverly Hills, California and goes to our position. Lets go!

We ran into the jungle and we saw the dimensional vortex disappear and 3 figures fell from it.

Shockwave: Three of the quicksand hostages came from a dimensional vortex.

Me: Lets hurry.

We ran fast.

In a clearing were three girls dressed in body suits. One girl was a red haired girl wearing a green body suit, the second girl was a blonde hair girl with a red body suit and the third girl was a black hair girl with a yellow body suit. It was Sam, Clover and Alex of W.O.O.H.P. A powerful spy organization that uses cutting edge technology to stop bad criminals from trying to take over the world and doing what they want.

They were waist deep in quicksand.

Clover: You know, some teenage girls like to go to the mall.

Alex: Too bad we're stuck out here drowning in quicksand!

Sam (sheepishly): Sorry, guys. But hey, if it makes you guys feel any better, I don't think we'll get to our fun time at the mall today. Since I don't know how we're getting back home.

We arrived.

Me: (Gasp) Hang on girls!

Sam: Hurry! Get us out of here!

Lincoln was in a state of fear. The nightmare he had came back to haunt him. But Lincoln summoned up all his courage and he was ready.

Lincoln: Hang on girls!

Lincoln spread his wings.

Lincoln: (Echoing) Shadow Clone Jutsu!

Two more Lincoln's appeared and they flew out.

3 Lincolns: Grab our hands!

Sam, Clover and Alex did so and they pulled them out and flew back to us.

Me: Way to go buddy!

Laney: That was well done bro!

They landed by us.

Me: Are you three okay?

Sam: We are thanks to you.

Me: Sorry I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Sam: Oh wow! It's an honor! I'm Sam.

Clover: I'm Clover.

Alex: And I'm Alex.

We introduced ourselves.

Sam: It's an honor to meet you all.

Lincoln: Same here.

Alex: Lincoln thank you so much for saving us.

They kissed him and he was blushing.

Lincoln: (Blushes and chuckles) You're welcome.

Me: I like your suits. Those are cool.

Clover: Thanks J.D.

Sam: We are agents from W.O.O.H.P.

Me: The **W** orld **O** rganization **O** f **H** uman **P** rotection?

Sam: That's them.

Me: Oh wow!

Lincoln: What is WOOHP?

Me: It's a powerful spy organization that uses cutting edge technology to prevent evil criminals from taking over the planet.

Lincoln: Wow! That is so cool!

Sam: It sure is. What was that vortex we went through?

Me: That was a transdimensional vortex. You were actually taken from California to here in Colombia.

Clover: We're all the way over in South America?

Alex: That is so unusual.

Sam: Maybe you can take us back to California.

Me: We would be more than happy to Sam.

Wheeljack: Guys, remember when Shockwave said three of the hostages came from a dimensional vortex?

Nico: Of course. Why?

Wheeljack: Well, another dimensional vortex opened up just now!

We saw another vortex appear.

Me: Lets go.

We ran through the jungle and saw the vortex disappear and 6 figures fell from it and the vortex disappeared.

Clover (to Shrapnel): Aren't you that Decepticon who thought he was Waspinator?

Shrapnel fell down stupidly.

Shrapnel: Don't remind me of that!

Then something hit me on my head.

CLUNK!

Me: Ow!

I saw that it was an unusual fruit.

Me: What the?

I picked it up and it was an orange fruit that looked like it was made of pure fire.

Me: I've never seen a fruit like this.

Nico recognized it.

Nico: J.D. that fruit is a Devil Fruit!

Me: Devil Fruit? You mean like the ones from that awesome swashbuckling anime show One Piece?

Nico: That's the very one. That fruit you have is the Fire Logia fruit and it can give the person that eats it amazing fire powers.

Me: Wow! I saw that and it was so cool!

Lori: And look at this one. It looks like a giant chili pepper.

Nico: That's the Magma Devil fruit. It gives the person that eats it incredible powers over magma.

Lori: That is literally so cool!

I ate the Fire Devil fruit and it tasted awful but I ate the whole thing.

Lori ate the magma fruit and it tasted like rocks. But she ate the whole thing and then we suddenly underwent a massive change. We got powers for Magma and Fire and they were incredibly strong!

Me: Wow! What happened to me! I feel unbelievably powerful!

Lori: Me too.

Lori held out her hand and it turned into superheated magma. The temperature from it was over 25,000 degrees Fahrenheit! We felt the intense heat from it and it was extremely hot!

Me: Wow! That is deadly hot!

Lincoln: Lori that is so awesome!

Laney: It sure is but wow! That is really hot!

Lana: No kidding!

Me: Let me see here.

I held out my hand and I had a powerful and intense flame form from it and it was incredibly powerful!

Me: Wow! My fire powers have intensified dramatically!

Lana: Wow! J.D. you are like a living inferno now!

Lola: This is so awesome!

Lily: It sure is.

Me: Lets find out what we can do later. Come on!

We ran through the jungle.

In a grove was 6 girls. 2 girls. A Harpy and 3 mermaids. Suddenly they started sinking. It was Nami, Nico Robin, Monet, Luca, Mero and Seira.

Nami: Luffy, this better not be another one of your pranks!

But Luffy wasn't with them.

Monet: Luffy isn't here Nami.

Luca: Why are we getting a sinking feeling?

Mero: We're sinking in Quicksand!

Nami: It's true!

Monet: Somebody help us!

Luca: Help!

We arrived.

Me: Hang on girls!

I flew over to Nami.

Me: Grab my hand!

Nami did so and I pulled her out.

Lori flew over to Nico Robin and took her hand and pulled her out.

Xerneas sprouted wings of pure blue aurora light and she flew over to Monet and she pulled her out.

Gwen, Sammy and May grabbed Luca, Mero and Seira's hands.

May: Wow! You three are mermaids.

Luca: That's right.

Sammy: That's amazing!

They pulled them out and I made floating balls of water for them.

Mero: Thank you so much.

Me: You're welcome. We should introduce ourselves. I'm J.D. Knudson, Leader of Team Loud Phoenix Storm.

Monet: Oh wow! We heard so much about you.

Luca: You are widely known all over.

We introduced ourselves.

Seira: Where are we though?

Luca: Yeah and the oceans are all plants.

Me: You're actually on planet Earth.

I form a holographic orb and it showed the Planet Earth.

Me: You've been sucked in through a transdimensional vortex that took you from your world to ours.

Robin: So we can't get back home?

Nico: I'm afraid so Robin.

Lincoln: Finding out which dimension you're from is like trying to find a needle in a haystack as big as the entire universe.

They were shocked. They came to face the reality that they might never get back home.

Me: But all is not lost. We're gonna do everything in our power to try and get you all back home.

Luca: You would do that for us?

Me: We sure would.

Lori: We have to at least try.

Wheeljack: We have another vortex coming guys!

We saw another vortex appear and we went to where it was. Once it vanished out came two kids. One was a goth girl named Shereena and the other was a boy named Gug.

Shareena: Where are we?

Gug: I don't know.

Then they started sinking.

Shareena: (Screams) We're sinking in Quicksand!

Gug: We got to do something!

Shareena saw a vine but it was too far away.

Gug: On the bright side, we're not in detention right now.

Shareena: Nice to die thinking happy thoughts.

Me: (Offscreen) No one is dying on our watch.

We arrived and saw them.

Robin: I got this.

She held her hands in a position and 6 hands grew out of the ground.

We gasped in amazement.

The extra hands grabbed Shareena and Gug and pulled them out and brought them over to us.

Me: Whoa! Robin how did you do that?

Robin: I have the powers of the Bloom Devil Fruit.

Me: That is so amazing.

Laney: It sure was. Now you can have numerous hands to multitask.

Robin: That's right Laney.

Nico: I was amazed myself.

We were introduced to Shareena and Gug and they came with us as another transdimensional vortex appeared and we followed it.

In another clearing was a blond hair girl with pink and white stripe clothes and she was waist deep in quicksand. It was Sabrina the Teenage Witch.

Sabrina: Ok. After I get out of this somehow, I need to find out where I am.

Tyler arrived.

Tyler: I'll save you.

He climbed up a tree and grabbed a vine.

We arrived.

Tyler swung on the vine and missed Sabrina and we saw him crash into another tree head on.

CRASH!

Everyone: SSS! OOOHHH!

Me: Ooh! That's gonna leave a mark!

Lincoln: He's no George of The Jungle but that really hurt.

Lana: No kidding.

I look at Sabrina and recognize her.

Me: Oh wow it's Sabrina the Teenage Witch!

Lucy: She's a witch? Wicked. I got this.

Lucy spread her wings of darkness and flew over to her and pulled her out.

Me: Are you all right Sabrina?

Sabrina: I am. Where am I?

Me: You've been taken from your dimension to ours by a transdimensional wormhole. I'm J.D. Knudson, leader of Team Loud

Phoenix Storm.

Sabrina: Oh wow! It's such an honor.

We introduced ourselves and explained everything.

Sabrina: So I'm stuck here?

Me: Yeah but we'll do everything we can to help you out.

Sabrina: Thanks guys.

Me: No problem.

We went back to the plane and we won the challenge. Tyler however was voted off.

Nico: Sorry, Tyler. But Chris said you getting voted off will help in your injuries healing.

Tyler: Don't sweat it. At least I lasted longer this time.

Nico: You sure did. You're improving. Maybe you can try again next time.

Tyler: Thanks man.

They shook hands.

Shockwave: Well, only the final challenge is left. And then, J.D. and the others will have that prize money.

Wheeljack: Yep. So why do I get the feeling that something bad's about to happen?

Elsewhere, we see the Drama Machine. All of sudden, banging was heard from the inside before a fist broke its way out.

?: CHRIS MCLEAN!

Part 7 is done. I wanted to have us do a Quicksand Rescue extravaganza and save a lot of people in the process. NicoChan11 gave me the ideas for this one. Thanks man as usual. The final part is next and it will be back on the island where Total Drama Started: Camp Wawanakwa in Canada.

See you all next time.

# The Battle of Pride

The plane was flying back to Canada for the final challenge of Total Drama All Stars World Tour.

We landed and Chris lead us to the site of the challenge.

Chris: Now it's time for the final challenge. We're back at the Moats of Doom!

THUNDER AND LIGHTNING CRASH!

Me: Sweet!

Naruto: Just like last time right bro?

Me: You said it bro.

We high five.

Back home, everyone was watching and they were cheering us on.

Carmen: C'MON, MARIA! KICK SOME BUTT!

Katie Rockell: YOU CAN DO IT, SWEETIE!

Varie: Go get em guys!

---

But at the same time the stranger from last time appeared on the plane and he faced Wheeljack and Shockwave. It was ALEJANDRO and he was back for revenge!

Wheeljack: I know you! You're Alejandro from World Tour.

Alejandro: That's right. Now, before I look into your computer on what I missed, you're gonna tell me where Chris and those other idiots are!

Shockwave: Don't count on it!

Alejandro later found out we were back on Camp Wawanakwa in Canada.

---

Chris (to us): Guys, just want to thank you for making this the most spectacular season ever!

Me: You're welcome Chris. But this was so much fun! We had a lot of fun here like always.

Chris went over the rules of the challenge and we were gonna face Chef as a mad king to prevent us from rescuing Dakota as a fair princess being held prisoner by him.

We got the challenge started.

Wheeljack (contacts us): Guys, it's Alejandro! He's coming for you!

Me: What!? Alejandro is here!?

Wheeljack: He is and he wants revenge!

Me: We'll be ready for him.

We climbed up to the top of the tower and we were on the top and we saw ALEJANDRO and he was so badly scarred and horribly disfigured because of burns.

Me: Alejandro! You're alive!

Alejandro: Of course I'm alive! I was locked inside a robot for 4 years!

Bridgette: He was locked in the drama bot for that long!?

Bonnie: That is awful.

Duncan: What happened to you man? You look like you got burned by a flamethrower.

Alejandro: I was burned in World Tour! Remember?

Lincoln: I remember that! I would call that a cruel twist of fate.

Lori: Me too.

Laney: He sure got burned.

Me: No kidding. What's this all about?

Alejandro: Revenge!

Me: Revenge? For what?

Alejandro: Heather was supposed to be mine to kill! But since she's dead because of you all, you're going to die in her place!

Me: Heather got what was coming to her because she was a psychotic sociopathic freak!

Alejandro: Don't you dare talk about her that way! She was the most beautiful girl I ever met! And you took her away from me!

Me: Don't try to pin that on me Alejandro. Heather was the one that came to us looking for a fight. That's why we cursed her and took her life. She deserved it and her parents are now better off without her.

Alejandro: You ruined everything for me and now I will have my revenge!

Me: Bring it on you jerk!

My dark orb detector picked up something.

Alejandro: I have to thank you fools for one thing. And that's taking out Megatron. Otherwise, I wouldn't have met my new partner in crime.

Nico: Partner in crime?

Alejandro: I think you've already met him.

And that's when a Heartless appeared. It was the same size of an average Cybertronian. It had a body similar to Skywarp and Thundercracker. It had a sword in its right hand and a blaster in the left hand. But what Skywarp and Thundercracker recognized was the familiar red, white, and blue color scheme.

Skywarp (optics widen): Starscream?

Thundercracker: Dear Primus. What happened to you?

Nico: Guys, that thing's not Starscream. Not anymore.

Me: That's a Heartless that looks like Starscream.

Then suddenly the Unholy Switcher grabbed Nico. And then Alejandro and Unholy Switcher were mercilessly beating up Nico and May was watching on in horror.

Unholy Switcher (helps Alejandro beat Nico up): Once I kill you, I'll finally be leader of the Decepticons like I truly deserve!

May: (In her head) I can't believe how evil this guy is! Now he's hurting the very person I love the most and he has done so much for me! I've been just standing by and watching helplessly as others on my journey did their battles for me! I can't do that anymore! I have to do something!

Then something snapped inside May.

May (angry): LEAVE MY BOYFRIEND ALONE!

Then she screamed in so much ballistic fury that it was unbelievable and in a massive explosion of a blue aura, she was releasing the full extent of her power.

May: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHH!

KRABOOM!

May: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHH!

Her power was rising at a phenomenal rate and her power was causing the ground to shake violently and rocks were lifting off the ground.

Me: Holy mackerel! It's unreal!

Lincoln: What's happening to May!?

Lynn: Unbelievable! Her power is rising at an incredible rate!

Lori: It's literally unreal!

Nico was still getting beaten up!

(Gohan's Anger Theme plays)

May had lightning covered in blue ice fire crackling around her in her blue aura.

May: Stop it!

Alejandro: Huh?

May: THAT'S ENOUGH!

But the assault on Nico continued!

May: YOU STOP THIS RIGHT NOW!

May's power continued to rise at an astronomical rate and her hair turned neon blue and she unleashed the full extent of her power in an unbelievable roar of indescribable fury and rage. The ground was shaking with such incredible power and everyone at the estate could feel it. When the dust around the tower cleared May was forever changed. She was now a SUPER ANGEL 2! Her power was unbelievably strong. It was as powerful as my Super Angel 10,000 form.

May: You hurt my boyfriend! And I will never forgive you for everything you have done!

Me: Oh wow! May you look amazing!

May: I have a monster to destroy now J.D. No one hurts my boyfriend and lives to tell about it!

May flew at the Unholy Switcher and plowed into it with devastating force and she blew him to pieces.

I went over to Nico and he was so badly mangled up.

Me: Nico hang on man.

I reached into my pocket and pulled out a Senzu bean from my bag and gave it to him. He ate it and he was all better.

Me: Are you all right man?

Nico: Yeah. Thanks for that.

Me: No problem. But look at May.

Nico saw May in her new Transformation and he was in awe.

Nico: Unbelievable! What happened to her?

Me: She transformed. Seeing you get mercilessly beaten up really set her off.

Nico: Unreal. Her power is incredible.

Scrapper: Constructicons, merge into Devestator! It's time to finish Starscream's threat once and for all!

The Constructicons merged and became the Constructicon Devastator!

Nico: Now it's personal!

Nico went Super Saiyan 4.

Me: Alejandro you will pay for everything you have done!

Nico: Alejandro, you have failed this Total Drama Season!

Me: More like he has failed ALL of them!

I go Super Angel 10,000 and Bumblebee (Transformers) arrived.

May fired a blast of ice fire and her ice gun and they froze his sword and Nico fired a Null Laser blast and immobilized the Unholy Shifter.

The Constructicon Devastator smashed the Heartless into dust and their was nothing left of it.

Me: Now it's your turn Alejandro.

Bumblebee (Transformers): Lets get him Maria! Combo time!

Maria: You got it Bumblebee!

Maria fired a powerful blast of water and Bumblebee turned into a Camaro.

Maria and Bumblebee (Transformers): MAELSTROM HORNETSWARM STING!

The water merged with Bumblebee and turned him into a powerful swarm of bloodthirsty hornets made of pure water and they went at Alejandro and stung him all over the place.

Shrapnel: It's our turn William.

William: You got it Shrapnel.

William and Shrapnel fired a powerful blast of lightning.

Shrapnel and William: LIGHTNING SHOCKFORCE RAY!

The blasts of lightning combined and they hit Alejandro and electrocuted him badly.

Me: Now it's Final Smash Time!

Lightning: Lightning will start things off! SHA-BLAM! TOXIC RATS DISKBLADE!

Lightning formed a disk in the shape of the logo for the Toxic Rats from the fourth season of Total Drama. The logo was a green circle with a rat with four arms in the middle. Chef: We found out from the Phobia Factor Challenge that Geoff is afraid of Hail.

Me: We saw that and I don't blame him. Getting hit with hail hurts. It's like getting hit with rocks from 10,000 feet.

Chef: That would hurt!

Bridgette: My turn! TEAM VICTORY DISKMELT!

Bridgette formed a disk in the shape of the logo for Team Victory from the third season. The logo was a gold circle with a trophy in the middle. Bridgette threw it and it sprayed gold dust all over Alejandro.

Me: Wow! I didn't know he was allergic to gold.

Chef: We found out in his background information.

Sammy formed a disk in the shape of the logo for Team Pimâpotew Kinosewak from the 6th season. The name means Floating Salmon. It was a green disk with a salmon floating off the ground in the middle. Sammy threw the disk and it blasted him with fire and burned him.

Courtney, Gwen, Izzy, Leshawna, Sierra, Cody, Harold, Cameron, Dawn, Mike, Duncan, Sky, Jasmine, Me, Owen, Nico and Sam: TOTAL DRAMA DISK ONSLAUGHT!

We threw the disks and they hit Alejandro all over the place with ferocious and indescribable fury. He was badly beaten up and knocked out. And the dark orb was destroyed.

Chris: THAT WAS AWESOME!

Harold: It sure was. I've never done a final smash before.

Me: It's a first time for everything Harold.

Chris: Your teamwork is so awesome!

Me: We have to work together to achieve victory. Oh right! We have a challenge to complete.

Chris: That's right.

We went at Chef and I went for Dakota and cut her free and saved her.

Chris: THE ANGELIC DOVES WIN!

We cheered wildly.

Everyone at the estate cheered wildly and so did everyone that came with us.

Sam (Totally Spies): Way to go guys!

Clover: You guys rocked the competition.

Lori: They literally did.

Then something kicked me right in the face and gave me a nasty black eye!

KROW!

Me: (In pain) OW! NICO!

Nico: That wasn't me! It was him!

I saw a Hitmonlee.

Me: Hey it's a Hitmonlee. The Kicking Pokemon.

Lincoln: I can get this Pokemon for you Nico.

Lincoln fired a blast of lightning and electrocuted the Hitmonlee and knocked it out. Nico caught it.

Me: Nice job guys! Ow.

Chris: You guys did an outstanding job and a job well done.

Me: Thanks Chris. It was so awesome being here a 2nd time. We had so much fun and it was awesome!

Lori: It literally was.

Nami: It was an amazing experience seeing you all in action.

Robin: It sure was.

Monet: I love how you all socked it to that jerk.

Me: Thanks girls. Lets wrap this all up.

Chris: Oh right. (To the viewers) Well another season is all wrapped up. We've had an awesome series of challenges. What new challenges await for next season? You'll find out then. Until next time, I'm Chris McLean and this has been TOTAL.. DRAMA.. ALL STARS 2!

---

We went back home to the estate with the prize money in hand and we were having an awesome party. Alejandro was thrown into the Antarctica Prison. He was now in Heather's cell.

Nico (to Alejandro): You know what's ironic? You're in the same cell of the person who you wanted to get revenge for.

Alejandro didn't say anything.

Nico: Giving me the silent treatment huh? Well it doesn't matter. Your crimes will never be forgiven. Rogues like you deserve to be damned.

Nico walked away.

It was so awesome being on Total Drama again and we can't wait to see what's in store for the 3rd time.

Let me know what you all think.

See you all next time.

# Video Game Surprise

*It was a beautiful day in Gotham Royal York.*

*Me and Lincoln were reading an Ace Savvy comic under the tree in the front yard, and Lily was reading with us while sitting in beside his legs. We were settling down after a long and grueling battle on Total Drama All Stars 2.*

*He smiled and ruffled her hair, making her giggle.*

Lily: *smiling* Wow, Ace Savvy is always fun.

Lincoln: *smiles* Sure is, Lily. Nothing makes my day without Ace Savvy.

Me: You said it buddy. And you did a great job in Total Drama All Stars 2.

Lincoln: Thanks J.D.

*The three were about to continue reading, but then Lynn barges outside and rushes over to us.*

Lynn: *excited* J.D.! Lincoln! Lily!

Lily: *looks at Lynn* What, Lynn?

Lincoln: *looks at Lynn* What's up, Lynn?

Lynn: *excited* Come inside, quick! There's a new character trailer for Super Smash Bros. Ultimate!

Lincoln and Lily: *surprised* Really?!

Me: Oh this we got to see!

*The four of us rush inside.*

*That's where we find the others gathered at the couch.*

*It was clear that we all were eager to see this trailer.*

Lori: *notices me, Nicole, Lincoln and Lily, eager* J.D.! Nicole! Lincoln! Lily! You guys made it!

Luna: *eager* Yeah! Would've been real bogus if you all missed this!

Lincoln: *eager* As if I would miss this!

Lily: *eager* Me too!

Me: Same here.

Nicole: Lets see what's going on.

Luan: *eager* Well, you're all just in time! The trailer's just about to start!

*We eagerly sit on the couch as the trailer begins.*

*It shows a rocky canyon area on a very cloudy day as the fighters, mostly Mario and Link, duke it out.*

*Some of the other ones fighting were Megaman, Sonic the Hedgehog, Samus Aran, Lucario, etc.*

Lincoln: *smiles* Of course it starts with everyone fighting.

Lana: *smiles* It's Super Smash Bros., Lincoln! How do you expect a trailer from this franchise to start?

Nicole: It's been one of my favorite franchises ever since I started out as the goddess of Video Gaming.

*It then shows Bowser and Ganondorf interrupting Mario and Link's fight.*

*As the heroes fight off their enemies, it zooms onto a very high canyon ledge.*

*It then shows a 2nd POV of someone walking to the ledge, while slightly seeing bits of a crackling orange aura around him/her.*

Siblings: *curious* Who is that?/Who could it be?/I don't know who that is.

Me: This looks interesting.

*As the heroes and villains connect fists with each other, the 2nd POV character runs to the ledge and jumps off it, diving down while becoming an orange aura meteor.*

*The heroes and villains notice the aura meteor and jump away as it crashes down, kicking up a massive dust cloud, and making a enormous crater.*

*Everyone was surprised. Fighters and Loud Kids. All of us were suprised*

Lola: *surprised* Jeez! That was a powerful landing!

Me: Unbelievable!

Varie: Whoever he is, he sure packs a powerful wallop.

Earth: No kidding Varie.

Leni: *surprised* Yeah! Like, who is this character?

Aylene C.: We're about to find out.

*The fighters all face the massive dust cloud as it slowly clears away, revealing the character in the middle of the crater with a furious crackling orange aura and white glowing eyes. It cuts to the character's arm, where the aura slowly starts to fade away. As the aura slowly fades away, it first revealed a familiar black fingerless gloves hand. This mysterious fighter got the interest of all the fighters, even including MEWTWO. The fighter then began walking up the crater, each step coming from a familiar pair of black and white sneakers. Then, it leaps out of the crater and lands with a powerful thud, slightly cracking the ground a bit. The aura fades away a bit more, revealing some familiar white hair.*

*We all were surprised at how familiar it looked.*

Lori: *surprised* Hey, that white hair looks familiar.

Lucy: *surprised* Yes, REALLY familiar.

Me: He sure does.

*Due to this not being actual gameplay footage, some of the characters were able to speak, just like in the World of Light Trailer.*

Bayonetta: Listen here, whoever you are. You better scurry off back to wherever you came from. *aims one of her pistols at the figure* That's a warning.

*The figure didn't move or speak.*

Cloud: *readies his sword* Fine. If you aren't gonna leave, we'll force you to!

*Cloud runs at the figure, ready to strike with his Buster Sword.*

*In that exact moment however, Shulk had a brief glimpse into the future.*

*It showed the figure catching Cloud's sword with one of their fingerless gloved hands, and kicking him away like he was nothing.*

Shulk: *yells* Cloud, don't!

*But Cloud didn't listen, as he jumped into the air, and prepared to strike the figure with his enormous blade.*

*The figure catches Cloud's sword with one of their fingerless gloved hands, and kicked him away like he was nothing.*

*Cloud screams as he crashes into the canyon wall.*

*That surprised the other fighters, and all of us.*

Luna: *surprised* Did you see that?!

Me: Holy Mackerel!

Laney: That is amazing!

Pit: *surprised, shocked* No way!

Ryu: *surprised, shocked* Such strength!

*The figure then lets out a chuckle, then speaks in a familiar voice.*

Figure: I gotta say, that was a pretty sweet move, *smirks* even though it was predictable.

*It then shows Cloud, struggling to get up.*

Cloud: *mad, in pain* Who are you?!

Figure: *smirking* My name? Oh, that's easy. The name…

*The orange aura around the figure bursts away, revealing…*

*… A familiar white haired 12-year old cyborg from another universe.*

Lincoln: *smirking while punching his palm with a orange crackling aura* Is Lincoln Loud!

*A booming sound echoes as it zooms up on Lincoln with an orange trailer background.*

*Lincoln Unleashes the Power!*

*All of our eyes widened and our jaws dropped, especially Lincoln's.*

Siblings: *wide-eyed, jaw-dropped, beyond shocked* SAY WHAT?!/ NO WAY!/HUH?!

Me: Jumping Tentacool Tentacles!

Nicole: LINCOLN IS… (Faints)

Lily: *wide-eyed, jaw-dropped, beyond shocked* WHA-HUH?! LINKY'S IN SMASH BROS. ULTIMATE?!

Lisa: *wide-eyed, jaw-dropped, beyond shocked* HOW IS THAT POSSIBLE?!

Lucy: *wide-eyed, jaw-dropped, beyond shocked* No. IDEA.

Lincoln: *wide-eyed, jaw-dropped, beyond shocked* I'm in Smash Bros… I'm… in… Smash Bros…

*It then cuts outside the Estate.*

Lincoln: *inside, wide-eyed, jaw-dropped, beyond shocked* WHAAAAAAAAAAAAAAAAAAAAAAAAT?!

*Lincoln's scream of shock was SO loud, that every bird in Gotham Royal York flew off in fright. And all of Gotham Royal York heard his scream too.*

Batman 2039: (In the Batcave) *surprised* Was that Lincoln?

Superman: (On the Watchtower) *flinches because of his enhanced hearing* Ah! *surprised* Was that Lincoln screaming?!

Clyde, Ronnie Anne: (At the Comic Book Store) *surprised* Buddy?/ Lincoln?

Sam S.L.: (In the garage) *surprised* Woah, Lincoln sounds louder than mine and Lunes' guitars!

Tabby: (At the Mall) *surprised* I think that was Lincoln!

Darcy: (At Home) *surprised* Was that Lisa's big brother?!

Becky, Teri, Dana: (At the Mall) *surprised* I think that was Lincoln!/ That is loud!/Woah! That was a loud scream!

Albert: (At the retirement home) *surprised* Whoa! My grandson's scream was CRAZY LOUD!

Flip: (In prison) *surprised* Yeesh! That is LOUD!

Skippy: (In his garage) *surprised* Wow! Jeez!

Winston: (In his mansion) *surprised* My word! Was that Lincoln?!

David: (In a laboratory) *surprised* Great Einstein! What a loud scream!

Rusty, Rocky: (At home) *surprised* What the heck?!

Zach: (At the Park) *surprised* Wow! That's so loud!

Maggie: (In her room) *slightly surprised* When did Lincoln get that loud?

Nick F.: (At the library) *surprised* God! That is loud! (Librarian shushes him) (Whispers) Sorry.

Giggles: (At a birthday party) *surprised* Wow! Lincoln's louder than a parrot!

Haiku: (At the cemetery) *slightly surprised* That. Is. Loud.

Polly Pain: (At the Roller Rink) *surprised* My god, Lincoln! Woah!

Carol: (At the mall) *surprised* Whoa! Jeez, Lincoln!

Mr. Grouse: (Down the street) *heard nothing due to having a nap*

*Back at the Loud House.*

*Lincoln was staring at the screen, still wide-eyed, jaw-dropped, and beyond shocked. The sisters were startled by Lincoln's scream, Lily was hiding behind Lynn.*

Lynn: *startled* Jeez, bro! You trying to make us go deaf?!

Me: Yeah that was incredibly loud buddy.

*Lincoln was too shocked to say anything.*

Luna: Uh, bro?

*After 5 minutes of shock, Lincoln finally spoke.*

Lincoln: *wide-eyed, jaw-dropped, beyond shocked* HOW?! HOW AM I IN SUPER SMASH BROS. ULTIMATE?! I'M NOT A GAME CHARACTER!

Me: That's what we're all wondering as well. But this is so awesome buddy!

Lisa: That's what we're trying to figure out too!

Leni: Well… maybe we'll figure something out while still watching the trailer.

Lincoln: *calms down, still shocked, but nods* Yeah, good idea, Leni.

Me: Lets keep watching.

*The siblings continue to watch the trailer.*

*On TV.*

*The trailer background goes away from Lincoln as he continues smirking, while Cloud slowly stands in pain.*

Lincoln: *smirking* And you're gonna find me a VERY tough fighter to beat!

Bayonetta: *appears behind Lincoln, smirks* Is that so?

Dark Pit: *flying towards Lincoln, grinning* Hopefully you weren't just talking big!

Lincoln: *smirks* I wasn't. *charges right at Dark Pit with his cyborg speed*

*It then switches into gameplay footage, where it shows Lincoln making his stage entrance: Falling and landing onto the stage, surrounded by an orange aura. It bursts away as he gives a thumbs-up to the screen, then goes into his fighting position.*

*It then shows Lincoln's normal combo as he fights Mario and Luigi, which was a punch, followed by a kick, then unleashing a swing on his longsword, which he called Anvil.*

*Then it shows him running and jumping, while unleashing his Forward Smash against Pit, which was pulling out Blazing Rose, a massive scythe, and throwing an overhead swing. His Up Smash on Rosalina & Luna, which was throwing a powerful flipkick. And his Down Smash on Yoshi, which was punching the ground fiercely, making pillars of orange aura erupt from both sides of him. Then, it shows Lincoln grabbing Pac-Man, and using his Pummel, which was kneeing Pac-Man a few times in the stomach before using his Up Throw, which was tossing Pac-Man into the air and firing an orange blast of aura at him, causing an fiery explosion. He then grabs Snake before using his Down Throw, which was throwing the Legendary Hero to the ground and stomping harshly on his spine. He then grabs Sonic and does his Forward Throw, which was punching the hedgehog in the face, sending him away. It then shows Lincoln, standing there, arms crossed, only for Kirby to walk up behind him. Kirby had Lincoln's hairstyle, meaning he used his copy ability on him. Lincoln turns around and notices, then they both jump back and perform Lincoln's neutral special: an chargeable energy blast attack.*

Lincoln: *chuckles* Not even I'M safe from his Copy Ability.

*It then shows Lincoln using his Up Aerial on Zero Suit Samus, which was thrusting Anvil above him, then unleashing his Up Special on her, which was an aura-infused jumping uppercut. When the uppercut reached it's peak, an explosion from Lincoln's fist occured, and Zero Suit Samus was sent flying. It then shows Little Mac about to punch Lincoln, only for Lincoln to use his Down Special, which was a counter. Lincoln stood in a defensive pose, and when Little Mac struck him, Lincoln ducked under the attack and threw a super powerful slash from the aura blades on his gauntlets and greaves, which dealt double damage. Now it shows Lincoln unleashing his Side Special on Bowser, which was him launching himself and unleashing a spinning drill dropkick during the launch while engulfed in flames. It then shows Lincoln fighting off Link, Young Link and Toon Link. Lincoln sends them flying with his Down Smash, gives a KO to Peach, Daisy, and Diddy Kong with his Side Smash. He then performs one of his taunts, which was pulling out and reading an Ace Savvy comic.*

Lincoln: *on TV, reading his comic* Really? That's it?

*He then performs his 2nd taunt, which was him grinning and cracking his knuckles with orange crackling aura surrounding them.*

Lincoln: *on TV, smiling* Who's next?!

*His final taunt was looking bored while letting out a fake yawn.*

Lincoln: *on TV, fake yawn* Step it up, will ya?

*In the real world.*

Lynn: *grins* Now those are some sweet taunts, bro.

Lincoln: *chuckles* Thanks, Lynn.

Me: Wow! Lincoln you got some awesome and amazing moves!

Nicole: Boy I'll say!

*Then came the one thing everyone was waiting for: Lincoln's Final Smash.*

Lana: *excited* Ooh! The Final Smash!

Luan: *excited* I've been waiting for this!

Nico: This is gonna be awesome!

Luna: *excited* What's it gonna be, dudes?!

Lucy: *nonchalantly excited* We're about to find out.

*In the game.*

*The Final Smash is activated.*

Lincoln: *transforms into Mastered Rage* Now you'll see my TRUE power!
